Re: ARRB Review of Montgomery County Police Department File on Eugene Carrafa, House Select Committee on Assassinations Record 180-10117-10032

Dear Carol:

The record identified above is a 140-page Montgomery County Police Department file on the 1976 murder of Eugene Michael Carrafa. The National Archives and Record Administration's Record Information form (RIF) for this file is attached, along with the file's cover page.

Our records suggest that NARA referred this document to the FBI under the JFK Act. While the Review Board is not certain that there are any FBI equities in the file, I wanted to inform you that our Board intends to review this document at its meeting of March 18, 1996. You should also be aware that the Montgomery County Police Department has informed the ARRB that it has no objection to the file's release.

Should the FBI wish to review or recommend any postponements in this record, please let us know not later than March 12, 1996. Should you have any questions, please feel free to contact Phil Golrick or Joe Freeman of my staff.

Sincerely yours,

David G. Marwell  
Executive Director
