SUPPLEMENTARY INFORMATION: This notice complies with the  
requirements of the President John F. Kennedy Assassination

Records Collection Act of 1992, 44 U.S.C. § 2107.9(c)(4)(A)

(1992). On December 12 and 13, 1995, the Review Board

made formal determinations on a number of records it reviewed

under the JFK Act. Five of these records previously received

significant public attention. Accordingly, in order to provide

notice of its determinations regarding these five records as

quickly as possible, the Review Board is publishing this separate

notice. Notice of the Review Board's other determinations at

the December 12-13 meeting will shortly be published as

provided in the JFK Act.

The FBI initially contested the Review Board's decision

(noticed at 60 Federal Register 39928) to open these five records, on the ground that they contain information provided by the Swiss Government under an understanding of confidentiality. On August 30, 1995, the Review Board withdrew from Presidential consideration its determinations regarding these records so that the Swiss Government could be approached through appropriate diplomatic channels regarding the release of these records. As a result of such efforts, the Swiss Government has advised the Review Board that it has no objection to the release of these five records, provided that the names of Swiss citizens are redacted. At the December 12-13 meeting, the Review Board voted to release these documents on those terms.

These assassination records are identified by the record identification number assigned in the President John F. Kennedy

Assassination Records Collection database maintained by the National Archives. For each document, the number of releases of previously redacted information is noted as well as the number of sustained postponements.
