Re: Additional Information Request No. FBI-14 (Norman Redlich)

Dear Kevin:

The ARRB staff requests access to review references to Norman Redlich in FBI Headquarters files for the time from November 1963 through December 1964. In the event that records responsive to this request have already been transmitted to the JFK Collection, or have already been identified for processing under the JFK Act, please so advise.

Thank you for your continuing cooperation.

Sincerely yours,

David G. Marwell  
Executive Director
