Date of entry

On [REDACTED], [REDACTED] was interviewed along with [REDACTED], [REDACTED], at [REDACTED]. After being advised of the identity of the interviewing agents and the nature of the interview, [REDACTED] provided the following information:

On [REDACTED], [REDACTED] arrived home in the evening around 9:15pm. Once parking in the driveway, [REDACTED] noticed a ball of light through [REDACTED] windshield which was yellow and about the size of a basketball. Upon exiting the vehicle, [REDACTED] saw a second ball of light which was larger and about the size of a beach ball. The objects were behind a row of trees, which have since been taken down but in front of a section of trees between [REDACTED] property and [REDACTED] neighbor's property behind the home. [REDACTED] was able to look at the lights without strain or discomfort on [REDACTED] eyes. [REDACTED] stated that [REDACTED] has not had any health issues or concerns since seeing these objects.

[Agent Note: Based on where [REDACTED] was standing, the objects were approximately 30 yards away and 20-30 feet above the ground].

Upon seeing the lights, [REDACTED] came outside to view the objects as well. Both [REDACTED] and [REDACTED] observed the objects move laterally to their left, passing behind a tree approximately 36 yards away, at the same height, continuing behind a neighbor's house and beyond a tree that was approximately 75 yards away. It was at this point where [REDACTED] stated that [REDACTED] saw one orb going into the other orb before disappearing abruptly.

[REDACTED] stated that a few weeks after this event, [REDACTED] saw several white orbs travel over [REDACTED] house from the west to the east. These white orbs were traveling much higher in altitude than the prior red orbs.

In 1987, [REDACTED] stated that [REDACTED] had witnessed something strange off of [REDACTED] in [REDACTED] near power lines. [REDACTED] saw a red light circling around itself at night described it like the front end of a Kit from [REDACTED]
