Rear Admiral O. G. Murfin Commanding 14th Naval District Pearl Harbor, T. H.

Dear Admiral Murfin:

You did The Associated Press and The Star-Bulletin a fine favor on Saturday when you obtained permission from Washington for Mr. John Terry to sail with the USS Colorado.

We very greatly appreciate your splendid cooperation and interest.

Sincerely yours

WASHINGTON

Iolani Palace Honolulu, T. H. May 14, 1937

Captain W. K. Kilpatrick Office of Naval Intelligence Federal Building Honolulu, T. H.

Dear Captain Kilpatrick:

Herewith copy of letter from George Palmer Putnam dated May 4th regarding plans for the second flight attempt of Miss Amelia Earhart.

This letter is for your information and file.

Very truly yours

RICHARD B. BLACK Field Representative

RBB:kl Encl. RECEIVED

MAY 15 1937

District Intelligence

GEORGE PALMER PUTNAM

2 West 45th Street, New York City. May 4, 1937.

Dear Mr. Black:

Thank you for your letter of April 23rd, enclosing bill for \$91.36 from the Hawaiian Ordnance Depot, covering expenditures in connection with "elimination of the bird hazard on Howland Island." As directed, I am forwarding check for that amount direct to the Ordnance Officer, Fort Shafter, T.H.

Incidentally, I wonder what they did with 2250 shotgun shells. Poor Howland must have sounded like the Battle of the Marne!

Seriously, am I correct in understanding that much of this material is still on hand and so can be used for the next invasion of the bird preserves?

Last Thursday Miss Earhart was in Washington and had extremely pleasant interviews with Admiral Leahy, Admiral Waesche of the Coast Guard, and Mrs. Ruth Hampton of the Department of the Interior (in Dr. Gruening's absence). In each instance renewal of the previous cooperation was generously promised. Indeed, I may say that Miss Earhart was almost embarrassed by the friendliness of the reception given her.

I assume that you will be hearing in due time from Washington. We were requested to give the several departments at least a fortnights notice of the probably date involved. As I understand it, this time one of the smaller cutters will be sent from Honolulu. As previously, an aerologist and Navy mechanics will accompany it.

As to the rest of it, I know that you will cover the entire matter just as should be. The vital points, I suppose, are that the landing strips be in good condition; that the gasoline and pumps are on hand; that the right steps are taken to scare the birds away.

From present indications it looks as if the next attempted visit will be early in June. Shortly we will know more and will be wiring you. Meanwhile I am today writing letters, following Miss Earhart's visit, to the Navy, Coast Guard and Department of the Interior.

Thanks for sending me the photograph of that shower bath being prepared for A.E. These evidences of all that was being done for her fairly break our respective hearts. But under the circumstances there isn't much that we can do except voice our appreciation. If you get a chance I wish you would convey our thanks directly to those Army Sergeants who appear in the picture.

Again, my gratitude for all your own kindly cooperation.

Sincerely

G.P.P. (Signed)
