Jim:

In response to your fax received on 7/28/96:

- 1. We are still working on the witness list for L.A.
- 2. The Board has acknowledged receipt of John Armstrong's letters. His area of interest is being actively followed-up on by the staff. As you are aware, we have many different leads on records that we are trying to handle effectively. I am confident that there will be a conversation with him and a member of the staff on his work at some point. Thus, it would not be essential that he testify in L.A. I have had conversations with Jeremy Gunn and others on the staff about Oswald's background and Armstrong's work, so I know it is "on the radar screen."
- 3. I thought you would be interested in this Dave Snyder article on Clay Shaw's papers. We intend to pursue. If you have any thoughts, please let me know.

Tom
