Re: Formal Determinations, October 24, 1995

Dear John:

A review of our files has shown that the Review Board determinations for one document, RIF number 180-10110-10484 (the "Lopez Report"), may not have been included in the list sent to the Agency on November 7, 1995. Enclosed is a description of those determinations. Please note that a copy of this description was hand delivered to Barry Harrelson yesterday.

Sincerely yours,

David G. Marwell
Executive Director
