Re: Request for Evidence and Clarification

I am writing to request additional information regarding some of the postponements that the Secret Service discussed with the Review Board during the November 14, 1995 meeting. The Review Board requests that the Secret Service provide specific evidence to justify postponement of the addresses of former Secret Service agents and more detailed explanations for a document pertaining to protective issues.

First, the Review Board is formally requesting specific information about the addresses that you seek to postpone: Are the addresses you wish to postpone current? Are the individuals still alive? If so, what specific evidence can you offer to demonstrate that there is a current need to protect the address? Please provide this information, by December 22, 1995, for the following documents:

SS Doc No.	HSCA FILE NO.	NARA RIF NO.

Second, with respect to the document you referred to the CIA (HSCA File No. 015052/NARA RIF No. 180-10117-10086): The CIA has decided that it has no objection to full release of this document. In light of the CIA's position, does the Secret Service wish to offer specific (word by word) postponements? Please provide your answer by December 22, 1995.

If you have any additional questions, please let me know.

Sincerely yours,

David G. Marwell
Executive Director
