Dear Steve:

Thank you for sending to us copies of the White House Detail (November 22, 1963) shift reports (with redactions) that were forwarded to you from the Secret Service in December, 1992. In a recent meeting with Secret Service representatives, we were told that the originals of these documents are now in the JFK Collection at Archives II. Would you please fax us a letter indicating whether the *original* shift reports are in the JFK Collection? Thanks.

Sincerely,

Joan Zimmerman
