Chart on FBI Appeal of Assassination Records Review Board Votes

Note: All of this documents are being appealed on the same general grounds which can be described as being based on intelligence sources and methods.

**Note: The FBI's August 12, 1996 appeal on July meeting documents included an appeal of 4 more documents (3 core, and duplicate) from the May meeting. Thus, I have highlighted these additional documents below. The Board has objected to this appeal.**
