SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112—Part II.)

The following information was extracted from Air Traffic Control Logs, TEMPELHOF, 11 August 1953.

10 August 1953:

1936Z hours: British European Airways DC-3 type Aircraft, GALIK, flying inbound for TEMPELHOF via Center Corridor reported observing what appeared to be red colored rockets, being fired approximately one (1) mile in front of him.

2245Z hours: Bad Elsen Air Traffic Control reported the following information to TEMPELHOF Air Traffic Control:

The pilot of British European Airways DC-3 type Aircraft, GAGIP, reported sighting a stationary red colored light twenty (20) nautical miles West of Genthin (5224N/1209E). Light appeared to be at approximately 5,000 feet but not above 5,500 feet.

2315Z hours: British Berlin Air Safety Center reported that the Soviets checked on this reported red light and could not account for it.

11 August 1953:

0235Z hours: Pilot Lesser, Pan American Clipper C-193A Enroute to Hanover via the Center Corridor reported to TEMPELHOF Air Traffic Control when over the area twenty (20) nautical miles West of Genthin. Pilot Lesser observed no light or activity of any description, but stated that on Friday night (7 August 1953) in this same area, he observed ground to air firing. Pilot Lesser stated that as his Aircraft approached this area (7 August 1953) the ground to air firing stopped. Pilot stated he was unable to determine what type projectile was being fired.
