in August 2024. [REDACTED] [REDACTED] detailed his observations, [REDACTED] attempts to collect data, and [REDACTED] work to de-conflict possible prosaic explanations for [REDACTED] observations. [REDACTED] documented [REDACTED] observations and efforts in a [REDACTED] which [REDACTED] shared with SSA [REDACTED] and SA [REDACTED].

[REDACTED]

[REDACTED] [REDACTED] noted renewed activity on the evening of October [REDACTED], 2024 which [REDACTED] captured on video. [REDACTED] provided FBI [REDACTED] with clips of the video which showed the activity. [REDACTED] captured additional activity on video on the evening of October [REDACTED], 2024, which [REDACTED] later sent as well.

[REDACTED]

[REDACTED] [REDACTED] had privately documented [REDACTED] observations of anomalous lights appearing to be orbs dating back to [REDACTED] first observation in the early morning hours of November [REDACTED] 2021. [REDACTED] has observed these objects in the vicinity of [REDACTED] and sometimes as close as 200 yards from [REDACTED] residence. These objects have been observed hovering in a static position, and moving. They are sometimes observed above the horizon, as well as close to the ground, within the trees, and in or near the water.

[REDACTED] [REDACTED] has privately consulted with multiple people regarding [REDACTED] observations, and has set up trail cameras and other sensors to collect data from [REDACTED] property. [REDACTED] reported [REDACTED] [REDACTED] seen spikes in Gamma radiation that correlate with times [REDACTED] has observed the objects, and additional unusual effects on electronics and GPS data from devices.

[REDACTED] [REDACTED] stated [REDACTED] was never interested in the UAP topic prior to [REDACTED] initial observations in November 2021, and stated [REDACTED] would have described [REDACTED] as a skeptic. Since that time, [REDACTED] has made repeated observations behind [REDACTED] residence, and would like to understand what [REDACTED] is observing. [REDACTED] has lived at [REDACTED] residence since 2006 and had not seen any anomalous lights or activity behind [REDACTED] property prior to [REDACTED] first observation in November 2021. [REDACTED] had not made attempts to discuss

what [REDACTED] was seeing with [REDACTED] neighbors due to not wanting to alarm them or give them the wrong impression. However [REDACTED] had one conversation with [REDACTED] neighbor to the south who stated that they had also seen strange lights in the tree line behind their house. [REDACTED] also stated that [REDACTED] rarely witnessed any human activity in the nature area, and no activity that would explain what [REDACTED] is seeing. [REDACTED] stated [REDACTED] wants to protect [REDACTED] family's privacy, as well as being courteous to [REDACTED] neighbors, so [REDACTED] does not want this information regarding [REDACTED] observations to become public.

[REDACTED] had personal travel planned to [REDACTED] [REDACTED] and [REDACTED] had proposed an in-person meeting in [REDACTED] which will likely not occur. This information was relayed to FBI [REDACTED] [REDACTED] to establish local contact, and any potential ongoing contact with [REDACTED] in [REDACTED].
