The Honorable William M. Thomas  
Chairman, House Oversight Committee  
1309 Longworth House Office Building  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman:

In 1983, the House Administration Committee held hearings on the accelerated release of the records of the House Select Committee on Assassination. We presume that the transcripts of any hearing regarding the records of the HSCA are clearly assassination records. We are interested in reviewing any records of the House Administration Committee relating to the records of the HSCA.  
Sincerely,

T. Jeremy Gunn  
Executive Director
