### COMMENTS:

Mark-

Per our conversation, I am faxing the Archives press release on their Internet website.

Also, and more importantly, I found reference to the document with Levine's initials on page 2 of Volume 22 of the Warren Commission Report (Commission Exhibit 1055 attached). I am also attaching the specific document with the initials on it (Commission Document No. 363 and Commission Exhibit 1066) We are requesting a better copy from the Archives and will share one if we get it.

Finally, Jeremy Gunn is sending a follow-up letter to INS on their processing of documents. He will follow-up that letter with a call, probably in a week or so. He wants to keep it on the "front burner" without aggravating them. Again, if they stick to their previously stated time line, we would have documents in late September/early October.

I hope all of this helps and I'll talk to you soon.

Tom
