Subject: Buell Wesley Frazier Polygraph
Date: July 12, 2017

I received the attached letter from Mr. Paul Haller regarding Buell Wesley Frazier's polygraph examination. I did a little "Freeman sleuthing" and found three relevant documents. Basically, the Dallas Police and Archives told the HSCA that neither of them had it. In the third document, Blakey wrote to Justice asking them for it. I did not find a response to Blakey's letter. I doubt it turned up, but anything you could do or suggest would be appreciated. I would like to write back to Haller and say the polygraph results are not in the file. Anything you can do would be appreciated. Please do not spend any time on this other than thinking if there is any other way to search for a response to Blakey's letter to Justice. I think I covered all the ways to search for it. Let's talk about it when you have a minute. Thanks.
