AIR INTELLIGENCE INFORMATION REPORT			
SUBJECT UFOB			
AREA REPORTED ON North Fr Morocco and Mediterranean Sea		FROM (Agency) 316th Air Division (Defense)	
DATE OF REPORT 23 December 1953	DATE OF INFORMATION 16 December 1953	EVALUATION A-1	
PREPARED BY (Officer) Edward O. Wittmer, Major, USAF		SOURCE Detachment 2, 737th AC&W Squadron	
REFERENCES (Control number, directive, previous report, etc., as applicable) Primary Report: TWX 12-177			

SUMMARY: (Enter concise summary of report. Give significance in first one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112-Part II.)

1. Unidentified flying objects were observed on radar by personnel of Detachment "2" 737th AC&W Squadron. The return varied in shape from a V shape to W shape to M shape. It faded after several minutes of observation.
2. It is the opinion of electronics personnel in this Division that such a return might have been caused by:
 - a. Anomalous Propagation
 - b. Ship-Borne radar jamming Detachment "2" radar
 - c. Geese or Storks in flight.
3. Logical deduction is that one of above mentioned possibilities is the cause for this radar return.

1. Description of the Objects

- (a) Varying shapes, series of V's, W's, and M's.
- (b) Size- N/A as referred to in this regulation. Approximately two (2) or three (3) degrees wide.
- (c) Color-N/A
- (d) Number-Variied with sweep from one (1) to twelve (12).
- (e) Formation-Straight line on azimuth of 25° from 20 to 40 miles out (Approximately Geo-ref MJPF 1535).
- (f) N/A
- (g) N/A
- (h) N/A
- (i) Frequent change in shape. Each object was more distinct at times.

2. Description of course of objects:

- (a) Scope presentation.
- (b) 25 degrees azimuth. Height finder was out so information concerning angle of elevation was not available.
- (c) Last observed on azimuth of 25 degrees.
- (d) Comparatively stationary.
- (e) Faded out.
- (f) Several minutes.

3. Manner of observations:

- (a) Observed by radar TPS-1D
- (b) Optical aids N/A
- (c) N/A

4. Time and date of sighting:

COMMENTS of Preparing Officer:

Although radar maintenance personnel at the Site of observation
have offered no possible cause for the sighting, it is the opinion of
several qualified electronics personnel at this division that the return
may have been caused by one of the following:

a. Anomalous propagation.

b. Ship-borne radar jamming Detachment 2 radar.

c. Geese or storks in flight.
