FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. § 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records, administrative records of previous FOIPA requests, or civil litigation files.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records*- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

On 12-4-53, [redacted]

[redacted] furnished WFO with two documents. [redacted] should be covered by T symbol by request and care should be utilized in dissemination of any of this material.

1. A memorandum to the City Desk (Washington Post) re JOHN KASPER, dated 9-21-53.
2. Antidofamation League memorandum dated March 23, 1953, re JOHN KASPER.

b7D

A synopsis of No. 1 above is as follows:

One [redacted]

furnished background information to a reporter from the Washington Post. [redacted] memo set forth that KASPER was admitted to Columbia University with advanced standing from Yankton College, South Dakota. According to the memo, he was reported to have gone to New York City about three or four years ago (1952) and to have drifted around Greenwich Village, making numerous acquaintances and was known to have made the acquaintance of one LEFF, an artist who lived at 5 Elmotta Street in the Village. According to the memo, Mrs. LENA LEFF, wife of the artist, who sponsored KASPER, stated that she was just one of the foolish women who found KASPER to be good company and she agreed to set him up in business, advancing \$3,000 from her savings. KASPER is reported to be a very attractive looking man, very personable and ingratiating, with a flair for women, particularly unhappy or dissatisfied young

married women. Mrs. LETT stated that KASPER had around his book store at 109 Bleecker Street, a number of "queer characters, who call themselves the new Renaissance Party." In addition, she stated that KASPER also had quite a few colored and Chinese homosexuals in the shop.

[redacted] memo reflects that the owner of the property at 109 Bleecker Street, New York City, confirmed the statements made by Mrs. LETT as to KASPER's attraction for and activities with married women and homosexuals. He added that KASPER dressed in a manner ~~similar~~ ^{similar} to the late Nazi Storm Troopers, usually in riding pants, boots, and dark green shirt.

[redacted] memo set out that investigation was made at 623 East 8th Street, New York City, which KASPER listed as a residence. At the time he left, a "friend," a young woman, took over his room. She is reported to have stayed here with KASPER from time to time prior to his leaving New York City, and when he comes to New York, which is reported to be infrequently, she and he occupy the room.

One item in the second document which is of interest is the D'Kal D'Rith file on KASPER, which dates back to about 1952, at which time he was reported to be sharing a room in New York with EUSTACE LULLINS.

[redacted] has advised that JOHN KASPER is presently writing a book and is desiring a good bit of this book to an explanation of his early way of life in New York, and attempting to justify his associations with Negroes.

Enclosed for New York are photographs of KASPER taken in New York at his "Bake-It-New" book store.

New York is requested to cover the following leads so that the Bureau may have accurate information on KASPER's associates in New York prior to the publication of his book.

1. Interview Mrs. LENA LETT, 5 Minetta Street, New York City, for a thorough background check of KASPER and his association with Negro and Chinese homosexuals. Attempt to ascertain identities of these Negro and Chinese homosexuals and interview them.

2. Interview the owner of 100 Bleeker Street, New York City, for his information on KASPER.
3. Contact appropriate informants and sources among homosexuals in Greenwich Village area for their information on KASPER.
4. Attempt to identify the persons in the enclosed photographs and interview them concerning KASPER.
5. At 526 East 6th Street, attempt to ascertain if JOHN KASPER ever lived there with EUSTACE LULLINS, a Segregationist, who presently maintains headquarters in Chicago. Also, attempt to obtain the identity of the woman KASPER lived with at this address. In this regard a photograph of [redacted] is enclosed. KASPER lived with [redacted] in Washington, D. C., after coming from New York City.
6. Inasmuch as WFO has been designated office of origin by the Bureau on JOHN KASPER, New York is requested to furnish WFO a summary of all information in its files not previously furnished to WFO on KASPER.

SAC, NEW YORK (62-12085)

FREDERICK JOHN KASPER, aka.
INFORMATION CONCERNING
(OO:WFO)

Re WFO letter to Director, 12/12/58.

Relet requested NYO to interview Mrs. LENA LETT, 5 Minetta St., NYC, for a thorough background check of KASPER and his association with Negro and Chinese homosexuals.

It is to be noted that in report of SA JAMES P. MARTIN, New York, dated 8/22/56, and captioned "WHITE CITIZENS' COUNCILS OF D.C. aka., IS-X" information that CSNY 1 obtained from LENA C. LETT is set forth. This information shows that LETT reportedly informed CSNY 1 that KASPER in 1952 or 1953, in partnership with LETT, operated a book store known as the Make It New Book Shop, 169 Bleecker St., NYC, and further that KASPER had many Negro and Chinese homosexuals in this book shop in NYC.

It is noted that CSNY 1 is Dun and Bradstreet and that this same information concerning KASPER, set forth in relet is attributed to a Dun and Bradstreet investigator.

NYO will make no attempt to reinterview LENA C. LETT concerning KASPER since it is felt that she furnished all information in her possession concerning KASPER when interviewed by SAs of the FBI on 9/25/56. The results of this interview are set forth in report of SA JAMES P. MARTIN, New York, dated 10/1/56 and captioned "WHITE CITIZENS' COUNCILS OF DISTRICT OF COLUMBIA, aka., IS-X".

It is further noted that following the above interview of LENA C. LETT on 9/25/56 and the interview on 9/26/56 of [redacted] alleged Negro girl friend of KASPER, the 11/14/56 issue of "Jet" magazine carried an article stating "the Federal Bureau of Investigation in New York indicated that it is combing the Greenwich Village section of New York for former associates and acquaintances of race-baiter John Kasper".

b6
b7C

In view of the above, it is felt by the NYO that recontact of persons previously interviewed and any investigation concerning KASPER conducted in Greenwich Village, NYC, will serve no useful purpose and might possibly result in unfavorable publicity concerning the FBI, and its interest in KASPER. Accordingly, NYO will not conduct investigation requested in relet since this information has been previously reported to both the Bureau and WFO under the caption "WHITE CITIZENS' COUNCILS OF DISTRICT OF COLUMBIA, aka., IS-X".

In addition no investigation will be conducted at 169 Bleecker St., NYC, or at 526 E. 6th St., NYC, since this investigation was previously conducted by NYO and reported in report of SA JAMES P. MARTIN, New York, dated 10/1/56 and captioned "WHITE CITIZENS' COUNCILS OF DISTRICT OF COLUMBIA, aka.; IS-X".

On 1/7/59, [redacted] who has furnished reliable information in the past, and who received his information from a source whom he termed reliable, but whose identity he did not wish to disclose, advised SA EDWARD A. BRANDT that, to his knowledge, EUSTACE MULLINS never resided with JOHN KASPER. The informant, who described MULLINS as a homosexual, stated that MULLINS, at one time, lived with MATT KOEHL.

b7D

It is noted that as of 11/58, KOEHL was listed as National Organizer of the National States Rights Party (NSRP).

On 11/3/58, [redacted] advised that the NSRP was formed in 1958 and it is composed of past members of the Ku Klux Klan (KKK) and notorious anti-Semites. At its convention at Louisville, Kentucky on 8/30/58, this party indicated that it was a political party dedicated to segregation.

NY 62-12085

The KKK has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

[redacted] was unable to identify the individuals present with KASPER in the photographs enclosed with relet.

b7D

Inasmuch as NYO has previously reported all pertinent information concerning KASPER to the Bureau and WFO in reports captioned "WHITE CITIZENS COUNCILS OF DISTRICT OF COLUMBIA, aka, IS-X", NYO will conduct no further investigation in this matter. RUC.

Re Memphis let to Director 1/7/53 setting forth information that KASPER was corresponding with someone in Italy who was representing the "People's Movement," or a name similar to that.

In this connection, it is to be noted that KASPER, in the past, has been connected with EZRA POUND, who is presently in Italy. The "Washington Daily News" on 7/10/53 published a photograph of EZRA POUND which carried the caption "Foot EZRA POUND, recently released from St. Elizabeth's, arrived in Italy yesterday and immediately offered a Fascist salute and the comment that 'America is an insane asylum.' He plans to stay in Italy."

St. Elizabeth's is a mental hospital in Washington, D.C. (WDC) where POUND was confined. A twelve-year old treason indictment was dismissed in U.S. District Court, WDC, on 4/10/53 when it was argued that POUND had been found mentally incompetent to stand trial for the indictment that was brought against him for his pro-Fascist broadcasts in Italy during the war.

Another person, who has been in Italy lately with whom it is possible that KASPER could be in correspondence, is WEST HOOKER, who, according to [redacted] was at one time connected with the National Renaissance Party in New York, b7D

WFO is presently checking Passport and State Department files on HOOKER and POUND to ascertain if these files contain any info concerning a "People's Movement."

New York is requested to search its indices, in particular in connection with WEST HOOKER, for any mention of a "People's Movement," and advise Memphis and WFO. P.

On March 2, 1959, the passport file of EZRA POUND was reviewed at the Passport Office, Department of State, and no mention was located for any "Peoples Movement" or any organization of a similar name.

The Passport Office advised that no identifiable record could be located for a WEST HOOKER.

On February 14, 1959, [redacted] advised WILFRED BERGERON that HU 36482 is listed to a FRANK MC NAUGHTON, 3301 Dent Place, N.W. With regard to MC NAUGHTON, [redacted] (RAC) advised on October 11, 1958, that JOHN KASPER spent the night of October 10, 1958, at the home of WILLIAM MC NAUGHTON, whose telephone number was HU 36482.

b7D

On February 16, 1959, WILLIAM MC NAUGHTON and MARGARET MC NAUGHTON, his wife, were interviewed at their home, 3301 Dent Place, N.W., concerning their knowledge of JOHN KASPER. The interview was conducted by SA's RICHARD B. LAVIN and ELMER LEE TODD. MC NAUGHTON advised that he first met JOHN KASPER through the poet EZRA POUND about five years ago at St. Elizabeth's Mental Hospital in Southeast Washington. According to MC NAUGHTON, KASPER

was in the "POUND" group along with a girl by the name of [redacted] and MC NAUGHTON. Subsequent to MC NAUGHTON's meeting KASPER, he visited him at his Make-It-New Book Shop in New York City. MC NAUGHTON claims that he disassociated himself from POUND about two years ago but still maintains a friendship with JOHN KASPER.

b6
b7C

MC NAUGHTON advised that Admiral JOHN G. CROMMELIN owns property in Washington, D.C., and some time in 1956 dropped into the Cadmus Book Shop on Wisconsin Avenue. During this time the book shop was being managed by JOHN KASPER. KASPER and CROMMELIN struck up a friendship and KASPER accompanied CROMMELIN to Alabama to help CROMMELIN in his 1956 election campaign. During this campaign KASPER met ASA (ACE) CARTER, the segregationist. Upon KASPER's return to Washington, MC NAUGHTON claimed that he was "full of ACE CARTER." Prior to this meeting, according to MC NAUGHTON, KASPER had never had any oratorical aspirations. MC NAUGHTON mentioned that KASPER threw over POUND to a great extent after meeting CARTER and becoming interested in segregation.

According to MC NAUGHTON, KASPER makes a lot of statements with "tongue in cheek" and specifically referred to the pamphlet "Virginians on Guard" in which KASPER "knocked" golf players.

MC NAUGHTON mentioned that [redacted] KASPER's "friend," had recently married a [redacted] in Arlington, Virginia. He also supplied the information that [redacted] was at one time picked up by the Alexandria Police Department on a narcotics charge.

b6
b7C

The files of the WFO contain reference to MC NAUGHTON both under the name WILLIAM and FRANK, which indicate that he is on the mailing list of the Seaboard White Citizens Council and has had contact with JOHN KASPER.

The files of the Alexandria Police Department were checked on February 16, 1959, by SA RICHARD B. LAVIN, and they reflect a record for one [redacted] aka Mrs. [redacted], Alexandria, Virginia. She is listed as a fine arts painter. The files indicated she is white, born [redacted] at Philadelphia, Pennsylvania.

WFO 62-8023

She is 5'5½", weighs 110 pounds, blue eyes, brown hair, fair complexion. The police file number 3143-P reflects that she was arrested on July 26, 1955, and charged with possession of marijuana. The file also reflects that this charge went to the Grand Jury.

A photograph of [redacted] was obtained and is being filed in the 1-A Section of 100-33226.

b6
b7C

The marriage license records maintained at the Arlington County Court House were reviewed on February 2, 1959, by SA RICHARD B. LAVIN, and they reflect that [redacted] age 26, white, single, with no previous marriages, was married to [redacted] age 27, white, divorced, on December 23, 1958. His occupation was listed as a salesman. His father is listed as [redacted] and his mother's maiden name is [redacted]. His mother and father reside at 174 Thompson Street, New York, New York. [redacted] himself was born at Mt. Vernon, New York. [redacted] is listed as being born in Bluefield, West Virginia. Her father is listed as [redacted]. Her mother's maiden name is listed as [redacted]. Her mother was listed as residing at 3301 Dent Place, N.W., Washington, D.C. It is to be noted that this is the home of WILLIAM MC NAUGHTON. It was ascertained from a clerk at the License Bureau, Arlington County Court House, that when a person lists themselves as divorced when applying for a marriage license no proof or history of this divorce is either asked for or required by the Marriage License Bureau.

MC NAUGHTON when interviewed stated that [redacted] and [redacted] had stayed at his house prior to their marriage for a few days. He also stated that [redacted] mother only stayed at the house for a couple of days and that she did not reside at that address.

On February 13, 1959, [redacted] a PSI of the Memphis Division, furnished the names and addresses of the following persons whom he states are close associates of KASPER and who are correspondents of KASPER:

[redacted] years old, a friend, New York, N.Y.; THE REVEREND JOHN M. CURIO, P. O. Box 28087, Los Angeles 26, Calif.; [redacted] Route 4, Nolensville Road, Nashville, Tenn.; (no name), Box 564, Palm Harbor, Fla.

It is noted from a review of the files of the Memphis Division that Box 564, Palm Harbor, Florida, is possibly the Post Office Box of KASPER's mother. However, it is suggested that Miami ascertain for sure the identity of the subscriber to this box.

It is further noted that Reverend JOHN MERCURIO is a known close associate of KASPER and information concerning him has been made available to the Los Angeles Division in the past.

The New York Division is requested to attempt to ascertain the identity of [redacted] and advise if the indices of the New York Division contain information indicating that this person has shown any subversive tendencies which have come to the attention of the New York Division.

FREDERICK JOHN KASPER has stored approximately twenty boxes of material in the basement of the residence of Miss GRACE DAWSON, 4010 Brush Hill Road, Nashville, Tennessee. These boxes contain a wide variety of material from clothing to newspapers and are not in any particular order of filing but appear to have been dumped into the boxes for storage by KASPER.

One of the boxes appears to contain material relating to KASPER's activities in New York City when he was operating the Make-it New Book Shop and the material consists of correspondence which he had at the time with individuals in New York City, and there were also contained in this box some letters which he obtained from an individual in the State of Indiana; however, the name of this individual was illegible, as was his return address. The postmark on the material was 1954. In the box are a number of cards which are apparently cards from a mailing list and contain the names and addresses of persons in New York City. There are also contained in this box numerous pamphlets of an anti-Semitic nature.

Another box, or possibly two boxes, contains material relating to correspondence with KASPER by various individuals all over the United States after KASPER became active with the Tennessee White Citizens Councils in Nashville, Tennessee, many of the letters being addressed to him at Box 7073, Nashville.

Among this material is a letter postmarked June 11, 1959, with the return address of ARTHUR B. COLE, LaFollette, Tennessee, which bears the typed address JOHN KASPER, P. O. Box 7073, Nashville 10, Tennessee. There is a notation on the outside of the envelope in ink indicating a \$5.00 donation was made by COLE on June 11, 1959. The letter is on the letterhead stationery of COLE and the salutation is "Dear John." In the letter COLE apologizes for being late in responding to a request from KASPER and for sending such a small amount of money. He stated that the NSRP had cost him so much money running around the country and the coal mining trouble in East Tennessee had caused a drop-off in his business. He also stated that his sister was sick and because of all of this he was unable to send anymore money. He mentioned that the National States Rights Party was scheduled to meet with

two or three other organizations from California, Michigan and Illinois for the purpose of discussing a merger. This meeting was scheduled to take place July 4 or 5, 1959 in Chicago and COLE was supposed to be there; however, he stated that he did not think that he would be able to make the meeting.

He also remarked on the "ambushings around this territory" and noted that all of the people who were murdered were white people. He stated that "if there had been one Negro murdered, the State and Federal Government would have raised heaven and earth to find the guilty parties.

One of the boxes contains correspondence and two stacks of 3 X 5 cards which will number approximately 400 cards in all. There is noted on the outside of one of these stacks the following: "John Kasper's list [redacted] sent over)." On the other stack of cards is the notation "J.K. sent this list. Is to be filed permanent. These are filed alphabetically for Florida." Both of the lists are stacks of cards containing names and addresses of persons in the Jacksonville, Florida area. Also contained in this box are a large number of papers called the Chronicle, which was published at Jacksonville, Florida on April 3, 1959. There are some articles in the paper relating to racial activities. Another box contains a large collection of newspapers published in Nashville, which are the regular daily newspapers "The Banner," and "The Tennessean." They are all dated December 8, 1958 and contain articles relating to bombings in Nashville and to the activities of KASPER.

b6
b7C

In one of the boxes where there is a considerable amount of correspondence, there appears to be a list of persons who were active in the Tennessee White Citizens Councils in 1958, during the time that KASPER was active in Nashville. These names and addresses are written in pencil and apparently were prepared by someone other than KASPER because their writing is such that would indicate an uneducated person had prepared them.

In one of the boxes was a book entitled "The Roosevelt Red Record and Its Background." The name of the author could not be determined.

DETAILS: PROPAGANDA DISSEMINATED

Memphis Confidential Informant T-1, on February 16, 1960, furnished the following information to SA RANDOLPH E. TROW:

Informant stated that [redacted] had received a letter which was mimeographed and carried the heading "John Kasper Fine and Costs," and which had typed in [redacted] name.

b6
b7C

Me#105-275

This letter was ostensibly signed by JOHN KASPER and was a four page, single space, typewritten or mimeographed letter, giving a history of KASPER's activities and was ostensibly written from the Davidson County Workhouse at Nashville. The letter set forth the tribulations of KASPER and also explained that he must raise \$1431 in cash to pay the fine and court costs for his conviction in Nashville or stay longer in the Davidson County Workhouse. The letter had a postscript added to it indicating that any contributions should be sent to P. O. Box 8771, Nashville 11, Tennessee, and indicated that KASPER would be glad to have a word from the recipient of this letter at the Davidson County Workhouse. Attached to the letter was another page setting forth a list of publications which were recommended for reading by persons who wanted to be thoroughly informed about the "present workings of the American Government." The letter itself was a diatribe against the National Association for the Advancement of Colored People and was anti-Semitic in nature. It also spoke in behalf of Admiral JOHN G. CROMMELIN as a candidate for President of the United States.

A news article appeared in the Nashville Banner, a daily newspaper published in Nashville, Tennessee, on Page 1 of the March 30, 1960 edition, stating that JOHN KASPER, a race agitator, had been writing letters from his cell in the Davidson County Workhouse urging the election of LESLIE E. JETT as Sheriff and bitterly attacking Sheriff TOM CARTWRIGHT and Mayor BEN WEST of Nashville. The paper indicated that a letter had been received by an unidentified couple in Nashville and was an attack on the present Sheriff, TOM CARTWRIGHT, Judge ANDREW DOYLE, City Judge, Nashville, Judge HOMER WEIMAR, Davidson County Criminal Court, Judge RAYMOND LEATHERS, Davidson County, and District Attorney General HARRY NICHOL.

The letter also called for the support of [redacted] [redacted] a feed merchant from Antioch, Tennessee, who was seeking the post of General Sessions Court Judge.

On March 25, 1960, Mr. HERBERT JONES, Superintendent, Davidson County Highway Department, Nashville, who also has under his jurisdiction the Davidson County Workhouse, made available certain material concerning the subject. One item of this material was a copy of a typed handbill concerning the elections in Davidson County which apparently had been prepared by some of KASPER's associates and given to him for comment. This handbill set forth what KASPER opposed and what he stood for in the election and also listed the persons whose names should appear on the ballot that he was interested in. Mr. JONES stated this had been obtained when KASPER tried to get it out of the workhouse, since he was not

Me#105-275

supposed to get such material out. Mr. JONES noted although incarcerated in the workhouse, KASPER appeared to be taking an active part in the elections through the services of his friends in Nashville, particularly [redacted]

PROPAGANDA RECEIVED BY SUBJECT AT DAVIDSON COUNTY
WORKHOUSE

On March 25, 1960, Mr. HERBERT JONES, Superintendent, Davidson County Highway Department, Nashville, and Davidson County Workhouse, Nashville, advised that the subject had received a letter postmarked March 21, 1960 at Jamaica, N. Y. from DAN BURROS, P. O. Box 121, South Ozone Park Station, Jamaica 20, N. Y., which was written on letterhead stationery of the American Nationalist Socialist Party. The letter stated that BURROS was writing to the subject at the suggestion of one FLEMING and was to let KASPER know he was thinking of him and working for him. He stated that in part "the 'old men' of the rightist cause may have deserted you, but we Nazi's have not." He went on to state that conservatives and moderates have not the guts for the "tough battle" that lies ahead, and only Nazi men will be able to beat our powerful enemies." He stated he hoped that KASPER would soon be out to join in the fight with "your comrades of the Nazi International."

The stationery upon which this letter was written had a large American flag in the upper right-hand corner. Across the top of the paper was a large spread eagle with a swastika in a circle under it similar to those used by the Nazis of Germany. Under this was a circle with the name American Nationalist Socialist Party painted around the inner edge and in the center a swastika. On the bottom was another of the spread eagle. Attached to the letter and also to the envelope were stamps similar to postage stamps. They read at the top "Fight Communism," and bore the figure of the Statue of Liberty and the American Flag. Coiled around the bottom of the flag standard and then stretching out and spelling the word Communism was the figure of a serpent. The letter was contained in a plain white envelope.

On March 26, 1960, Mr. CHARLES PARKHURST, Deputy Warden, Davidson County Workhouse, Nashville, made available material which had been left for the subject on that day by [redacted] an associate of KASPER's and the man who was his bondsman while KASPER was free on bond. This material consisted of the following:

1. A typewritten copy of a telegram, ostensibly sent to the President of the United States from one [redacted] P. O. Box 824, Nashville. This telegram principally was pointing out to

Me#105-275

the President the dangers of international Communism, and making suggestions for his handling of the international Communists in his conferences with them concerning Atomic Energy.

2. A copy of "The Thunderbolt," the publication of the National States Rights Party. This copy was undated and the principal article was the announcement that the National States Rights Party had nominated the Faubus-Crommelin Ticket for President and Vice President of the United States. It was signed by Dr. EDWARD R. FIELD and mailed from Louisville, Kentucky on March 24, 1960. The return address, however, was given as P. O. Box 261, Jeffersonville, Indiana.

3. A publication entitled "The Klan Bulletin," the May, 1960 issue, which purposed to be the official publication of an organization named the Christian Knights of the Ku Klux Klan. It listed one J. B. STONER as editor and in essence stated that the Klan, which was not further identified, was rising to meet the racial crisis in the United States. This was mailed from Louisville, Kentucky on March 24, 1960 and was addressed to "The Honorable John Kasper, Davidson County Workhouse, Nashville, Tennessee." On the back of The Klan Bulletin was a printed application for membership in the Christian Knights of the Ku Klux Klan. This showed that J. B. STONER was the archleader and Imperial Wizard. It gave the membership fees for men as \$10 and for women and applicants under twenty-one as \$5. The return address was given as P. O. Box 45, Louisville, Kentucky. There was also contained therein a small advertisement for subscription to the Klan Bulletin, the cost being \$2 per year. One other article appearing in the Klan Bulletin was an attack on the Congress of Racial Equality.

4. There was a short letter dated March 24, 1960 from an individual who only signed his note with the initial "R" at Lakeworth, Florida. This individual included copies of a publication called "Closer Up," which was an anti-integration paper or news letter and ostensibly was published by Marak, Inc., P. O. Box 2223, Palm Beach, Florida. Also contained in this letter was a news letter from GERALD L. K. SMITH.

In the short note which was signed "R", the writer mentioned that a publication called the Georgia Tribune had carried an article lauding Conde M. (Conde McGinley) and made the statement "see what M.L. KING did."

5. Volumes 1 and 2 of a book entitled "Thirty Years in the U. S. Senate" by THOMAS H. BENTON. These books were forwarded from Apartment 31, 909 20th Street, NW, Washington, D. C.

Me#105-275

6. The February and March issue of the American Mercury, no return address shown.

7. A plain envelope addressed to KASPER containing a page from the Knoxville News-Sentinel newspaper. The particular page carried the story of the recommendation by the Board of Education for the City of Knoxville to integrate the public schools in Knoxville.

8. The April 1, 1960 issue of "The Chronicle," which was forwarded by [redacted] Jacksonville, Florida.

Mr. PARKHURST advised on March 26, 1960, that the subject also had received some personal letters without propaganda material. One of the them was signed only as "Ole Wet Hen." This was written in ink and was on green stationery and appeared to be a female's handwriting. The letter gave the address of one [redacted] and Telephone No. AMhurst 9-5868. This letter indicated that the writer was extremely fond of the subject, and also made mention of several of the other subject's followers by the names [redacted] MISS [redacted] and [redacted] who apparently is a sister of the writer. It also made mention of the fact that the writer had been to see the subject on the preceding Sunday and Mr. PARKHURST stated that the only woman that he could recall visiting KASPER on that day was [redacted]

On April 4, 1960, Mr. PARKHURST stated that the subject had received personal correspondence from [redacted] New Orleans 15, Louisiana, [redacted] Route 5, and [redacted] 304 Baxter Building, Nashville. (It will be noted that 304 Baxter Building is the address of the office of Miss GRACE DAWSON, a court reporter who is a close associate of KASPER. Miss DAWSON is in her eighties.)

On April 4, 1960, Mr. PARKHURST also stated a letter had been received by the subject from [redacted] P. O. Box 147, Hinsdale, Illinois. This letter was written on the letter-head stationery of the Christian Patriots Crusade, publishers of The Revere. In this letter [redacted] stated he had attended the Dayton Convention of the National States Rights Party and was considerably disappointed at the slim attendance and the adverse publicity given the convention in the Dayton newspapers. He stated he felt that many of the segregationists had become lazy and were cowards, or else they were just hobbyists fooling with the political situation. He stated at the convention he had used a resolution reaffirming the Christian beliefs of the National States Rights Party, which resolution was passed. He also indicated that he hoped the party

Me#105-275

would be cleansed of the "Nazi and anti-Christian element." In this regard he stated he felt there was no point in picking up a dead and foreign movement, and also stated that he felt most of the anti-Christian "fanatics" were as dangerous and undesirable as the Jews themselves. He made a statement concerning an individual by the name of PETER, stating he was afraid PETER's documentary would be bad. He also mentioned the press reaction to the National States Rights Party and pointed out that he was afraid the press was capable of vicious smear out of nothing, and that he shuddered to think "what will be put together with a few minutes of Rockwell's ravings." The writer also stated that he felt that it was too bad about the boy who was arrested in Alabama. He stated "someone should have discovered him earlier and directed his enthusiasm toward a more worthwhile channel."

PARKHURST also pointed out that there was another letter for the subject which he believed to have been sent by Mrs. BILL HENRY. This was a letter of a personal nature in which the subject was referred to as "D.D." and in which the writer professed her love for the subject. This was signed "Your Pet."

PARKHURST stated there was also another clipping from the Knoxville News-Sentinel concerning the integration of public schools which was sent in a letter postmarked at Knoxville, Tennessee April 3, 1960. This contained no comment but bore the return address of 412 Tobler Lane, Knoxville.

The informant also made available a copy of a letter addressed to the subject from [redacted] Seymour, Indiana, dated February 4, 1960. This individual indicated in his letter that his name had probably been duplicated as he had received a letter on two days running apparently asking for a contribution. He stated he had written a letter to Governor BUFORD ELLINGTON of the State of Tennessee in behalf of the subject, and had also written to

[redacted] Lexington, Tennessee, and to his father, [redacted]

[redacted] He indicated [redacted] is a radio preacher on a JACKSON, Tennessee station and a very good American. He suggested that some of the appeal letters be sent to JAMES M. MADOLE, 10 West 90th Street, New York 24, N. Y., and suggested that the subject ask MADOLE for his January Bulletin on Hidden Facts Behind the 1960 Election. He then listed a group of names to whom he suggested a copy of the appeal letter be sent. These names are as follows:

Rev. KENNETH GOFF, Box 116, Englewood, Colorado
GERALD L.K. SMITH, Box 27895, Los Angeles 27, California

Me#105-275

Dr. T. T. ROBINSON, 606 N. Rodeo Drive, Beverly Hills, Cal.

[redacted] stated at the end of his letter that he had had personal correspondence with every person on the list and stated he believed it would help to send the appeal letter to them.

The informant stated that the appeal letter referred to is a mimeographed letter entitled The John Kasper Appeal. He pointed out that this is a letter which is mimeographed on both sides of three sheets of standard size white mimeograph paper. It sets forth KASPER's activities, his aims and his propaganda; it tells of his troubles with the law and points out that he is badly in need of funds to continue his fight. He appeals to all patriotic groups and individuals to band together and draft Admiral JOHN G. CROMMELIN for President in 1960 and is seriously critical of the Jews and Negroes in the United States. The letter is signed JOHN KASPER, P. O. Box 7073, Nashville 10, Tennessee. On the last page, on the back of the page, is a suggested list of reading material and the cost of it for persons who are interested in reading right wing literature.

The informant also furnished a copy of a letter to the subject addressed to him at P. O. Box 8771, Nashville 11, Tennessee, which was from [redacted] and which sent a contribution of \$5.00. He gave his return address as [redacted] St. Cloud, Florida, and added a postscript as follows, "The white world is led by traitors, cowards, incompetents, opportunists and Jews. An international Nazi movement is needed to destroy this scum from off the face of the earth."

Memphis Confidential Informant T-2 also furnished a mimeographed sheet entitled "The Autobiography of an Ex-Con(Or Why I Want to Return to Crime)." This ostensibly was written by [redacted] who claimed to be thirty-one years of age and a native of Nashville. He stated in the mimeographed sheet that he had been in the Davidson County Workhouse with the subject, and because of the wonderful example set by the subject, he had changed his way and felt that the subject was a very wonderful man. The informant stated that apparently Miss DAWSON was printing up some of these for distribution; however, he was unable to ascertain how widely distribution would be.

LEGAL ACTION

On March 26, 1960, Mr. CHARLES PARKHURST, Deputy Warden, Davidson County Workhouse, Nashville, stated that [redacted] who had been the subject's bondsman, had been by to see the subject and had left a legal document for him to read. He stated that this was a motion on behalf of the subject before the Criminal Court

Me#105-275

of Davidson County, Nashville, to have the court charges reduced and to release the money that the court had held out of the bond so that it could be returned to the bondsman. Mr. PARKHURST stated that he understood that the subject had asked that he present this petition in court.

On April 4, 1960, Mr. PARKHURST advised that the subject had gone to court on that morning in order to present his brief, requesting that the court reduce the court charges and also that they release the bond money which was being held as surety against the subject paying his fine of \$500.

An article appeared in the Nashville Tennessean, a daily newspaper published at Nashville, on April 5, 1960, stating that the subject had appeared in Criminal Court on April 4, 1960, at which time he acted as his own attorney and said that it would be the same as robbery if the court insisted on charging him \$501 for trial transcript which was made at KASPER's own expense. He made a motion that the court order assessing this charge against him should be vacated. The article also stated that PAUL BUMPUS, the Assistant Attorney General, had stated in court that the money should go to Miss GRACE DAWSON and not to EARL HAWKINS, the Criminal Court Clerk, as was ordered by the court. It was noted in the article that Miss DAWSON was retained by KASPER to take down the testimony of his trial in 1958 and, on agreement of both sides, she furnished the transcription of the testimony to the Criminal Court Clerk and to the State Supreme Court when the case was appealed. It is this money that the subject is arguing should be vacated from the charges against him. Judge HOMER WEIMAR took the motion under advisement and will rule on it during the latter part of April, 1960.

On April 4, 1960, Mr. CHARLES PARKHURST furnished the following list of names which had been left at the Davidson County Workhouse to be delivered to the subject. He did not recall who left the list but stated that it was mimeographed:

For the information of offices not previously having

Me#105-275

received information in this investigation, FREDERICK JOHN KASPER has for the past five or six years been involved in racial matters throughout several southern states. He was active in the organization of the Seaboard White Citizens Council in Washington, D. C., and was very active in the opposition to the integration of public schools in areas surrounding Washington. He subsequently came to Clinton, Tennessee, where he was active in the opposition of integration of public schools at Clinton, which activities resulted in his being given two sentences in Federal Court for contempt of court, each being six months in duration and each of which was served by him at the Federal Correctional Institution at Tallahassee, Florida. He also came to Nashville, Tennessee in 1957, at which time he was active in the organization Tennessee White Citizens Council, which in effect is an organization made up solely of persons who are followers of KASPER, and who have now begun to refer to themselves as Kasperites. As a result of his activities in Nashville, he was tried and convicted in Criminal Court of Davidson County, Nashville, on a local charge of inciting a riot and at this time is serving a six months sentence in the Davidson County Workhouse as a result of this conviction. It should be noted that he appealed this conviction all the way through the State Supreme Court and attempted to appeal it to the U. S. Supreme Court but was denied certiorari.

Although serving time in the Davidson County Workhouse, the subject still continues to carry on his activities by means of sending out letters and communications to his friends and associates in Nashville, who in turn write letters for him and distribute mimeographed handbills in Nashville concerning matters of current interests.

Because of the notoriety of subject, he has attracted letters and communications from many persons throughout the United States, many of whom have the same interests as he does, and many of whom appear to be psychotic.

Miscellaneous

T-1, who has furnished reliable information in the past, on July 27, 1956, furnished the following information which this source had in his possession as of June 25, 1956 regarding FREDERICK J. KASPER:

FREDERICK J. KASPER was admitted to Columbia University, in the School of General Studies from September, 1949 to June 7, 1951, when he received a Bachelor of Science Degree. KASPER is presently associated with the Cadmus Book Shop, 1246 Wisconsin Avenue, Northwest, Washington, D.C. KASPER was formerly associated with the book shop known as Make It New Book Shop, 169 Bleecker Street, New York 12, New York. The Make It New Book Shop was registered on March 9, 1954 as doing business under that name by FREDERICK J. KASPER, JR., who gave his residence as ~~525 East 6th Street~~, New York, New York. This style name was previously registered on October 27, 1953 by FREDERICK J. KASPER JR. and LENA C. LETT. The Make It New Book Shop had been operated as a small book shop principally engaged in the second hand book business and also taking books from others to be sold on commission basis. The Make It New Book Shop went out of business during the spring of 1956.

T-1 advised that the following information had been received by this source from LENA C. LETT: Mrs. LENA LETT, 5 Minetta Street, Greenwich Village, New York, New York, stated she had met KASPER three or four years ago in Greenwich Village and had invested \$3000.00 of her savings to set KASPER up in business thereby establishing a partnership with him to operate the book store known as the Make It New Book Shop, 169 Bleecker Street, New York New York. Mrs. LETT stated that KASPER had put no money into the partnership. She advised that the book shop became a hangout for queer characters, mostly young college people

NY 105-19792

who were so called "Liberals" and who called themselves members of the "New Renaissance Party" (apparently the National Renaissance Party). Mrs. LETT mentioned the member of this Party advocated advanced theoretical or radical political theories. Mrs. LETT also stated that KASPER also had many Negro and Chinese homosexuals in this book shop in New York City. She stated that the book shop was open only from late afternoon until late in the night and that KASPER had no day time employment but had a steady income from numerous married women whom KASPER "accommodated" sexually during the day. Mrs. LETT stated that after she had ascertained the above, she withdrew from her partnership with KASPER at which time KASPER agreed to pay back to her the sum of \$400.00. She stated that this had not been done by KASPER and she has retained an attorney, SIDNEY HOLTZMAN, 15 Park Row, New York, New York, who in turn is communicating with an attorney in Washington, D.C., Mr. ABRAHAM SPERO, in an effort to collect the \$400.00 due Mrs. LETT.

T-1 also furnished information that MORRIS GOLDMAN, owner of the property at 169 Bleecker Street, New York, New York, confirmed the substance of Mrs. LETT's allegations concerning KASPER which are set out above. Further, that GOLDMAN stated that KASPER was known as JOHN KASPER and also as FREDERICK J. KASPER, JR. and added that KASPER dressed in a manner similar to the late Nazi Storm Troopers, usually in riding pants and boots and dark green shirt. GOLDMAN also advised T-1 that KASPER had closed the Make It New Book Shop without any notice and had left owing two months rent.

T-1 further advised that KASPER while running the Make It New Book Shop resided at 526 East 6th Street, New York, New York, and as of June, 1956, he paid rent there even though he spent almost all his time in Washington, D.C.

NY 105-19792

The source further stated that after KASPER left for Washington, D.C., a friend of KASPER, a young woman, occupied the room and allegedly he still occupied the same as of June, 1956.

T-1 furnished information that KASPER allegedly is organizing a White Citizens Council in Washington, D.C. T-1 mentioned that a source in New York City, which T-1 did not identify but which T-1 mentioned had known KASPER well, had advised T-1 as follows concerning KASPER, "It's hard to understand his sudden dislike for Negroes, as he seemed to prefer Negro homosexuals to any other kind."

T-2, who has furnished reliable information in the past, advised on July 31, 1956, that he had visited the Make It New Book Shop, 169 Bleecker Street, New York, New York, on a few occasions during the spring of 1956. The source knew that the Make It New Book Shop had been operated by FREDERICK J. KASPER, also known as JOHN KASPER, and had seen KASPER in the shop on one occasion. The source recalled that on the other two or three occasions that this source had visited the Make It New Book Shop in New York City, source had found the shop operated by a young Negress, who furnished her name to the source as [redacted] (FNU). The source described [redacted] as approximately 28 years of age, slender, and rather good looking. Source advised that the persons frequenting the Make It New Book Shop indicated to this source that [redacted] was the girl friend of KASPER but the source could furnish no further information concerning this allegation.

b6
b7C

T-2 also advised that this source had ascertained that a few of the members of the National Renaissance Party visited at times, the Make It New Book Shop operated by KASPER, but source stated that this was on an infrequent basis. T-2 mentioned however, that it would appear that KASPER must have been acquainted ^{with} and sympathetic toward the

NY 105-19792

National Renaissance Party or else the members thereof would not have bothered to visit this book shop.

T-2 understands that KASPER, because of financial difficulties, gave up the operating of the Make It New Book Shop during the spring of 1956 and went to Washington, D.C. where KASPER is presently operating the Cadmus Book Store. In this regard, T-2 made available the December, 1955 issue of a publication entitled, "Right" which mentioned under the title that it is "A Monthly Newsletter Of, By And For The American Rightwing". This publication indicated on its cover page that it is published at 418 Ellis Street, San Francisco, (California) and that C. W. THOMAS is the editor.

It is noted that Page 5 of the December, 1955 issue of "Right" mentioned above, contained in part the following:

"THE LARGEST STOCK OF RIGHTWING BOOKS IN AMERICA
is the boast of the Cadmus Bookstore, new pro-American group just established at 1246 Wisconsin Ave., NW, Washington, D.C. The three men behind the venture, Bob Furniss, Dave Horton and John Kasper ask that all patriotic groups with books to sell, contact them now!"

T-2 further advised that this source had ascertained that on July 18, 1956, KASPER and the latter's girlfriend, a [redacted] had telephoned CONDE Mc GINLEY, editor of the publication, "Common Sense" published in New Jersey. According to this source, CONDE Mc GINLEY has indicated that during that phone call, KASPER requested

b7C

NY 105-19792

that Mc GINLEY furnish to KASPER, some of the literature published by Mc GINLEY, but that Mc GINLEY refused to do this since KASPER has not paid Mc GINLEY for other literature KASPER secured from Mc GINLEY for over two years. T-2 also advised that Mc GINLEY stated that [redacted] is a divorcee who lives with KASPER in Washington, D.C., and who assists KASPER in running the Cadmus Book Shop there.

T-2 stated that he knew of no other association between KASPER and CONDE Mc GINLEY. T-2 possessed no further information concerning [redacted] also known as [redacted] other than the alleged contact by [redacted] and KASPER with McGINLEY mentioned above.

b6
b7C

Concerning CONDE Mc GINLEY mentioned above, it is noted that the "Preliminary Report on Neo-Fascist and Hate Groups", issue of December 17, 1954, prepared and released by the Committee on Un-American Activities, Washington, D.C., contains on Page 10, in part, the following:

" THE HATE GROUP "

' Common Sense '

Growth of the hate group in recent years is exemplified by the publishing endeavors of Conde J. McGinley and his son, C. J. McGinley, in Union, N. J. The McGinleys, senior and junior, operate as the Christian Educational Association, for the purpose of publishing a semimonthly paper, Common Sense, as well as a mass of individual printed matter.

Common Sense represents itself as 'the Nation's anti-Communist paper.' Subscriptions are sought from 'loyal and patriotic Americans' in order to 'help save our Republic.'

Such patriotic claims provide poor disguise, however, for some of the most vitriolic hate propaganda

NY 105-19792

"ever to come to the attention of the committee. Common Sense defines communism as 'Judaism' and devotes its pages almost exclusively to attacks on the Jewish and to a lesser extent the Negro minorities in our Nation. Sympathy for the former Nazi regime in Germany also is injected into this propaganda, which is hardly distinguishable from that of the National Renaissance Party except for the latter's open appeal for a fascist government in the United States.

Despite its patriotic claims, Common Sense has in fact employed and/or carried the writings of a number of individuals associated with the National Renaissance Party. Through the columns of Common Sense and innumerable booklets printed and offered for sale, the McGinleys appear to serve as a clearing-house for hate propagandists throughout the country. Among these are many of the native fascists and hate racketeers who were active in the 1930's. "

Concerning the National Renaissance Party mentioned above, it is noted that T-2 advised on May 19, 1955, that the National Renaissance Party at present is a neo-Nazi, anti-Semitic, anti-Negro organization with activities generally confined to the New York City area. T-2 stated that its principal activities consisted of holding outdoor meetings and the distribution of literature throughout the United States and abroad where it is reprinted by other similar organizations. T-2 stated that the National Renaissance Party leader and founder is JAMES H. MADOLE, and that its principal financial contributor is FREDERICK WEISS. T-2 stated that the membership of the National Renaissance Party as of May, 1955, was very small. The April, 1955 issue of the National Renaissance Bulletin, official National Renaissance Party publication, listed its headquarters as 10 West 90th Street, New York, New York.

NY 105-19792

The National Renaissance Party was the subject of a Preliminary Report on Neo-Fascist and Hate Groups, published by the Committee on Un-American Activities, United States House of Representatives, on December 17, 1954, which report stated that this neo-Fascist group's activities and propaganda are clearly subversive and un-American.

to assist them in distributing literature in Alexandria, Falls Church, and Arlington, Virginia. Kasper told to take whatever money they could get and that any contribution would make a person a member of the captioned organization.

According to the Richmond, Virginia, "Times Dispatch" in its August 24, 1956, issue John Kasper interrupted a formal organizational meeting of the local chapter of the Virginia Council on Human Relations in Charlottesville, Virginia, on the night of August 23, 1956, and a cross was burned on the lawn of the Westminister Presbyterian Church while the prointegration group held its meeting inside.

According to the article, after repeated interruption by Kasper the police were called but they did not enter the meeting room and Kasper was not arrested.

The article revealed that Mrs. Sarah Patton Boyle, a member of the Virginia Council on Human Relations, stated Kasper called members "insulting names" and tried to break up their meeting. She said that about five of the thirty persons present at the meeting were Negroes and Kasper challenged the organization's right to hold an interracial meeting.

The Virginia Council on Human Relations according to an article in the Richmond "Times Dispatch" of May 16, 1955, was formed in February, 1955, and is affiliated with the Southern Regional Council with headquarters at Atlanta, and is financed in part by the Ford Foundation. The announced aim of the organization is promoting better relations among racial and economic groups through a program of educational activities throughout Virginia.

On August 26, 1956, Walter Fisher, Assistant Prosecuting Attorney, Clinton, (Anderson County) Tennessee, advised that John Kasper, executive secretary of the captioned organization, had appeared at Clinton on that

date and distributed circulars to people in Clinton, including high school students, advocating a boycott of the Clinton High School, which is scheduled to open on August 27, 1956, on an integrated basis pursuant to a court order issued by United States District Judge Robert L. Taylor in the Spring of 1956.

Fisher received his information from Horace Wells, publisher of the "Clinton Courier" who had obtained one of the circulars distributed by Kasper. This circular, in effect, called upon the people to turn out of office any one who complies with a court order such as that mentioned above. In addition, Kasper prepared placards and attempted to organize a group of students to picket the high school if it admits Negro students.

On August 26, 1956, Kasper was arrested by the Clinton Police Department on a warrant sworn out by Walter Fisher charging Kasper with "inciting to riot." Kasper is being held in the Clinton jail in default of \$5,000 bond.

SAC Scott Alden, Knoxville Office, called to advise that a few minutes prior to his call Walter Fisher, Assistant Prosecuting Attorney, 19th State Judicial District, Clinton (Anderson County) Tennessee, had advised him that John Casper, Executive Secretary, Seaboard White Citizens Council, 1246 Wisconsin Avenue, Northwest, Washington, D. C., who is connected with the Charlottesville, Virginia, branch of that organization, had appeared in Clinton today. According to Fisher, Casper was distributing circulars to people in Clinton, including high school students, advocating a boycott of the Clinton, Tennessee, High School, which is scheduled to open tomorrow, 8-27-56.

For background information, SAC Alden advised that Clinton High School is the first school in the area to accept integration and did so pursuant to a court order issued by United States District Judge Robert L. Taylor in the Spring of 1956 arising from a suit brought against D. J. Britton, principal, Clinton High School, to force acceptance of Negro students.

SAC Alden stated that Fisher received his information from Horace Wells, publisher, "Clinton Courier" newspaper who had obtained one of the circulars distributed by Casper. Alden stated that this circular, in effect, called upon the people to turn out of office any one who complies with a court order of that nature and who is complying with integration. According to SAC Alden, Casper in addition has prepared placards and is attempting to organize a group of students to picket the high school if it opens tomorrow and admits Negro students.

SAC Alden stated that he did not expect violence and the only action contemplated by him was to advise the U. S. Attorney of the facts in view of the fact that a Federal court order is involved, obtain copies of the circulars, details of the situation, keep the Bureau currently advised and will not conduct any investigation.

Mr. Winterrowd was advised of the above information. He stated that activities of the Seaboard White Citizens Council were being followed by Division 5 and instructed that details of this call be furnished to the Division 5 weekend supervisor which was done.

District Man Interrupts Pro-Integration Meeting

CHARLOTTESVILLE, Va., Aug. 24 (AP).—A cross was burned on the lawn of a Charlottesville church last night as a pro-integration group held its charter meeting inside.

The session itself was interrupted by John Kasper of Washington, leader of a vigorously pro-segregation organization.

The occasion was the organization meeting of the local chapter of the Virginia Council on Human Relations. Mr. Kasper, executive secretary of the pro-segregation Seaboard White Citizen's Council, repeatedly interrupted the meeting during discussion of the chapter's proposed bylaws.

Temporary Chairman C. E. Moran, jr., asked Mr. Kasper if he was going to make it necessary to call police. "If you wish," Mr. Kasper answered. Mr. Kasper was arrested here three weeks ago with three other members of the Seaboard group on charges of violating a city ordinance aimed at preventing littering of the streets. The charges were not prosecuted.

Police were called to the Human Relations Council meeting, but did not enter the room. Mr. Kasper was not arrested.

When members left the Westminster Presbyterian Church after the meeting, they discovered a wooden cross had been burned in the yard while they met. Police were investigating.

Mrs. Sarah Patton Boyle, a

member of the Human Relations Council, said Mr. Kasper called members "insulting names" and tried to break up the meeting. She said about five of the 30 persons present were Negroes, and that Mr. Kasper challenged the group's right to hold an interracial meeting.

Mr. Kasper has been working here the past three weeks to organize a local Seaboard White Citizens Council chapter. His group staged a rally here last Saturday.

On 8/27/56, Clinton, Tennessee, High School was scheduled to open on integrated basis as result of ruling of Federal Judge Robert L. Taylor, Knoxville. John Kasper, executive secretary, captioned organization, arrived in Clinton 8/26/56, and began agitating against integration. On 8/29/56, Judge Taylor issued restraining order against Kasper who ignored this order. As result, on same date Judge Taylor issued attachment for Kasper. Kasper was placed in custody of U. S. Marshal and was jailed in default of \$10,000 bail.

Knoxville teletype 8/30/56, advised hearing on contempt charge scheduled for 8/31/56. U. S. Attorney John C. Crawford, Knoxville, requested information relative to Kasper's participation in cross burnings in Washington, D. C., be furnished him for cross-examination purposes. Pertinent reports containing information desired by U. S. Attorney forwarded to Knoxville by Washington Field Office on the night of 8/30/56.

On August 27, 1956, the Clinton, Tennessee, High School admitted, for the first time, twelve Negro students. This action was taken as a result of a ruling in January, 1956, by Federal Judge Robert L. Taylor who ordered the school integrated.

On August 28, 1956, John Kasper, executive secretary of the White Citizens' Councils of District of Columbia, appeared in Clinton and distributed circulars advocating a boycott of the high school. Kasper also prepared placards and attempted to organize a group of students to picket the high school if it admitted Negroes.

On the same date Kasper was arrested by the Clinton Police Department on a warrant charging him with "inciting to riot." He was detained in the Clinton jail under \$5,000 bond until August 29, 1956, when he was released for lack of proof that he attempted to use violent methods to stop the admission of twelve Negroes to the Clinton High School.

On August 29, 1956, Federal Judge Robert L. Taylor, Knoxville, Tennessee, issued a restraining order against John Kasper and others forbidding them to picket or otherwise interfere with the order of the Federal court in Knoxville instructing integration of Negro students at the Clinton High School. Kasper was served this restraining order but continued to agitate in an effort to organize a local citizens council in Clinton.

On August 30, 1956, Kasper appeared at the United States District Court in Knoxville and was taken into custody by the United States Marshal. After a hearing before Judge Taylor, Kasper was sentenced on August 31, 1956, to one year in prison for "willful contempt."

On August 31, 1956, Judge Taylor requested the Knoxville Office of this Bureau to obtain the identities of out-of-town individuals who might come into Clinton for the purpose of stirring up trouble in violation of an outstanding injunction issued by Judge Taylor. Judge Taylor requested that this Bureau also furnish the information concerning such individuals to the United States Marshal, whereupon there would be issued by Judge Taylor an order requiring the presence of such persons in his court.

Subsequent to this request information was received that Asa Carter, executive secretary, Alabama Citizens' Councils, was going to Clinton on the evening

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 8-26-83 BY SP7MAC/PMC

In a teletype to the Bureau dated August 31, 1956, the Knoxville Office advised that in connection with this matter Federal District Judge Robert L. Taylor had requested the Knoxville Office to obtain the identities of individuals who might be observed urging violations of an outstanding injunction in this case and to thereafter furnish that information to the U.S. Marshal, whereupon the Judge would issue an order requiring the presence of such persons in his court.

As background information, Judge Taylor some time ago issued a ruling to the effect that integration should take place in the Clinton, Tennessee, High School at the beginning of the Fall term, 1956. There has been considerable protest against the Judge's ruling by citizens of Clinton and the Judge issued an injunction restraining anyone from preventing integration in the Clinton High School. In this connection, John Kasper, head of the White Citizens' Councils of the District of Columbia, was arrested in Clinton on August 29, 1956, for urging and inciting the citizens of Clinton to take steps to violate the injunction.

Inasmuch as the reference teletype did not make clear just what the Judge had requested of our Knoxville Office nor the action our office planned to take, I called SAC Alden, Knoxville, on the afternoon of August 31, 1956. I asked Alden specifically what the Judge had requested us to do and what action the Knoxville Office planned to take, if any, to comply with the Judge's request. I asked Alden whether he planned to surveil groups which were against integration to determine whether they were urging others to violate the court's injunction. I pointed out to him that such action would require the presence of Agents at meetings which might be highly explosive in nature. SAC Alden stated that he had conferred with the Judge subsequent to the time the reference teletype was sent to the Bureau and that the Judge's request to the Knoxville Office is only for information concerning out-of-town individuals who are known to the Bureau who may come into Clinton for the purpose of stirring up trouble. Mr. Alden stated he did not plan to conduct any surveillance or to have Agents present at meetings where riots were likely to develop and that the only action required by the Judge was for us to furnish the court with any information which came to our attention.

ACTION:

Mr. Alden stated that he was sending a teletype to the Bureau today which will furnish details regarding the Judge's request and the action which the Knoxville Office plans to take.

ADDENDUM

(7 P.M. - 8/31)

Subsequent to the above call, an additional teletype has been received from Knoxville. SAC Alden advises that Judge Taylor sentenced Kasper today to one year in custody of the Attorney General and the hearings on motion for bond pending appeal is set for September 4. Kasper to remain in custody in the meantime. He advises that unless instructed otherwise, Knoxville will continue to follow and keep the Bureau currently apprised of developments, but will enter into no surveillances or investigations calculated to produce anything of evidentiary nature, but will, however, ascertain identity and background of persons coming from other states to replace Kasper as leader of group opposing integration at Clinton and will furnish such information informally to Judge Taylor. In this connection, it should be noted that information has been received that Asa (Ace) Carter, white citizens group leader from Birmingham, is going to Knoxville tonight to make a speech to replace Kasper in attempts to prevent integration at Clinton. We have instructed Birmingham to furnish summary of information available concerning Carter to Knoxville and authorized Knoxville to make such information informally available to Judge Taylor. This is the type of information Alden contemplates making available to Judge Taylor, and this is believed to be a proper dissemination of information to an interested government official.

No disturbances, violence nor large gatherings reported in Clinton or Oliver Springs area since my airtel dated 9/5/56.

A large portion of the 600 man National Guard Unit which originally arrived in Clinton has returned to its headquarters. Road blocks, regular patrols and the handling of traffic by the National Guard has been discontinued.

The Clinton City Council has imposed a curfew prohibiting persons under 21 years of age from being on the streets of Clinton after 7 PM except for certain specific reasons.

On 9/6/56 U.S. District Judge ROBERT L. TAYLOR ruled that he would accept bond of \$10,000 pending JOHN KASPER'S appeal. U. S. District Court Clerk advised today that a Mr. and Mrs. CLYDE COOK, Route 1, Clinton, have appeared in his office as signers for KASPER'S bond and that he understands that the additional signer which the bond requires will arrive in his office prior to 5 PM this date. The clerk advised that unless KASPER makes bond by 5 PM that he will not have an opportunity to make bond until 9/10/56.

The feeling exists in Clinton that unless there is an additional disturbance between now and 9/10/56, all units of the National Guard will be removed from that city.

SUBJECT: JOHN KASPER
RACIAL SITUATION - Clinton, Tenn.
SM - MISCELLANEOUS, INFORMATION CONCERNING

On 9/11/56 Resident Agent LEO T. CLARK, Atlantic City, N. J., received the following information from JOSEPH BARCO, McKee City, N. J.

BARCO and members of his family read the article in the September 7, 1956, issue of "Life" magazine concerning the racial uprisings in Clinton, Tenn. Included in this article were photographs of JOHN KASPER, with the comment that he came originally from Camden, N. J. This article stated that KASPER had been arrested for contempt of court arising out of his actions in precipitating some of the violence at Clinton and that he professed to be Executive Secretary of the Seaboard District of the White Citizens' Council, Washington, D. C.

Upon reading this article and viewing the photo of KASPER as it appeared therein, BARCO's daughter recognized KASPER as a fellow student of hers at the Parsons Art School, 57th St., New York City. She attended this school within the past few years. She told her father that KASPER, while attending that school, always seemed to be exceptionally friendly with Negroes, went out of his way to associate with them, and lived with one for a time. He was also reported to be a partner in a small establishment on Bleecker St., New York, operated under the name of the "Make-it-New" Book Store.

After reading the "Life" article on KASPER, BARCO's son-in-law telephoned this book store in New York under the pretext of wanting to talk with KASPER. The partner who answered the phone refused to give any information about KASPER or his whereabouts, was quite evasive in his answers, and appeared to be unduly irritated and annoyed at the call.

In giving the above information to SA CLARK, BARCO said that both he and his daughter felt KASPER might be associated in some way with the CP and might even have been sent to Tennessee by the Party to foment trouble there in connection with the racial situation there.

Chief WILLIAM J. Chief CHATHAM advised this leaflet was distributed into various parked cars in the downtown district of Salisbury on July 19, 1956. He was unable to furnish any information regarding who distributed this literature.

It is pointed out that the White Citizens Councils of the District of Columbia have published leaflets bearing the same photograph as that printed on instant leaflet. It is believed probable that there is no formal organization known as the "Employees of American Car and Foundry" and that this name was possibly used by a small group of individuals as a cover name rather than reveal their true identity.

Enclosed for the Bureau are three photostatic copies of the leaflet described herein and a blank memorandum containing pertinent information regarding its distribution and contents.

An informational copy is designated for WFO file on the White Citizens Councils of D. C. in view of similar literature published by that organization. One photostatic copy of the leaflet is enclosed for WFO.

A confidential source of the Birmingham Office of this Bureau, whose reliability has not yet been established, advised on September 14, 1956, that he attended a rally at the Central Park Theater in Birmingham, Alabama, on the night of September 13, 1956, where John Kasper, executive secretary of the captioned organization, made a speech favoring segregation. There were approximately 400 to 500 persons present. At the end of the speech 15 robed and hooded Ku Klux Klansmen appeared and shook hands with Kasper. Kasper said he was deeply honored by the presence of these men and such groups as the Ku Klux Klan are needed to preserve segregation.

The source advised that Kasper in his speech said "We need all the rabble-rousers we can get" and predicted that someone would be killed before the fight was finished. Kasper further stated "We want trouble and we want it everywhere we can get it. A collapse of law and order is near at hand." Kasper also said the purpose of the white citizens councils "is seizing local control of local affairs and I mean seizing it."

According to the source, Kasper told the crowd to immediately find out the people who favor integration in their community and "take care of them." Kasper further said "We will have to have our martyr and some will have to die before this is over. The Federal Government means death to all of us."

Kasper also attacked Governor Clement of Tennessee, Governor Chandler of Kentucky, and Governor Folsom of Alabama, stating they have shirked their responsibilities to the people.

Letter to Assistant Attorney General

This source advised that Kasper is in Alabama as a guest of Asa E. Carter, executive secretary, Alabama Citizens' Councils. Kasper advised the source that he had arranged a series of speeches to assist Carter in making inroads on a rival group, the Citizens' Councils of Alabama, headed by State Senator Sam Engelhardt.

Kasper also told the source he would speak Saturday night, September 15, 1956, at Anniston, Alabama; Sunday afternoon, September 16, 1956, at the ballroom of the Jeff Davis Hotel at Montgomery, Alabama; and at Wetumpka, Alabama, Monday night, September 17, 1956. Kasper said he would return to Knoxville, Tennessee, on September 23, 1956, to plan for a state organization in Tennessee, which will support segregation by force. He said he hopes to turn white citizens councils into "roving bands" ready to proceed to any point in Southern areas where integration is attempted. The purpose of these bands would be to assist those defending segregation.

Kasper also said he planned to organize a citizens council in Montgomery, Alabama, on September 16, 1956, which will be designed to drive the Citizens' Councils of Alabama headed by Sam Engelhardt out of business.

Charles Dionne, manager of the Jeff Davis Hotel, Montgomery, Alabama, advised on September 15, 1956, that Kasper's reservations at that hotel were cancelled after it was learned who Kasper is. No information has been received concerning what plans Kasper made after receiving this cancellation of his reservations.

The same source advised on September 17, 1956, that Kasper on that date was in Birmingham, Alabama, with Asa Carter; that Carter stated he and Kasper went to Anniston, Alabama, on the night of September 15, 1956, where city authorities refused Kasper the use of the auditorium; that Carter stated the city officials at Montgomery, Alabama, refused to allow Kasper to speak on Sunday afternoon, September 16, 1956; and that hotel authorities refused

ALL INFORMATION CONTAINED

DATE 8-26-83 BY SP7MAC/PMC

Reference is made to my previous communications in which you were furnished information concerning the activities of John Kasper, executive secretary of the captioned organization.

For your additional information, Kasper and Asa Carter, executive secretary of the Alabama Citizens' Councils, spoke to a group of approximately 35 to 50 people in Fountain City, a suburb of Knoxville, Tennessee, on September 23, 1956.

Carter spoke for approximately twelve minutes and urged white citizens of Knoxville to organize citizens councils and to call [redacted] for this purpose. He attacked Felix Frankfurter, Associate Justice of the United States Supreme Court, communism and both major political parties. He stated citizens cannot be cowards and should not be controlled by politicians but should organize. He made few direct references to integration but stated he was not going to be integrated.

Carter was followed by Kasper, who urged that citizens councils be organized.

An unidentified man claiming to be from Alabama passed through the crowd and handed out the name and telephone number of [redacted] to those in attendance.

John Kasper was arrested September 24, 1956, at approximately 9:00 p.m. at Oak Ridge, Tennessee, by the Sheriff's Office of Anderson County, Tennessee, on state charges of night riding and sedition. This arrest was based on an indictment returned September 24, 1956, by

the Anderson County Grand Jury. The charges reportedly grew out of actions on the part of Kasper during his recent visit to Clinton, Tennessee, and are separate and distinct from Federal charges made against Kasper for contempt.

A confidential source, of unknown reliability, reported that Kasper went with a group of members of the Citizens Council of Clinton to Oak Ridge to attend a Democratic "kickoff" rally where Governor Clement of Tennessee was scheduled to speak. It was the intention of Kasper and his group to "boo" the speakers at the rally.

According to this source, Kasper was placed in the county jail at Clinton. A small crowd gathered at the jail and it was rumored that others were attempting to mobilize additional support.

Information received from another source, of unknown reliability, indicated that the sheriff contacted the United States Attorney in Knoxville in an attempt to arrange for the transfer of Kasper from the county jail at Clinton to the Knox County Jail in Knoxville to avoid any possible mob violence.

The same source advised at midnight on September 24, 1956, that Kasper had made bond and the crowd had dispersed.

According to an article which appeared in the September 25, 1956, issue of "The Washington Daily News," Kasper was released under \$2,000 bond.

Any additional pertinent information received relative to this matter will be furnished the Department promptly.

At approximately 5 p.m., 9/21/56, Mr. Henry Putzel an attorney in the Civil Rights Section, Department of Justice, called me concerning the captioned organization. Mr. Putzel said that "someone" in the General Counsel's Office of the Atomic Energy Commission (AEC) had advised the Department that John Kasper, executive secretary of the captioned organization, might possibly go to Oak Ridge, Tennessee, in the next day or two. The AEC, however, had no specific information that Kasper planned to go to Oak Ridge. Mr. Putzel said that part of Oak Ridge is located in Anderson County, Tennessee, and that Anderson County is covered by the court order which restrains any person from interfering with integration in the public schools. According to Mr. Putzel AEC officials were of the opinion that the court order covered Anderson County and felt that if Kasper stirs up trouble in Oak Ridge, a part of which is located in Anderson County, he would be in violation of the court order.

Mr. Putzel stated that the Department had contacted U. S. Attorney Crawford from Knoxville on the afternoon of 9/21/56 and advised him that Kasper might go to Oak Ridge and told him to be alert to this possibility and also to advise the local office of the FBI concerning this matter. Mr. Putzel stated that he was furnishing this information in order that we would be alert to the possibility that Kasper might go to Oak Ridge. He said he was not requesting any action of the FBI.

I told Mr. Putzel that we are alert to this situation and that the matter of outside agitators coming into the area covered by the court order has already been discussed with the judge; that at the judge's request we will advise the judge of any information coming to our attention regarding the identity of any person who comes into the area for the purpose of stirring up trouble against the court order. Mr. Putzel was advised that if any arrests are to be made of persons violating the court order they will be made by the U. S. Marshal and that the judge and the U. S. Attorney are aware of this.

Memorandum for Mr. Belmont

Mr. Putzel stated that he was aware of the fact that the U. S. Marshals were to make any arrests and that he was giving us the facts furnished to the Department by the AEC for our information. I thanked Mr. Putzel for his thoughtfulness in bringing this matter to our attention.

ACTION:

There is attached for your approval a teletype to the Knoxville Office alerting them to the information furnished by the Department and instructing that Judge Taylor be informed of Kasper's intended return and also of Kasper's actual return upon his arrival in Knoxville territory. Knoxville is already under instructions to cover any meeting at which Kasper speaks. *not sent*

ADDENDUM: (JAS:jdd, 9-21-56)

Coincident with the above call from the Department, I received a telephone call from SAC Alden concerning this matter. He said he had just been advised by USA Crawford of a call from the Department indicating the possibility that Kasper and possibly Carter might speak in Oak Ridge over the week-end. Alden mentioned that they might be in a portion of Anderson County which would be in violation of Judge Taylor's court order. He asked if the Bureau desired that Special Agents cover any appearance of Kasper in order to serve as witnesses to support any further action by the judge in violation of his court order. I told him that he should not have Agents present for the purpose of serving as witnesses for the enforcement of the court order; that the enforcement of a court order is primarily the responsibility of the Marshals but that he should have informant or source coverage at the meeting. In this connection he advised that he already had arrangements for a former National Academy man who is now in private business to serve as his source of information. He was advised that in the event he got information from his source indicating a violation of the court order Judge Taylor should immediately be advised.

Under the circumstances, the teletype to Knoxville would seem to be unnecessary.

"KASPER Asks 'Rabble-Rousers' to 'Die' for Segregation Cause"

This article date lined Birmingham, Alabama, September 14, 1956, by the United Press sets forth that KASPER told a huge rally on September 13, 1956, that true segregationists "want trouble" and some must be willing to die for their cause. The article continues that KASPER addressed "five hundred White Citizens' Council members" including fifteen who showed up wearing the full regalia of the Ku Klux Klan for the occasion.

KASPER is quoted as saying that he was "deeply honored" by the Klansmen. "Such groups as the Klan are needed to reserve segregation in the south," KASPER stated.

KASPER is also quoted as stating, "We need all the rabble-rousers we can get." "We want trouble and we want it everywhere we can get it — a collapse of law and order is near at hand."

KASPER said the purpose of the Councils "is seizing local control of local affairs — and I mean seizing it."

KASPER is also quoted as saying, "We will have to have our martyr and some will have to die before this is over" because "the Federal Government means death to all of us."

It is to be noted that the Ku Klux Klan has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

2. ACTIVITIES OF WCC IN THE WASHINGTON, D. C., AREA

Confidential Informant T-1, who has furnished reliable information in the past, advised on August 29, 1956, that on the evening of JOHN KASPER's arrest August 26, 1956, KASPER attempted to call [redacted] and BENJAMIN SIMMONS, a local District of Columbia attorney, but was unsuccessful. T-1 advised that KASPER had mentioned to him before he left that he was going to Charlottesville, Virginia, then to Clinton, Tennessee, and later to Birmingham, Alabama. KASPER related to T-1 he tentatively planned to return to Washington possibly over the Labor Day week end and hoped to be accompanied by ASA "ACE" CARTER, an official of the Alabama Citizen's Council. According to T-1, while CARTER is in the D. C. area KASPER mentioned that the WCC may hold meetings in Washington, D. C., Falls Church, Virginia, and on the Eastern Shore of Maryland.

T-1 has previously furnished information that [redacted] is a partner of JOHN KASPER in the operation of the Cadmus Book Store, 1246 Wisconsin Avenue N. W. T-1 has previously furnished information that [redacted] is the Chairman of the Southeast Council, WCC.

Newspaper articles reflect that BENJAMIN SIMMONS, an Attorney, represented KASPER in Tennessee.

Confidential Informant T-2, who is in a position to furnish correct information, advised on July 10, 1956, that ASA E. (ACE) CARTER is the Executive Secretary of the Alabama Citizen's Council and a strong advocate of segregation of the races. Informant advised that the Alabama Citizen's Council has headquarters at Birmingham, Alabama, and supports the existing pattern of segregation in Alabama.

T-1 advised also on August 29, 1956, that he had ascertained from [redacted] that KASPER was expected back in Washington, D. C., on Labor Day week end (August 31, 1956). [redacted] mentioned to T-1 that she had had some WCC literature printed and wanted T-1 to assist in its

WFO 100-33226

distribution prior to the arrival of KASPER and ACE CARTER in an effort to get additional people to attend WCC meetings over that week end.

Captain M. H. LEACH, Acting Chief, United States Park Police, Washington, D. C., advised SA GRANT E. NANNA on August 31, 1956, that a [redacted]

[redacted] representing the White Citizens' Councils, contacted the Park Police for a permit to hold a meeting on the Mall, September 3, 1956, at 2:00 pm. The permit was refused. [redacted] stated that the WCC would come down and hold the meeting anyway.

[redacted] advised that the park area south of Constitution Avenue between 7th and 9th Streets, N. W., may be used for a meeting place without the necessity of having a permit and that [redacted] was so informed.

T-1 advised on August 31, 1956, that [redacted] had mentioned that [redacted] and other WCC members in the D. C. area planned to go to Charlottesville, Virginia, on September 1, 1956, to distribute WCC literature. [redacted] stated that they were to be met there by KASPER and CARTER on Sunday, September 2, 1956, for a WCC meeting at 2:00 pm, which meeting was to be held at McIntire Field, Charlottesville, Virginia. //

[redacted] also indicated to T-1 that the WCC may possibly go to an unknown location near Marlboro, Maryland, on September 3, 1956, for possible distribution of literature or a meeting.

A pretext telephone call to an unidentified woman at the Cadmus Book Shop on August 31, 1956, disclosed that the WCC planned to hold meetings at Charlottesville, Virginia, on September 2, 1956; at Washington, D. C., on September 3, 1956, and at Weysons Hall, Weysons Corner, Marlboro, Maryland, on September 4, 1956. It was ascertained that the Washington meeting was to be held on Constitution Avenue between 7th and 9th Streets, N. W. It was also ascertained that JOHN KASPER and "ACE" CARTER were scheduled to address the above three meetings.

The Washington Daily News, September 4, 1956, Page 3, Columns 2 and 3, carried an article entitled

"Racists 'rally' here Fails to Get a Crowd." This article sets forth that [redacted] Secretary to JOHN KASPER and FREDERICK HOCKETT, 1115 Maryland Avenue, N. E., conducted a meeting of the WCC on September 3, 1956, on Constitution Avenue, N. W. [redacted] is quoted as saying that "JOHN KASPER was going to speak and then they threw him in jail." She is also quoted as saying "ACE CARTER was going to speak too but he had to go back to Alabama because they are going to try to integrate schools there tomorrow and he's not going to allow it."

b6
b7C

The Washington Post and Times Herald, September 4, 1956, Page 10, Columns 5 and 6, carried an article "Pro-Segregation Rally Draws Few in District." This article sets forth that a pro-segregationist rally at Constitution Avenue and 9th Street, N. W., on September 3, 1956, drew fewer than fifty persons and more than half of these were policemen on duty, reporters, and photographers and curious passers-by. Before the meeting got underway [redacted] told reporters that she was the only person authorized to speak for the Council in JOHN KASPER's absence. The article sets forth that FRED HOCKETT who said he was Chairman of the Northeast Council (WCC) indicated he did not recognize the leadership of [redacted] although he would "back KASPER down the line."

T-1 advised on September 20, 1956, that with JOHN KASPER away from Washington, the WCC was without leadership and that he knew of no future plans for the WCC. Informant advised that on approximately September 6, 1956, he received a call from [redacted] who wanted informant to go to a small town near Bluefield, West Virginia, to distribute literature.

JOHN FREDERICK, 614 Lamarre Drive, Warren Woods, Fairfax, Virginia, on August 29, 1956, advised SA DAVID P. HURLEY that on Saturday evening, August 25, 1956, between the hours of 7:00 and 8:00 pm, someone whom he did not see left three pieces of literature at his door. This literature consisted of a membership application for the White Citizen's Council of Fairfax, Virginia; a leaflet captioned "White Citizens' Councils, What Are They," and the October 15, 1955, issue of a newspaper captioned "Common Sense."

FREDERICK advised that inquiry in the neighborhood disclosed that approximately four or five other families received the same type of literature during Saturday evening but that there appeared to be no specific pattern as to which homes were given this literature. From what FREDERICK was able to learn, the only person who observed the distributor of the literature was a Mrs. LARRY FRAZIER, whose address he was unable to recall. FREDERICK stated that Mrs. FRAZIER advised him that she could only describe the individual as a white man, middle aged, who appeared to be drunk.

3. WCC OFFICE, WASHINGTON, D. C.

ARTHUR P. WILLIAMS, JR., 3204 M Street, N. W., advised SA FRANCIS B. McGIVERN on September 18, 1956, that he occupies an apartment on the third floor of this building. WILLIAMS informed that recently the Seaboard White Citizens' Councils have opened an office on the second floor of this building and are operating a printing press in the building. WILLIAMS advised that from his observance of those persons who have been coming into the office of the organization, he would characterize them as "poor white trash."

WILLIAMS was contacted again on September 21, 1956, by SA RICHARD B. LAVIN and he advised at that time that the only one that he has spoken to in connection with this office is a FRED HOCKETT. WILLIAMS stated that he held a conversation with HOCKETT wherein HOCKETT advised him that JOHN KASPER was sponsoring the office.

Miss EMMA STEVENS, Argo Express Company, 1220 Wisconsin Avenue, N. W., advised on September 21, 1956, that the hall on the second floor of 3204 M Street, N. W., was rented by her to FRED P. HOCKETT on September 12, 1956. Miss STEVENS advised that HOCKETT signed a one year lease for a monthly rental of \$50.00 a month. The lease stipulates that the hall is to be used for social gatherings. Miss STEVENS stated that the rent was paid for the month of October in cash by HOCKETT.

On September 21, 1956, it was observed that the street entrance door of 3204 M Street, N. W., has printed thereon Seaboard White Citizens' Councils.

4. INFORMATION CONCERNING PUBLICATION OF WCC LITERATURE

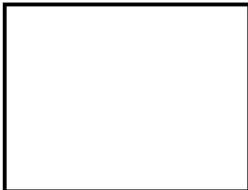

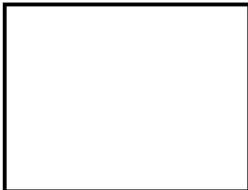

On August 29, 1956, SEAVY WATSON, 1334 Savannah Street, S. E., Washington, D. C., advised SAs HURLEY and JAMES H. DOWNING that on August 27, 1956, he went to the Cadmus Book Shop, 1246 Wisconsin Avenue, N. W., Washington, D. C., to do some printing which [redacted] had previously requested him to do. When he arrived he found that [redacted] did not have the necessary negatives which he needed to make the offset print. At approximately 6:00 pm [redacted] left the Cadmus Book Store returning in about fifteen minutes with the necessary negatives. WATSON stated that neither JOHN KASPER nor [redacted] have ever indicated to him where their photographic work is done. WATSON advised that the Lithographic Photo Service, Inc., 3227 M Street, N. W., is located just around the corner from the Cadmus Book Store and that this establishment has the necessary equipment to do photographic work which is required prior to his doing the printing at the Book Shop.

WATSON stated that on August 27, 1956, at the direction of [redacted] he printed one thousand membership applications for the White Citizen's Council of Fairfax, Virginia, and one thousand membership applications for the White Citizen's Council of Culpeper, Virginia. WATSON advised that he was paid at the rate of \$2.50 per hour for the above work and that he was given a check drawn on the account of the Cadmus Book Shop at the National Bank of Washington.

Mr. MARTIN BACHER, Manager of the Lithographic Photo Service, Inc., 3227 M Street, N. W., advised SA LAVIN on September 18, 1956, that his company has done some work for the Cadmus Book Shop and [redacted]. He stated that after producing lithographic negatives on a few occasions for [redacted] he noticed that the material being reproduced concerned negroes and due to the fact that he has negroes working for him in his shop he informed [redacted] that he did not wish to reproduce any more material in order not to offend his workmen.

Mr. BACHER produced the accounts for the work that he has done for the Cadmus Book Store and they are set out in table form below:

MARTIN, 8/22/56, entitled White Citizens' Councils of District of Columbia, IS - X, sets forth information that KASPER formerly ran a book store in New York (1954) which was labeled as a hang out for queer characters, mostly young college people who were so called "liberals." Information was developed that this book shop was frequented by negroes and Chinese homosexuals. According to the report, KASPER had no day time employment but had a steady income from numerous married women whom he "accommodated" sexually during the day. DETAILS:

RE FREDERICK JOHN KASPER, Also Known as John Kasper

Acquaintances of KASPER

JOHN M. CERRUTI, residing 1009 87th Street, North Bergen, New Jersey, owner and operator of a book shop and music store at 140 Mulberry Street, New York, New York, advised Special Agents JAMES P. MARTIN and EDWARD A. BRANDT on September 17, 1956, that he has been acquainted with JOHN KASPER since sometime about the end of 1954. He related that his book shop generally deals in books written in the Italian language and that he visits other book shops in the lower part of Manhattan to contact them for the purpose of having them refer people for Italian books to his store. He said in this way he met KASPER at the Make It New Book Shop.

CERRUTI recalls that he visited this book shop operated by KASPER on about three or four occasions and relates that every time he visited there, he noticed both Negroes and whites loitering about the book shop. He said that he recalls that on about two occasions he noticed that there was dancing going on in this book shop operated by KASPER with Negroes dancing with whites.

CERRUTI said that he had read about KASPER's activities in behalf of segregation in the South. He

X

NY 100-19792

stated that he cannot understand how KASPER can profess an anti-Negro attitude because KASPER appeared to be friendly with the Negroes, whom CERRUTI saw at KASPER's book shop. In addition, CERRUTI recalls a trip that he made to Washington, DC, accompanied by KASPER and a friend of KASPER's, a Negro girl, whose first name was [redacted] CERRUTI believes that this Negro girl's last name was [redacted] but is not sure of the last name.

b6

CERRUTI said that he, CERRUTI, has long been an admirer of EZRA POUND as a poet. He said that POUND has been committed to St. Elizabeth's Hospital in Washington, DC, and that he, CERRUTI, generally visits POUND about once a year. CERRUTI mentioned to KASPER that he was going to visit EZRA POUND and KASPER said that he would like to go along. KASPER said he would also bring this Negro girl, whose first name is [redacted] and CERRUTI, KASPER and KASPER's friend, the Negro girl, all went to Washington, DC, together on the same train about April, 1955, to visit EZRA POUND there.

CERRUTI recalls that most of the way down on the train KASPER and the Negro girl named [redacted] dozed with one arm about each other and with KASPER's head resting on the Negro girl's shoulder. CERRUTI said that, from this, he gathered that the Negro girl, whose first name is [redacted] and KASPER, had more than a passing interest in each other. CERRUTI said that, accordingly, he cannot understand KASPER's present attitude toward the Negroes and KASPER's demands that segregation be enforced.

CERRUTI said that KASPER had never asked CERRUTI to join the White Citizens' Council or any organization whatsoever. CERRUTI said that he himself is not a member of the White Citizens' Council and would not join any such organization. He said that the only

NY 100-19792

organization to which he does belong is an organization of ex-United States Marines, veterans of World War I. CERRUTI states that KASPER never indicated any sentiments or sympathies of a pro-Communist nature and never engaged in any activities that were in any way pro- Communist, to CERRUTI's knowledge.

CERRUTI never heard of KASPER attending the Jefferson School of Social Science (JSSS). In addition, CERRUTI never knew of KASPER expressing any sympathies of a pro-Nazi nature in any way. CERRUTI said that he had heard that some of the members of the National Renaissance Party (NRP), which he termed a pro-Fascist group, had visited KASPER's book shop in New York on occasions, but CERRUTI said that he never knew, or never heard of KASPER being a member of this NRP.

The JSSS has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

T-1, who has furnished reliable information in the past, indicated on May 9, 1956, that the NRP at present is a neo-Nazi, anti-Semitic, anti-Negro organization with activities generally confined to the New York area. He said that its principal activities consist of holding outdoor meetings, and the distribution of literature throughout the United States and abroad where it is reprinted by similar organizations. This source stated the NRP leader and founder is JAMES H. MADOLE and its principal financial contributor is FREDERICK WEISS. He said that at present the party membership is very small. The April, 1955, "National Renaissance Bulletin", official NRP publication listed headquarters at 10 West 90th Street, New York City. (X(u))

The NRP was the subject of a preliminary report on Neo-Fascist and Hate Groups published

NY 100-19792

by the House Committee on Un-American Activities on December 17, 1954, which stated that this neo-Fascist group's activities and propaganda are clearly subversive and un-American.

Concerning EZRA POUND, mentioned above, the following is noted:

According to an article appearing in the "New York Times", May 6, 1945, issue, entitled "EZRA POUND, Wanted for Treason, Seized by American Forces Near Genoa in Italy", this article reflected that POUND was indicted July 26, 1943, for treason. He had left America at the age of 22 and returned to America in 1939. In 1942, he again tried to return to the United States but failed.

A prolific writer of prose and poetry, he made many broadcasts from outside the United States advocating the United States stay out of the war. Then, when the United States entered the conflict, he sought to persuade Americans to decline to support the war effort.

Born in Idaho, in 1885, POUND said when he left America, "For 22 years I have struggled against the appalling waste of opportunity in America's mental affairs."

According to this article, during a visit to the United States in 1939, EZRA POUND expressed great admiration for BENITO MUSSOLENI and Fascism and described Italy as the "seat of culture in the Occident."

According to an article published in "P.M.", a former NY newspaper, on February 14, 1946, testimony by four psychiatrists on February 13, 1946, caused a Federal District Court Jury to decide that EZRA POUND was "of unsound mind"

NY 100-19792

and incapable of standing trial for treason. After the hearing, Judge BOLITHA J. LAWS committed POUND to St. Elizabeth's Hospital as an insane person. The Federal treason indictment still remained outstanding in the event that he recovered sufficiently to stand trial.

Mrs. LINA ~~ELYDON~~ LETT, Apartment 4C, 5 Minetta Street, New York, New York, advised Special Agents EDWARD A. BRANDT and WILLIAM C. JOHNSON on September 25, 1956, that she became acquainted with JOHN KASPER sometime around August, 1954. She made the acquaintance of KASPER through her former husband, PAUL LETT. She stated that this relationship with KASPER developed into a very intimate relationship which resulted in her leaving her then husband, PAUL ~~LETT~~, and which resulted in her sharing the same residence with KASPER at 526 East Sixth Street, New York, New York, and at 5 Minetta Street, New York, New York, between October, 1954 and Christmas, 1954.

Mrs. LETT advised that in October, 1954, she invested a few thousand dollars in a joint business venture with JOHN KASPER. This business was a book store named the Make It New Book Shop located at 169 Bleecker Street, New York, New York. She stated that she furnished the entire capital for the business. Mrs. LETT advised that her association with KASPER terminated in February, 1955, at which time Mrs. LETT also withdrew from the book store business venture. Mrs. LETT stated that she has recovered from KASPER \$400 of her original investment.

Mrs. LETT further advised that during her association with the book store, there was little, if any, profit. However, she added that KASPER used to receive considerable financial support from KASPER's mother. She knew of no other source of income of KASPER, but added that KASPER's numerous girlfriends, no doubt, financially aided KASPER.

NY 100-19792

Mrs. LETT advised that there was a young Negro girl by the name of [redacted] who used to work in the Make It New Book Shop. She stated that KASPER left her, Mrs. LETT, to commence living with [redacted]

b6
b7C

Mrs. LETT related that the Makeit New Book Shop seemed to be a gathering place for students, both white and Negro. She said that some of these students were alleged to be members of the NRP. She did not believe KASPER to be a member of the NRP. She described KASPER as a "radical" and elaborated by stating that KASPER is a peculiar individual, who seems to be always seeking adventure in one form or another. She did not believe KASPER to be a Communist or pro-Communist in his sympathies or activities and stated she could best describe KASPER as "an opportunist".

Mrs. LETT said that KASPER is a very convincing conversationalist and always appears to have a great number of girlfriends. She made the statement that she believes it possible that KASPER might be a homosexual, stating that this belief is founded on the basis of KASPER's association with men, whose identities she cannot recall, who outwardly exhibited feminine tendencies.

Mrs. LETT said that it is hard for her to understand KASPER's present fight against the desegregation of the Negro race, inasmuch as KASPER had never previously evidenced any hatred for the Negro race to her knowledge.

Mrs. LETT advised that KASPER did associate with members of the Negro race in the ordinary course of business at the Make It New Book Shop. She stated that KASPER did, on occasions, also attend private parties which were attended by white and Negro persons. Mrs. LETT added that KASPER, in view of his liking for females, was interested in several Negro girls from more than "a fatherly viewpoint". According to Mrs. LETT, KASPER never expressed any dislike for Negroes, but on the contrary, seemed to

NY 100-19712

enjoy their company. She stated that there was only one colored employee at the MakeIt New Book Shop, namely the forementioned young girl, whose name is [REDACTED]

b6
b7C

Mrs. LETT advised that she had no knowledge that KASPER ever attended the JSSS. She added that KASPER is a "lazy person", who talks a great deal about his literary aspirations, but never acts in any manner to effect those aspirations.

[REDACTED] Brooklyn, New York, advised Special Agents EDWARD A. BRANDT and WILLIAM C. JOHNSON on September 26, 1956, that she had worked from about February, 1955, to April, 1955, for JOHN KASPER at the MakeIt New Book Shop, 169 Bleecker Street, New York, New York. She stated that the book store was a gathering place for both white and Negro students from various New York City educational institutions, interested in cultural development. She stated that there were no political meetings of any nature taking place at this book store and advised that she never saw any literature being distributed there other than the customary book sales. She advised that the gatherings were on an informal basis, and that often a little dancing might be engaged in by the students in attendance.

[REDACTED] stated that she is aware of KASPER's present activities against the desegregation of the Negro race. She stated that KASPER's present attitude "of hatred" towards the Negro race is a complete reversal of the attitude KASPER had when she, a Negress, was associated with KASPER in the operation of the MakeIt New Book Shop.

[REDACTED] related that KASPER, on several occasions, was in attendance at social parties held at some of the Negro students homes. She advised that she cannot recall the identities of the Negro students

who held these particular parties at their homes. [redacted] recalls that at one of these social parties, KASPER had solicited funds, allegedly as contributions in behalf of the National Association for the Advancement of Colored People (NAACP).

b6
b7C

[redacted] advised that KASPER was romantically interested in several Negro girls, whose names she cannot recall at the present time, but she advised that these Negro girls did not reciprocate KASPER's interest.

[redacted] denied having ever lived with KASPER and stated that her relationship with KASPER was never intimate.

[redacted] advised that it is hard for her to understand KASPER's present attitude in regard to Negroes, inasmuch as KASPER had formerly expressed himself in her presence, as being very much against segregation of the Negro race. Further she recalls that KASPER had expressed himself in terms signifying a very warm affection for the people of the Negro race. [redacted] added it was her understanding that KASPER had been a godfather to several Negro children, whose names she cannot recall at the present time.

[redacted] advised that she had no reason to suspect that KASPER had ever been affiliated in any way with the Communist Party or any subversive group. She advised that KASPER had expressed himself in terms which led her to believe that KASPER was very much anti-Communist. She had no knowledge of KASPER having ever attended the JSSS.

[redacted] further advised that there were several persons who visited the Make It New Book Shop, whom she understood were members of the N.A.A.C.P. However, [redacted] was of the opinion that KASPER was not a member of this organization. She knew of no clubs or organizations of which KASPER ever was a member

[redacted] advised that she was a personal friend of a Negro writer named TED JOANS and that JOANS had questioned her regarding her knowledge of KASPER. She said that this may have been the source of any story which JOANS may have written about KASPER's racial views. She added that she does not know the address of TED JOANS or where he is employed, but does know that he is a writer. (It is noted that information will be set out hereafter concerning an article in a weekly newspaper, "The Village Voice", reflecting statements from TED JOANS regarding KASPER).

Past Employment

Mr. A. P. DONOVAN, Manager, Household Finance Corporation, 44 East 23rd Street, New York, New York, advised SA WILLIAM C. JOHNSON on September 26, 1956, from available records, that JOHN KASPER had been employed by his firm as a field representative from January 15, 1954, to July 26, 1954, at which time KASPER was dismissed. KASPER's Social Security Number, from these records, was indicated to be 060-28-0049, his residence as 526 East Sixth Street, New York, New York, and his birthdate as October 21, 1929. KASPER's past employment was listed as follows:

Make-It-New Book Shop - 6 months

Library of Congress, researcher - 7 months

Bluebird Inn, manager and bartender
(no address or dates listed)

Washington Spectator, copier - 2 months
(no address listed)

Square Dollar Series - one year
(no address listed)

Merchant Marine - 1947

(In regard to the above employments, it is noted that the records contained no date for any of these employments beyond Merchant Marine - 1947).

Mr. DONOVAN stated that KASPER was dismissed in view of KASPER's peculiar manner in dealing with prospective loan clients. He described KASPER as the "Bohemian type" and one who possesses an inferiority complex. He stated that the incident leading up to

~~CONFIDENTIAL~~

NY 105-19792

KASPER's dismissal grew out of KASPER's prolonged and embarrassing questioning of a prospective client's 15 year old daughter.

Mr. DONOVAN stated that he had never received any information relative to any interest for or against the Negro race on the part of KASPER, other than one incident. He stated that this incident involved an unscheduled visit by another employee of Household Finance Corporation to the residence of KASPER, at which time KASPER was being visited by a middle-aged Negro woman. KASPER subsequently explained to said employee that this Negro woman was being taken by him, KASPER, to Bellevue Hospital, New York, New York, for treatment.

DONOVAN had no knowledge regarding any remarks made by KASPER against the Negro race at any time. He knew of no association on the part of KASPER with any member of the Negro race other than the above-mentioned incident.

Mr. DONOVAN stated that he had no reason to suspect that KASPER might be affiliated with the Communist Party, or any other subversive group. DONOVAN stated that KASPER had never indicated to him in any manner that KASPER was attending or had ever attended the Jefferson School of Social Science (JSSS). DONOVAN also had no knowledge, or had never heard of KASPER being associated with the National Renaissance Party (NRP).

Alleged Attendance at
Parsons Art School

It is noted that on September 11, 1956, one JOSEPH BARCO, Mc Kee City, New Jersey, advised SA LEO T. CLARK

K

JPM:VAK

-3-

NY 105-19792

of the Newark Office that BARCO's daughter recognized a photograph of KASPER, which had appeared in the September 7, 1956, issue of "Life" magazine, as a person who had been a fellow student at Parsons Art School, 57th Street, New York City, where BARCO's daughter had attended school within the past few years.

BARCO said that his daughter had told him that KASPER, while attending that school, always seemed to be especially friendly with Negroes, went out of his way to associate with them, and lived with one for a time. BARCO also advised that KASPER was reported to be a partner in a small establishment on Bleecker Street, New York, operating under the name of the Make-It-New Book Shop.

In regard to the above, it is noted that the 1956-1957 issue of the Telephone Directory for the Borough of Manhattan, City of New York, fails to reflect therein any listing for a Parsons Art School. However, there is a listing for a Parsons School of Design, located at 401 East 54th Street, New York, New York.

At this latter school Miss ANNA PRENTICE, Registrar, Parsons School of Design, advised SA WILLIAM C. JOHNSON on September 25, 1956, that the records of the Parsons School of Design, which does teach art, fails to reflect any attendance at present, or in the past, for a person by the name of FREDERICK JOHN KASPER, JOHN KASPER, or any variation of the spellings of these names.

Bleecker Street, New York,
New York

Mrs. ROMAULT BRUNO, 201 Sullivan Street,
New York, New York, Superintendent of the premises

JPM:VAK

NY 105-19792

at 169 Bleecker Street, New York, New York, and who lives around the corner from the last mentioned address, advised SAS JAMES P. MARTIN and EDWARD A. BRANDT on September 17, 1956, that, to the best of her recollection, JOHN KASPER had commenced the operation of Make-It-New Book Shop in a store located on the street level at 169 Bleecker Street, about November, 1954. She said that the store had been operated thereafter by the Make-It-New Book Shop until about the early part of the summer of 1956, at which time the stock of the Make-It-New Book Shop had been removed from the store since KASPER had been dispossessed for non payment of rent. She stated, however, that after January, 1956, she does not recall any activity at the Make-It-New Book Shop, stating that she believed that KASPER was away from the shop from that time and that he had mentioned that he was operating a book shop in Washington, D.C.

Mrs. BRUNO said that the Make-It-New Book Shop usually opened up in the late afternoon and stayed open through the early evening and night hours.

Mrs. BRUNO said that on several occasions when she entered the book shop to make inquiry for the rent which was due she had noticed groups of people there sitting around the book shop whom she would describe as "Bohemian." She explained this by stating that these people seemed to be students of the type that patronized Greenwich Village and included both whites and Negroes.

Mrs. BRUNO related that she usually had difficulty getting the rent money from JOHN KASPER. She advised that she had never noticed any indication of any activities at this book store which she would

JPM:VAK

-5-

NY 105-19792

deem in any way pro-Communist, pro-Nazi, pro-Fascist, or in any way against the principles of the United States form of government. She further said that she had never seen any indication of any activities on the part of KASPER while he was at this book shop which would lead her to believe that he was in favor of segregation of the Negroes.

Mrs. BRUNO knew of no attendance on the part of KASPER at the JSSS, and stated that she had no knowledge concerning any membership or activities on the part of KASPER in the NRP.

Mrs. BRUNO said that when the book shop was first opened by KASPER he had been assisted in its operations by a white woman known to her as Mrs. LINA LETT, but that thereafter Mrs. LETT left and KASPER was assisted by a young Negro girl whose name Mrs. BRUNO did not know. Subsequently, this Negro girl left and KASPER was assisted by a young blonde white woman whose name also Mrs. BRUNO did not know.

ANTHONY SANTILLA, operator of a shoe repair shop at 163 Bleecker Street, New York, New York, advised SAS EDWARD A. BRANDT and WILLIAM C. JOHNSON on September 26, 1956, that it was a great surprise for him to hear of JOHN KASPER's present activities in favor of segregation of Negroes.

SANTILLA stated that KASPER had formerly operated the Make-It-New Book Shop which adjoined SANTILLA's shoe repair shop. SANTILLA related that a great number of Negro students, as well as white students, used to frequent KASPER's book store. SANTILLA said that he had observed KASPER, on several occasions, in the company of Negroes, on the street

~~CONFIDENTIAL~~

JPM:VAK

-6-

NY 105-19792

outside the book store, at which time KASPER appeared to be quite friendly with these Negroes.

Mr. SANTILLA stated that, on several occasions, dancing was engaged in at KASPER's book store. He knew of no political activities ever carried on at KASPER's book store and was of the opinion that the book store was merely a gathering place for students. Mr. SANTILLA stated that he knew of no information which might indicate any affiliation with a subversive group on the part of KASPER.

Inquiries at
526 East Sixth Street,
New York, New York

Mrs. ELIZABETH BILANCHUK, Superintendent of the premises at 526 East Sixth Street, New York, New York, advised SAS JAMES P. MARTIN and EDWARD A. BRANDT, on September 17, 1956, that JOHN KASPER has rented, for at least several years, apartment 11 located on the third floor of these premises.

She advised that the apartment is still maintained in the name of JOHN KASPER but that KASPER has not, to her knowledge, resided at this apartment since at least the latter part of 1955. She further stated that she has no knowledge that anyone has used or occupied KASPER's apartment at this address while KASPER has not been residing there.

She said that she recalls that KASPER mentioned to her at one time that he was going to Washington, D.C. to operate a book store there. She related that she could not understand why he continued

JPM:VAK

-7-

~~CONFIDENTIAL~~

NY 105-19792

to maintain the apartment at this address in New York City except that the rent was very cheap for the apartment and that he might feel that he could use the apartment overnight whenever he visited New York.

Mrs. BILANCHUK said that she had read in the newspapers of KASPER's activities in favor of segregation of the Negro race and advised she had been surprised to find out that he was a man of these opinions.

She related that KASPER was an extremely quiet tenant at these premises, one who was not known to anyone else in the neighborhood, to her knowledge, since he was seldom at the premises.

She further advised that she had no knowledge at any time of any activities on the part of KASPER which she would deem to be pro-Communist in nature. She specifically did not know of any attendance on the part of KASPER at the JSSS, or any membership on the part of KASPER in the NRP.

JOHN PETERS, 210 East 14th Street, New York, New York, who is the renting agent and real estate manager for the building 526 East Sixth Street, New York, New York, advised SA JAMES P. MARTIN on September 19, 1956, that he has occupied this position for the last three and a half years. He stated that when he assumed this position JOHN KASPER was a tenant in apartment 11 at 526 East Sixth Street, and has been a tenant since. He said that he understood, however, that KASPER has not occupied this apartment since about the latter part of 1955 and knows that KASPER has been in Washington, D.C. during 1956.

PETERS said that the rent for this apartment is extremely small being only \$13.50 a month, but said that nevertheless he has consistently had trouble securing the rent from KASPER and has, on several occasions, started dispossess proceedings against KASPER but each time KASPER would come through with the payment of the rent and the proceedings would be stopped.

PETERS said that his files disclosed a letter bearing no date which he had received from JOHN KASPER on August 27, 1956, which stated as follows:

I have just returned from Europe and find my rent at 526 East Sixth Street, apartment 11, New York 9, New York, has not been paid. I had left the responsibility for such matters to be attended by a friend, but through carelessness he seems to have neglected my rent on Sixth Street.

Enclosed please find check in amount of \$27 in full payment of two months rent.

PETERS said that this was the last rent he had received from KASPER and stated that the rent for the month of September had not been received and that accordingly dispossess proceedings had been started again against KASPER. PETERS said that this time he intends to go through with the dispossess proceedings since KASPER has caused so much trouble in the past by refusing to furnish his rent when due.

JPM:VAK

-9-

NY 105-19792

PETERS knew of KASPER's recent activities of a segregation nature through having read same in the newspapers. He said, however, that previous to that he had no knowledge that KASPER had ever been engaged in any activities of a segregation nature.

PETERS also said that he never had any knowledge which would lead him to believe that KASPER was in any way pro-Communist in his sympathies or activities or that KASPER had ever attended the JSSS or had been a member of any organization known as the NRP. PETERS also had no knowledge concerning any association on the part of KASPER with Negroes or any knowledge concerning anyone ever using KASPER's apartment in the latter's absence.

Miscellaneous

T-1 on September 26, 1956, advised SA EDWARD A. BRANDT that he had no knowledge concerning any attendance by KASPER at the JSSS or concerning any activities or sympathies on the part of KASPER of a pro-Communist nature (S) (u)

In regard to the NRP, T-1 advised that he knew that a few members of the NRP had visited, at times, the Make-It-New Book Shop operated by KASPER but on an infrequent basis. T-1 said that it would appear, therefore, that KASPER must have been acquainted with and sympathetic toward the NRP, or else the members thereof would not have bothered to visit KASPER's book shop. T-1 had no knowledge, however, that KASPER ever was a member of the NRP. (S) (u)

"Given a year in jail in Tennessee last week for stirring up anti-integration riots, JOHN KASPER, 26, left the Village only about a year ago after starting the Make-It-New Bookshop at 169 Bleecker Street. He is remembered by many villagers, among them Negro artist Ted Joans, who yesterday told The Voice: 'His bookshop did contain a lot of Fascist-type literature, but he apparently had no grudge against colored people then. At one time he had a colored girl friend, and he once interceded with a landlord to help myself and my white wife to get an apartment.'"

T-2, who has furnished reliable information in the past and who is familiar with some of the activities of the JSSS, advised on September 27, 1956, that he had been invited to several interracial gatherings held at KASPER's book store located somewhere on Bleecker Street, New York, New York. The source recalled that only on one occasion was KASPER there and the source was accordingly not well acquainted with KASPER. (S) (u)

T-2 said that he noticed all types of literature at this store but could recall nothing (S) (u)

specific regarding this literature. T-2 related no one at the book store, including KASPER, had urged the source to join any organization or to contribute to any group. (A) (u)

T-2 had no information regarding any Communist or fascist connections which KASPER may have had and T-2 had no information that would indicate that KASPER had ever attended the JSSS, or had ever belonged to the NRP. (S) (u)

September 12, 1956, that JOHN KASPER, official of the White Citizens' Council of the District of Columbia, visited ASA CARTER, Executive Secretary, Alabama Citizens Council, in Birmingham, during the week of September 10, 1956. T-1 said he talked to JOHN KASPER on September 12, 1956, and that KASPER said he was in Alabama on a speaking tour as the guest of ASA CARTER. T-1 said he heard KASPER say that he, KASPER, had received hundreds of letters and telegrams since his action at Clinton, Tennessee, where he made speeches and passed out literature opposing integration at the Clinton High School. KASPER further said, according to T-1, that the people at Clinton, Tennessee supported him, and that they were for what he was doing. T-1 further stated he heard KASPER say, "Every type of resistance is necessary to fight the open and naked display of power wielded by the United States Supreme Court." KASPER also said, according to this informant, that, "A lot of pro-segregation groups believe they can stop this thing in the courts. This is ridiculous--the courts are too corrupt."

T-1, above mentioned, advised on September 14, 1956, that he attended a rally at the Central Park Theatre, Birmingham, on the night of September 13, 1956, and that JOHN KASPER made a speech favoring segregation. T-1 said there were approximately four to five hundred persons present and that at the end of KASPER's speech, 15 robed and hooded Ku Klux Klansmen appeared and shook hands with KASPER. KASPER said he was deeply honored by the presence of these men and that such groups as the Ku Klux Klan are needed to preserve segregation, according to T-1. T-1 said KASPER stated, "We need all the rabble-rousers we can get." KASPER predicted someone would be killed before the fight was finished. T-1 said KASPER made the following statements: "We want trouble and we want it everywhere we can get it. A collapse of law and order is near at hand. The purpose of White Citizens Councils is seizing local control of local affairs and I mean seizing it." T-1 said that KASPER also told the crowd at the Central Park Theatre to immediately ascertain the identity of people who favor integration in their community and "take care of them." According to T-1,

BH 105-375

KASPER stated, "We will have to have our martyr and some will have to die before this is over. The Federal Government means death to all of us." T-1 said he learned that ASA CARTER planned to use JOHN KASPER to make inroads on a rival group of citizens councils in Alabama, headed by State Senator SAM ENGELHARDT of Shorter, Alabama.

T-1 said that KASPER, in his speech at the Central Park Theatre, attacked Governors FRANK CLEMENT of Tennessee, CHANDLER of Kentucky, and FOLSOM of Alabama, stating that these governors have shirked their responsibilities to their people. T-1 said he heard KASPER say that he intends to turn the White Citizens Councils into "roving bands" which groups would be ready to proceed to any point in the Southern areas where integration is attempted.

Birmingham Confidential Informant T-2, contact with whom has been insufficient to determine his reliability, but who is in a position to furnish correct information, advised on September 15, 1956, that he was present at the Central Park Theatre in Birmingham on the night of September 13, 1956, and heard JOHN KASPER make a speech favoring segregation. T-2 stated he heard JOHN KASPER make the following statements which he managed to copy down verbatim:

"We now have this battle joined. There is no question about it."

"If a nigger in Montgomery can pay a quarter to the NAACP, there is no reason why a white man can't give a dollar to our organization."

"This issue of segregation is the burning issue of our times."

"We are demanding a government which is a servant of the people--not it's master."

"We can no longer wait. We can no longer put it off. We must fight by every available means."

BH 105-375

"The Supreme Court is enforcing a manner of life that we do not want and will not have."

"We believe that total collapse of law and order is at hand."

"We must use every means to stop the niggers--every means."

"We have fought our legal fight. We have no recourse in a court. We will see in this case if freedom of speech exists."

"Some of us may die before this thing is over."

"We have got to pull ourselves up by our own boot straps."

"They hate ACE CARTER because he tells the truth."

"We believe in exposing and cutting out your next door neighbor if he is an integrationist."

"We are going to deal with the National Guard when they get here."

T-2 further stated that JOHN KASPER said "we" are going to organize the entire states of Tennessee, Kentucky, and West Virginia. T-2 said KASPER referred to Governor JAMES E. FOLSOM of Alabama as an "enlarged ape-like form in the state house in Montgomery." According to this informant, KASPER referred to Governor FRANK CLEMENT of Tennessee as "SMILEY" CLEMENT, at which time the crowd booed loudly and shouts of "Hang him!" were heard. T-2 said that 15 Klansmen, by actual count, appeared in the auditorium near the end of KASPER's speech; that these men were fully robed and hooded and it was impossible to identify them. T-2 said that when the Klansmen came on the stage, ASA CARTER said he was proud to be on the stage with them. T-2 said that the crowd at the Central Park Theatre was well-behaved and appeared to be

BH 105-375

composed of citizens of average means. He said the crowd was not composed of "riff-raff". T-2 estimated there were approximately 400 persons present.

T-1, above mentioned, advised on September 17, 1956, that JOHN KASPER intended to speak at Anniston, Alabama on the night of September 15, 1956, but that City authorities in Anniston refused KASPER the use of the City Auditorium. T-1 stated he had learned that City officials at Montgomery, Alabama, refused to permit KASPER to speak on Sunday afternoon, September 16, 1956, at Montgomery, and that hotel authorities there refused KASPER permission to use the ball room of the Hotel Jeff Davis, which KASPER had previously rented.

Birmingham Confidential Informant T-3, contact with whom has been insufficient to determine his reliability, but who is in a position to furnish correct information, advised on September 24, 1956, that he attended a meeting of the East Lake Citizens Council otherwise known as the Eastern Section Citizens Council, at Cascade Plunge on the night of September 20, 1956. He said that an individual by the name of EARL NEWMAN presided. T-3 said that the main event of the evening was a speech by JOHN KASPER, official of the Citizens Council of Washington, D. C. T-3 said that KASPER talked about his recent trip to Clinton, Tennessee. KASPER said he went to the homes of citizens in Clinton and asked them if they wanted Negroes to attend their schools. He told these people to picket and to strike against integration. KASPER said he told the people of Clinton that they did not have to send their children to school. T-3 said KASPER stated that the real issue at Clinton was "Do we or don't we have a Constitution?" T-3 said he heard KASPER say that an iron curtain surrounds the people of Clinton, Tennessee today and that "when law and order break down, it is up to the people to remedy the situation." T-3 said KASPER stated that people are not allowed to talk about integration at Clinton, Tennessee; that he saw three people standing on the street corner at Clinton and a Deputy Sheriff told them to move on. KASPER quoted the Deputy as saying, "You're not allowed to have

BH 105-375

meetings here. I don't care about your meetings." According to T-3, there are people in Clinton, Tennessee at the present time who are seeking ways and means of communicating with each other concerning the segregation problem. T-3 said KASPER did not elaborate upon this latter statement.

According to an Associated Press story in the "Birmingham Post-Herald," a daily newspaper, for September 25, 1956, JOHN KASPER was arrested at Oak Ridge, Tennessee on September 24, 1956, on an indictment of "Sedition and inciting to riot, growing out of early demonstrations in nearby Clinton." This article further stated that KASPER, age 26, was released from jail at Clinton the same date under \$2,000.00 bond put up by "local followers".

On September 27, 1956, Detective HAROLD FINCHER, Birmingham Police Department, advised he attended a public rally at Central Park Theatre, Birmingham, on September 13, 1956, at which JOHN KASPER spoke. FINCHER said he recalls that KASPER made several remarks which he believes border on violation of the "Treason Statutes." Specifically, FINCHER said he recalled KASPER making the statement that, "We want trouble. We need more rabble-rousers. Some people may die before the issue of integration is settled." FINCHER said the above quoted statement is correct to the best of his recollection. He said the words may not be exactly in order, but that the above statement expresses what KASPER actually said.

Detective J. B. JONES, Birmingham Police Department, was interviewed on September 27, 1956, and furnished substantially the same information as received from Detective FINCHER. JONES said he recalls KASPER making the statement about wanting trouble and wanting it "now" and that more rabble-rousers were needed to maintain segregation. JONES said he also recalled KASPER stating something about people may die before the issue of segregation vs. integration is settled.

On September 27, 1956, GRAY GABLE, Reporter for the "Birmingham News", a local newspaper, was interviewed. GABLE stated he arrived at the rally at Central Park Theatre on the night of September 13, 1956, just as JOHN KASPER finished speaking. He stated that the crowd was still

BH 105-375

applauding when he entered the theatre, but that he did not hear anything KASPER said.

The "Birmingham News" in its issue of September 13, 1956, carried an article by JAMES SPOTSWOOD, Associated Press Staff Writer, entitled, "Segregationist has 'Distrust' for College Men, Likes Working Class". This article stated that JOHN KASPER was born in New Jersey, is a college graduate, and has an "instinctive distrust" of men with college educations. The article stated that KASPER is an admirer of the poet, EZRA POUND, and that he, KASPER, has been interested all his life in the "purity of the races". KASPER was quoted as saying "I believe that all movement in history has been a product of race and personal character. I believe the white race is the great race and the only race which has fought for free institution. I do not hate Negroes, but I believe that for the progress of the white and Negro races this is best accomplished by separate institutions based on a particular destiny of the separate races."

KASPER denounced anti-Semitism as unscientific. He denied that the White Citizens Council of Washington, D. C. is anti-Semitic.

The article indicated that KASPER began organizing the Washington Citizens' Council after a tour of Alabama in March 1956; that he had a choice between two types of councils--one which claims that all white schools have been preserved in Alabama by legal means; another which accuses the first group of cowardice in handling the Negro problem. The latter group is headed by ASA E. (ACE) CARTER, a former radio announcer. KASPER sided with CARTER, according to this article. KASPER allegedly said, "The only sincere and courageous leader in the entire movement was ACE CARTER--that the rest of the so-called leaders in Alabama and other states, including Mississippi, were controlled by politicians seeking to gain a foothold in their respective states outside of the regular political machines."

KASPER was further quoted as saying, "I have an instinctive distrust of any man with a college education. I

BH 105-375

find the working people are the only living representatives of the white race in the United States who have the intelligence and the courage to maintain their racial integrity. I can talk much easier to a person who works with hands and either produces something or transports or helps to grow something, because they have horse-sense and independent thought. They're not--as the intellectual--trying to imitate someone else and someone else's way of living."

In this article, SPOTSWOOD wrote that KASPER was born in Camden, New Jersey, October 21, 1929; that his parents were of German origin, and his father was a successful industrial combustion engineer. KASPER graduated from Columbia University with Bachelor of Science Degree in 1951. The article quoted KASPER as stating that EZRA POUND, above mentioned, has had "the greatest external impact on my thinking."

SPOTSWOOD asked KASPER how he thought the Negro issue would be solved and KASPER allegedly answered, "Ultimately I believe that the people will compel the degenerate politicians and Communists...to withdraw from public life and return us to constitutional government, responsible, representative and composed of men with front names, hind names and addresses. KASPER said he admires political leaders, Senator McCARTHY; Representative WALTER of Pennsylvania; perhaps Senator JENNER of Indiana, and Governor TALMADGE of Georgia.

According to this article, KASPER became bitter when he referred to the Federal Court intervention at the recent racial trouble over school integration at Clinton, Tennessee. KASPER was quoted concerning this as follows:

"The right aim of any law is to prevent coercion either by force or fraud. The Supreme Court (school) decision is precisely fraudulent and in the use of federal injunction to enforce that fraudulent Supreme Court decision on segregation it makes no difference whether U. S. Marshals or federal troops are used.

BH 105-375

"Force is being exercised. Woe to those whose only right is their power. The wild grass will grow over their dead bodies."

T-1, above mentioned, advised on September 20, 1956, that he had ascertained that ASA CARTER and JOHN KASPER had "split up". T-1 said CARTER would speak in Fountain City, Tennessee near Knoxville, at 4:00 p.m. on Sunday, September 23, 1956. T-1 said CARTER has stated that KASPER would not accompany him on this trip; that he is through working and associating with KASPER. CARTER said, according to T-1, that KASPER is too fond of publicity. T-1 said JOHN KASPER intended to be in Knoxville or Clinton, Tennessee, on September 23, 1956, to make a speech.

T-1 advised on September 27, 1956, that he had that day received information which indicated that CARTER and KASPER have not "split up" as he had previously learned; that they spoke together at Knoxville, Tennessee on September 23, 1956.

Information was received from the Knoxville Office on September 23, 1956, that JOHN KASPER and ASA CARTER spoke to a group of approximately 35 to 50 people at Fountain City, Tennessee, a suburb near Knoxville, on this date. Both made speeches from the bumper of a Buick bearing 1956 Alabama license 1-67562. Parked adjacent to this car was a Nash Rambler bearing 1956 Alabama license 1A-18579.

On October 1, 1956, SA CHARLES B. STANBERY checked records of the automobile registrations, Birmingham Police Department, which reflected that Alabama license 1-67562 is issued to HAROLD McBRIDE, 909 Idlewood Circle, for a 1953 Buick. Alabama license 1A-18579 was issued to C. J. McFARLAND, 1250 Park Avenue, Tarrant City, Alabama, for a 1955 Nash. Birmingham indices were negative concerning both individuals.

It is believed action recommended by Mobile in giving this to Governor Folsom is the right course inasmuch as Folsom has alerted National Guard previously and this will give him true picture of situation. We have no jurisdiction to interview Bell at this time. We will tell Mobile to advise Bureau results if police interview Bell. Remytel 9/25/56.

As indicated in reftel, KASPER made bond at approximately 11:00 p.m., 9/24/56. He had been arrested earlier that date by Anderson County Sheriff GLAD WOODWARD on basis of an indictment returned previous week by Anderson County, Tenn. Grand Jury charging a two count sediton violation.

KASPER advised of the warrant by WOODWARD at democratic rally held in OakRidge, Tenn., and attempted to escape from the Sheriff. A deputy noticed KASPER fleeing from the Sheriff and attempted to stop him, even though he did not recognize him. According to the Sheriff, KASPER struck the deputy several times on the face prior to the Sheriff's arriving and subduing KASPER. No additional charges known to have resulted from the resisting arrest or assaulting the officer.

On morning of 9/25/56 KASPER arraigned before Circuit Judge D. L. HUTSON at Clinton, Tenn., indicated that he was not represented by counsel, and that he would personally defend his case. He requested at least 30 days in which to prepare his defense. Judge HUTSON has set trial as 11/5/56 and KASPER remains free on the \$2000 bond, which he made shortly after arrest.

After arraignment KASPER talked briefly with approximately 30 persons, who were apparently his supporters, and who had congregated on the courthouse steps in Clinton. He advised that what had happened to him was further evidence of the corrupt nature of the public officials and law enforcement officers in this area.

The Bureau and WFO will be advised of any additional developments.

Re NY report 10-1-56.

(u) [redacted] on 10-1-56 furnished the NYO a copy of the NY Amsterdam News, leading NYC Negro paper dated 9-29-56. The lead story under headline of "RACIST EXPOSED"- "RACE BAITER JOHN KASPER WAS VILLAGE NEGRO LOVER" indicated info from close associates of KASPER, NED WILLIAMS and TED JOANS to the effect that KASPER held inter-racial parties at his bookshop and preferred negro girls. One of his girl friends was described as a Brooklyn school teacher who visited EZRA POUND in Washington with KASPER. According to JOANS, KASPER had urged people to join the NAACP and procured twelve new members at a party but did not join himself, "because of the JEW". The complete tenor of this article was to the effect that KASPER did not practice what he preached about racial separation when it came to negro women.

SYNOPSIS:

FREDERICK JOHN KASPER, identifying himself as JOHN KASPER, made public speeches at Wetumpka, Ala., 9/17/56, Montgomery, Ala., 9/21/56 and Jemison, Ala. 9/22/56; had a press interview 9/19/56 at Montgomery and a TV appearance at Montgomery 9/20/56. Verbatim accounts of the 9/17/56 speech and the 9/20/56 telecast set out herein and data from other witnesses reflect that KASPER spoke frequently about his activities in Clinton, Tenn. in organizing resistance there to integration in schools, and charged the public officials there with corruption and with suppressing his and the people's constitutional rights. He charged the Federal Govt. with "thought control", and said that "we have a Communist government now". He paralleled the American Revolution against British rule with the fight against integration, and indicated that "if our constitution has truly vanished" that "we are going to literally have to fight". Stating on TV that he approves of action in violent opposition to law if the law suppresses the people's aspirations, KASPER said that if the Supreme Court continues to force "their own Communist ideologies" on the people, "this country is going to face some very very violent and critical times ahead of us". He said that the people are in revolt

against the Supreme Court desegregation decision. Repeating on TV that "for all intents and purposes we have a Communist government now", KASPER calls PRESIDENT EISENHOWER "a hollow pumpkin on a pole" and said that the people ought to be praying for the death of the next president, "STEVENSON, or whoever he happens to be". Ku Klux Klansmen in full regalia attended his speech in Jemison, Ala., where ASA E. CARTER of Birmingham, Ala. reportedly said, "When they try to integrate the schools where my kids are going, I will fight the National Guard or anybody else". KASPER made no violent statements that night.

Speech at Wetumpka, Alabama, September 17, 1956

On September 18, 1956, Mr. WALLACE C. McDOW, Radio Announcer of Radio Station WEPU, Wetumpka, made available for copying, what he described as an original recording on magnetic sound recording tape of a speech made by KASPER at Wetumpka, Alabama, on September 17, 1956, at a meeting of the Elmore County, Alabama Citizens' Council. Mr. McDOW said that this recording was made with the knowledge and permission of KASPER. Following is a transcription of that recording:

Thank you Admiral Crommelin. Good evening ladies and gentlemen of Elmore County, members of the Justice Department. The importance of the party platform is something that affects every Alabamian. The reason I'm here tonight, ladies and gentlemen, is to try and give you some idea of the broad issues which are involved and the entire resistance which was organized in Anderson Co. in Tennessee. I first of all went there at a time when I first learned of the situation in Clinton, Tennessee that the Negroes were going to be entered into the school there, when I was sitting in a hotel in Charlottesville, Virginia. We had just waged a three weeks fight over there where the local officials of Charlottesville had attempted to suppress constitutional rights, had arrested myself and three other men for distributing white citizens' council literature and applications. We were arrested, we were put on bond, a week later we had a trial and the charges were nol-prossed for lack of evidence. The real issue was never faced up to. Whether or not they had the right to prohibit free speech of any kind, the right of petition for redress of grievances as guaranteed in the first amendment of the Federal Constitution, the freedom of assembly which became involved in Clinton, Tennessee. But we whipped them there in Charlottesville. We went through it in the court. They tried to prevent us from having a rally a week later. We faced that down and we had our rally and while sitting there that afternoon before it I saw a little piece in the paper about an inch big stating that Negroes would enter the Clinton High School in Tennessee for the first time in its history and it was to be the first school in the history of the State of Tennessee to have Negroes enter it. I made up my mind then and there that were it possible I would go to Clinton. That I would find out from the people themselves if they were agreed to this mandate against them to put the Negroes in the school because one thing is eminently clear in this entire fight. The people themselves were never asked by referendum, by any means whatever, even by candidate or officers in office now to state whether or not they want to mongrelize their race, in the schools, the theaters, the restaurants, the hotels and the marriage bed (omission - indistinct) faced with that because (omission - indistinct)

rejected 100% and they know it. So I went to Clinton. A man interested in that situation went out, a Virginian; he borrowed \$50 that I could go. I arrived there exactly 36 hours before the school was to open for the first time with Negroes in it. I stopped at a residential area in Clinton, Tennessee; I went door to door; I asked parents were they aware that the Negroes were going to enter the school for the first time on Monday. They said they were. I asked them how they felt about it, without stating how I felt about it. They said we are absolutely opposed to that, it is against our deepest feeling on this matter of race. We do not want our children to be mixed in the school with Negroes, but we don't think there is anything that can be done about it. It seems to us inevitable. I told them it was not inevitable because I believed at that time that the constitution existed, that the rights guaranteed to every citizen to free speech, right to petition, redress of grievances, right to assemble, right to protest, still existed. I believed that and I asked them would they come with their children to the high school on Monday morning to organize a protest strike, I called it; some would call it a boycott, a massive and even passive resistance, nothing violent about it, nothing armed or aggressive, but simply that the people of Clinton had not been given the choice as to whether they wanted the Negroes in the schools or not and their state constitution provides that their schools shall be segregated, that is the constitution of the State of Tennessee and, therefore, I felt there was only one last recourse and that was the people themselves. My entire concept in that fight in Clinton was that of the common law. The common law is built on a custom of the people and is based on what the people actually believe in, what the people actually do, what they most subscribe to, what is their custom; even in some cases it might be a harmful one to them, but so long as most of them believe it is their right to have the defense of law to support. This is the basic notion of common law. It is the foundation of our law. It arose in 1215 at Magna Charta. When up to that time kings had exercised the right of Godhead and whatever a king said the people had to believe in, whatever a king said the people had to do, whether the people agreed with it or not. When the king wanted taxes the people paid more taxes; when they were levied into the Army they had to

go to war and the people themselves had no voice in government. And one day a group of farmers with their pitchforks and city folks with their muskets of that time or whatever they had, or just with their bare fists, they went up to King John and they said, "King John, we want part of this government too. We want what we call representative government, we want to play a part in it"; and from that time on the divine right of kings disappeared and the people themselves were taken into government. They had a right from that time on to exercise how they felt and that's the way with common law.

The segregation situation in Clinton my feeling was, still is, that if there's something the people don't like about their law or their government they have a right to change that law and change that government under the constitution. Our constitution is our bedrock, it is our foundation, it is our pledge and contract of the people and the sovereign states and we don't change the constitution except by the process provided in the constitution to change it.. So we had a strike. I had arrived there on Saturday. I spent until 11 o'clock that evening talking to people, going door to door, later I went down town and talked to a number of high school boys and talked to them about it. They did not want to go to school with the Negroes, they said they had their own ideas on how to handle the Negroes. Their idea was along the lines of violence. I told them we had no intention of doing anything like that. Our aim was to protest by having the white people themselves strike that school until the Negroes were removed. The following day, Sunday, I had planned to meet some boys to make some picket signs with various kinds of objections and so on to the Negroes entering the school. The only place to buy them was from the newspaper office, which was closed; but through another person I made contact with that newspaper and the editor said he would be there at 3 o'clock to provide me with show cards so we could make our picket signs. At 3 o'clock the editor arrived in company with the state attorney general, several men I believe were FBI Agents, the Sheriff, the Mayor and various local officials. They told me they had heard of my plan to cause trouble in Clinton. I told them what my so-called plan was and that I was not there to cause trouble, but that as a last resort the people

themselves needed to be called into this fight. They said, we have spent \$10,000 of the people's money. We have spent \$10,000 fighting this. We have done everything we can. There is nothing else to be done. There is nothing else we can do. We have spent all this money, the taxpayer's money for two years fighting it and don't you know that this decision was issued, don't you know that there is no other way now and we have been having orientation courses, they called it, to orient the students' minds to accept Negroes into the schools, get them brain-washed and soften them up and get them ready for eventual mongrelization. I said so far as I know there is no objection, cannot be any objection under the constitution as I know it, that if a parent doesn't want to send his child to school he has a right to keep that child out of school. That he is not yet, I report at that time, not yet. We have not yet arrived at the point where we have a soviet dictatorship, where we have regimentation of human life, where we are told what we must do and where and when and how and how much. My concept of America to that day was that we had not arrived at that point, that we were still the free nation we think ourselves to be and in a position to resist it, but they asked me then repeatedly would I leave Tennessee. We want to keep everything quiet. One of the main principles of the Communist conspiracy is divide and conquer. Keep everyone quiet, don't say anything, suppress anyone with any emotion whatsoever, with any deep-seated feelings, you are not supposed to have any and if you do, you may be mentally unbalanced, there may be something wrong with you if you have deep feelings. This is a cardinal principle of the Communist conspiracy, keep everything under strict control, everything. Ladies and gentlemen, I told them that I wouldn't leave Tennessee because I had already arranged with some 75 people to lead them out there that next morning, Monday morning, and that I felt it was the time to stand up and be counted in this fight. That we could no longer peek through the key hole of reality and evade the fight we eventually must make. That we could no longer stick our heads in the sand like an ostrich and act as if the enemy wasn't standing right there in front of us and they said why don't you go and petition the Supreme Court? Why aren't you back in Washington where you belong? Why don't you ask the Congress to do something

about this? Why don't you take it into a court, that is where you'll find relief on this thing, but the fact is that the Niggers are going in the school the next day, in Clinton, Tennessee, right there. But this is natural that that would be their approach. When you hear a news broadcast anymore you will hear 15 minutes of foreign news, you will hear 5 minutes of national news, perhaps a little bit about the Governor, how he's spending your money for you, something like that. But you won't hear anything about local news and what they are gradually eroding away from us. What they have taken away from us under the guise of emergency powers, under the guise of federal control, federal spending, is local control of local affairs, interest in local control of local affairs, interest in the kind of local government you have, the kind of a mayor and the Chief of Police, the kind of County Commissioner, because those men are the men who most directly effect your immediate lives, even if they tell you to the contrary. Now ladies and gentlemen, they then brought a charge against me for inciting a riot. You understand I was standing in the newspaper office talking to these men when they served me. I had incited a riot. They asked me where I had slept the night before. I told them in my car, so they charged me with vagrancy, and the fact is, it later came out in the trial, that there is no such statute, even in the books in the State of Tennessee for inciting a riot. They don't even have a law to cover it, but they wrote it up and it had all kinds of things in there, inflammatory literature and this and that and inciting the people to hatred and all kinds of things. So the idea was at that time to get me in jail temporarily at least, to get me in jail so I couldn't be out there Monday morning and lead those people in their resistance to the Niggerism they were about to get. Now it so happens that the people of Clinton, Tennessee just like the people here, are anything but a mob, are anything but rebels, are anything but a thundering herd led by some so-called outside agitator and rabble-rouser. There is nothing that can be resented more than those terms because the people themselves in that town and in that county, Anderson County, are among the strongest, most independent, most intelligent people you'll ever find in the world of white people and it wasn't necessary that I was there on Monday morning because they were

there; they got the picture; they knew what to do and there were 400 out there Monday morning and school was disrupted, the Negroes came in the Mayor's car, a few other white students went, but those people organized that strike themselves and they stayed out there while I was in jail. Finding this, also when they put me in jail the first time I told them I was going to call my attorney and I tried to, but couldn't reach him, so instead I called the newspaper press and told them where I was and the circumstances and within an hour it was all over the U. S. and they knew the jig was up on that because they said, no, don't let him get to the phone, don't let him call that newspaper press, because they wanted this thing suppressed, they wanted it quiet, they didn't want any trouble. They wanted to be nothing but a herd, nothing but a mob, a stupid dumb animal mob is what they want us to be, just pushed this way and that, pushed that way and this and to obey, obey, the mandate of the Communist on the Supreme Court.

Now ladies and gentlemen, between the time I was arrested that Sunday until the time I came to trial 9:30 the following Tuesday I was offered some eleven different occasions, by the states attorney general, a little man in a cowboy hat and fish hook, up there in Anderson County. On eleven different occasions he said I will reduce the bail bond and the jail door will be open if you will leave Tennessee. Now ladies and gentlemen, I was charged with a very serious crime. I was charged with inciting a riot, later I was charged with sedition, which was the only thing which seemed to fit my case so they threw that in too and vagrancy. They had men in that Anderson County jail who had been in there for 84 days awaiting a grand jury to find out whether they would be indicted or not and all they had done was make a little moonshine whiskey, but they couldn't get out, they couldn't even get bail bond, but this man, this Attorney General, which is a very high, honorable and important office in any state, it is designed to protect the people of the state against any crime against those people, and here I was a very very dangerous criminal potentially, if proven a riot, and especially if people get hurt, and he was willing to open the jail door and let me out. A number of segregation organizations also came to me with the same

deal and they were supposed to be for segregation, for the white man and segregation. Here's what we'll do for you, we'll get your bail bond reduced, I have connections here, I know lots of people here and we'll get you out of here, but you have to go back to Washington and I told them to go to hell.

So, we had the trial. I find it very appropriate to be in a court room now, I'm getting pretty used to this, standing and making my case to the people because that's the way every trial I've had has been. I've had two of them and every time the people present were the people I'm sitting with, sympathetic to why I was there. In the first trial I was acquitted by the people, it was more of a kind of a circus than it was anything else, every time the prosecution would say something the court room would boo and the judge would have to pound on his gavel, threaten to clear the court and every time my attorney said something in my favor they would clap and cheer. I was really acquitted by the people of Clinton more than anything else. The judge had no choice but to drop the charges because there was no evidence of any kind that I had started a riot or conspired to be seditious. That day we went to the school and we organized our strike. As soon as I was out many more people began to collect at the school. That evening we had a large rally in front of the court house, some 1,500 people were there. I told them about what a man can find out in 36 hours about people he's never seen before, on the good side and the bad side of things. I told them how amazed I was at the strength and power and independence and intelligence of those people and the courage above all that they had and their passionate belief in the race, in the white race, their passionate belief in personal character and having that character of good character. I found up there in Tennessee that the so-called common people, the folk, had been breeding themselves true for hundreds of years, the same people who had pushed into the wilderness to fight Indians, disease, starvation, to be free and independent people, the kind of people who produced an Andrew Jackson and a Polk and an Andrew Johnson and a Nathan Bedford Fox and those people, the people themselves, those mountain folk who make moonshine whiskey up there, there as strong and true as ever, but having climbed on top of them in the

middle of the night somewhere along the line, and how many generations ago or how recently I couldn't say, but on top of those folk had climbed what I intend to call a typical, vicious, political clique, which was there to harass the people, to do something to the people, not to represent them or to do anything for the people. I feel, even though you don't know those officials, it's worth telling you a little something about their character, it's worth something to know the kind of Sheriff they had there, who would sieze bootleg whiskey and then resell it to cab drivers, who holds two jobs, important jobs, there, when there are men out of work, who had all of his farmers deputized and on the payroll, who was well known to be nothing more than a thug, beating up men with his men who were perhaps a little drunk or had done some misdemeanor of some kind and beat them up, put them in jail, \$300 bond and let them stay there till they work it out a dollar a day. There are a lot of good men in that jail who shouldn't have been there. They had that Sheriff, they had a Mayor, who I'm told was a drunkard; he certainly had no character of any kind. They had a school principal who, if he had the courage, he said I believe in segregation, but he wouldn't fight for segregation. He said there's nothing we can do, this law has been passed we have to put the Negroes in the school. Do you think the people of Anderson County would have allowed that principal to be jailed by federal decree if he had fought to keep the school segregated? They would have never have allowed it, but he didn't have the guts for that. And what I found there was the first condition, I found it in the first few days, the first condition to breaking down resistance, to putting Negroes in the school, to beginning, to make a beginning at mongrelizing races, a corrupt local political clique, first of all, men who were pliable, who wouldn't fight, who were more interested in maintaining themselves forever, they think, in their political office, and also there was a proximity to Oak Ridge, Tennessee, which is a federal reservation and which was integrated over a year ago. Those are some of the reasons. At any rate, I explained this to the people every evening in speeches in front of the court house in Clinton. I told them to go on with that strike. I told them to continue to organize. I told them to form white

citizens' councils to maintain, that not only after we have whipped them in this fight we will have something to go on with and use through the whole County for good government in that area, local control of local affairs, men with front names, hind names and addresses. Well, two days later we had a very large meeting of between some four and six thousand people. Again I refer to the point that we were described as a mob, as a herd, as rabble. In that crowd, in that gathering of four to six thousand people at least half of those people were women and little children, babies. There was not one fight. There was not one obscene word. There was no swearing. Those people stood there and they listened. They were serious and they were interested because they were concerned. They were facing the most fundamental issue of their lives and they wanted to know what they could do about it and they were ready and willing to do something about it. There was no mob there. And it was that evening as I began to address those people, that the Marshal came and served me with an injunction or an order to appear in court the following day to show cause why an injunction against these activities, against this resistance, against this petitioning, against this free speech, why this activity should not be stopped, enjoin they called it. I also received at that time a what's called a temporary restraining order, which means to stop instantly. The Marshal who served it, he came with some six or seven others, deputies, he stepped in the door, handed them to me, told me what they were. He told me about the injunction and I said that's all right, I'll read it myself and I put them in my pocket. There was some eight pages on one document and four pages on the other. I was gone about two minutes. He could not possibly have read it to me in that length of time, and then I returned and continued to speak to those people. The following day when I appeared in court I was arrested for having violated the restraining order when I continued to speak. The temporary injunction was granted at that time. The following day the case was concluded. We had two days of trial. I was found guilty of contempt of the court order and sentenced to a year in jail. A week later or five days later I was out on bond, I made a speech with Ace Carter in Oliver Springs last Sunday, a week ago, and then came to Alabama, where I've been since. Now ladies and gentlemen, that is the actual background of what happened at

Clinton. That is what actually happened on the surface of it, but there is many more things that happened that are not on the surface and that so far the yellow the press, the corrupt and degenerate newspaper press, there are a few exceptions to that statement, but by and large a lying press, has not yet brought to the attention of the American people. When I was first out on bond I purchased over \$10 worth of newspapers from all over the U.S. with accounts of what happened in Clinton. There wasn't one account that wasn't tainted, there wasn't one account with the same old story, outside agitators, outside rabble-rousers, mob of people, unruly, unintelligent, mob in the streets, trying to kill 8 Negroes. They all had the same story. Not one reporter had the facts or if they had the facts they made sure that they were changed. The fundamental issues, certain portions of the press are beginning to come to their senses now that I have been properly convicted and possibly no longer a threat to the peace of the southland, the calm, subservient, quiet, sheeplike, integration of Negroes into our school system. They are beginning to talk now about the constitution, what happened to it, where is it. Do we have any free speech? Are we allowed to assemble? Can we petition against anything we don't agree with? Or do we have to sit and take anything they tell us? Our constitutional tradition says we do have those rights, but on last Sunday apart from this case, which I'll deal with, Ace Carter and I went to Oliver Springs, went to Clinton, to ask permission to hold a meeting and they said no that will violate the injunction if you're going to speak on the school situation and Ace Carter asked if he could speak on integration generally. Could I tell the people about Communism and Karl Marx and how integration is part of the Communist conspiracy, because the white race is the only resistance to Communism. They said no, that will violate the injunction. This is the United States of America. This is the land of the free and the home of the brave. This is the land where you can tell your neighbor what you think of it. You can tell the President what you think of it. It used to be. We are told of the Soviet Union where they have the thought control. It's the Communist countries where they have the thought control, where there's a knock on the door, where they're not allowed to criticize

the State or Stalin or Lenin or anyone who is a Communist boss. You can't talk about integration any more. You can't talk about segregation any more. That's not your right. You can talk about integration if you mean you're going to help the Negroes into the school system, yes, you can do that. If you want to work to get the Negroes into the churches you can talk all you want about that. Has the Regional Conference on Southern Welfare ever been enjoined or the NAACP ever been enjoined by the federal government? Have they ever used the police power on them? They never have. With any man who would fight for the white race, as least in this case, as the first case, the government itself has struck him down, or tried to. What can we conclude about our government, particularly if we know that it is part of the Communist plan to destroy the white race, to mongrelize the white race? It means we have a Communist government. We have it now. Just we sitting here, we don't see the uniforms, but it's here, it's here now. The entire issue in the case in which I happen to be a principal is whether or not we have a constitution left. I won't go so far as to say our government is now a Communist government, but in two and a half months I'll be prepared to say precisely what it is because, ladies and gentlemen, if this case is not reversed in the appeal court or the Supreme Court this means we have no constitution, make no mistake about that and they were in the court room telling me that I was advocating a government of men not laws, that is exactly what they will have given us, a government of men and not of laws and a government of men who have thought of Communists or subservient to the Communist conspiracy to destroy the free white man. It is my absolute conviction that the people of Clinton, Tennessee, myself and Clay, Ky. and Sturgis, Kentucky, and Mansfield, Texas, and anywhere else where this pops up are exercising their free speech when they state they don't want Negroes in school with white children, that it is in no way a violation of the American constitution which provides in its Tenth Amendment that the state shall regulate and control their own affairs and if the states don't regulate it the people themselves shall. This is right in our constitution. This is the great issue that is facing us now. There was an editorial the day before yesterday in a Washington paper. There's a newspaper up there owned by a criminal

named EUGENE MEYER which is called the Washington Post and the Washington Post has constantly fought for the rights of Communists, the Communists who are called before the Congressional Committee and investigated as to their background, Communist background. They have always defended them, pleaded that they not be sent to jail, pleaded that they would have the right to except themselves from the American tradition, the American pattern and welded to the American constitution. Their plea is that these men be made exceptions, that the Communist doesn't apply, but recently this past week they attacked myself and said that under the circumstances, since violence had occurred, that free speech should be denied. Now what does this mean? It means that the reds and the pinks and the liberals and all those people who believe that there's some kind of a vision in the Soviet Union and that there's nothing in our own traditions to look to to remain as free men. It means that they are now showing open and naked power. The Supreme Court did that in 1954. They made an open show of naked power, because their decision was not based in any sense on our constitutional tradition or previous Supreme Court decision or the common laws of the people or our states' rights. It was not based on anything like that. It was based on the view that a Negro could not get along in this world if he can't sit next to a white child. They frankly said so, whether that happens to be true or not. They said this is the reason we are making this decision. What it was to legislate, to legislate by judicial decree, by a court decision, to legislate something that had not itself ever gone through a legislative body, a representative body of the people which would reflect in any way what the people themselves want in this matter of segregation. We have a naked show of power. To repeat, the case I'm involved in is perhaps the most important case that has ever been in this entire segregation fight. The fact that I'm under sentence of a year in jail doesn't mean a thing to me. I'm a very young man and a year isn't too long, but when that restraining order was issued on me it was not on me, John Kasper. When those handcuffs were on my wrists they were not on me. They were on the entire American free white people.

That restraining order was served on the entire American people. It said you are restrained from exercising free speech. Henceforth you shall be a part of our machine, our integration machine. You have no right to object to a Negro in your school. You have no right to object to a negro in your restaurant or in your hotel or in your marriage bed. That is not your right. Now my understanding of the American concept of freedom is very simple. It's the right to choose or refuse one thing at a time and we don't have the right to make that choice any longer and the right. My concept of law in this whole fight has been that the aim of law is to prevent coercion either by force or by fraud, that is what law is for, but the Supreme Court decision is a forceable coercion on the American people. They know the people of Alabama, Mississippi, Georgia, South Carolina, the border states, North Carolina, don't want integration. They don't want race mixing. They don't want race mongrelism, for whatever reason they don't. The real reason is that the people of the southland in our country are the only people who have retained a profound sense of race and what race means. What is the importance of race, what you are, who you are, your heritage. We recognize the genius of other races. We recognize the Greek and the Chinese for moderation. We recognize the African for agriculture. We recognize the Hindu for tolerance for all living things. But the white man's concept is free government, free institutions. And the white man, with his religion of Christianity, the most positive, the most uplifting experience in the western world, that has been brought by the white man. The white man has actually fought to be free and other races have failed to do so. The white man's inventive capacity, the white man's creative ability. The white man's arts, his industry, his inventions, manufacturing, his farming. We are called white supremacists, but we know what our facts are, we know what our heritage is, we are proud of it, we want the Negro to be proud of his own. We will even help the Negro to be proud of his own, but the fact is (indistinct) has been long gone, it is the only place left where there is a wide number of white people who fully understand the importance of race, the importance of race integrity and race purity and the Communist

knows this and it is now that he has launched his attack on the South. The north has been long gone in this whole fight. Now ladies and gentlemen I'm sure you want to know something about what can you do about this. Is there anything we can do about this (technical difficulty - omission). Otherwise it's a very depressing picture. It means that we are only a few steps away from what they've now got in the Soviet Union as a concept of government and they have no concept of free government. If this decision is not reversed and there seem to be similar cases developing toward it. Like it. Over there in Arkansas the government has stepped in and is a friend of the court to prosecute 500 people who have kept their children out of an integrated school. Again the federal government becomes the enemy of the people. If this thing continues, if these cases do not find relief under the constitution and we no longer have constitutional process, we must immediately, and why not now let's begin to look at it realistically and squarely. Let us no longer evade one fact of one aspect of reality. We must begin to work on our own (indistinct) to enforce race mongrelization or any other kind of continuing corruption of our politicians who have brought about this condition (indistinct), the Communist is the source of the idea, but it is our own politicians who have been failing us time and time again. A hundred men signed the Southern Manifesto. They say, "We are for segregation," and where are they in Tennessee, why aren't they up there, why didn't they open their voice and say, yes, help those people fight, help them. But it said no, call out the National Guard, throw tear gas bombs on people who didn't have one arm among them, not one shotgun, not one pitchfork, bring in your (indistinct) and your tanks and your machine guns and your 600 steel helmeted National Guardsmen and put those 12 niggers in that school. Not one of a hundred Southern Manifesto signers raised his voice in protest to that. The Governor of this state, FOLSOM, a living miracle - a living miracle, has failed in two times in office to show he has any brains or guts. He has said, God bless

FRANK CLEMENT of Tennessee. I'll do the same thing when they come over here. He has promised it to you folks and learn now that here in Alabama, the testing ground, the battleground of integration and segregation and Communism and red dictatorship in America, the testing ground's right here, it's coming close to you now, it's coming right here in your own door. Your own politicians, many of them, and there are some who didn't, but some of your politicians and your state legislature had you people go to the polls on the 28th of August and told you that you were voting for segregation, to keep Alabama segregated. Some of those men who told you that knew differently and some of them didn't, but some of those men actually were that (indistinct) as to tell you that you were voting for segregation when you were taking out of your constitution the only means to keep Alabama schools segregated and you have not touched segregation in your constitution today. It isn't in there. It was taken out on the 28th of August and they told you you were voting for segregation, and that yellow filth, the newspaper press, Montgomery Advertiser, Birmingham News, Mobile Press Register, one worse than the other, liars for hire, everyone of them - (technical difficulty - omission). Up there in North Alabama somebody with a (indistinct) half and half, tried to get in. But (indistinct) lack of anything in your state constitution. Tennessee is actually better off today than Alabama is because they still have segregation in their state constitution and Alabama does not. But to show what absolutely corrupt and degrading depths the politicians will go to, they are told they have to do something to protect the people on this issue of segregation so they throw a bill in like that and they're actually destroying you, your children and their children. Now the white citizens' council movement (indistinct) is a drive for good government in every respect, in every aspect, not only in this segregation fight because the segregation breaks down so soon as you have those local corrupt politicians, the NAACP is there yet and the Communist is there pushing this thing, but it's not possible to get in if you have the Mayor of Clay, Kentucky. No nigger is going in that Clay

school with a Mayor like that or with the people backing him up or with those local officials or a school board like that, but as soon as you get a school board as you have in Anderson County, Tennessee, the niggers go in and our concern is in getting better government at a level that probably we have not even seen yet in our life time, that has hardly existed in our nation since our founding fathers, the ideals we constantly return to. There have been good men in public office through all this time, but there is very few, a very few men able to withstand the press of so many corrupting forces that they themselves are able to be a force, but we now must begin to think of other remedies. I made a speech in Birmingham last week, which was quoted widely, two sentences of it. "That we need all the rabble rousers we can get and we want trouble wherever we can find it." that's what the press printed. The meaning of that is simply this, and what I said then and I repeat here now, that time was before we had a free government and a union of 13 sovereign and independent states forming our first United States, the time was when it was discussed widely in the minds of the people would we continue to be under the allegiance of the British crown and pay taxes to them, pay allegiance to that crown and be subservient to it, or would we declare ourselves free and independent, it was discussed for many years before it actually was decided, because impending in such a decision was the fact that if you declare yourself free it may be necessary to fight for that freedom. They decided they no longer would recognize the British crown and they fought and they won and it was people just like ourselves who when they heard the Redcoats were coming met on the bowling green, again with their pitch forks and their shotguns, and whatever else they had, or their bare fists, and they were ready to pledge, as they said in those days, their lives, their fortune and their sacred honor. In this fight there are many of us who have now reached the point of pledging our honor, some of us have seen that it will be necessary to pledge our fortunes and ladies and gentlemen, if our constitution

has truly vanished, been usurped and taken away from us, we are going to have to pledge our lives in this fight and we are going to literally have to fight for it and it doesn't mean that the other man will do the fighting or I wish that would be done, or I wish that nigger would be strapped, I wish he couldn't get in there, I wish he wouldn't come in my restaurant, I wish he wouldn't come up to this door. It means that you are going to have to take a position.

"It means that you, each and every one of you will have to do the work, you'll have to have your own courage and not someone else's, you'll have to strengthen up every single conviction you ever had on your own race and on a concept of a man's personal character. We have noticed in this fight, there are many people who call themselves segregationists, I believe in segregation, but don't fight, we must work through the courts, no matter how corrupt they are. I believe in segregation and in many cases we find them, we found that these so-called segregationists are fighting other segregationists who may be really fighting, but the main thing is that there are more people who fail for lack of talent than for lack of character. More people whose character is not strong enough, they know what this is in their minds, but they are not willing to stand and take a position and fight for this thing. (ommission) With your being threatened right now with negroes entering the University of Alabama again and this time it's not one it's two or six or how many and are we going to have to go through that every year and have the riots that FOLSON said he doesn't want. It does mean, whatever happens, that we ourselves are going to have to be there, use our own hands and devise our own solution. We have to keep working through our ballot box, we have to get men who have never before been in politics, who have never taken an active part in civic life, civic affairs, or who see that their own children, their own race is being threatened for its final destruction if they don't get in there now and do something about it. They are going to have to run for office, every single

kind of a local office, men who would never conceive of being in politics before, for Sheriff's Office, Police Chief, Mayor, City Commissioner, Road Commissioner, Dog Catcher, every conceivable kind of local office. Too few of us have seen how the corrupt, but alert, politicians have made use of the ballot box to destroy our children, to perpetuate themselves in power, or to put another man in power to succeed themselves who has identical soft notions on race mongrelization. Last night JOHN SPARKMAN said that he is against the Supreme Court decision. The Supreme Court decision was on May 17, 1954. This is the first time I have ever heard JOHN SPARKMAN say anything against the Supreme Court decision.

"He would never open his mouth on the LUCY affair, he would never open his mouth on the Clinton affair and if there's one thing I can get across to you tonight, ladies and gentlemen, is, to go back to that Clinton affair, is that if these men were truly sincere, if they were real segregationists, if they were white men of the highest caliber, they would have supported the people of Clinton, Tennessee, they would have said so.

"Now a few state governors have come out and said they never would use a bayonet to force their people into integration, but we, sofar as Alabama is concerned, Tennessee, we, even I, as an outside agitator, which I've been called, it's supposed to be none of my business what happens in Alabama or Tennessee, supposed to be your business, your supposed to take care of it, and I know, given the facts, given the time, and given the situation, you will take care of it, but my interest in being in Alabama and Tennessee is because I'm interested in the white race, I'm very interested in what happens to it and as far as I'm concerned it is my business wherever it's threatened.

"The way I feel it's best to work in preparing ourselves for the enemy and their coming here in Alabama

is through the white citizens' council. Our notion of a citizens' council, or my notion, is an organization very similar to the old town hall meeting at the time when the colonies were deciding whether or not they would fight for independence or whether they would be part of Great Britian. And they got together and they discussed their own affairs. Their own rulers of that time were corrupt, they had the same scurrilous, dishonest and lying newspaper sheets in those days as they have now, which gave the people no information of any kind whatsoever, except as part of what was then the British conspiracy, today it's the Communist conspiracy. When it became necessary for people to talk, to communicate, as so many of you do on a Saturday afternoon in town, when it became necessary to talk about things besides the crops and the rain and business and television and cars, it became necessary to talk about good government, it became necessary to talk about how they were going to free themselves and remain that way and that is the concept of the citizens' council. It's for every one to come down and put in their two cents, to find out what they can about what's going on and to put in their idea and what they think should be done about it. We consider it a very democratic process. Our idea is there should be a white citizens' council in every town in the state, in every county there should be one. Concern with government, find out what kind of men are running in your elections, look into their record, find out where they stand on segregation, find out if they are really opposed to Negroes in the schools with the white children, and then do something about it. Then you organize, you educate other people and beyond that, ladies and gentlemen, if law and order has proven broken down and our constitutional process does not exist, when law and order breaks down, again it's for the people themselves to find their own remedy. I suggested the other night that perhaps we should organize, and again that should be through the white citizens' councils, a kind of a roving band or roving force of people, to be outsiders if you will, to be outsiders of a situation where there is trouble, where there is help needed immediately and to

come and help those people. If those people in Clinton, Tennessee, need more help outside that school house those of you who have a weekend or a day, be there, help them, because their fight is your fight and what happens to them is going to affect you. And you know our whole concept here, we want again to have come into wide use such words as honor and courage, nobility of action, we cannot to win this fight, continue to (indistinct) only whatever material needs we have to satisfy and to keep increasing them. The men of old who in a given moment of historical crisis stepped out of their shoes, stepped out of their own skin and saved their nation, saved their children, saved their race, they did it by tremendous self-sacrifice, they did it by selflessness, they did it by giving everything they could at a given time without consideration of themselves. It may mean spending weekends, days off, passing out literature, educating people, what are the real issues of race, why is it so important. It isn't just because it's always been this way. It's because it affects you fundamentally, the way you are. Ladies and gentlemen, those of you who don't live in Elmore County, if you haven't got a citizens' council you should organize one, at least that is our view, that you should. Some kind of organization with which you can deal with problems which will not have in them politicians who would only use you people again to further their own interests.

"I believe that it won't be long before the battle of Alabama will begin. If any of you have not taken an active interest in your own race and in your own children up to now I cannot urge on you with any more sincerity any one thing than that now is the time to organize, to find out, to be able to do something. There is no question they're coming here in the deep south. The old story that the people of Alabama know how to handle Negroes doesn't hold up any more, or the people of Mississippi know how to handle the Negro, doesn't hold up any more. We have heard that many times, but I've heard it about North Carolina. I've

heard it about Tennessee and they're coming in, they're coming in all the time. It is not hopeless by any means. We can whip this thing, but it's only through the people themselves. Our concept of a citizens' council is primarily the people who either produce something with their hands or transport something, the working people, because they're the people who suffer the most from Negroes mixed in their schools, homes, churches and every where else and they're the people who in the end do most of the dying in our wars and pay most of our taxes. Politicians are able to go elsewhere, private schools and so on, but now is the time. I don't think the battle of Alabama will begin in anything more than a year away. There is going to be some kind of trouble at the University this year and now that we have nothing in the Alabama constitution to maintain segregation with it will become so that there is something going on here and there and every where else and so hard to keep up with, so hard to get there as our roving force and our roving band, if we have such a thing, to stop. Now they say the Ku Klux Klan is organizing again. To me that's good news. What their plan is, to deal with any of this, I don't know. I certainly believe that you people should be organized as quickly as you can be, that you can't any longer ignore this one issue, which is, ladies and gentlemen, not just the segregation issue, but to come back to what I was talking about mostly through this evening, the question of whether we have any rights at all left or are constitutional rights for Communists only. Do non-Communists have any constitutional rights? We feel that issue will be decided in this particular case that I happen to be involved in. But the lesson of Clinton, Tennessee, is that the federal government is now prepared to harrass the people, to force them, and instead of being in close harmony with the people, instead of working for them and being their servant, it has decided to become the people's master. (omission) This is an unprecedented. This is not scheduled in this meeting here and I personally did not expect to see ACE CARTER here, but he is over there and I just wonder if it would be all right with the

people here if ~~ACE CARTER~~ could speak for a few minutes because he is certainly one of the great segregation leaders in this fight."

Mr. LESTER HOLLEY, JR., Wetumpka, Alabama, advised on September 18, 1956, that he was present at the meeting of the Elmore County (Alabama) Citizens' Council at the Elmore County Courthouse, Wetumpka, on the evening of September 17, 1956, and heard the above speech delivered by KASPER. He also listened to the recording transcribed above, and said that it was in his opinion a true and correct reproduction of KASPER'S speech.

Mobile informant T-1, who has furnished reliable information in the past, furnished on September 25, 1956, the following account of KASPER'S September 17, 1956, speech:

"Circuit Solicitor ~~GLEN CURLEE~~ of Wetumpka introduced Admiral ~~JOHN CROMMELIN~~ (Retired) and CROMMELIN in turn introduced JOHN KASPER. KASPER, after addressing himself to the assembly with the phrase "Ladies and Gentlemen, Citizens' Councils members and members of the Justice Department," related his experiences in Clinton, Tennessee, saying that he arrived at Clinton just thirty-six hours before the school there was to be integrated, and went on a house-to-house canvass, asking parents if they wanted their children to go to school with Negroes. When they said that they didn't, but thought that it was inevitable, KASPER told them that it was not. KASPER related how he talked to some high school children who talked of violent ways to keep the Negroes out of the school, and told them that such violent ways were wrong. In his speech, KASPER repeatedly indicated his belief that the United States Government is Communistic, and referred to what he called the Communists on the U. S. Supreme Court. At one point he cried out in a loud voice "Where is our constitution!" He made reference to previous newspaper quotations from statements purporting to be his, made in Birmingham during the previous week, and "more or

less back-tracked" on those statements, but then said very much the same thing in a much milder tone, and said "If our constitution has been forgotten then we will have to fight." In his speech, KASPER referred to the early American Colonies who decided to fight against England and won independence. He said that the time has come for men who never thought of getting into politics to run for offices, from Dog Catcher on up, and that there were not enough men in public offices who could stand up like men. KASPER made reference to the reorganization of the Ku Klux Klan and said that was good. He advocated the organizing of roving bands of citizens to go here and there, to help where they were needed, to prevent integration. He constantly repeated that our government is getting more and more Communistically inclined, and spoke of our rights being taken away - freedom of assembly, speech and petition of redress of grievances, and said that if he didn't win his appeal (of his conviction on contempt of court), then that would prove that our Constitution did not guarantee anything. He said that Alabama would have the same trouble that Clinton, Tennessee, has had, within a year."

T-1 also advised that at the meeting on September 17, 1956, a cash collection was taken up for KASPER and that in a conversation with persons there after the speech, Admiral CROMMELIN said that he met KASPER two years ago in Washington, D. C., where KASPER owned a bookstore.

Press Interview, Montgomery, Alabama, September 19, 1956

Mr. HENRY BRADSHER, Associated Press Correspondent, with office in the Advertiser Company, Montgomery, advised on September 25, 1956, that he interviewed JOHN KASPER at Montgomery on September 19, 1956. He said that KASPER disavowed any intent to stir up violence, and claimed that his previous references to "roving bands" did not indicate violent bands, but groups of persons who would organize resistance to integration in threatened cities, by calling on citizens, passing out leaflets, and forming

picket lines. Mr. BRADSHER asked KASPER about alleged statements that the roving bands would "take over" a town, and KASPER replied that he meant that they would take over by the ballot box. When BRADSHER pointed out that non-citizens of a community could not vote on such short notice, KASPER said that he meant that the roving bands would "educate" the people of the town, and teach them how to vote to preserve their way of life. Mr. BRADSHER said that ASA E. (ACE) CARTER of Birmingham was present during the interview and appeared to be in complete agreement with KASPER'S remarks.

Television Appearance on WSFA - TV, Montgomery, Alabama,
September 20, 1956

Mobile informant T-2, who has furnished reliable information in the past, requested on September 27, 1956, that his identity be maintained confidential until and unless the information furnished by him be needed in an appropriate judicial procedure. T-2 said that in such event, he would honor any proper court instructions to produce evidence of the information furnished by him on September 27, 1956, and set forth below:

On a telecast on station WSFA-TV, Montgomery, Alabama, Channel Twelve, on the evening of September 20, 1956, JOHN KASPER, known to T-2 as leader of a Citizens' Council organization in the District of Columbia, was asked the following questions by WSFA - TV News Reporter FRANK McGEE, and furnished the answers indicated.

Mr. McGEE: "Do you believe that the Negro is by nature inferior to the white man?"

Mr. KASPER: "I think the Negro has his own special destiny, which is entirely different from the white man's. The white man should and must exercise the role of dominance in the United States. I think he has an innate superiority for the type of civilization that white people want."

Mr. McGEE: "You mean that he has innate superiority?"

Mr. KASPER: "I do, for the type of civilization that we've got here. In the matter of organizing government -- free government, the Negro has historically always fallen into slavery. The white man has fought to keep himself out of slavery, and it is the only race that has done so with any success."

Mr. McGEE: "Do you believe that segregation should be ended at any time under any circumstances?"

Mr. KASPER: "No, I don't. I believe that segregation should be established where it doesn't now exist, not only with regard to the colored races, but to other races that are alien."

Mr. McGEE: "What other races would you mention in particular?"

Mr. KASPER: "Any race or any racial component in the United States which is not composed of the Anglo-Saxon or Nordic peoples, the people who come from northern Europe, England; I think they should be given their own status apart from the white people. (Two or three words indistinct).

Mr. McGEE: "Could you elaborate?"

Mr. KASPER: "Segregation is the right of the South. If segregation is ended, the South is destroyed."

Mr. McGEE: "Do you think that this country has anything to fear from the Jews?"

Mr. KASPER: "I do, I think there's a very serious Jewish question."

Mr. McGEE: "What would that question be, in your mind?"

Mr. KASPER: "I think it's their -- well, their international finance that has brought nations

into war at times, senseless wars in recent history, their leading role in Communism, their leadership of Communism in the world and in the United States, their efforts to mongrelize the races right here in the United States. They are one of the leading elements in integration moves. I think they seem to exercise an unnatural control and monopoly in the newspaper press and in communications, which does not reflect the best constitutional traditions of our country, and the founding fathers' ideas and visions."

Mr. McGEE: "Were there anything in Hitler's racial views that you would endorse?"

Mr. KASPER: "I am not familiar with Hitler's racial views."

Mr. McGEE: "He was anti-Jewish to the extent of having many of them slaughtered in concentration camps over there. Would you endorse anything like that?"

Mr. KASPER: "No sir."

Mr. McGEE: "You do not believe in racial extermination then?"

Mr. KASPER: "No sir, I believe in racial segregation."

Mr. McGEE: "Do you think that this country has anything to fear from the Catholics?"

Mr. KASPER: "I have never had any acquaintance with the Catholics to any extent."

Mr. McGEE: "Then you do not feel of yourself as being opposed to the Catholics?"

Mr. KASPER: "No sir."

Mr. McGEE: "Do you approve of the people taking the law into their own hands?"

Mr. KASPER: "No sir, I don't."

Mr. McGEE: "Do you approve of the people taking any action which might be considered in violent opposition to the law?"

Mr. KASPER: "Yes, I do, if, I feel if laws are so framed as to be nothing but a curse to the people and their welfare and their innate feelings, and their total aspirations -- what they want in life, what their highest ideals are -- that the law is nothing but a restraint and destruction of them as a people, or their institutions, then, why, they should work to change that law."

Mr. McGEE: "With violence?"

Mr. KASPER: "Well, not -- it depends on what you mean by violence."

Mr. McGEE: "With one of the flagrant acts of lawlessness, with physical abuse of someone who disagrees with them."

Mr. KASPER: "No sir, I don't believe in violence if there's any recourse to legal procedure. If the court system is corrupt to the extent that there is no legal procedure, the people themselves will obviously have to find their own remedy."

Mr. McGEE: "Do you believe that our legal system is corrupt to that extent on this particular question?"

Mr. KASPER: "I believe that our court system is extremely corrupt. I would say in that connection that the people who fought our colonial revolution -- that revolution was fought twenty years before the actual bloodshed occurred. There was a revolution which first occurred in the minds of the people themselves, when they decided to be independent and free, and they couldn't stand the tyranny of British rule, and they opposed it in their own minds."

If the Supreme Court continues to force and coerce their own Communist ideologies on the American people, who basically will not accept it, and don't want it, I think this country is going to face some very very violent and critical times ahead of us. It will be necessary."

Mr. McGEE: "Do you believe that the people can violently oppose constituted law and not be in revolt?"

Mr. KASPER: "They cannot violate constituted law and be in revolt, you mean, uh, would you say constitutional law or just law that happens to be?"

Mr. McGEE: "Law based on ruling."

Mr. KASPER: "I would say the people are in revolt against this Supreme Court decision right now. Yes sir, they've been in revolt."

Mr. McGEE: "Do you believe that the Communists are fostering integration?"

Mr. KASPER: "Yes sir, I positively do."

Mr. McGEE: "Have you ever seen anything in the nature of evidence to support that?"

Mr. KASPER: "I certainly have. I've seen it at Columbia University in New York; I've seen it on the streets in New York City; I've seen Communist meetings where PAUL ROBESON and BENJAMIN DAVIS, JOHN GATES -- his real name is ISRAEL RAGENSTRETCH (phonetic) -- he's the editor of the "Daily Worker," they came and spoke in these interracial meetings; they advocated interracial meetings; and the necessity to destroy what they called the lily-white and white supremacy and the white race, necessary to attain the objective of world Communism."

Mr. McGEE: "Why do you think that Alabama State Senator SAM ENGLEHARDT'S wing of the white

citizens' Council has the wrong approach to this problem?"

Mr. KASPER: "Well, I think because (one or two words indistinct) that he and many of his followers are basically dishonest and insincere -- that they are simply trying to get a foothold in Alabama politics outside of the regular, or perhaps irregular machine -- the LISTER HILL machine, the SPARKMAN machine, the FOLSON machine. They see a way to maintain themselves politically through the white citizens' council. They are not a peoples' movement. The people themselves have no role in this council so far as I can see. They are political councils -- politically controlled."

Mr. McGEE: "Would you disagree, then with their advice to resist integration by all legal means?"

Mr. KASPER: "I would disagree with that if that means not to fight in the face of the Supreme Court decision -- that there's nothing we can do -- we must accept it -- we must adopt it."

Mr. McGEE: "When you use the word 'fight' it could possibly be misconstrued. By that do you mean to resist, or to take actual open, physical action?"

Mr. KASPER: "It means to use every available means, every possible means."

Mr. McGEE: "Including the last that I mentioned?"

Mr. KASPER: "Well, I don't know."

Mr. McGEE: "I don't want you to be misunderstood."

Mr. KASPER: "I don't know. I mean to use every possible means available. If the courts themselves, the Federal Judiciary System, is positively following

Communist ideology, how can one have recourse. I haven't heard yet of one suit that has been thrown out of federal court where the NAACP and other alien organizations have tried to put negroes in the school. The NAACP keeps winning. These phoney segregationist groups say 'we are for segregation' and when any action occurs as of the people of Clinton, Tennessee, the ARTHURINE LUCY case, or anything of that nature where the people themselves demonstrate against it, where they petition against what is being done to them, you'll find these segregationists run, the minute the integrationists give them some criticisms, or the press."

Mr. McGEE: "One question now, a bit different from the others. What effect do you think our current racial difficulties in the South will have on our future industrial and business growth?"

Mr. KASPER: "Well I think they have the greatest possible detriment to the South, because the races have developed peacefully and in the greatest harmony for eighty years here, ever since the Reconstruction Period; and the main facts in that case are that the white people themselves have furnished tremendous educational facilities for the Negro -- high schools, colleges -- some of the finest schools in the world for them. There are better schools in Montgomery, Alabama, and Charlottesville, Virginia, for Negroes than there are in New Jersey for white students. Also, the Negro's role in agriculture in the South is very great. They can't get jobs available in many cases in the North. They have a great deal of employment here. They're taken care of by the white people. The white people have deep respect for the Negroes. They've gone out of their way to take care of them.

"But you have now a Communist Supreme Court, you have, for all intents and purposes, as was seen in the Clinton -- in the use of federal police power in the Clinton demonstrations there to coerce the people -- we have a Communist government now. We

|| have a hollow pumpkin on a pole, EISENHOWER; and as far as I'm concerned, the people ought to be praying for the death of the next President, STEVENSON, or whoever he happens to be; because they are all committed to the destruction of the races, not just the white race, but the colored race."

Mr. McGEE: "What do you feel you are contributing to furthering understanding between the American people and other people of the world?"

Mr. KASPER: "My concern, and what I think is useful action on my part or anyone else's in this fight, is that we are attempting to restore our basic racial pride in what we are -- in what we consider to be the most important achievements of the white race, which is free government."

Mr. McGEE: "Do you expect the darker peoples of the world to understand and appreciate this?"

Mr. KASPER: "I certainly do. I've talked to many Negroes who are completely opposed to race mongrelization. In fact, I should say most of them are. There's a Negro Bishop, as a matter of fact, in New York City, who has been sponsoring a plan to have the Negroes move back to Africa, to colonialize them there. He feels that that's their native continent and that they belong there -- that they belong -- that they're out of place in the United States."

Mr. McGEE: "Would you support such a . . . (interrupted by KASPER'S reply)?"

Mr. KASPER: "Well I certainly would."

Mr. McGEE: "Have you ever discussed this with, say, anyone from India or China? "

Mr. KASPER: "Well, the Chinese have their own racial destiny. It's not much of a problem in the

United States. We have no Indian population to speak of."

Mr. McGEE: "I was curious to know if you think they would understand you."

Mr. KASPER: "I think they would understand us. The Indians forcibly moved the Pakistani people over into Pakistan when they partitioned there."

Mr. McGEE: "Was that on a racial basis?"

Mr. KASPER: "Positively on a racial basis."

T-2 advised that the above telecast was entitled "The Degree of Difference," and that Alabama State Senator SAM ENGLEHARDT, Executive Secretary of the Citizens' Councils of Alabama, was asked approximately the same questions, and gave his answers. T-2 explained that the purpose of the telecast was to show the "degree of difference" between the points of view of the two segregationists.

Speech at Montgomery, Alabama, September 21, 1956, at the Woodsmen of the World Hall

T-1 advised on September 25, 1956, that he attended a meeting on Friday, September 21, 1956, at the Woodsmen of the World Hall, 5 South Court Street, Montgomery, Alabama, and heard an address by JOHN KASPER. T-1 furnished the following information:

KASPER spoke from 8:00 p.m. to 10:00 p.m. to a group of about fifty persons. He repeated almost exactly the same account of his activities in Clinton, Tennessee, as in his earlier address on September 17, 1956, at Wetumpka. He then criticized Attorney General HERBERT BROWNELL for introducing Civil Rights legislation in order to get the Federal Bureau of Investigation into the segregation issue. He said that the Federal Bureau of Investigation is already in on some cases. He said that the City Ordinances in Clinton, Tennessee, made that city like Moscow, Russia, and said that they had ordinances

there prohibiting groups of more than ten persons from gathering and when a speech was to be made, requiring a forty-eight hour notice to be filed in advance of the time of the speech. He decried the use of "tanks, machine guns, bayonets and state troopers," and said that if the current trend is not reversed, we would see the FBI become like the Russian "K.N.V.D.," or secret police. Referring to the split in the Citizens' Councils movements in Alabama, KASPER said a third party was necessary to bring them together, and suggested Admiral JOHN CROMMELIN for this role. He said that he had never heard ASA E. (ACE) CARTER say anything about the Jews, but had talked to LUTHER INGALLS, Attorney for the Citizens' Councils of Alabama, and INGALLS had told him, KASPER, that he knew that the Jew was back of the integration movement, but that he couldn't say anything about that. T-1 said that KASPER again said that he was glad to see the Ku Klux Klan starting up again. KASPER attacked the Montgomery Advertiser, a daily newspaper published at Montgomery, Alabama, and charged that the Editor, GROVER HALL, was influenced by "that Red, AUBREY WILLIAMS." T-1 said that KASPER made repeated references again to his belief that the United States government was becoming more and more like a dictatorship.

Mr. HENRY BRADSHER, supra, also advised on September 25, 1956, that he attended the meeting at the Woodsmen of the World Hall in Montgomery on September 21, 1956. BRADSHER estimated that less than forty persons attended this meeting, including representatives of the press. He said that KASPER'S remarks were more guarded than in any previous speech, and that he made no more references to "roving bands." BRADSHER said that he did not hear any remark by KASPER in this speech in which KASPER advocated violence or force of any kind, although he viciously attacked various public officials, and charged that they were causing our government to become more like a dictatorship.

Mr. WESLEY OWENS, Reporter, the Montgomery Advertiser, advised on September 25, 1956, that he attended the meeting at the Woodsmen of the World Hall on September

21, 1956, and heard KASPER'S speech. Mr. OWENS said that a large portion of the speech was KASPER'S account of his activities in Clinton, Tennessee, and said that there was very little "newsworthy" material in the speech. He recalled KASPER charging that the Junior League is a Communist Front organization and that the League of Women Voters has "pink tendencies." He also claimed that the Editor of the Washington Post is either a "pink" or a "Communist." He charged that the laws of Clinton, Tennessee, violate civil liberties as guaranteed by the Constitution of the United States, and attacked many public officials, specifically stating that former Presidents ROOSEVELT and TRUMAN and President EISENHOWER are all "soft on Communism." He charged that the federal government coddles Negroes and Jews for political purposes, and said that the Principal of Clinton (Tennessee) High School is a Jew and inferred that he has Communist tendencies.

Mr. OWENS said that the Woodsmen of the World Hall was rented for this occasion by "We The People Speak," which he described as an organization started by Admiral JOHN CROMMELIN (Retired) for the purpose of defeating a proposed Amendment to the Alabama State Constitution which was popularly known as the "Freedom of Choice Amendment." OWENS also recalled KASPER saying that he was glad to see that the Ku Klux Klan was active again, and said that he was applauded for this statement.

Speech at Jemison, Alabama, September 22, 1956

Mobile informant T-3, who has furnished reliable information in the past, advised on September 26, 1956, that on the evening of September 22, 1956, he attended a meeting of the Jemison (Alabama) Citizens' Council in the Auditorium of the Jemison High School, at which JOHN KASPER and ASA E. CARTER were featured speakers. T-3 said that CARL ROEGNER, Chairman of the Jemison Citizens' Council, presided at the meeting, and introduced the Mayor-elect of Jemison, Mr. J. A. CHANDLER, an employee of the Louisville and Nashville Railroad, as a member of the Jemison Citizens' Council. Mayor-elect CHANDLER introduced KASPER.

T-3 said that KASPER'S speech was mostly concerned with his activities in Clinton, Tennessee. He said that he was at Charlottesville, Virginia, when he heard that the school at Clinton was going to be integrated, and went to Clinton to stop it. He knocked on hundreds of doors, organizing resistance to integration, and was jailed on a sedition charge or some similar offense, but released the next day and was told to get out of town, according to KASPER'S account. When he refused to give up the fight, he was jailed on a federal injunction and was convicted of contempt of court. KASPER in his speech said that President EISENHOWER is a liar, because he did use force to bring about integration after he said he would not do so. T-3 said that KASPER blamed the President for the National Guard being called out to suppress the segregationist demonstrations in Clinton. He said that KASPER made the additional remark that "EISENHOWER quite often lies." KASPER urged his listeners, who numbered approximately two hundred, according to T-3's estimate, to get Citizens' Council members to run for all public offices and to get into all political groups even the Parent-Teachers Associations and civic organizations, so that their influence can be more effectively felt. T-3 said that KASPER'S speech was on a highly emotional plane, but that KASPER was apparently being cautious not to make any statements directly advocating the use of force to block desegregation in schools. He said that a contribution was collected from the audience for "defraying Mr. KASPER'S expenses."

T-3 said that one statement touching on violence was made by ASA E. CARTER, who spoke after KASPER. CARTER said that he had been quoted in the Birmingham, Alabama, press as saying that if he could get up enough men, he would fight the National Guard, if that organization should be used to enforce integration in the schools. CARTER denied making that statement, but said, "When they try to integrate the schools where my kids are going, I will fight the National Guard, or anybody else."

T-3 said that between KASPER'S speech and CARTER'S, CARL ROEGNER announced that he wanted to introduce some friends, and at a signal, twenty Ku Klux Klan members in full regalia entered the auditorium from the rear, and took

seats in the front of the auditorium. He said that they were not individually introduced and said that he did not recognize those who were not wearing dark glasses so that their faces were visible, but suspected that four of them who were wearing dark glasses were local people. T-3 said that ROEGNER and N. L. DUFFY, Vice Chairman of the Jemison Citizens' Council, seemed to know the Ku Klux Klan members.

Careful consideration was given to the use of T symbols in this report and the identity of informants was concealed only when absolutely necessary.

With respect to the TV program "The Degree of Difference," described by T-2, T-2 advised that the program was prepared on sound-movie film, 16 mm., on 9/19/56, and that KASPER and ENGLEHARDT were separately interviewed, with neither having the benefit of the answers furnished by the other. Then the film was spliced so that after McGEE asked the question, each of the men answered, before the next question was asked. T-2 said that it can be positively established, for purposes of evidence, that there was no editing of the answers given by KASPER -- that is, that it can be established that he did give exactly the answers set forth herein, and did say exactly what it is indicated that he said, with one exception. That exception is that there would be no positive way to establish, except by McGEE'S testimony, that nothing was removed from the beginning and the end of the answer. T-1 said that actually one brief excerpt was taken out of one of KASPER'S answers, because it was personally defamatory against Attorney General HERBERT BROWNELL in that it alleged that a niece of BROWNELL'S was married to a Negro. He said that this excerpt was removed from KASPER'S answer to the question, "What effect do you think our current racial difficulties in the South will have on our future industrial and business growth?" More exactly, it was removed from the place just after KASPER'S statement "We have a hollow pumpkin on a pole, EISENHOWER." This latter information was furnished by T-1 on 9/29/56.

The sound tape of the 9/17/56 Wetumpka speech was furnished to and copied onto memobelts by SA SPENCER H. ROBB. Transcription was made by Stenographer BETTY LOU SHINAULT from the memobelts.

DETAILS:

As reported elsewhere in this report, United States District Judge, ROBERT L. TAYLOR, on January 4, 1956, at Knoxville, issued an order requiring D. J. BRITTAIN, Principal of the Clinton, Tennessee, High School, and the Anderson County Board of Education to register in the Clinton High School any qualified Negroes who sought admittance at the beginning of the 1956-57 school term.

AT CLINTON, TENNESSEE

On August 24, 1956, D. J. BRITTAIN advised that twelve Negroes had been registered at Clinton High School; that he had experienced no difficulty as a result of those registrations, and that the first day of school would be August 27, 1956.

AT KNOXVILLE, TENNESSEE

On August 26, 1956, WALTER FISCHER, Assistant Attorney General, 19th Judicial District, telephonically advised Special Agent RUSSELL L. DAGLEY that one JOHN KASPER, Executive Secretary, Seaboard White Citizens' Councils, 1246 Wisconsin Avenue, Southwest, Washington, D. C. was at that time in Clinton, distributing circulars to students and advocating the boycott of the Clinton High School which was scheduled to open the following morning in a desegregated condition.

On the same date FISCHER was telephonically contacted by the reporting Agent, at which time FISCHER stated that he had received his information from HORACE WELLS, publisher of the Clinton Courier, and that WELLS was in possession of a circular which indicated that it was KASPER's intention to force the resignation of Principal BRITTAIN since he was under a court order to admit Negroes to the Clinton High School. FISCHER advised that WELLS stated that the apparent purpose of the circular was to urge the people to remove from office anyone who was under such a court order.

Mr. FISCHER later telephonically advised that he had caused the issuance of a warrant charging KASPER with vagrancy and inciting to riot, and that KASPER had been arrested and was, at that time, confined in the Clinton City Jail under \$5000 bond.

AT CLINTON, TENNESSEE

On August 27, 1956, CLYDE RIDENOUR, member of the Clinton Police Department, advised that KASPER was still in jail and that from ten to twelve students of the Clinton High School were parading in front of the school and carrying placards on which were written slogans to the effect that the students of Clinton High School would not attend the same school which Negroes attended. RIDENOUR advised that the twelve registered Negroes were in attendance at the school and that no violence had occurred but that a crowd of approximately two hundred persons was congregated in the vicinity of the school. RIDENOUR advised that during the night some person had distributed literature in the Clinton area, urging people to rebel against having their school integrated.

On August 28, 1956, PAUL HORTON, City Recorder, advised that KASPER had been released on that date by Trial Justice Judge, J. LEON ELKINS, who ruled that the city did not present sufficient evidence to hold KASPER on the vagrancy and inciting to riot warrant. HORTON stated that picketing of the High School was continuing by the students, that approximately fifty percent of the anticipated seven hundred students were in attendance, and that the enrolled colored students were continuing to attend the school. Mr. HORTON advised that KASPER had addressed a group of approximately two hundred persons prior to his arrest and had urged these persons to join the White Citizens' Councils (hereinafter referred to as WCC), as a means of fighting integration of their school.

On August 29, 1956, CLYDE RIDENOUR advised that on that date KASPER had led a group of approximately one hundred persons to the door of the Clinton High School and would have entered the school had he not been prevented by members of the Clinton Police Department. He stated that KASPER demanded an audience with the principal and that Mr. BRITTAIN met KASPER at the door. He stated that KASPER demanded that BRITTAIN either exclude the Negroes from the school or resign. RIDENOUR stated that Mr. BRITTAIN advised KASPER that he was under a court order to admit Negroes and that he had no choice but to abide by that order.

On August 29, 1956, Deputy United States Marshal WILLIAM PETREE advised that at approximately 8:00 p.m., United States Marshal FRANK QUARLES had interrupted KASPER while KASPER was addressing a crowd of approxi-

mately 200 persons from the courthouse steps in Clinton, had escorted KASPER into the courthouse and had then read to KASPER a restraining order issued by United States District Judge ROBERT L. TAYLOR on that date at Knoxville, and which prohibited KASPER from interfering with integration of the Clinton High School. He advised that KASPER had been given a copy of the restraining order and had returned to the steps of the courthouse and read the order to the assembled people. PETREE advised that KASPER then advised the crowd that he had no intention of abiding by the provisions of the order and urged the people to also ignore it.

Mr. PETREE advised that following the above remarks by KASPER, Mr. QUARLES and several attorneys from Clinton, had returned to Knoxville to advise Judge TAYLOR concerning KASPER's remarks and to obtain the necessary papers to immediately take KASPER into custody on a charge of contempt.

AT KNOXVILLE, TENNESSEE

On August 30, 1956, United States Attorney JOHN C. CRAWFORD, JR., explained that on January 4, 1956, District Judge ROBERT L. TAYLOR had issued an order to authorities at Clinton, Tennessee, requiring the principal of the Clinton High School and the members of the Anderson County Board of Education to admit any qualified Negroes to that school at the beginning of the 1956-57 session.

Mr. CRAWFORD advised that on August 29, 1956, Judge TAYLOR had decided not to cause KASPER's arrest on that night, but had decided to wait and have the contempt citation served on KASPER when he appeared in the United States District Court on August 30, 1956, as the restraining order required. Mr. CRAWFORD advised that the following persons, in addition to KASPER, all of whom are residents of Anderson County, Tennessee, were named in the restraining order:

~~LEO BOLTON~~
~~TOM CARTER~~
~~MABEL CURRIER~~
~~TED HANKINS~~
~~MAX STILES~~

Mr. CRAWFORD advised that KASPER was arrested by the United States Marshal on August 30, 1956, when he appeared in court and that the hearing on the restraining order and contempt charge would not be completed until August 31, 1956. He stated that KASPER had been confined in the Knox County Jail in lieu of payment of \$10,000 bond, on the night of August 30, 1956.

On August 31, 1956, United States Attorney JOHN C. CRAWFORD, JR., advised that Judge TAYLOR had found KASPER guilty of contempt and had sentenced him to one year in the custody of the Attorney General. He stated that KASPER's attorney had immediately advised that the conviction would be appealed to the Sixth Circuit and that Judge TAYLOR would rule on September 6, 1956, as to whether or not KASPER would be released on bond, pending results of the appeal.

AT CLINTON, TENNESSEE

On September 1, 1956, CLYDE RIDENOUR advised that on the night of August 31, 1956, ASA CARTER, whom he stated was connected with the WCC of Alabama, spoke to a crowd of around fifteen hundred persons at the Clinton Courthouse. RIDENOUR advised that CARTER berated local law enforcement officials, persons holding local political offices, and talked at length concerning the historical supremacy of the white race. He stated that CARTER claimed that mongrelization of the races is an inevitable result of school integration. RIDENOUR advised that CARTER's talk was terminated unexpectedly when a rumor was spread through the crowd that some United States Marshals were present for the purpose of arresting CARTER. He advised that prior to CARTER's departure, however, CARTER urged those present to join the WCC as a means of fighting integration. RIDENOUR advised that KASPER and CARTER had pointed out that membership dues in the WCC are \$3.00 per year and that this \$3.00 would enable the WCC to extend its work and thereby become more effective. RIDENOUR pointed out that a table was provided near the courthouse steps where anyone interested could join the WCC, and RIDENOUR stated that some persons joined on each of the nights when CARTER and KASPER spoke. He advised that it was impossible for him to estimate the number of persons who joined because of the confusion of the crowd and the number of persons crowded around the steps and the table.

On September 2, 1956, RIDENOUR advised that on September 1, 1956, a crowd which he believed was developing into a mob, gathered in Clinton and would have gotten beyond control of the eight policemen and forty auxiliary policemen had not one hundred State Highway Patrolmen arrived at the appropriate time. He advised that following the arrival of the patrolmen, JACK KERSHAW, an attorney from Nashville and Executive Secretary of the Tennessee Federation for Constitutional Government, addressed a crowd of around fifteen hundred persons. He stated that KERSHAW spoke through a public address system mounted on a car parked in front of the courthouse; that he urged the people to organize; that he deplored the use of violence; pointed out that Tennessee law forbids mixing of races in schools, and urged that those present not violate this law by sending their children to a school which permitted mixing of the races.

On September 3, 1956, CLYDE RIDENOUR advised that at noon on September 2, 1956, approximately six hundred National Guardsmen were moved into Clinton. He stated that on September 2, 1956, a group of anti-integration forces met in a closed session in a school yard three miles east of Clinton. He stated that any persons whom those assembled felt were not sympathetic with their cause were excluded and it was RIDENOUR's opinion that this meeting set the pattern for future WCC meetings.

On September 6, 1956, PAUL HORTON, City Recorder, advised that the City Council had passed an ordinance prohibiting any outdoor meetings in Clinton unless permission for such a meeting were obtained at least forty-eight hours prior to the meeting, from the City Recorder. He advised that he would issue such a permit only on unanimous consent of the City Council and that he could safely state that no such permit would be granted. In addition, he advised that he had contacted the persons in charge of the few buildings in Clinton which would accommodate an indoor meeting and had been assured that the anti-integration forces would not be given permission to use any of these facilities.

Mr. HORTON advised that at a prior meeting on the courthouse lawn, he believes it was on August 30, 1956, a group of persons met and selected WILLARD H. TILL as Executive Secretary of the Clinton WCC. He stated that TILL resides on Route 2, Clinton, is employed at the Y-12 area of Oak Ridge, and has, in so far as he knows, never been involved in any trouble or been considered a trouble maker.

AT KNOXVILLE, TENNESSEE

On September 6, 1956, United States Attorney JOHN C. CRAWFORD, JR., advised that on that date United States District Judge ROBERT L. TAYLOR had ruled that he would release KASPER under \$10,000 bond, pending a ruling on KASPER's appeal by the Sixth Circuit Court.

On September 7, 1956, Mr. CRAWFORD stated that on that date KASPER was released under \$10,000 bond. He advised that Mr. and Mrs. CLYDE COOK and Mr. and Mrs. CLYDE COX, all of Clinton, had signed KASPER's bond.

AT CLINTON, TENNESSEE

On September 10, 1956, CLYDE RIDENOUR advised that CLYDE COOK resides at Clinton, Route 1, that he is employed as a fire fighter in the Y-12 area of Oak Ridge, and that he believes COOK is financial secretary of the local WCC.

At that time RIDENOUR stated that the anti-integration faction, which he feels is synonymous with the WCC, is meeting in a tent on the CLYDE COOK property. He stated that COOK's property is located on Highway 61, about two miles east of Clinton. He advised that these meetings are not open to the public and he estimated that approximately twenty-five men regularly attend the meetings.

On September 18, 1956, Anderson County Sheriff, GLAD WOODWARD, advised that the local WCC is meeting each Saturday night at the home of CLYDE COOK. He stated that these meetings are closed and are attended by approximately seventy-five persons.

On September 25, 1956, Sheriff WOODWARD and CLYDE RIDENOUR advised that there has been no activity in the Clinton area attributable to the WCC other than the meetings mentioned above.

RIDENOUR stated that he has received information that the WCC is copying a list of the names and addresses of persons registered to vote in Anderson County.

Both RIDENOUR and WOODWARD advised that there has been some talk of the formation of a Ku Klux Klan chapter in the Clinton area. RIDENOUR stated that he has heard that L. J. BRANTLEY, a merchant who resides on Route 4 in South Clinton, has been distributing application forms for the Klan. Neither WOODWARD nor RIDENOUR was in possession of any information indicating infiltration of the WCC by the Ku Klux Klan. Each felt, however, that the possibility of such infiltration exists, due to the similar nature of the organizations.

The Ku Klux Klan has been cited by the Attorney General pursuant to Executive Order 10450.

On September 25, 1956, MARJORIE BICE, Deputy, Anderson County Registration Clerk, advised that arrangements had been made for a Mrs. J. WARREN COWARD, Oliver Springs Pike, to copy the names and addresses of persons registered to vote in Anderson County. She stated that the names of approximately one thousand of the thirty thousand registered voters had been copied. She stated that Mrs. COWARD has discontinued her work and had not indicated whether or not she intended to complete it.

On September 24, 1956, CLYDE RIDENOUR advised Special Agent THEODORE A. SANDERS that at approximately 8:00 p.m. on that date Anderson County Sheriff GLAD WOODWARD had arrested JOHN KASPER at Oak Ridge, Tennessee. He advised that the arrest was based on an indictment returned previously by an Anderson County Grand Jury which charged KASPER with sedition.

RIDENOUR stated that KASPER had been released on the same date under \$2000 bond.

On September 25, 1956, Sheriff WOODWARD advised the reporting Agent that KASPER had been arraigned that date before Circuit Judge D. L. HUTSON, had requested time to prepare his defense and accepted November 5, 1956, as a trial date.

On the same date Sheriff WOODWARD advised that when he arrested KASPER at Oak Ridge, KASPER requested to see the warrant and he had advised KASPER that he did not have the warrant in his possession. He stated that KASPER had then inquired as to the charge and had been informed that the charge was sedition. He advised that KASPER peacefully accompanied him approximately seventy-five yards from the point of the arrest to the Sheriff's car but had pulled away from the Sheriff as they approached the car. He advised that he ran after KASPER around several parked cars and back to the place where the arrest had been made. He stated that Mr. CAMPBELL, a constable, who was not acquainted with KASPER, observed KASPER running from him and stopped KASPER. He stated that KASPER then struck CAMPBELL several times across the back and head before CAMPBELL was able to subdue him. Sheriff WOODWARD advised that he had not filed any additional charges as a result of the resisting arrest attempt.

An article appeared in the Knoxville Journal on September 20, 1956, indicating that KASPER planned on speaking in Knoxville the following Sunday (September 23, 1956), and that Knoxville Mayor, JACK DANCE, had indicated that KASPER would be in violation of a city ordinance if he attempted to speak in Knoxville. This article indicated that KASPER had expressed his intention to speak in spite of the Mayor's warning.

An article appearing in the Knoxville News-Sentinel on September 20, 1956, indicated that KASPER planned to speak on September 23, 1956, in a public park in Fountain City (a suburb of Knoxville) and that ninety-seven year old Judge JOHN W. GREEN, Chairman of the Fountain City Park Board, expressed his intention to prohibit the meeting at the park.

An article by-lined JULIAN GRANGER, in the September 24, 1956, edition of the Knoxville News-Sentinel describes a meeting which took place on the shoulder of the highway near the Fountain City Park on September 23, 1956. According to this article the meeting started at approximately 4:20 p.m. and took place in a light rain. Both ASA CARTER and JOHN KASPER spoke to approximately seventy-five persons who were assembled. Both accused the politicians of mongrelization, of denying them their rights

to freedom of speech and free assembly, and recommended the WCC as the organization to regain those rights. CARTER stated "one hundred million Federal troops cannot integrate me", and attacked individual members of the United States Supreme Court. CARTER claimed that Communists are "trying to create one religion - one God" and the Republican and Democratic Parties "eventually will amalgamate into one party called Communist".

Fountain City contractor LEE R. ~~FOSTER~~, Cedar Heights drive, was singled out by KASPER as a person who has "stuck his neck out" to assist in the formation of the WCC in Knoxville. He urged persons to contact FOSTER in regard to membership in the WCC.

AT CLINTON, TENNESSEE

On September 27, 1956, Sheriff GLAD WOODWARD advised that at approximately 10:15 p.m. the previous night, the Negro section of Clinton was rocked by an explosion. He advised that his investigation indicates that the explosion was caused by the detonation of two beer cans into which had been packed approximately six sticks of crumbled dynamite and wrapped with wet newspaper. He advised that the explosion occurred approximately seventy-five yards from the nearest house and was obviously not intended to damage property or injure anyone. He expressed the opinion, however, that it was the work of members of the WCC and was perhaps indicative of what they might do in the future to prevent continued integration of the Clinton High School.

On September 28, 1956, Sheriff WOODWARD advised that he had been informed that a WCC meeting would be held the following night at the home of CLYDE COOK. On September 29, 1956, Agents observed that approximately sixty cars were parked on COOK's property and that a meeting was in progress in a large tent which had been erected on COOK's property approximately one hundred yards from the highway.

On September 30, 1956, Confidential Informant Knoxville T-1, who has furnished reliable information in the past, advised that on that date ASA CARTER and JOHN KASPER addressed a crowd of persons who had assembled on the DIEHL farm, approximately five miles north of Knoxville. He advised that the meeting was open and had been publicized. He estimated that in excess of one thousand persons were present. T-1 stated that CARTER was introduced by JAMES ~~DODRILL~~, Route 14, Ellis Road, Knoxville. T-1 stated that CARTER's talk was similar to what was reported as his talk of the previous Sunday and that he discussed the organization and accomplishments of the Alabama Citizens Council, that he stressed the accomplishments of the white race throughout history and the collapse of civilizations after members of the colored race were imported. He again attacked individual members of

the United States Supreme Court as being Communistic in their actions and accused both major political parties of traveling in the direction of Communism. He urged that the only prevention was to organize and to obtain the desired ends through pressure and political activity, including nominating and electing public officials from the ranks of the WCC.

T-1 stated that both KASPER and CARTER urged those present to join the WCC and to obtain information about the WCC from JAMES DODRILL or LEE R. FOSTER.

T-1 advised that neither KASPER nor CARTER mentioned the Federal Court action pending against KASPER or the integration of the Clinton High School.

T-1 recognized four former Ku Klux Klan members at this meeting. He stated that two of these men were former officials of the Knoxville Ku Klux Klan chapter. He stated that one of these officials made the statement that he did not intend to join the WCC and that he was in favor of reorganizing the Ku Klux Klan in Knoxville before the WCC took over the work which the Ku Klux Klan should be doing.

An Agent who attended the meeting recalls that JOHN KASPER claimed to have been misquoted in newspaper articles concerning some of his recent talks in the State of Alabama, in which he reportedly advocated taking over local governments by force. He stated that what he said and what he meant was that it would be necessary for the persons favoring segregation to use political means to control local government.

The Agent in attendance recalls that KASPER requested those present who had joined the WCC to remain after the meeting and observed that approximately twenty persons remained.

ADMINISTRATIVE DATA

One copy of this report has been designated for Birmingham inasmuch as it reflects the activities of ASA CARTER in the Knoxville Division.

On September 26, 1956, United States Attorney JOHN C. CRAWFORD, JR., advised that he was seriously considering requesting District Judge ROBERT L. TAYLOR to revoke KASPER's bond. He requested the Knoxville Office to determine the identities of any persons who would be capable of and willing to testify to the statements reportedly made by KASPER and which appeared as a United Press release in the Knoxville News-Sentinel on September 14, 1956. Accordingly the Birmingham Office was requested by teletype on September 26, 1956, to furnish this information.

By teletype September 27, 1956, the Birmingham Office advised that detectives HAROLD FINCHER and J. B. JONES, both of the Birmingham Police Department, are willing to testify that they recall KASPER making several remarks which they believe border on violation of the treason statute. The detectives recalled that KASPER said he wanted trouble, needed more rabble rousers and that some people may die before the issue of integration is settled. In addition, Birmingham reported that ERNEST HARDIN, photographer for the Birmingham News, can testify to direct quotations of KASPER as follows: "We now have this battle joined. There is no question about it. The Supreme Court is enforcing a manner of life that we do not want and will not have. We believe that total collapse of law and order is at hand. We must use every means to stop the niggers, every means. Some of us may die before this thing is over. We believe in exposing and cutting out your next door neighbor if he is an integrationist. We are going to deal with the National Guard when they get here".

Mr. CRAWFORD advised that he expects to use not only the material quoted above, but also the facts concerning KASPER's resisting arrest at Oak Ridge on September 24, 1956, as a basis for his revocation request.

No copies of this report have been designated for the United States Attorney at Knoxville, however, he and United States District Judge ROBERT L. TAYLOR are being kept currently advised of all pertinent information concerning KASPER and his activities. The information concerning the request of the U. S. Attorney for investigation to assist in his revocation order was not included in the details of this report because of the dissemination to be afforded this report on a local level.

ADMINISTRATIVE PAGE

Six copies of this report have been designated for Knoxville in order that copies will be available for forwarding to other offices in the event it later becomes desirable to do so.

Reference is made to previous communications in which you were furnished information concerning John Kasper, executive secretary of the captioned organization.

For your additional information Kasper, on the afternoon of October 4, 1956, addressed approximately fifty persons in Oliver Springs, Tennessee. He stated he would depart immediately following the meeting for Alabama and Florida to address the "Ku Klux Klan"; however, he did not specify where this address was to be held. Kasper said he intended to travel from Florida to Washington, D. C., and would return to eastern Tennessee in approximately three weeks to spend the winter. Kasper urged those present to elect candidates of their choice in local offices. He made no remarks advocating force or violence and stressed the accomplishment of goals by legal means. He remarked that he came to Clinton, Tennessee, to stop integration but cannot now take a "direct" part since he is under a Federal restraining injunction. Kasper added that James Dodrill, Knoxville, Tennessee, would assist citizens in forming their councils.

Reference is made to previous memoranda in which you were furnished information concerning the activities of John Kasper, executive secretary of the captioned organization.

The Knoxville Office of this Bureau has advised that the United States Attorney in Knoxville informed that office he received a letter from Walter E. Fisher, Assistant Attorney General of Tennessee, inquiring as to the availability of any Federal agents who might testify concerning statements made by John Kasper on September 13, 1956, at Birmingham, Alabama. This information is desired in connection with the state action against Kasper scheduled for November 5, 1956, at Clinton, Tennessee.

Previously the United States Attorney requested the identity of witnesses who could testify to statements made by Kasper on September 13, 1956, in Birmingham. This request was made in connection with possible action to revoke Kasper's bond for contempt. Pursuant to this request the names of Ernest Hardin, employee of the "Birmingham News," and Harold Fincher and J. B. Jones, both detectives with the Birmingham Police Department, were furnished the United States Attorney as willing witnesses. The United States Attorney advised the Knoxville Office he does not now contemplate any action against Kasper regarding the revocation of the bond and, therefore, does not contemplate the use of these three individuals. The United States Attorney advised he intends to inform Assistant Attorney General Fisher that so far as he knows there are no Federal agents available to testify; however, he wondered if Hardin, Fincher and Jones might be willing and available for testimony in state court against Kasper.

Potential Security Information

[redacted] PSI, Norfolk Office, advised SA HARRY L. MCCARTHY on 10/22/56 that he had met JOHN KASPER and had taken him to [redacted] on

10/15/56. [redacted] said he had tried to get KASPER drunk but that KASPER was a moderate drinker and would not drink to excess. He said that KASPER did not seem to be remorseful over the recent violence at Clinton, Tenn., but KASPER did not want to go to prison as a result of his part in the violence at Clinton. [redacted] informed that KASPER said he obtained money to support his activities from "free will donations of citizens." [redacted] said that KASPER told him that the people of Clinton, Tenn., had put up his bond at Clinton by listing their homes as bond for his, KASPER's, subsequent appearance at Clinton, Tenn. [redacted] said that KASPER told him if he went to prison, he would come out as a martyr and use that status to further his work.

He stated that KASPER said he did not see any way to continue segregation without a Klan type organization. [redacted] said that he felt KASPER's next step would be underground, either in the Ku Klux Klan or in some similar type organization.

[redacted] continued that one CHARLES MC CALL, who indicated he was employed by the Federal Government and who was only three or four months away from retirement, had been associating with KASPER and that he had met MC CALL with KASPER. MC CALL said he was a former Klansman in Alabama who had resigned from the Klan and then, as Attorney General of Alabama, prosecuted Klansmen. [redacted] did not know why MC CALL was associating with KASPER but added that

Prospective Panel Source [redacted]

[redacted] advised SA KEARNEY that she is the Secretary and Office Manager of the Pro-Southerners in Memphis. She stated that her only contact and, as far as she knows, the only contact of her organization with the pro-segregation activities at Clinton, Tennessee and captioned organization is the following:

b6
b7C
b7D

[redacted] stated that she had no knowledge of any present intention of JOHN KASPER of the Seaboard White Citizens Councils or the White Citizens Council of Washington, D. C. to come to West Tennessee or other parts of Tennessee. She displayed to SA KEARNEY a form letter dated October 15, 1956 on the letterhead of the Seaboard White Citizens Councils, 360 M Street, NW, Washington, D. C., which identified KASPER as being the Executive Secretary of that group. This letter mentioned KASPER's activities at Clinton, Tennessee and asked for donations. It is noted that this letter was highly critical of the present national administration and referred to the President as being "the imbecile in the White House." The letter referred to the President several times as "Ike" without capitalizing the name.

[redacted] stated further that the Pro-Southerners have received several letters from a SYBLE DAVIS, Clinton, asking for donations to assist the white people in Clinton to send their children to non-segregated schools. The letters identified DAVIS as residing at 813 Medaris Street, Clinton. She stated that the P-S made two contributions to Mr. DAVIS' group in the amount of \$35.00 and \$60.00, respectively. Regarding the letter from KASPER, however, she stated that Dr. JAMES FRANKLIN, National Chairman of the P-S, would not even read it at the P-S meetings because of the bitter tone in which it was written.

Investigation is continuing in this matter and the Bureau and interested offices will be kept advised.

Enclosed with this communication are clippings from the Knoxville News Sentinels of 11/27/56 and 11/28/56 concerning integration at the Clinton, Tenn. High School.

In addition to the information contained in the clippings, D. J. BRITTAIN, Jr., principal of the Clinton High School, advised SA HERBERT E. SHRIDER on 11/28/56 that since the return of JOHN KASPER to the Clinton area and his acquittal on State charges he has noticed a definite trend among the student body in the direction of making attendance at the Clinton High School as unpleasant as possible for the Negroes. He advised that KASPER has formed a Tennessee White Youth Council composed of persons of high school age, whom he feels are the ringleaders in molesting the Negroes. BRITTAIN stated the activities take the forms of throwing small stones and eggs at the Negroes while they are en route to school; of attempting to start a fight with Negroes in the halls; of kicking them on the shins; throwing books and spilling ink on the clothing and books. He advised these activities have made attendance at the school intolerable for the Negroes, that some of the Negro students and the parents of some of the Negro students have requested his permission to leave the school temporarily and he has granted this permission.

BRITTAIN stated the Negroes ~~are unable to~~ refuse to identify White students who molested them. **NOT RECORDED**

100-423395-
188 DEC 5 1956

BRITTAIN pointed out that today there are no colored students in attendance at the high school, that some of them have requested his advice concerning their attending a colored school in Knoxville and he does not know whether or not any of the colored students will return to the Clinton High School.

KX 105-122

On 11/26/56 WALTER FISCHER, Assistant Prosecuting Attorney, 19th Judicial District, advised he represented the State in the proceedings described above. He advised that the trial was recessed on 11/6/56 because that was election day and was recessed from 11/9/56 to 11/19/56 because of prior commitments of Judge D. L. HUTSON. He stated that the case went to the jury at approximately 4:00 p.m. on 11/20/56 and around 45 minutes later the jury returned a verdict of not guilty. FISCHER explained that the Tennessee charge of inciting to riot requires that the State show that the defendant's acts, words, speeches or conduct tended to provoke a riot or a breach of the peace. He advised that the charge of sedition is similar to the charge of inciting to riot, but the acts must be directed toward producing a break-down of law enforcement or any agency of the government. He explained that both counts are misdemeanors and that maximum penalty is \$1000.00 fine and/or confinement for 11 months and 29 days on each count.

FISCHER stated that KASPER was defended by J. BENJAMIN SIMMONS, an Attorney from Washington, D. C. He stated that KASPER attempted to obtain legal assistance locally, but could find no attorney who would represent him.

FISCHER stated that the State proved that when KASPER came to Clinton he contacted an individual whom he requested to assist in the picketing of the Clinton High School. The proof showed that KASPER advised that the picketing would be to show opposition to the integration of the Clinton High School. FISCHER stated the witness testified that he told KASPER that opposition was useless inasmuch as the question had been settled, whereupon KASPER pointed out that if our forefathers had felt that way the United States would still be a part of the British Empire. The witness then testified he advised KASPER that he wanted no part of a revolution.

FISCHER stated the State produced several witnesses who were present at a meeting in Clinton prior to the opening of school when FISCHER, the Clinton Mayor, and several other persons met in the office of the Clinton Courier, a local newspaper, and explained to KASPER the background and the provisions of the court order which required integration of the

KX 105-122

Clinton High School. These witnesses testified KASPER then stated the will of the people is greater than the decision of the Supreme Court, that the people are not required to conform with the dictates of the government when they do not agree with these dictates. The witnesses testified KASPER demanded the resignation of the local school principal and all other public officials who felt obligated to enforce the court ruling against the will of the people.

FISCHER stated he realizes that the above testimony was circumstantial; however, he stated the State then introduced testimony through H. A. FINCHER, a Birmingham, Alabama, detective, which proved that KASPER made a speech in Birmingham, in which he stated he had gone to Clinton to cause trouble because of the integration of the school of Clinton, that the people needed a leader in their rebellion against court, that local law enforcement and local officials were corrupt and he had provided that leadership and intended to return to Clinton to continue the fight. FISCHER stated that no testimony refuting these statements was introduced and he, therefore, feels the failure to refute constitutes an admission of guilt to the charges on which KASPER was being tried.

FISCHER stated he presented witnesses describing, and photographs depicting, the violence which necessitated the sending of the Tennessee Highway Patrolmen and the Tennessee National Guard into Clinton following KASPER'S arrival and speeches there; that witnesses testified to KASPER'S leading a group to the Clinton High School, his attempting to enter the building while school was in progress, and his demanding principal D. J. BRITTAIN, Jr., either exclude Negroes from the school or resign; and that witnesses testified concerning KASPER distributing anti-integration literature in the Clinton area.

FISCHER stated KASPER testified that he came to Clinton after he was contacted in Virginia by an unidentified resident of Anderson County, who asked him to come to Clinton and help fight integration in the public schools. KASPER testified that in his opinion the decision of the

Supreme Court concerning integration does not reflect the will of the people and that this decision is evidence of Communistic attitude on the part of the Supreme Court. FISCHER stated KASPER denied ever advocating any violence or of saying that the will of the people is greater than the government. According to FISCHER, KASPER claimed his statement concerning the removal of public officials has been misinterpreted and what he advocates is removal of public officials whose thinking does not reflect the will of the people, by electing to positions held by those officials, persons whose thinking is in agreement with the majority. KASPER testified that his purpose in coming to Clinton was to help the people in the fight against integration and to offer legal advice in this fight. FISCHER stated KASPER claimed that those persons who were responsible for his contempt conviction in the U. S. District Court at Knoxville had perjured themselves.

FISCHER stated that the only "outside" witnesses who testified in KASPER's behalf were Retired Admiral CROMMELIN from Alabama and Judge RAULSTON SCHOOLFIELD from Chattanooga, Tennessee. CROMMELIN testified that he met KASPER in Washington after seeing some patriotic books in KASPER'S bookstore. He stated KASPER had come to Alabama and had assisted him in his unsuccessful bid for nomination to the U. S. Senate. FISCHER stated CROMMELIN testified he regards KASPER as a loyal American.

Judge SCHOOLFIELD'S testimony consisted of a dissertation on his opinion that the decision of the U. S. Supreme Court concerning integration does not reflect the will of the people.

FISCHER stated that in addition to the above witnesses, at least fifty persons testified that they had heard KASPER speak at Clinton, that they had gone to the meeting at which he spoke, seeking legal advice on methods of halting integration, that they did not remember what they heard, but did recall they never heard KASPER discuss integration of the Clinton High School, that KASPER "didn't never

KX 105-122

advocate no violence", that "the will of the people should be the law", that they needed outside help because all of the local officials are corrupt, and that there was no violence at any meeting at which KASPER was present and that public demonstrations against integration of the Clinton High School would have occurred whether or not KASPER had come to Clinton.

FISCHER pointed out that in many instances testimony of these witnesses was in agreement almost word for word with the testimony of the preceding witnesses.

FISCHER stated that none of KASPER'S defense witnesses are persons of prominence in any field in the local area.

FISCHER stated that it is his opinion that Judge HUTSON is against integration of the public schools and that his feeling was apparent in his charge to the jury. FISCHER stated he was disappointed that the charge did not point out that KASPER'S inability to deny his statements made at Birmingham must be considered as an admission that he had made those statements.

FISCHER stated that he has been advised that on the first ballot the jury voted eleven to one for acquittal and that after 45 minutes deliberation all jurors agreed on acquittal.

FISCHER stated he was disappointed in the verdict in view of the fact that he had worked with the jury through several cases and he had found that the jury was composed of intelligent, honest men, whom he felt would return a fair verdict based on the evidence submitted.

AT KNOXVILLE, TENNESSEE:

An article appearing in the Knoxville Journal of 11/8/56 concerning the trial of KASPER at Clinton reflects KASPER testified that he did not say that the will of the people was supreme to the law. He points out he testified

KX 105-122

that what he said is that the common law is based on the custom of people and the law should adhere to the custom. KASPER denied, according to this article, that he was interested in getting the Negroes out of school or of getting principal BRITTAIN out of school. This article states KASPER also denied that the residents of Clinton could force the city officials to resign. This article also reflects testimony by Detective FINCHER from Alabama, in which FINCHER read from his notes taken at a speech made by KASPER in Birmingham as follows: "the people cannot depend on courts any more" and "we have gone as far as we possibly can legally. Now is the time to fight and it may take bloodshed".

An article appearing in the Knoxville News-Sentinel on 11/10/56 reflects the testimony of a defense witness who stated that KASPER had said "the will of the people is greater than the law". This witness stated he believed KASPER meant people could change unsuitable legislation through elections and petitions rather than in disobedience to the prevailing law. This article states a second witness testified he believed there would have been more violence in Clinton if KASPER had not come. The witness testified "Mr. Kasper gave us legal suggestions, he was trying to get us to organize legally". This article continues saying numerous defense witnesses stated KASPER never advocated any violence in his speeches.

This article attributes testimony to KASPER as follows: "I came here because I was primarily interested in states' rights, local control of local affairs and against centralization of government". This testimony continues, "I felt there was some kind of local corruption here". The article states KASPER was of this opinion because authorities refused to find ways of keeping the school segregated after a U. S. District Court ordered integration.

An article appearing in the Clinton Courier of 11/8/56 reflects testimony of City Policeman JESS BRADEN, who testified "All I know is that he would talk to them (demonstrators) and then they'd start up again. After he would speak the crowd wouldn't listen to what we (officers) told them". BRADEN also testified he heard KASPER say "Who believes in the law? We're the law. We make the law".

This article continues stating that two U.S.

KX 105-122

Deputy Marshals testified they heard KASPER tell the crowd in front of the courthouse "You people don't have to pay any attention to this because the will of the people is the law". They testified he was referring to some papers which had just been served on him and which demanded his presence in court in Knoxville the following day.

An article appearing in the Knoxville News-Sentinel of 11/20/56 again describes KASPER'S trial and describes the testimony of a witness who stated that he saw no violence at Clinton except that it was caused when auxiliary policemen shot teargas into a milling crowd just prior to the arrival of 100 highway patrolmen.

An article appearing in the Clinton Courier of 11/21/56 reflects that a crowded courtroom broke into loud cheers and applause when the foreman of the jury announced KASPER had been found not guilty of the charges for which he was being tried. This article continues stating that after the trial KASPER told newsmen that his immediate plans are to set up State headquarters of the White Citizens' Council in Clinton, although his national headquarters will continue to be in Washington.

FREDERICK JOHN KASPER, JR. *Summary*

Frederick John Kasper, Jr., was born at Camden, New Jersey, on October 21, 1929, the son of Frederick John Kasper, Sr., and Rose Kasper. Kasper, Sr., an engineer, was affiliated with a Philadelphia, Pennsylvania, heating company until he died about two years ago. His mother is residing at 25 North Center Street, Merchantville, New Jersey. Kasper has used the names John Kasper and Fred Kasper.

Kasper attended Temple University High School in Philadelphia, graduating in June, 1947. He attended Yankton College, Yankton, South Dakota, until June, 1949, withdrawing after completing his sophomore year. Kasper enrolled at Columbia University in 1949 and received a degree of Bachelor of Science in 1951. (100-423395-217)

Kasper, at the instruction and insistence of his parents, voluntarily became a patient in the Pennsylvania Hospital's Department for Mental and Nervous Diseases, Philadelphia, on August 29, 1946. His condition was diagnosed as psychopathic personality without psychosis. Upon his release on September 27, 1946, his condition was described as unchanged. Kasper's parents gave as reasons for having him admitted to the hospital (1) he refused to accept parental guidance and discipline and (2) he kept running away from home. (100-423395-247)

Records of United States Draft Board No. 8, Camden, New Jersey, contain a letter dated November 3, 1950, from Kasper in which he stated he was subject to extreme periods of depression and that he had been a patient in a mental hospital for early homosexuality and for general neurotic behavior.

Frederick John Kasper, Jr.

On January 3, 1951, Kasper received a physical examination for service in the United States Army, at which time he was found to be suffering from a psychopathic personality, severe. He was rejected for military service and classified 4F. (100-423395-240)

With regard to Kasper's homosexuality, information was received in July, 1956, through a source in New York City, who has furnished reliable information in the past, to the effect that an individual who had known Kasper well said "It's hard to understand his sudden dislike for Negroes as he seemed to prefer Negro homosexuals to any other kind."

(100-423395-93)

Following graduation from Columbia University, Kasper resided at 526 East 6th Street, New York City, and was employed by Gilmore's, 148 East 48th Street; the National Industrial Conference Board, Incorporated, 247 Park Avenue; Household Finance Corporation, 44 East 23rd Street; Bookland, 147 West 42nd Street; and Arts, Incorporated, 667 Madison Avenue, all in New York City. The exact dates of his employment with these firms are not known.

Following his graduation from Columbia University, Kasper also frequented Greenwich Village in New York City and there met Lena Lett, who financed the establishment of the "Make It New Book Shop," 169 Bleecker Street, New York City, which was operated as a partnership by Kasper and Lett. This bookshop was a hangout for assorted characters, mostly young college students and many Negro and Chinese homosexuals. The bookshop was opened only from late afternoon until late at night. Kasper had no other employment but received a steady income from numerous married women whom he accommodated sexually during the day. In addition to Kasper, who worked part time in the bookshop, the shop was also operated by a young female Negro, [redacted] and [redacted] persons frequenting the shop stated that [redacted] was the girl friend of Kasper.

b6
b7C

Kasper had no money invested in the store and when it became apparent that it was not a financial success he left New York City owing rent on the bookshop and

Frederick John Kasper, Jr.

indebted to his partner in the sum of \$400, which sum he agreed to pay her. As late as June, 1956, while still paying rent for a room at 526 East 6th Street, New York City, he was spending most of his time in Washington, D. C., attempting to organize a white citizens council.

(100-423395-93)

The New York "Amsterdam News," a leading New York Negro newspaper, dated September 29, 1956, carried an article captioned "Race Baiter John Kasper Was Village Negro Lover." According to this article, he did not practice what he preached about racial segregation insofar as Negroes were concerned. It was revealed in the article that Kasper's closest friend in the artists' colony had stated with respect to Kasper that "We shared the same bed on numerous occasions in my former studio at 61 4th Avenue and often he (Kasper) spent all night sleeping on the floor with Negro girls and boys after one of our exhausting parties." This article attributed statements from Avant Garde and Ted Joans regarding Kasper to the effect that he said he wanted to be remembered in history and, although he was a very quiet, gentlemanly type fellow, he often said he would do anything, go to any extreme, to gain recognition. According to Joans, Kasper on one occasion at a party urged those present to join the National Association for the Advancement of Colored People (NAACP), and secured twelve members for this organization. He himself did not join and was reported to have stated that he would not join "because of the Jew."

The September 27, 1956, issue of "Jet," a weekly Negro magazine, contained an article stating that Kasper was a surprise to Greenwich Village art circles when he sparked the Clinton, Tennessee, school rioting. The article stated that while he operated the bookshop in New York City, he held interracial week-end parties. The article also stated that he had a "colored chick and once acted as go-between for a married interracial couple in helping them get an apartment." (100-423395-230)

In late 1955, Kasper and [redacted] began operation of the Cadmus Bookshop, 1246 Wisconsin Avenue, Northwest, Washington, D. C., which became headquarters of the White Citizens' Councils of District of Columbia (WCC),

b6
b7c

Frederick John Kasper, Jr.

also known as Seaboard White Citizens' Councils. In September, 1956, offices of WCC were moved to 3204 M Street, Northwest, Washington, D. C. The Pivot Bookshop, 3231 P Street, Northwest, Washington, D. C., opened November 21, 1956, and was announced as the successor to the Cadmus Bookshop by [redacted]

b6
b7C

Kasper organized WCC in June, 1956, which became affiliated with the North Alabama Citizens' Council headed by Asa E. (Ace) Carter of Birmingham, Alabama. Carter is a strong advocate of segregation of the races. According to "The Evening Star," a Washington, D. C., newspaper, dated June 6, 1956, an interview with Kasper set forth the aims of the WCC as follows:

- (1) To stop the integration process in Washington, reverse it, and re-establish segregation
- (2) Get the NAACP on the Attorney General's subversive list
- (3) Publicize commercial contributions to the NAACP and the Urban League
- (4) Wipe out "rock-n-roll" music

On the night of July 13-14, 1956, Kasper, in the company of other members of the WCC, burned crosses in front of the residences of Justice Felix Franfurter, Chief Justice Earl Warren, former Senator Herbert Lehman, former United States Solicitor General Simon Sobeloff, and at the home of Mrs. Douglas King, NAACP leader in Maryland. This event was prominently mentioned in Washington, D. C., newspapers.

Kasper and three associates were arrested on August 4, 1956, at Charlottesville, Virginia, for distributing WCC literature without permission. The charges against them were dropped by the city on August 11, 1956. After the charges were dropped, Kasper and other members of WCC held rallies in Charlottesville on August 18, 1956, and September 2, 1956, in behalf of their promotion of segregation. The meetings were poorly attended and Kasper and his associates were disappointed and made no overt attempt to continue WCC practices in that city.

(100-423395-107,191,217)

Frederick John Kasper Jr.

On August 10, 1956, at about 3:00 a.m., Kasper engaged a Negro woman in conversation on the street and accompanied her into an alley, remaining in the alley with the Negro woman for approximately twenty-one minutes. After leaving the area of the alley, Kasper engaged another Negro woman in conversation on the street, asking her where he could find an open bar and girls. Being unsuccessful in this inquiry, Kasper went to the apartment of [redacted] his bookshop partner, at [redacted] about 5:00 a.m. on August 10, 1956. (100-423395-56)

b6
b7C

Kasper appeared in Clinton, Tennessee, on August 26, 1956, advocating a boycott of Clinton High School by the students and residents of Clinton because Negro students were registered in that school. He was arrested on that date on a charge of "inciting to riot." The charge was dismissed on August 28, 1956, because of insufficient evidence and Kasper thereafter continued urging the townspeople to rebel against integration.

On August 29, 1956, United States District Judge Robert L. Taylor at Knoxville, Tennessee, issued a restraining order prohibiting Kasper and five residents of Anderson County, Tennessee, (Clinton is county seat of Anderson County) from further interfering with the integration of the Clinton High School. Kasper continued to urge persons attending meetings of WCC in Clinton to join that organization. Asa Carter also spoke at Clinton and both Carter and Kasper were successful in enlisting new members for WCC. On August 30, 1956, Kasper was arrested by the United States Marshal at Knoxville, Tennessee, on a contempt charge and the following day was found guilty of contempt in the United States District Court. He was sentenced to serve one year in the custody of the Attorney General. On September 7, 1956, Kasper was released following the posting of \$10,000 bond for his contempt of court charge, pending appeal of his conviction in the Sixth United States Circuit Court of Appeals.

(100-423395-211)

On September 24, 1956, Kasper was arrested by the Anderson County Sheriff on charges of sedition and inciting to riot. He was released the same date under

Frederick John Kasper, Jr.

\$2,000 bond. His trial commenced November 5, 1956. On November 20, 1956, the jury returned a verdict of not guilty on both charges. (100-423395-211)

"The Evening Star," a Washington, D. C., newspaper, dated January 6, 1957, contained an article stating that Kasper forfeited \$30.25 collateral in Fairfax County, Virginia, court on January 4, 1957, on a reckless driving charge.

In connection with Kasper's activities as a segregationist, literature has been prepared and speeches made in which both President Eisenhower and the Supreme Court were severely criticized.

In July, 1956, a leaflet entitled "Virginians on Guard!" prepared by Kasper, was issued by the Seaboard White Citizens' Councils. This leaflet contained statements, in crude printing, "Now damn all race-mixers, the stink: Roose, Harry and Ike," and "Hang 9 Supreme Court swine (this year domine '56)." (100-423395-18)

Donations for the defense of Kasper were solicited in a two-page leaflet dated October 15, 1956, on the letterhead of the Seaboard White Citizens' Councils. This literature referred to President Eisenhower as "'ike' (the imbecile in the White House)" and to the United States Supreme Court as "Red-controlled." (100-423395-229)

At a meeting of the WCC held August 9, 1956, at 3201 Nichols Avenue, Southeast, Washington, D. C., Kasper, in addressing those present, referred to President Eisenhower as a "hollow-headed pumpkin in the White House." (100-423395-56)

Kasper was the principal speaker at a segregation rally held at the Central Park Theater in Birmingham, Alabama, on September 13, 1956, at which time he made such statements as:

"We can no longer wait. We can no longer put it off. We must fight by every available means."

"The Supreme Court is enforcing a manner of life that we do not want and will not have."

Frederick John Kasper, Jr.

"We believe that total collapse of law and order is at hand. We must use every means to stop the niggers — every means."

"Some of us may die before this thing is over."

On September 17, 1956, Kasper addressed a citizens council meeting at Wetumpka, Alabama. In his speech he referred to the Supreme Court decision of May 17, 1954, regarding segregation in public schools as "the mandate of the communist on the Supreme Court."

On a television appearance at Station WSFA-TV, Montgomery, Alabama, on September 20, 1956, Kasper said the Supreme Court is forcing its "own communist ideologies on the American people." He said the people now have a "communist Supreme Court" and a "communist Government." In referring to the President he said "We have a hollow pumpkin on a pole, Eisenhower."

In a speech delivered September 21, 1956, at Montgomery, Alabama, Kasper attacked many public officials and specifically stated that former Presidents Roosevelt and Truman and President Eisenhower are all "soft on communism." (100-423395-210)

On December 6, 1956, Kasper gave a statement to "The Evening Star," a Washington, D. C., newspaper, in which he stated in part that we "will spill our blood on the ground before we will ever accept dictatorship in the White House or communists on the Supreme Court." Kasper made this statement in referring to the arrests of individuals in Clinton, Tennessee, on contempt of court charges for their participation in the segregation issue. (100-423395-263)

It is noted that on Edward R. Murrow's program, "See It Now," on January 6, 1957, a one-hour film resume of the disturbances resulting from the Federal court ruling concerning the integration of the Clinton High School was shown. In this connection excerpts from a talk given by Kasper in Louisville, Kentucky, following

Frederick John Kasper, Jr.

his arrest on contempt of court charges were included. Kasper bitterly denounced both political parties in the United States, including Adlai Stevenson and President Eisenhower. He was most critical of the United States Supreme Court, referring to its members as communists.

Articles appearing in both newspapers in Nashville, Tenn., quote JOHN KASPER as stating that he is coming to Nashville to organize segregationists and that he is to be in Nashville on August 3 or 4 for a rally to be held in cooperation with the Ku Klux Klan.

Discreet pretext telephone calls to residences of known Klansmen in Nashville in connection with investigation of Klan groups resulted in information that Klansmen in Nashville are opposed to KASPER and want no association with him because of alleged association with Negroes in New York.

The Tennessee Federation for Constitutional Government has stated to the press that they "want no part of KASPER."

No investigation or inquiry concerning KASPER will be made in Nashville UACB.

Reference is made to your memorandum dated July 5, 1957, in which you requested that the Bureau furnish the Department any additional information which comes to the Bureau's attention concerning the captioned organization and Frederick John Kasper.

According to articles which have appeared in Nashville, Tennessee, newspapers, Kasper has announced he plans to be in Nashville on August 3 or 4, 1957, for a rally to be held in cooperation with the Ku Klux Klan for the purpose of organizing segregationists.

Discreet inquiries made of Klansmen in the Nashville area indicate Klansmen are opposed to Kasper and do not desire to associate with him because of his alleged association with Negroes in New York. The Tennessee Federation for Constitutional Government, a pro-segregation organization, has stated to the press that it wants "no part of Kasper."

On July 26, 1957, a confidential informant, who has furnished reliable information in the past, advised he had been informed by Kasper that Kasper plans to hold a big Klan meeting in Nashville in about two weeks. According to an article which appeared in the "Nashville Tennessean," a newspaper published in Nashville, Tennessee, in its August 1, 1957, issue Kasper appeared at that newspaper and announced that he planned a meeting of Klansmen and white citizens council members for 2:00 p.m., August 4, 1957, at the entrance of Centennial Park in Nashville. He stated he had come to Nashville to organize opposition to desegregation in the city schools this fall. He advised the speakers at the meeting would be Asa (Ace) Carter of Birmingham, Alabama; Bill Hendrix, Ku Klux Klan leader of Clearwater, Florida; James Bagwell, Klan official of Greenville, South Carolina; Dr. Edward R. Fields, white citizens council official from Louisville, Kentucky; Peter Xavier, white citizens council official of Dayton, Ohio; and Reverend John Mercurio, prosegregationist of Los Angeles, California.

Klan leaders and leaders of the Tennessee Federation for Constitutional Government in Nashville announced publicly that they would have nothing to do with Kasper.

The news article referred to above revealed that Kasper was accompanied by Lee Foster of Knoxville, Tennessee, who Kasper said is a white citizens council official.

Douglas Hosse, chief of the Nashville Police Department, advised that his department had a surveillance on Kasper. He said the Nashville Park Commission had not given Kasper a permit for the meeting and that none would be issued. He said Kasper would not be allowed to hold a meeting at the park and efforts to do so would give the police a reason for arrest.

With regard to the above, there is being furnished you herewith a Photostat of an article which appeared in the August 5, 1957, issue of the "New York Post," a newspaper published in New York City. This article reveals Kasper was not allowed use of Centennial Park for the meeting referred to above.

In addition to the above, a United Press release on August 11, 1957, revealed that Kasper said on that date "there's going to be plenty of trouble" in Nashville if schools are integrated. Kasper made this statement at a segregation rally outside the city limits at which about 200 persons were present. Kasper stated the Nashville School Board should change its mind about integrating because of the possibility of violence. He said, "Don't think there's not going to be violence if they go ahead, there's too many real men just to sit back." Kasper, in his speech, criticized Tennessee Governor Frank Clement, the Nashville School Board, Jews, and the press. He urged the formation of a national segregation political party.

Re: FREDERICK JOHN KASPER, wa

SECURITY MATTER - X

The August 1, 1958 issue of the Memphis Press-Scimitar newspaper reported in a United Press International News Story from Atlanta, Georgia that segregationist JOHN KASPER, undaunted after eight months in prison, walked out of the U. S. Penitentiary on August 1, 1958 and announced he would keep up the racial battle that landed him behind bars. It pointed out that he was released after eight months of a one year sentence for contempt of a Federal anti-agitation order in U. S. District Court for the Eastern District of Tennessee. This article pointed out that KASPER had said that some of his supporters, not identified, had written him in prison that "some work needs to be done in Memphis," and that this city, according to KASPER, might be receiving him after his trip to Florida upon his release from prison.

The Memphis Press-Scimitar issue of August 1, 1958 reported that Memphis Fire and Police Commissioner CLAUDE ARMOUR, when asked about KASPER's possible visit to Memphis, stated "it is a known fact that I am a segregationist but I feel that we in Memphis are well qualified to handle our own problems. We do not need outsiders interfering in our local problems. KASPER is known as a radical and as far as I'm concerned he will be unwelcome to the City of Memphis."

The Memphis Commercial Appeal newspaper in its issue of August 3, 1958 reported that JOHN KASPER on interview at Montgomery, Alabama stated "I've been asked to go to Memphis where they say they're not too well organized. They're going to integrate Memphis State and want some help, so that's my next move."

The paper quoted Memphis State University President, J. MILLARD SMITH, as saying, "I just hope he doesn't come," in referring to KASPER.

The paper further reported that KASPER stated that he might come to Memphis after he had visited his mother "up

North" and prepared for his next trial in Nashville, Tennessee in September.

On August 8, 1958, Memphis Confidential Informant T-1 advised that KASPER's recent host, Admiral JOHN CROMMELIN, had stated on or about August 8, 1958 that KASPER had left the vicinity of Montgomery, Alabama enroute to Memphis and Nashville, exact time not stated. No further details of KASPER's itinerary were known to T-1.

The Memphis Commercial Appeal in its issue of August 11, 1958, in an Associated Press story, dated August 10, 1958 from Nashville, reported that JOHN KASPER in Nashville had reported that he will work against desegregation of the Nashville public schools second grade during the Fall of 1958. The story reminded that Federal Judge WILLIAM E. MILLER had issued a temporary injunction during the Fall of 1957 ordering KASPER to stop interference with the city schools first grade integration.

KASPER stated that he understood that the injunction applied only to integration in the first grade and that accordingly, his efforts will involve a few speeches and a few meetings.

The news story reported that KASPER's speeches and meetings held in Nashville during the Fall of 1957 resulted not only in the court injunction, but also resulted in a Tennessee state charge against KASPER for inciting to riot and reported that charges leveled against KASPER in this connection would be tried in Nashville courts during September of 1958.

According to an article appearing in the Nashville Tennessee, a daily newspaper published in Nashville, Tennessee, on August 10, 1958, FREDERICK JOHN KASPER telephonically contacted WALLACE WESTFELDT, a reporter for that paper, on Saturday, August 9, 1958, and advised him that he was in Nashville and intended to work in opposition to the integration of the second grade of the Nashville public schools in September of 1958. He stated that he did not think that the injunction of the U. S. District Court, Nashville, against his working against integration in the Nashville public schools applied to the second grade but only applied to the first grade. He stated that his work would consist of a few meetings and a few speeches around town. He refused to give his Nashville address. He stated that he intended to go to Memphis to oppose the integration at Memphis State University, stating that he had been requested by some students there to come and assist in the fight against integration in this school.

Re: FREDERICK JOHN KASPER, wa

8-12-58

On August 11, 1958, WILLIAM COLEMAN, Tennessee Bureau of Criminal Identification, Nashville, advised SA FRANCIS W. NORWOOD that he had talked to WESTFELDT about the call and that WESTFELDT is sure that the caller was KASPER as he recognized his voice, having talked to him in the Fall of 1957. COLEMAN stated that his organization and the Nashville Police Department were attempting to ascertain discreetly where KASPER is staying.

Reference is made to Bureau memo to WFO 7/21/58 setting forth information that JOHN KASPER would be released from FCI, Tallahassee, Fla., 8/1/58 and instructing that appropriate sources be alerted to keep apprised of KASPER's plans and activities.

KASPER has been in Wetumpka, Ala. visiting retired Admiral JOHN CROMMELIN and informants in this area have been alerted for information concerning KASPER's activities.

It is pointed out that a series of three articles appeared in the Mobile papers August 7, 8, and 9, 1958 (copies of which furnished the Bureau by Routing Slip captioned "RACIAL SITUATION, STATE OF ALABAMA"), in which KASPER describes his eight months in prison and in which he stated he was resting up in Wetumpka, Ala. prior to heading for Memphis, Tenn. within two weeks to organize opposition against integration of Memphis State College. Further information concerning KASPER's stated plans for his defense in coming trial in Nashville, Tenn. on charge of inciting to riot and his thinking about forming a third political party and writing a book, were furnished to the Bureau and interested offices, except Memphis, by airtel 8/6/58 captioned "NATIONAL STATES RIGHTS PARTY". Transmitted herewith to the Bureau and interested offices is a letterhead memorandum relating to the attendance of FREDERICK JOHN KASPER and a group of his associates at a forum on desegregation of the first and second grades in the Nashville Public Schools, Nashville, Tenn.

In addition to the information set forth in the memorandum, Lt. REX WHITE, Nashville PD, advised that the reason that he was with Supt. OLIVER was that OLIVER had received a telephone call from an unidentified man who stated "Be smart - stay away from that meeting tomorrow." This call was received by OLIVER on 8-23-58. WHITE stated that no publicity was given this call because they hoped to avoid setting a precedent which would possibly precipitate a lot of similar calls.

On Sunday, August 24, 1958, FREDERICK JOHN KASPER and some of his associates appeared at Clark Memorial Methodist Church, 1014 14th Avenue North, Nashville, Tennessee, a predominantly Negro church and attended a meeting in progress there. During the meeting an anonymous caller advised both the Nashville Police Department and the Nashville Fire Department that the church had a bomb planted in it. The church was evacuated and searched but no explosives located. After the search the meeting was resumed with KASPER and his group re-entering the meeting. The above was reported by Television Station WLAC, Nashville, at 10:00 PM, August 24, 1958.

Dr. VIVIAN W. HENDERSON, 1619 Phillips Street, Nashville, was the chairman for instant meeting and furnished the following information:

The meeting was sponsored by the Commission of Christian Social Relations of the Methodist Church and the Women's Society of Christian Service of Clark Memorial Methodist Church. The Commission is an official organization of the Methodist Church. There were other interested groups participating and the meeting was a Forum on Desegregation of the First and Second Grades in the Nashville Public Schools. It was set up three weeks ago and approximately 800 letters were sent out to nearly all of the churches in the city, also to white and Negro people interested in the problems and to some educators. It was stated in the letters that W. H. OLIVER, Superintendent of Public Schools in Nashville, would speak; that there would be consultants on racial matters present, and that some discussion on the question of escorts for Negro students entering integrated schools might be entertained. The latter question was dropped from the program as most of the people concerned seemed to be of the opinion that it would not be a good idea to have escorts.

HENDERSON advised that on his arrival at the church at 3:30 PM, he noticed a car containing three white men parked in front of the church. He stated that he was somewhat concerned because they appeared to be of the "rabble rousing type."

Re: WHITE CITIZENS COUNCILS

Superintendent OLIVER arrived very soon thereafter, accompanied by a city detective and there were several squad cars in the vicinity. The detective seemed to be particularly interested in the car containing the men.

HENDERSON advised that the meeting started with approximately 125 persons present, and that just as the meeting started the three men from the car came into the meeting. He asked them to have seats but they stood in the rear of the church. Shortly thereafter they did sit down and soon KASPER came in with a woman and a small child. He believed they may have been accompanied by a young man. They also stood at the back of the church but eventually sat with the other men. All were very quiet and took no part in the meeting.

According to HENDERSON, Mr. OLIVER was speaking and at approximately 4:10 PM a commotion was heard on the outside. Lt. REX WHITE, Nashville Police Department, came in and advised OLIVER and HENDERSON that there had been a report that there was a bomb in the church. HENDERSON asked the group to leave, which they did in an orderly manner. Firemen and police checked the building and found nothing. The meeting was resumed. While the check was being made HENDERSON observed that KASPER was apparently going to leave, however, he was stopped and questioned by some of the people present and when the meeting was resumed, he and his group came back in the meeting with the rest. During the remaining discussion, however, one person asked if the Police Department was going to let KASPER make trouble again. HENDERSON asked KASPER if he would care to comment. KASPER laughed but refused to make any comment.

On August 25, 1958, Lt. ~~REX~~ WHITE, Nashville Police Department, Nashville, advised he attended a meeting at Clark Memorial Methodist Church on August 24, 1958 with Mr. W. A. OLIVER, Superintendent of Public Schools, Nashville. He stated that he had not expected to see JOHN KASPER at the meeting but on arrival at the church did note a car parked across the street containing three men, who because of their general demeanor, were suspicious. He stated that they were in a Chevrolet having 1958 Tennessee License No. 1B-04-37. These men came into the meeting after it had just started and shortly thereafter JOHN KASPER, Mr. ROBERT WRAY, and a small girl, apparently Mrs. WRAY's child, came in and sat with these men. When the church was evacuated for searching, some of the persons present got into a discussion with KASPER on the lawn of the church. Lt. WHITE did not hear the conversation.

Re: WHITE CITIZENS COUNCILS
INTERNAL SECURITY - X

8-27-58

He advised that KASPER was driving a black 1939 or 1940 Plymouth automobile having 1958 Tennessee License No. 3F-77-15. Lt. WHITE was of the opinion that the call concerning the bomb was a hoax perpetrated by KASPER or his associates to assure publicity concerning his attendance at the meeting.

Mrs. JANICE RIDLEY, Motor Vehicle Division, Department of Finance and Taxation, State of Tennessee, advised that 1958 Tennessee License No. 1B-04-37 was issued for a 1955 Chevrolet two-door sedan, to RICHARD G. SMITHSON, 330 33rd Avenue North, Nashville, and 3F-77-15 was issued for a 1940 Plymouth to LEE R. FOSTER, 5317 Cedar Heights Drive, Knoxville.

The Nashville Banner, August 25, 1958, carried a story of the incident on the front page. It quoted KASPER as answering the question of whether he intended to resist integration in the first and second grades in Nashville as follows, "The Federal Courts are running the schools." He declined to comment on the bomb scare, declined to give his address and stated that he was at work on a book explaining his racial views. With regard to the meeting, he was quoted as saying, "I just came over to hear what they had to say and to see what was going on."

The nature of the pamphlet was unknown to informant. Informant also advised that CROMMELIN intended to meet JOHN KASPER when he, KASPER, was released from prison in August, 1958. According to T-10, these mimeographed sheets were passed out at a meeting labeled "Ultimatum Conference of Loyal Americans" held on February 1, 1958, in the Rainbow Room of the Henry Clay Hotel in Louisville, Kentucky. According to T-10, the meeting was called by MILLARD DEE GRUBBS, Louisville segregationist and Permanent Chairman of the Citizens' Councils of Kentucky. According to the informant, another member of the Board of Directors, [Redacted] has been inactive since JOHN KASPER's return to Nashville, Tennessee.

WF T-1 advised on May 25, 1959, that according to FLEMING, KASPER's attorney, J. BENJAMIN SIMMONS, has stated that JOHN KASPER is finished and that SIMMONS is finished with KASPER.

WF T-1 advised on May 20, 1959, that FLOYD FLEMING had received a letter from JOHN KASPER setting forth that KASPER did not intend to return to Washington, D. C., as it would be thought that he was going to team up with GEORGE LINCOLN ROCKWELL. FLEMING mentioned that he wanted a meeting arranged to either abolish the SWCC or reorganize it leaving KASPER out of the group.

Concerning GEORGE LINCOLN ROCKWELL, also known as LINCOLN ROCKWELL, it should be noted that

SEABOARD WHITE CITIZENS

D.S.

WF T-1 has furnished information during March, 1959, that ROCKWELL is attempting to form a Nazi-like organization known as the World Union of Free Enterprise National Socialists (WUFENS). The "Washington Post and Times Herald," local newspaper, in its April 22, 1959, issue carried an article entitled "Jury Asserts ROCKWELL is 'A Nuisance.'" The article sets forth that the Arlington County, Virginia, Police raided the home of ROCKWELL, "a self-styled printer of anti-Jewish literature," after an Arlington Grand Jury returned a presentment charging him with maintaining a public nuisance. The two-count misdemeanor complaint charged ROCKWELL with actions indicating he advocated the Nazi policies of ADOLPH HITLER.

II. FINANCES

WF T-1 advised on May 25, 1959, that [redacted] is contributing about \$20 a month for literature, stamps, and other expenses of SWCC. *Card White Citizens Council*

III. ACTIVITIES

WF T-1 advised on May 25, 1959, that there had been no meetings of the SWCC during May, 1959, and there has been no material going out in the mail under the SWCC name with the exception of single sheets that FLEMING sends out on request.

WF T-2 advised on May 2, 1959, that FLOYD FLEMING on May 2, 1959, had mentioned that although he did not like the Nazi idea of ROCKWELL, he had to admit that ROCKWELL had "get up and go" and also had a strong group around him which JOHN KASPER never had.

On May 13, 1959, FLOYD FLEMING was interviewed at the home of GEORGE LINCOLN ROCKWELL, 6512 Williamsburg Boulevard

~~LINCOLN ROCKWELL~~

ARLINGTON, VA

Boulevard, Arlington, Virginia, by SAs CLARENCE W. SLAUGHTER and RICHARD B. LAVIN while these Agents were engaged on another matter. FLEMING mentioned that the SWCC has been inactive but that he intends to call a meeting of the Board of Directors to see whether or not to discontinue the SWCC. He mentioned that for the time being, the SWCC will remain in existence. FLEMING stated that he is not mixing the SWCC with the WUFENS but that he as a private individual was lending support to ROCKWELL.

IV. INTERVIEWS WITH PERSONS CHARACTERIZED AS MEMBERS OF SWCC

On November 14, 1958, WF T-1 furnished a list of names of persons who are carried in SWCC files as members. WF T-1 has continuously advised that actually there is no membership, as such, to the SWCC. On this list were thirty-five names, twenty-one of whom were listed as residing in the Washington, D. C., area.

On April 30, 1959, [redacted]

[redacted] Maryland, listed as a SWCC member, advised SAs ELMER LEE TODD and LAVIN that he retired from the United States Naval Air Station at Anacostia [redacted] Prior to that time, he worked with FLOYD FLEMING and at one time FLEMING had received \$2 from him and signed him up as a member of the SWCC. [redacted] advised that he never went to any meetings and that although FLEMING occasionally sends him literature of the SWCC, he throws it in the trash basket. [redacted] advised that he no longer has any interest in the SWCC.

On May 7, 1959, [redacted]

Mt. Rainier, Maryland, employed at the United States Naval Air Station at Anacostia and listed as a member, was interviewed by SAs TODD and LAVIN. [redacted] advised that he was at one time a member of the SWCC and that he had become a member through FLOYD FLEMING when they worked together at the Anacostia Naval Air Station. [redacted] mentioned that he may have given FLEMING a dollar or so to mail some literature. He mentioned, however, that he had not seen FLEMING since FLEMING resigned from the Naval Air Station

about one year ago and that he had no information concerning any meetings or activity of the SWCC. He stated that he has since lost interest in the SWCC.

b6
b7C

On May 25, 1959, [redacted] Washington, D. C., employed at the United States Naval Air Station at Anacostia and listed as a member, was interviewed by SAs TODD and LAVIN and stated that he may have been listed as a member of the SWCC but that actually he did not consider himself as such. He mentioned that he occasionally gave FLOYD FLEMING a dollar or so to mail out literature when FLEMING was working at the Naval Air Station in 1956 and 1957. [redacted] mentioned that he does not feel any hatred toward Negroes but that the reason he supported FLEMING was that he did not want to have to eventually eat or sleep with Negroes. [redacted] stated that he has not heard from FLEMING in well over a year, and he no longer has any interest in FLEMING's organization.

On May 25, 1959, [redacted] Virginia, employed at the United States Naval Air Station at Anacostia, advised SAs TODD and LAVIN that he formerly worked with FLOYD FLEMING at the Naval Air Station and that FLEMING may have thought him to be a SWCC member. [redacted] stated that FLEMING continually tried to interest him in segregation matters but that [redacted] never took much interest in them. He stated he has not seen FLEMING since FLEMING resigned from the Naval Air Station and has not received any literature from the SWCC.

On May 7, 1959, JOSEPH F. TOLSON, Postmaster of the Brookland Post Office Station, Washington, D. C., advised that [redacted] had moved to [redacted] Virginia. [redacted] had been listed as a SWCC member.

There has been no activity on the part of SWCC during recent past except FLOYD FLEMING, President of SWCC, and GEORGE LINCOLN ROCKWELL of WUFENS, along with followers visited CONDE MC GINLEY in New Jersey in July, 1959. FLEMING and ROCKWELL are having literature printed in Washington, D.C., concerning program of WUFENS and a pamphlet entitled "White Man Fight".

DETAILS: AT WASHINGTON, D. C.

A description of the Seaboard White Citizens Councils is located in the appendix section of this report.

I. OFFICERS

WF T-1 advised on August 25, 1959, that the officers of the Seaboard White Citizens Councils (SWCC) are as follows:

Executive Director:	FREDERICK JOHN KASPER, aka, John Kasper
President:	FLOYD FLEMING
Vice President:	CARY JOHNSON HANSEL
Treasurer:	RAN DE MENT
Secretary:	
Chairman of Board of Directors:	<div style="border: 1px solid black; width: 250px; height: 30px; display: inline-block;"></div>

b6
b7C

WFO 100-33226

WF T-1 advised on August 25, 1959, that FLOYD FLEMING received a letter from JOHN KASPER that KASPER intends to come back to this area when he is released from jail. Due to this, according to informant, FLEMING has not mentioned any more about letting the SWCC charter lapse. FLEMING has mentioned changing the name of the organization to something like Seaboard Political Party.

II. FINANCES

WF T-1 advised on August 25, 1959, that the finances of the organization are small and that during the past month approximately \$20 has been received for literature and as donations. WF T-1 advised on August 25, 1959, that FLOYD FLEMING has appointed [redacted] to begin to raise money to pay the Nashville fine money of KASPER. In this connection it is to be noted that the Tennessee Supreme Court on July 27, 1959, ruled that KASPER must serve six months in the Davidson County Workhouse at Nashville and pay a \$500 fine for inciting to riot in Nashville integration troubles in 1957.

b6
b7C

On August 25, 1959, WF T-1 advised that [redacted] intends to send out separate appeal letters rather than a huge mailing.

III. ACTIVITIES

WF T-1 advised on August 25, 1959, that there have been no mailouts in mass of SWCC material nor has there been any material printed for the group.

Visit to New Jersey

On July 29, 1959, WF T-1 advised that GEORGE LINCOLN ROCKWELL of the World Union of Free Enterprise National Socialists (WUFENS) and four of his followers along with FLOYD FLEMING of the SWCC with two of his followers visited CONDE MC GINLEY at Union, New Jersey, on July 26, 1959. WF T-1 advised that also present at MC GINLEY's was [redacted] from Philadelphia.

WF T-1 advised that MC GINLEY showed everyone around his place. Source characterized the place as impressive and mentioned that MC GINLEY had a huge press which he claims is eighty years old. MC GINLEY stated that he has eighteen part-time workers and that a woman named [redacted] was his next in command. WF T-1 advised that [redacted] lives with her mother in Camden, New Jersey. The source advised that in MC GINLEY's office there are two shotguns and a pistol which appears to be a .38 caliber. MC GINLEY also has several sets of files and

b6
b7C

in the basement has one set of plates that he said contained the entire underground of Germany. MC GINLEY mentioned that he is in constant touch with the Hungarian and Polish underground leaders.

After the tour, according to the source, MC GINLEY gave the group a lecture. He claimed that he is 64 years of age, "flat broke", and completely informed on the "devils," that are trying to ruin America. He mentioned that he is a devout Catholic, and WF T-1 observed crucifixes in all of his bedrooms. MC GINLEY claimed that 600 Catholic priests get "Common Sense." He claims that he fights the enemy by prayer and intelligence. MC GINLEY mentioned that some people like ROCKWELL burn their bridges back of them and have to keep on, but that he, MC GINLEY, does not attempt to fight the Jews openly but only in print.

According to WF T-1, MC GINLEY gave the group several rules to live by. MC GINLEY mentioned that first the group should educate themselves and keep educated. Secondly, he said the group should educate others. Thirdly, he said that the end of the education phase would soon be over, maybe within two years, and the group should then be ready for action to prevent the Jews from destroying it. MC GINLEY did not state what form this action should take. WF T-1 advised that the group brought back to Washington, D.C., a great deal of literature published by MC GINLEY. Items such as:

1. "The Coming Red Dictatorship," which is a one page flyer. (1,000 copies)
2. "Poisoning These United States," a two-page leaflet containing excerpts from the American Mercury magazine. (2,000 to 4,000 copies)
3. "Outline of Post War New World Map," which is a two-page flyer supposedly published by MAURICE GOMBERG, prior to World War II. (100 copies)
4. "Reds Promote Racial War," which is a 76-page booklet by KENNETH GOFF, Post Office Box 116, Englewood, California. (50 copies)
5. "Know Your Enemy", which is a 56-page booklet by ROBERT H. WILLIAMS, Box 868 Santa Anna, California. (50 copies)

WF T-2 furnished information on July 29, 1959, substantially the same as that furnished by WF T-1 above. WF T-2, in addition, advised that JOHN KASPER appears to be

WFO 100-33226

a favorite of MC GINLEY's. According to WF T-2, MC GINLEY also mentioned that he was very short of funds and out of paper for his press.

WF T-3 advised on July 28, 1959, that on the trip back from New Jersey, ROCKWELL and members of his party spoke about a party with no violence, but on two occasions attempted to run cars containing Negroes off the road when those cars came too close to them in traffic.

The WUFENS and CONDE MC GINLEY will be described in the appendix to this report.

On August 25, 1959, WF T-4 advised that GEORGE LINCOLN ROCKWELL and FLOYD FLEMING have arranged to have printed in Washington, D.C., 2,000 copies of the program of the WUFENS and 2,000 copies of a pamphlet written by ROCKWELL called "White Man Fight".

"White Man Fight," a copy of which was supplied by WF T-1, is a 24-page leaflet which has ROCKWELL's photograph on the front and ADOLF HITLER's photograph on the inside of the back cover. It is a three and one fourth by four and three fourths inch leaflet and attacks persons of Jewish origin as enslaving people to lies and such false goals as the mongrelization of "brother-hood". It urges the white man to keep from being divided and advocates Nazism as the only method of fighting Jews. The pamphlet at one point sets forth the following: "It is frightfully LATE. Only a radical major upheaval in our lives can stop this deadly hypnotized DRIFT toward the precipice. This is no time for petitions and tricky political schemes in the filthy rigged game in Washington. This is a time for AGITATION, SPEECH MAKING, LEGAL ACTION, STREET ACTION - - - FIGHTING".

IV. APPENDIX

The Committee on Un-American Activities, United States House of Representatives, in a report issued December 17, 1954, stated the following concerning CONDE MC GINLEY and Common Sense:

"Growth of the hate group in recent years is exemplified by the publishing endeavors of Conde J. McGinley and his son C. J. McGinley in Union, N.J. The McGinleys Senior and Junior operate as the Christian Educational Association for the purpose of publishing a semi-monthly paper 'Common Sense' as well as a mass of individual printed matter."

The Committee characterized Common Sense as "some of the most vitriolic hate propaganda ever to come to the attention of the Committee. Common Sense defines communism as 'Judaism', devotes its pages almost exclusively to attacks on the Jewish and to a lesser extent the Negro minorities in our nation. Sympathy for the former Nazi regime in Germany also is injected into this propaganda * * *."

White Citizens Councils of D. C., aka Seaboard
White Citizens Councils.

The White Citizens Councils of D.C., aka the Seaboard White Citizens Councils (SWCC) were incorporated in the District of Columbia as reflected in certificate 16343 filed August 31, 1956, with the Recorder of Deeds, Washington, D.C. The "particular business and objectives of said corporation shall be to promote the material improvement of its members by designating information to members and others for the purpose of improving race relations." Among individuals listed as trustees, directors and/or managers for the corporation were JOHN KASPER and FLOYD FLEMING.

FREDERICK JOHN KASPER, also known as JOHN KASPER, was sentenced to one year in a Federal prison in the Fall of 1956, by United States District Judge ROBERT TAYLOR in Knoxville, Tennessee, for violation of a restraining order growing out of the Clinton, Tennessee, High School racial riots in August, 1956. KASPER has also received a six months' Federal prison sentence and a six months' sentence from the State of Tennessee, for his activities.

A source has advised that as of May, 1959, KASPER is still the Executive Director of the SWCC. The source has advised that the actual active membership of the SWCC is small and limited to approximately nine persons.

World Union of Free Enterprise National
Socialists.

A source advised on February 27, 1959, that GEORGE LINCOLN ROCKWELL of Arlington, Virginia, had held an organizational meeting of the World Union of Free Enterprise National Socialists (WUFENS) at his residence on February 26, 1959. Six persons were present and they, according to the source, comprised the beginning of an officer corp of the organization. ROCKWELL told those present that the WUFENS would be an international movement, but that the section of the organization in the United States would be known as the American Party of the WUFENS.

ROCKWELL on March 26, 1959, furnished to Special Agents of the Federal Bureau of Investigation a copy of the program of the WUFENS stating that he expects to become president of the United States through the organization's platform. The main tenets of the WUFENS, as reflected in the program, call for the migration of Negroes to Africa and the trial and execution of all Jews guilty of communist and Zionist treason.

The source advised on May 20, 1959, that the main activity of the organization since its inception has been the distribution of anti-Jewish material as well as material setting forth the program of the organization.

SEABOARD WHITE CITIZENS COUNCILS

On September 14, 1959, a source, who has furnished reliable information in the past, furnished a copy of the attached letter. According to the source, five hundred copies of this letter have been printed for distribution.

The letter is an appeal for funds by the Seaboard White Citizens Councils, Post Office Box 4564, Brookland Station, by Floyd Fleming, Chairman, Committee to Free John Kasper.

Concerning the Seaboard White Citizens Councils and John Kasper, the following should be noted:

The White Citizens Councils of D. C., also known as the Seaboard White Citizens Councils (SWCC) were incorporated in the District of Columbia as reflected in certificate 16343 filed August 31, 1956, with the Recorder of Deeds, Washington, D. C. The "particular business and objectives of said corporation shall be to promote the material improvement of its members by designating information to members and others for the purpose of improving race relations." Among individuals listed as trustees, directors and/or managers for the corporation were John Kasper and Floyd Fleming.

Frederick John Kasper, also known as John Kasper, was sentenced to one year in a Federal prison in the Fall of 1956, by United States District Judge Robert Taylor in Knoxville, Tennessee, for violation of a restraining order prohibiting interference with integration of the Clinton, Tennessee, High School. Kasper has also received an additional six months' Federal prison sentence for again violating the order and has been sentenced by the State of Tennessee to serve six months for inciting a riot.

A source has advised that as of August, 1959, Kasper is still the Executive Director of the SWCC. The source has advised that the actual active membership of the SWCC is small and limited to approximately nine persons.

John Kasper - Executive Secretary

On August 19, 1959, six Ohio communists, convicted three years ago for violation of the Smith Act, were released by a Federal Court on grounds that "their convictions were based on erroneous interpretations of the law." They had originally been charged with conspiring to teach and advocate violent overthrow of the Government

As you know, John Kasper is now serving six months in the Tallahassee Federal correctional institution for speaking against integration in Clinton, Tennessee; not for advocating violence.

In July, the Tennessee Supreme Court upheld a sentence of six months in jail and a \$500.00 fine against John for addressing a crowd in Nashville. The state authorities call it "inciting to riot."

If John works this fine off (on the county road in an integrated road-gang) at prison rates, he faces another one and one-half years in confinement. He will be lost to the American people for approximately one and one-half years for the want of the money to pay his fine.

Attorney J. B. Simmons of Washington, D. C., who handled John's previous cases, has now taken charge of the Nashville case and is petitioning the U. S. Supreme Court to review this case. Although we are not optimistic as to obtaining any relief from that court, we want to complete the record. Funds for this are also necessary.

I urge you, as a friend of John's, to contribute any sum that you feel you can spare to go towards the payment of this fine. I enclose a self-addressed envelope for your contribution.

For your money you won't receive any literature, but only the satisfaction of knowing that you have aided a friend in need. As an afterthought, you might also think that by your generous donation you are getting John back on the job where he can hit our enemies much sooner than he would ordinarily be able to do.

On John's behalf. I thank you for your help.

Sincerely,

Floyd Fleming, Chairman
Committee to Free John Kasper

APPENDIX

White Citizens Councils of D. C., aka
Seaboard White Citizens Councils

The White Citizens Councils of D. C., aka the Seaboard White Citizens Councils (SWCC) were incorporated in the District of Columbia as reflected in certificate 16343 filed August 31, 1956, with the Recorder of Deeds, Washington, D. C. The "particular business and objectives of said corporation shall be to promote the material improvement of its members by designating information to members and others for the purpose of improving race relations." Among individuals listed as trustees, directors and/or managers for the corporation were JOHN KASPER and FLOYD FLEMING.

FREDERICK JOHN KASPER, aka JOHN KASPER was sentenced to one year in a federal prison in the fall of 1956 by United States District Judge ROBERT TAYLOR in Knoxville, Tennessee for violation of a restraining order prohibiting interference with integration of the Clinton, Tennessee High School. KASPER has also received an additional six months' Federal prison sentence for again violating this order and has been sentenced by State of Tennessee to serve six months for inciting a riot.

A source has advised that as of May, 1959, KASPER is still the Executive Director of the SWCC. The source has advised that the actual active membership of the SWCC is small and limited to approximately nine persons.

WHITE CITIZENS COUNCILS - District of Columbia
INTERNAL SECURITY - C

Reurlet May 22, 1956, captioned "Cadmus Bookshop,
IS - X," your file 100-32920.

The "Washington News" of June 6, 1956, contained
an article on page 7 captioned "12 Start Local Group 'White
Council' Is Here." A review of this article reflects
that 12 persons meeting in a back room of the Cadmus Book
Store have formed 2 "White Citizens Councils" to operate
here.

You are instructed to immediately open a case
on this matter and conduct inquiries in strict accordance
with SAC Letter 55-66. In the event it is determined that
these 2 citizens councils are autonomous you should, of
course, open separate cases on each. If, however, they
are affiliated and operated under the same general leader-
ship the entire matter should be carried as one case.

This matter must be afforded prompt attention
and a report suitable for dissemination submitted to
reach the Bureau no later than 30 days from receipt of
this communication. Any pertinent developments coming
to your attention during this 30-day period should, of
course, be promptly forwarded to the Bureau by appropriate
communication.

12 Start Local Group

'White Council' Is Here

Twelve persons, meeting in a cluttered back room of the Cadmus Book Store, at 1246 Wisconsin-av, in Georgetown, have formed two "White Citizens Councils" to operate here.

Groups with the same name have sprung up recently in the South to oppose racial integration. The Georgetown group, said its purpose is the same, and that it is affiliated with the Alabama Citizens Council.

The organizers are the bookshop's owners, John Kasper, from New Jersey, and Mrs. Nora Devereau, 24, a divorcee, who said she was born in Virginia.

Mr. Floyd Fleming, of 905 Quincy street, was elected "temporary president" of the Northwest Council. He told The News he is 58 and an employe at the U. S. Naval Air Station in Anacostia.

"I'm not ashamed of nothing," he said.

Baker Gardner

TWO GROUPS

The 12 members met at the shop two nights ago and split into two groups, the "Northwest Council" and the "Southeast Council."

The shop, when The News visited it yesterday, displayed pamphlets with such titles as "Black Monday," "Shall We Help Israel?," "The Cult of Equality" and "United Nations Planned Tyranny."

There was a copy of the Declaration of Independence on the wall, tied up in red, white and blue ribbon, and a poster read: "Live Dangerously. Defy the Liberals."

Mrs. Devereau, the only one of the owners there at the time, said the shop is a means to make money to print the pamphlets.

IDEAS

She told a reporter integration is "against nature" and then went on with an attack on the Negro race.

Remy airtel 6/15/56, reporting a meeting being held at Annapolis Hotel by subject organization on 6/15/56.

The Washington Post and Times Herald 6/16/56 Pg. 3, carried an article "Leader of White Councils Lays Integration to Reds". Article sets forth that ASA E. CARTER, an organizer of Alabama White Citizens Councils in Birmingham accused Communist integrationists of using the Negro to "Tear up the framework" of the United States Government.

The article sets forth that 100 persons attended and that JOHN KASPER and CARTER outlined the aims of the Citizens Councils. It has been reported in previous newspaper articles that KASPER is the proprietor of Cadmus Book Shop at 1246 Wisconsin Avenue, N. W.

Newspaper article in Washington Evening Star 6/16/56, Pg. 2, captioned "Red Link seen in Integration" sets forth that room at Annapolis was rented under the name Seaboard Citizens Committee. According to article KASPER explained that Seaboard Citizens Committee includes the White Council here and those in Maryland, Virginia, and Delaware. According to article the speakers "hit at" President EISENHOWER, the Supreme Court, the District Commissioners, a "Northern Senator", the Press in general and "Rock and Roll" music.

Birmingham is requested to furnish characterization for ASA E. (ACE) CARTER and the Alabama White Citizens Council suitable for report. P.

CADMUS BOOKSHOP
INTERNAL SECURITY - X

On June 29, 1956, Mr. J. Fred Olsen, owner of the Olsen Press, 22 Nuttman Street, Newark, New Jersey, furnished the following information to a representative of the Bureau.

Mr. Olsen said he deals in greeting cards bearing reproductions of art works of the Metropolitan and other famous museums. In approximately September, 1955, he was contacted by the owner of the Cadmus Bookshop (whose name Olsen could not recall). This individual purchased \$1,200 worth of cards which, according to Mr. Olsen, is an exceptionally large order.

At that time and subsequently through information supplied by salesmen in the Washington, D. C., area, Mr. Olsen acquired the feeling that something is "peculiar" regarding the Cadmus Bookshop.

On June 29, 1956, while in Washington, D. C., on business Mr. Olsen personally visited the bookshop at 1246 Wisconsin Avenue, N. W., where he talked with a woman (whose name he could not recall). She advised him that the Cadmus Bookshop is the headquarters of the local citizens council and that meetings are held there. In response to Mr. Olsen's questions concerning the political nature of the store the woman referred him to United States Senators Jenner of Indiana and Malone of Nevada and Representative Gwinn of New York. She said these Congressmen would vouch for the anticommunist nature of the store.

Mr. Olsen said he also learned that plans are being made by the owners of captioned organization to open stores in Dallas and San Francisco.

DETAILS: AT WASHINGTON, D. C.

FORMATION OF WHITE CITIZENS COUNCIL IN WASHINGTON, D.C. AREA

A pretext telephone call was made to RALPH EDWARDS, 5006 16th Avenue, North Birmingham, Alabama. EDWARDS is president of the Citizens Council of Woodlawn, Birmingham, Alabama. EDWARDS advised that the Citizens Council of Woodlawn was associated with the Alabama Citizens Council which organization was headed by ASA CARTER.

EDWARDS advised that the Alabama Citizens Council had a membership exceeding 40,000 and was in the process of establishing Councils in Michigan. He also advised that they had received requests from Ohio, Pennsylvania, and Washington, D. C. to organize Citizens Councils in those locations. EDWARDS stated that the Alabama Citizens Council was presently making plans to send crews of organizers to those states to help organize Councils there.

The Washington Post and Times Herald, local newspapers of Washington, D. C., in its issue of June 6, 1956, page 19, published an article entitled "White Citizens Council Formed in Washington." The article sets forth that a "dozen Washingtonians" organized the District of Columbia "White Citizens Councils" Monday night (June 4, 1956). According to an interview set forth in the article, JOHN KASPER stated that the District of Columbia's Councils are chartered by the North Alabama Citizens Council headed by ASA E. (ACE) CARTER of Birmingham.

The Washington Evening Star, a local newspaper of Washington, D. C. in its issue of June 6, 1956, page A-22, published an article entitled "White Citizens Council Is Organized Here." This article, similar to the article above, set forth that a dozen persons were present at JOHN KASPER'S bookstore 1246 Wisconsin Avenue, N. W., on Monday night (June 4, 1956) and established a White Citizens Council. In the article JOHN KASPER was referred to as the organizer and it was set forth that the organization is associated with Councils chartered by the North Alabama Citizens Council.

On May 29, 1956, [redacted] [redacted] Forestville, Maryland, made available to SA WILLIAM G. SHAW a post card sent to him by the Cadmus Bookshop, 1246 Wisconsin Avenue, N. W., Washington, D. C. This post card bore the following message:

"We are pleased to announce that at 8:30 p.m. on Sunday, May 27, 1956, we shall have with us MANNING GASCH, who will present a talk entitled, 'The Citizens Council Movement.' The talk will be heard at the bookshop."

It is not known what connection this talk by GASCH had with the later formation of subject organization. Concerning other meetings which have taken place at the Cadmus Bookstore in recent months, Mr. REYNOLDS, during various dates in February and March, 1956, made available several post cards addressed to him from the Cadmus Bookshop which contained invitations to hear talks. The following speakers and subjects were listed on these post cards:

February 19, 1956 - SHEIK AHMAD will present a talk entitled, "Reading the Moslem Mind." Alternate speaker listed as STEPHANIE WILLIAMS, "Mental Health Proposals."

February 26, 1956 - MATT McCUNE will speak on "Communism Today and Tomorrow."

March 4, 1956 - WOODY BAUSMAN, American Legion Americanization Committee, will speak on UNESCO, "Now and Later."

March 11, 1956 - RED MILLER will speak on, "Mental Health."

March 18, 1956 - The FENN twins will speak on, "Government Interference in Private Enterprises."

[redacted] advised SA WILLIAM G. SHAW on April 9, 1956, that he had attended three meetings at the Cadmus Bookshop which he described as being strongly anti-Semitic and anti-Negro. [redacted]

WFO 100-33226

furnished the information that the lecture by the FINN twins, CHARLES G. FINN and GEORGE C. FINN, of 7617 Lexington Avenue, Hollywood, California, dealt with their experiences with the Government concerning a surplus airplane they had purchased. [redacted] also recalled a speech by a Colonel EHRGOTT (ph) United States Army, who spoke on lack of discipline in the United States Army.

[redacted] advised that he had learned from a Mrs. [redacted] an acquaintance and a part-time employee of the Cadmus Bookstore, that the manager of the bookshop is JOHN KASPER, who does not appear to be doing much business but at the same time appears to have unlimited funds. According to information gained from [redacted] states that KASPER maintains a printing press in the rear of the store, which is used to print anti-Semitic and anti-integration literature.

b6
b7C

[redacted] mentioned that he believes a [redacted] of Alexandria, Virginia, who operates a construction business, appears to be an important person behind the bookshop and may possibly be the one who is supplying funds to KASPER.

On April 13, 1956, Mrs. [redacted] a part-time employee of the Cadmus Bookshop, residing in Poolesville, Maryland, was interviewed by SA's RICHARD B. LAVIN and WILLIAM G. SHAW at her request. She stated that she had been employed by JOHN KASPER, owner of the Cadmus Bookshop, as a part-time employee since about January, 1956. She mentioned that KASPER has not paid her for her services and that she feels the bookshop will undoubtedly go into bankruptcy within a short time. She stated that in the middle of January, 1956, Mr. KASPER began holding a series of lectures at the bookshop on Sunday evenings which lectures were usually attended by twenty to thirty people. Mrs. [redacted] explained that no charge was made for admission and the only collection taken was for refreshments. According to Mrs. [redacted] she was certain that speakers at the bookshop volunteered their services and a lot of people in attendance were friends of the speaker and had never been in the bookshop previous to the speech. As to others in attendance, she advised that they were recruited by KASPER who endeavored to have practically anyone who came into the

WFO 100-33226

bookshop sign a mailing list.

Mrs. [] remarked that she thought at first that KASPER used this lecture series at the bookshop as a promotional plan to get people to come to the store, so they would possibly purchase books but that she now believes KASPER is not interested in selling books but is a fanatic anti-Semite.

b6
b7C

Mrs. [] furnished the following names of speakers who have appeared at the Cadmus Bookshop:

1. General BONNER FELLERS, United States Army, who spoke in favor of increasing military strength of the United States.

2. The FINN twins, who spoke against Government interferences in private industry.

3. Colonel WINSTON ERHGOTT, a reserve Army colonel who is presently selling encyclopedias. He spoke on lack of discipline on the part of United States Military personnel.

4. WOODY BAUSMAN, chairman of the Americanization Committee of the American Legion, who spoke against UNESCO.

5. RED MILLER, of Falls Church, Virginia, (owns a lumber yard) who spoke against the Alaska Mental Health Bill. (HR 6376).

6. A Mr. HULLEY, who spoke on "Flying Saucers."

7. ROBERT M. SMALL of Alexandria, Virginia, who spoke on "Fools Paradise," an anti-Semitic talk.

8. Commander R. L. ROCKWELL, who spoke on "Red Attack on Our Armed Forces."

MRS. [] pointed out that while KASPER is very anti-Semitic, none of the lectures at the book shop with the exception of that lecture given by ROBERT M. SMALL follow this line. She stated that usually after the talks had been concluded and the speaker leaves, a small group of eight or nine usually remain and they discuss world events and express their anti-Semitic views. MRS. [] mentioned that she had not detected any anti-negro talk although the group as a whole is opposed to integration.

b6
b7c

MRS. [] stated that the objectives of KASPER and several of his close associates, as near as she can ascertain are:

1. Strong military defense for the United States.
2. Less aid for Israel and Egypt.
3. Stronger civil defense measures.
4. Return of culture to America.
5. Return of United States Government to principles of good government.

On April 16, 1956, Colonel WINSTON EHRGOTT, who described himself as a retired United States Army officer, residing at 2117 E Street, N. W., Washington, D. C., advised SA GEORGE C. MOORE that he had attended several meetings at the Cadmus Book Shop. He described these meetings as lectures given by patriotic American citizens who are definitely anti-communist. He stated that he has become disturbed concerning the tenor of the statements of certain speakers at these meetings. He considers them to be extremely anti-Semitic to the point that the Jews are blamed for everything bad in America. Colonel EHRGOTT stated that some of these speakers have made remarks concerning Jews which he felt were extremely biased and perhaps without foundation. He considers them to be inflammatory to the extent that they do more harm than good.

As an example of the anti-Jewish remarks made by some of the speakers, Colonel EHRGOTT mentioned that an Arlington businessman by the name of SMALL gave a lecture in April, 1956, at which time SMALL read approximately four pages from a book written by an British Captain RAMSEY, entitled

"The Nameless War" According to EHRGOTT, the pages read were a direct attack upon Jews merely because they were Jews.

According to Colonel EHRGOTT another speaker, an individual who has attended several meetings at the Cadmus Book Shop, is a leading contractor in Arlington, Virginia, named B. M. MILLER. According to Colonel EHRGOTT, MILLER is convinced that "the trouble the world is in today is solely because of the Jews."

II AIMS AND PURPOSES OF THE WHITE CITIZENS COUNCIL (WCC)

According to both the Washington Evening Star article (6/6/56, page A-22) and the Washington Post and Times Herald article (6/6/56, page 19) mentioned above, JOHN KASPER, made known the following objectives of the District Council of the White Citizens Council:

1. To stop the integration process in Washington, reverse it and reestablish segregation.
2. Get the National Association for the Advancement of Colored People (NAACP) on the Attorney General's subversive list.
3. Publicize commercial contributions to the NAACP and Urban League.
4. Wipe out "rock and roll" music.

III METHODS ADVOCATED TO ACCOMPLISH AIMS AND PURPOSES

The two newspaper articles above referred to, set forth that KASPER stated this group, (WCC), does not dislike negroes and intends to show them "how integration retards their progress by losing for him the white man's organizational power. This, according to KASPER, has nothing to do with the humanity of negroes but "they just don't keep things orderly."

According to KASPER as quoted in the newspaper articles; to become a member of the Council, applicants must be white, 18, and believe in the divinity of Jesus Christ. KASPER also admitted that his group is not anti-Semitic, although Jews are not eligible for membership.

Confidential Informant T-1, who is in a position to furnish reliable information, advised on 6/20/56, that the WCC held a meeting on 6/15/56 at the Annapolis Hotel, Washington, D. C., which featured three speakers. According to T-1, all speakers spoke on the dominance of the white man over the colored man but none of these speakers advocated any violent means to thwart the colored man's attempt to integrate. Rather, blame was placed on the Communist Party of the United States, which numbers some of its officers as members of the NAACP, according to these speakers.

The Communist Party has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

T-1 also made available a membership application which was distributed at the above meeting. This membership blank reads as follows:

"MEMBERSHIP APPLICATION

Seaboard Citizens Councils

White Citizens Councils
of Washington, D. C.

Headquarters:

1246 Wisconsin Avenue
Washington 6, D. C.

Colonial 5-8863"

There is a place set aside for the applicant's name, address, telephone, occupation, and three references. At the bottom of the application blank, the following is set forth:

"I am white, 18 years of age, believe in the separation of the races, in upholding race segregation, and loyal to the United States of America and believe in the divinity of Jesus Christ."

At the very bottom of the application there is a place left for the signature of the applicant. The application is adorned with six small reproductions of the flag of the United States.

V. ACTIVITIES OF THE ORGANIZATION SINCE ITS FORMATION

On 6/15/56 SA JAMES D. HUPPERT, parked his personally owned car in the shopping area at Falls Church, Virginia in the early evening hours. Upon return to his vehicle, he found a leaflet which, on the first page, carried a picture of three negro males and two white females. One of the males was engaged in the act of kissing one of the white women. Immediately following this picture is the caption "If there's anything in this picture you don't like, contact immediately:

"Seaboard Citizens Councils, White Citizens Councils of the District of Columbia, 1246 Wisconsin Avenue, N. W., Washington, D. C.; Columbia 5-8863, John Kasper, Executive Secretary."

On the reverse side of this picture the following message is printed:

"Hear the great leader of the white man in the United States. Hear Ace Carter tell how the politicians have betrayed the American people. Hear why the newspapers, radio, and Television totally suppress the facts about what has happened to Washington since forced race-mixing began here."

Learn how the President of the United States is completely indifferent to the welfare of his children, the white and colored citizens of the United States. Find out how the Supreme Court has destroyed 80 years of racial pride and progress for the colored man."

"See In Person, ACE CARTER who organized the white man in Alabama against the forced admission of the Negro, Lucy, to the University of Alabama. See the great patriot who broke up the Interracial Council in Birmingham, stopped race-mixing in the Boy Scouts, defeated the candidates in the recent primary election who sided for race-mongrelization, and by bold, courageous action, wiped out "Rock and Roll" music in Birmingham, Alabama."

"SAVE the White Race. Destroy the race-mixers. Find out a way to action from the leader of the White Citizens Council movement in Alabama and Sister states. Hear a great son of the State of Alabama. See in person the leader in the fight to save the White Race in America."

CAPTAIN WALTER BELL, Arlington County, Virginia Police Department, on 6/15/56, advised SA WOODROW P. LIPSCOMB that his office had obtained possession of a "Flyer", which advertised a meeting by the Seaboard Citizens Council which was to be held on Saturday, June 16, at 8 p.m. at the Veterans of Foreign Wars Hall, 19 and Uhle Streets, North Arlington, Virginia. CAPTAIN BELL stated that this Flyer indicated that Ace Carter was to be the principle speaker. On 6/18/56, CAPTAIN BELL advised SA HOWARD E. RICHARDSON that the above listed meeting had been canceled inasmuch as the V. F. W. had canceled the use of their auditorium by this organization.

On 6/20/56, confidential Informant T1, listed above advised that he had attended the meeting of the subject organization on 6/15/56 at the Annapolis Hotel. According to T1 the press, local, and from the Columbia Broadcasting System were present. According to T1, WTOF Television Station took motion pictures of the proceedings. T1 furnished information that there were three speakers at the meeting: ACE CARTER, JOHN KASPER, and DR. DAVID VAITCHISON, M.D. AND L.L.D. ✓

65 in 1956 M.J. D.L.
According to T1 ~~all of the~~ speakers spoke on the dominance of the white man over the colored man, but none of the speakers advocated any violent means to thwart his attempt to integrate. Rather, blame was placed on the Communist Party of the United States, who number some of its officers in the National Association for the Advancement of Colored People as members. T1 advised that approximately 90 persons were present.

Confidential informant T-2, a reputable professional man in the District of Columbia, obtaining his information from a source which he did not desire to divulge, furnished the following information on June 19, 1956; One hundred people turned out for the meeting of the White Citizens Council on 6/15/56 at the Annapolis Hotel. Of the one hundred people who turned out for this meeting an estimated fifty were young people who were in for a Friends Study Group on integration who desired to see firsthand how a White Citizens Council operates. It was estimated that about twenty people signed membership application blanks.

According to T-2's source among those present at the meeting was B. M. (RED) MILLER. He did not participate in the meeting. There was a CBS-WTOP television correspondent at the meeting. There were three speakers: JOHN KASPER, ACE CARTER, and a local septuagenarian DAVID AITCHISON, a "crack-pot anti-Semitic" and a "naturopath", who was convicted several years ago of practicing medicine without a license. ✓

According to T-2's source, KASPER stated that the white man gave the law to the world and the white man is the Anglo-Saxon. KASPER also stated that Senator HERBERT LEHMAN was a member of 10 communist front organizations. ✓

According to T-2's source, the next speaker was AITCHISON, who "rehashed his non-sensical racial theories." He blamed integration on "Red Jewry", the Catholic Pope, the communists and Quakers, all of whom he described as being leaders in Mongrelization. According to AITCHISON, both Vice-president Nixon and President Eisenhower are Quakers and "Ike" has cancer. According to T-2's source, AITCHISON stated that the Italians are the greatest criminals and he also spoke out against the Salk Vaccine and at the fluoridation of water. According to T-2's source, at this point an impatient party in the audience exclaimed "lets get down to the main speaker" and AITCHISON sat down shortly thereafter.

According to T-2's source, KASPER then introduced ACE CARTER, who said he was being accused by the Anti Defamation League of B'nai B'rith, the Urban League and the NAACP. CARTER answered the charge that he was anti-Semitic by saying that this is a Christian nation and he is a Christian and if this is anti-Semitic, then it is o.k. with him. CARTER charged that the negroes are being used to tear down Christian government. The negroes, he stated can't do anything themselves and the people behind them are Communists and non Anglo-Saxons. According to T-2's source, at another point CARTER told his ✓

audience that he was not prejudiced, he simply acknowledges that this country was formed by Christians and the Constitution was written by Christians and he also denied that he was a fascist as he had been accused.

Concerning DR. AITCHISON, listed as one of the speakers at the above meeting, the records of the Washington, D. C. Credit Bureau, reviewed on 6/22/56 by SA LAVIN, reflected a newspaper article from the Washington Post dated 3/9/53 entitled, "Naturopath Physician Faces Healing Arts Charge." The article sets forth that AITCHISON, 65, residing at 7409 Carroll Avenue, Takoma Park, Maryland, who described himself as a lawyer, minister, and the world's greatest authority on race relations, as well as a physician, was charged in Municipal Court, Washington, D. C. of illegally treating a woman for a spinal ailment, which woman later died of cancer. The article quoted AITCHISON as saying "I guarantee to cure anything in three months."

Another newspaper article, was contained in the Credit Bureau records from the Washington Evening Star 12/4/53 captioned "Naturopath Fails in Plea, Found Guilty of Unlawful Practice." This article sets forth that a Montgomery County, Maryland, jury found DR. AITCHISON guilty of the unlawful practice of medicine. According to the article, he was convicted of a similar charge several months previously in Washington, D. C. According to the article, state, county court, and health officials agreed that AITCHISON was not on their registers as a registered physician.

SA Grant Hanna, Washington Field Office, called to advise that he had talked to Deputy Chief of Police Edgar Scott, Metropolitan Police Department, this morning and Scott mentioned a news story in the Washington Post and Times Herald of Sunday, July 15, 1956, which appears on page B-3, and it quotes Scott as saying the FBI was called into investigation with approval of President Eisenhower. Scott told Hanna that he was completely misquoted by the press; that when the press asked him if the FBI was investigating matter he told the press this answer would have to come from the FBI that he could not speak for the FBI.

Hanna stated that Scott offered to call subject Lee in Alexandria and invite him to come to the Metropolitan Police Department to be interviewed as to burnings of crosses. Scott pointed out that it was his intention if this was suitable with the Bureau that he would charge Lee, as well as Hockett, with kindling bonfire as he had done after talking to Rowley on 7/14/56. Hanna stated that two Agents were interviewing Hockett at his residence this morning; that he intended to confer with Resident Agent Woodrow Lipscomb, Alexandria, concerning Lee and he thought they would agree to Scott's proposal and Agents would sit in on the interview which the Metropolitan Police would have with Hockett and Lee.

Hanna pointed out that WFO was thinking about asking for Bureau approval to interview the officers of the Washington Chapter of the White Citizens Council. He said that this was merely a thought and they were not asking for authority to make these interviews at this time but would consider making a request later if they were not able to develop additional information concerning the burnings from the three subjects. He pointed out that both Lee and have admitted attending a meeting or meetings of White Citizens Council of Washington.

The White Citizens Councils vs. Southern Trade Unions

I have made a brief survey of the situation existing in trade unions in three southern states. I conferred with two regional directors of the AFL-CIO, several international union representatives and some local union officers. All are greatly concerned about the infiltration of the unions by the White Citizens Councils and similar pro-segregationist groups.

Evidence of a major revolt among southern trade union members against the civil rights policies of AFL-CIO and that of the national and international unions has already been indicated by the number of letters, telegrams and resolutions received by officers of AFL-CIO and the headquarters of the various national and international unions.

While I found no evidence of the actual organization of an independent union movement, there is widespread talk of the formation of a Southern Federation of Labor based on segregation. Several local unions have already adopted resolutions to disaffiliate with AFL-CIO nationally and other affiliated organizations. The situation is made to order for a resourceful organizer with trade union experience to take the initiative and tie together the trade union element already represented in the fast-growing White Citizens Council movement in Alabama, Georgia, Mississippi, South Carolina and Tennessee. There are also unlimited funds available from the southwestern oil and other interests for a movement aimed at the destruction of the labor unions. These interests have, in the past, financed the Right-to-Work movement.

Organizers attached to AFL-CIO and the national and international unions told me "off the record" that they have never seen the membership of the local unions so stirred over any issue as they have been by the racial crisis in the South. The union members eagerly follow the Dixiecrat demagogues such as Senator Eastland, Herman Talmadge and others, and have joined the White Citizens Councils by the thousands.

These union representatives say that it is practically impossible to successfully organize workers anywhere in this part of the South and that when they go into meetings of long-established locals and central labor organizations, they are given the usual cordial reception and polite applause at the end of their speeches so long as they do not touch upon the segregation issue. However, the issue is always raised either in the formal meeting or by individual leaders after the meeting is adjourned. Questions are always raised in one form or another, as to statements made by President George Meany on the Autherine Lucy case at the University of Alabama, the AFL-CIO support of the

Montgomery bus boycott and the civil rights policies and programs of the AFL-CIO and those of the national and international unions. An exaggerated idea of the amount of financial support given the NAACP by labor organizations is widely believed.

In Memphis, Tennessee workers employed in the Firestone rubber plant, the Ford assembly plant and by the International Harvester Company are believed to constitute a majority of the White Citizens Councils and the Pro-Southerners, Inc. One of the units of the White Citizens Councils is led by a man long active in the trade unions of Tennessee. He is Robert A. Tillman, an ITU member, once a regional director for the Textile Workers Organizing Committee, and, more recently, an active official of the Joint Legislative Committee composed of AFL, CIO and Railway Labor and, as such, was a leader in the fight against the Right-to-Work law in Tennessee.

In Birmingham, Alabama workers employed in the steel mills of Fairfield, Tarrant City and Bessemer are the base of organization for the White Citizens Council. There are two factions of the White Citizens Councils vying for support of the white trade union members in this large industrial area. One is headed by Asa C. "Ace" Carter, Executive Secretary of the North Alabama White Citizens Council, a former radio announcer whose blatant anti-Semitism caused his dismissal from a local radio station following protests from the Jewish community. The other faction of the White Citizens Council movement is headed by anti-labor state senators, Givhan and Englehart, from south Alabama. These leaders deny that they are anti-Semitic and claim to welcome Catholics and Jews alike. However, on February 28, the leaders of both groups joined in sponsoring a private dinner in honor of General Van Horn Mosely (retired), leader of one of the hate groups branded as fascist in World War II. This dinner meeting was chaired by Rear Admiral John G. Crommelin, perennial candidate for the U.S. Senate, currently opposing Senator Lister Hill. Bakery salesmen represented by an AFL-CIO union report small merchants refusing to purchase their products because of the national policies of their union in supporting desegregation.

In Montgomery the three-months-old bus boycott was due in large part to the role of the local bus drivers union in this controversy. Disinterested parties who interviewed both the local manager and top officials of the National City Lines in Chicago say the issue could have been settled on the basis of the original demands of the Negro bus patrons if it had not been for the attitude of the local union representing the drivers. Threats of a work stoppage by the bus drivers in case of disciplinary action by the company was the excuse given.

In this tense city of 125,000 people, there seems to be little possibility of a settlement of the bus boycott in the foreseeable future. The reason that widespread violence has not already occurred is the solidarity of the Negroes and the policy of non-violence and passive resistance maintained by the leaders in face of constant threats, two bombings of homes

and the mass arrests of the leaders engineered by the White Citizens Councils. The mayor, "Tacky" Gayle, and all of the members of the city commission belong to the White Citizens Council.

In Montgomery County the White Citizens Council has an Executive Board of seven, of whom four are reported to be members of unions. Among the supporters of the White Citizens Council movement is Jack Brock, ITU member and editor of the Alabama Labor News. This newspaper has carried several editorials attacking the stand of President Meany on desegregation.

The attitude of the Montgomery trade unions was most forcefully expressed by a local union of telephone workers which was among the first in Alabama to adopt a resolution to disaffiliate from AFL-CIO. The local also incorporated in its proceedings a demand that the Negroes be forced to ride the buses. Representatives of the Communications Workers of America were reported to have been almost thrown out of the union hall when they attempted to explain the civil rights policies of their national union and that of the AFL-CIO.

Another local union of the Oil and Chemical Workers representing 1,200 workers also voted recently to disaffiliate from AFL-CIO and their international union. This action was taken after the Negro members representing a majority of the membership ceased to attend meetings. Organizers report that Negro and white union members who formerly had a very good relationship no longer communicate with each other, though they work side by side on the job.

In Tuscaloosa, despite denials of the Rubber Workers Local Union that their members had no part in the riot at the University of Alabama, observers who were present state that the demonstration was organized and led by union members from nearby rubber, paper and steel plants.

Conclusions

It is conservatively estimated that more than 250,000 members of union have already been seriously affected by inroads made in organized labor by the White Citizens Councils in the states of Alabama, Georgia, Mississippi, Tennessee and South Carolina. The center of this disturbance is at present in Alabama.

Here is what the union leaders with whom I talked report:

1. Very little new organization work can be successfully undertaken in the South by either the staffs of AFL-CIO or those of the national and international unions in the face of the racial crisis.

2. The trade union movement will be set back five to ten years by this crisis. Without the leadership of the whites, the Negro members will fall away. If larger unions with industry-wide contracts are prepared to act quickly and place locals in receivership wherever open disaffection occurs, they will survive. Smaller and weaker unions will be taken over by the White Citizens Councils. Long established craft unions will also survive as a part of a Southern Federation of Labor, and, if their national and international unions permit them to do so, they will maintain their national affiliations.

3. There is fear that some of the union leaders want to work out a method of operation which will permit them to live with the White Citizens Council movement. This would involve a public statement by the President of the AFL-CIO to the effect that there is room for dissent on the civil rights issue and that traditional procedure of the labor movement permits local, state and national autonomy by affiliates on all issues.

It should be pointed out that no other organization operating in the South whether political, religious or economic has found a middle ground on which to stand in the present crisis.

4. The alternative is to stand on the present civil rights policies adopted by AFL-CIO and most of the national and international unions and to establish as quickly as possible a civil rights information bureau in each of the six key industrial cities in the South and to assemble full information as to the past anti-labor activities of the top leadership of the White Citizens Council movement and to make this information available to organizers and local union officials. Such a bureau should begin carrying on an educational program on this issue which ultimately will reach the majority of members of the unions. Other media such as printed leaflets, radio, television, etc. may also be used if and when the situation warrants. Thus, a program should be under the direct supervision of the AFL-CIO Civil Rights Committee and operate in close cooperation with the national and international unions affected.

STATEMENT BY THE EXECUTIVE COUNCIL
AMERICAN FEDERATION OF LABOR AND CONGRESS OF
INDUSTRIAL ORGANIZATIONS

Miami, Florida
February 10, 1956

Report of the Civil Rights Committee

The AFL-CIO Executive Council today approved the following report from its Civil Rights Committee:

The AFL-CIO Civil Rights Committee, which has just concluded its initial two-day organizational meeting, laid the groundwork for carrying out one of the foremost tasks of the merged Federation, that of bringing to the American worker everywhere full equality of opportunity, regardless of race, creed, color or national origin.

Our Civil Rights Committee, meeting under the Chairmanship of Vice-President James B. Carey, turned its first attention to the problem of eliminating discrimination in employment, wherever it may be practiced in our country.

The Committee received an extensive field report on the spread of the White Citizens Councils in the South and the ties of this dangerously un-American and anti-democratic movement with anti-labor forces in the Southern states. The pattern followed by this new Ku Klux Klan without hoods is ominous in its resemblance to the pattern of the growth of Nazism and other totalitarian movements which fed on hatred and defied constitutional democracy. The White Citizens Councils were launched in rural Mississippi shortly after the Supreme Court had handed down its historic decision outlawing segregation in the public schools in May, 1954. These Councils became the rallying points throughout the South for the defiance of the Supreme Court decision.

Challenging the authority of the Supreme Court of the United States and the guarantees of civil rights and equal opportunity contained in the U.S. Constitution, the White Citizens Councils have recently combined into a federation extending its membership over 15 Southern and border states. Formally organized in Memphis, Tennessee, on December 28, 1955, this combine of the White Citizens Councils took the deliberately misleading name of Federation for Constitutional Government.

The new Klan movement counts among its leaders and sponsors corporation lawyers, bankers, industrialists, judges of courts of law, as well as local and state politicians. It also includes several governors, U.S. Senators and members of the House of Representatives.

Economic boycott and intimidation of Negroes are the chosen instruments of the White Citizens Councils' hate-mongering campaign. But hatred breeds brutality. Many acts of violence have come in the wake of this campaign.

Not all of the victims of the White Citizens' drive have been Negroes. White Protestant ministers have been forced to resign their churches and educators have been deprived of their posts for their concurrence in the U. S. Supreme Court decision.

Within 44 separate states and area organizations, there are over 500 local and county units with a paid-up membership of over 200,000 and an even larger following.

There is a close link between these organizations and the drive to weaken and destroy trade unions. Many of the members of the various committees of the Federation for Constitutional Government can be identified as anti-union leaders and sponsors of state right-to-work laws.

Moves have been reported of attempts by White Citizens Councils' leaders to form independent union centers and of efforts to chop away union membership from AFL-CIO affiliates.

The White Citizens Councils movement is anti-union and anti-democratic. It gnaws at the very foundations of our free society. Its repudiation by all Americans devoted to ideals of freedom and democracy is the first line of defense of our free institutions.

Disruption and disunity sown by the White Citizens Councils and their like must be vigorously stamped out before they sap the spiritual strength of America at home and of its leadership in the free world.

The Afl-CIO Civil Rights Committee in its sessions here has reviewed the status of the civil rights legislation in Congress and the operation of the state and local fair employment practice enactments.

It initiated a number of staff studies which will assist the Executive Council and the AFL-CIO affiliates in specific programs to assure equal opportunity to all wage earners.

In addition to Chairman Carey, the members of the AFL-CIO Civil Rights Committee are: President George Meany (ex officio), L. A. Buckmaster, William C. Doherty, David Dubinsky, George M. Harrison, A. J. Hayes, Ralph Helstein, Bessie Hillman, David McDonald, William McPetridge, Emil Mazey, Willard Townsend, Richard F. Walsh, Milton P. Webster and Matthew Woll.

1. The responsibility of the AFL-CIO Civil Rights Committee is clearly defined in our Constitution. The Constitution not only sets forth the objectives of all workers, regardless of their color or ancestry to share equally in the full benefits of unions, but places the responsibility on us to protect and strengthen our democratic institutions. Our Constitution created the Civil Rights Committee, vesting it with the duty and responsibility to assist the Executive Council in implementing these principles at the earliest possible date.

2. The resolution adopted by our first constitutional convention set forth certain specific goals for the Committee to devote itself to during the coming year.

- a. The passage of FEPC laws on the national as well as local level.
- b. To recommend to our affiliates whose employers have contracts with the Federal Government, adherence with the letter and spirit of the non-discrimination clause contained in all contracts negotiated with the Federal Government for goods or services. Trade unions are also obligated not to discriminate under these contracts.
- c. The convention recommended that we should support non-discrimination clauses in collective bargaining agreements of our affiliates.
- d. Our affiliated organizations were recommended to create appropriate internal machinery to assist in realizing these objectives.
- e. The convention recommended that we give our complete support to the efforts to remove segregation and discrimination in public facilities. We were called upon to work with other liberal forces in our communities to facilitate this transition.

3. In furtherance of the convention mandate, your Committee recommends that we maintain a relationship of cooperation with the following organizations: NAACP; Urban League; Leadership Conference on Civil Rights; Jewish Labor Committee; and the National Labor Service. The Committee directed the staff to investigate the organizations working in the area of Mexican-American relationships, as this is an area neglected in the work of Civil Rights organizations. In addition, the Chairman and staff were directed to discuss with the officers of the National Conference of Christians and Jews the desirability of a change in their policy which permits segregated chapters to operate in some sections of our country.

THE CITIZENS COUNCILS AND ANTI-SEMITISM

SOME 40 pro-segregation organizations have been formed in the South since the United States Supreme Court decision on May 17, 1954, barring segregation in the public schools. The most important are the *White Citizens Councils*, which have spread from Mississippi, where they were originally founded, to Alabama, Texas, Georgia, Florida, South Carolina, Arkansas, Tennessee and Louisiana. Last November, Council membership was estimated at 60 to 65 thousand. Latest figures place this in excess of 100 thousand. And it is still growing.

This membership is drawn from all the respected levels in the communities of the South. Bankers, mayors, sheriffs, planters, businessmen, politicians and other influential citizens play a prominent role in directing the policies and activities of the Council units.

Their declared program and policies do not include the promotion of anti-Semitism or anti-Catholicism. A number of Jews and Catholics have joined Council units. The sole stated aim of the Councils is to preserve segregation. Their leaders disavow any sympathy for anti-Semitism or those who promote it.

Nevertheless, there is growing evidence that anti-Semites have infiltrated the organization and that anti-Jewish literature is an accepted part of the materials being recommended and distributed by *Citizens Council* units. This evidence is documented. Moreover, some of their membership have established correspondence with leading American professional anti-Semites. This is a matter of increasing concern to American Jews in general and to Southern Jews in particular. Here are the facts . . .

The *Citizens Councils'* first indication of engaging in the promotion of anti-Semitism dates back to Aug. 31, 1954, shortly after the organization was founded. On that date, a letter was mailed out over the signature of Robert B. Patterson, executive secretary of the *Mississippi Citizens Councils*, urging a carefully selected list of individuals to obtain or subscribe to publications and literature blatantly anti-Semitic. The organizations and individuals that put out this literature were well known promoters of anti-Semitism. Patterson admitted as much.

"Some of these groups," he wrote, "are anti-Semitic; however, all of the religious groups, including all Protestant, Catholic and Jewish—have been pushing the anti-segregation issue and it is time for all of us to speak out for separation of the black and white races, regardless of our race or creed."

The list of reading materials recommended by Patterson—it was reported that Jewish members of the *Citizens Councils* did not receive his letter—was shocking to many, regardless of how they stood on the issue of segregation. The list included material from the following:

1. Christian Nationalist Crusade—Los Angeles, Cal. Gerald L. K. Smith's organization, the best organized and financed anti-Semitic movement in the U.S. "The Cross and the Flag" is its official monthly magazine.

2. "The American Nationalist"—Inglewood, Cal. Put out by Frank Britton, a disciple of Smith. It is one of the most blatant hate sheets in the country.

3. "Common Sense"—Union, N. J. The publisher, Conde McGinley, has been condemned by the American Legion and other civic and religious organizations.

4. The Defenders—Wichita, Kans.—Headed by Gerald Winrod; publishes monthly magazine, "The Defender."

5. National Ass'n for the Advancement of White People—(last known headquarters was in Delaware). Headed by the notorious rabble-rouser, Bryant Bowles. He has utilized in his publication, "National Forum," material from other well-known anti-Semitic publications.

6. Mrs. M. Conan—Phoenix, Ariz. She has been an ardent follower of Smith, and has contributed to his and other anti-Semitic sheets. She has also been a regular columnist for the anti-Semitic, "Dayton Independent."

7. Chas. B. Hudson—Newcastle, Wyoming. For many years he has been the publisher of an anti-Semitic newsletter called, "America in Danger."

8. Lucille S. Miller—Bethel, Vt. Publisher of the anti-Semitic "Green Mountain Rifleman," Mrs. Miller was given suspended sentences on each of 18 counts for advising Americans to evade military service.

9. Hubert H Heath—Anthony, N. Mex. He is the former publisher of "The Herald" (Hot Springs, N. Mex.) and the author of numerous anti-Jewish articles, which have appeared in "The Dayton Independent," "The Broom," "Women's Voice," "American Digest," and other hate sheets. He is listed on the editorial staff of the "Political Reporter."

10. John Henry Monk—Portsmouth, Va. He is editor and publisher of a sheet called "Grass Roots," which carries cartoons and caricatures of Jews.

11. Meador Publications—Boston, Mass. Headed by Edward K. Meador, this publishing house is one of the sources for such anti-Semitic literature as Marilyn Allen's "Alien

Minorities and Mongrelization," and William (Alfalfa Bill) Murray's "The Negro's Place in the Call of Race."

12. "The Political Reporter"—Memphis, Tenn. This mimeographed newsletter is published by Harry W. Pyle, who also heads a group called "Pro-Southerners." Pyle boasts of the support of Marilyn Allen and other anti-Semites.

13. Patrick Henry Society—Columbus, Ga. Headed by Mrs. Jesse Jenkins, this group has cooperated with lunatic fringe anti-Semites, such as Agnes Waters and Lucille Miller. On the letterhead of the organizations is this imprint: "Communism is Judaism—Internationalism is Judaism—Judaism is Bolshevism."

14. National Citizens Protective Assn.—St. Louis, Mo. This group, whose official organ is "The White Sentinel," is led by John W. Hamilton, a former close associate of Gerald K. Smith.

15. Miss Marilyn Allen—Salt Lake City, Utah. A prolific anti-Semitic pamphleteer and the author of a book, "Alien Minorities and Mongrelization."

16. Grace M. Wick—Portland, Ore. An inveterate writer of letters to the editor and the author of an anti-Semitic mimeographed leaflet, "The Jew Battle Royal Fight."

17. Henry M. Klein—New York City. Now dead, Klein was one of the most prolific writers of anti-Semitic pamphlets.

18. Cinema Educational Guild—Hollywood, Cal. This organization is headed by Myron Fagan, who for years has intimately cooperated with anti-Semites.

Patterson's Explanations

After representations were made to Patterson regarding his recommendation of anti-Semitic material, he sent out another circular (Oct. 6, '54) denying that either he or the *Citizens Councils* were anti-Semitic. He wrote:

"I receive literature from all over the U.S. that contains arguments against integration. Some of this literature contains anti-Semitic propaganda. It states that Arthur Spingarn, Jewish, has been president of the NAACP since 1932. It states that B'nai B'rith has actively aided the NAACP. It states that the noted Protestant minister, Harry Emerson Fosdick of New York, is trying to raise 100 thousand dollars for the NAACP. I have shown friends of mine and interested people some of this literature. I am not anti-Semitic, but I am against any man or group . . . who aids and abets the NAACP which is trying to destroy our way of life."

Before the *Citizens Councils* were officially launched, Pyle's anti-Semitic "Political Reporter" (Feb. '54 issue) listed Pat-

erson as a "staff writer." Articles under Patterson's by-line appeared in four issues that year (Feb., March, May and Aug.) A piece by Patterson also appeared in the Mar.-April, '54 issue of the "National Renaissance Bulletin," the hate sheet published by the neo-Nazi, James Madole. And Bryant Bowles' "National Forum" (Sept., '54) contained a letter from Patterson.

The *Citizens Councils*, despite the representations made in connection with the first list, sent out a second list also recommending authors or publishers with proven records of anti-Semitism. And they heavily promoted Judge Tom Brady's booklet, "Black Monday," a racist document with strong anti-Semitic overtones which inspired the ideas of the founders of the *Citizens Councils*.*

Judge Brady, who is an important *Citizens Council* official, wrote in part:

"It is lamentable that attention should be called to the alarming increase of Jewish names in the ranks of Communist front organizations . . . From the Jewish race there should never be any Rosenbergs, Greenglasses or Alger Hisses (sic!). The Socialist and Communist labor organizations should not have the Dubinskys, the Emspaks . . . and Ben Golds as their leaders. The list is long and it is ominous. The loyal American Jew . . . should take steps to stop this disloyalty and sometimes treason . . ."

John W. Hamilton

Among the publications recommended in the Councils' second list was "The White Sentinel," put out by Smith's former lieutenant, John W. Hamilton. Hamilton spoke at a *Citizens Council* meeting in Arkansas: His literature has been distributed by several Council units. And Hamilton's hate sheets have been mailed from centers of Council activity, such as Winona, Miss.

Several key mailings were reportedly sent out from the *Mississippi Citizens Council* headquarters in Winona. One, mailed in September, '55, contained, besides Hamilton's "White Sentinel," Merwin K. Hart's "Economic Council Letter."

On Sept. 24, the "Arkansas Gazette" (Little Rock, Ark.) reported on a meeting held in England, Ark. featuring as speakers representatives from the *Citizens Councils of Arkansas*. They included former State Senator Jim Johnson, leader of the Arkansas Councils, and Curt C. Copeland, former publisher of the Hot Springs "Rub-Down," an anti-Semitic weekly. According to the account in the "Gazette," pamphlets signed by Hamilton's group were distributed.

A few weeks later, Hamilton appeared as a speaker before a meeting of White America, Inc., at Pine Bluff, Ark. The platform was shared with *Citizens Council* leader Jim Johnson. A mimeographed circular distributed by White America complained of how "white citizens" were being "out-voted and out-maneuvered by the highly organized minorities seeking special privileges because we, the white Christian majority, have allowed ourselves to be divided . . ."

In Dec., '55, a mailing from Rosedale, Miss., contained literature from both Hamilton and the *Citizens Councils*.

On Jan. 13, '56, a copy of Hamilton's "White American News Service" (Jan. '56 issue) clip sheet was mailed from Winona, Miss., site of Council headquarters. But there is no proof that the piece was sent out by Council headquarters.

At the Nov. 17, '55 meeting of his group in St. Louis, Hamilton reported on a trip which he had just made to the South. He said that while there he had worked with the Southern Gentlemen, a pro-segregation outfit which is affiliated with the *Citizens Councils*.

At another meeting of his group (Dec. 15, '55), Hamilton, describing a three-day trip to Mississippi, displayed a check from the Southern Gentlemen to cover his expenses for an appearance in Baton Rouge that month.

Another example of Hamilton's influence on the *Citizens Councils* is the case of the Falstaff Brewing Co. of St. Louis. Falstaff had withdrawn its contribution to and life membership in the NAACP when, after a campaign by Hamilton, company sales in the South showed a sharp drop. Newspaper dispatches from Jackson, Miss., at the time quoted Hamilton's "White Sentinel" as having warned the company that its NAACP membership might well cost it 5 million dollars in lost sales. The Memphis Press-Scimitar (Dec. 1, '55) quoted Ellis Wright, president of the Jackson Citizens Council, as saying that the brewing company's sales in Mississippi dropped after the "White Sentinel" reported the company's membership in the NAACP.

A dispatch from Jackson, Miss., to the New York Post (Dec. 2, '55) quoted C. L. Puckett, official spokesman for the *Belzoni (Miss.) Citizens Councils*, as saying that the "White Sentinel" was distributed regularly to Council units. Puckett was reported as saying that 100 copies of Hamilton's publication, citing the brewing company as a contributor to the NAACP, had been issued in Belzoni and that white beer drinkers had boycotted the company in recent weeks. He said no official boycott order had been issued "because we didn't have to issue one."

The Memphis Press-Scimitar quoted President Wright of the *Jackson Citizens Councils* in a somewhat similar vein. Wright was reported to have said that the Councils had not advocated or promoted the alleged boycott, but he added: "They (the Falstaff Co.) were hurt considerably by the publicity they got."

Other Incidents of Anti-Semitism

Other incidents involving the *Citizens Councils* in the promotion of anti-Semitism or involvement with known professional anti-Semites follow:

1. Jan. 12, '55—Issues of Conde McGinley's "Common Sense" were reportedly distributed by at least one member of the *Dallas County (Ala.) Citizens Council*.

2. Feb. 24, '55—It was reported from New Orleans that there was evidence that persons expressing an interest in the *Citizens Council* movement were having their names sent to "Common Sense" headquarters in Union, N. J.

3. May, '55—It was reported from New Orleans that materials recently distributed to Council unit presidents by

Citizens Council headquarters in Winona, Miss., included a revised version of a Frank Britton mailing. The Council had altered some words to eliminate Britton's more blatant Jew-baiting. Thus altered, the mailing indicated that reprints were available from Council headquarters. Britton's original mailing had indicated that reprints could be had from his California headquarters. In short, the *Citizens Councils* adapted Britton's propaganda for their own uses.

4. Sept. 1, '55—Miami Daily News reported from Jacksonville, Fla., that the Rev. A. C. Shuler, retired Baptist minister and acting president of the *Citizens Council of Florida*, had announced his group would hold a convention to select a state executive secretary. Shuler denied he had any connection with the Ku Klux Klan. However, he has a Klan record. As late as Sept., 1950, he was listed in a handbill distributed at Knoxville, Tenn. as Imperial Klokard from Atlanta, Ga., and as a scheduled speaker before the local Klan, No. 307. In a letter to the Jacksonville Chronicle (Oct. 15, '54) Shuler said the NAACP was "led by the Communist Jews." In 1946, Rev. Shuler worked closely, though he later denied it, with Homer Loomis and Emory Burke, the leaders of the infamous, Nazi-like, anti-Semitic group, "The Columbians."

5. Sept. 22, '55—*St. Petersburg (Fla.) Citizens Council* reported organized. Dr. C. Lewis Fowler, head of the local Kingdom Bible Seminary, featured as speaker before inaugural meeting, said that "he hoped to have official documentation soon that Mr. Justice Warren was chosen by agitation of an international cabal" (St. Petersburg Times, Sept. 22). The phrase "international cabal" is one used regularly by anti-Semites as a synonym for "international Jewry." Dr. Fowler has frequently expressed anti-Semitic sentiments. At the State Convention of the Anglo-Saxon Federation in Portland, Ore., (July, '46), he called Talmudism the curse of the world, charged that the Torah prostitutes the law of God, and labeled Zionists as arsonists, kidnapers and murderers.

6. March 28, '55—A. C. Whitford, president of the *St. Petersburg Citizens Council*, wrote a letter to Le Blanc Publishers in New York State, operated by the neo-Nazi propagandist, Frederick Charles Weiss. Whitford's communication acknowledged receipt of some pamphlets from Weiss which he said he "enjoyed." He sent Weiss a list of nine individuals he thought should receive Weiss' literature. The list included two individuals with anti-Semitic backgrounds.

7. Late in 1955—M. B. Sherrill wrote to the neo-Nazi National Renaissance Party on *Citizens Council* stationery requesting its literature. Sherrill, who has a long record of anti-Semitic activity, was listed on the letterhead as secretary of the *Citizens Councils of Florida*. Sherrill has acted as a distributor for much literature circulated by Madole's Renaissance Party. He has also been a contributor to Harry Pyle's anti-Semitic publication, "Political Reporter." Along with Pyle, Sherrill was a co-founder of the pro-segregation outfit, the Pro-Southerners. The Miami Herald (Dec. 25, '55) reported that literature circulated by Sherrill excoriated Jews, both political parties, former Presidents Truman and Roosevelt and President Eisenhower. According to the newspaper account, Sherrill also distributed a literary work by the anti-Semitic writer, Marilyn Allen, entitled "Ride Klansmen, Ride."

8. July 18, '55—Another person requesting Madole's literature was Archibald S. Coody, an attorney from Jackson, Miss., and a member of the *Jackson Citizens Council*. Coody wrote Madole: "I have just received the June, 1955, mimeographed copy of the National Renaissance Bulletin. This is excellent. I note that you quote from the Winona, Miss., '*Citizens Council*.' This is correct, but the first part is from one of Robert H. Ingersoll's great orations when he pleaded some of the proposed reforms of his time.

"We have a new recruit to our ranks in this state. He is Speaker of the Mississippi House of Representatives and one of the ablest men in the state, and also of the nation. Send him the Bulletin and other material on the present race struggle. His name: Hon. Walter Sillers, Rosedale, Miss. He needs no other address. I enclose \$2. One is for three extra copies of the June Bulletin. One is for material to be mailed to Walter Sillers. You are so right. The fight for survival is on. It is similar to the fight waged by the South alone in 1865 to 1875.

"And you are one of the few who understands the part the Jew plays in this game. The Jew seeks the destruction of all strong races, hoping to keep his blood pure enough to mongrelize and degrade all others so that they will accept Jew domination. The Russians are due for a sad awakening."

9. Nov. 25, '55—A report was received from Waco, Tex., telling of the distribution by the *Citizens Council* there of materials published by Frank Britton, publisher of the hate sheet, the "American Nationalist."

10. Jan. 11, '56—It was reported that a *Citizens Council* had been formed in Galveston, Tex. and had gotten out a mailing that included a montage of various photographs lifted from Britton's "American Nationalist."

11. Jan. 10, '56—Britton's literature distributed at a *Citizens Council* meeting in Galena Park, Tex.

12. December, '55—Tom Chaiers, President of the *Tupelo, Miss. Citizens Council*, addressed a meeting of the "We The People" organization in Memphis. Literature distributed included a pamphlet by Myron Fagan, the ex-Gerald L. K. Smith associate, who now operates the Cinema Educational Guild in Hollywood; a pamphlet from the neo-Nazi propagandist, Charles Weiss; and Conde McGinley's *Common Sense*. ("We The People" was formed in the summer of 1955 in Chicago and its first meeting in September was attended by a great many well-known anti-Semites. Some anti-Semites, such as Merwin K. Hart, hold positions of responsibility in this new organization.)

ASSAULTING A FEDERAL OFFICER

Reference is made to memorandum to Mr. Rosen dated 7/16/56 concerning et al, on which the Director noted "We should try to get a line on White Citizens Council in Wash., D. C."

"The Washington News" in its June 6, 1956, issue contained article re formation of White Citizens Council (WCC) in D. C. By letter 6/8/56 Washington Field Office was instructed to initiate inquiries concerning this organization. On 7/13/56 a report was received in this matter and has been disseminated to Assistant Attorney General Tompkins and intelligence agencies of the Armed Forces.

The report indicates WCC was formed 6/4/56 with headquarters at 1246 Wisconsin Avenue, N. W. Published purposes of the council are (1) stop integration process in Washington, reverse it and re-establish segregation; (2) get the National Association for the Advancement of Colored People (NAACP) on the Attorney General's list of subversive organizations; (3) publicize commercial contributions to the NAACP and Urban League; and (4) wipe out "rock and roll" music. Only activities of this organization to date are distribution of anti-Negro literature and public meeting 6/15/56 at Annapolis Hotel.

SAC Laughlin of Washington Field Office has advised additional data re WCC is being developed where possible in connection with investigation of cross burnings and that the case on this organization will receive preferred attention. The three individuals involved in the cross burnings will be questioned specifically with regard to any instructions received from the WCC concerning these cross burnings.

"sweetheart" of KASPER. KASPER is originally from the Midwest and attended Yankton College, South Dakota. He was also alleged to have attended Columbia University, New York City, but no record was located there, according to [redacted] alleges that the Cadmus Bookshop is mainly a mail order business and is one of the leading distributors of anti-Jewish literature in the East.

[redacted] advised that in February, 1956, KASPER testified before the Senate Interior Committee on the Alaska Mental Health Bill. KASPER testified that this Bill would be dangerous for conservatives and right wingers because most psychiatrists are Jewish and they would decide right wingers were mentally ill.

FAIRFAX WHITE CITIZENS COUNCIL (FWCC)

[redacted] furnished information to the effect that the "Virginia League" broke away from a group called the "Defenders of State Government" or "State Sovereigns" because the "Defenders" were not militant enough. An outgrowth of the "Virginia League" is the FWCC which was organized three months ago and is headed by MANNING GASCH, a real estate broker. The WCCs of Washington, D. C., and Alexandria, are opposed to the FWCC because it is not militant enough, according to [redacted]

The "Virginian" is a publication of the "Virginia League" and, according to [redacted] it is becoming more and more anti-Semitic. According to [redacted] WILLIAM R. STEPHENSON or STEVENSON is the head of the "Virginia League." [redacted] states the Richmond Office of the Anti-Defamation League probably has more information on this man.

[redacted] advised that actually he does not know too much about the "Virginia League."

[redacted] furnished information that a Mrs. BARBARA MARKS, (PH) a white woman of Arlington, Virginia, sued the Arlington School Board in June, 1956, because of alleged discrimination against her children. A Mr. and Mrs. JACK ORONDORFF (PH) also filed a similar suit in Arlington.

[redacted] is following these cases closely because [redacted]

According to [redacted] both of these families have received harrassing telephone calls to the effect that "the KKK is going to run you out of town" and they have also received various threats concerning their homes. DETAILS: AT WASHINGTON, D. C.

The title of this case is being marked changed to reflect the fact that subject organization has various councils in the Washington, D. C., area.

I. BURNING OF CROSSES IN WASHINGTON, D. C., AREA

It is to be noted that on July 14, 1956, several telephone calls were received at the Headquarters of the FBI concerning burning crosses being placed in front of the residences of prominent individuals residing in Washington, D. C., including members of the Supreme Court of the United States.

Incidental to the investigation conducted concerning the burning of these crosses, information concerning the subject organization was also obtained. It was pointed out to various individuals interviewed during this investigation that the White Citizens Council Organization (WCC) was not itself under investigation.

The Washington Post and Times Herald, local newspaper, in its edition of Saturday, July 14, 1956, Page 3, carried an article captioned "Crosses are burned at Officials Homes." The article set forth "fiery crosses were burned last night (7/13/56) in front of the homes of top Washington officials and a leader of the National Association for Advancement of Colored People (NAACP)." The article mentioned that crosses were burned on the lawn of Justice FELIX FRANKFURTER, 3018 Dumbarton Avenue, N. W. Another cross was burned at the Brandywine Apartments, 4545 Connecticut Avenue, the home of Solicitor General SIMON SOBELOFF. Two crosses were found on the front lawn of the Sheraton Park Hotel where Chief Justice EARL WARREN and Senator HERBERT LEHMAN reside. The article pointed out that one other cross was burned at the home of Mrs. DOUGLAS KING, Beltsville, Maryland. The article identified Mrs. KING as the Chairman of the Prince Georges County, Maryland, NAACP.

The Washington Post and Times Herald in its issue July 16, 1956, Page B-3, carried an article entitled "Cross Burning Charges Made." This article set forth that crude signs were found on the Sheraton Park lawn attacking

WARREN and LEHMAN. Another sign attacking SOBLOFF was found on the Brandywine Apartments lawn.

On July 21, 1956, [redacted] [redacted] Arlington, Virginia, furnished a detailed statement to SAs LEO I. PROSISE and RICHARD B. LAVIN concerning his participation in the burning of crosses at the Sheraton Park Hotel in Washington, D. C. He also furnished information concerning the participation of JOHN KASPER, organizer for the WCC in the Washington, D. C., area, [redacted] Chairman, WCC Southeast Council, FRED PLANT HOCKETT, JOHN DAVID LEE and one other unidentified individual.

According to [redacted] all of the men involved had attended a WCC Southeast Council Meeting at the Kenna Main American Legion Post, 3201 Nichols Avenue, S. E., prior to the burning of the crosses.

In this connection Mr. CLEM TRUNNELL, 3125 Nichols Avenue, S. E., advised SA RICHARD B. LAVIN on July 16, 1956, that he is the rental agent for the American Legion Hall. He stated that the hall had been rented to [redacted] who identified himself as a representative WCC Southeast Council for the two nights of July 6, 1956, and July 13, 1956. Mr. TRUNNELL advised that the Council paid a total of \$20 for the rental of the hall on these two nights.

[redacted] advised that during an intermission at the July 13, 1956, meeting at the American Legion Hall, JOHN KASPER approached him in the presence of FRED HOCKETT and asked him if he wanted some action that evening. [redacted] advised that he asked KASPER what the action was to be. KASPER stated that [redacted] would have to answer yes or no before he was told. When [redacted] agreed, KASPER told him that they were going to burn some crosses.

While the meeting was still in progress [redacted] advised that he, HOCKETT and the unknown individual left the meeting and drenched four crosses with kerosene. According to [redacted] two of these crosses were placed in HOCKETT's station wagon and two were placed in the red truck belonging to the unknown individual. [redacted] advised that after the meeting was over, a caravan was formed consisting of four

WFO 100-33226

vehicles, occupied by FRED HOCKETT, JOHN KASPER, [redacted] JOHN DAVID LEE, the unidentified individual and [redacted]. This caravan proceeded first to the vicinity of 4545 Connecticut Avenue, N. W., Washington, D. C., where two vehicles containing KASPER, [redacted] and the unidentified individual dropped out.

It is to be noted that 4545 Connecticut Avenue, N. W., is the residence of Solicitor General SIMON SOBELOFF.

[redacted] LEE and HOCKETT then proceeded to the Sheraton Park Hotel where two crosses were ignited.

It is to be noted that the Sheraton Park Hotel is the residence of Chief Justice EARL WARREN and Senator HERBERT LEHMAN.

D.C.
[redacted] also advised that sometime during the evening of July 13, 1956, JOHN KASPER mentioned that a [redacted] (phonetic) was going to take care of another one, meaning a cross, some place else. According to [redacted] this [redacted] is connected with the Maryland Petition Committee.

Mrs. DOUGLAS KING, 5402 Odell Road, Beltsville, Maryland, in front of whose residence a cross was burned, located an undated newspaper clipping believed to be from the Washington Post and Times Herald. Mrs. KING believes it was clipped approximately in August, 1955. This clipping sets forth that the Prince Georges, Maryland, County Officials had been urged to withhold 50% of the school board budget until integration policies are announced. According to the clipping, this request came from the Pro Segregation Delegation of the Maryland Petition Committee, headed by [redacted] of Edmonston, Maryland.

[redacted] advised that the [redacted] he believed KASPER mentioned had attended the June 15, 1956, Annapolis Hotel Meeting of the WCC. He identified the photograph of [redacted] as the man who had attended the Annapolis June 15, meeting.

[redacted] advised that on Saturday, July 14, 1956, after having been interviewed by the Metropolitan Police

WFO 100-33226

Department of Washington, D. C., he returned to his home. His mother told him that Mr. KASPER had been calling [redacted] all day and wanted [redacted] to call him. [redacted] called KASPER and during this conversation KASPER stated "I am" or "we are proud of you." [redacted] stated that also during this conversation KASPER mentioned that he was collecting a defense fund for [redacted]

In connection with the investigation of the cross burnings the following individuals were interviewed concerning their participation:

FRED PLANT HOCKETT, denied participation in cross burnings. He also denied attendance at the WCC Meeting on July 13, 1956.

JOHN DAVID LEE at first denied participation but later acknowledged it as far as the burning of the crosses at the Sheraton Park Hotel. He refused to name his associates.

[redacted] denied participation in burning the crosses. He advised that he is the Chairman of the Southeast WCC.

[redacted] as set forth above, has furnished a detailed statement concerning his part in burning the crosses.

Attempts to locate JOHN KASPER to date have been unsuccessful. It is known that he is aware of efforts being made by the FBI to interview him through the conducting of interviews with other persons. To date he has not attempted to contact this Bureau.

WASH, D.C.

On July 14, 1956, a telephone call under a suitable pretext was made to JOHN KASPER at ~~the~~ Cadmus Bookshop, 1246 Wisconsin Avenue, N. W., at which time KASPER stated that he thoroughly disapproved of the burning of crosses which he had learned about from the radio and newspapers. He stated that his organization was in no way involved. KASPER said that his organization is interested only in bringing about a reversal of the Supreme Court decision concerning segregation by peaceful means and not by causing hatred.

[redacted] Attempts to locate the unknown individual whom [redacted] alleges participated in burning of the crosses to date have been unsuccessful.

II. FORMATION OF WCC IN WASHINGTON, D. C., AREA

[redacted] advised Special Agent in Charge LEO L. LAUGHLIN and SA GEORGE C. MOORE on July 16, 1956, that ACE CARTER, organizer of the WCC in Birmingham, Alabama, had announced on May 24, 1956, that he was going to penetrate the North and establish councils in Washington, D. C., and surrounding areas.

b7D

[redacted] in his statement advised that approximately one or two weeks before a general WCC Meeting held on June 15, 1956, at the Annapolis Hotel, Washington, D. C., JOHN KASPER called a meeting in his bookshop of approximately 12 persons. At this meeting KASPER announced his intention of having ACE CARTER come to Washington, D. C. KASPER stated that in order to have CARTER come to Washington, D. C., it was necessary that a WCC be formed here first.

b6
b7C

Concerning ACE CARTER and the formation of the WCC in Washington, D. C., an editorial appeared in the Montgomery Advertiser, Montgomery, Alabama, newspaper on June 8, 1956, entitled "WCCW, White Citizens Council of Washington, D. C." This editorial sets forth that JOHN KASPER, Proprietor of Cadmus Bookshop, has announced the formation of a WCC in the nations capital. The article sets forth "sad to relate the Washington Chapter affiliated itself with the WCC rump whose loathsome fuhrer is ASA (ACE) CARTER of Birmingham. This is no political action organization formed to resist by profusely traditional American means the unbearable dispensation of the Federal Government, but a crude and repellent organization wallowing in malevolent prejudice against Negroes and Jews."

[redacted] mentioned above, advised that JOHN KASPER met CARTER last March during the time CARTER was campaigning for Admiral CROMMELIN in Alabama. According to [redacted] KASPER was campaigning for Admiral CROMMELIN and it was during this time that the idea for a WCC was formed. [redacted] stated that he was not sure whether or not CARTER suggested a WCC be formed in Washington, D. C.

b7D

In connection with KASPER campaigning for Admiral CROMMELIN, [redacted] advised that in approximately May, 1956, KASPER had stated to him that he had just returned from a one or two months visit to Alabama where he had campaigned for Admiral CROMMELIN.

b6
b7C
b7D

[redacted] also advised on July 16, 1956, that the WCCs were organized on June 6, 1956, in Washington, D. C. According to [redacted] there are two Councils in Washington, D. C., one of which is headed by a man named FLEMING and that there is a third Council in Alexandria, Virginia. [redacted] alleged that the Council in Alexandria, Virginia, is headed by EDWARD STROHECKER and the Secretary Treasurer is [redacted]

[redacted] in his statement advised that ACE CARTER spoke at the June 15, 1956, Annapolis Hotel Meeting and that he brought with him from Birmingham, Alabama, his brother and four other male individuals. According to [redacted] while the CARTERS and the other individuals were in Washington, D. C., they stayed at the apartment of [redacted] N. W. [redacted] also advised that while these men were in Washington, D. C., after the June 15, 1956 meeting, in the early morning hours of June 16, 1956, they drove to the vicinity of 14th and U Streets, N. W., of Washington, D. C., to take photographs.

It is to be noted that 14th and U Streets, N. W., Washington, D. C., is predominately a Negro section of the city.

[redacted] was interviewed on July 18, 1956, by SAs FREDERICK F. FOX and RICHARD B. LAVIN in connection with her knowledge of the cross burnings. She advised that she is the partner of JOHN KASPER in the managing of the Cadmus Book Store. She denied that she has anything to do with the WCC other than to occasionally take telephone calls and answer mail for JOHN KASPER.

III. FORMATION OF WCC IN OTHER AREAS

[redacted] advised on July 16, 1956, that the WCC movement under ACE CARTER is a very anti-semitic group which has put out quite a large extent of "hate literature." According to [redacted] CARTER's headquarters are maintained in Alabama and he claims to have 60 to 75 thousand members.

[redacted] alleged that CARTER's organization is responsible for the recent NAT "KING" COLE episode in Alabama. According to [redacted] CARTER's group was formed last November, (1955) and since then it has spread to Tuscaloosa, Alabama, and into Tennessee. [redacted] states that it is made up mostly of working class people but that this is not necessarily true of other WCCs throughout the South. According to [redacted] CARTER's group is very "radical."

b7D

CARTER, according to [redacted] has claimed that he is to establish WCCs in Detroit of discontented and unemployed white southerners. According to [redacted] a headquarters is to be established at Dearborn, Michigan. [redacted] advised that "The Southerner" is CARTER's journal and it is a "vicious" magazine.

In connection with the establishment of a WCC in Detroit, the Detroit Free Press Newspaper in its issue June 29, 1956, Pages 1 and 4, carried an article entitled "Dixie Peddlers of Race Hate Invade State-Citizens Council Sets Up Dearborn Headquarters." The article sets forth "that professional peddlers of race hate and bigotry have established a beachhead in Dearborn and are starting a state wide WCC." An office has been rented by the White Supremacy Group in Room 6 of the Woolworth Building, 13708 Michigan. The article also set forth that Post Office Box number 148 has been leased by the CARTER Company of Birmingham, Alabama, for JAMES DOUGLAS CARTER, identified in the article as the brother of ACE CARTER, Executive Secretary of the Alabama Citizens Council and editor of "The Southerner" a race hate publication."

[redacted] in his statement advised that KASPER had stated to him sometime between June 15, and July 6, 1956, that he, KASPER, had been to LaPlata, Maryland, and had attempted to start a WCC in that location. According to [redacted] KASPER is supposed to return to that area concerning this Council.

b6
b7C

IV. AIMS AND PURPOSES OF WCC

In his statement [redacted] advised that KASPER has stated to him that the program of the WCC is to demand that politicians do something about reversing the Supreme Court decision on integration.

[] stated that KASPER spoke at the June 15, 1956, Annapolis Hotel Meeting and stated that he was going to "force" politicians to reverse the Supreme Court decision on integration or do something else about it. By "force," [] believed him to mean organizing a vote so that politicians would have to take notice. [] believed that KASPER meant that a representative of Congress is supposed to be a representative of his people.

According to [] KASPER at this meeting stated that on one hand we have a radical driving force which is supposed to represent the Communists and on the other hand the politicians. He stated that the politicians were falling back while the hand of Communism moves forward driving the politicians back. KASPER stated that what is needed is an equal but opposite force on the politicians side to drive back Communism.

A week or two later according to FLEMING, KASPER asked if FLEMING would accept the chairmanship of the Northwest Council. FLEMING replied that if he did he would do so on a temporary basis. KASPER discussed the WCC and, in fact, according to STROHECKER, asked STROHECKER to organize a chapter in Alexandria, Virginia.

VI. ACTIVITIES OF WCC IN WASHINGTON, D. C., AREA

b7D

1. Meeting June 15, 1956, Annapolis Hotel

[Redacted], mentioned above, advised on July 16, 1956, that the first public meeting of the WCC was held at the Annapolis Hotel in Washington, D. C., and that ACE CARTER was one of the speakers along with JOHN KASPER and DAVID AITCHISON. [Redacted] labeled AITCHISON as "a local crackpot and naturopath" who attacked everyone in general and the Roman Catholic Pope and Jews in particular. [Redacted] advised that 100 persons were in attendance at this meeting.

11

WFO 100-33226

[redacted] advised that at the June 15, 1956, meeting KASPER was the first speaker, ATCHISON (ph), a doctor from Takoma Park, was second and ACE CARTER was third. [redacted] advised that ATCHISON spoke on all kinds of subjects, for instance, race, inoculations and the Cutter polio vaccine. ATCHISON was against the vaccine. [redacted] advised that he also mentioned the combination of Jews and Communists. [redacted] stated that this was the first time at this Annapolis Hotel meeting that he had heard Jewish racial issues brought up, that is, as related to Communism.

[redacted] advised that the Jewish question in relation to Communism had been brought up before when he had visited the Cadmus Bookshop. [redacted] alleges that the feeling at the bookshop was that Jews and Communists work together. As best as [redacted] could recall when the subject came up at the bookshop, KASPER, FLEMING and [redacted] were there.

According to [redacted] ACE CARTER was the third speaker at the Annapolis meeting. He spoke on the history of the white race, the Magna Carta and patriotic Americans. Among those whom he mentioned was DOUGLAS MacARTHUR. CARTER also mentioned Civil War people such as NATHAN BEDFORD FORREST. CARTER mentioned FORREST's achievements, among which was the fact that he had been a farmer who had laid down his tools to go to war and won numerous battles even though outnumbered.

According to [redacted] CARTER also mentioned something about our forefathers being hard men, illustrating his point with a story of a family crossing Death Valley who killed oxen to drink their blood. [redacted] advised that he did not know what CARTER was driving at when he related this story.

2. Attempts to Have WCC Meeting June 16, 1956, at Veterans of Foreign Wars Hall, North Arlington, Virginia

[redacted] advised in his statement that on the day following the Annapolis Hotel meeting, that is June 16, 1956, the WCC's were to have had a meeting at the Veterans of Foreign Wars Hall at Nineteenth and Uhle Streets, North Arlington, Virginia. This was to have been a public meeting.

[] advised that he, himself, had made the arrangements to have this meeting on June 14, 1956. He commented that the meeting was called off because the wife of the man he had contacted to hire the hall had received harrassing phone calls concerning the renting of the hall.

[] advised that the general public was supposed to know about this meeting because of advertisements appearing on a piece of paper which had on one side the expression "See, Hear ACE CARTER." According to [] underneath this expression was the address of the hall and some other statement. On the reverse side of this writing there was a picture of three Negroes and white women. According to [] one or two of the Negroes and the white women were kissing. [] alleges that KASPER gave these advertisements to him on the night of June 14, 1956, at the Cadmus Bookshop.

[] believes that KASPER mentioned to him that the picture on the advertisement was taken at Fort McClellan, Alabama. KASPER mentioned that he had had these advertisements printed on Pennsylvania Avenue and Eighteenth Street, N. W., Washington, D. C., near Gawlers Funeral Home.

[] advised that he passed out approximately fifty of these advertisements and that those that he did not give out he threw in the trash. [] claims that most of these advertisements were not actually for the Veterans of Foreign Wars Hall but were for the Annapolis Hotel meeting on June 15, 1956.

3. WCC Meeting July 6, 1956, at
Kenna-Main, American Legion Post,
3201 Nichols Avenue, S. E.

[] was interviewed on July 16, 1956, by SAs LEO I. PROSISE and RICHARD B. LAVIN, at which time he stated that approximately fifteen persons attended the meeting on July 6, 1956. For record purposes, Jimmy Dean and Tom Burke, both reporters of the Washington Evening Star, told Mr. McGuire that John Kasper operates a book store at 1246 Wisconsin Avenue, N. W., and Kasper claims to be the head of the Seaboard White Citizens Council, which covers Maryland, Delaware, District of Columbia, and Virginia, and that he has a publication dated July 15, entitled "Virginians on Guard," inside of which are numerous newspaper clippings regarding activities of the White Citizens Council and some of the stories therein cast direct aspersions on President Eisenhower and other prominent figures.

John Kasper

Kasper is supposed to be Executive Secretary of the local White Citizens Council, as well, and Burke stated on talking to him Kasper said he was single; that he was born in New Jersey; and that he has a B.S. degree from Columbia University in New York City. Burke stated that if anyone asked Kasper for his publication he would probably hand them out and that if we did not have a copy of the issue with the story "Virginians on Guard" on the cover page, Burke would be glad to loan us the copy he has so that we could have the publication photostated and in our files.

In view of the remarks made against the President, Burke thought we would want to get hold of this and let the Secret Service know, as well as to have it for our own files concerning the activities of the White Citizens Council in this area. The Investigative Division does not already have this publication. Arrangements can be made through the WFO to have someone slip by Kasper's establishment and try to pick one up.

Dave Lawrence called me today to advise that he is beginning to suspect that some of the citizens councils might be financed by the communists. He has a circular which came in an envelope and has the return address as follows: Seaboard White Citizens Council, 1246 Wisconsin Avenue, NW, Washington 6, DC. The envelope was postmarked from Fredericksburg, Virginia. He has learned that John Kasper or Kesper, telephone Columbia 5-8663, is at the 1246 Wisconsin Avenue address.

Memo to Mr. Tolson

The envelope contained one of the most extreme circulars he has yet seen. It has pictures of Negroes kissing whites and related matters and he thought that if we were not aware of the Seaboard White Citizens Council, particularly since it was here in Washington, perhaps we would want to check into it. In the event we did not get the circular ourselves, he will be glad to make his copy available.

Lawrence further stated that the legitimate citizens councils do not use the word "white" in them, which is another reason as to why he is suspicious.

ADDITIONAL DETAILS CONCERNING CROSS BURNINGS IN WASHINGTON, D. C., ON JULY 13, 14, 1956

Confidential Informant T-1, who is in a position to furnish reliable information, advised on July 23, 1956, that JOHN DAVID LEE, 428 N. Peyton Street, Alexandria, Virginia, had admitted to informant that he had been involved in the burning of crosses on July 13, 14, 1956, in Washington, D. C. According to informant, LEE indicated that FRED PLANE HOCKETT, 1115 Maryland Avenue, N. E. D.C. was the individual who conceived the idea for cross burnings, and that the original idea was furthered and carried out by JOHN KASPER, organizer for the White Citizens Councils of D. C. Assistant Special Agent in Charge HOWARD B. FLETCHER telephonically contacted the Richmond Field Division on July 24, 1956, and determined through Special Agent in Charge W. G. On July 24, 1956, Detective Sergeant JOSEPH CHENNAULT and SA LESLIE B. CHISHOLM, Jr. interviewed WILLIAM S. ELLIOTT at his home, Box 234, Merrifield, Virginia. ELLIOTT declined to discuss the burning of crosses in Washington, D. C., or to furnish any information, and referred SA CHISHOLM to his Attorney, Mr. WALTER J. NEWLON, Clarendon Building, Clarendon, Virginia.

It should be noted that NEWLON is also the Attorney allegedly representing FRED PLANT HOCKETT and JOHN DAVID LEE.

JOHN DAVID LEE was interviewed on August 1, 1956, by SA CHISHOLM and SA JAMES F. DURKIN, Jr., and he furnished the following information:

He denied being a member of the WCC. He stated that he went to the WCC meeting on July 13, 1956, and after the meeting he approached JOHN KASPER, whom he had met once previously, and asked for a ride home. LEE stated that KASPER told him [redacted] would take him home. LEE advised that he drove with [redacted] and that a caravan composed of three vehicles was formed. According to LEE, this caravan consisted of FRED HOCKETT in his station wagon, (FNU) ELLIOTT in his red pickup truck, and LEE and [redacted] in [redacted] car. According to LEE, this caravan proceeded down Nichols Avenue, S. E., and across the Eleventh Street Bridge, where they stopped for a light. At this point, according to LEE, KASPER came across the street and went to HOCKETT's car, where they talked, and then KASPER returned across the street.

b6

LEE advised that he was unable to recall whether KASPER or the fourth vehicle joined the caravan. The caravan continued to Connecticut Avenue, N. W. LEE was unable to recall when or where ELLIOTT turned off, but he

does recall that en route [redacted] told him they were going to burn crosses and the purpose was a demonstration of their objection to the Supreme Court's decision on integration. LEE stated that HOCKETT and [redacted] drove to the Sheraton Park Hotel and stopped. LEE admits seeing two crosses burning but denies participation. LEE stated that on July 15, 1956, KASPER came to his home and discussed cross burning but LEE declined to furnish details of the discussion other than that KASPER questioned him as to what happened. LEE states KASPER told him not to talk to the Police and gave him the names of two Attorneys to contact, (FNU) NEWLON and (FNU) SIMMONS. LEE stated that while KASPER was there FRED HOCKETT came in and discussed cross burnings in general, and told him not to answer any inquiries for anyone and to get one of the two Attorneys.

~~CONFIDENTIAL~~

On July 21, 1956, [redacted] D.C. [redacted] Arlington, Virginia, furnished a detailed statement to SAs LEO I. PROSISE and RICHARD B. LAVIN concerning his participation in the burning of crosses at the Sheraton Park Hotel in Washington, D. C. ROWLEY advised that sometime during the evening of July 13, 1956, JOHN KASPER mentioned that a [redacted] (phonetic) was going to take care of another one, meaning a cross, someplace else. According to [redacted], this [redacted] is connected with the Maryland Petition Committee.

On July 23, 1956, SAs FRANCIS X. JAHN and JOHN P. RIDGELEY of the Baltimore Division interviewed [redacted] at which time he admitted that he was [redacted] of the Maryland Petition Committee. He stated that he has on one occasion attended a meeting of the WCC on or about June 15, 1956, held at the Annapolis Hotel, Washington, D. C. According to T-1, KASPER stated he could look up some good addresses if they wanted to do it. T-1 advised that he believed that this was the inception of the idea to burn crosses, and he related that HOCKETT stated he had built crosses before and described in detail how the crosses could be constructed.

~~CONFIDENTIAL~~

T-1 advised that no clear-cut purposes for the burning of the crosses were stated at the time and that he believes the significance was to show dissatisfaction with regard to integration.

b6
b7C

T-1 related that the final plans for the cross burnings apparently were made between July 7, 1956, and July 13, 1956. T-1 related that KASPER mentioned on July 11, 1956, that they intended to carry out the cross burnings on Friday, July 13, 1956.

T-1 advised on August 2, 1956, that he had ascertained from JOHN KASPER on August 1, 1956, that FRED HOCKETT actually made the crosses that were burned on July 13, 1956, and that he obtained the materials from a relative who is a carpenter.

ATTEMPT TO BURN THIRTY FOOT CROSS IN ALEXANDRIA

On July 26, 1956, T-1 advised that about July 18, 1956, he ascertained from JOHN KASPER that there was to be a meeting of the WCC on Georgia Avenue, Silver Spring, Maryland, on July 20, 1956, and that they might set off a "thirty foot one this time." T-1 advised on July 26, 1956, that he had learned from JOHN DAVID LEE that HOCKETT, KASPER, and either [redacted] or [redacted] came to LEE's house on July 21, 1956, and were discussing LEE's "changing neighborhood." According to information from T-1, HOCKETT suggested they go out and cut tires on Negroes' cars and put sugar in gas tanks to freeze engines. T-1 stated that LEE protested because it was too close to his home, but that he would be willing to go to Washington, D. C., and help. T-1 stated he does not believe this last plan was ever executed.

On August 3, 1956, T-1 furnished information that the meeting on July 20, 1956, was held at a real estate office on Georgia Avenue located at 9326 Georgia Avenue, Silver Spring, Maryland.

The Washington Metropolitan Area Telephone Directory of July, 1956, reflects that ROY M. COFFMAN maintains a real estate office at 9326 Georgia Avenue, Silver Spring, Maryland.

T-1 advised on August 3, 1956, that approximately two weeks ago somewhere in Alexandria, FRED PLANT HOCKETT and JOHN KASPER had made a thirty foot wooden cross and had attempted to ignite it in Alexandria where it would be visible from the main portion of Alexandria. T-1 advised that the affair did not receive more publicity due to the fact that the cross fell down.

~~CONFIDENTIAL~~

KASPER mentioned that he had friends that would be willing to help. T-1 advised that JOHN KASPER, [redacted] and FLOYD FLEMING made a trip to Charlottesville, Virginia, on August 4, 1956, and while there, this group approached (FNU) THOMAS, 315 Main Street, Charlottesville, Virginia, and KASPER attempted to get THOMAS to burn a cross. THOMAS, according to informant, was not interested in burning crosses but would assist in forming a WCC in Charlottesville. THOMAS indicated that he would like to have a WCC in Charlottesville and KASPER gave him application blanks. According to T-1, KASPER told THOMAS to collect \$3 from each applicant. KASPER told THOMAS that he could keep \$1.50 for himself and that \$1.50 was to be sent to KASPER.

T-1 advised that KASPER feels the entertainment field is the best field for crosses within the next few weeks. Accordingly, KASPER intends to burn a cross at either Harry's Tavern, 12th and New York Avenue, Washington, D. C., or at the home of HARRY, who owns the tavern, place unknown.

At 7:30 p.m., FLEMING was observed inside the Bookstore. At 7:37 p.m. FLEMING and JOHN KASPER were observed entering FLEMING's car, at which time KASPER was carrying a bundle of papers.

At approximately 9:20 to 9:30 p.m. FLOYD FLEMING talked to SA F. B. GRIFFITH, Jr., in the 400 block of South Fairfax Street and gave him the same literature described above, as well as a copy of a newspaper, "Common Sense," dated May 15, 1956. At 9:30 p.m. ELLIOTT talked to SA RICHARD B. LAVIN and gave him the paper "Virginians on Guard," an application blank for the WCC of Alexandria, a throwaway entitled "The Coming Red Dictatorship," and two issues of the newspaper "Common Sense," dated May 15, 1956, and July 1, 1956.

PRETEXT INTERVIEWS WITH FLEMING AND ELLIOTT
DURING COURSE OF DISTRIBUTION OF LITERATURE

FLOYD H. FLEMING

During the course of the physical surveillance mentioned above, concerning the distribution of literature in Alexandria, Virginia, on August 3, 1956, SAs JAMES D. HUPPERT and ELMER LEE TODD, under suitable pretext, engaged FLOYD FLEMING in a discussion, at which time FLEMING handed the Agents copies of the literature previously described. FLEMING stated that the WCC had been in existence locally for about two months and had already obtained several members. He stated the WCC's were started in Washington, D. C., by JOHN KASPER, who operated a bookstore at 1246 Wisconsin Avenue N.W.; and a local Council was being organized at Alexandria, Virginia. FLEMING stated that these Councils are affiliated with ACE CARTER's group in Alabama.

FLEMING further stated that the flier, "Virginians on Guard," was prepared by KASPER and that over 350 copies were printed. FLEMING stated that a copy was sent to every State Governor by mail and also to the mayors of several cities. According to FLEMING, the mailing costs alone were \$120. FLEMING commented that as they obtained new members and more money, additional copies of the flier will be printed. He stated that the flier was printed by the WCC at the bookstore at 1246 Wisconsin Avenue N.W. by a young printer who was sympathetic to the cause of the WCC and who did the work at a reduced rate. FLEMING also said that his group was leaving Washington, D. C., early on the morning of August 4, 1956; for Charlottesville, Virginia, and towns en route, where they were going to distribute literature similar to that distributed in Alexandria on August 3, 1956.

FLEMING further stated that he worked for the Government and his activity in the WCC was not a violation

~~CONFIDENTIAL~~

of any sort. He added he had distributed material of the WCC where he worked and the WCC had received a letter from "Senator JOHNSON," not further identified, stating that the WCC was perfectly legal. FLEMING supplied the information that KASPER is a paid employee of the organization but, due to lack of funds, he had to borrow money in New York recently to pay the rent.

~~CONFIDENTIAL~~

At 9:20 to 9:30 p.m. on August 3, 1956, in the 400 block of South Fairfax Street, Alexandria, Virginia, SA F. B. GRIFFITH, Jr., was approached by FLOYD FLEMING. FLEMING stated he represented the WCC and stated that he and other WCC members were out trying to spread information concerning the aims and purposes of the WCC, and to obtain members.

FLEMING stated he worked for the Government and that he had told his supervisors about his belief and activity in the WCC. He also stated that the leader of the WCC in the Washington, D. C., area worked without pay and that his regular job was in a bookstore. He mentioned that this individual was from New Jersey.

FLEMING stated that the WCC was not out to "kill the niggers," but to "keep them in their place." He stated that the WCC was for segregation and then made some derogatory remarks about Justice FRANKFURTER of the Supreme Court.

FLEMING mentioned that the WCC was going to sponsor a mass meeting in Alexandria sometime next week (August 5-11, 1956). He did not mention the place, or who would be the speakers. He also stated that there was to be a meeting at the American Legion Hall in Southeast Washington during that same week.

FLEMING then went on to praise the work of ACE CARTER in Alabama against the National Association for the Advancement of Colored People (NAACP). He also stated that because of the "bigoted" and "prejudiced" press the WCC could no longer get favorable publicity.

~~CONFIDENTIAL~~

WILLIAM S. ELLIOTT

At approximately 9:30 p.m. WILLIAM S. ELLIOTT approached SA RICHARD B. LAVIN in front of the residence at 404 South Fairfax Street, Alexandria, Virginia, and gave him some literature which he said SA LAVIN would find interesting. When asked concerning what the literature dealt with, ELLIOTT stated that it was all about the WCC and that this was not a little neighborhood affair, but was a country wide movement under ACE CARTER in Alabama. ELLIOTT stated that persons in white neighborhoods had to look out for the "niggers" because they were using the tactics of "block busting". When asked what he meant by this expression, ELLIOTT stated that the NAACP would put up the money for a Negro to buy a house in a white block and that after this Negro moved in, other houses would have to be sold at a cheaper rate and the neighborhood would undoubtedly thereafter become a Negro neighborhood.

~~CONFIDENTIAL~~

ELLIOTT mentioned that the men who were working that night were also going to Charlottesville, Virginia, on the next day, August 4, 1956, to do the same kind of work there.

ELLIOTT was asked if this organization, the WCC, had anything to do with the recent cross burnings in Washington, D. C. ELLIOTT laughed and said, "No, but the FBI tried to pin it on us."

When asked where the material was printed that the agent had received, ELLIOTT stated that part of it was printed at the Cadmus Bookstore on Wisconsin Avenue and that it had been prepared by JOHN KASPER.

FUTURE DISTRIBUTION OF WCC LITERATURE

T-1 advised on August 3, 1956, that in the early morning hours of August 4, 1956, FLEMING, KASPER, HOCKETT, and [redacted] were leaving for Charlottesville, Virginia, in FLEMING's and [redacted] cars. According to T-1, they were to distribute literature of the WCC en route. T-1 stated that next week, August 6, 7, or 8, 1956, KASPER again plans to distribute literature in Alexandria. T-1

"Race mongrelism is contempt for the Creator. Race is the basis of history. Race mixers are degenerates. Contemptible white politicians are destroying the Nigra's racial pride. The personal character of President Eisenhower, his alien advisers, and the members of the Supreme Court as race-destroyers and race-mongrelizers fills all true White men everywhere with disgust. Destroy the Reds. Fight race-haters!! Join your White Citizens' Councils."

On the right hand side of the page the following is typed:

"WHITE CITIZENS' COUNCILS, What are they ?

"Our movement arises from a deep-seated belief in the diverse natures of animals and plants as established by the Creator. To blot one single distinction is to defy the highest plan of Providence. Nigras were not meant to be WHITE. The white race was not intended to be anything but white.

"We damn all race-mixers. We believe the race-mongrelizer is degenerate. It is our privilege and our power to attack and destroy the Communist. We demand that the white politician exhibit the highest concept of honor as a white man or GET OUT OF POLITICS. We demand racial pride in our youths. We demand the politician fight the race-mongrelizer or leave the field of action. We the people demand the right to attack and destroy the Communist directly and head-on. We demand the communist-led NAACP be placed immediately on the Attorney-General's list of red-subversive organizations. LITERATURE OF WCC OBTAINED FROM OTHER SOURCES

[REDACTED]
[REDACTED] furnished to SA GEORGE C. MOORE, JR., a pamphlet which [REDACTED] obtained from a source that he declined to identify. This pamphlet may be described as follows: (S) [U]

It is a booklet consisting of a cover sheet which has been described above in Number 1 as "Virginians on Guard."

~~CONFIDENTIAL~~

Glued to the far right side of the cover sheet is a section composed of 32 pages with printing on both sides of each page. These pages measure approximately 11" x 8". When the outside cover sheet, Virginians on Guard, is folded over it encloses these pages.

~~CONFIDENTIAL~~

Thirty of these pages deal with proposals to the State Legislature of Virginia dealing with segregation. Fifty-two proposals are made and representative samples are as follows:

"2. Remove from the public payrolls every appointed State and local official and employee who is in anywise connected with the National Association for the Advancement of Colored People, the Anti-Defamation League, Freedom House, the American Jewish Committee, the NAACP Educational and Legal Defense Fund, the Leadership Conference on Civil Rights, the National Community Relations Advisory Council, the Southern Conference for Human Welfare, the National Urban League, the Communist Party, Communist fellow-traveller or front organizations, or with any of their associated, affiliated or subsidiary organizations or with any similar private organization (other than churches and political parties) which advocates integration."

The Communist Party has been designated by the United States Attorney General pursuant to Executive Order 10450. The Southern Conference for Human Welfare has been cited by a Congressional Committee on Un-American Activities in a report number 592, dated June 12, 1947, as a Communist front organization "which seeks to attract southern liberals on the basis of its seeming interest in the problems of the south," although its "professed interest in southern welfare is simply an expedient for larger aims serving the Soviet Union and its subservient Communist Party in the United States."

"3. Purge all educational institutions and all libraries of educational institutions, which are owned or exclusively controlled by the State or by any political subdivision or local public.

~~CONFIDENTIAL~~

body of the State, of all books, literature and propaganda which advocates integration, or any material inspired by BERIA's program for the destruction of American life and our Southern heritage."

~~CONFIDENTIAL~~

"16. Expressly and specifically prohibit the State or any political subdivision or public body thereof from agreeing with the Federal Government, as a condition to Federal financial assistance, to comply with any rules, regulations, orders, policies or procedures issued by any official of the Executive Branch of the Federal Government."

"33. If the Congress of the United States passes a law providing for Federal aid for education but either directly or indirectly prohibiting such aid to any State which does not integrate white and colored persons in its public schools, such as has been suggested by the Bill which passed the lower House of Congress on July 3, 1956, each Southern State should immediately enact a law making it a felony punishable by imprisonment in the State penitentiary for any official or employee of the State or of any political subdivision or public body of the State to apply for or accept any Federal financial aid on behalf of the State or any such subdivision or public body. . . ."

"40. Prohibit the exhibition, at any educational institution owned or exclusively controlled by the State or any political subdivision or public body of the State, or on or in any building, park, playground, auditorium, stadium or other property so owned or controlled, of any painting, portrait, picture, object of art, magazine, newspaper, periodical, poster, handbill, book, film, radio or television show, or any play, tape or other recording, or any other display, which in anywise advocates racial integration in public schools or intermarriage of White and Negro persons."

~~CONFIDENTIAL~~

"Put a prohibitive license on all commercial slot-machine music dispensers which play 'rock and roll' or similar so-called music."

~~CONFIDENTIAL~~

In several places throughout these proposals there is the suggestion that "an unlimited State Constitutional Convention" be held in the State of Virginia.

The last two pages of the leaflet contain reprints of newspaper articles concerning integration and cross burnings in Washington, D. C.

Printed next to the last page in the middle of the page is the following:

"Seaboard White Citizens' Councils

"JOHN KASPER, Executive Secretary

"Additional copies of our attack program,

[redacted] also advised SA MOORE that his source had ascertained from [redacted] at the Cadmus Bookshop that the WCC had decided not to meet any more at 1246 Wisconsin Avenue, N. According to the source, KASPER had been at the Cadmus Bookshop a "couple of nights ago" at 1:00 o'clock for about 15 minutes. [redacted] advised that his source had received the pamphlet, "Virginians on Guard" in the mail and the envelope had the return address, "Seaboard White Citizens' Councils, 1246 Wisconsin Avenue, N. INTERVIEW OF [REDACTED]

b6
b7c

[REDACTED] was interviewed under pretext on August 3, 1956, at 1246 Wisconsin Avenue, N. W., Washington, D. C., the address of the Cadmus Book Store. This interview was conducted by SA HARMON J. OGREN.

[REDACTED] advised that she was the co-owner of the Cadmus Book Store, the other owner being JOHN KASPER. She stated that the newspaper articles which appeared in the Washington Newspapers in June of 1956, were false and erroneous when they indicated that she was connected with the White Citizen's Councils of the District of Columbia. She advised that JOHN KASPER was the person responsible for the White Citizen's Councils activity, and that his operations, pamphlets, literature, and so forth, took up a good part of the space at the book store. She further advised that while she was not an officer of the White Citizen's Councils organization in June, she was now at the point where she could speak or write "race hatred." She stated that the White Citizen's Councils have sprung up all over the east coast, and specifically referred to one at Hyattsville, Maryland, one at Beltsville, Maryland, and she also referred to the Maryland Petition Committee. She stated that "we" print most of the material (referring to White Citizen's Councils material) in "our print shop" in the back of the store but that when they had an overload they farmed out work to "two other printers who worked for us and are with us."

She furnished a bound publication with an extended cover which was headed "Virginians on Guard!." The rest of the pamphlet consisted of approximately 32 pages containing 52 points, and in addition she furnished extra copies of the extended cover captioned, "Virginians on Guard." Regarding this pamphlet and the extended covers she stated that "we" are almost out of the "pamphlet" or "resolutions" but that more were being reprinted. She stated that the information on the extended cover of the pamphlet was the most strong stand anyone had yet taken but she felt that others would probably take similar strong positions.

She advised that there would be possibly a meeting of the Citizen's Councils the evening of August 3, first stating that it would probably be in Southeast Washington, and then later stating that it would be in Alexandria, Virginia. She subsequently advised that there was no meeting for the evening of August 3, in Alexandria but there was a meeting for Thursday, August 9, at 8 o'clock, which would be held at the American Legion Hall next to the Fire House on Nichols Avenue in Southeast, Washington, D. C.

~~CONFIDENTIAL~~

[redacted] In addition to the above mentioned material furnished by [redacted] she furnished a copy of the "The Virginian" issue of February 1956, which was listed as being "published and circulated by The Virginia League, a plan for individual action." The April - May 1956, issue of "The Southerner", which was listed as being news of the Citizen's Councils and listed its Editor as ACE CARTER; the May 15, 1956, issue of "Common Sense;" a photostat of several newspaper clippings and a short editorial, one side of which was headed "Total Mongrelization;" a printed flier advertising a talk by ACE CARTER on June 15, sponsored by the White Citizen's Councils of the District of Columbia, and several membership applications for the White Citizen's Councils of the District of Columbia with headquarters at 1246 Wisconsin Avenue, N. W.

b6
b7C~~CONFIDENTIAL~~

It was noted during the interview with [redacted] that on the main table in the book store were at least three of the pamphlets captioned, "Virginians on Guard," and there were also in evidence several of the extended covers of this pamphlet. There was a pile of the extended covers approximately three inches high on the floor of the book store. Two of the extended covers were hanging back to back in the front window of the book store and were clearly legible from either the inside or outside of the book store. Three shelves in the right rear of the book store contained various piles of literature like and similar to that furnished by [redacted] At the left rear of the store on a small table were piles of newly printed applications for membership in the White Citizen's Councils groups for the following areas:

Charlottesville, Virginia; Manassas, Virginia; Fairfax, Virginia, and Washington, D. C.

The piles of applications varied in height from approximately eight to fifteen or sixteen inches.

b7C

In connection with the face sheet of the pamphlet "Virginians on Guard," mentioned above, as being displayed in the Cadmus Bookshop window, Confidential Informant T-2, who is in a position to furnish reliable information, on August 3, 1956, furnished three photographs of the display of this face sheet in the Cadmus Bookshop, which photographs were taken on August 1, 1956.

On August 5, 1956, T-1 advised that he had learned that JOHN KASPER had studied sociology and physiology at some school in New York, New York, and that he had been sent there by some business concern. T-1 also stated that he had learned from KASPER that KASPER had written all the material on the face sheet of the pamphlet, "Virginians on Guard." Informant also stated that KASPER is planning to conduct inquiries at three entertainment places on H Street, N. W., to obtain photographs of white and Negro persons associating socially with each other. With the photographs KASPER intends to write more literature.

It is to be noted that T-1 advised on August 5, 1956, that KASPER, [redacted] and [redacted] were arrested on August 4, 1956, by the Charlottesville, Police Department for distributing literature without permission. The group was released on posting \$100 collateral.

b6
b7C
b7D

T-1 advised that KASPER, [redacted] and [redacted] planned to return to Charlottesville, Virginia, on August 11, 1956, to fight the charges which were placed against them for distributing literature without a permit. A man by the name of BENJAMIN SIMMONS was mentioned by [redacted] as being their Attorney. SIMMONS' business telephone was mentioned by [redacted] as being NA 8-1552 and his home telephone as JU 5-5354.

~~CONFIDENTIAL~~

T-1 advised that [redacted] stopped at Culpeper, Virginia, and talked to the Chief of Police concerning the distribution of literature in Culpeper. According to T-1, the Chief of Police told them that he could not make any commitments at that time, but would advise [redacted] at a later date whether this could be done. KASPER, [redacted] on his return from Charlottesville on August 11, 1956, intends to distribute literature in Culpeper if approval is given.

~~CONFIDENTIAL~~

T-1 advised that [redacted] admitted having been arrested once in Tennessee for being drunk. KASPER, [redacted] and [redacted] advised that they had had no previous arrests.

T-1 advised that [redacted] in Charlottesville approached a man who stated he was a University of Virginia student who appeared to be interested in segregation problems. According to T-1 [redacted]

[redacted] attempts were made [redacted] to locate this man at the University of Virginia dormitory. It was determined by [redacted] that they had the incorrect dormitory number and [redacted] blamed [redacted] for not getting the number correctly. [redacted] plans to keep this man in mind for possible contact in the future.

It is to be noted that the man the group contacted was SA SAM WEST of the Richmond Office.

During a previous investigation in another matter, SAs LESLIE B. CHISHOLM, Jr., and RICHARD B. LAVIN have both observed a printing press in the rear of the Cadmus Book Store located at 1246 Wisconsin Avenue, N. W. This printing press stood about four feet high has a large circular plate over which a roller or rollers are run.

Reference is made to Bureau telephone call on 8/2/56, from Assistant Director BELMONT to Special Agent in Charge L. L. LAUGHLIN, wherein MR. BELMONT instructed the WFO that this office should endeavor to get an original of the pamphlet "Virginians on Guard" and to trace back its origin. Efforts were to be made to determine who prepared the pamphlet and the extent of its distribution. In this connection MR. BELMONT instructed that consideration should be given to the use of the Laboratory for comparison of any hand printing, typewriting, printing presses, etc.

Enclosed are six copies of report of SA RICHARD B. LAVIN dated AUG 7 1956

This report sets forth interviews with [redacted] FLOYD FLEMING, WILLIAM S. ELLIOTT, and [redacted] (protect by T Symbol) wherein each of these persons stated that the material was prepared by JOHN KASPER and was printed at the Cadmus Bookstore.

It is to be noted that [redacted] and [redacted] were interviewed in a matter entitled [redacted] et al; CHIEF JUSTICE EARL WARREN et al VICTIMS: ASSAULTING FEDERAL OFFICERS" WFO 89-42, and they were not cooperative. It is known that JOHN KASPER was aware of efforts being made by the FBI to interview him in connection with cross burnings in Washington, D. It is not believed that an interview with [redacted] or KASPER would be productive on the basis of the interviews in the assaulting federal officer case. Any interviews conducted with them for samples of the typewriter and printing press which are maintained in the bookstore would only alert them to this Bureau's interest in these machines and they would no doubt dispose of them. In this connection, SAs RICHARD B. LAVIN and LESLIE B. CHISHOLM, JR., in conducting the investigation concerning the assaulting federal officer case, observed

Exec. Secty. some very subversive literature tending to incite race hatred and rioting. This literature is sent out in book or pamphlet form and is mailed in a large white envelop so as to conceal the contents. It is all hectographed and hand work and detrimental to the well being of America."

Bufiles denote Marshall subject of internal security investigation, Richmond origin, file 100-3685, in 1942 and 1943 predicated upon information Marshall and another had been trying to influence individual members of the Negro race with anti-American ideas. Subsequently, Marshall subject of Security Matter - C investigation, 1950-1951, predicated upon anonymous letter alleging Marshall a "Negro communist." These investigations failed to reveal any definite proof of disloyalty on the part of Marshall. (100-125680)

It should be noted Marshall's letter refers to "John Jasper" who is probably identical with John Kasper, owner of the Cadmus Bookshop, 1246 Wisconsin Avenue, Northwest, Washington, D. C.

For information Richmond, no investigation is being conducted of the Cadmus Bookshop; however, Washington Field Office has received information indicating meetings are held at the bookshop which are anti-Negro and anti-Semitic in nature. (105-46989)

As you are aware, Washington Field is office of origin in the case entitled "White Citizens Council of District of Columbia, aka. Seaboard Citizens Council, IS - X." Inquiries in this matter are being conducted to determine the potential for violence and whether or not activities of the organization place it in purview of Executive Order 10450.

SUBJECT: WHITE CITIZENS COUNCILS

Q
Pr
Alexander
8/3/56
W.C.H.

In connection with the conference to be held on August 2, 1956, in the office of the Attorney General, the following information concerning White Citizens Councils generally, the White Citizens Councils of Washington, D. C., and the recent cross burnings in the Washington area is set forth:

I. CITIZENS COUNCILS MOVEMENT

A. Formation and Scope: On May 17, 1954, the Supreme Court handed down its decision concerning segregation in public schools. Subsequently, in July, 1954, the first citizens council was formed in Indianola, Mississippi. This movement spread rapidly and at the present time information is available indicating there are 274 pro-segregation organizations in 17 states and the District of Columbia. The membership in 92 of these organizations, about which we have received membership figures, totals 400,000. (For details concerning the number of white citizens councils in each state see page 2 through 2F of the Brief on Racial Situation and Civil Rights.)

Attempts have been made to form a coordinating body to correlate activities of the citizens councils. The Federation for Constitutional Government and the Citizens Council of America are two organizations which are attempting to correlate the councils' activities. However, these organizations have not been successful to any extent.

B. Aims and Purposes: The aims and purposes of all of these organizations are identical, namely to prevent racial integration in the public schools. However, the means being employed differ considerably. Some organizations have exercised economic boycotts against Negroes and Negro organizations advocating integration while others have taken no overt action, but have been formed merely for the purpose of taking action if the integration is forced upon them.

Memorandum to Mr. Boardman

No information has been received indicating that any of these organizations advocate the use of violence or force, other than economic to achieve their objectives, but intend to secure their objectives through peaceful and legal means. In this connection it is pointed out that state legislators, bankers, attorneys and even United States Congressmen are included in the memberships of these organizations.

Information has been received that approximately 25 councils have been infiltrated by present or former Klan members. However, only the Tennessee Society to Maintain Segregation appears to have been infiltrated by the Klan to the extent that the Klan members exercise complete control. In all other cases it appears that the individual Klan members have joined on their own volition rather than at the direction of the Klan. (For further details concerning infiltration of citizens councils by Klan see page 4F of Brief on Racial Situation and Civil Rights.)

G. Bureau Policy

Bureau policy is that we do not investigate citizens councils or other groups that advocate or employ legal means to achieve their objectives. However, upon request of the Department for investigations of citizens councils in connection with Executive Order 10450 we do initiate same.

By memorandum, 12/10/54, Department suggested investigations be conducted concerning Association of Citizens' Councils of Mississippi and the American States' Rights Association (in Alabama) to determine whether the activities of these two organizations would place them within the purview of Executive Order 10450. On January 18, 1956, the investigations of these two organizations were completed and the results furnished the Department. These are the only two pro-segregation organizations on which the Bureau has conducted full investigation.

We are conducting at the present time limited inquiries concerning all citizens councils for the purpose of ascertaining the infiltration, if any, of Ku Klux Klan members or others who may use repressive tactics against minorities; to determine whether their activities and programs bring them within the purview of Executive Order 10450 and to develop data regarding their potential for violence.

These inquiries are limited to contacts with established, reliable sources and review of public records. Copies of all reports are disseminated to the Department for consideration under Executive Order 10450 and to the Intelligence Agencies of the Armed Forces.

Memorandum to Mr. Boardman

The Department by memorandum, 2/13/56, advised it had referred to the Office of Legal Counsel the question of whether economic force would fall within the provision of Executive Order 10450 wherein organizations may be designated if it can be shown that they have "adopted a policy of advocating or approving the commission of acts of force or violence to deny others their rights under the Constitution." According to the Department, the Office of Legal Counsel advised in an opinion dated 1/24/56 that the word "force" as it appears in this provision of Executive Order 10450 should not be interpreted to include acts or threats of economic force or pressure. The Department advised it would be governed by this opinion.

II. WHITE CITIZENS COUNCIL OF DISTRICT OF COLUMBIA

A. Background and Formation: The White Citizens Council of the District of Columbia was formed June 4, 1956, and maintains headquarters at 1246 Wisconsin Avenue, Northwest. This council was organized by Asa Carter of Birmingham, Alabama, who is an official of the Alabama Citizens Council. The Alabama Citizens Council and the White Citizens Council of the District of Columbia are, unlike other pro-segregation organizations, anti-Semitic.

The published purposes of the Washington Council are (1) stop integration in Washington; reverse it and re-establish segregation. (2) Get the National Association for the Advancement of Colored People (NAACP) on the Attorney General's list of subversive organizations (3) publicize commercial contributions to NAACP and Urban League. and (4) wipe out "rock and roll" music.

b6
b7C

Officers of the Washington Council are: Executive Secretary and Organizer - Frederick John Kasper, proprietor of Cadmus Book Shop, where Council headquarters are located; Chairman Northwest Council - Floyd H. Fleming; Chairman Southeast Council -
Secretary-Treasurer -

B. Cross Burning Activities in Washington Area: On the night of July 13 - 14, 1956, two crosses were burned at the Sheraton-Park Hotel, Washington, the residence of Chief Justice Earl Warren and Senator Herbert Lehman. A cross was burned at the residence of former Solicitor General Simon E. Sobeloff, 4545 Connecticut Avenue, Washington, D. C. A cross was burned at the residence of Associate Justice Felix Frankfurter, 3018 Dumbarton Road, Washington. A cross was also burned at the residence of Mrs. Douglas King, 5402 Odell Road, Beltsville, Maryland. Mrs. King is President of Prince Georges County Branch, NAACP.

Memorandum to Mr. Boardman

Investigation is being conducted by the Bureau concerning these cross burnings in the matter entitled [redacted] Et Al; Chief Justice Earl Warren, Et Al - Victims; Assaulting a Federal Officer," on the grounds of possible intimidation of U. S. Government officials. This investigation has resulted in [redacted] Fred Plant Hockett and John David Lee being identified as persons responsible for burning of crosses at Sheraton - Park Hotel. [redacted] and Lee are the only individuals involved in the cross burnings who have admitted participating.

Our investigation has disclosed that a meeting of the Washington White Citizens Council was held at the American Legion Hall, 3201 Nichols Avenue, S. E., in Washington, on the night of 7/6/56 and again on the night of 7/13/56, which was the night the crosses were burned in that area. With regard to the latter meeting, subject [redacted] has stated that it was attended by about 20 persons including Hockett, Lee and himself. Also present, according to [redacted] were Kasper, organizer of the White Citizens Council in Washington, and [redacted] identified by [redacted] as the chairman of the Southeast Chapter of the Washington White Citizens Council.

With regard to the cross burnings, [redacted] has identified participants as Frederick John Kasper, [redacted] and [redacted]. All of the individuals named by [redacted] with the exception of Kasper, who has not been located for interview, and Lee who has admitted participation, have denied their participation in the burning of crosses. [redacted] has stated that [redacted] is responsible for the cross burning at the residence of Mrs. Douglas King in Prince Georges County, Maryland. [redacted] has described how a caravan of automobiles left the meeting of the Southeast Washington White Citizens Council on the night of 7/13/56 and drove to Northwest Washington where the vehicles parted in the vicinity of the residence of former Solicitor General Sobeloff. [redacted] Lee and Hockett proceeded to the Sheraton - Park Hotel where they burned two crosses. Kasper, [redacted] and a third individual driving a red Studebaker pickup truck, were left in the vicinity of former Solicitor General Sobeloff's home and [redacted] assumes these individuals were responsible for the burning of crosses at the residence of Justice Frankfurter and former Solicitor General Sobeloff.

Our investigation resulted in identifying one William Swaze Elliott, Merrifield, Virginia, as possibly being the individual in the Studebaker pickup truck. [redacted]

Memorandum to Mr. Boardman

[redacted] has advised that he determined [redacted] that the man driving the red pickup truck was named Elliott, who lives near Falls Church, Virginia. At the Virginia division of Motor Vehicles it was determined that the only Studebaker pickup truck registered in Virginia to an Elliott is one registered to William Swaze Elliott. Elliott was interviewed 7/24/56 and refused to furnish any information, referring interviewing Agents to his attorney. He declined to furnish any type of data or answer questions. His truck was subsequently photographed from a distance and subject [redacted] observed photograph and was of opinion this truck is identical with the truck in the caravan. b6 b7C b7D

[redacted] has admitted to Agents that he is chairman of Prince Georges County Chapter of Maryland Petition Committee, another pro-segregation group. [redacted] denied any knowledge of the cross burning activity on the night of July 13-14, 1956, or that he participated in same.

At the outset of interviews with [redacted] he admitted attending the meeting of the White Citizens Council in Southeast Washington on the night of July 13, 1956. He claimed he was accompanied to this meeting by [redacted] and [redacted] that they left the meeting early [redacted]

[redacted] In subsequent interviews [redacted] finally admitted that [redacted]

[redacted] and that [redacted] after the meeting of the White Citizens Council. [redacted] now appears to be cooperating with Agents. He has advised that Lee admitted to him that he participated in the burning of crosses on the night of 7/13/56 and requested that [redacted] answer any inquiries concerning him by saying he accompanied them [redacted] that night. b6 b7C b7D

[redacted] has advised that on 7/7/56 [redacted] Kasper and [redacted] to Chesapeake Beach, Maryland, to distribute literature on White Citizens Council. While returning to Washington, [redacted] Hockett mentioned being former member of Ku Klux Klan and suggested crosses should be burned in Washington area. Kasper replied he could obtain addresses if they desired to engage in this activity. [redacted] believes this conversation was inception of the idea to burn crosses in the area.

Memorandum to Mr. Boardman

[redacted] related that Hockett mentioned he had previously built crosses and described in detail how crosses could be constructed. [redacted] related Hockett's description of cross construction, which is similar to the manner in which the crosses were constructed that were burned in the District area on night of July 13 - 14, 1956. [redacted] believes final plans for burning of crosses were made between 7/7 and 7/13/56. [redacted] advised [redacted]

[redacted] whereupon Kasper asked [redacted] if he recalled their previous discussion about cross burning and said this activity might be carried out on night of 7/13/56. [redacted] advised that he and [redacted] accompanied by Lee, actually did attend this meeting and that as he was leaving Hockett expressed the hope that [redacted] would remain at the meeting. [redacted] received the impression that Hockett was referring to the burning of crosses.

On 7/30/56, Washington Field Office advised that on 7/27/56 U. S. Attorney Oliver Gasch and Assistant U. S. Attorney Frederick G. Smithson attended conference with Assistant Attorney General Olney and Olney's assistants, Messrs. Irons and Collings. According to Assistant U. S. Attorney Smithson, the Department indicated agreement with his opinion that the cross burning case did not have prosecutive merit. However, Mr. Olney decided to discuss the case with the Attorney General prior to rendering a final opinion.

C. Summation of Pertinent Information Developed Through Cross Burning Investigation

1. [redacted] has admitted that while accompanied by John David Lee and Fred Plant Hockett these three burned the crosses at the Sheraton - Park Hotel.
2. Lee has admitted participating in burning of crosses at Sheraton - Park Hotel but has refused to name his accomplices.
3. Lee has admitted that he is a member of the Washington White Citizens Council.
4. [redacted] denies membership in the Washington White Citizens Council but admits attendance at meetings of the council.

Memorandum to Mr. Boardman

5. Hockett has denied membership in the White Citizens Council or participation in the burning of crosses or knowledge of same other than that obtained from press and radio.

6. All persons interviewed during investigation have denied there have been any discussions of the White Citizens Council concerning the burning of crosses.

7. Investigation has disclosed that the crosses were burned in the Washington area shortly after the close of a meeting of the White Citizens Council in Southeast Washington on the night of 7/13/56.

8. [redacted] has identified other participants in cross burnings as Frederick John Kasper, [redacted] and a person whose identity is unknown to him but who was driving a red Studebaker pickup truck. ✓

9. Although exhaustive investigation has been conducted to locate Kasper for interview, his whereabouts has not been determined and he has not been interviewed to date.

10. [redacted] denied participation in burning of crosses or that such was discussed at meeting of White Citizens Council. He admitted he is chairman of Southeast Washington Council.

11. [redacted] denied participating in cross burnings or knowledge of participants. [redacted] admitted that he is chairman of Prince Georges County Chapter of Maryland Petition Committee, another pro-segregation group.

12. With regard to the participants named by [redacted] as driving a red Studebaker pickup truck, [redacted] learned from Lee that this individual is named Elliott. Elliott determined through investigation to be William Swaze Elliott who refused to be interviewed. [redacted] has observed photograph of Elliott's pickup truck and believes it to be identical with the truck observed in the caravan on the night of the cross burnings.

Memorandum to Mr. Boardman

13. [] has admitted membership in Washington White Citizens Council but denies participation in cross burnings. He advised Lee admitted to him Lee's participation and requested [] to answer any inquiries as to Lee's whereabouts on night of 7/13/56 by stating Lee was in company of [] on that evening.

14. [] advised of conversation on 7/7/56 between Kasper, Hockett, [] and himself wherein Hockett suggested burning of crosses in Washington area and Kasper volunteered to furnish addresses of possible victims. ✓

All of these individuals denied they were members of the Council, explaining that they attended the meeting at the invitation of individuals referred to above. All of these persons denied that there was any discussion of the cross burnings at this meeting.

Memorandum to Mr. Boardman

III. CIVIL RIGHTS CASES INVOLVING WHITE CITIZENS COUNCILS

Since the formation of the White Citizens Councils a number of complaints have been received and investigated by the Bureau alleging possible civil rights violations on the part of White Citizens Councils in various states. Most of these cases have been closed by the Department without prosecution and details concerning some of the more important cases can be found in the Brief on Racial Situation and Civil Rights (Part II, Tab XV).

For ready reference the following pending cases involving activities of White Citizens Councils are synopsisized:

Unknown Subjects;
Reverend Henderson D. Darby, Et Al. - Victims
Civil Rights

Darby in a letter to the President 4/29/56, complained among other things of action of White Citizens Council of Bentonia, Mississippi, in allegedly forcing Negro registered voters to remove their names from registration list. Investigation as requested by the Department has been completed and United States Attorney is of opinion no Federal violation exists inasmuch as all alleged members of the Citizens Council deny any participation in a conspiracy. The matter has been referred to the Department for a final determination. By memo 7/27/56, Department requested additional investigation. Ordered 7/31/56.

Mae Lucky, Et Al;
Eluen H. Hoston, Sr., Et Al. - Victims
Civil Rights

Complaints received that registrar of voters in Monroe, Louisiana, had recently been illegally challenging voters as to their qualifications for registering and registrar was allegedly using discriminatory action in order to have Negroes remove their names from registration lists. Investigation has been completed and results forwarded to the Criminal Division of the Department. Citizens Council members claim purpose was to purge registration list of unqualified voters, both white and colored. (See page 121 of Brief for further details.)

E. B. Parker, Et Al;
William B. Poindexter Moore, Et Al. - Victims
Civil Rights

Allegation received that all Negro voters in Caldwell Parish, Columbia, Louisiana, were challenged as to their qualifications

Memorandum to Mr. Boardman

to vote by subjects who are allegedly members of White Citizens Council. Preliminary investigation conducted and report submitted to Department 6/21/56. By memorandum of July 11, 1956, Criminal Division requested full investigation which was ordered 7/13/56. (See page 123 of Brief for further details)

White America, Incorporated,
Segregation in Public Schools,
Hoxie, Arkansas
Civil Rights

In June, 1955, the school board at Hoxie, Arkansas, voted to integrate its schools at its opening of the split session in July, 1955. Soon thereafter a pro-segregation organization allegedly represented by an attorney for White America, Incorporated, a pro-segregation organization, began to boycott the school and intimidate the school superintendent and board members. At the request of the Department a full investigation was conducted by this Bureau and local developments from time to time have been brought to the Department's attention. Investigation completed and local developments are now being followed.

The school board through its attorney filed a suit in Federal Court asking a permanent injunction against certain members of the pro-segregation committee of Hoxie, White America, Incorporated, and other individuals. This injunction granted January 9, 1956, and an appeal has been made by the pro-segregation organizations and the individuals so enjoined to the Circuit Court of Appeals. The Department has indicated it will file a "friend of the court" brief with the Circuit Court of Appeals. (For further details see page 92 of Brief.)

OBSERVATIONS:

(1) At the expressed request of the Department a full investigation was made of two pro-segregation organizations, one of which is the largest and most active in taking the initiative against individuals desiring integration in schools. This organization is the Association of Citizens' Councils of Mississippi. The investigation was for the express purpose of determining whether or not the organization could be placed upon the Attorney General's list. All information developed was furnished the Department for its consideration in this regard. No action has been taken by the Department insofar as the Bureau is aware; however, as pointed out in the details above, the Department

Memorandum to Mr. Boardman

did advise the use of economic force would not bring an organization within purview of the Executive Order. However, the Bureau is following developments of these organizations and referring any information of value to the Department for its consideration.

(2) The Bureau has remained constantly alert for any violation of Federal law on the part of White Citizens' Councils, particularly with regard to the use of pressure to have the Negroes remove their names from the list of registered voters, in possible violation of Section 241, Title 18 (the Conspiracy Section of the Civil Rights Statutes).

(3) Although it is the feeling of the United States Attorney's Office in Washington, D. C., and the Department with regard to the cross burnings in the Washington area that the case does not have prosecutive merit, it is observed that possibly the Department might want to present the entire matter to a Federal Grand Jury which could in its own right inquire further into the activities of the White Citizens Councils of the District of Columbia.

SUBJECT: WHITE CITIZENS' COUNCILS OF
DISTRICT OF COLUMBIA
INTERNAL SECURITY - X

In memorandum Mr. Nichols to Mr. Tolson 7/30/56 it was set out that Jimmy Dean and Tom Burke, reporters of the Washington "Evening Star," furnished information concerning captioned organization, also known as Seaboard White Citizens' Council, and advised concerning publication entitled "Virginians On Guard!" A copy of this publication was loaned the Bureau by Burke who stated in view of the remarks made against President Eisenhower he thought we would want to advise Secret Service as well as have it for our own files.

The captioned organization was formed June 4, 1956, and maintains headquarters at 1246 Wisconsin Avenue, N. W. Its 2 principal purposes are (1) stop integration in Washington and re-establish segregation and (2) get the National Association for the Advancement of Colored People on the Attorney General's subversive list.

We are conducting limited inquiries concerning this organization for purpose of ascertaining its potential for violence and whether its activities would bring it within purview of Executive Order 10450. A report in this matter has been received and was disseminated to the Department and intelligence agencies of the Armed Forces.

On the night of July 13 - 14, 1956, crosses were burned by members of this organization at the homes of several prominent individuals including Chief Justice Earl Warren. In connection with the investigation of that matter information is being obtained relative to the captioned organization. The Attorney General is being kept advised of developments in the cross burning matter.

In the memorandum from Mr. Nichols to Mr. Tolson it was stated that Dave Lawrence, on July 30, 1956, contacted the Bureau and advised he suspects that some of the citizens councils might be financed by the Communist Party. On March 2, 1956, we obtained information indicating the CP intended to set up 2 organizations, one in Florida and one in Georgia. One organization was to allegedly encourage opposition to segregation while the other would urge Negroes to seek equality. Allegedly this was to be done to drive

a wedge between Northern and Southern Democrats in Congress. Investigation failed to show the CP established these organizations. No other information has been received regarding CP backing of any pro-segregation organization.

RECOMMENDATIONS:

(1) In view of the Attorney General's interest in the captioned organization and the cross burning incidents a Photostat of the publication "Virginians On Guard" is being furnished to him. An appropriate memorandum for this purpose is attached.

(2) There is also attached an appropriate communication to Secret Service transmitting to that agency a Photostat of this publication which contains remarks made against the President.

(3) A Photostat of this publication is being furnished the Washington Field Office for its information and that office is being instructed to attempt to obtain an original for the Bureau's files.

(4) It is recommended that the original of this publication be returned to Mr. Nichols' Office so that it may be given back to Tom Burke who made it available on a loan basis.

Rebutel call by Assistant Director BELMONT 8/2/56 to WFO instructing that an original of the pamphlet, "Virginians on Guard" be obtained and that circumstances re printing and distribution be ascertained. ReWFOteletype to Bureau 8/3/56 advising Bureau of plans of White Citizens Councils (WCC) to distribute literature in Alexandria, Virginia, on 8/3/56.

SA HARMON J. OGREN, under suitable pretext, at the Cadmus Bookshop, 1246 Wisconsin Avenue, N. W., on 8/3/56, obtained one copy of original of "Virginians on Guard" from [redacted] partner of JOHN KASPER in the operation of the book store. [redacted] advised, "we" print most of the literature (referring to WCC) in "our print shop" in the back of the store, but that when they are overloaded, they give out work "to two other printers who work for us and are with us," meaning WCC. Noted during the interview were 3 copies of "Virginians on Guard" which were on a table in the book shop.

On the basis of information supplied by [redacted] who is acting as a source in this matter, and whose identity should be protected, that a distribution of WCC literature was to be made on 8/3/56 in Alex., Va., a physical surveillance was instituted by Agents of the WFO and Agents from the Alexandria Resident Agency of the Richmond Office.

A fisur was instituted on FLOYD H. FLEMING, 905 Quincy Street, N. E., and it was observed that at 6:50 p.m. FLEMING parked his vehicle in front of the Cadmus Bookshop. At 7:37 p.m., FLEMING and JOHN KASPER were observed entering FLEMING's vehicle, at which time KASPER was observed carrying a bundle of papers. KASPER and FLEMING drove to the Howard Johnson Restaurant on Washington Street in Alexandria, where they were joined by the following individuals:

[redacted] WILLIAM SWAZE ELLIOTT, [redacted] and a man who was later identified as [redacted] of Arlington, Va. It was observed that after a conference was held by these men in the parking lot at Howard Johnson's, that KASPER, [redacted] and [redacted] departed in [redacted] vehicle, and [redacted] ELLIOTT, and FLEMING departed in [redacted] vehicle. Just prior to this departure, it was observed that FLEMING removed a bundle of papers from his car and rejoined the group. Surveillance reflected that distribution of these pamphlets was made in the downtown residential area of Alex., Va., on a door-to-door basis. Surveilling Agents were able to obtain copies of the face sheet of "Virginians on Guard" and application blanks for WCC from FLOYD H. FLEMING and WILLIAM S. ELLIOTT.

JESSE HALL, of the Alexandria Resident Agency, ascertained from the Alexandria Police Department that at approximately 10:00 p.m., [redacted] was picked up by two officers while delivering literature to houses in the 1500 block of Princess Street. At the time he was picked up, he had in his possession a copy of the publication, "Common Sense" and a face sheet of the pamphlet entitled, "Virginians on Guard." He identified himself as residing at [redacted] Wash., D. C., and said that he was the Chairman of the Southeast Section of the WCC in Wash., D. C. He was not charged by the local police, but dismissed after being reprimanded for distributing literature without a permit.

[redacted] FLEMING, and ELLIOTT returned to the Howard Johnson parking lot after having made their distribution of literature at 10:02 p.m., and KASPER, [redacted] and [redacted] returned at 11:22 p.m.

[redacted] who was not known to this office prior to 8/3/56, was identified through his license number on his automobile, which is Maryland DE 66-31. A check of the Register of Maryland License Numbers reflects that this is a 1956 Ford Sedan registered to [redacted] and [redacted] Hagerstown, Md. Surveilling Agents, through the cooperation of the Falls Church PD, ascertained that the driver of the vehicle on 8/3/56 was [redacted] presently residing in Arlington, Va. He was stopped by the Fairfax Police for failure to have a tail light.

During the course of the fisur concerning the distribution of literature, SAs JAMES D. HUPPERT and ELMER LEE TODD of WFO, under suitable pretext, engaged FLOYD FLEMING in a discussion, at which time FLEMING handed the Agents copies of a membership application form for the WCC of Alexandria, a copy of leaflet captioned, "Virginians on Guard," and a copy of the 5/15/56 issue of "Common Sense." FLEMING stated that the WCC had been in existence locally for about two months and had already obtained "several" members. He said the WCC were started in Wash., D. C., by JOHN KASPER, who operated a book shop at 1246 Wisconsin Avenue, N. W., and a local council was being organized in Alex., Va. He said that these councils are affiliated with ACE CARTER's group in Alabama.

FLEMING further stated that the leaflet, "Virginians on Guard" was prepared by KASPER and that over 350 copies were printed. He said a copy was sent to every state governor by mail, and also to the mayors of several cities, and the mailing costs alone were \$120. He said that as they obtained new members and more money, additional copies of leaflets will be printed. He informed the leaflet was printed by the WCC at the book store at 1246 Wisconsin Avenue, N. W., by a young printer who was sympathetic to the cause of the WCC, and who did work at reduced rate. FLEMING also said that his group was leaving Wash., D. C., early on the morning of 8/4/56 for Charlottesville, Va., and towns en route where they were going to distribute literature similar to that distributed in Alexandria on 8/3/56.

SECRET
FLEMING further stated that he worked for the Government, and his activity in the WCC was not a violation of any sort. He added he had distributed material of the WCC where he worked, and the WCC had received a letter from "Senator JOHNSON," not further identified, saying that the WCC was perfectly legal. He said KASPER is a paid employee of the organization, but due to lack of funds, had to borrow money in New York recently "to pay the rent."

Similar interviews were conducted under suitable pretext with FLEMING by SA F. B. GRIFFITH, JR., and with WILLIAM S. ELLIOTT by SA RICHARD B. LAVIN.

An interview was conducted with [redacted] by SAs LESLIE B. CHISHOLM Jr. and LAVIN after he returned to [redacted] in [redacted] [redacted] made available an original copy of "Virginians on Guard," and stated that this pamphlet was prepared by JOHN KASPER. [redacted] advised that the material between the face sheets dealing with proposals in Virginia was prepared by KASPER and [redacted] [redacted] stated that KASPER had given him the pamphlet on 8/1/56, and, at the time, had stated that approximately 1,000 copies of the application for membership in the WCC had been printed. [redacted] believes a similar number of face sheet, "Virginians on Guard" were also printed. According to [redacted] KASPER has mailed copies of "Virginians on Guard" to every state legislator in the state of Virginia. KASPER mentioned that \$120 had been spent on postage for this mailing. In this regard, [redacted] mentioned that the WCC is now "hurting" for funds.

[redacted] also supplied information that approximately two weeks ago somewhere in Alexandria, FRED PLANT HOCKETT, 1115 Maryland Ave., N. E., and JOHN KASPER had made a 30-foot wooden cross and had attempted to ignite it somewhere in Alexandria where it would be visible from the main portion of Alexandria. [redacted] stated that the affair did not receive any publicity due to the fact that the cross fell down. [redacted] also stated that KASPER is planning to burn some more crosses, but that no definite details had been worked out to date.

According to [redacted] on 8/4/56. in the early morning hours, FLEMING, KASPER, HOCKETT, and [redacted] are leaving for Charlottesville, Va., in FLEMING's and [redacted] cars. They are to distribute literature of the WCC en route. [redacted] stated that next week, on Monday, Tuesday, or Wednesday, 8/6, 7, or 8/56, KASPER again plans to distribute literature in Alexandria. [redacted] stated that the distribution of literature on 8/3/56 was very poor due to the fact that they had started too late at night, and that reception at the houses was very poor.

Further, for the Bureau's information, [redacted]

[redacted] advised SA GEORGE C. MOORE, Jr., on 8/3/56 that a source of his, whose identity he declined to furnish, had obtained a copy of the pamphlet bearing the face sheet, "Virginians on Guard," and which contained what appeared to be the resolution within the pamphlet itself. [redacted] source advised that he had received information from [redacted] of the Cadmus Bookshop that this resolution was prepared to be sent to the members of the Virginia State Legislature and other individuals. She further told this source that this pamphlet had been sent to all members of the Virginia House of Delegates and to certain other individuals on the mailing list of the WCC. This source did not know how many copies were printed, who printed it, who prepared it, or the total extent of the dissemination. The pamphlet itself had been received by [redacted] source through the mail in an envelope bearing the return address of the Seaboard White Citizens Councils, 1246 Wisconsin Avenue, N. W., Washington 7, D. C. (S) [U]

This source of [redacted] further advised [redacted] that [redacted] had told him that the WCC had decided to hold no further meetings at 1246 Wisconsin Ave., N. W., but had been meeting with the Southwest Council of the WCC at an address not known to the source. This source also learned from [redacted] that KASPER had been somewhere in Virginia the "past few days" but had been at the Cadmus Bookshop "a couple of nights ago" at 1:00 a.m. for approximately 15 minutes (S) [U]

The above information concerning the proposed trip to Charlottesville and towns en route on 8/4/56 was furnished to SA JESSE HALL of the Alexandria Resident Agency who assisted WFO in the surveillance on the night of 8/3/56. SA HALL was informed of the Bureau instructions in this matter regarding the interest of the Attorney General in this matter and the fact that all information regarding the printing, publication, and distribution of this literature should be determined. SA HALL was also informed of the Bureau instructions to have an Agent, if at all possible, obtain a pamphlet and literature

from the individuals distributing same. Inasmuch as KASPER and [redacted] reportedly are making the trip to Charlottesville, HALL was advised that the Richmond Office should attempt to have an Agent receive a pamphlet from those two individuals during the distribution in Charlottesville.

Also for the Bureau's information, [redacted] was [redacted] in order to [redacted]

At 4:30 PM on August 3, 1956, Supervisor Herschel Caver of the Richmond Office called and made reference to plans which had been perfected with the Washington Field Office for coverage of a meeting of the above Council to be held on the evening of August 3rd between 5:30 and 7:30 PM in Alexandria, Virginia. Caver stated that after the meeting, there was supposed to be distribution of pamphlets and that there may be some cross burning in Alexandria and possibly Charlottesville, Virginia. Caver wanted to know (1) whether or not the Richmond Office should inform the chief or captain of detectives of the Alexandria police department, both of whom are National Academy graduates; (2) whether or not they should advise the Charlottesville police department and (3) whether or not they should dispatch Agents to Charlottesville.

ACTION:

You talked to Caver and advised him that there was no allegation that there would be cross burnings tonight and that the coverage of the Washington Field Office and the Richmond Office should be aimed at determining the activities of the captioned organization with regard to pamphlets they will allegedly be handing out in Alexandria tonight. Caver was advised that efforts should be made to determine the identity of the persons passing out the pamphlets and copies of the pamphlets should be obtained, if possible. He was told that there was no need to notify the police departments in Alexandria and Charlottesville since there was no allegation at this time that there would be cross burnings on the evening of August 3, 1956.

SAC Laughlin, Washington Field Office, called on the morning of August 3, 1956, concerning investigation under way to identify the origin of the pamphlet "Virginians on Guard," apparently published by the White Citizens Council, Washington, D. C.

Laughlin said that [redacted] has advised that Casper, Fleming, and Elliott (three of the persons allegedly involved in the recent cross burnings) are to meet tonight (August 3) at the Hot Shoppe in Alexandria and thereafter they will distribute copies of this pamphlet on King Street in Alexandria.

I told Laughlin he should have Agents cover the meeting at the Hot Shoppe and thereafter cover the distribution of the pamphlets, including actual receipt by Agents of at least one pamphlet from each of the subjects who distribute them. I told Mr. Laughlin this should be handled in such a way that the pamphlets and the coverage could be used for evidentiary purposes; that is, the Agents would be able to testify concerning this, if necessary.

Laughlin said [redacted] has furnished information to our Agents and has gotten around to the point that he calls our Agents on the telephone to furnish information. Laughlin wanted to know whether the

Shortly after 4 p.m. today Mr. Nichols and I met with the Attorney General at his office at his request. Mr. Olney was there. Mr. Rogers was absent.

The Attorney General asked to be brought up to date as to the Washington, D. C., White Citizens Council group and the cross burning episode. Mr. Olney briefed him. Olney started by saying the FBI had done an excellent job. He then related briefly the activities of Kasper, the head of the group, and the meetings at the Cadmus Bookshop and that Kasper and his group had all the markings of a radical nationalist group which was anti-Negro and anti-Semitic. He stated that the U. S. Attorney (USA) and the Criminal Division had gone over the various aspects of the case from the prosecutive standpoint. The USA does not think any Federal statutes are violated and further is very loathe to bring the case before a grand jury. The USA feels that cross burnings are based on the integration issue which is highly controversial and which has supporters on both sides in the District of Columbia, hence the grand jury will probably be split on the question of prosecution. The USA feels that he could not successfully prosecute the case because of the issues involved and the divided opinions. According to Olney, he stated that there has been difficulty in the past in any prosecutions where the racial issue is involved.

Olney said that he and his Division believe there is a statute in point; namely, Section 1507, Title 18, U. S. Code, which forbids the picketing of a Federal judge for purposes of influencing his opinion. Olney said that there would be a question of proving intent to influence the judges by burning the crosses and it may be necessary to prove that the participants had knowledge of a case pending before the judges on which they might be influenced by the burning of the crosses. Olney questioned whether there could be a successful prosecution and stated he was loathe to bring a case to the grand jury without the prospect of successful prosecution as this would be playing into the hands of the subjects. He stated that even successful prosecution might make them martyrs in view of the divided opinions on the integration question.

Memorandum for Mr. Boardman

The Attorney General then wanted a briefing of the White Citizens Councils generally and we gave this to him mentioning the reports we have submitted to the Department showing the membership of prominent people in the White Citizens Councils in the South; their opposition to integration, by peaceful means; the full investigations we conducted on two of the citizens councils in Mississippi and Alabama; the fact that the Department had not designated any of the councils under Executive Order 10450 up to this time. I mentioned that Asa Carter of the Northern Alabama Citizens Councils had come up to Washington and that the Alabama councils of Carter and the Washington, D. C., councils were the only two which appear to be anti-Semitic. The Attorney General wanted to know if there was a central control of citizens councils and we advised him there had been two attempts centering in New Orleans but neither had been successful. We then gave the Attorney General a brief summary of the burning of the crosses in Washington, D. C., and the names of the persons allegedly involved and told him that our investigation was completed as the USA had indicated he had sufficient information to render an opinion on prosecution; that we had not yet interviewed Kasper in view of this. We pointed out we had furnished Mr. Olney copies of the inquiries we had made in the White Citizens Councils as separate from the cross burning investigation. The Attorney General expressed the opinion that Olney should give further consideration to prosecution in this matter. Mr. Nichols pointed out that it might be desirable to bring the subjects before the grand jury to accomplish the double purpose of discouraging further activity and pinpointing any lack of legislation to handle such matters. There was considerable discussion on this. Olney felt that the pamphlet which we furnished to the Department and Secret Service on July 31 put out by the White Citizens Councils, John Kasper, Executive Secretary, contained statements which when coupled with the cross burnings would warrant calling these persons before the grand jury. This pamphlet was received by Mr. Nichols on July 30 from a reporter on the Washington "Evening Star." Mr. Olney requested that we attempt to pin this pamphlet down as to who had written and disseminated it and whether it could be traced directly into the White Citizens Councils in Washington, D. C. The Attorney General felt this should be pursued and so instructed Olney. Relative to Kasper, Olney felt we should hold up trying to locate and interview him pending the inquiries on this pamphlet.

Memorandum for Mr. Boardman

ACTION:

(1) Washington Field was instructed prior to this conference to attempt to secure an original of the pamphlet in question.

by OMB telephone call

(2) Washington Field was instructed on the evening of August 2 to conduct immediate and detailed investigation regarding this pamphlet looking toward tracing it to the White Citizens Councils, identifying the typewriters, Mimeograph machine, etc., used to produce it and the extent of dissemination, if possible. The results will be furnished to the Department immediately upon receipt. Washington Field has also been instructed to attempt to identify the person or persons responsible for the handprinting on the document.

(3) The Laboratory has been requested to examine the pamphlet for the purpose of identifying the kind of typewriter used and any other information that may be of assistance in following this out.

Rebuairtel 8/7/56.

For information of Bureau and WFO, ARTHUR GODFREY has in the past made a gift of a short wave radio to ROGER POWELL, Sheriff, Loudoun County, Va., in which county GODFREY resides. This radio is used by the Sheriff's Office in its duties. POWELL has, in turn, made GODFREY a Deputy Sheriff of that county. The Bureau might consider that if POWELL is informed of the information concerning possible burning of a cross on or near GODFREY's farm in Loudoun County, POWELL in turn will advise GODFREY, who could possibly make the information public. POWELL is not being informed of this information pending advice from the Bureau.

Captain THOMAS WOODS, NA, Chief of Detectives, PD, Alexandria, Va., has been informed of possible burning of cross at residence of Judge ALBERT V. BRYAN.

previously attended the Temple University High School where he graduated in 1949 and the Riverside Military Academy, both of Philadelphia, Pennsylvania. His parents are Mr. and Mrs. FRED J. KASPER, who, in 1947, resided 101 East Chestnut, Merchantville, New Jersey, and in 1948 resided 14 Franklin Avenue, Merchantville, New Jersey. KASPER took the following courses:

English, Social Science, Chemistry, Mathematics, Biology, Psychology, History and Music.

His majors were psychology and philosophy and his minor English. His grades averaged "B". He withdrew in June, 1949, after completing his sophomore year.

A memorandum is recorded in his file which, according to NELSON, apparently was prepared by a faculty member of the college, although his or her name is not signed in the memorandum. The memorandum is dated July 28, 1952, and states [redacted] who in 1952 was a student at the college, reported to the administrative offices of the Yankton College he was in New York City the week of July 25, 1952, on his way back to Yankton. He saw [redacted] and JOHN KASPER. The memorandum continued "He had this to say about JOHN KASPER, that he is hobo-like, goes from place to place, rarely sleeps in the same place, is emaciated, has become fanatical about Pound's writings, who is now in the mental institution near New York. JOHN is publishing his articles and other books too. He believes JOHN is mental himself. You wouldn't know him, if you say him. [redacted] had a good sense of humor in relating this event. JOHN is Bohemian-like, he said, if you know what I mean."

NELSON's records reflect [redacted] present address is [redacted] Sioux City, Iowa. [redacted] address is [redacted] Bronx, New York, while [redacted] address is Post Office Box 103, Melvin, Iowa.

NV
Also there is a letter on file signed by ADOLPH SCHOCK, former registrar and presently residing 460 North 14th Street, San Jose, California. The letter is addressed to VALERIE C. WICKNEM, Director of Admissions, University of Chicago, and states "Re FRED-ERICK JOHN KASPER, Jr. I know this student fairly well. In a small college a teacher finds students relatively easily, especially when a student has favorable characteristics. JOHN has been a good student in my classes in psychology and philosophy. In fact, I consider him quite exceptional. He has a critical mind, reads more widely than is

"required or assigned, is challenging in class discussions, and manifests superior ability in dealing with psychological problems. I am favorably impressed and have accordingly encouraged him to seek admission to the University of Chicago. He is good material for a larger university. You will note that my work at this college includes not only being registrar but also teaching courses in philosophy and psychology. I, therefore, write this statement from my contact with him as a teacher. Adolph Schock, Registrar."

NELSON related a transcript of KASPER's record was forwarded to the University of Chicago on March 17, 1949; therefore she assumes KASPER enrolled in that university.

NELSON received a letter of inquiry from Stens' Mercantile Agency, 1419 H Street, N.W., Washington, D. C., dated July 12, 1956, which is signed by Mrs. LA RUE PARRISH, in which that agency was requesting the college to furnish background data on KASPER, i.e. name of relatives, when born, nationality and church affiliations.

IRENE PARTOLOUS, Credit Bureau, and ED SAMPSON, Chief of Police, advised on July 24, 1956, their records contain no information on FREDERICK J. KASPER or JOHN KASPER.

ROBERT WARREN, Sheriff, Yankton County, advised on July 24, 1956, his records reflect FREDERICK J. KASPER, 408 Mulberry, of Yankton, a student at the Yankton College, age 18, was arrested on May 8, 1948, charged with improper licensing of car, in that he was operating a car without license plates. He entered a plea of guilty on the same date in JP court and was fined \$25.00 but the fine was suspended upon his buying a license plate.

HESTER orally advised SA GRIFFITH, JR. that the acquisition of a partner by KASPER or the sale of the bookshop by him would necessitate a new Occupancy Permit being issued. He stated that, technically, the permit should be obtained at the time of any change in ownership of a business, but that this was not strictly adhered to. He said the occupancy section considers one week as being a reasonable amount of time for an application for an Occupancy Permit to be issued.

HESTER also advised that his section looked upon the possession and operation of printing machines (mimeographs, small printing presses, etc.) as being office machines and that no special permit for equipment such as this was required.

On 8-10-56, Sgt. JOSEPH Y. CHENNAULT, MPD, advised that on the same date of the newspaper article in "The Washington Post and Times Herald" (8-7-56) a license officer from Precinct Number 7 contacted [redacted] at the bookshop concerning contents of above article. [redacted] stated that the newspaper was in error in that KASPER had not sold the bookshop, but that she had bought one half interest in the store. P.

I returned the Attorney General's earlier call. He stated he had called concerning the telephone call made by John Kasper to his lawyer, Johnston, in Washington. I indicated that a deputy sheriff at the jail from where Kasper phoned had informed us of this matter. I further stated that the deputy sheriff was a graduate of our National Academy.

The Attorney General inquired as to whether there had been any activities here on the part of the Washington White Citizens Council, having in mind that the Supreme Court would be in session within a couple of weeks and the possibility that this group might become active then. I told him that we have alerted our informants to report to us any activity contemplated by this group. I also commented this was the same group that was involved in the recent cross burning episodes in Washington; that it was possible they might try to raise money to get Kasper out of jail, although I told him there had been no meetings but merely contacts among one another.

The Attorney General asked whether we had anything on [redacted] and I told him that [redacted] one of the subjects in the case involving the cross burning in Washington, had identified [redacted] as one of the individuals who had participated in the cross burning. I stated that when [redacted] was interviewed by our Agents, he identified himself as the Chairman of the Northwest Washington White Citizens Council; that when [redacted] was interviewed, he stated he had [redacted]

I called Memphis and talked to ASAC C. O. Halter in Lopez' absence. I asked Halter to check on the details concerning the allegation which we had received that Kasper had again been arrested for "inciting to riot."

Halter called me back at 9:45 a. m. and gave me the following information. He said that at 12:35 a. m. this morning, September 11, Kasper was arrested by Constable Floyd Peek and R. R. Poe, Chief of the Montague-Madison private police, which is a municipality on the outskirts of Nashville. He was arrested at his temporary residence, 2901 Scott Avenue.

Prior to this arrest, a warrant had been issued by General Sessions Judge H. H. Moses of Nashville for the arrest of Kasper charging him with "inciting to riot." Another State Judge of the General Sessions Court, M. V. Zicarelli, committed Kasper to jail without bond for investigation. He is presently being held in the Davidson County Jail, Nashville, Tennessee.

The above substance was incorporated in a memorandum transmitting this information to the Department.

It is also noted that after Kasper was first arrested in Nashville on a charge of vagrancy, breach of the peace, etc., he was released after being held for approximately two hours, on bond. After being released on this charge he was arrested for illegally parking his car. He then made bond and was released. Subsequent to this, he was arrested as above indicated for "inciting to riot."

I advised the Attorney General that we had been in contact with McLean of the Department concerning the possibility of any federal process being set in motion against Kasper on the basis of the story furnished by Charles Reed. I stated that McLean had advised that the bond Kasper is out on is solely for the purpose of insuring that Kasper will be available at the appropriate time; that there was no provision for revocation based on further activities of Kasper. I further stated that McLean questioned whether federal action towards revocation of Kasper's bond would stand up and also felt that Reed could not be held as a material witness. The Attorney General was advised that according to McLean the United States Attorney is already under orders to start possible revocation of Kasper's bond but he stated such action would have to be taken in Knoxville where the bond was issued. He was advised that McLean plans to talk to the United States Attorney in Nashville. I stated if there is nothing to do we proposed to turn all our information and Reed over to the local authorities.

The Attorney General returned my earlier call to him. I told him I was calling concerning the recent developments in the Arkansas situation and to advise him that the subpoena had been served, that everything worked out all right and the guard had let the U. S. Marshal through. It was also mentioned that Judge Davies was very pleased with the report and commented that it was a "fabulous job." The Attorney General stated he wanted to take this opportunity to congratulate us on this job.

I then told the Attorney General that the Army has asked for a copy of all reports of information we have on the Little Rock situation and we courteously informed them this was a matter they should take up with the Department. I further stated the reason given by the Army for wanting a copy was that they claimed they had been asked by a high government official regarding the possibility of calling the Arkansas National Guard up for federal service. The Attorney General asked for my opinion concerning the furnishing of a copy and I told him I did not think it should be done because (1) if this were done Judge Davies should be contacted first to be sure he had no objection, and (2) we know there are leaks to Drew Pearson and everybody has been trying to find out what is in our report. The Attorney General was advised that we had sent a copy of our report to him; the Bureau has a copy and one is going to Assistant Attorney General Doub and one to Assistant Attorney General Olney. I stated the Army seemed to be satisfied with the answer that the matter was up to the Department.

I then mentioned to the Attorney General the disturbance in Nashville, Tennessee, and stated we had learned from an informant, of unknown reliability, who had been in touch with Kasper that Kasper had in his possession four sticks of dynamite and some glycerin and Kasper may have dynamited the school in Nashville. I told him that Judge Miller had asked the United States Attorney and one of our Agents to meet in conference and I had instructed our Agent to advise Judge Miller of this information which has not been investigated or corroborated. Our Agent was also told to advise the Chief of Police and the Sheriff of this matter.

The Attorney General stated he had asked the Criminal Division to give him a rundown on Kasper and had learned that Kasper has been convicted twice and is out on bail, and had received a memorandum from that Division showing how reluctant the courts are to revoke bail, which was a most discouraging situation. I stated that though I could be wrong, I was under the impression that Kasper was under some kind of bond to keep the peace while on appeal and the question has arisen as to whether by creating these disturbances in another state he, Kasper, may be violating orders of the court under which his appeal is pending. I commented that I did not know whether or not this was what Judge Miller had in mind to discuss at the conference. I stated we have not made an investigation and the Attorney General agreed that if the Judge requested us to make an investigation we would go ahead immediately.

I called the Attorney General concerning the Nashville situation and advised him of a matter about which we had not previously been aware. It seems that the Department had instructed the United States Attorney to have the Mayor of Nashville secure affidavits from the police officers who had attended some of the meetings held by John Kasper in order to secure information as to what had transpired, having in mind the possibility of revoking Kasper's bond. The Attorney General said he did not know of this. I indicated this made it very difficult for us and that if any statements or affidavits were needed, they should be secured by the Bureau. The Attorney General stated he would straighten this out.

In connection with the information we have received, the Attorney General was informed that I had asked our Agents to get sworn statements from the man involved. I said a man by the name of [redacted] years of age [redacted] came in and gave us certain information and indicated he had attended some of Kasper's meetings. I stated that, according to our information, on September 7, a man by the name of [redacted] was approached by Kasper, who through innuendo asked help to bomb a school, indicating that he, Kasper, had dynamite and glycerin. After the discussion Kasper did not press the matter and did not go back to [redacted] for assistance. I stated I have asked our Agents to get sworn statements from [redacted] and [redacted] to see whether these persons know anyone who can corroborate what [redacted] talked about. The Attorney General was informed that as soon as we get these statements we will be able to determine what can be done towards running down this information, and I will keep him advised.

The Attorney General ~~has~~ ^{has} learned from Fred Mullen that Kasper had been arrested by the Nashville police. I stated that he was probably taken into custody for questioning regarding this matter since affidavits had been requested of the police by the Mayor. It was announced on the radio the evening of September 18, 1957, that JOHN KASPER was reportedly on his way to Washington, D. C. WFO could logically direct an inquiry to [] at this point, reminding him of the demonstrations by the Citizens Councils during the summer of 1956, and requesting him to furnish to WFO immediately any information he might receive concerning any possibility of a demonstration.

UACB, this inquiry will be made of []

We have found pretext telephone calls to the White Citizens Council office very successful. They are very ready and willing to discuss their views and plans. Of course, it is very doubtful that any plans for a demonstration such as a cross-burning could be detected in this manner, but a picket of the Supreme Court might be.

UACB, WFO will conduct discreet pretext interviews with the leaders of the Councils here.

UACB, WFO will not conduct fisurs to locate and ascertain the activities of JOHN KASPER, if he does come to Washington, D. C. This information may be volunteered during a pretext interview if we base the pretext on hearing on the radio that he is coming to Washington, D. C. and professing admiration of him and his work.

WFO will maintain as thorough coverage of the situation in Washington, D. C., as discretion allows. We will keep the Bureau advised of all our contemplated coverage, and in accordance with instructions in Bulet dated July 11, 1957, in captioned investigation, will conduct no investigation concerning the organization or KASPER without prior Bureau authority.

It is to be noted that the situation in Arlington, Virginia, now, and the attendant publicity, is the type of situation KASPER apparently craves. Any information WFO receives concerning activity by KASPER in Arlington will be promptly furnished to the Bureau and Richmond.

Shortly before 10 a.m., Mr. Rosen, Supervisor Assmuss, and I, went to see Rufus McLean of the Department, regarding developments at Nashville.

We called Mr. McLean's attention to previous information furnished the Department regarding [redacted] and [redacted] to the effect that [redacted] claimed [redacted] had furnished him information that Kasper had dynamite in his possession prior to the bombing of the school at Nashville, but that [redacted] had denied this. Mr. McLean was acquainted with this.

We advised Mr. McLean that last night, about 7 o'clock, [redacted] and [redacted] came to our Nashville Office and said they wanted to tell the full story. [redacted] then related that late Saturday afternoon, 9/7, John Kasper had come to his house with a package which contained dynamite and four fruit jars full of powder; that Kasper asked [redacted] to keep this material at [redacted] house, but [redacted] refused, whereupon [redacted] and Kasper took the explosives to a vacant house and stashed them away there.

b6
b7C
b7D

[redacted] went on to say that on Monday night, 9/9, upon returning to his home about 11 p.m., he found Kasper waiting for him, in a distraught and emotional state. Kasper asked him "where the hell" he had been when he needed him. Kasper indicated he wanted [redacted] to go with him, but [redacted] refused, saying he was all wet from the rain. Kasper then left. The explosion at the school occurred about two hours later. [redacted] does not know whether Kasper had anything to do with the explosion.

ORIGINAL COPY FILED IN

[redacted] said that he had been picking up Kasper's [redacted] SEP 24 1957 a post office box in the post office, and yesterday when he went to pick up the mail he found a slip in the box to the effect that the mail was being held and to contact the office. He thereupon talked to the postmaster, and told the postmaster this story about Kasper having the dynamite. He asked the postmaster what he should do if Kasper got out of jail and wanted him to commit some act with Kasper, and the postmaster told him he should call the police.

[redacted] advised our agents that he was present [redacted] when Kasper brought the package. He said the package was opened and he saw that it contained "hate" literature of the type Kasper had been distributing. He did not see any explosives. When confronted with this discrepancy, [redacted] stated the dynamite and fruit jars of powder were contained in an inner package, inside the literature. [redacted] states that he was also present [redacted] when Kasper was there, about 11 p.m. [redacted] states he has never seen the explosives, nor did he know prior to [redacted] statement of last night that [redacted] claimed the explosives were actually brought to [redacted] house.

Mr. McLean was advised that signed statements have been taken from both of these men and that [redacted]

[redacted] McLean was advised that [redacted] is [redacted]

[redacted] and that [redacted] Further, subsequent to the original interview with [redacted] had contacted our office, offering to act as an investigator or informant, stating that he was broke and needed money.

McLean was further advised that the papers had proclaimed a \$6,000 reward for the solving of the dynamiting of the school. McLean was advised that the agents had pressed [redacted] vigorously throughout the night, but that [redacted] appears sincere and will not be shaken in his story.

McLean was advised that agents had gone to the vacant house and had checked and found no explosives there, and no indication that they had been there, although this is not, of course, conclusive. Further careful questioning of [redacted] and [redacted] did not disclose any additional individuals who had knowledge of the information furnished by [redacted] or [redacted]

Mr. McLean was advised that this information had been furnished to the AG, and that we were presenting the facts to McLean for an immediate decision as to whether the Federal Government desired to take any action against Kasper, or others, based on this information. We pointed out that there must be an immediate decision [redacted] and McLean should consider whether, if the government is going to take action, [redacted] can be held as a material witness. We pointed out that this is important because the local authorities are investigating the dynamiting and

our office believes they will check on Kasper's mail and undoubtedly come up with [redacted] name from the postmaster this morning and, therefore, will be looking for [redacted]. We advised McLean that SAC Lopez is contacting USA Elledge this morning to furnish these facts to him and undoubtedly McLean will want to contact Elledge.

McLean said he had studied the bond of Kasper carefully and that the bond is for the purpose of insuring that Kasper will be available at such time as his appeal is resolved; that there are no provisions in the bond for revocation, based on further activities of Kasper, rather it is solely to insure his appearance at the appropriate time. He stated that the Department has been viewing the Kasper matter as a question of keeping a "rabid dog" off the streets, and as long as the local authorities have custody of Kasper this purpose is being served. He said the USA is presently under instructions to institute possible revocation of Kasper's bond in the event Kasper gets out on the streets again. He said such action would have to be taken by USA Crawford in the Eastern District of Tennessee, that is Knoxville, where the bond was issued.

McLean questioned whether Federal action to revoke Kasper's bond would stand up in view of the above. We pointed out to him that if the Department had issued such instructions and was considering revocation action, the question here was whether it should not be considered immediately, even though Kasper is in custody, the point being that this would reflect that the Federal Government was putting its shoulder to the wheel in an effort to deal with Kasper. Mr. McLean was again advised that an immediate decision is necessary. He said he would discuss this with Caldwell and would call us within a few minutes.

I then called SAC Lopez, advised him we had discussed this with the Department and McLean would undoubtedly be calling Elledge. I told Lopez to furnish the facts of this matter immediately to USA Elledge, for his consideration as to whether the Federal Government desired to take any action based on these facts. I told Lopez to call us back as soon as he had discussed this with the USA. I told him we had advised the Department that an immediate decision is necessary, particularly in view of the fact that we have Reed still in the office.

I told Lopez that the Bureau feels we have a definite responsibility to find out whether the Federal Government wants legal action; that we are acting as a transmission belt regarding this information. I told him to insure that the USA does not discuss this with local authorities or make any public statement until a proper decision has been reached and action has

Director

been taken. I told him further that he should immediately have all the information furnished by [] and [] analyzed for any possible leads that can be followed out as soon as a decision has been made--for example, interview with the postmaster regarding [] activities and the conversation with the postmaster. I told Lopez it is imperative that we be in a position to dig up any information that would substantiate the statements of [] and []

I further advised Lopez, for his confidential information, that the Bureau anticipates that a release will be made in either event, that is whether the government takes action or whether we turn this information over to local authorities. In the event no federal action is taken, we contemplate turning the information over to the police and putting them in touch with [] in which event a release is contemplated to the effect that, in cooperation with local authorities we are turning over information regarding possession of dynamite by Kasper prior to the bombing of the schoolhouse. Lopez was instructed to take no action as to this until the Bureau advised him.

[redacted] confidentially advised our Memphis Office that he had heard through one [redacted] that John Kasper on September 7, 1957, had some sticks of dynamite and four quart fruit jars of powder in his possession. By innuendo, Kasper allegedly indicated to [redacted] that the dynamite and powder would be used on a school. This information was furnished to the Chief of Police of Nashville and the Sheriff of Davidson County, Tennessee, on September 9, 1957.

[redacted] and [redacted] are being interviewed and an effort will be made to obtain signed statements from them concerning the above allegations. On February 20, 1957, Judge William E. Miller approved a plan of the Nashville Board of Education to integrate grade one of the elementary schools of the City of Nashville beginning in September, 1957, and ordered the Board of Education to submit a plan to the court abolishing segregation, which was done. The Nashville city schools opened for the first day on September 5, 1957, with integrated first grades. Scattered instances of violence were reported which involved white and colored women. Three women were arrested for disorderly conduct. Pickets led by Kasper and other pickets carrying signs stating they represented the Ku Klux Klan were reported at Nashville schools.

The Attorney General

On September 10, 1957, after the bombing of the school, a conference was held in the office of Judge William E. Miller, United States District Judge, Middle District of Tennessee, at his request, which was attended by United States Attorney Fred Elledge, Jr., and the local Resident Agent of the FBI. At this conference Judge Miller expressed concern over the dynamiting and indicated that he desired to explore the necessity for any action to be taken by either the United States Attorney, the FBI, or himself. Judge Miller made no request for any investigation by the FBI and stated that to date he knew of no violation of his order. Judge Miller confidentially advised that if he were petitioned for an injunction to prevent anyone from interfering with integration he would be inclined to approve such a request.

United States Attorney Elledge, after conferring with the Department, advised he did not desire any investigation. He stated that he had contacted the Mayor of Nashville who was obtaining for him on a confidential basis affidavits from police officers who were present at meetings at which Kasper spoke. Mr. Elledge stated he planned to forward these affidavits to the Department for its consideration as to any action to be taken concerning Kasper.

On September 10, 1957, Mr. W. E. Hopton, who is head of the Tennessee Bureau of Investigation, conveyed a message to an Agent of this Bureau from Governor Clements of Tennessee. Hopton stated that the Governor hoped the FBI was on top of this situation. The Governor further stated, according to Hopton, that he had the utmost faith and confidence in the FBI. Hopton volunteered that they had no investigation underway concerning this situation, nor were any plans being made to conduct any. It is possible that Governor Clements in making these comments is going on record as leaving any investigation concerning this matter up to the FBI.

Today at a conference held in the Attorney General's office at which were present the Attorney General, Mr. Rufus McLean and Mr. Arthur Caldwell, of the Civil Rights Section of the Criminal Division, and Mr. Harold Healy, Executive Assistant to the Attorney General, the Attorney General stated he desired to discuss the Nashville, Tennessee situation. He asked Mr. McLean and Mr. Caldwell to brief him upon the developments.

In substance, they stated that the Mayor and the Board of Education at Nashville had been in to see the United States Attorney and had indicated a desire to file a petition for an injunction or restraining order to be issued against certain persons who are interfering with the integration of classes in the schools in Nashville and that the Mayor and the Board of Education desired that the Department of Justice join with the local authorities in this petition.

Mr. McLean stated that the Mayor had subsequently called and talked along the same lines to Mr. McLean and Mr. Caldwell and that when they endeavored to explain to the Mayor that the Department of Justice could not enter the situation at this time on its own motion, the Mayor then wanted to have inserted in the petition to be filed by the local authorities that the Department of Justice was willing to join in the petition. Mr. McLean and Mr. Caldwell stated that they had told the United States Attorney and the Mayor that they could not agree to this until the Attorney General had had an opportunity to consider it.

They stated that the Mayor was extremely adamant and he stated he did not intend to be blocked by technicalities of Washington officials and that he would make it public if he did not get what he wanted in the way of the Department of Justice joining with the local authorities in this petition.

51 SEP 17 1957

The Attorney General inquired of me as to what I thought the Department should do. I told the Attorney General that obviously I was not in a position to speak with any degree of assurance for the reason that the FBI had not conducted any investigations in Nashville incident to this matter and that I had no way of knowing what the Mayor had in the way of evidence to indicate interference with integration. I stated I thought it was very dangerous for the Federal Government to be joined in a proceeding predicated upon evidence about which we know nothing and which has been gathered by local authorities. I stated that in Arkansas the evidence which the Governor and his representatives turned over to the FBI was certainly inconclusive and that if the Department moved at Nashville on evidence of a similar type, it might quickly be thrown out of Court and the petition denied and that this would weaken the position of the Federal Government. I told the Attorney General that, of course, if the Federal Judge in Nashville directed the Department of Justice to enter the case as amicus curiae or directed that the FBI should make an investigation, then, of course, the Department should accede, but that no entrance into this case should be made by the Department except upon the specific request and at the direction of the Federal Judge. The Attorney General stated that he agreed with this position completely and he directed Mr. McLean and Mr. Caldwell to call the United States Attorney and advise him of the same. I interposed the suggestion at this time that it might be better for Mr. McLean and Mr. Caldwell to draft a specific statement of what the United States Attorney was supposed to say and limit him to that specific statement which would be cleared by the Attorney General first. I stated that this situation at Nashville was developing into a very nasty one and that no doubt the Mayor would make a very critical attack upon the Attorney General and the Department of Justice and that therefore any statement to be made should be carefully thought out and not left to an informal statement to be made by the United States Attorney. The Attorney General agreed with this suggestion and directed Mr. McLean and Mr. Caldwell to prepare such a statement and submit it to the Attorney General and also to submit a copy of it to me in order that it could be gone over.

I took occasion at this meeting to then raise the point as to over-all investigative procedures in Civil Rights cases. I stated that we had learned at Nashville that the Department had instructed the United States Attorney a few days ago to contact the Mayor and to have the Mayor procure from local police officers affidavits as to the speeches and activities of John Kasper for the purpose of introducing such affidavits in Federal Court for revocation of Kasper's bond. I stated that we had learned of this

accidentally in the course of an investigation of Kasper, who had been alleged to have had some dynamite and nitroglycerin in his possession and might possibly be responsible for the bombing of the schoolhouse. Mr. Caldwell spoke up and stated he had issued the orders to the United States Attorney but had done so solely to not have the FBI embarrassed because he felt that if the FBI was out gathering affidavits, the newspapers might have headlines in due time that the FBI was looking into the bombing of the schoolhouse. Mr. McLean then spoke up and said it was he who had issued the orders to the United States Attorney and not Mr. Caldwell and he wanted to have that understood so that Mr. Caldwell would not be held responsible. My reply was that I did not desire to enter into any discussion as to prerogatives but the point I desired to make was that there should not be two agencies of the Department making investigations; that the FBI had been set up to conduct all investigations for all branches of the Department and that if any evidence was needed in any Federal proceeding, it should be gathered by the FBI and not by the United States Attorneys or any other Departmental representatives. I stated that I would welcome most heartily instructions from the Attorney General for the FBI to completely withdraw from all Civil Rights investigations and let them be handled by personnel of the Criminal Division and by United States Attorney personnel, but that as long as the FBI had a responsibility in making investigations and until the Attorney General directed to the contrary, I desired that the FBI have exclusive jurisdiction in such matters and that we not be embarrassed, interfered with or hindered by collateral or simultaneous investigations being made by Departmental attorneys or United States Attorneys. The Attorney General stated that he thoroughly agreed and that henceforth this would be the policy.

Before adjourning this conference, I called the Attorney General's attention to the case of Dr. Fine at Little Rock, Arkansas, who is Educational Editor of the New York Times, and pointed out that a statement had been taken by the Arkansas State Police from a girl student at Central High School at Little Rock to the effect that Dr. Fine had offered ten dollars to some boys to engage in a fight or demonstration. I stated that instructions had been issued to our Little Rock, Arkansas Office not to investigate this aspect in view of the fact that it involved the press but to call it to Judge Davies' attention when he returns to Little Rock on Friday and that if then the Judge desires that some investigation be made, he could so instruct the FBI. The Attorney General approved this procedure.

I also mentioned to the Attorney General the fact that there was developing a serious situation in Alabama where a group of persons presumed

Messrs. Tolson, Boardman, Belmont, Rosen, Nichols September 11, 1957

to be members of the Ku Klux Klan planned, within the next few days, to go out in a number of cars to certain Negro areas of that state and raid Negro homes looking for literature of the National Association for the Advancement of Colored People and that they intended to beat up at least one person in each house they searched. I stated that there had been some discussion that they might even kill a Negro in some of the homes that they intended to visit. I told the Attorney General we were bringing this information to the attention of state and local authorities today so that they could be prepared to take such action as might be appropriate. The Attorney General stated this was proper.

Very truly yours,

J. Edgar Hoover

SAC Lopez called on the telephone from Nashville to report that John Kasper was brought into state criminal court this morning on the charge of "inciting to riot," waived indictment, then requested and was granted 60 days in which to prepare for trial.

Kasper's bond remains fixed at \$2,500. At the time of Lopez' call, Kasper had not made this bond so he was remanded back to the Davidson County Jail. Lopez pointed out that the possibility exists that someone may make this bond for Kasper and obtain his release. Lopez said that city police had indicated that if Kasper was released they may arrest him on a charge of vagrancy.

Monday was a school holiday in Nashville. Schools resumed this morning and so far, according to Lopez, everything is peaceful and quiet. One school which has a normal enrollment of 370 pupils had previously reported only 104 students in attendance; however, this morning this same school has reported 303 students enrolled.

SAC Lopez stated that he is remaining in Nashville until instructions are received to the contrary from the Bureau. He was instructed to immediately begin preparing an investigative report reflecting the action taken previously on Reed and Norvell who were turned over to the Nashville Police Department.

While you were out of the office, I received a call from SAC J. Lopez, Memphis, at 5:00 p. m., who stated that the hearing being held before Judge William Miller was still in progress. He said that Judge Miller is allowing each of the persons named in the petition to take the witness stand in their own behalf and, therefore, the hearing is dragging on. He said that all of the persons named in the petition were served and are now in court with the exception of James Jarrell, who the Marshal had been unable to locate and who may be a fictitious individual.

Lopez said that the hearing may be continued over until tomorrow, September 17, 1957, as it was now after 3:00 p. m. in Nashville. He said that John Kasper is still in jail on inciting a riot charges brought by the State. He will be arraigned tomorrow, September 17, 1957.

Lopez also stated there was no school being held in Nashville today as it was a holiday and, therefore, no incidents had arisen.

ACTION:

Lopez will advise immediately upon receiving the Judge's decision on the hearing he is now holding.

Relative to the conference in the AG's office at 2 pm, the situation at Nashville briefly is as follows:

On 2/20/57 Judge William E. Miller approved a plan of the Nashville board of education to integrate grade one of the elementary schools of Nashville, beginning in 9/57. On 9/9/57, Nashville city schools opened with integrated first grades. There have been scattered instances of violence, with persons arrested by the local police for disorderly conduct. The local authorities have taken a strong stand against violence and disorder, and have served notice that persons causing disorders will be arrested.

About 1 a.m., 9/10, the Hattie R. Cotten school in Nashville was dynamited. Local authorities have arrested 5 individuals in connection with this dynamiting, but they consider them to be poor suspects.

JOHN KASPER:

John Kasper is out under Federal bond, having been convicted of violating a federal injunction directed against his anti-integration activities in Anderson County (Clinton), Tennessee. This is a separate judicial district from Nashville. Therefore, it would be a legal question whether Kasper's activities in the Nashville area could be used to revoke his bond in Anderson County.

Kasper, prior to the dynamiting of the school, had been active in holding meetings, advocating segregation, during which he made violent speeches. This is the basis on which local authorities acted against him, charging him with vagrancy, illegal parking, and incitement to riot. He was still in jail this morning on the latter charges.

The night of 9/7, [redacted] advised our agent in Nashville that [redacted] told him that Kasper had approached [redacted] claiming he had dynamite and power which he indicated were to

be used on a school. We interviewed [redacted] who denies this, and both men admit they had been drinking. On 9/10 the USA, acting on Department instructions, requested the Mayor to secure affidavits from Nashville policemen who had heard Kasper talk; these affidavits to be used to present to the federal court, looking toward revoking Kasper's bond or securing an injunction against him. These affidavits were to be ready by noon today, according to the USA.

Judge Miller indicated on 9/10 that he would favorably consider a request for an injunction to prevent interference with integration.

The Nashville school board met last night with Mayor West and this morning met with the USA, requesting an injunction to enjoin certain persons, whom they intend to name, from interfering with the integration program. They will submit speeches, photographs, and affidavits to support their position. In the event the injunction is issued by the Judge, the USA indicated the Bureau would be requested to develop any evidence of violations.

The USA is presently in touch with the Department as to what action the Government should take. The details of this, as reported telephonically from Memphis, were furnished by Mr. Rosen to Mr. Holloman, and submitted to the Director. At the present time the USA is awaiting advice from the Department as to whether the government should join with the school board and the Mayor, as amicus curiae, in seeking an injunction.

It has just been learned that they are also showing movies to the USA of Kasper's meetings, in order to revoke the bond outstanding against Kasper in Anderson County. As previously stated this is a legal question as to whether it can be done.

RECOMMENDATION:

We feel that, unlike the Arkansas situation, the local authorities have taken a strong and legal stand against violence and have sought to control the situation. We feel that the federal government should lend a hand, in view of the fact that the order for integration is a federal order.

SUBJECT: INTEGRATION IN NASHVILLE SCHOOLS
CIVIL RIGHTS - CONTEMPT OF COURT
(Explosion - Hattie R. Cotten School, 9/10/57)

While talking to Memphis, ASAC Halter advised me that there were no incidents this morning when school opened. One matter reported by the Police Department indicates that around 8:00 a. m. this morning, near the Caldwell School, which has been integrated, several white people in a car drove by the school and threw some stones at some Negroes. The car had KKK markings on it. The car nor its occupants have been identified. There have been no pickets or crowds on the streets in Nashville near the schools.

Max [unclear]

John ^C Kasper is still confined in the City Workhouse.

The USA is still in preparation of the petition which is to be filed. As soon as any further word concerning this is received, we will immediately be advised.

SAC Lopez, Memphis, called back and said that the meeting had been recessed and that he had gotten the following brief information for me concerning the meeting. It is noted, I had called him because I hadn't heard from him and we had received information that the Department was going to have a meeting at 2:00 that they wanted the Director to attend.

Lopez furnished this information. He said that the meeting had recessed; that Special Agent William L. Sheets had gotten to a phone and told him that the school board has now prepared a written and formal letter to the U. S. Attorney asking for investigation and an injunction on the theory that the individuals who are to be named are interfering with the school board and carrying out the court's order.

Mayor West and the school board want the Government to join this petition seeking this injunction. The U. S. Attorney has not given his views at this point. He, however, called A. B. Caldwell in Washington and conferred with him.

According to Agent Sheets, Caldwell told U. S. Attorney Elledge that the Government ought not to join in this petition because of lack of authority; that the Government might be kicked out of court if they join in this petition.

Sheets also said that Mayor West completed a lengthy and heated argument by phone with reference to this situation with Caldwell. I asked Lopez if he had gotten any further details from Sheets concerning this and he stated that he had called Sheets out of the meeting for the purpose of getting this information and that he had just learned that the meeting had recessed so that the U. S. Attorney could talk with Judge Miller.

I instructed Lopez that he should make immediate arrangements so that Sheets would call me direct; that I wanted additional details concerning why the Government lacked authority, etc., as he had related above.

Memorandum for Mr. Price
Re: Explosion in Hattie R. Cotten School
Nashville, Tennessee, 9/10/57

I gave the above information to the Director's Office and it was sent in to the Director.

I subsequently got a direct call from Sheets. He told me that with reference to the Mayor, he was very much upset; that he took the position that the Federal Court had ordered desegregation; that the school board had accepted it in good faith even though they disagreed; that in view of the fact that there had been interference with the Federal Court order, he felt very strongly that the Government should help at this time. There was an exchange of conversation which Agent Sheets could not hear although he did hear the Mayor's comments. The Mayor, in talking with Caldwell, expressed the above views and then said, "To Hell with it. You are more stupid than I think you are." Apparently Caldwell told the Mayor that he didn't feel the Government should join in the petition.

The recess was called so that the U. S. Attorney could go and talk to the Judge.

After this information was obtained, it was furnished to the Director's Office and subsequently Sheets advised me in a very short time that the U. S. Attorney had come back from talking with the Judge and it appeared that the Judge had indicated that the school board should file a petition and in the petition they should ask the United States to join as amicus curiae. The petition would seek an injunction against certain named individuals who allegedly are interfering with the court order of integration previously issued. The U. S. Attorney could join in this petition without filing a separate motion. After Elledge returned from the conference with Judge Miller, he called Washington and has a call in to Washington for the purpose of discussing this matter. We have not heard the results of this conference which Elledge desired to have telephonically with the Department. This information was furnished to the Director's Office.

Subsequently, Sheets advised me that the Mayor has submitted movies which were taken reflecting Kasper at various meetings talking against integration. The local authorities are submitting this information to the U. S. Attorney and it is understood that this is being considered by the U. S. Attorney's Office as possibly basis for seeking to revoke the bond which is presently outstanding in the Knoxville territory on Kasper.

Memorandum for Mr. Price

Re: Explosion in Hattie R. Cotten School
Nashville, Tennessee, 9/10/57

It is recalled Kasper was convicted and found guilty on one charge of contempt and is out on \$10,000 bond. This case is on appeal and presently is on a writ to the Supreme Court for certiorari. The other charge against Kasper resulted in conviction and he hasn't been sentenced yet. It is expected he will be sentenced some time this month or in October. No date has been set. He is out on \$1,000 bond on this charge. The legality of this step to revoke a bond outstanding in another judicial district raises a legal question as to whether a court order in one district would apply in another district. It also appears that it would be necessary to file a motion to show cause as to why the bond should not be revoked before such action can be taken to revoke it and this would require the submission of information or evidence to the court in Knoxville (this covers Clinton, Tennessee) before the court would revoke the bond.

It is noted that the Winston-Salem Journal of 8/31/57 reflects KASPER stated that after visiting cities in North Carolina he will return to Nashville, Tennessee, after which he will visit Little Rock, Arkansas, about the middle of September 1957, and then return to Winston-Salem.

The Charlotte office is not conducting any investigation on KASPER, but will continue to follow his activities through newspapers and public sources.

On 9/2/57, Chief of Police FRANK N. LITTLEJOHN, Charlotte, N. C., contacted ASAC HAROLD E. WELBORN of the Charlotte office and volunteered the statement that he was closely following the activities of KASPER and if possible would arrest him if he created any public disturbance. He added that the City Ordinances on the subject were rather weak, and he doubted he could take any direct action unless actual violence occurred.

On 9/3/57, Chief LITTLEJOHN advised SAS BOIS D. CROCKER and JAMES M. UNDERHILL that he had received information from Dr. ELMO GARRINGER of the Charlotte School Board of the identity of 2 persons who were present at a meeting held by KASPER at the home of JOHN Z. Kasper Slates Talk At Winston-Salem

WINSTON-SALEM (AP) — Segregationist John Kasper was to give the first of three speeches in North Carolina here today in the face of opposition by various state and city officials, pro-segregation groups and newspapers.

Kasper told the Associated Press last night he would speak here at noon today, then move to Greensboro for a 7 p.m. talk. He said he will go to Charlotte tomorrow to speak at 4 p.m.

Kasper said all of his talks will be given on courthouse lawns.

When told some officials had protested when they thought he might use the courthouses, Kasper said he had not planned to do so. "They better not try to keep me off the lawns," he said.

Kasper, 27, is free on bond awaiting sentencing for a criminal contempt of court conviction for interfering with peaceful school integration at Clinton, Tenn.

He drove here last night from Nashville, Tenn., where his nightly meetings aimed at trying to discourage desegregation of the first grades there drew little response.

Kasper said previously his trip to North Carolina was prompted after school boards in Winston-Salem, Greensboro and Charlotte voted to admit a limited number of Negroes to previously all-white schools.

Kasper said he had planned to speak at Raleigh but had decided against it since the school board there "decided not to let the Negro in."

He referred to a case in which the Raleigh School Board rejected the application of a Negro parent to have his child attend a white high school. The case has been taken to federal court.

Kasper, who said he was traveling alone, said he expected "a pretty good crowd in Greensboro." He said he might give "two or three other talks in Charlotte, but I'll have to wait to decide after I get there."

He said he planned to return to Knoxville Sunday night, rather than try to drive to Raleigh. "They need me worse in Nashville," he said.

Kasper said a return trip to North Carolina later was in his plans, which included setting up "some kind of organization" in the state.

Opposition to Kasper's planned tour of North Carolina came from as high up as Gov. Luther Hodges who said Thursday, "From what I have read and heard, I don't think we need him (Kasper) in North Carolina."

Kasper said last night, "It seems to me you have a rather unique situation here in North Carolina. I've never run into a situation where the school board look it upon itself to desegregate the schools, except in Maryland. Usually they are hauled into court first."

Kasper Takes Campaign To Charlotte

(Another story on B-1)

CHARLOTTE, Sept. 2 (AP)—John Kasper, who makes his living preaching white supremacy, came to Charlotte yesterday after speaking Saturday in Winston-Salem and Greensboro.

In Winston-Salem he was greeted by hoots and jeers from a crowd of about 200, both white and Negro.

Here—and in Greensboro—crowds of about 300 persons listened in silence as the 27-year-old Kasper preached his doctrine of white supremacy.

School boards in the three cities have reassigned a total of 11 Negro pupils to previously all-white schools. Thus, the Kasper appearances.

He said he wanted to or-

ganize white citizen's councils in the three cities to oppose integration of the schools. In each city, he met with a small group to form a council.

Kasper, his cowlick sticking to his perspiring forehead, exhorted his sweltering Charlotte audience to do something about what he called the "crisis in Charlotte."

His speech here followed the pattern of those in Winston-Salem and Greensboro.

He denounced the school boards, Gov. Hodges, the Supreme Court, the NAACP, newspapers, and preachers "who preach the brotherhood of man." He put evangelist Billy Graham among the latter group, Kasper said Graham "left here a white man but he's

coming back a nigger-lover."

His words brought a spattering of applause from the whites at times.

He drew applause at one point when he said:

"We ain't all equal . . . God just didn't give the nigger the same brains—He didn't give them the same outlook—He didn't give them the same anything."

Kasper did manage to run afoul of the law in Charlotte.

He invited those who wanted to organize a citizen's council to join him on the courthouse lawn.

Police Chief Frank Littlejohn elbowed through the group around Kasper and told him he would have to get off the grass.

7 P.M. TONIGHT

Kasper Plans Speech On Courthouse Lawn

John Kasper, touring segregationist, announced early today that he plans to make a speech on the Guilford County Courthouse lawn in Greensboro tonight at 7 p.m.

Kasper telephoned the announcement to the Greensboro Daily News from Winston-Salem, where he was spending the night after his arrival from Nashville, Tenn., where he had attempted to discourage desegregation in the schools.

Kasper said, "I expect we'll have a pretty good crowd in Greensboro."

He commented, "It seems to me you have a rather unique situation here in North Carolina. I've never run into a situation where the school board took it upon itself to desegregate the schools, except in Maryland. Usually they are hauled into court first."

Kasper said his tentative plans call for a trip to Raleigh on Sun-

day but added he might omit Raleigh "since they decided not to let the Negro in." (The Raleigh School Board turned down a Negro pupil's application for admission to a white school. The case has been taken to a federal court.)

Kasper said he definitely plans to go to Charlotte, either Sunday or Monday, and he said he will make two speeches there, probably Monday afternoon and Monday night. He did not say where.

After Monday, he said, he plans to go back to Tennessee.

Kasper said he plans another trip to Greensboro and other North Carolina points late in September "to set up some kind of organization."

Kasper, a 27-year-old North-erner, is free on bond awaiting sentence for a criminal con-tempt of court conviction for interfering with peaceful school integration at Clinton, Tenn.

His announcement earlier this month that he would visit North Carolina was greeted then with expressions of displeasure by newspapers, state officials and even by organized segregationists in the state.

Gov. Hodges commented: "from what I have read and heard, I don't think we need him in North Carolina."

C. L. Shuping of Greensboro, general counsel for the prosegregation Patriots of North Carolina, Inc., said, "We want no such man."

John Kasper Gets Cold Shoulder From Hodges

RALEIGH — The state's first citizen Thursday gave the cold shoulder to would-be visitor John Kasper, segregation agitator in Tennessee.

Gov. Hodges said, "I don't know Mr. Kasper and I hope I don't have to know him.

"From what I read and what I hear, I don't think we need him in North Carolina."

He made the remarks in response to questions at his weekly press conference.

Kasper's pro-segregation activities in Clinton, Tenn., re-

sulted in his conviction on contempt charges.

From his Tennessee base, he announced he plans to hold rallies in courthouses in Charlotte, Greensboro, Winston-Salem and Raleigh.

County commissioners in the four counties have displayed no enthusiasm for Kasper's ideas. In some of them, hints have been dropped that Kasper will have a tough time using the courthouses as a platform.

—POLICE CHIEF BELIEVES—

Kasper Won't Come Here

By JULIAN SCHEER
Charlotte News Staff Writer

John Kasper is not coming to Charlotte.

That's the opinion of Police Chief Frank N. Littlejohn.

Chief Littlejohn says he may be wrong, but, "Kasper knows how I feel. He has the word."

The word is, "I don't want him in Charlotte. I don't think anyone else wants him in Charlotte. He definitely knows how I feel and I hear he is not coming."

The segregationist has been the object of a News search today. A check in Winston-Salem, Greensboro and here re-

veals he is not in the area—now.

Reports last night had Kasper leaving Nashville and heading east. However, the best bet right now is that Kasper is still in Nashville.

Members of the Patriots of North Carolina—who say they don't want Kasper in the state—and Ku Klux Klan members say they have no knowledge of Kasper's appearance in these parts.

One rumor today had Kasper speaking at the County Courthouse tonight. There's no foundation for the rumor.

"I haven't heard anything about Kasper being here,"

County Chairman Sid Y. McAden said today.

Kasper, who skyrocketed to prominence in Clinton, Tenn., was informed of Chief Littlejohn's objections through "Nashville connections of mine," the chief said.

NOT WELCOME

"He doesn't have any place to speak," Littlejohn added, "and he may as well stay where he is. He knows he is not welcome here."

Officials in Greensboro and Winston-Salem spent the morning tracking down Kasper.

"I know one thing," Chief Littlejohn said. "I will use every resource in my power to keep him from causing a disturbance in this city. I will use lawful, peaceful means and will do my best for the best interest of the 180,000 people who have paid me to represent them the past 30 years."

Kasper in Winston-Salem

IF JOHN KASPER expected to attract a large and sympathetic audience of Twin Citians Saturday on the Courthouse lawn, he was disappointed. If, as he said during his oft-interrupted talk, his aim was to organize a group of segregationists here, he was probably more successful.

It is hard to say whether Kasper's reception here played into his hands or not. From the beginning his every statement was challenged by a group of hecklers, for the most part Negroes. Generally, the heckling was good-natured, surprisingly so because of some of the blunt anti-Negro statements that he made. Toward the end, some of the white listeners on the fringe of the crowd became vocal in his defense, and it was then that he called off the speech, walked to the southwest corner of the Courthouse lawn and proceeded to sign up sympathizers. That was, most likely, his main reason for coming here in the first place.

What Kasper said was pretty much in the expected pattern. Most of his statements were from the well worn stock in

trade of the rabble rousers. In accusing local and state officials in Tennessee and North Carolina of fostering integration for the purpose of covering up "personal and political corruption," he was just talking nonsense. He wasn't specific about the corruption in Winston-Salem or in North Carolina nor did he explain what possible connection this charge had with the passage of the school assignment law or the Pearsall Plan which are, presumably, his main targets in this state.

Kasper may have found a few sympathetic individuals who will buy his brand of intolerance. But most people here have no use for his methods. They are capable of finding their own solutions to the problems that the Supreme Court's desegregation decision created.

When Kasper first said he was coming to North Carolina, it was the almost unanimous opinion of the state—including the Patriots—that he was neither needed nor wanted here. His appearance in Winston-Salem only confirms that judgment.

Kasper Said Bound For N. C.

NASHVILLE, Tenn. (AP) — Segregationist John Kasper didn't do so well in Tennessee's capital city.

The self-described "professional rabble rouser" from the north came to Nashville several days ago to combat first grade grammar school desegregation in the city school system.

He brought along dodgers warning darkly of "race riots, murder, dynamitings and hangings" if the city went through with its plans.

Kasper departed for parts unknown in North Carolina last night after Nashville had gone through quietly and without serious incident thus far the preliminaries to desegregation. Registration of first graders was held this week for the formal opening of school on Sept. 9 with whites and Negroes in some schools for the first time.

During his stay Kasper held nightly meetings in the courthouse square. Despite inflammatory dodgers ballyhoing the meetings as designed to thwart desegregation and save Nashville "from ruin forever" he got scant notice. A photo of his meeting the night of Aug. 28 showed he had less than 50 listeners, which was about the average size of his audiences.

Jeers Greet Kasper In Twin City

By ED FRIEDENBERG
Staff Reporter

A hooting, jeering Winston-Salem crowd of nearly 200 outtalked New Jersey's noisy segregationist John Kasper at a meeting on Forsyth Courthouse Square this afternoon.

Mr. Kasper arrived at the Courthouse at noon to make a well-publicized talk against desegregation in Winston-Salem schools.

He was met by a dozen reporters and a scattering of policemen. Reporter Velma Hopkins of the Negro Carolina Times tried to interview him, but he balked at the question: "Were you created by God, or were you made by someone who makes only white people?"

He turned from her and walked to the Confederate monument and urged people to "come up on the grass so we won't block the sidewalk."

A crowd slowly gathered. It was mixed about half Negro and half white.

Asked for Preacher

Mr. Kasper began by asking for "Preacher Caudle." He got no answer and said he had hoped to open the meeting with a prayer.

This prompted a laugh, but W. L. Phillips, who describes himself as a "retired evangelist of no denomination," stepped to a radio station's microphone and asked God's blessing on "this man of boldness and courage."

"All Christian men of both races," Mr. Phillips prayed, "is not wanting this thing." (He was apparently referring to desegregation.)

Mr. Kasper then took the microphone and started his speech, but could make little headway against the questions, hoots and barbs from some of the Negro members of the crowd.

Mr. Kasper suggested that the Winston-Salem school board had taken steps toward desegregation because of the personal corruption of its members. He said this was the case in Clinton, Tenn.

(Mr. Kasper has been convicted of contempt of court for his segregation efforts in Clinton.)

Names Organizations as Reds

He called the NAACP a communist front organization, declared that anyone who contributed to the Forsyth County United Fund was contributing to desegregation because the Urban League is a member of it, and described Justice Felix Frankfurter as a "Viennese Jew with Communist leanings."

He accused Negroes of assault and attack on white girls and claimed that they would bring venereal disease and crime into the schools.

Kasper

Continued From Page 1

That brought forth one of the biggest laughs.

The crowd's attitude was mixed. Jest was mixed with serious comment, and there was an occasional threat.

When Mr. Kasper listed "radical" organizations like the Communist party, the Urban League and the NAACP, he was advised "don't forget the White Citizens' Committees."

The Rev. Mr. Mack got a round of applause when he told Mr. Kasper that "We've had peace here for a decade . . . We don't need anything here like you."

Mr. Kasper waited nervously with clenched lips through most of this counter-talk and then would resume his speech.

The meeting was broken up about 12:45 p.m. when a large section of the crowd, white and Negro, began chanting "Go home, Kasper. Go home. Kasper."

No Apparent Organized N. C. Backing Segregationist Kasper Arrives Here, Plans Speech Today

By Roy Thompson
Staff Reporter

John Kasper, the New Jersey segregationist, brought his fight against integration of Southern schools into Winston-Salem last night.

Mr. Kasper plans to speak outside the Forsyth County Courthouse at noon today.

During the morning, his address will be advertised with leaflets addressed to "White Citizens of Winston-Salem."

The leaflets open with the statement that:

"Our school board has sold us out.

"Load your shot-guns, we will have to defend ourselves and our children."

Late last night, in his room at Kempley Inn, Mr. Kasper said he also plans to speak at the Guilford County Courthouse in Greensboro at 7 p.m. today.

He may go to Raleigh to speak Sunday, he said. If he does not, he will go to Charlotte. He has no arranged speaking place in either city.

If he goes to Raleigh tomorrow, he said, he will visit Charlotte on Labor Day.

He plans at least one speech in Charlotte. Perhaps two.

Apparently, Mr. Kasper comes to North Carolina without the backing of any organ-

ized anti-segregation group in the state.

He said he had not discussed his Winston-Salem plans with anyone here:

"I just know some people in High Point," he said, "and they told me there were some people here, but I haven't been able to contact any of them yet."

(C. L. Shuping, Greensboro, general counsel for the pro-segregation Patriots of North Carolina, Inc., has said, of Kasper: "We want no such man.")

In announcing his planned address at the courthouse here, Mr. Kasper displayed the leaflet that will be used to advertise it.

It referred to the U. S. Supreme Court as "Commy-controlled."

It referred to "the Devil's School Board."

It referred to "N. C. Jew's papers" and "local lowdown politicians" and to Negroes as a "rapist-venereal disease illegitimate race."

It urged white citizens to "Be at the courthouse" and "Find out what you can do about this rotten mess the politicians have made."

The leaflet states that those attending the meeting will "hear John Kasper and others."

Mr. Kasper did not say who

JOHN KASPER.

the other speakers will be.

This trip into North Carolina, he said, is going to be a fast one because he feels he is needed back at Nashville, Tenn., where he is leading an anti-segregation movement.

He drove here alone from Nashville yesterday, he said.

After his three or four-city tour of North Carolina, he plans to return to Nashville. He will visit Little Rock, Ark., about

mid-September, he said, and will then return to Winston-Salem.

He said the purpose of his one-day visit here and similar visits to other cities in the state is:

"To get a basic organization started . . . I think we can get something going here right away."

When asked what he had in mind, he replied:

"We might be able to organize a boycott. It might be hard with just one of them going into school."

Mr. Kasper is 28. He is tall and neatly dressed. He speaks in a polite, quiet voice during interviews, and he fiddles with his fingers most of the time he is talking.

He came here wearing a large white button with this message: "Keep Our White Schools White."

He said he had gotten no money from North Carolina to pay his bills.

"The people in Nashville just made up some money for me to come here on," he said.

At the moment, he is appealing two contempt of court convictions that have netted him jail sentences for anti-integration work in other cities.

He didn't speak of those, but he was ready with an answer to

one question that has puzzled a good many Southerners:

"Why do you, a Northerner, come south to fight integration? Why not do it back in New Jersey?"

Mr. Kasper said he came to the South because "The South has the most homogeneous white stock in the United States."

The North, he said, has decayed because of the mixture of "alien elements — not only Negroes, East Europeans, Slavics and Italians."

"I'm just going to alert people to the dangers of race destruction," he said.

Mr. Kasper said that he sees in the desegregation movement "a devilish effort to destroy the vigorous white race."

He has no meetings planned in Winston-Salem except for the speech scheduled by him for noon.

He added, however, that he expects to talk with a number of persons interested in his cause while he is in the city.

Small Crowds And Jeers Greet Kasper In State

CHARLOTTE, N.C. (AP) — John Kasper, who has devoted his time lately to preaching white supremacy, came to Charlotte yesterday after speaking Saturday in Winston-Salem and Greensboro.

In Winston-Salem he was greeted by hoots and jeers from a crowd of about 200, both white and Negro.

Here — and in Greensboro — crowds of about 300 persons listened in silence as the 27-year-old Kasper preached his doctrine of white supremacy.

School boards in the three cities have reassigned a total of 11 Negro pupils to previously all-white schools. Thus, the Kasper appearances.

He said he wanted to organize white citizen's councils in the three cities to oppose integration of the schools. In each city, he met with a small group to form a council.

Kasper, his cowlick sticking to his perspiring forehead, exhorted his sweltering Charlotte audience to do something about what he called the "crisis in Charlotte."

His speech here followed the pattern of those in Winston-Salem and Greensboro.

He denounced the school boards, Gov. Hodges, the Supreme Court, the NAACP, newspapers, and preachers "who preach the brotherhood of man." He put evangelist Billy Graham among the latter group. Kasper said Graham "left here a white man but he's coming back a nigger-lover."

His words brought a spattering of applause from the whites at times.

He drew applause at one point when he said:

"We ain't all equal. . . God just didn't give the nigger the same brains—He didn't give them the same outlook—He didn't give them the same anything."

Kasper did manage to run afoul of the law in Charlotte.

He invited those who wanted to organize a citizen's council to join him on the courthouse lawn.

Police Chief Frank Littlejohn elbowed through the group around Kasper and told him he would have to get off the grass.

At Winston-Salem Saturday, he told his jeering audience:

"We want to see that the boys and girls don't go into that school (Reynolds High School, where one Negro pupil has been assigned) as long as that nigger's there. Let 'em try to run the schools without any white students in school."

THE KASPER TREATMENT

JOHN KASPER, the northern segregationist who now calls Nashville, Tenn., his home, may express the sentiments of many people when he takes his racial stand, but we do not feel that he, individually, represents to them the way the problem can be handled in the South.

A person can believe in segregation but still not be in favor of one who would try to inspire riot and lawlessness. Most clear-thinking people, conscious of the big problem that segregation has shown itself to be, realize that extremism on either side of the question cannot be the answer.

Kasper, in his North Carolina appearance through this weekend, drew several hundred people to hear him in Winston-Salem, Greensboro and Charlotte. Many of his listeners were there to see what he would say without being counted among his admirers. Some others were present to heckle him. Still others were there to shake his hand and give him encouragement.

By all measurements, however, the majority of the people in these three cities showed overwhelmingly that they were not looking to him to guide their way on the segregation issue, or more of them would have been present. More of them, too, would have joined him outwardly in his work.

No one knows what the future holds for the South in meeting this question. We know that our region does not want integration, and we know, too, that the feeling is deep in the hearts and minds of those who express themselves.

Yet we know that local leadership, working through individual state legislatures and having the benefit of every law that applies to the subject, will come closer to working in the interests of the people they represent than does John Kasper, who is not one of them but who apparently has assumed the role of the leader for those who prefer his approach.

The South has had to face many problems since the Civil War. They even have reached the point where survival has been in question. Yet these problems, through the years, have never been solved through the help offered by insincere people or those who would put their own selves above the interests of the people they would represent. The South, instead, has come to its prominence today by working together, by individuals and collective groups understanding one another, and by relying upon its own people, primarily, for leadership and guidance, be it in local communities, in their states, or through their representatives in Washington.

Seldom has the South been forced to leave its own ranks in order to achieve its goals.

John Kasper: In Defense Of Ticks

JOHN Kasper, the itinerant racist, likened himself here Sunday to a "Tennessee tick."

It's as good a definition as any, we suppose, for the former proprietor of an integrated bookshop and giver of integrated dancing parties in Greenwich Village who has come South at the venerable age of 26 to deliver us all from Luther Hodges and Billy Graham. Gov. Hodges and Dr. Graham, we dare say, will survive Kasper's gratuitous insults and manage to go their ways without his blessings. But we are not so sure about the Tennessee ticks.

Ticks are parasitic by nature and have many other objectionable characteristics, none of which need to be detailed here. A less well known thing about ticks is that they have their noses in their knees.

With the exception of the last, Kasper may indeed find in these ticky characteristics some resemblance to himself.

But in fairness to all the North Carolina ticks, related as they are to the Tennessee family, a distinction should be drawn. They stay in their place.

The bohemian haunts of Greenwich Village are calling, Mr. Kasper. Go home.

Kasper Draws 300 At Charlotte

CHARLOTTE, Sept. 1 (AP) —John Kasper, 27-year-old segregationist, came to town today to organize a White Citizen's Council to deal with what he called the "crisis in Charlotte."

Some 300 people sat on the courthouse steps in sweltering heat as the former Greenwich Village bookseller preached the Kasper doctrine in a dull monotone for about an hour.

Many carried cameras and were obviously there out of curiosity.

Services at a Negro church across the street from the courthouse ended shortly before Kasper began speaking.

Kasper put evangelist Billy Graham in the latter category, saying:

"Billy Graham left here a white man but he's coming back a nigger-lover."

A number of the Negroes stayed and listened, tightlipped, as Kasper discussed integration in general, and the admission of 11 Negro children to previously all-white schools in three North Carolina cities in particular.

Kasper made his pitch in Greensboro and Winston-Salem yesterday where a total of six Negro pupils have been assigned to previously all white schools. In Charlotte, five Negro pupils have been reassigned, but one changed residence, reducing the number to four.

Kasper's speech today followed the line of those he made in Winston-Salem and Greensboro. He had something to say about school boards in the three cities, the Supreme Court, the NAACP, and "all these preachers who preach the brotherhood of man."

After the courthouse meeting, he asked those interested in organizing a citizen's council to gather on the courthouse lawn and give him their names and addresses.

Police Chief Frank Littlejohn elbowed through the group and ordered them off the grass.

Kasper and about 40 other people later met at a private residence.

Kasper was convicted in Tennessee recently of violating a court order in connection with integration of the Clinton, Tenn., High School. He is free on appeal.

He said he was returning to Nashville, Tenn., tonight and planned to go to Little Rock, Ark., about the middle of the month. He said he expected to return to North Carolina after the Little Rock trip.

Kasper's Disciples Meet

Seventy-seven persons attended the school meeting of a budding Mecklenburg "white citizens council" at the Courthouse Tuesday night.

The group, organized Sunday by wandering segregationist John Kasper, signed up six new dues-paying (\$3 each) members.

Thirty-eight of the 77 appeared to be potential members of the council. There were 12 curious schoolboys and children, eight Negroes, nine reporters and 10 police and detectives.

No announcements of planned action in connection with today's school opening were made.

The group listened to speeches for nearly two hours, but transacted little business. A business

meeting will be set up in the near future, leaders said.

Mr. and Mrs. John Z. Warlick appeared to be the organization's leaders.

Mrs. Warlick advocated sending "question mark" telegrams to Gov. Luther Hodges—in question form so the writer could not be sued for libel. She suggested these questions for the governor:

"Are you yellow? Will you take a stand? Where is your backbone? Are you black or white?"

A. W. Bell, another leader of the group, told the meeting that white citizens council "don't criticize nor endorse the Ku Klux Klan. But in some case they are both after the same ends."

Courthouse Open To All, Provided . . .

Segregationist John Kasper's visit to Charlotte Sunday raised questions concerning use of the courthouse at the County Commissioners' meeting Tuesday.

The question arose after L.L. Ledbetter, city treasurer, told the board the Veterans of World War I, an organization of which Ledbetter is a member, wanted to go on record as opposing "any group promoting race hatred."

This prompted Commission Chairman Sid McAden to ask the board to formulate a policy regulating the use of the courthouse.

Referring to Kasper and his group, Commissioner Herbert Garrison said, "As far as I'm concerned I'd like to keep them off the courthouse square."

The question was put to County Attorney Henry Dockery.

"The Mecklenburg courthouse belongs to the people of Mecklenburg County and we have been giving them permission to use it," he said.

"And if a properly organized group wants to use it — no matter what its beliefs — I don't see how you can legally deny them the use of it. Provided, of course, it's an orderly, lawful meeting."

Following Dockery's statement, the question was dropped.

Confused Kasper Promises Return

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 8/31/83 BY 807mel/zt

By JULIAN SCHEER
Charlotte News Staff Writer
Segregationist John Kasper, who apparently knew little of the North Carolina school situation, was greeted by a small and less than enthusiastic crowd here yesterday.

Between 300 and 400 people gathered in the shade on the Mecklenburg County Courthouse steps at 1:10 p.m., to listen to Kasper.

They were told to "sign petitions or do whatever the procedure is here" to prevent integration of the schools. Kasper also suggested making the schools Wednesday and noted that the high school boys in Greensboro are going to "take care of the situation" there.

Kasper repeatedly mentioned Tuesday as the opening date for Charlotte schools. (They actually open Wednesday). He did not know the name of the county in which he was speaking.

STRONG VOICE

Kasper, a lanky man with a clear, strong voice, spoke for an hour and twenty minutes and provoked little enthusiasm. A post-meeting get-together saw approximately 15 people sign up for a Charlotte chapter of the white citizens council. He spoke for 35 minutes without applause or apparent support before some members of the crowd warmed up to his remarks.

The crowd numbered about 130 when Kasper started his long talk. A great number of the group were newspapermen and police officers. The group grew to between 300 and 400, including many Negroes.

The Kasper speech, a carbon copy of the speechs he has been giving all over the South for a year, blasted Negroes, Jews, Catholics, the U. S. Supreme Court, the "creeping amalgamation of the U. S. government," the National Association for the Advancement of Colored People, Communists and the Rev. Billy Graham.

ATTACKS GRAHAM

Kasper drew applause when he called Dr. Graham a "do-gooder" and a "nigger-lover." He also said Graham is a "Communist-lover and making a big business of it."

The audience was sprinkled with a number of members of the segregationist group, the Patriots of North Carolina, Inc. Many of that group's leadership, well known in Charlotte, stayed away. Some alleged members of the Ku Klux Klan were present and some Klan members made jokes about Kasper's personal background.

Some Klan members left the Kasper meeting and went to the Vis-a-Vis Theatre where they picketed the motion picture "Island In the Sun" which they termed an "integrationist" movie. Police Chief Frank N. Littlejohn dispensed the pickets.

Kasper led off his talk by asking his listeners to recite the Lord's Prayer with him. He was greeted by silence and repeated the prayer alone.

SOME HECKLING

When the 26-year-old New Yorker finished his speech he was heckled by a few white and Negro listeners. One Negro in the audience suggested to a police officer that Kasper be arrested for using obscenity in public, alluding to the use of the word "nigger."

Kasper told the group that he would like to organize a white citizens council in Charlotte and asked those interested to join him on the Courthouse lawn a few feet from the steps of the building.

About 50 followers joined him on the grass, but Kasper was promptly greeted by Police Chief Littlejohn.

Chief Littlejohn identified himself and told Kasper he'd have to get off the grass and get on the cement pavement. Kasper left the grassed area without hesitation, but not until Littlejohn asked asked about a line in a Kasper handout which said, "Load your shotguns, we will have to defend ourselves and our children. . ."

KASPER EXPLAINS

Chief Littlejohn wanted to know if Kasper was attempting incite a riot. Kasper explained that the mimeographed sheet was not intended for use in Charlotte and later told newsmen that "shotguns" was used as a metaphor, symbolizing action.

Kasper was invited to hold an organizational meeting at the home of John Z. Warlick, 4418 Loch Leven St., and about 15 members were signed up. The group, which is reported headed by Don Harper, Rt. 6, will reportedly meet again Tuesday night on the Courthouse steps.

Kasper also said he would return after Sept. 15 for a meeting here.

Kasper Answers Questions After Courthouse Meeting

Kasper Raps School Board, Has Run-In With Littlejohn

By LARRY JINKS
Observer Staff Writer

John Kasper, the disturbed young New Jerseyite who feeds on southern racial unrest, came to Charlotte Sunday and issued a hoarse call for action against the city school board.

Kasper spoke for more than an hour to a curious crowd of about 300 gathered on and around the courthouse steps.

Later, he had a brief brush with Police Chief Frank Littlejohn on the courthouse lawn. He wound up his visit with a meeting at a local home, where he organized his version of a "white citizens' council."

Kasper invited his listeners to sit down on the courthouse steps and asked if there was a preacher present. No one volunteered so he asked everyone to join him in the Lord's Prayer.

As he recited it, no other voice was audible.

His speech began with a long and involved blast at the U. S. Supreme Court, larded with references to "Communists" and "New York Jews."

As he had in Greensboro and Winston-Salem the day before, Kasper urged that pressure be put on the school board for voting to admit Negro pupils to white schools.

"We want a heart attack, we want nervous breakdowns, we want suicides, we want flight from persecution," he said.

He urged a boycott of desegregated schools by white parents and called for picketing when schools open Wednesday.

Kasper praised the United Southern Employes Association, a segregationist union which is seeking to organize Charlotte's garbage workers.

And he sharply criticized the Rev. Billy Graham.

"They say Billy Graham is coming back here!" he cried. "Billy Graham left here a white man but he's coming back a nigger-lover."

At the end of his talk he urged those interested in forming a citizens' council to join him on the lawn. When he reached the grass, he ran smack into a gray-haired figure familiar to most Charlotteans.

"I'm Police Chief Frank Littlejohn," the man told Kasper, flashing a badge. "You'll have to get off the grass."

Kasper started back to the sidewalk, but Littlejohn halted him, displaying a leaflet the lanky visitor had passed out.

"The school board has sold us out," the leaflet began. "Load your shotguns, we will have to defend ourselves and our children. . ."

"What's this about shotguns?" demanded Littlejohn. "Are you inciting a riot?"

"No, no, nothing like that," muttered Kasper.

He told newsmen later he used the word "shotguns" as a metaphor, symbolizing action.

Questioned by reporters, Kasper said he saw no contradiction between his own past record of attending mixed social functions and dancing with Negro girls and his present position.

"I was trying to learn something about them," he said.

Asked to reconcile a remark from his speech—"I don't see why anybody would go where he's not wanted"—with the fact that he came to Charlotte in the face of almost universal pleas that he remain away, he said his statement didn't apply in this situation.

With a small group of admirers pressing around him, he arranged for the citizens' council organization meeting to be held in the yard of Mrs. John Z. Warlick, 4418 Lock Leven St.

Kasper said he planned to return to Charlotte in middle of September.

"I'm just like a Tennessee tick," he said. "You can't get rid of me."

WHEN KASPER SPOKE

Hecklers In Winston Force Garage Meeting

In Winston, Hecklers Win Out

(Continued from Page One)

WINSTON-SALEM, Aug. 31 (AP) —Segregationist John Kasper was heckled out of Courthouse Square when he tried to speak here today, but he moved his meeting to a garage in the south end of town and started organizing a White Citizens Council to oppose integration in city schools here.

Approximately 200 persons gathered on the courthouse lawn for his speech.

Half of them were Negroes. Many of them helped in the heckling that eventually forced the meeting out of the square.

Says Meeting Successful

Before leaving here for Greensboro, however, Kasper said he felt that the meeting was "very successful."

"I'm very encouraged," he said.

Asked for a prediction about what would happen next, he said:

"I think the next meeting held locally by local people will be

much larger than this one was. . . . Something's got to be done here. We've got to make a stand."

What does he think will be done?

"Well, we organized a group to oppose the entrance of the Negro girl into high school here," Kasper answered.

"I think there'll be some boycotting and some picketing."

"We want to see that the boys and girls don't go into that school (Reynolds High School, in which one Negro pupil has been enrolled for the coming school year) as long as that Negro's there. Let 'em try to run the schools without any white students in school."

Urges Organization

Kasper said the Negroes have gotten into Southern schools because "they're better organized than the white folks are."

"But," he continued, "it ain't

coming. That's what we're here for today."

"The white folks aren't ready for mixing the races in North Carolina, and I don't think they'll ever be ready."

Does he advocate violence, as might be suggested by his leaflets urging white citizens to "load your shotguns"?

"We don't want any roughness. We don't want any violence," Kasper said.

"I don't foresee any violence, but you never can tell about a lot of things. . . . You've got to give these white people some relief, or there may be violence."

If Negroes start going to white schools, he concluded on that point, "there's going to be race riots and hangings and all that."

He finished on the square by inviting anyone interested in "a strong, white man's organization" to give him his name, address and telephone number.

Asked about the response to that invitation, he said later, "I got about 30."

Kasper said no date has been set for the first meeting of the White Citizens Council organized today.

Kasper Heckled Here -- But He Claims Success

By Roy Thompson

Staff Reporter

Segregationist John Kasper was heckled out of Courthouse Square when he tried to speak there yesterday.

But he moved his meeting to a garage in the south end of town and started organizing a White Citizens Council to oppose integration in city schools here.

Approximately 200 persons gathered on the courthouse lawn for his speech.

About half of them were Negroes. A lot of the Negroes and a few of the white people helped in the heckling that eventually forced the meeting out of the square.

Before leaving here for Greensboro, however, Mr. Kasper said he felt that the meeting was "very successful."

"I'm very encouraged," he said.

Asked for a prediction about

what would happen next, he said:

"I think the next meeting held locally by local people will be much larger than this one was . . . Something's got to be done here. We've got to make a stand."

What does he think will be done?

"Well, we organized a group to oppose the entrance of the nigger girl into high school here," Mr. Kasper answered.

"I think there'll be some boycotting and some picketing."

"We want to see that the boys and girls don't go into that school (Reynolds High School, in which one Negro pupil has been enrolled for the coming school year) as long as that nigger's there. Let 'em try to run the schools without any white students in school."

Mr. Kasper said no date has been set for the first meeting of the White Citizens Council organized yesterday.

He left here late in the afternoon to make a speech on the courthouse lawn in Greensboro.

He expects to make two speeches in Charlotte during the weekend. He said he may speak in Raleigh, but he considered that possibility doubtful. He said he would be back in Nashville, Tenn., Wednesday.

He expects to return to North Carolina during the third week in September and will be here for approximately two weeks during that stay.

The meeting on Courthouse Square began like this:

Mr. Kasper, a New Jersey resident, stood at the base of the monument to Forsyth County's Confederate dead.

He wore a blue suit, a blue tie and a striped shirt with

Kasper Claims Success Despite Heckling

Continued from Page 1A

There wasn't much room on the narrow lawn, and 13 uniformed policemen lined the sidewalk to keep the crowd from overflowing and blocking the pedestrian traffic.

A number of police detectives mingled in the crowd.

It was hot. Very hot. Before long, the crowd began to press in close around the speaker.

Those in the crowd listened quietly while W. L. Phillips, who described himself as an evangelist, opened the meeting with a prayer that called for God's blessing on "this man of boldness and courage."

Then Mr. Kasper started talking.

As did others.

His speech, because of the constant interruptions, was a disjointed collection of sentences and half-sentences. Among them:

"The Jews are behind this whole movement to mix the races."

"You're not equal, and you never will be equal." (That was addressed to the Negroes present).

"You can't look to your newspapers to tell you what it's all about."

And as he talked, there were the interruptions.

He said that Negroes are responsible for about 60 per cent of the nation's crime.

Someone asked, "Was John Dillinger a Negro?"

He said there is a high incidence of venereal disease among Negroes, and someone asked, "When's the last time YOU had a blood test?"

Mr. Kasper sweated in the sweltering heat, and the crowd pressed in closer and closer.

Occasionally, when someone in the crowd drew a laugh with a shouted remark, he smiled a very small smile.

But he eventually began to lose patience, and he said, "If you'll just keep quiet, we'll get through with this a lot faster. . . I've never talked to any group that didn't have manners.

CONFUSION—One of John Kasper's hecklers takes over the microphone to say a few words of his own to the crowd.

LAW AND ORDER—Chief of Police J. I. Waller and Officer Ray Denny wait the sidelines for possible trouble.

He spoke of freedom of speech in the United States, and two or three of his Negro listeners joined him in a plea for silence.

Velma Hopkins, reporter for the Carolina Times, pleaded:

"Let him talk. This is what he's trying to do—disturb you."

Someone shouted, "He's ignorant. Let him show how ignorant he is."

And a Negro man grabbed the microphone out of the speaker's hands and said, "I want you to step back and hear what this dog has got to say."

It worked.

For a few seconds.

But then their interruptions began again.

There was a chant of "Go home, Kasper. Go home, Kasper. Go home, Kasper."

hat and shouting, "Who's got another dollar to send him back?"

(Mr. Kasper said on arriving here that funds for his trip were raised by white people in Nashville, Tenn.)

A Negro man walked up and said, "I want to shake your hand. You're making a fine speech."

There were, of course, people present who came to listen to a speech rather than to interrupt one.

Occasionally, one of them would shout a demand for the officers on the sidelines to restore order.

Detectives in the crowd broke up a few arguments that got started between spectators, and they tried to convince some of the louder hecklers that they should let the segregationist speak.

At 12:47 p.m., he had been trying to talk for about 45 minutes. In that period, he may have had the floor half of the time.

He quit then.

Quit and said, "Now the Negroes are ready to talk to you all."

He invited interested white people to come with him, and he moved from the northwest corner of the square to the southwest corner.

Some of his hecklers followed him there. So did the policemen assigned to the Kasper speech detail.

Minutes after moving this meeting a block, Mr. Kasper announced that he was moving it to the southern section of the city.

About 1:30 p.m. he and some 30 white followers — several of them children with adults — gathered on the shady north side of Hill Brothers Garage, 3504 Hammond Street.

Gene Hill, one of the proprietors, said, "I don't know anything about it. I'm trying to close up and go to the beach."

Three police cars parked in the block, but the group at the garage was apparently united in its beliefs, and there was no further heckling or possible trouble.

Mr. Kasper made a few general remarks and then announced, "That's all I have to say publicly."

The press was asked to leave, and its representatives did.

That meeting was over about 3:30 p.m., and Mr. Kasper held a press conference in front of the garage.

Of Negroes, he said:

"Only 200 years ago they were eating their grandmothers over there, wearing bones through their noses and jumping over campfires."

Of white people who have not fought integration in schools here, he said:

"They're just white niggers who tell the niggers to go to the poor white man's schools. They send their own kids to private schools."

Of the Ku Klux Klan:

"I work with the Klan. I believe in the Klan."

Of Governor Luther Hodges, who has publicly opposed both integration and Mr. Kasper:

"He's trying to out-nigger (Governor) Frank Clement over in Tennessee."

Of the heckling he got on Courthouse Square:

"These are the kind of folks they want to put in school with white folks . . . They acted in a typically primitive and uncivilized manner."

Of his followers:

"I don't appeal much to the educated classes. My folks are out in the furrows. The working folks. The farmers. They come from down in the ridges and hollows."

But he saved his big guns for the school board, which he accused of performing "a criminal act" in allowing a Negro student to enter Reynolds High School.

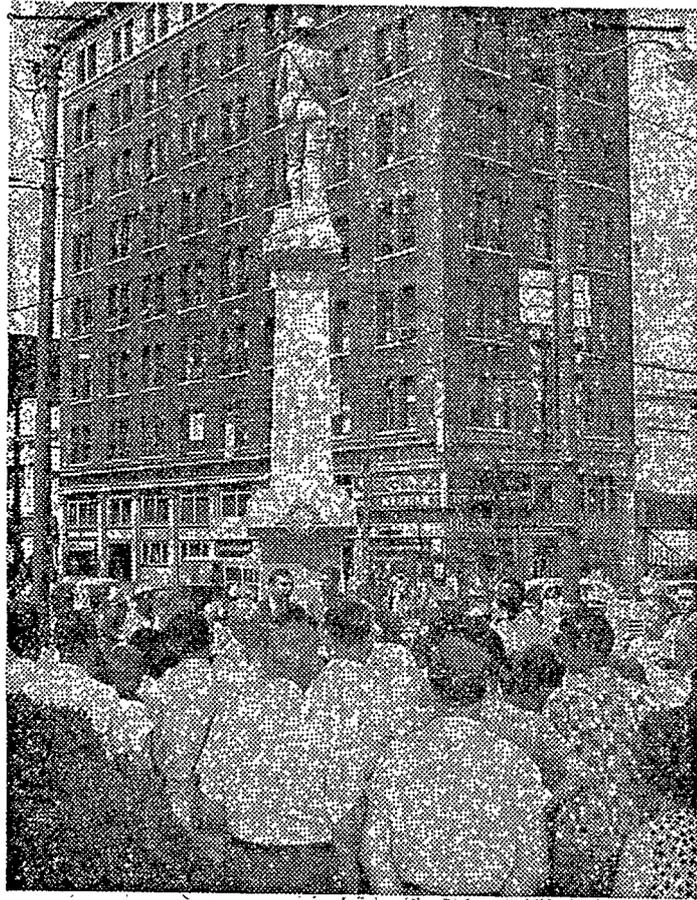

"There are plenty of things the school board could do if they had any guts," he said.

He asked, "Have they been brain-washed or succumbed to Communist pressure? This is the most corrupt thing I ever heard of."

He recommended that the newly formed White Citizens Council should learn about the nature, purpose and background of these school board members.

The garage press conference lasted about a half-hour.

Then Mr. Kasper stepped into his old convertible with the wired-down trunk lid and drove away.

Frederick John Kasper: A Career With a Twist

Who is Frederick John Kasper?

Born in Camden, N. J., in 1929, John Kasper was the son of a fairly successful combustion engineer.

During his mid teens he was sent to the Riverside Military Academy in Georgia for two years, then, briefly to Temple University in Philadelphia and Yankton College in South Dakota.

His college teachers were impressed with Kasper's intellectual gifts but described him as a "trouble-maker with pronounced left-wing political sympathies," according to a December, 1956, article in "Commentary" magazine.

After two years, Kasper transferred to Columbia University's School of General Studies. His draft board had classified him 4-F.

He majored in philosophy, with a minor in English literature, and was graduated in 1951. During his college career Kasper is said to have described himself as "an intellectual fascist."

In 1952 Kasper became associated with a book-shop in the Greenwich Village section of

New York City. He named it the "Make-It-New" bookshop allegedly after the title of a book written by poet Ezra Pound.

Between 1952 and 1956, very little was publicly known of the man who was to stir up such a tempest of racial trouble in the little Tennessee town of Clinton, and attempt to do so elsewhere. Kasper was a virtual nobody.

Since the Clinton trouble considerable fact-finding has been done on the soft-talking New Jerseyite. Here is what some of the researches have turned up:

According to a copyrighted story by Robert S. Bird in the Feb. 4, 1957, edition of the New York Herald Tribune, John Kasper was cutting capers at interracial dances in Greenwich Village during the summer of 1955.

The Herald Tribune story reported that Kasper's village bookshop was the scene for many a "shango" dance affair attended by both Negroes and whites.

One night in September, 1955, during an inter-racial party at a home in Brooklyn, Kasper was reported to have done "the unforgivable from a segregationist's point of view." He urged some 30 of the white and Negro youths present to join the National Association for the Advancement of Colored People.

The Herald Tribune story said:

"This is the same Kasper who discussed in a segregationist diatribe at Louisville on Dec. 14, 1956, the question whether or not Negroes have souls. He told his audience:

"They might have a soul, they might have a right to pray," and then added, "I know some men who claim that they have seen niggers with tails."

Kasper was known to have been a friend of indicted Italian Fascist propagandist Ezra Pound, and the Bird story said Kasper has often visited the poet in a Washington insane asylum, and corresponds with him regularly.

Writer David Halberstam, in a story in Reporter magazine, told how Kasper once told several of his Negro friends in Greenwich Village how he would, "If I were a Negro, lead a march on Washington to get something done for my people."

Later, during the Clinton violence, writer Halberstam reported Kasper as saying of himself, "I'm a rabble rouser. The people of Clinton needed a leader, so I went there to help them."

Campaign Of Terror Is Urged

A campaign of terror against Negro students attending previously all-white public schools here and a program of harassment against members of the Greensboro school board which admitted them was outlined last night by segregationist John Kasper at an organizational meeting of a local White Citizen's Council.

Meeting in the backyard of the John W. Kellam residence, 301 Willard Street, 25 to 30 white men and several boys who identified themselves as students at Greensboro Senior High School, heard Kasper outline his methods.

Outlines Methods

The New Jersey-born agitator told the boys to spill ink on the books of Negro students, elbow them in the school corridors, write slogans such as "Nigger Go Home" on the walls, and put various other pressures on them. "I'm not going to discourage anybody from doing what he thinks is right," Kasper replied when one of the youths asked if white students should pick fights with Negroes attending their school.

"It was the white boys run the Negroes out in Clinton," he said, and you can do the same thing here.

Kasper referred to his statement at a meeting earlier in the evening on the steps of the County Courthouse in which he said white North Carolina citizens should act so as to cause "nervous breakdowns, heart attacks and suicide" among members of the city school board.

Plan Offered

"If you work on the night shift, just pick up the telephone and send a Negro cab to their house. Order a bunch of merchandise from some Jew department store . . ."

" . . . Send them flowers from one member to another. Call up the undertaker and send him out there. Call the police and say 'They're going to murder him (some board member) but I just couldn't go through with it. You'd better send some cops out there right away.'"

Although the men at the organizational meeting were reluctant to step forward and accept an office in the group — offering a variety of excuses—C. A. Webster, a carpenter of 631 Arlington St., finally accepted the temporary chairmanship.

Kasper told the group he would

(Continued on Page 4; Col. 1)

Kasper Asks For Terror Campaign

(Continued from Page One)

communicate with Webster at his residence until a post office box could be rented.

Buttons Suggested

Mrs. Kellam, in whose yard the meeting took place, was named temporary secretary-treasurer of the council.

Kasper told the group that buttons with the legend "Keep Our White Schools White" could be obtained from a Nashville, Tenn., firm at a cost of about \$300 for 5,000.

"We found those buttons were one of the most effective things we had in Clinton," he said.

Kasper said one trouble his organization was having in its fight to preserve segregation in Nashville schools was that integration was being started in the first grade. First graders, he said, could not be organized very effectively.

But he urged those attending the meeting last night to form a telephone committee to spread the word on segregation. "We have got to educate our citizens," he said. "That's one of the most important things we have to do."

School Board's Action Draws Kasper's Fire

Traveling Segregationist Terms Integration Ruling 'Conspiracy'

BY JULIAN MORRISON
Greensboro Daily News Staff Writer

John Kasper, the traveling segregationist, made his pitch in Greensboro last night before some 300 men and women gathered in front of the steps of the Guilford County Courthouse to hear him.

The crowd heard him out in silence, for the most part, with only a few on each side of the school integration issue exchanging remarks or jeers with each other.

Kasper, who came to North Carolina yesterday from

Nashville, Tenn., where he has been active in opposing integration of city schools there, referred several times to the "drunken" action of Greensboro's school board in opening three schools to Negro students last month.

Attacks School Board

Kasper told his audience that if the school board "has got so low as to betray both the white and colored man then it's up to you to find out what they are getting for it."

"It wasn't any accident that the school boards in Winston-Salem and Greensboro and Charlotte announced on the same night and the same minute they were going to let the Negroes into the schools," he said.

"Maybe they got together and had a drunken party. I don't know." But it certainly was a conspiracy.

Blasts Governor

At one point in his speech, when an ambulance passed down Market Street with its siren wailing, Kasper told the crowd

He blasted Hodges as being a white man who has not stood up and fought for segregation. "By saying he's afraid of violence and trouble," Kasper said, "he's just turning the kids over to the Negroes and the Jews."

The New Jersey segregationist, who has been attacked by White Citizens' Councils in several Deep South states for his alleged inter-racial actions in the past, stalled off questions by his audience during the talk, insisting that he would welcome them after he finished.

Police Present

A number of city police officers in plain clothes and several sheriff's deputies mingled with the crowd during Kasper's appearance.

During the course of his speech, which he made standing on the granite front steps of the courthouse, Kasper rocked back and forth and frequently gestured with both arms to the crowd.

He was neatly dressed in a dark blue suit, blue tie and light pink shirt.

When he finished, eight men—ones of whom said he was from Atlanta, Ga., and had just stopped to listen—came forward and shook his hand.

Admitting that many in the crowd had probably come "just to see the monkey in the cage," Kasper asked "all white people here who are willing to stand up to this thing," to meet with him afterward and form what he called "a North Carolina White Citizens Council."

"I am sorry that I can't stay here and be with you in your fight," he said in explaining he planned to return to Nashville early next week.

"But," he went on, "this local

situation is something that's got to be looked into."

Kasper attacked what he called the "newspaper press in the whole South—the television and radio—that has been won over" by the radicals.

He said the Methodist, Presbyterian and Southern Baptist Church leadership was "masquerading behind the cross of Jesus Christ while they are preaching the doctrine of Karl Marx."

"All these Satanic and anti-Christ forces are telling us that we can't do anything about this integration.

"I'm telling you that the white

going to give them (this radical element) any more!"

The most prolonged applause Kasper received was when he said Gov Hodges "is for the Negroes" — an accusation he also leveled at the three school boards.

He urged white parents to boycott the schools should Negro pupils be admitted to them next week. "That's the least thing a white man can do," he said.

Small Crowds Hear Kasper Make Talks

Chief Littlejohn Orders Kasner Off Grass

This Is The Audience As It Appeared At Start Of Speech By John Kasner

Governor Hodges Speaks For State

Governor Hodges spoke for the vast majority of North Carolinians when he declared at his Thursday press conference that "I don't think we need John Kasper" in Tarheelia and that "the state and the people . . . will not tolerate any lawlessness or violence" in connection with the school segregation problem.

Governor Hodges did well to make this statement on the eve of schools' opening and in accord with the responsibility of his high office. He alone is in position to speak for all the people of the state.

It is significant that the chief executive's assertion came almost simultaneously with futile court efforts to prevent admission of the first Negro children to white schools in Charlotte and Greensboro and after it had been revealed that Greensboro school officials had been subjected to threats and vilification following their decision to admit six Negroes to the public school system.

While the Governor is scheduled to make a major address, which will be broadcast to the people of the state, on the school problem Tuesday night, quite a few schools will open Tuesday morning and there needed to be warning before then against violence and affirmation of the state's determination to put down any which might occur. Elaboration can and presumably will come in Tuesday evening's deliverance.

Governor Hodges reiterated that he does not favor integration, and sentiment throughout North Carolina largely backs him up. But orderly processes and obedience of the law are other matters. We are indeed hopeful that North Carolina will live up to its good name, that long established understanding and good will will continue to prevail and that the public school system, which is our richest heritage and our greatest opportunity for the future, will suffer a minimum of disruption.

There is no place for demagoguery, incitement or violence in North Carolina. And Governor Hodges has properly underscored that as becomes the chief of the state's government and the official who must act if any flare-up does challenge the courts, the statutes and the state's constituted authority.

The next few days will be trying days. But North Carolina has come through trying days before, richer, greater and more durable for its experience. The various local school boards have acted in accord with their oath of office, the dictates of their conscience and the best legal advice, now bolstered by court approval, that they could obtain; responsibility to respect and uphold the law shifts to the state and the people who constitute it.

SUBJECT: INTEGRATION IN PUBLIC SCHOOLS,
NASHVILLE, TENNESSEE
CIVIL RIGHTS

SAC Lopez called from Nashville. He wanted to give me a run-down on the local situation.

He said that everything appears to be normal; that 90% of the people are enrolled; there have been no demonstrations; Kasper's trial has been set for 60 days hence; he is still in jail; he has not as yet made bond and there are no indications that he will as of now; however, this could change any moment.

It is noted the local police have indicated that if he is released, he will be arrested by the local authorities again.

The U. S. Attorney has written to the Department concerning this situation.

The integration problem seems to be tentatively at a standstill. It is noted that 11 Negro students, all to be integrated in the first grade, are involved in the program of integration. Time for registration has passed and some of the local officials believe that the die is cast and that there will be no further difficulties. This is merely speculation. They attended classes yesterday and today. In some instances the children came alone and some were escorted by their parents. There were no demonstrations, no crowds, no trouble. As has been indicated, there are 4 schools involved relating to 11 Negro students, all in the first grade.

RECOMMENDATION:

In view of the lack of activity in Nashville and no immediate pending difficulties, unless something flares up, there would appear to be no need to keep Lopez at Nashville. It is recommended that he be instructed to go back to Memphis. He will be instructed to advise the local Resident Agents that they must keep on their toes and in touch with the situation to the extent that we will be advised of any developments. If approved, Lopez will be instructed to return to Memphis immediately.

SAC Lopez called from Nashville while you were in the Department and spoke to SA Keep. He said that Kasper had just made \$2500 cash bond. The bond was put up by Kasper's attorney, Montague Ross, and an unidentified man from Knoxville.

Lopez said that the City of Nashville now planned to take no further action against Kasper although heretofore they had anticipated re-arresting him in the event he made bond. Kasper's attorney indicated that Kasper intended to leave town. Lopez had no additional details stating that the bond had just been made within the last few minutes.

The above information was immediately furnished to Mr. Belmont in Mr. Boardman's Office and on his instructions was also given to Mr. Rufus D. McLean in the Criminal Division. Mr. McLean said that he would consider what action should be taken and advise us subsequently.

In accordance with Mr. Belmont's instructions, SAC Lopez was instructed to immediately furnish the facts to the U. S. Attorney at Nashville and he said that such would be done at once. Lopez added that Kasper had just left the County Jail at 1:11 P.M. (3:11 P.M. Eastern Daylight Time). He also said that the person putting up the bond for Kasper was Mr. L.R. Foster of Cedar Heights Drive, Knoxville. Lopez said that he had just learned that Inspector Patterson of the Nashville Police Department had been at the jail at the time Kasper's attorney arrived and that the attorney was hesitant to leave the jail with Kasper while Patterson was about for fear of the latter's re-arresting Kasper. Kasper added, however, that about 10 or 15 minutes before the attorney arrived at the jail, Inspector Patterson had received a telephone call from the Chief of Police who changed the orders concerning the re-arrest of Kasper and instructed Patterson not to re-arrest Kasper in the event of the latter's release on bond.

MEMORANDUM FOR MR. TOLSON
MR. BOARDMAN
MR. ROSEN
MR. NICHOLS

The Attorney General called this afternoon and asked whether I had heard about the cross burning in Washington last night. I stated we had learned of this very promptly from the police and that efforts are being made both by our Agents and the local police to run this matter down. I also indicated that we have had our sources alerted for some time regarding the possibility of such occurrences and have specifically cautioned them with regard to the possibility of such an incident occurring at the homes of any of the Supreme Court Justices following the convening of the Court.

The Attorney General then mentioned that perhaps John Kasper was active in this area and stated he felt it was highly desirable to do everything possible to get Kasper behind bars. I stated we understood this and most certainly agreed with him; that Kasper's recent confinement at Nashville, in my opinion, had done much to quiet down the situation in that area.

Very truly yours,

John Edgar Hoover

In view of the background of John Kasper and his connection with captioned organization and inasmuch as information has been received indicating the White Citizens Councils of District of Columbia (WCCDC) contemplates picketing the White House on September 28, 1957, you are instructed to reinstitute discreet inquiries concerning captioned organizations, which should be confined to the Washington, D. C., area.

As previously instructed, all informants and sources in position to furnish information concerning this matter should be alerted. Through these sources and independent investigation you should determine the leaders and members, if possible, aims and purposes, which would include plans for demonstrations.

Results of your inquiries should be submitted in report form suitable for dissemination. Of course, information developed which requires immediate handling should be submitted by expeditious means.

Although no information has been received indicating WCCDC was involved in the cross burning at the home of Eugene Davidson on September 25, 1957, you should continue your efforts to ascertain the identity of individuals responsible.

I called SAC Gearty concerning the attached this morning and asked if he had received information concerning the cross burning and if any information was available as to who was responsible. He said he had just received a call from Mr. Rosen concerning it and that he had been in contact with the Washington Police for any information which they might have. He was advised, however, that Davidson did not call the police after the cross was observed, but immediately called the local newspapers and that the police learned about it through inquiry by the press. Gearty said he would maintain contact with the police and also check with logical informants for any pertinent information and that the Bureau would be advised.

This is for information.

Reference is made to my memorandum dated September 26, 1957, in which you were advised information has been received from an informant, whose reliability is unknown, that members of the captioned organization plan to picket at the White House on September 28, 1957.

With regard to this demonstration, the same informant advised that Floyd Fleming, an official of the White Citizens Councils of District of Columbia, stated on September 25, 1957, the demonstration at the White House on September 28, 1957, will depend to a great extent on friends of Fleming in Virginia. Fleming did not amplify these remarks.

In addition, the informant learned from Fleming that the White Citizens Councils of District of Columbia had been deprived of its headquarters at 3204 M Street, N. W., Washington, D. C., and as a result a problem had arisen as to what to do with the printing press. The informant was of the opinion this press would possibly be moved to the home of a man named Carter (phonetic), who is an associate of Jack Rathbone, leader of the Defenders of State Sovereignty and Individual Liberties in Arlington, Virginia, or the press possibly could be moved to the home of Pat Peston (phonetic), who does secretarial work for Rathbone.

The Defenders of State Sovereignty and Individual Liberties is a state-wide pro-segregation organization in Virginia.

Fleming also told the informant the big thing to do now is provoke Negroes to action. He did not furnish additional information in clarification of this statement.

SUBJECT: WHITE CITIZENS COUNCILS OF
DISTRICT OF COLUMBIA (WCCDC)
INTERNAL SECURITY - X

From December 1954 to December 1956 Bureau made discreet inquiries concerning all citizens councils about which we received information for purpose of ascertaining potential for violence and whether activities placed these organizations within purview of Executive Order 10450. Inquiries discontinued inasmuch as Department had indicated their activities did not bring them within the Executive Order. Since that time no inquiries have been made concerning any citizens councils; however, in evaluating this matter it is felt we should make an exception in the WCCDC because of the following factors:

- (1) Locale
- (2) John Kasper, who has instigated racial disorder in several communities, is executive secretary of this organization
- (3) Cross burning which occurred 9/25/57, although no information received indicating WCCDC was involved
- (4) Contemplated picketing of the White House by WCCDC, 9/28/57

On 9/13/57 Washington Field (WFO) was instructed to be alert for demonstrations by WCCDC, particularly with regard to forthcoming convening of the Supreme Court. WFO has alerted sources in this regard but is conducting no open investigation of WCCDC at the present time.

In connection with the cross burning which occurred at the home of Eugene Davidson, National Association for the Advancement of Colored People official, on 9/25/57, the Metropolitan Police Department, Washington, D. C., conducted investigation. Davidson could furnish no information, the police have no suspects, developed no witnesses, and are conducting no further investigation. WFO sources have been alerted for information regarding this cross burning or similar occurrences in the future.

Reference is made to my memoranda dated September 26, 27 and 30, 1957, in which you were furnished information concerning activities of the captioned organization.

A confidential informant, whose reliability is unknown, advised that on the afternoon of September 29, 1957, a meeting was held at the home of [redacted] Maryland, which was attended by 15 individuals including John Kasper.

At this meeting one [redacted] who, according to the informant, is 21 years old and who was recently discharged from the United States Navy, admitted that he and one [redacted] (phonetic), who recently spent seven months in jail for bombing a high school principal's front yard in Washington, D. C., burned a cross on the night of September 28, 1957, in front of the Bethesda-Chevy Chase School.

[redacted] admitted he has a group of 10 men and, in addition to the cross they burned on the night of September 28, 1957, they had intended burning two other crosses, one at the home of Rose Kraeger and one at the home of Helen Sharp, school board members in Montgomery County, Maryland, who favor integration. He stated the crosses were not burned at their homes inasmuch as they were having parties on that night.

[redacted] The Montgomery County, Maryland, Police Department, advised on the morning of September 30, 1957, that at approximately 1:20 a.m. on September 29, 1957, two officers saw a cross burning on the Bethesda-Chevy Chase School grounds. A nearby sign, on which the paint was still wet, contained the initials "KKK."

According to the informant, [redacted] and two other men planned to burn a cross at the Walter Johnson High School at Bethesda, Maryland, on the evening of September 29, 1957. On the morning of September 30, 1957, the Montgomery County Police Department advised that insofar as it is aware no cross was burned on the night of September 29, 1957.

John KASPER

I called the Attorney General this morning and brought to his attention the fact that it had been necessary for the Bureau to discontinue the surveillance of [redacted] I stated that shortly after we had instituted the surveillance, an announcement was made by the Department of Justice that [redacted] was under active investigation by the FBI which naturally alerted [redacted] to the possibility of surveillance and made it impossible for us to maintain the surveillance. I told the Attorney General that I had also spoken to Deputy Attorney General Rogers this morning about this matter and had suggested to Mr. Rogers that it might be desirable to at least caution key people in the Department against making such statements to the press or other unauthorized persons; that I had further suggested the advisability of all inquiries regarding the Arkansas situation being cleared through one place, possibly the Deputy Attorney General's office.

b6
b7C

I then mentioned to the Attorney General the recent statement of Harry Ashmore, of the "Arkansas Gazette," to the effect that he, Ashmore, had been called upon by a high Justice Department official last Monday for a run-down and briefing on the Arkansas situation and the need for Federal troops; that yesterday Ashmore, in a television interview, stated the people of Arkansas resent keenly the bringing in of the troops by the President and he feels the troops should be removed as soon as possible.

I also advised the Attorney General of the inquiry we had received in Little Rock on Saturday from Judge Davies and of the fact that I had brought this matter to Deputy Attorney General Rogers' attention this morning. I stated that the Judge merely wanted reassurance that there was no basis for the statement to the Judge by Homer Bigart, of the "New York Times," that the Deputy Attorney General had referred him, Bigart, to the Judge as the proper person to whom to direct his inquiry concerning the question of release of the FBI report. I also told the Attorney General

that the Judge had confidentially advised us that he would be returning to North Dakota and another judge from St. Louis would be replacing him.

I then advised the Attorney General that John Kasper has now returned to Washington and was present at a meeting held Sunday in the home of [redacted] Maryland. I stated that at this meeting a man named [redacted] admitted that he and one [redacted] had recently spent seven months in a prison for bombing a high school principal's front yard in Washington, D. I told the Attorney General that we have alerted the proper authorities as to the cross burning. ~~X~~

I also told the Attorney General that tomorrow this group plans to meet on the steps of the Treasury Department and to proceed to the White House where they will picket; that they have requested assistance for this picket from gangs in Virginia and Eastern Maryland; and that they will carry on this activity during the meeting of the President with the Southern Governors. I advised the Attorney General that we have alerted the Secret Service and the local authorities concerning this matter. ~~X~~

I then told the Attorney General for his confidential information that we are keeping Kasper under surveillance and I also indicated that [redacted] has boasted of having oil and dynamite caps in the trunk of his car and another individual, [redacted] volunteered to use her telephone for harassing calls. ~~X~~

Reference is made to my previous communications concerning captioned organization.

On the morning of October 1, 1957, Metropolitan Police Department, Washington, D. C., advised that someone had hung a Confederate Flag on the fence at the back of the White House. Attached to the flag was a note, the contents of which are as follows:

"Dear Mr. Eisenhower,

"Remember us.

"We are the people to whom forced integration means a Government of, by, and for minorities; devastation of our constitutional rights; a tangible reality rather than an academic sophistry; a very real threat to our domestic peace and security, our country, our race, and our personal safety. In short, integration means the end--in considerable now, in totality later--of everything we cherish.

"Ridiculous, you say?

"Shake off your political bonds for a moment and take a good, honest look from close up.

"Listen to the people for a change--the people who are directly affected by the integration steamroller, instead of to the voices of political expediency, of left-wing pressure groups, one world federalists, socialist panderers, dreamy intellectuals and uninformed well-doers. For not only does the future of us all hang in the balance, but also the continued existence of the greatest union of individual sovereign states and the greatest people on the face of the earth. Information has been received from a confidential source of unknown reliability that John Kasper held meetings with his supporters in Washington, D. C., on September 28, 1957. The source said Kasper decided to picket the White House Tuesday and Wednesday, October 1 and 2, 1957. The objective of the picketing, to coincide with the President's conference with five Southern Governors, is to "protect" Governor Griffin of Georgia. Kasper reportedly does not expect a crowd on the first day but does on the second day of the picketing.

Kasper reportedly announced that he was going to organize a third party with national headquarters in Washington, D. C. Kasper was quoted as saying: "If we're going to be radical, we're going to be very radical. We're going to adhere to Hitler's policies, fantastic as it may sound, everyone else is wrong and we're right." Kasper reportedly wanted no "foreign ideologies" to confuse the public, pointing out that the idea of revolution has already taken place in people's minds. Kasper reportedly stated it was now a question of making it physically come to pass. Kasper was reported to have said that Ace Carter was of the opinion that the movement should go underground, but he, Kasper, maintained they have nothing to hide.

The foregoing information has been furnished to the Honorable Robert Cutler, Special Assistant to the President; the Secret Service; Assistant Chief of Staff, Intelligence, Department of the Army; Office of Naval Intelligence; and Office of Special Investigations, Department of the Air Force.

Reference is made to my memorandum dated September 26, 1957, in which you were advised information has been received from an informant, whose reliability unknown, that members of the captioned organization plan to picket at the White House on September 28, 1957.

SEP 27 2 14 PM '57

With regard to this demonstration, the same informant advised that Floyd Fleming, an official of the White Citizens Councils of District of Columbia, stated on September 25, 1957, the demonstration at the White House on September 28, 1957, will depend to a great extent on friends of Fleming in Virginia. Fleming did not amplify these remarks.

In addition, the informant learned from Fleming that the White Citizens Councils of District of Columbia had been deprived of its headquarters at 3204 N Street, N. Washington, D. C., and as a result a problem had arisen as to what to do with the printing press. The informant was of the opinion this press would possibly be moved to the home of a man named Carter (phonetic), who is an associate of Jack Rathbone, leader of the Defenders of State Sovereignty and Individual Liberties in Arlington, Virginia, or the press possibly could be moved to the home of Pat Peyton (phonetic), who does secretarial work for Rathbone.

Dear General Cutler:

I thought the President and you would be interested in knowing information has been received from a source, whose reliability is unknown, that members of the White Citizens Councils of District of Columbia plan to picket at the White House on September 28, 1957. The number of pickets and the time and purpose of this demonstration are unknown at this time. ~~X~~

The executive secretary of the White Citizens Councils of District of Columbia is Frederick John Kasper, who was recently arrested in Nashville, Tennessee, in connection with racial disorder in that city and who is out on bail. The Attorney General returned my earlier call and I advised him as follows:

I told the Attorney General that shortly after midnight the White House Police had discovered a Confederate flag attached to the south side of the picket fence and apparently placed there according to the plan we had reported yesterday. I then stated that John Kasper and his gang, rather than meeting on the Treasury Department steps as originally planned, had decided to meet this morning at the home of [redacted] at [redacted] to make plans and from there proceed to the White House for picketing. The Attorney General was advised that the Secret Service has been alerted as to this.

I advised the Attorney General that in regard to the Little Rock situation everything was quiet this morning in that area. I stated the National Guard were performing guard duty and the troopers were not patrolling the school; that the students had been escorted into the school this morning by the National Guard who were now on duty inside the building. I stated that the troopers were quartered at the football stadium.

In regard to picketing, Sergeant JOSEPH CHENNAULT, Special Investigations Squad, MPD, advised SA WINFRED H. [redacted] and [redacted] stated that the person responsible for burning a cross at Deale, Md., recently at the home of a doctor, was a [redacted] who resides in Prince Frederick, Md. During the meeting at [redacted] home, KASPER according to informants, made the following verbatim remark about the bombing of a Nashville school. "When we're all old and sitting by the fire I might have a story to tell about that." According to the informants, KASPER intends this week to go to NY to see some friends and then on his way back to Washington to stop at Camden, New Jersey, to see his mother. The informants could not reconcile this trip with the fact that KASPER stated he had to return to Tennessee to jail. Both informants are strongly of the opinion that KASPER wants to be jailed in WDC. They do not know exactly how he intends to bring this about. ~~7c~~

Concerning the burning of a cross at Bethesda Chevy Chase School in the early morning hours of 9/29/57, as set forth in reairtel, this office checked with the Montgomery County, MD., PD, through the RA at Silver Spring, Md., and ascertained that a cross was burned on 9/29/57, at 1:20 a.m. Two officers, HAWKINS and RUSSEL, on routine patrol on East-West Highway, observed the cross burning at the school. They reported that it is six feet tall. They also came upon a sign in the grass near the cross which had the letters KKK written thereon in two foot letters. An investigation was conducted by Detective MICKEY HARRIS, Montgomery County PD and no witnesses or suspects were developed. The above info was supplied by Inspector HAROLD MILLER (NA) Montgomery County PD to SA MARVIN KABERLE of the Silver Spring RA.

A check of the Maryland license number HC 22-23 included in reairtels reflects that it is registered to a THELMA P. KETTERING, 9305 Park Hill Terrace, Bethesda.

The info concerning the hanging of the confederate flag on the White House in the evening hours of 9/30/57, was furnished to Mr. DANIEL O'DRISCOLL of Secret Service by phone.

SE JOSEPH C. CREEDEN checked records of MPD this date and could locate no record for JAMES L. FIESER.

Captioned organization, headed by John Kasper, is anti-Semitic, as well as anti-Negro. Due to [redacted]

[redacted] and [redacted] who, as informants, are [redacted]

[redacted] has been furnishing the Bureau information received concerning captioned organization through these informants for some time. This has been the Bureau's source of data concerning this organization inasmuch as Washington Field Office discontinued inquiries concerning White Citizens Councils of District of Columbia in December, 1956, at Bureau instructions.

Due to the urgency of obtaining information expeditiously from these informants after Kasper arrived in Washington last week, Washington Field made arrangements [redacted] to meet these informants and obtain directly from them information concerning Kasper and activities of citizens councils. [redacted]

These informants have been meeting with Kasper and Kasper has indicated he desires to visit with the informants [redacted]. The informants have no apartment. In order to maintain these informants, [redacted] has suggested that informants obtain an apartment on a temporary basis where they may receive Kasper. [redacted]

The valuable information furnished by the informants is not otherwise available to the Bureau. Without the apartment the informants could be exposed, thereby cutting off the Bureau's source of information concerning Kasper and future activities of captioned organization. It is essential that we continue to receive information from these sources.

SA Richard B. Lavin was called in connection with Washington Field airtel 9-29-57, which advises Bureau of information furnished by [redacted]

[redacted] According to [redacted] John Kasper had mentioned that he had to return to jail on October 3. *John*

SA Lavin said that it was not known as to what jail Kasper was referring to and in connection with what charge. Lavin stated that the only elaboration he could give was that Kasper has indicated that he intends to go to New York this week to see some friends and then Camden, New Jersey, where he will visit with his mother. Informants cannot understand how he expects to do all this and still return to jail on October 3. It is the belief of informants that Kasper intends to be arrested by the Metropolitan Police Department. *(C) Tenn. Del. Ark.*

It was pointed out to SA Lavin that it is noted the Memphis, Knoxville and Little Rock Offices have not been receiving information copies of WFO airtels concerning the activities of Kasper. It was pointed out that in view of the Alonzo Bullock case at Clinton, Tennessee, the Knoxville Office has an interest in case, in view of the bombing of the school at Nashville, Memphis has an interest, and in view of the present situation at Central High School in Little Rock, Little Rock has an interest. Lavin was told to designate information copies for these offices in the future and that he should review any airtels prepared in the past to determine if there is any pertinent interest to those offices, and, if so, to make copies for them. *A*

Reference is made to previous communications in this matter.

Information has been received from a source, who has furnished insufficient information for a determination to be made as to his reliability, that the White Citizens Councils of District of Columbia is currently formulating plans to picket the Supreme Court Building. The number of pickets to be used and the date and purpose of this proposed demonstration are unknown at this time.

This source furnished the following information concerning the activities of the captioned organization and Frederick John Kasper, the executive secretary of the White Citizens Councils of District of Columbia.

The White Citizens Councils of District of Columbia is attempting to raise funds for the defense of one Mercurio, who, according to Kasper, was incarcerated for assisting Kasper in opposing integration in Tennessee.

This individual may be identical with the Reverend John Mercurio, a pro-segregationist from Los Angeles, California, who assisted Kasper in opposing desegregation of the public schools in Nashville, Tennessee, in August, 1957.

Kasper stated that he would leave Washington, D.C., two days prior to the time that he must be in Tennessee as he had two speaking engagements scheduled enroute to Tennessee. As you are aware Kasper was recently arrested in Nashville in connection with racial disorders in that city and is currently out on bail. He was charged with loitering, vagrancy, two charges of disorderly conduct and inciting to riot. He was fined \$50 each on charges of loitering, vagrancy and disorderly conduct and the trial date on his appeal from these convictions is scheduled for October 11, 1957.

The Attorney General

Allegedly at the present time there are two men from Tennessee in Washington, D.C., one of whom is an influential contractor allegedly desirous of sponsoring Kasper as a gubernatorial candidate against Governor Frank Clement of Tennessee.

On October 6, 1957, Kasper and other members of the White Citizens Councils of District of Columbia moved the organization's printing press from a private home in Virginia to a private home in Washington, D.C. This source was unable to furnish any additional information in this regard.

In this connection, Special Agents of this Bureau on October 6, 1957, observed Kasper and others transport equipment from a residence in Arlington, Virginia, and from 3204 M Street, Northwest, Washington, D.C., to [redacted] Washington, D.C. This equipment was unloaded at the latter address, which is the residence of [redacted] who is closely associated with Kasper in the captioned organization.

b6
b7C

For your additional information, data has been received that Kasper departed from the Washington, D.C., area via automobile, apparently en route to Nashville, at approximately 2:30 p.m., October 7, 1957.

The above information is being furnished to the intelligence agencies of the Armed Forces. Additional pertinent information received relative to this matter will be furnished the Department promptly.

KASPER was overheard by SA OGREN to remark to reporters when questioned as to the affect his picketing would have on the meeting inside (Governors conference at the White House) "They are not subject to affect. They have a fixed course set for them by the international gangsters." He gave these examples of international gangsters, EISENHOWER's old crowd, the UN crowd, BARNEY BARUCH, PAUL HOPKINS and HAROLD STASSEN among others. He further advised that as to the purpose the picketing had accomplished, he felt that they had shown visible protest against forced integration by the President of the U.S. They asked as to the solution of the Negro question ~~for~~ ^{to} which he stated that they should either be segregated completely or sent back to Africa. He was asked what other races or persons he considered to be a menace, at which time he stated that something would have to be done about the "Jews" and he recommended taking away their citizenship, as they are aliens everywhere and anywhere and he stated that even those "Jews" who are American citizens should be subjected to alien laws.

This is to advise that at 1:30 p.m., 10/2/57, SA FRANCIS B. MC GIVERN received a phone call from a man, who evidently had been drinking heavily, and who refused to give his name, his home address or where he is presently staying in WDC. He said that he wanted to report that eight truck loads of dynamite are being brought to WDC from southern cities. He named the cities as Little Rock, Birmingham, Atlanta, Augusta, Macon, Jacksonville and Columbia, S.C. He then went on to relate that he had hitchhiked a ride from Columbia, S. C., on a truck that had brought dynamite to D. C. He said that he had caught the ride yesterday morning between 6:00 and 7:30 a.m. about two miles north of Columbia, S. C. He informed that the truck he hitchhiked his ride on was a large Chevrolet truck, which had a cab in front and which was open in back. He stated that the truck supposedly was carrying a load of hay but underneath the hay was the dynamite. Informant was unable to give the license number of the truck. He informed that it was driven by one white man and he described the man as follows: 35, black hair, 5' 6" or 7", 150-160, ruddy complexion, small moustache.

Informant gave the description hesitatingly and he could not give the description of the clothes worn by the truck driver other than to say that he thought he was wearing pants and a coat. He did not know if it was a suit coat or top coat.

Informant stated that the driver of the truck told him about the dynamite when they were about four miles outside of Columbia, S. C., and that they stopped to get a cup of coffee somewhere in South or North Carolina, the exact place he did not know and he saw the dynamite.

Informant stated that they had come up to Washington on Route 1 and that they had entered Washington, D. C. via that 14th Street Bridge. He informed that the truck driver let him off on 14th Street, N.W. near the Monument. The truck had continued up 14th Street and he had not seen where it had gone.

Although the informant stated that they had driven up to Washington on Route 1, he informed that they had come through Charlotte and Reidsville, N.C. It is noted that these are on Route 29. He further informed that they had not gone through Richmond.

The informant was asked who was sending the dynamite to WDC and why it was being sent here. In regard to the first question, he said it was being sent by "white people in the South who don't like niggers." In regard to why it was being sent, he said that SA MC GIVERN "could put two and two together." He stated that he would not give his name because the FBI would have it in headlines in the newspapers and people in the South would take care of him.

The informant did not seem sincere in his complaint and SA MC GIVERN informed him that it was a violation of the Federal Law to make a false report to the FBI and since he would not furnish his name, the call was being traced. With that, the anonymous caller immediately hung up.

The above info was furnished to MPD and Secret Service on 10/2/57.

No further action being taken on this complaint by this office.

At 11:05 A. M., today, SA James D. Huppert, Washington Field Office (WFO), advised that at 11:00 A. M. John Kasper entered the Baltimore Parkway driving a 1953 Plymouth with Tennessee license 3F-7442, which is Kasper's automobile. Kasper was alone.

Previously WFO advised Kasper had made plans to go to New York City to see friends and also intended to stop in Camden, New Jersey, to see his mother prior to returning to Tennessee in connection with trials in that state. Kasper appealed convictions on charges of disorderly conduct, vagrancy, and loitering in Nashville, Tennessee. Hearing date on this appeal set for 10/11/57.

Agent Huppert advised WFO is of the opinion that Kasper is on his way either to Camden or New York City. Inasmuch as the Attorney General expressed concern over Kasper's activities in Washington a surveillance was instituted on Kasper on 9/28/57 and has been maintained on him since that date. Kasper is being surveilled by WFO Agents to New York or Newark. New York and Newark are being notified by WFO of Kasper's departure from Washington.

There is no indication that Kasper plans to return to Washington, D. C., prior to going to Tennessee although he may come through Washington on his way south.

RECOMMENDATION:

Classified by *SP7 Mac/vp*
Declassify on: OADR *9/2/83*

Inasmuch as Kasper has left Washington and there is no indication when he will return it is recommended that the surveillance of him be discontinued. In the event he does return to Washington, WFO has sources who will be cognizant of that fact and Kasper will be placed under surveillance again.

Re WFO Airtel to Bureau 9/26/57 which suggested

Fisur of [redacted] and [redacted]
[redacted] Arlington, Va.

As the Bureau is aware, investigation concerning subject group has centered in D.C. and only investigation conducted this division concerning this group was at Charlottesville, Va. where a branch was formed in September, 1956 known as the White Citizens' Council of Charlottesville and Albemarle County, Va. Inquiry and other information available indicates the Charlottesville group is inactive.

b6
b7C

It is recommendation of this office that if Fisur of [redacted] and [redacted] who are associates of FLOYD FLEMING, an official of WCC, Washington, is to be conducted, it would be advantageous to have this Fisur conducted by WFO for the following reasons:

(1) Richmond has no informants or sources within WCC who reside in Northern Virginia area, since there is no chapter of the group in that territory and also no activity of the group in that area.

(2) It is felt that a Fisur by Richmond of the above individuals would not be as productive of information desired, since contacts of these individuals not known to Richmond and movements engaged in by them would not be indicative of aims and purposes, unless Fisur was supplemented with information from confidential sources not available to this office.

Assistant Chief of Staff, Intelligence

This individual may be identical with the Reverend John Mercurio, a pro-segregationist from Los Angeles, California, who assisted Kasper in opposing desegregation of the public schools in Nashville, Tennessee, in August, 1957.

Kasper stated that he would leave Washington, D. C., two days prior to the time that he must be in Tennessee as he had two speaking engagements scheduled en route to Tennessee. As you are aware Kasper was recently arrested in Nashville in connection with racial disorders in that city and is currently out on bail. He was charged with loitering, vagrancy, two charges of disorderly conduct and inciting to riot. He was fined \$50 each on charges of loitering, vagrancy and disorderly conduct and the trial date on his appeal from these convictions is scheduled for October 11, 1957.

Allegedly at the present time there are two men from Tennessee in Washington, D. C., one of whom is an influential contractor allegedly desirous of sponsoring Kasper as a gubernatorial candidate against Governor Frank Clement of Tennessee.

On October 6, 1957, Kasper and other members of the White Citizens Councils of District of Columbia moved the organization's printing press from a private home in Virginia to a private home in Washington, D. C. This source was unable to furnish any additional information in this regard.

In this connection, Special Agents of this Bureau on October 6, 1957, observed Kasper and others transport equipment from a residence in Arlington, Virginia, and from 3204 M Street, Northwest, Washington, D. C., to [redacted] Washington, D. C. This equipment was unloaded at the latter address, which is the residence of [redacted] who is closely associated with Kasper in the captioned organization.

b6

Assistant Chief of Staff, Intelligence

For your additional information, data has been received that Kasper departed from the Washington, D. C., area via automobile, apparently en route to Nashville, at approximately 2:30 p.m., October 7, 1957.

Reurairtel October 14, 1957, in which you advised John Kasper arrived in Washington on October 14, 1957, and is under surveillance by your office.

As you are aware the Supreme Court on October 14, 1957, refused to review Kasper's case in connection with his conviction on August 31, 1956, for "willful contempt" for interfering in desegregation of the Clinton, Tennessee, High School. This is tantamount to upholding his conviction.

Under the usual procedure the findings of the Supreme Court will be sent down through the appellate court to the trial court where Kasper's bond will be revoked and he will be committed to prison.

You are instructed to maintain a very discreet surveillance on Kasper as long as he remains in the Washington area. In the event he leaves Washington the office in the city to which he is going should be promptly notified and instructed to alert informants and sources. In this manner the Bureau should be able to keep track of Kasper until revocation of his bond, without maintaining a surveillance on him for a period of possibly three weeks or longer.

Keep the Bureau advised of Kasper's activities and the activities of the captioned organization particularly with reference to any contemplated demonstrations.

[redacted] stated that the WCC is raising money for defense and freedom of one MERCURO (JOHN MERCURO) who JOHN KASPER felt was in jail for following KASPER to Tennessee. It was [redacted] belief MERCURO is in jail in Tennessee.

Washington, D.C.

Regarding KASPER, [redacted] has stated that he will leave WDC two days before he has to be in Tennessee as he has two speaking engagements on the way.

[redacted] also advised that there are two men in WDC from Tennessee, one an influential contractor who desires to sponsor KASPER in a gubernatorial race against FRANK CLEMENT of Tennessee.

[redacted] advised he had seen the picketing at the White House, and that on 10/6/57 KASPER and others moved the WCC printing press from a private home in Va. to a private home in the District. He did not know where the press was moved to.

On 8/31/56 John Kasper was sentenced to one year in prison for "willful contempt" for interference in connection with desegregation of Clinton, Tennessee, High School. Kasper released from jail 9/7/56 on bond, pending appeal. Sixth Circuit Court of Appeals upheld conviction. On 10/14/57 U. S. Supreme Court declined to review the case, which action is tantamount to upholding the conviction.

Under normal procedure the findings of the Supreme Court will work their way down through the appellate court to the trial court where Kasper's bond will be revoked and he will be committed to prison.

Kasper returned to Washington, D. C., 10/14/57 and is under 24-hour surveillance by Washington Field Office.

OBSERVATIONS:

Due to the past activities of Kasper and the captioned organization and the possibility that demonstrations such as cross burnings or picket lines may be made at the White House, Supreme Court, or other likely spots, the surveillance of Kasper will be maintained so long as he remains in Washington. In the event he leaves this area the surveillance will be discontinued but we will notify the office in the city to which he is going, if that information is known, in order that Kasper's whereabouts may be checked on and informants and sources alerted. In this manner we should be able to keep track of Kasper until revocation of his bond, without maintaining surveillance on him for a period of possibly three weeks or longer.

RECOMMENDATION:

There is attached for your approval a letter to Washington Field furnishing instructions in line with the above.

An article appearing in the 9/25/57 issue of the newspaper "The Daily Princetonian," Princeton, N.J., captioned "Segregationist Will Organize Ivy White Citizens Councils" states that DAVID R. WANG, a Dartmouth graduate, disclosed plans to hit Ivy League colleges early next month with a rash of literature aimed at "stimulating" discussion of the segregation issue, and expressed hope that councils will be set up following initial discussion. The article states that WANG plans to concentrate his efforts at Ivy League schools including Princeton and Columbia. He aims to approach the issue through debate and intends to work through the John Dewey Society at Columbia University and presumably will make his approach at Princeton through the Whig-Clio political organization at Princeton. While the article states that WANG is a staunch supporter of KASPER, he does not intend to use KASPER's "Brim stone" oratorical technique. WANG is against integration in schools and cannot conceive of admitting American Negroes "because they lack a knowledge of their own racial heritage." WANG believes that foreign students including African Negroes and Chinese should be admitted as exchange students. WANG, according to the article, cannot conceive of KASPER suggesting dynamite tactics in the Nashville, Tennessee school situation, but he believes there are times when violence of sorts must be used. WANG abhors any type of violence.

An editorial in the same issue of the newspaper of 9/25/57 bears the caption "All or Nothing" and makes satirical comments about the announcement of WANG and his announced efforts. The past history of the school is recalled in the editorial, which is quoted as follows:

"All or Nothing

"Dave Wang might have something there.

"After all, Princeton is known as the 'farthest north of the southern schools.'

"Tiger history buffs recall the Great Debate in the 1860's when Whig and Clio came out for slavery and the touching scene when half the campus marched off to war under the Stars and Bars.

"And every freshman knows about the strongbox buried under the southeast corner of Old North containing a million dollars in Confederate money, a shot of Jefferson Davis and grits.

"But alas, those golden days have gone forever. No longer do the Sons of Old Nassau join things and debate burning questions and dynamite its oldest building; now we just sit, drink beer and mock things.

"Princeton may need a White Citizens Council, but no one less than John Kasper will bring one here."

An editorial in "The Daily Princetonian", 10/11/57 issue, captioned "A Ludicrous Figure", reflects that another extremist is about to appear at Princeton in the person of DAVID WANG, a Chinese. WANG has promised to bring his White Citizens Council to Princeton. The editorial states that while WANG cuts a slightly ludicrous figure, there is danger in that some may humorously encourage him, and that being a serious affair, such action may have serious implications for Princeton and the student body.

An article in "The Daily Princetonian" for 10/14/57 captioned "T. J. TUMULTY DEMANDS GOHEEN SAY NO TO COUNCIL FORMATION" states that former N.J. Congressman T. JAMES TUMULTY will demand today (10/14/57) that Princeton University President ROBERT F. GOHEEN "curb a threatened move by students to form White Citizens Councils." "The Princetonian" article makes reference to an article in the "New York Sunday News" and states that TUMULTY is afraid of

NK 105-3383

a repetition of the Little Rock racial riots on New Jersey college campuses.

DAVID R. WANG, who, according to the article, is a friend of segregationist JOHN FREDERICK KASPER, has said that he will try to set up White Councils at Princeton, Columbia, and Yale. TUMULTY, according to "The Princetonian" article, had read a satirical comment in "The Princetonian" on WANG and claimed, "It sounds like an outright invitation to Kasper or any segregationist to come to Princeton. Dr. Goheen should put a stop to this move right now before it gets out of hand and leads to violence. It may look like a joke to the students at Princeton, but if they feel the Little Rock riots were something to laugh at, then they need more education." According to the article, TUMULTY had opposed the visit of ALGER HISS to speak on the campus at Princeton. The article continued that the former congressman demanded to know how the university could permit HISS on the campus, and now have "Dr. Goheen close his eyes to a White Citizens Council."

The article further stated that while the "Sunday News" reported that the movement was not being taken seriously at the school, a university spokesman had said that the unusually high southern enrollment at the school might drum up a segregationist movement. A university statement issued Thursday night (10/10/57) said it was inconceivable that White Citizens Councils would be set up here in that their formation would be foreign to everything the university stands for.

The article relates that TUMULTY, who holds no elective office, but is practicing law, refused comment to "The Princetonian" on Thursday (10/10/57), and was unavailable for comment yesterday (10/13/57). Further, that the efforts of WANG to set up the White Citizens Councils continued to draw negative responses from Ivy League campuses.

WILLIAM D. ZABEL, President of Whig - Clio, stated that he would make no decision on WANG's speaking at Princeton unless WANG himself had asked.

"The Daily Princetonian" article further related that HOWARD PRESS, President of the John Dewey Society at

NK 105-3383

Columbia University, had issued a statement Friday (10/11/57) stressing the "absurdity" of the society's lending its name to WANG's efforts, while the "Yale Daily News" said that WANG had made no public announcement of a speech at Yale.

WANG, according to the article, was shifting his tactics, claiming he was not opposed to integration on the college level. In fact, WANG said, he favored integration in Ivy colleges. WANG wants to prepare Ivy League graduates for the fight against segregation after they leave college. WANG believes that American Negroes "lack a knowledge of their own racial heritage." WANG claims he will speak at Princeton early next month, and claims that friends will help him set up and carry out these speeches. He refused to disclose who these friends are. WANG has also voiced intention of speaking at Columbia and Yale. In commenting on the issuance of a university statement of formation of the Councils, WANG said that President GOHEEN did not understand what he was trying to say.

As you are aware, on October 14, 1957, the United States Supreme Court declined to review the appeal of John Kasper in connection with his conviction for contempt for interference with desegregation in the Clinton, Tennessee, High School. Kasper was taken into custody by United States Marshals on October 17, 1957, in Washington, D. C.

In connection with the above, a source, who has furnished reliable information in the past, advised that [REDACTED] one of Kasper's associates, was scheduled to contact Kasper's attorney, whose name was not given, regarding the legal aspects of picketing the United States Supreme Court in protest of the court's action in not reviewing Kasper's case. The source said members of the White Citizens Councils of District of Columbia contemplate picketing the United States Supreme Court at some time during the week of October 20 - 26, 1957, and will carry placards. The attorney was to be contacted for the purpose of determining how strongly worded the placards could be and the legal implications.

T. Porry Lippitt, United States Marshal of the Supreme Court; Capitol Police; and Metropolitan Police Department, Washington, D. C., are aware of the above information. The Honorable Robert Cutler, Special Assistant to the President, and intelligence agencies of the Armed Forces are being advised.

Mr. Sizemore of the United Press, Washington, D. C., called to verify arrest of Kasper this evening by Federal authorities in Washington, D. C.

After consulting with Mr. McGuire of Mr. Nichols' office, Sizemore was referred to the U. S. Marshal and U. S. Attorney in Washington.

You will recall that Kasper was arrested this evening in Washington by representatives of the U. S. Marshal's office who had had Kasper pointed out to them by Washington Field Agents. Kasper had been arrested on the authority of U. S. Attorney Gasch, Washington, who had received a phone call from the U. S. Attorney, Knoxville, informing him that a commitment order concerning Kasper had been issued by Judge Taylor at Knoxville.

On October 14, 1957, the United States Supreme Court declined to review the appeal of John Kasper in connection with his conviction for contempt for interference with desegregation in the Clinton, Tennessee, High School. Kasper was taken into custody by United States Marshals on October 17, 1957, in Washington, D. C.

In connection with the above, a source, who has furnished reliable information in the past, advised that [redacted] one of Kasper's associates, was scheduled to contact Kasper's attorney, whose name was not given, regarding the legal aspects of picketing the United States Supreme Court in protest of the court's action in not reviewing Kasper's case. The source said members of the White Citizens Councils of District of Columbia contemplate picketing the United States Supreme Court at some time during the week of October 20 - 26, 1957, and will carry placards. The attorney was to be contacted for the purpose of determining how strongly worded the placards could be and the legal implications.

T. Perry Lippitt, United States Marshal of the Supreme Court; Capitol Police; and Metropolitan Police Department, Washington, D. C., are aware of the above information.

For your additional information in this regard

Re WFO airtel 10/18/57, advising that captioned group intended to picket the U. S. Supreme Court.

PSI [redacted] advised orally [redacted] that the Seaboard White Citizens Councils was planning to picket the Supreme Court on 11/1/57. Requests have been made out of town groups to assist in the picketing. Two of the groups asked were the National Renaissance Party of NYC, and an anti-intergration group in Deale, Md.

Informant said the picketing was set for 11/1/57, to coincide with a final appeal to the Supreme Court on JOHN KASPER's behalf by his attorney, J. BENJAMIN SIMMONS.

It is noted that the Supreme Court on 10/14/57, refused to grant KASPER a writ of certiorari.

EDWIN SCHADE, Deputy Clerk, U. S. Supreme Clerk, advised today that KASPER's attorney has until 11/10/57, to file a motion for rehearing of the petition for certiorari. As yet this motion has not been filed and KASPER's attorney has not been scheduled to appear before the court.

T. PERRY LIPPITT, Marshall, U. S. Supreme Court, was alerted to possible picketing of the Court on 11/1/57. He advised that the picketing will probably coincide with the filing of a motion for rehearing by KASPER's attorney since the Court will not be in session from noon 10/28/57, until 11/12/57.

The capitol police and the Metropolitan Police Department have been advised.

Reference is made to my memorandum of October 21, 1957, in which you were advised of the contemplated picketing of the United States Supreme Court by members of the White Citizens Councils of District of Columbia.

For your additional information in this regard, a source, who has furnished reliable information in the past, advised on October 21, 1957, that picketing at the Supreme Court is scheduled to take place on November 1, 1957, to coincide with a final appeal to the court on behalf of John Kasper by J. Benjamin Simmons, Kasper's attorney.

The same source also advised that the National Renaissance Party, a neo-Nazi, anti-Semitic, anti-Negro organization located in New York City, and an anti-integration group in Deal, Maryland, have been requested to assist in the picketing.

Edwin Schade, deputy clerk, United States Supreme Court, has advised that Kasper's attorney has until November 10, 1957, to file a motion for a rehearing of the petition for certiorari. As of October 21, 1957, this motion had not been filed and Kasper's attorney had not been scheduled to appear before the court.

T. Perry Lippitt, United States Marshal of the Supreme Court, advised that the court will not be in session from noon, October 28, 1957, until November 12, 1957.

An article in "The Daily Princetonian," Princeton, New Jersey, dated 10/11/57, captioned, "Kasper Backer to Ask For 'Citizen's Councils' At Princeton, Columbia," reflects that DAVID R. WANG, self-styled segregationist and disciple of JOHN FREDERICK KASPER, will launch his campaign to start Ivy League White Citizens councils this month at Princeton, Yale, and Columbia. WANG plans to speak at Columbia and Yale this month. He plans to speak in Princeton early next month, with the aid of friends whom he refused to identify, who will help him set up and carry out the speech.

*NY
MASS
CHINA*

The article reflects that WANG, a Dartmouth alumnus, being class poet there in 1956, is a Chinese National, a free-lance writer by profession, and opposed to any sort of integration among races except where foreign exchange students are involved.

Neither Princeton nor Columbia officials had heard of WANG or plans for speeches before yesterday (10/10/57). Yale authorities could not be reached, the article continued.

WANG reportedly is preparing a series of bulletins discussing the segregation issue which will be distributed to political organizations at all Ivy League universities.

Subsequent to WANG's recent participation in a New York meeting with KASPER and a group known as the NORTH AMERICAN CITIZENS FOR THE CONSTITUTION, KASPER announced the formation of a new third party in national politics to be known as the WHIB PARTY. The WHIBS are to enter politics in this November's Tennessee gubernatorial contest, the candidate to be announced shortly, according to WANG.

The name WHIB stems from a sort of analogy in that their aim is to restore the Constitution to the republic so that it has the same relationship wheat has to bread, WANG continued.

WANG has said that the Supreme Court Justices who handed down the school integration ruling are guilty of "treason against the Constitution." Yesterday (10/10/57) he carried this a step further, hurling invectives at Presidential Assistant SHERMAN ADAMS, Attorney General HERBERT BROWNELL, and Press Secretary JAMES HAGERTY. WANG stated that they are "unfit to think." He classed Secretary of State DULLES as a "wishy-washy socialist."

KASPER, WANG claimed, desires to make Ivy League speeches but is unable to appear because of federal court action.

Through the establishment of White Citizens councils on Ivy League campuses, WANG and KASPER hope to win Northern intellectuals to their side in the segregation fight, the article concluded.

An article in the "Sunday News," New York 17, New York, 10/13/57, Page 1 of Newark Section Two, captioned, "Act to Block Princeton White Council, Tumulty Demands Prexy Curb Race Riot Threats," reflects that former New Jersey Representative T. JAMES TUMULTY, in an attempt to head off what he fears may lead to a repetition of the Little Rock (Arkansas) racial riots on New Jersey college campuses, will demand tomorrow (10/14/57) that Princeton University President Dr. ROBERT F. GOHEEN curb a threatened move by his students to form a White Citizens Council.

According to a story in a recent issue of "The Princetonian," a network of Northern supporters of rabble-rouser segregationist JOHN KASPER were said to be readying a drive to establish segregation councils here (Princeton) and at other Ivy League schools, the article stated.

KASPER is said to be allied with a Chinese exchange student, DAVID WANG, who is a Dartmouth College graduate

NK 105-3383

and who is said to feel that there are times when violence of sorts must be used to enforce segregation.

The paper (The Princetonian) ran a story captioned, "Segregationist Will Organize Ivy White Citizens Council," as well as an editorial supporting the idea.

Princetonian Chairman ROBERT SKLAR termed the editorial satirical. A spokesman for Dr. GOHEEN said any attempt to start a White Citizens Council was not being taken seriously by the University; however, he admitted that since much of the student body was from the South there is a possibility that the story might drum up a segregation move.

TUMULTY blasted the school officials for taking the move so lightly, stating, "It sounds like an outright invitation to Kasper or any segregationist to come to Princeton. Dr. Goheen should put a stop to this move right now before it gets out of hand and leads to violence," the article concluded.

White Council at Princeton? Tumulty suggests state quiz

By CHARLES GARRITY
Former Congressman T. James Tumulty yesterday urged Princeton University officials to invite State Attorney General Richman, to investigate the purported formation of a "White Citizens Council" at the Ivy League school.
Tumulty wired his request to Dr. Robert F. Goheen, Princeton president, citing as the source for his information

the lead story of the Sept. 25 edition of the school's newspaper, the Daily Princetonian. Reached at the university, Dr. Goheen said "none of the students has expressed an interest in such a citizens council," adding:
"I don't think there is any threat along that line."
Dr. Goheen answered that all suggestions toward forming a White Citizens Council at Princeton had come from

persons outside the university. "If any student interest should develop we shall deal with the matter at that time," Dr. Goheen wired. "We shall of course watch this matter closely," he said.
Tumulty said he felt the school should bring in some outside agency—either Richman or some other state body—to probe the matter which he feared could lead to a repetition of the Little Rock racial riots on New Jersey college campuses.

He said the college newspaper's story, which was headlined "Segregationists Will Organize Ivy White Citizens' Council," referred to a network of northern supporters of rabble rouser John Kasper who are preparing a drive to organize councils at Princeton and other Ivy League institutions.

Tumulty said, according to the story, Kasper's ally is said to be David Wang, a Chinese exchange student and Dartmouth College graduate.

PLANS CAMPAIGN

Wang, who, according to the Princetonian, feels there are times when violence of sorts must be used to enforce segregation, reportedly will hit Ivy League colleges this month with literature to stimulate discussions of the segregation issues.

His campaign, the story continued, will be to move in on Columbia University first through its John Dewey Society and then concentrate on Princeton via the Whig Club, a campus political group.

Tumulty's action marked the third time he has set his sights on Princeton. While a congressman he tangled with the university over a student's invitation to convicted perjurer Alger Hiss to speak on the campus and more recently with Dr. Goheen for ousting the Catholic chaplain, Rev. Hugh Halton, from the campus for the priest's criticism of the university's policies and several of its faculty members.

David Wang, Newest Northern Segregation Leader, Plans Ivy League Crusade to Excite Racial Issue

by Robert B. Semple Jr.

The self-styled collegiate equivalent of segregationist John Kasper announced during an extensive telephone interview yesterday that he hopes to arrive at Yale "within the next few weeks."

David R. Wang, 26-year-old Executive Secretary and chief theorist of a group called "The North American Citizens for the Constitution," closely related in principle if not in name to Kasper's White Citizens Councils, said in addition that he planned to foment discussion of the racialist issue by the immediate distribution of provocative literature.

Wang, who claims that militant segregation applied not only to Little Rock but to Ivy League Schools as well is essential for the cultivation of good citizenship, named as the vehicle through which he will advance his doctrine a group loosely labeled "the International Club." (No such club exists on Yale's official records of undergraduate affairs. Wang, however, also mentioned the John Dewey Society as possibly providing him with a platform.)

Yalemen "Intelligent"

Wang maintains that his potentially unpalatable theoretical approach will be sustained by an intricate network of sympathetic graduate students and undergraduates deployed throughout the Ivy League. Among his adherents he counts a "substantial" following of Yale men. He plans ultimately to oversee the formation of a hard

core of segregationist opinion--small-scale Councils--within the university communities on the east coast.

Wang is optimistic. "Yale men, I should think, will be receptive. They are, by and large, intelligent, independent thinkers. They are unquestionably among the leaders of the Ivy League."

His imminent visits to Columbia and Princeton have already stirred up considerable controversy. Princeton authorities are on record as stating that the formation of a pro-Kasper group there "is inconceivable--foreign to everything the University stands for." Officials of Columbia's John Dewey Society, which Wang has named as his campaign's initial point of departure, have repeatedly stressed the "absurdity" of lending its name to Wang's efforts.

Expletives in Triplicate

A graduate of Dartmouth, a former student of comparative literature, and a free-lance writer by trade, Wang spoke at length yesterday from his small Manhattan apartment about his plans and his philosophy. Whatever logical discrepancies existed in his argument were obscured by a cascading torrent of colorful decriptive phrases.

Top members of the administration are, in his opinion, "intellectually castrated"; President Eisenhower is surrounded by a bunch of "palace eunuchs"; Senator Kefauver is "definitely a Communist"; the handling of the Little Rock situation represented "fascist tactics in the

worst sense." The Supreme Court had acted overtly and blatantly "in an unconstitutional manner." Among a group of "clear-thinking, distinguished Americans" were John Kasper and Bill Buckley; Felix Frankfurter, Supreme Court Justice, was a "Viennese Jew."

About his doctrines Wang was more reserved and articulate. "I most emphatically do not believe in the inequality of the races. In fact, the ultimate aim of society is to produce mutual respect of the races before anything else."

The Catch: Citizenship

But, he argued, equality, good citizenship, and the "mutual respect" which they engender rest essentially on a person's grasp of his own cultural heritage.

"The Negroes have not realized that they are potentially a cultural organism; they are not aware that they are a cultural entity. They are not culturally qualified for citizenship."

The reason? "Negroes have depended to too great a degree upon Whites: for schools, for money, for emotional guidance. They must regroup, learn about themselves while living together among themselves. Then they can come back--on a voluntary basis."

Claims Misunderstanding

"It's been held," he stated, "that I wish to push the Negro under. Let's be more precise: I want to see him a man--civilized, intelligent, confident in his consciousness of race--rather than a barbarian."

Wang passed over questions relating to the multiplying, generative effect of class "consciousness" and to the brutality of tactics used by many segregationists to accomplish objectives similar to his. To the problem of precisely how the Negroes were to find funds and guidance necessary for the construction of adequate schools and "cultural" communities without dislocating themselves economically, Wang said simply: "The government ought to do something."

But he stood firm in his main contention. "Integration of the races is leading to disintegration. It's got to stop."

St. John Dodd of the Criminal Division called this morning and made reference to the Bureau's memorandum of yesterday indicating the possibility that Kasper and other members of the WWCC might picket the Supreme Court. He said the Criminal Division was definitely interested in any further information in this connection since the picketing might well be a violation of Title 18, Section 1507, which prohibits picketing or similar activity in front of a Federal court for the purpose of influencing court decisions. He said whether or not actually there is a violation will depend somewhat on the nature of the material appearing on placards which might be carried. He also asked that the USA's office be advised if definite picketing was planned in front of the Supreme Court and if it appeared that there would be a violation of this section.

I told Mr. Dodd that the Criminal Division would be kept advised as would also the USA's office. It is believed desirable that additional instructions be sent to the Washington Field Office in view of the possible violation as indicated above. Attached is a suggested letter to the Washington Field Office.

Referenced Bulet of 10/15/57 requested the NYO to make a determination as to whether or not the White Citizens Councils of D.C. may become involved in trouble arising due to integration problems in the New York area.

Information previously furnished to the Bureau reflects one ROBERT L'HOMMEDIEU, a resident of Oceanside, L.I., to be the leader of the New York State White Citizens Council which organization was reportedly founded at Oceanside, L.I., in about November, 1956.

The father of L'HOMMEDIEU recently referred to his son as a "crackpot" and added that there is no organization or club to which his son belongs. He stated that his son's activities are independent of others though at times he writes correspondence to reflect that he is associated with some group. He advised that his son has been writing letters and articles to numerous magazines for years, however, he added that these articles are written as a lark on the part of his son who forgets all about the subject matter after the fancy has worn off.

The "New York Herald Tribune" newspaper, 8/3/57, carried an article written by ROBERT L'HOMMEDIEU on 7/31/57 and directed to said newspaper. In this article L'HOMMEDIEU referred to the New York State White Citizens Council and the need for clarification "in order to preserve a complete and accurate picture of our beliefs and activities". L'HOMMEDIEU pointed out the goal of reversing the United States Supreme Court decision on school segregation by all lawful means, and that it is one of the goals of the New York White Citizens Council to reawaken the racial consciousness of the people of New York by the dissemination of literature. L'HOMMEDIEU also stated "We believe that every race must seek out and develop and improve its own racial characteristics. Racial consciousness is not bigotry, but the proper respect for the best qualities in each race."

Recent information which was furnished to the Bureau indicates that [redacted] a follower of JOHN KASPER, is endeavoring to promote "racial nationalism" in the ivy league colleges. He is scheduled to speak before a discussion group of Columbia University on 10/30/57, however, it is to be noted that before this same group officers of the NAACP may also speak.

The NYO is of the opinion that the integration problems presently existing in some areas of the country are not common to the New York area. Along this line it is noted that the May 25, 1957, issue of "School and Society", a biweekly publication of the "Society for the Advancement of Education, Incorporated", New York City, carried an article by the publication's editor, WILLIAM W. BRICKMAN, captioned "The Meaning of Educational Segregation". Said publication lists among its trustees JAMES E. ALLEN, JR., Commissioner of Education, New York State Education Department, and GEORGE D. STODDARD, Dean, School of Education, New York University.

The aforementioned article related that "So far as we know, no policy exists for New York City at large by which Negro children are kept out of certain schools. Reforms may certainly take place with regard to school zones, but there seems to be no objective evidence which points to a segregation policy. Claims that New York City and other Northern cities are as guilty of segregation as the Southern cities smack of the tu quoque variety. They help to draw attention and censure away from where it is really needed.

The New York "Times" newspaper issue of 4/23/56, page 1, carried an article captioned "Barriers for Negro Here Still High Despite Gains" which article continued on page 18 under the caption "City One of Best in U.S. for Negro". This article related that while there is gross discrimination against the Negroes in New York City "the Negro of New York lives in a community that in principle at least, has set its face against race discrimination. There

~~CONFIDENTIAL~~

NY 105-27837

~~CONFIDENTIAL~~

are no white citizens' councils here. Indeed, no public figure or organization and no newspaper openly advocates legalized segregation or similar measures of unequal treatment for the Negro. On the contrary, public pronouncements regularly condemn discrimination. The city administration from Mayor WAGNER on down is committed emphatically to a policy of non-discrimination and racial equality."

This same article stated "A Negro migrant to New York from the deep South recently observed: 'I'd rather be a lamppost in New York than the Mayor of a city in Alabama.' His views are backed by a consensus of experts that conditions for the Negro here are the best among major cities of the country. Experts agree that no serious violence between racial elements in the city has occurred for more than a decade."

Information presently available seems to indicate that any efforts to be exerted by the New York State White Citizens Council in their campaign for "racial consciousness" will be limited to literature distribution and discussion forums. However, in view of the information set forth with respect to the leader of this organization, ROBERT L. HOMMEDEU, it is questionable whether he will exert any serious and dedicated efforts on behalf of the New York State White Citizens Council towards even these limited activities.

Based upon the information set forth, it does not appear that sufficient support would accompany any movement directed towards disrupting existing integration nor impeding any further integration to the point where violence or interference with federal court orders would follow.

In view of the foregoing information negating any future serious integration problems in the New York area and pursuant to referenced Bureau letter of 10/15/57, it is the determination of the NYO that the captioned organization or its components will not become involved in any trouble arising due to integration problems. Due to such determination and pursuant to Bureau letter of 10/15/57, the NYO at this time will not actively undergo a program of informant and source development in line with referenced Bulet of 10/9/57.

It is being noted that [redacted] has without any solicitation by the NYO volunteered information regarding L'HOMMEDIEU and the New York State White Citizens Council. On October 14, 1957, the United States Supreme Court declined to review the appeal of John Kasper, executive secretary of the White Citizens Councils of District of Columbia, in connection with his conviction for contempt for interference with desegregation in the Clinton, Tennessee, High School. Kasper was taken into custody by United States Marshals on October 17, 1957, in Washington, D. C.

A source, who has furnished reliable information in the past, has advised that on the day after Kasper's arrest, [redacted] and other members of the captioned organization began making plans for picketing the United States Supreme Court in protest of the Court's action in not reviewing Kasper's case. In this regard Kasper's attorney was to have been contacted for the purpose of determining the legal implications in conducting the picketing. November 8, 1957, is the date set for this demonstration which coincides with the date on which Kasper's attorney will file a motion with the Supreme Court for a rehearing of Kasper's case.

In addition, the same source made available a sticker and two leaflets which were printed by the Seaboard White Citizens Councils on October 20, 1957. On the sticker is printed a cross and the words, "The Klan Rides Again!" One of the leaflets, which is captioned "What Is The Supreme Law Of The Land?" is a condemnation of the United States Supreme Court for its refusal to hear Kasper's appeal. The other leaflet captioned "Public Enemy Number One," which is extremely anti-Semitic in nature, also attacks the United States Supreme Court as well as the press. This document contains such statements as "We pledge our lives to the task of making the Communist Supreme Court rue the day they ever sent a white leader, John Kasper, to jail," and "Death to our enemies!" One Photostat of each leaflet and one Photostat of the sticker are being furnished you herewith.

Regarding the statement "Death to our enemies!" the source advised [redacted] remarked that "they" know where guns may be obtained for \$24 each and had commented on the purchase of rifles to be stored.

In connection with the sticker referring to the Klan, [redacted] remarked that Klan uniforms are \$8 each.

Edwin Schade, deputy clerk, United States Supreme Court, has advised that Kasper's attorney has until November 10, 1957, to file a motion for a rehearing of the petition for certiorari.

T. Perry Lippitt, United States Marshal of the Supreme Court, advised that the Court will not be in session from noon, October 28, 1957, until November 12, 1957.

Attached are three photostatic copies each of two leaflets and a sticker which were furnished on [redacted] by PSI [redacted] (protect). The PSI stated that the two leaflets were printed Sunday, 10/20/57, by the Seaboard White Citizens Councils.

Potential Security Informant
One leaflet is headed "Public Enemy Number One" "Jewspapers." It is followed by a cartoon depicting a supposedly newspaper representative sticking a "press rat" on JOHN KASPER. Below the cartoon are various scurrilous comments, including referring to the Supreme Court as "Supreme Snots". It ends with the following comments:

"Honor, Pride, Fight"
"Save the White"
"Death to Our Enemies!"

The second leaflet is two pages and is headed "What is the Supreme Law of the Land." It refers to various legal decisions. Both of the leaflets appeal for contributions to be sent to the Seaboard White Citizens Councils, Suite 5, 1047 - 31st Street, N. W., WDC.

The sticker is approximately 1 1/2 by 2 1/2 inches. It has a red border enclosing a cross and the words "The Klan Rides Again!" The markings are all in red.

Regarding the comment "Death to Our Enemies:," the PSI also has advised that [redacted] remarked that "they" knew where they could get guns for \$24.00 apiece. On 10/22/57, the PSI furnished a report dated 10/19/57, which stated that [redacted] commented on the purchase of rifles to be stored.

It's a great day for the reds, kikes, pinks, liberal slobs, and broad-bottomed, pot-bellied politicians everywhere. Haul down the flag boys; the reds are here. White America weeps while the jewspapers' jackals (liars for hire) howl in glee.

Yes, the Supreme Snots have spoken - John Kasper goes to jail. WHY? Because Kasper has exposed the degenerate scum who are working for a one-world, one-race, one-color dictatorship with jew control at the top.

Rally boys. Raise that banner. Stand your ground. Attack the devils. We've given 'em hell before - we won't quit now. We pledge our lives to the task of making the Communist Supreme Court rue the day they ever sent a white leader, John Kasper, to jail. We've just started this fight. Send some funds at once, today, that we can go on. Join up with us if you're qualified. Don't just stand there. Do something NOW! TODAY! is unenforceable. The Fourteenth Amendment in Section 5 provides:

"The Congress shall have power to enforce, by appropriate legislation, the provisions of this article."

The Congress has never passed any legislation to enforce the Fourteenth Amendment with respect to schools, therefore, the Supreme Court in its zest to legislate and enforce its views as sociologists and psychologists has rendered a decision which cannot be legally enforced unless and until Congress provides enforcement legislation.

The Kasper case would have to be reversed if the Supreme Court granted an appeal so we long ago anticipated that rather than expose the dilemma it had itself created, it would refuse an appeal by simply deciding that Kasper's Petition for Certiorari be "denied". As that is the case, as we expected, then the moral is: Communists, traitors, rapists, and murderers have their day in Court and their Constitutional rights (perhaps more) zealously protected, but a segregationist is deprived of established Constitutional rights and off he goes to the penitentiary.

We offer to all good Americans a neat, pocket-size edition of the Constitution of the United States, printed by the Government Printing Office of Washington. Carry it with you and know your rights. Price 10¢ plus 5¢ mailing costs.

The American Revolution first occurred in the minds of the people. It occurred more than 20 years before the first musket was fired. It was won as a lawsuit, a legal "case" FIRST, later by heroic courage on the battlefield. First, the colonists had to establish their moral position; had, in the beginning, to establish legality and show that the British were "offside", were illegal in their oppressive money policy, in coercing colonists to quarter British soldiers, etc.

Then it was "the redcoats are coming." Today it is "the reds are coming." The unique and unequalled service performed by John Kasper and the Seaboard White Citizens Councils to Constitutional government and White America is that they have defined the legal basis of segregation, States' Rights, and freedom of speech for all America. The Seaboard White Citizens Councils have torn the mask from the race-haters and race-destroyers on the Supreme Court and have exposed the 20th Century enemies of the American Constitution.

The legal right is established and the tyrannical acts of judicial despotism of the High Court are revealed to all through the many exhausting lawsuits initiated by John Kasper and the Seaboard White Citizens Councils.

One of America's greatest Constitutional lawyers, Mr. J. Benjamin Simmons, 1025 Vermont Avenue, N.W., Washington, D.C. has served without compensation in patriotic defense of white men's rights, States' Rights and Constitutional government. Mr. Simmons cannot continue the struggle nor can John Kasper remain out of jail unless funds are immediately forthcoming from White America to continue the legal effort to regain our rights.

Have you ever given for your country? It is the same as protecting one's own children. We need funds urgently and immediately if the great gains we have made over a satanic enemy in the last year and a half are to be conserved and pressed forward.

Don't hesitate. Today send your contributions to the John Kasper Legal Attack Fund. Tomorrow will be too late.

WHAT IS THE SUPREME LAW OF THE LAND?

We hear so much of this phrase these days, and it is used by people holding responsible government positions, in connection with Supreme Court decisions that it is important for people to know just what is the Supreme law of the land.

We turn to the Constitution of the United States to find the authentic answer: Article VI, paragraph 2, provides:

"This Constitution, and the Laws of the United States which shall be made in pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the Supreme law of the land."

There is the answer to this question, for all to read and know. When you hear some politician, sociologist, psychiatrist, or other crackpot say that a decision of the U.S. Supreme Court is the Supreme law of the land, you can immediately brand him to be the ignoramus or liar that he is and let him take his choice.

This is just another phoney way to cram integration and mongrelization down our throats. It is used frequently by the NAACP and Communists and their hirelings and by those unscrupulous Government officials who have sold out to them. They are politicians who will sell their souls for votes.

Now that the Supreme Court has gone out of its way to free a group of West Coast Communists; declared State laws against treason and sedition to be unenforceable and freed a convicted rapist on the ground he was held in custody too long before he signed a confession; has ordered State Boards to admit confessed Communists to practice law, there is consternation in other quarters than the South.

A segregationist was convicted of criminal contempt of Court for advocating "getting the Negroes out of white schools", and the U.S. District Court and a Circuit Court of Appeals has held this advocacy is not protected under the First Amendment (freedom of speech) of the Constitution. On the other hand, the Supreme Court has held (Yates case, decided June 17, 1957) that persons "Advocating the overthrow of our Government by force and violence" are protected under the First Amendment. The conviction of these 14 Communists after a trial by jury in the U.S. District Court for the Southern District of California was accordingly reversed and they and others of their kind are free again to continue openly and notoriously advocating the overthrow of our Government by force and violence. Our Supreme Court protects them by saying this is freedom of speech. Yet, when a segregationist advocates getting the Negroes out of white schools and "keeping our white schools white", then the Courts say this advocacy is not protected by freedom of speech. The Kasper case was presented to the Supreme Court on a petition for certiorari. The Supreme Court has refused to hear the Kasper case. In so ruling, Kasper has been denied his last legal remedy. On the very day Kasper was "denied", the Supreme Court turned loose 3 notorious reds on technicalities. In the face of the extreme tolerance shown Communists by the Supreme Court, especially with respect to free speech, we fail to see how the Supreme Court can deny others who are not Communists their right to free speech. However, the Court would never give a segregationist his day in Court. It would be embarrassing to that Court to have to decide that all that Kasper said was protected under the First Amendment and let him go free. The Court would never turn Kasper loose because the Communists and left-wingers wouldn't like it.

Also it would be embarrassing for the Supreme Court to have to decide that since the Brown case (school case) was bottomed on the Fourteenth Amendment, that its decision

Re Newark letters to Bureau, 10/17/57 and 10/18/57,
and Bulet to Newark, 10/22/57.

Newark letter of 10/18/57 reflects that an article in "The Daily Princetonian," Princeton, N. J., dated 10/14/57, relates that Princeton University issued a statement to the effect that it was inconceivable that a White Citizens Council would be set up at Princeton since its formation would be foreign to everything the University stands for.

On 10/24/57 SA THOMAS S. LOVERING was conferring with

[redacted] who is an established contact of SA LOVERING. At that time [redacted] mentioned the articles appearing in "The Daily Princetonian" and stated that, as far as he has heard, no one at the University thinks there will be any White Citizens Council formed there.

On 10/29/57 SA LOVERING had occasion to contact

[redacted] an established contact. At that time [redacted] advised SA LOVERING that he had been talking to the Dean of the College, Mr. JEREMIAH FINCH, and to President ROBERT GOHEEN regarding the articles appearing in "The Daily Princetonian." He advised that he and the others feel that the whole thing is something "on the other side of the Hudson," and that none of them heard anything indicating any interest at Princeton University in forming a White Citizens Council.

In view of the above and since it is felt that through his routine contacts with established sources at Princeton University, SA LOVERING would learn of any attempt to form a White Citizens Council at the University, it is not believed further action in this matter is necessary at this time.

[redacted] advised on 1/13/58, that CROMMELIN left Washington either late Thursday 1/9/58, or early Friday, 1/10/58, and that he did not go to Orange, Va. As a result the organizational drive scheduled for Winchester, Va., on 1/11/58, was canceled. The informant stated that according to SYLVIA DINNEEN, recording secretary of captioned group, they are not going to Winchester on 1/18/58, either. The informant pointed out, however, that officers of captioned group change their mind from day to day on such things. The informant will advise WFO if the group changes its mind again and decides to journey to Winchester.

The informant stated that it was his impression that FLOYD H. FLEMING, executive secretary of the Seaboard Councils, obtained the reprints.

A copy of the reprint was furnished by the informant and it consists of a talk by Attorney W. E. MICHAEL of Sweetwater, Tenn., before the Civitan Club of Knoxville, Tenn., on 3/16/57. The talk was printed in the "Congressional Record" at the Senator's request.

The reprint was in a Manila envelope which was sealed and which bore the franked signature of RICHARD B. RUSSELL, U.S.S.

A Tragedy of Errors

REMARKS

OF

HON. RICHARD B. RUSSELL

OF GEORGIA

IN THE SENATE OF THE UNITED STATES

Friday, August 23, 1957

Mr. RUSSELL. Mr. President, I ask unanimous consent to have printed in the Record an able address delivered by Hon. W. E. Michael, an attorney of Sweetwater, Tennessee, before the Civitan Club of Knoxville, Tenn., on August 16, 1957.

Mr. Michael is an author on legal subjects, and has recently written a book entitled *The Age of Error*, which clearly points up the lack of Constitutional basis of the school integration decisions recently handed down by the Supreme Court.

This able address deals with the methods employed by district courts to enforce the monstrous decision in the Brown case. It clearly depicts the perversion of our judicial processes which was sure to follow judicial law based on psychology and the findings of a Swedish socialist rather than the Constitution and established law.

There being no objection, the address was ordered to be printed in the Record, as follows:

(By W. E. Michael, attorney, Sweetwater, Tenn., author of the *Age of Error* (Vantage Press, Inc., New York))

In July 1957, in the United States district court at Knoxville, Tenn., a trial was held which could be accurately designated a "Tragedy of Errors." Had it not been that basic principles of human freedom were at stake, this trial might well have been named after one of Shakespeare's immortal plays, *A Comedy of Errors*. Sixteen citizens of Anderson County were first accused of criminal contempt for violating an injunction to which they were not parties. Later they were charged with having conspired with John

Kasper to violate the same injunction. All circumstances indicated clearly that they were so joined because that was the only way in which they could possibly be accused, much less convicted, of any crime.

NEW TECHNIQUES

In this trial the new technique of Government by injunction, rather than the ordinary processes of law, made its bow to American jurisprudence.

In this trial was demonstrated the method by which the Supreme Court of the United States evidently intended, through the Department of Justice, to enforce against the South the philosophy of the Supreme Court as expressed in the school-integration cases.

In this contempt trial, for the first time in the memory of any of the lawyers for the defense, newspapers were admitted as evidence of a circumstance to show proof of notice of an injunction.

In this trial, through motion pictures, magazine articles, pictures and snatches of extraneous and unrelated fragments of circumstances, the Government undertook to, and evidently did, to the satisfaction of the jury, make out a case of guilt by association. Guilt by association is repugnant to every concept of American justice. It debases and violates the very fundamental proposition of law that one charged with a crime is presumed to be innocent until proven guilty beyond a reasonable doubt by competent and credible proof.

The 16 Anderson County defendants were represented by more than 12 lawyers from 7 different States (6 from Tennessee), representing an aggregate of more than 300 years' experience, either upon the bench, or at the bar of justice. The fact that six of these defendants were convicted of a crime (conspiracy) which the defense believed had never even been committed, or if committed, certainly never proven by competent evidence, indicates the very grave dangers which we face if these new techniques of modern jurisprudence supplant the time-honored checks and balances of our historical form of government.

NO REFLECTION UPON THE JUDICIARY

I do not intend any reflection upon United States District Judge Robert L. Taylor, a personal friend of mine, an honorable man, and

a conscientious judge, nor upon the able district attorney, John Crawford, and his equally able staff. I have the greatest reverence for all of our courts as institutions of government; but when any of these courts impinge upon our constitutional freedoms, it is the privilege of every citizen to disagree with such decisions, and that it is the duty of a lawyer to speak frankly, and forcefully for the purpose of correcting such errors and of preserving those principles of free government which we all cherish.

HISTORY OF CLINTON CASE

On December 5, 1950, a suit, known as the Jo Heather McSwain case, was filed on behalf of a small percentage of the Negro students in Anderson County. This suit was sponsored and prosecuted by the N. A. A. C. P. and its nonresident Negro lawyers. The purpose of this suit was to require the Anderson County School Board to admit these Negro students to the white schools in Anderson County.

When the case came to trial in the United States District Court at Knoxville, Judge Taylor denied the petition for integration. While the case was on appeal, the Supreme Court of the United States in the now famous integration case (*Brown v. Topeka*) handed down an opinion on May 17, 1954, holding that the 14th amendment prohibited the operations of segregated public schools by a State, even if school facilities were equal.

As a result of the Supreme Court action, the court of appeals reversed the Anderson County case, and Judge Taylor, on January 4, 1956, entered an order against the Anderson County School Board in which it is said: "It is the opinion of this court that desegregation as to high school students in that county should be effected by a definite date and that a reasonable date should be fixed as one not later than the beginning of the fall term of the present year of 1956." Let us observe in passing that this order was not limited, as we insist that it should have been, to ordering the Anderson County School Board to admit the petitioners under the opinion of the court of appeals, but it went further and ordered the desegregation of all high schools in Anderson County. In other words, all the other colored children were then to be forced to go to the white school whether they wanted to go there or not. In fairness to Judge Taylor the order which he entered appears to be exactly in keeping with what the Supreme Court had in mind in its opinion and orders in the case of *Brown v. Topeka*. The objection to it is that the order and the opinion of the Supreme Court were contrary to the law of the land, in violation of the Constitution of the United States and of the constitutions and statutes of the Southern States, to which alone the decision applied.

Ten of the Clinton defendants were either acquitted by the jury, or the charge as to them was dismissed, but not until these

citizens, who stand "not guilty" of all charges, had been terrorized, humiliated and branded as hoodlums. They had been put in irons, kept in jail, paraded in front of television and newsreel cameras, torn from their homes, and their jobs and forced at great sacrifice to attend numerous hearings and to spend many days in court.

Were it possible to do so, the entire record of this contempt case should be written and should be required study in every school in the land. Under the proof introduced by the Government and upon which the conviction of the six Clinton defendants rests, any person present or any person reading, these words could have been convicted had that person simply happened to walk along a street in Clinton, sit in a parked automobile, attend a public meeting, sign a petition, appear before the school board as an interested patron, or do, while in Anderson County, any of the other lawful acts shown to have been done by any of the 16 defendants.

FACTS OF THE CASE

What were the facts in the case? Without leaving out any important matter intentionally, and certainly without misquoting or misconstruing any part of the evidence intentionally, this is in substance what happened. John Frederick Kasper came to Clinton, Tenn., about August 25, 1956, without the knowledge of any of the local defendants. He had been there only 2 or 3 days when an injunction was issued against him and others not now parties to the present contempt proceedings. Pertinent provisions of that injunction are as follows:

"It is ordered and decreed by the court that the aforementioned persons, their agents, servants, representatives, attorneys, and all other persons who are acting, or may act in concert with them be, and they are, hereby enjoined and prohibited from further hindering, obstructing, or in anywise interfering with the carrying out of the aforesaid order of this court (the desegregation order) or from picketing Clinton High School, either by words, or acts or otherwise."

On the 4th day after his arrival, Kasper was convicted of violating the injunction, at which time he was sentenced to a year in prison.

A White Citizens Council, composed of more than 500 outstanding citizens of Anderson County, was formed for the purpose of trying to prevent mixing of the races in the local schools. Almost 500 citizens and patrons of Anderson County signed a petition to the school board to that effect, several weeks before Kasper's arrival. Local citizens of Anderson County filed at least two suits in the State courts seeking to prevent such integration and some of the defendants were parties to those suits. Others appeared before the school board and requested that the board take legal steps to avoid race mixing. All of these things

law would become a rule of caprice, a Government of men and not of law. We should consider the serious import of the developments just discussed upon the lives of those whom they are ostensibly designed to help—that is, the southern Negro. The southern Negro has been making great progress in the last 25 or 30 years. The South has developed a sort of peaceful coexistence. None are so blind as those who will not see the difference between civil and political rights, and social or personal privileges.

People from the North and East particularly who are pushing integration, are acting only under the guise of friendship for the southern Negro. For the most part, they are spreading the type of unrest that is such a strong weapon of communism. They may be doing it unwittingly, but nevertheless, that is what they are doing. Many integrationists are interested only in who gets the electoral vote in States such as Illinois and New York, where the Negro vote in Chicago and Harlem may mean the difference in winning or losing a presidential election.

The southern Negro is being used as a pawn in the great game of national (or international) politics. He will lose more than any other citizen if his constitutional guaranties are taken away. He may be cajoled into believing that he is receiving some transient advantage by forcing white people to accept him into white schools, but every intelligent southerner must know that it would be against the best interests of the

446115—64189

southern Negro and against his better judgment.

The opposition to the Supreme Court's trend of opinions in integration cases, as well as the widespread dissatisfaction of the Court's decision in cases dealing with communism, is predicated not upon racial hatred or bitterness, but upon love of country and of Constitution, and a desire to continue a way of life that has proven itself to be, if not perfect, at least peaceful.

There has been more interracial strife in the United States, and particularly in the South, since Black Monday in May 1954, than there had been in any period of time of double that length: since Reconstruction days. These integration decisions have brought grief to the entire country. They are generating hatred, distrust of the law, enmity between the races, and will bring economic and political chaos. It behooves every citizen of this country to face the facts and take up the cudgel against any judicial act that threatens our constitutional form of government. One way is a continuance of our way of life—the preservation of written constitutional Government. The other way is usurpation of power by the courts, rule by injunction rather than by statute, and execution by the courts rather than by the executive branch of the Government. It may have attached more importance to recent developments than they deserve, but honesty and candor force the inescapable conclusions that it is even later than you think.

low, but boldly "rejected" all the law on the subject prior to the a majority of that Court came upon the bench. Having taken this first bold step, the Court then proceeded to find that segregated schools "were inherently unequal" and that maintaining such public schools by the States violated the 14th amendment and frustrated the children of the minority group (evidently meaning the Negro children) by "generating a feeling of inferiority as to their status in the community that may affect their hearts and minds in a way unlikely ever to be undone." The opinion gives no history for this finding, unless it comes from the textbooks cited, nor does the opinion indicate how frustration could bestow jurisdiction upon a Federal Court when it would otherwise have none.

THE CONSTITUTION SAYS

The 10th amendment to the Constitution of the United States specifically provides that all powers not delegated in the Constitution to the Federal Government were reserved to the States and to the people. The exclusive jurisdiction of a State over its schools has been repeatedly reaffirmed by the Supreme Court. No jurisdiction of their schools has ever been given to the Federal Government by the States, or the people.

The 14th amendment says: "No State shall deny to any person within its jurisdiction the equal protection of the laws." There could be no serious doubt as to the meaning of this amendment. It was interpreted many times by jurists and statesmen who were living at the time of its passage. It meant "protection of the laws," not social, and dealt only with political, not social, affairs.

In 1896, the Supreme Court of the United States decided the case of *Plessy v. Ferguson* (163 U. S. 537) wherein it declared that in a case involving interstate commerce, that if the State provided separate but equal facilities for the races, that the plaintiff in that case, a Negro, was not denied any right guaranteed him under the 14th amendment to the Constitution when he was required to ride in the space set apart for his race.

Later, the same question, involving schools, came before the Supreme Court a number of times, as in the case of *Cummings v. Board of Education* (175 U. S. 528) and, as late as 1927, in a case involving a Chinese girl, *Gong Lum v. Rice* (275 U. S. 78), the question of the constitutionality of the Mississippi constitution was tested in the light of the 14th amendment. In all of these cases the Supreme Court repeatedly held: (1) That the question of whether the public schools of a State should be segregated was purely a question, under the 10th amendment of the Constitution, for the individual States to decide; (2) that the terms employed in the 14th amendment applied to political rights and not to social rights.

In other words, many years ago, the Supreme Court gave the lie to the modern propagandist's device by which he contrives

to make it appear that going to school in a desegregated school is a civil right. The Supreme Court has often rejected any such theory in strong language and this rejection had been and was the law of the land.

THE COURT HAS SAID

In *Plessy v. Ferguson* the Court said: "The object of the amendment (14th) was undoubtedly to enforce the absolute equality of the two races before the law but in the nature of things, it could not have been intended to abolish distinctions based upon color, or to enforce social as distinguished from political, equality or commingling of the two races upon terms unsatisfactory to either."

In the *Cummings* case the Court said: "Any interference on the part of the Federal authorities with the management of such schools cannot be justified, except in the case of a clear and unmistakable disregard of rights secured by the supreme law of the land."

Let it be remembered that the supreme law of the land is the Constitution of the United States and the treaties made thereunder.

In the *Gong Lum* case the Court said: "The right and power of the State to regulate the method providing for the education of its youth at public expense is clear * * *. The decision is within the discretion of the State in regulating its public schools and does not conflict with the 14th amendment."

The decision mentioned was from the Supreme Court in Mississippi, which was affirmed.

In overruling and rejecting the law of the land, and in substituting therefor an unsupported finding that the 14th amendment, contrary to what the Supreme Court had always said, prohibited segregation of the State owned and operated public schools, the Court exercised a legislative function and wrote into the records of this country a new and different statement of the law and one which we believe it had no authority to write. After having written that law, then the Supreme Court ordered its enforcement with all reasonable speed. It was that order that brings us back to the Clinton, Tenn., contempt case. That is the key to the method by which the present Supreme Court evidently undertakes to enforce its legislation. Thus, we have the spectacle of the courts making the law, then interpreting the law, then providing for the enforcement of the law by injunction, then making that injunction effective against everyone by charges of conspiracy in criminal-contempt proceedings. This has the effect of making the courts the lawmakers, the accuser, the prosecutor, and the judge. Such a state of affairs is completely and utterly repugnant to everything that we hold dear in this country.

The problem before us transcends any question of racial integration. It cuts at the very heart of the Republic. Without a rigid adherence to a written Constitution and without the stern guidance of precedent, our

happened without Kasper's knowledge or participation, according to the evidence. Therefore, he could not have been responsible for them.

The vast majority of people in Anderson County were opposed to integrating the schools and were trying in every peaceful and legitimate manner possible to prevent it. As these efforts failed to produce results, tension began to mount and feelings ran high, until about the latter part of November and the first of December 1956, they reached a crescendo. Newspaper reporters, magazine writers, radio and television cameramen and news photographers descended upon the little city of Clinton. It must be said that a few local people basked in this new sunlight of publicity. The majority of them regretted it, but there was little they could do except to protest. These people knew that something sacred had been violated, but no capable local leadership appeared to correctly inform them as to the law and to assist and advise them in their struggle to protect their fundamental freedoms.

Instead, they were faced with a condition unique in this country. An injunction had issued against certain individuals as already described. No one apparently understood it and some believed that this injunction was against everybody in the county and prohibited everybody from doing anything that would interfere with desegregation. Mr. Sidney Davis, one of the lawyers in the case originally, and one of those who helped to initiate the injunction and contempt proceedings, admitted that he so construed the injunction. Every lawyer knows that there is no authority for issuing a broadside injunction. An injunction must be specific. It must identify the person enjoined, must be served upon them by an authorized person, and must inform the persons involved exactly what they can, or must, or must not, do. None of the 16 defendants was served with the injunction, nor was there any proof that they knew or understood it.

The people were also faced in Anderson County with a rule of "home guard." These were certain local persons organized into a sort of makeshift constabulary, armed with a variety of deadly weapons and permitted by the local authorities to go upon the streets breaking up any congregation of people, preventing any public speakings, and in general, suspending in Clinton, Tenn., the constitutional freedoms of speech, of assemblage, of petition, and of seeking redress for grievances. This so-called home guard actually threw tear-gas bombs into peaceful and unarmed groups where old men and women and little children were painfully injured.

WHY WAS KASPER INCLUDED?

When defenses were interposed for these 16 defendants under the attachment of December 5, 1956, it was evident that these defendants could not be prosecuted for violat-

ing an injunction to which they were not parties, unless they were either agents, employees, attorneys, or servants of, or acting in concert with, somebody who had been served with the injunction. Kasper was not even in Clinton when the event occurred on December 4, 1956, which precipitated this contempt proceeding, but he was the only one against whom the injunction was being prosecuted at that time. Furthermore, Kasper had received so much unfavorable publicity that most people were willing to convict him on general principles. The bringing of Kasper into this contempt proceeding with the 16 and charging them with having agreed with him in November, or in December, 1956, to violate the injunction, confesses a complete inability on the part of the Government to make out a case against the 16.

There was no evidence of any agreement or conspiracy between Kasper and any of the defendants. The Government did not produce a witness as to any such agreement or conspiracy, except the lawyer witness, Sidney Davis, who said that he helped to get out the petition for attachment against the 16 and while admitting that he had no evidence of a conspiracy between them and Kasper, he said, "I felt in my heart that they were working together." This is every word that the Government had upon which to predicate any proof of an actual agreement or conspiracy. In your mind, as American citizens, is that sufficient evidence upon which to convict and condemn to jail citizens who have done nothing more than to fight for their fundamental rights?

This is not a brief for or against John Kasper. Every concept of freedom requires that he be granted the constitutional guarantees of a fair and impartial trial, freedom of speech, and the presumption of innocence in any criminal case, until proven guilty by competent and credible proof beyond a reasonable doubt. On this basis, the Government's proof gives John Kasper a clean bill of health in this case. Let us look at part of the record briefly.

EVIDENCE AS TO KASPER

This is all the Government proved as to Kasper: he came to Clinton and met and talked to numerous people in their homes and in public places; he made public speeches at one of which a court reporter testified that she was present and recorded his speech, but not one word of it was introduced as evidence; he opened public meetings with prayer; he told members of the School Board of Anderson County that his purpose there was to try to get the Negroes out of the high school and to prevent the mixing of the races in public schools. This is no more than many hundreds of Anderson County parents and citizens told the school board orally and in writing. He did not say, and the Government witnesses did not testify that he said he intended to accomplish this end by any

but peaceable and lawful means. The proof further showed that some high school girls approached Kasper and asked him to help them form a teen-age White Citizens Council. He responded that he was under an injunction and that he could not do so, but that he could tell them where to write for a charter. He was arrested and tried in Anderson County for inciting a riot, in which suit he was found "not guilty" by an Anderson County jury. There is not one word of testimony connecting Kasper with any violence, overt acts, conspiracy or agreement with anybody to violate any injunction.

If Kasper was not proven guilty of such an agreement or conspiracy, then a verdict of guilty could not stand against any of the other six who were convicted. Can anybody believe for a minute that under such proof that there would have been a conviction against any of the 16, had not Kasper been brought in as a defendant in the desperation move?

AS TO TILL

Willard H. Till was shown to have been president of the White Citizens Council. He opened meetings with prayer, and publicly stated that under no circumstances did the White Citizens Council condone violence or illegal methods, but that its purpose was to try to restore to the people of Tennessee the right to have segregated schools in accordance with the laws and the constitution of the State of Tennessee. He presented six requests to the Anderson County School Board on the subject, two of which the board adopted. He was not shown to have been involved in any violence. Neither had he lifted his voice against any person. He was in the courthouse in Anderson County, Tenn., when Kasper was acquitted of inciting a riot. The motion pictures introduced by the Government showed Till walking down the corridor of the courthouse and stopping behind a group which was evidently where some of the witnesses were congregated, at which place he stopped and lightly placed his hand upon the back of a person unknown, but who was not Kasper. Apparently the only basis for convicting Till was the argument that "he didn't have to put his arm around John Kasper." As an American citizen, are you satisfied with another American citizen being convicted and facing a possible jail sentence or fine, or both, for the activities of the man Till, which I have just described? Would it add anything to the evidence against Till if it were shown that he did meet and talk with Kasper on 2 or 3 occasions and that on some other occasions they were in the same public meeting? This is "guilt by" association."

AS TO BRANTLEY

Lawrence Brantley was also convicted. The only proof concerning him was that his automobile was parked on a public street

near the Clinton School on several occasions, and that on December 4, 1956, he was seen standing in a large crowd some distance away from the school house and in front of the school recreation building. At some undisclosed time, Kasper had been seen on several occasions going to and from the home of Brantley. There was no proof that he had ever uttered a word, made any agreement, or performed any act even remotely connected with "desegregation" at the Clinton schools. Are you satisfied as American citizens that under the true facts which I have just given to you, Lawrence Brantley should be convicted of conspiracy, or criminal contempt and forced to either pay a fine, undergo a jail sentence, or both?

WHY THE CONTEMPT CASE?

The incident which occurred on December 4, 1956, when Kasper was not in town and which apparently occurred on the spur of the moment, and therefore could not have been the result of a conspiracy with Kasper, was a fist fight occurring between one of the defendants, Clyde Cook, and a certain preacher of Clinton, Tenn. Two suits are still pending in the courts of Anderson County against Clyde Cook on account of this fight and that is where the jurisdiction lies and where the question should be decided under our system of government. It had no place in this proceedings. Since a preacher was involved, it could be used, and was used, in the press and by radio and television to inflame the public—used by these forces who are fomenting all of this trouble and who are distorting the true facts to make it falsely appear to the Nation that only "hoodlums" oppose the integration of public schools in the South. This preacher announced from his pulpit that he was going to escort the Negro children to the Clinton high school. He went to the chief of police who took a dim view of the preacher's announced project. The preacher then went to the superintendent of schools who told him that the school board had complied with the Court's order by opening the high school to the Negro students. The preacher pointed to some automobiles parked along the street and said that the Negroes were afraid to go to school because of those automobiles. He was informed by the superintendent that such was simply a pretext; that the Negroes did not want to go to the white high school and he was not going to be a party to forcing them to go.

By some miraculous means, the Columbia Broadcasting System, Life Magazine and representatives of the press, radio and television, by the score, were on hand the next morning when this preacher started out to do what he called "his Christian duty." It is too bad that he could not obey the other admonition not to "parade his good deeds before men." Thus esconced in the sunlight of national publicity, the preacher and others proceeded without obstruction, hin-

drance or interference to deliver several Negro children to the white high school. There was some "heckling" the preacher said, but nothing else. The Negroes were taken inside the school and the preacher thereupon returned to the place where several people stood who had tried to remonstrate with him; apparently to "rub it in" a little. In the course of "rubbing it in," he became engaged in a fist fight with Clyde Cook. Apparently the preacher got the best of the fight. He is the one who should have been arrested and charged with creating the difficulties out there. Certainly Kasper was not there, and unless Kasper was one of the parties and unless that fight was a result of a conspiracy between Kasper and some of the defendants to violate the injunction, there could be no conviction in this case. The legal presumption of innocence should have resulted in the dismissal of the charges as to all defendants.

WHY?

You may well ask, "Why did the jury compound the error which began in the Supreme Court and worked its way down to a local situation in Clinton, Tenn.?" Time will not permit a discussion of a multitude of details. Rather we should consider the one overpowering misconception which pervades the subject of school segregation. This great misconception is that there is a law requiring the integration of schools in the Southern States. There is no such law. There is a \$10,000 cash reward for any person who can point to a single existing constitutional provision or any statute duly enacted either by the Congress of the United States, or by any of the Southern States requiring or authorizing the integration of the Negro and white children in the public schools of these States.

We are not talking about integration in Illinois. If the people of Chicago and of Illinois want to integrate their schools, that is their business and they have a constitutional right to do so. If we don't want to integrate ours, we have a constitutional right not to do so. Nevertheless, because the Supreme Court of the United States rejected all the known law on that subject and proceeded to order integration in certain of the school cases then before it, the false impression has grown up that "desegregation" is the law of the land. The Constitution of the United States defines the "supreme law of the land" to be the Constitution and the treaties made under its authority. The decision of the Supreme Court in the integration cases is the law of the case in each individual instance and is binding upon the lower Federal courts, upon the officers of that court and upon the parties to those lawsuits and those who are working by or through them. It is not yet the law of the land. It will never become the law of the land unless it is legitimized by constitutional amendment and unless it stands the test of time.

This whole case, therefore, was predicated upon the misconception that when anyone did anything to interfere with, obstruct, hinder or oppose the integration of the white and Negro students in the public schools of Tennessee, that that person was a criminal and was in violation of the law.

LAW OF THE LAND OR LAW OF THE CASE

Almost every medium of public information in this country has undertaken to confuse the issue and compound the error by making it appear that there is a valid law or constitutional provision requiring the Southern States to "desegregate" their schools. It is hard for laymen to distinguish between the law of the land and the law of the case. But when precious liberties are involved, it is necessary to make that additional mental effort and to draw a clear line of demarcation between that which is law and that which is not the law. Every court order is not a law. A valid court order must be obeyed by all properly included within the order, and the question of whether it is a valid order is always subject to review.

Under our Government of checks and balances, the people enact constitutional provisions, or changes. They elect the legislative branch of the Government which is charged with enacting the laws. They elect the executive branch of the Government which is charged with enforcing the law. The judicial branch of Government is charged with interpreting and applying the laws.

In performing its function the judiciary has always felt itself bound by the rule of precedent, or of what we in law call *stare decisis*. That is the doctrine that when a court of last resort, such as the Supreme Court of the United States, has interpreted a law, or made a decision which is solidly predicated upon constitutional authority, and when that decision is accepted by the other coordinate branches of the Government, and by the people, having stood the test of time, it then becomes what is known as a precedent. When it is written into the records of the law and is cited by lawyers and judges as a part of the body of the law, it may be referred to as the law of the land. Without the guiding hand of legal precedent, our whole system of jurisprudence would be like a ship without a rudder.

Our present Supreme Court in the integration cases abandoned the doctrine of *stare decisis* and "rejected" the precedents of many cases throughout many years; giving as its reason for such rejection, its inability to discover, even by independent investigation, the meaning of the 14th amendment to the Constitution at the time of its passage and its doubts as to the amount of psychological knowledge available in the 1890's. Whereupon the Court then proceeded to cite "modern authorities," consisting of numerous socialistic textbook writers. In other words, the Supreme Court refused to fol-

A Washington Field Office informant in the White Citizens Councils of District of Columbia (WCCDC) has advised WCCDC obtained from United States Senator Richard B. Russell (Democrat - Georgia), or someone "connected" with him, 4,000 reprints of an article "A Tragedy of Errors," which was printed in the "Congressional Record" at Senator Russell's request. This article consists of a talk made by Attorney W. M. Michael of Sweetwater, Tennessee, before the Civitan Club of Knoxville Tennessee, on August 16, 1957.

According to the informant, the reprints are in manila envelopes which bear Senator Russell's frank and can be sent to anyone the WCCDC designates.

This is not a violation within the Bureau's jurisdiction.

The facts in this matter were presented by Liaison Agent Whaley to Chief Postal Inspector David Stephens as a hypothetical case. Stephens advised that he did not consider the above facts to be a violation of postal laws and he would not be anxious to receive a complaint of this nature.

RECOMMENDATION:

In view of the above facts this information is being furnished only to the Deputy Attorney General for his information. A letter to Deputy Attorney General is attached for your approval.

An informant of our Washington Field Office has advised that the White Citizens Councils of District of Columbia (WCCDA) has received from Senator Russell's Office 4,000 reprints of an article which was printed in the "Congressional Record," at Senator Russell's request. This article was placed in approximately 4,000 envelopes which were sealed and had been furnished to the WCCDA for dissemination.

Today, Mr. Whaley of the Liaison Section contacted Chief Postal Inspector David Stephens and during the conversation asked the Chief if a Congressman or Senator took articles from the "Congressional Record," had them reprinted, placed them in his own private sealed envelopes, and then furnished to an independent agency for mailing, if this would be a postal violation. The Chief was advised that Mr. Whaley was only mentioning the above as a hypothetical case and wondered if the Chief could advise whether a postal law would be violated. Senator Russell's name was not mentioned.

Chief Stephens stated that the Post Office has received complaints of similar incidents in the past and specifically referred to a recent case in the State of New Jersey that was almost identical with this case and he stated that the Post Office had resolved the matter in favor of the Congressman, stating that it was felt that the independent agency had only done the Congressman a favor by addressing the envelopes. He stated that it would have been perfectly legal for the independent agency to furnish its mailing list to the Congressman and he in turn could have addressed the envelopes. The Chief stated that he, himself, would not consider the above facts to be a violation of postal laws. He stated that it could possibly be a minor technical violation but he was sure.

For your information a confidential informant, who has furnished reliable information in the past, advised on January 10, 1958, that according to [redacted] secretary-treasurer of captioned organization, Admiral Crommelin, probably referring to Admiral John Crommelin (retired) of Alabama who has been active as a pro-segregationist, was in Washington, D. C., and on January 10, 1958, planned to go to Orange, Virginia, to visit the author of "Iron Curtain Over America."

b6
b7C

John Beaty, professor at Southern Methodist University in Dallas, Texas, is the author of the book "Iron Curtain Over America" which has been branded as anti-Semitic by B'nai B'rith.

The informant also stated he had learned from [redacted] that Floyd Fleming [redacted] and [redacted] planned to conduct an organizational campaign at Winchester, Virginia, on January 11, 1958, and if they were unable to travel to Winchester on that date plan to go on January 18, 1958.

b6
b7C

With regard to the above on January 13, 1958 the informant advised that Admiral Crommelin was to have met the above-named individuals at Winchester after visiting Orange, Virginia. Inasmuch as Crommelin did not go to Orange as scheduled no organizational campaign was conducted at Winchester on January 11, 1958. The informant stated plans for January 18, 1958, with regard to an organizational campaign at Winchester are indefinite.

In addition to the above the informant advised on January 10, 1958, that [redacted] said "some people who know some people" are going to try to get John Kasper transferred to the prison library and it would be within a month.

b6
b7C

John Kasper was formerly executive secretary of the White Citizens Councils of District of Columbia. On August 31, 1956, he was sentenced to one year in prison for "willful contempt" in connection with his activities relating to desegregation in the Clinton, Tennessee, High School. On November 22, 1957, he began serving his sentence at the Federal Correctional Institution, Tallahassee, Florida.

THE COMING RED DICTATORSHIP

**ASIATIC MARXIST JEWS CONTROL ENTIRE WORLD AS
LAST WORLD WAR COMMENCES. THOUSANDS
OF PLOTTERS PLACED IN KEY POSITIONS BY INVISIBLE
GOVERNMENT. FEW WERE EVER ELECTED.**

I. The information printed here is not available from any of the regular channels of information which are controlled by our enemy.

II. Read carefully and judge for yourself about what is wrong with America.

III. UNLESS YOU ACT AT ONCE to stop this plot which has been steadily progressing for many years, and especially the last 20 years, and now has its key men in the desired positions of power, ready to pull the strings which will submerge Gentile humanity forever.

IV. Every Senator and Congressman is constantly voting on questions concerning the world crisis, yet few have the guts to tell the people what is back of the entire world crisis and to advocate measures to counteract it.

V. Rather than endure the smear that would come their way, many members of Congress are willing to sell their own future generations into slavery. Spineless creatures engrossed with the egotism of the

importance of their positions and thinking they are the all-wise mentors of the nation passing on its vital questions, whereas they are guilty of the grossest hypocrisy of all times in evading the one and all important issue which is the foundation of all other questions. They are presiding over the dissolution of the white race.

VI. Many members of Congress desire to lead a life of hypocrisy and escape the real issue, leaving it for others, who, in like manner, leave it for others, and all touch it not. Thus the internal enemy has a free and untrammelled field in which he is moving rapidly forward to the climax.

VII. Needed is a simultaneous effort of a large group of Senators and Congressmen to expose this plot because there is protection in numbers. The public could thus be aroused, and once aroused, would give them its support, and smear of individuals could not take place when a goodly number act simultaneously.

VIII. Communism is a Jewish world mastery plot.

IX. It is the Jewish plot to enslave the Gentiles and to rule over them as kings over slaves.

X. The Jews consider this their destiny as "the chosen people".

The Russian revolution was financed by Jews, Jacob Schiff, Otto Kahn & Paul Warburg, of Kuhn, Loeb & Company, New York bankers. They advanced 48 million dollars and trained 276 Jewish revolutionaries in New York City on the lower East Side who were shipped to Russia in 1917 to direct the overthrow of the government and set up the present Communist government of U. S. S. R. They passed through Germany (with whom we were then at war) by permission of Paul Warburg's brother, who was the Kaiser's Chief of Espionage, and permission of the German Chancellor, Von Bethman-Hollweg (Jew). Trotsky and Lenin were the leaders. All attempted assassinations and assassinations of Czars were carried out by Jews.

World War III is to exhaust the nations so that they will agree to a Jewish world government. The Jew-controlled United Nations is to be the world government; the flag of the United Nations is taken from the flag of Israel and Russia.

The world crisis is made by BERNARD BARUCH, FELIX FRANKFURTER, LEHMAN, JAMES PAUL WARBURG, LEWIS L. STRAUSS (of Kuhn, Loeb & Co., and who was recently appointed Chairman of the U. S. Atomic Energy Commission by EISENHOWER), ROTHSCHILD estate, MORGENTHAU, EINSTEIN, and the rest of their Jewish conspirators.

Why do Jews talk of the crisis we have with Russia? They control the governments of Russia, England, France, Israel, and the United States. The crisis is their own making, brought about by them in order to put us in a military straitjacket to them.

WHY IS JOHN KASPER IN JAIL?

JOHN KASPER
America's First Political Prisoner

John Kasper is in jail because in the process of fighting for segregation and the Constitutional rights of all citizens, he exposed the jewish-communist conspiracy behind racial integration and the corrupt politicians who would sell their people into slavery for personal gain.

For years, the jewish-communist controlled press had kept the truth from the American people. They had effectively smeared every man who attempted to break their barrier of lies.

But John Kasper was different. He refused to quit, even under their most vicious smears. His supporters were growing day by day. The people were at last being awakened and organized for effective resistance to jew-communist integration. John Kasper had survived their smear campaign and become stronger as a result of it.

The situation had become desperate for the jew-communists. Stronger tactics were necessary to silence John Kasper, and restore the American people to their former state of unknowing servitude.

With the aid of an illegal, unconstitutional injunction prohibiting free speech, John Kasper was jailed.

His subsequent fight for freedom was of no avail in courts whose judges were controlled by the jewish-communist conspiracy. John Kasper was sentenced to a year in a federal penitentiary. He appealed to the Supreme Court.

This Court, which has held that a communist may advocate the overthrow of our Government by force and violence and be protected under the free speech clause of the First Amendment to the Constitution, refused to hear John Kasper's appeal. A segregationist has no freedom of speech. This right, it seems, is reserved for communists only. John Kasper began serving his year's sentence. The jew-communists and their NAACP stooges rejoiced.

Then John Kasper was brought to trial in another case involving freedom of speech. He was sentenced to a six months' prison term. This case is still in the process of being appealed. Funds are desperately needed to carry this case forward.

In the meantime, John Kasper has been sent to Tallahassee, Florida to serve his sentence, thus, in view of our limited finances, depriving his attorney of the right to confer with him. By these tactics the jew-communists think to completely silence John Kasper. All this will not stop us, but we need your financial support badly.

The Seaboard White Citizens Councils is a non-profit organization. There are no paid officers or employees. All funds are used for legal attack and the distribution of anti-communist literature. We urge you to send your contribution today. Help us to help you!

The communist-jews know many ways to eliminate the patriots who oppose their conspiracy. Forrestal, who refused to be used, either jumped or was pushed from a window of Bethesda Naval Hospital. Senator McCarthy died a mysterious death. WILL KASPER BE NEXT? We are keeping a watchful eye upon his health.

Don't put off until tomorrow what you can do today. Send your contribution immediately.

PROCEEDINGS AND DEBATES OF THE 85th CONGRESS, FIRST SESSION

A Tragedy of Errors

REMARKS

OF

HON. RICHARD B. RUSSELL

OF GEORGIA

IN THE SENATE OF THE UNITED STATES

Friday, August 23, 1957

Mr. RUSSELL. Mr. President, I ask unanimous consent to have printed in the RECORD an able address delivered by Hon. W. E. Michael, an attorney of Sweetwater, Tennessee, before the Civitan Club of Knoxville, Tenn., on August 16, 1957.

Mr. Michael is an author on legal subjects, and has recently written a book entitled *The Age of Error*, which clearly points up the lack of Constitutional basis of the school integration decisions recently handed down by the Supreme Court.

This able address deals with the methods employed by district courts to enforce the monstrous decision in the Brown case. It clearly depicts the perversion of our judicial processes which was sure to follow judicial law based on psychology and the findings of a Swedish socialist rather than the Constitution and established law.

There being no objection, the address was ordered to be printed in the RECORD, as follows:

(By W. E. Michael, attorney, Sweetwater, Tenn., author of the *Age of Error* (Vantage Press, Inc., New York))

In July 1957, in the United States district court at Knoxville, Tenn., a trial was held which could be accurately designated a "Tragedy of Errors." Had it not been that basic principles of human freedom were at stake, this trial might well have been named after one of Shakespeare's immortal plays, *A Comedy of Errors*. Sixteen citizens of Anderson County were first accused of criminal contempt for violating an injunction to which they were not parties. Later they were charged with having conspired with John

Kasper to violate the same injunction. All circumstances indicated clearly that they were so joined because that was the only way in which they could possibly be accused, much less convicted, of any crime.

NEW TECHNIQUES

In this trial the new technique of Government by injunction, rather than the ordinary processes of law, made its bow to American jurisprudence.

In this trial was demonstrated the method by which the Supreme Court of the United States evidently intended, through the Department of Justice, to enforce against the South the philosophy of the Supreme Court as expressed in the school-integration cases.

In this contempt trial, for the first time in the memory of any of the lawyers for the defense, newspapers were admitted as evidence of a circumstance to show proof of notice of an injunction.

In this trial, through motion pictures, magazine articles, pictures and snatches of extraneous and unrelated fragments of circumstances, the Government undertook to, and evidently did, to the satisfaction of the jury, make out a case of guilt by association. Guilt by association is repugnant to every concept of American justice. It debases and violates the very fundamental proposition of law that one charged with a crime is presumed to be innocent until proven guilty beyond a reasonable doubt by competent and credible proof.

The 16 Anderson County defendants were represented by more than 12 lawyers from 7 different States (6 from Tennessee), representing an aggregate of more than 300 years' experience, either upon the bench, or at the bar of justice. The fact that six of these defendants were convicted of a crime (conspiracy) which the defense believed had never even been committed, or if committed, certainly never proven by competent evidence, indicates the very grave dangers which we face if these new techniques of modern jurisprudence supplant the time-honored checks and balances of our historical form of government.

NO REFLECTION UPON THE JUDICIARY

I do not intend any reflection upon United States District Judge Robert L. Taylor, a personal friend of mine, an honorable man, and

a conscientious judge, nor upon the able district attorney, John Crawford, and his equally able staff. I have the greatest reverence for all of our courts as institutions of government; but when any of these courts impinge upon our constitutional freedoms, it is the privilege of every citizen to disagree with such decisions, and that it is the duty of a lawyer to speak frankly, and forcefully for the purpose of correcting such errors and of preserving those principles of free government which we all cherish.

HISTORY OF CLINTON CASE

On December 5, 1950, a suit, known as the Jo Heather McSwain case, was filed on behalf of a small percentage of the Negro students in Anderson County. This suit was sponsored and prosecuted by the N. A. A. C. P. and its nonresident Negro lawyers. The purpose of this suit was to require the Anderson County School Board to admit these Negro students to the white schools in Anderson County.

When the case came to trial in the United States District Court at Knoxville, Judge Taylor denied the petition for integration. While the case was on appeal, the Supreme Court of the United States in the now famous integration case (*Brown v. Topeka*) handed down an opinion on May 17, 1954, holding that the 14th amendment prohibited the operations of segregated public schools by a State, even if school facilities were equal.

As a result of the Supreme Court action, the court of appeals reversed the Anderson County case, and Judge Taylor, on January 4, 1956, entered an order against the Anderson County School Board in which it is said: "It is the opinion of this court that desegregation as to high school students in that county should be effected by a definite date and that a reasonable date should be fixed as one not later than the beginning of the fall term of the present year of 1956." Let us observe in passing that this order was not limited, as we insist that it should have been, to ordering the Anderson County School Board to admit the petitioners under the opinion of the court of appeals, but it went further and ordered the desegregation of all high schools in Anderson County. In other words, all the other colored children were then to be forced to go to the white school whether they wanted to go there or not. In fairness to Judge Taylor the order which he entered appears to be exactly in keeping with what the Supreme Court had in mind in its opinion and orders in the case of *Brown v. Topeka*. The objection to it is that the order and the opinion of the Supreme Court were contrary to the law of the land, in violation of the Constitution of the United States and of the constitutions and statutes of the Southern States, to which alone the decision applied.

Ten of the Clinton defendants were either acquitted by the jury, or the charge as to them was dismissed, but not until these

citizens, who stand "not guilty" of all charges, had been terrorized, humiliated and branded as hoodlums. They had been put in irons, kept in jail, paraded in front of television and newsreel cameras, torn from their homes, and their jobs and forced at great sacrifice to attend numerous hearings and to spend many days in court.

Were it possible to do so, the entire record of this contempt case should be written and should be required study in every school in the land. Under the proof introduced by the Government and upon which the conviction of the six Clinton defendants rests, any person present or any person reading, these words could have been convicted had that person simply happened to walk along a street in Clinton, sit in a parked automobile, attend a public meeting, sign a petition, appear before the school board as an interested patron, or do, while in Anderson County, any of the other lawful acts shown to have been done by any of the 16 defendants.

FACTS OF THE CASE

What were the facts in the case? Without leaving out any important matter intentionally, and certainly without misquoting or misconstruing any part of the evidence intentionally, this is in substance what happened. John Frederick Kasper came to Clinton, Tenn., about August 25, 1956, without the knowledge of any of the local defendants. He had been there only 2 or 3 days when an injunction was issued against him and others not now parties to the present contempt proceedings. Pertinent provisions of that injunction are as follows:

"It is ordered and decreed by the court that the aforementioned persons, their agents, servants, representatives, attorneys, and all other persons who are acting, or may act in concert with them be, and they are, hereby enjoined and prohibited from further hindering, obstructing, or in anywise interfering with the carrying out of the aforesaid order of this court (the desegregation order) or from picketing Clinton High School, either by words, or acts or otherwise."

On the 4th day after his arrival, Kasper was convicted of violating the injunction, at which time he was sentenced to a year in prison.

A White Citizens Council, composed of more than 500 outstanding citizens of Anderson County, was formed for the purpose of trying to prevent mixing of the races in the local schools. Almost 500 citizens and patrons of Anderson County signed a petition to the school board to that effect, several weeks before Kasper's arrival. Local citizens of Anderson County filed at least two suits in the State courts seeking to prevent such integration and some of the defendants were parties to those suits. Others appeared before the school board and requested that the board take legal steps to avoid race mixing. All of these things

happened without Kasper's knowledge or participation, according to the evidence. Therefore, he could not have been responsible for them.

The vast majority of people in Anderson County were opposed to integrating the schools and were trying in every peaceful and legitimate manner possible to prevent it. As these efforts failed to produce results, tension began to mount and feelings ran high, until about the latter part of November and the first of December 1956, they reached a crescendo. Newspaper reporters, magazine writers, radio and television cameramen and news photographers descended upon the little city of Clinton. It must be said that a few local people basked in this new sunlight of publicity. The majority of them regretted it, but there was little they could do except to protest. These people knew that something sacred had been violated, but no capable local leadership appeared to correctly inform them as to the law and to assist and advise them in their struggle to protect their fundamental freedoms.

Instead, they were faced with a condition unique in this country. An injunction had issued against certain individuals as already described. No one apparently understood it and some believed that this injunction was against everybody in the county and prohibited everybody from doing anything that would interfere with desegregation. Mr. Sidney Davis, one of the lawyers in the case originally, and one of those who helped to initiate the injunction and contempt proceedings, admitted that he so construed the injunction. Every lawyer knows that there is no authority for issuing a broadside injunction. An injunction must be specific. It must identify the person enjoined, must be served upon them by an authorized person, and must inform the persons involved exactly what they can, or must, or must not, do. None of the 16 defendants was served with the injunction, nor was there any proof that they knew or understood it.

The people were also faced in Anderson County with a rule of "home guard." These were certain local persons organized into a sort of makeshift constabulary, armed with a variety of deadly weapons and permitted by the local authorities to go upon the streets breaking up any congregation of people, preventing any public speakings, and in general, suspending in Clinton, Tenn., the constitutional freedoms of speech, of assemblage, of petition, and of seeking redress for grievances. This so-called home guard actually threw tear-gas bombs into peaceful and unarmed groups where old men and women and little children were painfully injured.

WHY WAS KASPER INCLUDED?

When defenses were interposed for these 16 defendants under the attachment of December 5, 1956, it was evident that these defendants could not be prosecuted for violat-

ing an injunction to which they were not parties, unless they were either agents, employees, attorneys, or servants of, or acting in concert with, somebody who had been served with the injunction. Kasper was not even in Clinton when the event occurred on December 4, 1956, which precipitated this contempt proceeding, but he was the only one against whom the injunction was being prosecuted at that time. Furthermore, Kasper had received so much unfavorable publicity that most people were willing to convict him on general principles. The bringing of Kasper into this contempt proceeding with the 16 and charging them with having agreed with him in November, or in December, 1956, to violate the injunction, confesses a complete inability on the part of the Government to make out a case against the 16.

There was no evidence of any agreement or conspiracy between Kasper and any of the defendants. The Government did not produce a witness as to any such agreement or conspiracy, except the lawyer witness, Sidney Davis, who said that he helped to get out the petition for attachment against the 16 and while admitting that he had no evidence of a conspiracy between them and Kasper, he said, "I felt in my heart that they were working together." This is every word that the Government had upon which to predicate any proof of an actual agreement or conspiracy. In your mind, as American citizens, is that sufficient evidence upon which to convict and condemn to jail citizens who have done nothing more than to fight for their fundamental rights?

This is not a brief for or against John Kasper. Every concept of freedom requires that he be granted the constitutional guaranties of a fair and impartial trial, freedom of speech, and the presumption of innocence in any criminal case, until proven guilty by competent and credible proof beyond a reasonable doubt. On this basis, the Government's proof gives John Kasper a clean bill of health in this case. Let us look at part of the record briefly.

EVIDENCE AS TO KASPER

This is all the Government proved as to Kasper: he came to Clinton and met and talked to numerous people in their homes and in public places; he made public speeches at one of which a court reporter testified that she was present and recorded his speech, but not one word of it was introduced as evidence; he opened public meetings with prayer; he told members of the School Board of Anderson County that his purpose there was to try to get the Negroes out of the high school and to prevent the mixing of the races in public schools. This is no more than many hundreds of Anderson County parents and citizens told the school board orally and in writing. He did not say, and the Government witnesses did not testify that he said he intended to accomplish this end by any

but peaceable and lawful means. The proof further showed that some high school girls approached Kasper and asked him to help them form a teen-age White Citizens Council. He responded that he was under an injunction and that he could not do so, but that he could tell them where to write for a charter. He was arrested and tried in Anderson County for inciting a riot, in which suit he was found "not guilty" by an Anderson County jury. There is not one word of testimony connecting Kasper with any violence, overt acts, conspiracy or agreement with anybody to violate any injunction.

If Kasper was not proven guilty of such an agreement or conspiracy, then a verdict of guilty could not stand against any of the other six who were convicted. Can anybody believe for a minute that under such proof that there would have been a conviction against any of the 16, had not Kasper been brought in as a defendant in the desperation move?

AS TO TILL

Willard H. Till was shown to have been president of the White Citizens Council. He opened meetings with prayer, and publicly stated that under no circumstances did the White Citizens Council condone violence or illegal methods, but that its purpose was to try to restore to the people of Tennessee the right to have segregated schools in accordance with the laws and the constitution of the State of Tennessee. He presented six requests to the Anderson County School Board on the subject, two of which the board adopted. He was not shown to have been involved in any violence. Neither had he lifted his voice against any person. He was in the courthouse in Anderson County, Tenn., when Kasper was acquitted of inciting a riot. The motion pictures introduced by the Government showed Till walking down the corridor of the courthouse and stopping behind a group which was evidently where some of the witnesses were congregated, at which place he stopped and lightly placed his hand upon the back of a person unknown, but who was not Kasper. Apparently the only basis for convicting Till was the argument that "he didn't have to put his arm around John Kasper." As an American citizen, are you satisfied with another American citizen being convicted and facing a possible jail sentence or fine, or both, for the activities of the man Till, which I have just described? Would it add anything to the evidence against Till if it were shown that he did meet and talk with Kasper on 2 or 3 occasions and that on some other occasions they were in the same public meeting? This is "guilt by association."

AS TO BRANTLEY

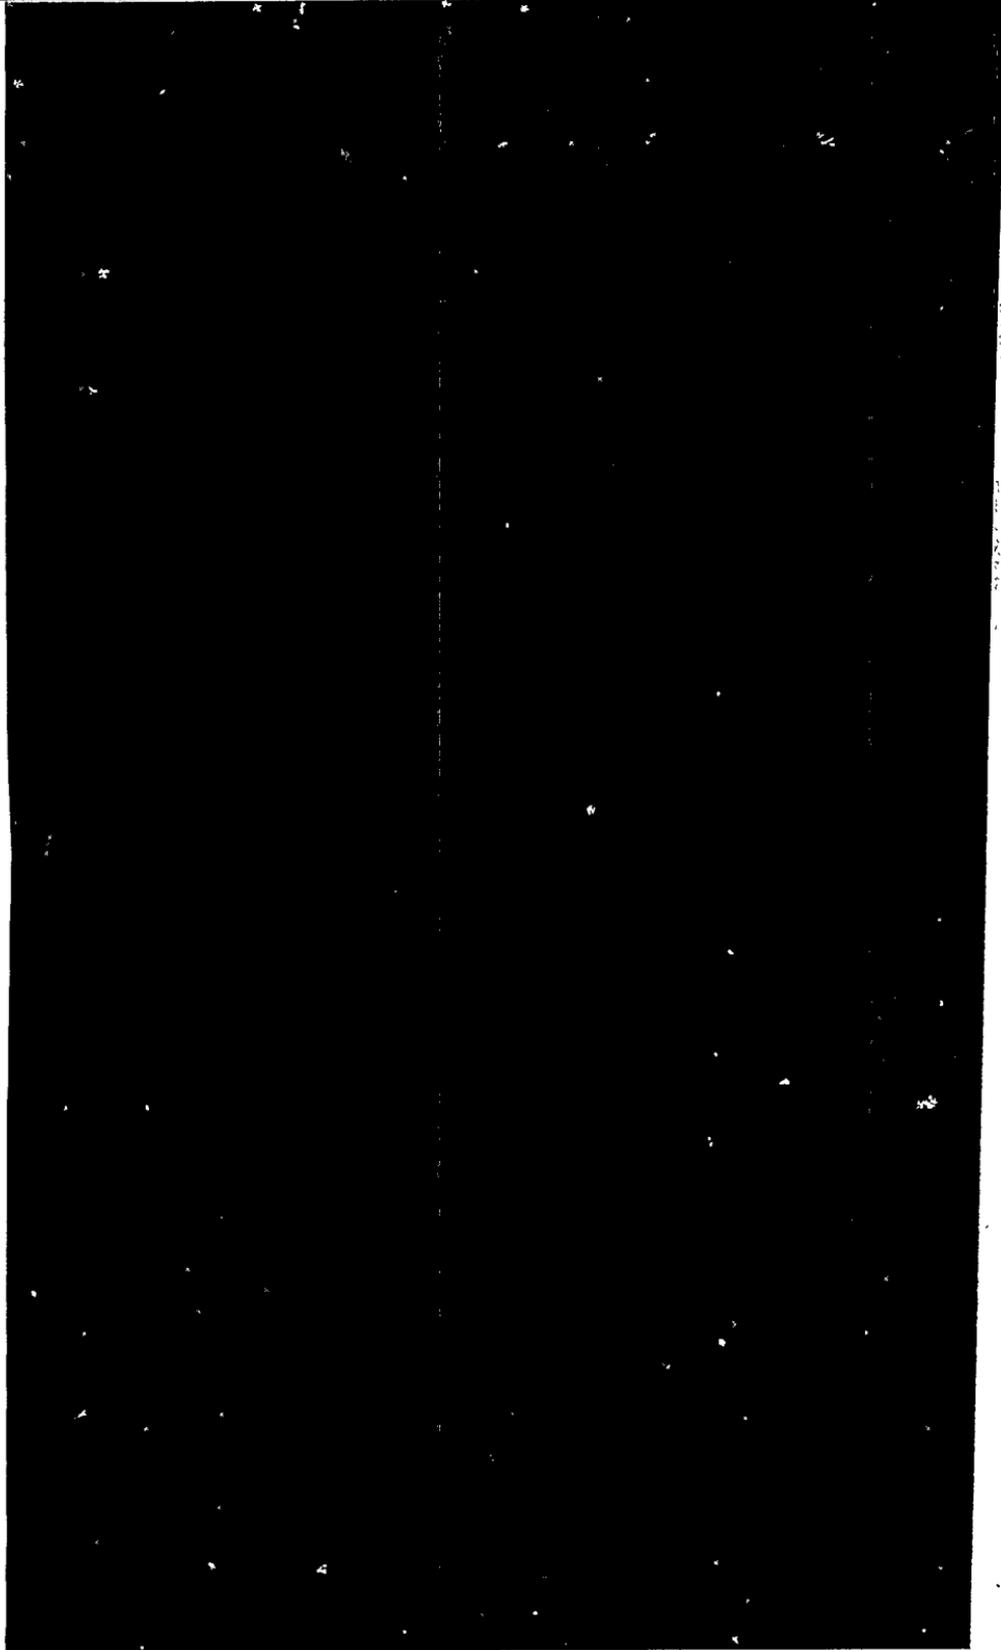

Lawrence Brantley was also convicted. The only proof concerning him was that his automobile was parked on a public street

near the Clinton School on several occasions and that on December 4, 1956, he was seen standing in a large crowd some distance away from the school house and in front of the school recreation building. At some undisclosed time, Kasper had been seen on several occasions going to and from the home of Brantley. There was no proof that he had ever uttered a word, made any agreement, or performed any act even remotely connected with "desegregation" at the Clinton schools. Are you satisfied as American citizens that under the true facts which I have just given to you, Lawrence Brantley should be convicted of conspiracy, or criminal contempt and forced to either pay a fine, undergo a jail sentence, or both?

WHY THE CONTEMPT CASE?

The incident which occurred on December 4, 1956, when Kasper was not in town and which apparently occurred on the spur of the moment, and therefore could not have been the result of a conspiracy with Kasper, was a fist fight occurring between one of the defendants, Clyde Cook, and a certain preacher of Clinton, Tenn. Two suits are still pending in the courts of Anderson County against Clyde Cook on account of this fight and that is where the jurisdiction lies and where the question should be decided under our system of government. It had no place in this proceedings. Since a preacher was involved, it could be used, and was used, in the press and by radio and television to inflame the public—used by these forces who are fomenting all of this trouble and who are distorting the true facts to make it falsely appear to the Nation that only "hoodlums" oppose the integration of public schools in the South. This preacher announced from his pulpit that he was going to escort the Negro children to the Clinton high school. He went to the chief of police who took a dim view of the preacher's announced project. The preacher then went to the superintendent of schools who told him that the school board had complied with the Court's order by opening the high school to the Negro students. The preacher pointed to some automobiles parked along the street and said that the Negroes were afraid to go to school because of those automobiles. He was informed by the superintendent that such was simply a pretext; that the Negroes did not want to go to the white high school and he was not going to be a party to forcing them to go.

By some miraculous means, the Columbia Broadcasting System, Life Magazine and representatives of the press, radio and television, by the score, were on hand the next morning when this preacher started out to do what he called "his Christian duty." It is too bad that he could not obey the other admonition not to "parade his good deeds before men." Thus esconced in the sunlight of national publicity, the preacher and others proceeded without obstruction, hin-

drance or interference to deliver several Negro children to the white high school. There was some "heckling" the preacher said, but nothing else. The Negroes were taken inside the school and the preacher thereupon returned to the place where several people stood who had tried to remonstrate with him; apparently to "rub it in" a little. In the course of "rubbing it in," he became engaged in a fist fight with Clyde Cook. Apparently the preacher got the best of the fight. He is the one who should have been arrested and charged with creating the difficulties out there. Certainly Kasper was not there, and unless Kasper was one of the parties and unless that fight was a result of a conspiracy between Kasper and some of the defendants to violate the injunction, there could be no conviction in this case. The legal presumption of innocence should have resulted in the dismissal of the charges as to all defendants.

WHY?

You may well ask, "Why did the jury compound the error which began in the Supreme Court and worked its way down to a local situation in Clinton, Tenn.?" Time will not permit a discussion of a multitude of details. Rather we should consider the one overpowering misconception which pervades the subject of school segregation. This great misconception is that there is a law requiring the integration of schools in the Southern States. There is no such law. There is a \$10,000 cash reward for any person who can point to a single existing constitutional provision or any statute duly enacted either by the Congress of the United States, or by any of the Southern States requiring or authorizing the integration of the Negro and white children in the public schools of these States.

We are not talking about integration in Illinois. If the people of Chicago and of Illinois want to integrate their schools, that is their business and they have a constitutional right to do so. If we don't want to integrate ours, we have a constitutional right not to do so. Nevertheless, because the Supreme Court of the United States rejected all the known law on that subject and proceeded to order integration in certain of the school cases then before it, the false impression has grown up that "desegregation" is the law of the land. The Constitution of the United States defines the "supreme law of the land" to be the Constitution and the treaties made under its authority. The decision of the Supreme Court in the integration cases is the law of the case in each individual instance and is binding upon the lower Federal courts, upon the officers of that court and upon the parties to those lawsuits and those who are working by or through them. It is not yet the law of the land. It will never become the law of the land unless it is legitimized by constitutional amendment and unless it stands the test of time.

This whole case, therefore, was predicated upon the misconception that when anyone did anything to interfere with, obstruct, hinder or oppose the integration of the white and Negro students in the public schools of Tennessee, that that person was a criminal and was in violation of the law.

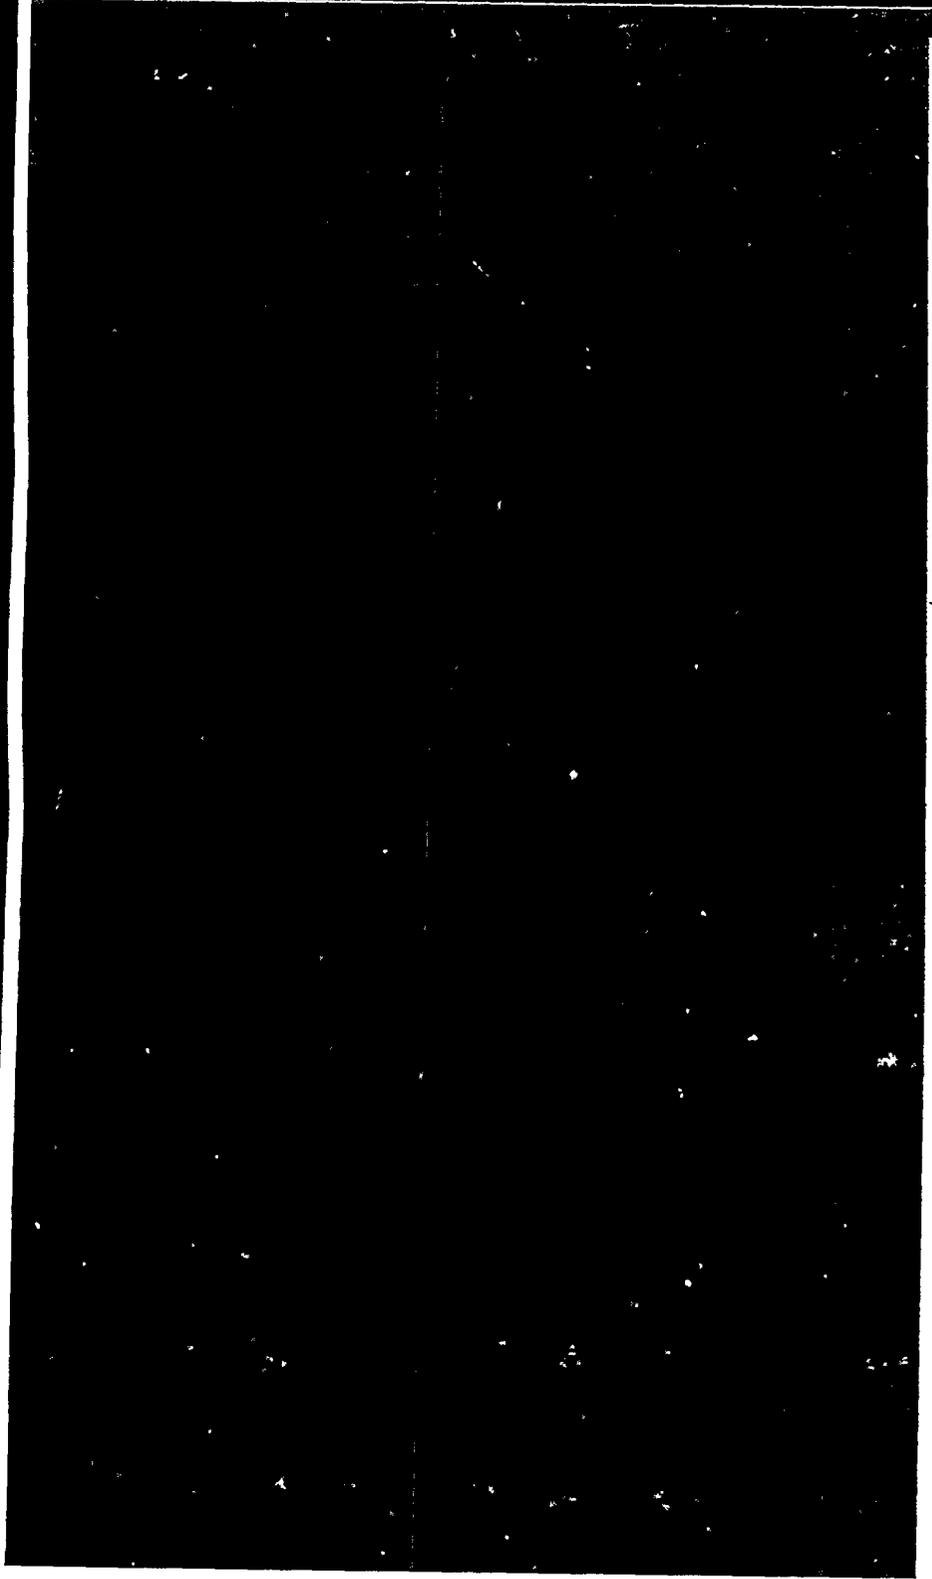

LAW OF THE LAND OR LAW OF THE CASE

Almost every medium of public information in this country has undertaken the error by making it appear that there is a valid law or constitutional provision requiring the Southern States to "desegregate" their schools. It is hard for laymen to distinguish between the law of the land and the law of the case. But when precious liberties are involved, it is necessary to make that additional mental effort and to draw a clear line of demarcation between that which is law and that which is not the law. Every court order is not a law. A valid court order must be obeyed by all properly included within the order, and the question of whether it is a valid order is always subject to review.

Under our Government of checks and balances, the people enact constitutional provisions, or changes. They elect the legislative branch of the Government which is charged with enacting the laws. They elect the executive branch of the Government which is charged with enforcing the law. The judicial branch of Government is charged with interpreting and applying the laws.

In performing its function the judiciary has always felt itself bound by the rule of precedent, or of what we in law call stare decisis. That is the doctrine that when a court of last resort, such as the Supreme Court of the United States, has interpreted a law, or made a decision which is solidly predicated upon constitutional authority, and when that decision is accepted by the other coordinate branches of the Government, and by the people, having stood the test of time, it then becomes what is known as a precedent. When it is written into the records of the law and is cited by lawyers and judges as a part of the body of the law, it may be referred to as the law of the land. Without the guiding hand of legal precedent, our whole system of jurisprudence would be like a ship without a rudder.

Our present Supreme Court in the integration cases abandoned the doctrine of stare decisis and "rejected" the precedents of many cases throughout many years; giving as its reason for such rejection, its inability to discover, even by independent investigation, the meaning of the 14th amendment to the Constitution at the time of its passage and its doubts as to the amount of psychological knowledge available in the 1890's. Whereupon the Court then proceeded to cite "modern authorities," consisting of numerous socialistic textbook writers. In other words, the Supreme Court refused to fol-

low, but boldly "rejected" all the established law on the subject prior to the time when a majority of that Court came upon the bench. Having taken this first bold step, the Court then proceeded to find that segregated schools "were inherently unequal" and that maintaining such public schools by the States violated the 14th amendment and frustrated the children of the minority group (evidently meaning the Negro children) by "generating a feeling of inferiority as to their status in the community that may affect their hearts and minds in a way unlikely ever to be undone." The opinion gives no history for this finding, unless it comes from the textbooks cited, nor does the opinion indicate how frustration could bestow jurisdiction upon a Federal court when it would otherwise have none.

THE CONSTITUTION SAYS

The 10th amendment to the Constitution of the United States specifically provides that all powers not delegated in the Constitution to the Federal Government were reserved to the States and to the people. The exclusive jurisdiction of a State over its schools has been repeatedly reaffirmed by the Supreme Court. No jurisdiction of their schools has ever been given to the Federal Government by the States, or the people.

The 14th amendment says: "No State shall deny to any person within its jurisdiction the equal protection of the laws." There could be no serious doubt as to the meaning of this amendment. It was interpreted many times by jurists and statesmen who were living at the time of its passage. It meant "protection of the laws". It dealt only with political, not social, affairs.

In 1896, the Supreme Court of the United States decided the case of *Plessy v. Ferguson* (163 U. S. 537) wherein it declared that in a case involving intrastate commerce, that if the State provided separate but equal facilities for the races, that the plaintiff in that case, a Negro, was not denied any right guaranteed him under the 14th amendment to the Constitution when he was required to ride in the space set apart for his race.

Later, the same question, involving schools, came before the Supreme Court a number of times, as in the case of *Cummings v. Board of Education* (175 U. S. 528) and, as late as 1927, in a case involving a Chinese girl, *Gong Lum v. Rice* (275 U. S. 78), the question of the constitutionality of the Mississippi constitution was tested in the light of the 14th amendment. In all of these cases the Supreme Court repeatedly held: (1) That the question of whether the public schools of a State should be segregated was purely a question, under the 10th amendment of the Constitution, for the individual States to decide; (2) that the terms employed in the 14th amendment applied to political rights and not to social rights.

In other words, many years ago, the Supreme Court gave the lie to the modern propagandist's device by which he contrives

to make it appear that going to school in a desegregated school is a civil right. The Supreme Court has often rejected any such theory in strong language and this rejection had been and was the law of the land.

THE COURT HAS SAID

In *Plessy v. Ferguson* the Court said: "The object of the amendment (14th) was undoubtedly to enforce the absolute equality of the two races before the law but in the nature of things, it could not have been intended to abolish distinctions based upon color, or to enforce social as distinguished from political, equality or commingling of the two races upon terms unsatisfactory to either."

In the *Cummings* case the Court said: "Any interference on the part of the Federal authorities with the management of such schools cannot be justified, except in the case of a clear and unmistakable disregard of rights secured by the supreme law of the land."

Let it be remembered that the supreme law of the land is the Constitution of the United States and the treaties made thereunder.

In the *Gong Lum* case the Court said: "The right and power of the State to regulate the method providing for the education of its youth at public expense is clear * * *. The decision is within the discretion of the State in regulating its public schools and does not conflict with the 14th amendment."

The decision mentioned was from the Supreme Court in Mississippi, which was affirmed.

In overruling and rejecting the law of the land, and in substituting therefor an unsupported finding that the 14th amendment, contrary to what the Supreme Court had always said, prohibited segregation of the State owned and operated public schools, the Court exercised a legislative function and wrote into the records of this country a new and different statement of the law and one which we believe it had no authority to write. After having written that law, then the Supreme Court ordered its enforcement with all reasonable speed. It was that order that brings us back to the Clinton, Tenn., contempt case. That is the key to the method by which the present Supreme Court evidently undertakes to enforce its legislation. Thus, we have the spectacle of the courts making the law, then interpreting the law, then providing for the enforcement of the law by injunction, then making that injunction effective against everyone by charges of conspiracy in criminal-contempt proceedings. This has the effect of making the courts the lawmakers, the accuser, the prosecutor, and the judge. Such a state of affairs is completely and utterly repugnant to everything that we hold dear in this country.

The problem before us transcends any question of racial integration. It cuts at the very heart of the Republic. Without a rigid adherence to a written Constitution and without the stern guidance of precedent, our

law would become a rule of caprice, a Government of men and not of law. We should consider the serious import of the developments just discussed upon the lives of those whom they are ostensibly designed to help—that is, the southern Negro. The southern Negro has been making great progress in the last 25 or 50 years. The South has developed a sort of peaceful coexistence. None are so blind as those who will not see the difference between civil and political rights, and social or personal privileges.

People from the North and East particularly who are pushing integration, are acting only under the guise of friendship for the southern Negro. For the most part, they are spreading the type of unrest that is such a strong weapon of communism. They may be doing it unwittingly, but nevertheless, that is what they are doing. Many integrationists are interested only in who gets the electoral vote in States such as Illinois and New York, where the Negro vote in Chicago and Harlem may mean the difference in winning or losing a presidential election.

The southern Negro is being used as a pawn in the great game of national (or international) politics. He will lose more than any other citizen if his constitutional guarantees are taken away. He may be cajoled into believing that he is receiving some transient advantage by forcing white people to accept him into white schools, but every intelligent southerner must know that it would be against the best interests of the

southern Negro and against his better judgment.

The opposition to the Supreme Court's trend of opinions in integration cases, as well as the widespread dissatisfaction of the Court's decision in cases dealing with communism, is predicated not upon racial hatred or bitterness, but upon love of country and of Constitution, and a desire to continue a way of life that has proven itself to be, if not perfect, at least peaceful.

There has been more interracial strife in the United States, and particularly in the South, since Black Monday in May 1954, than there had been in any period of time of double that length: since Reconstruction days. The integration decisions have brought grief to the entire country. They are generating hatred, distrust of the law, enmity between the races, and will bring economic and political chaos. It behooves every citizen of this country to face the facts and take up the cudgel against any judicial act that threatens our constitutional form of government. One way is a continuance of our way of life—the preservation of written constitutional Government. The other way is usurpation of power by the courts, rule by injunction rather than by statute, and execution by the courts rather than by the executive branch of the Government. I may have attached more importance to recent developments than they deserve, but honesty and candor force the inescapable conclusions that it is even later than you think.

A Southern lawyer discusses integration

THE AGE OF ERROR

by

W. E. Michael

Foreword by Senator Richard B. Russell

"...this book will be a material contribution to a better understanding of the real issues involved." Senator Richard B. Russell.

W. E. MICHAEL

The most highly charged and dangerous issue of our time—integration by judicial decree of black and white in the public schools—here is examined from the point of view of the South in a factual, hard-hitting book.

Indicting the recent decision by the Supreme Court on the grounds that it violates the Tenth Amendment to the Constitution, completely reverses precedent established by the Court itself, and evinces ignorance of the facts of life in the South, the author goes on to show the consequences of this decision.

THE AGE OF ERROR discusses ways and means of overcoming what the author holds to be a disastrous error, and of reaffirming the constitutional rights of the states. Any American, white or Negro, be he from the North or the South, will profit from this book.

The "issues involved," created by the Supreme Court's decision on forced integration, are kindling a "foolish fire," smoldering, ready to burst into raging conflagration.

Already the tinder is flaring. Riots, bloodshed, and terror have occurred in many places where integration has been attempted.

With the calm, precise logic of the legal mind, W. E. Michael analyzes the controversy, its background history, the contentions, the proponents, the possible consequences. Then Mr. Michael gives the legal aspects of the case.

He is well qualified to do so. W. E. Michael has been practising law for over thirty years. For twenty-five years he was city attorney of Sweetwater, Tennessee. He is a member of the Tennessee Bar Association and has been active for many years in civic and educational work.

THE AGE OF ERROR is an indispensable survey of a crucial issue of our time. Order your book today. The price...only \$3.50.

WHAT IS THE SUPREME LAW OF THE LAND?

We hear so much of this phrase these days, and it is used by people holding responsible government positions, in connection with Supreme Court decisions that it is important for people to know just what is the Supreme law of the land.

We turn to the Constitution of the United States to find the authentic answer: Article VI, paragraph 2, provides:

"This Constitution, and the Laws of the United States which shall be made in pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the Supreme law of the land."

There is the answer to this question, for all to read and know. When you hear some politician, sociologist, psychiatrist, or other crackpot say that a decision of the U.S. Supreme Court is the Supreme law of the land, you can immediately brand him to be the ignoramus or liar that he is and let him take his choice.

This is just another phoney way to cram integration and mongrelization down our throats. It is used frequently by the NAACP and Communists and their hirelings and by those unscrupulous Government officials who have sold out to them. They are politicians who will sell their souls for votes.

Now that the Supreme Court has gone out of its way to free a group of West Coast Communists; declared State laws against treason and sedition to be unenforceable and freed a convicted rapist on the ground he was held in custody too long before he signed a confession; has ordered State Boards to admit confessed Communists to practice law, there is consternation in other quarters than the South.

A segregationist was convicted of criminal contempt of Court for advocating "getting the Negroes out of white schools", and the U.S. District Court and a Circuit Court of Appeals has held this advocacy is not protected under the First Amendment (freedom of speech) of the Constitution. On the other hand, the Supreme Court has held (Yates case, decided June 17, 1957) that persons "Advocating the overthrow of our Government by force and violence" are protected under the First Amendment. The conviction of these 14 Communists after a trial by jury in the U.S. District Court for the Southern District of California was accordingly reversed and they and others of their kind are free again to continue openly and notoriously advocating the overthrow of our Government by force and violence. Our Supreme Court protects them by saying this is freedom of speech. Yet, when a segregationist advocates getting the Negroes out of white schools and "keeping our white schools white", then the Courts say this advocacy is not protected by freedom of speech. The Kasper case was presented to the Supreme Court on a petition for certiorari. The Supreme Court has refused to hear the Kasper case. In so ruling, Kasper has been denied his last legal remedy. On the very day Kasper was "denied", the Supreme Court turned loose 3 notorious reds on technicalities. In the face of the extreme tolerance shown Communists by the Supreme Court, especially with respect to free speech, we fail to see how the Supreme Court can deny others who are not Communists their right to free speech. However, the Court would never give a segregationist his day in Court. It would be embarrassing to that Court to have to decide that all that Kasper said was protected under the First Amendment and let him go free. The Court would never turn Kasper loose because the Communists and left-wingers wouldn't like it.

Also it would be embarrassing for the Supreme Court to have to decide that since the Brown case (school case) was bottomed on the Fourteenth Amendment, that its decision

is unenforceable. The Fourteenth Amendment in Section 5 provides:

"The Congress shall have power to enforce, by appropriate legislation, the provisions of this article."

The Congress has never passed any legislation to enforce the Fourteenth Amendment with respect to schools, therefore, the Supreme Court in its zest to legislate and enforce its views as sociologists and psychologists has rendered a decision which cannot be legally enforced unless and until Congress provides enforcement legislation.

The Kasper case would have to be reversed if the Supreme Court granted an appeal so we long ago anticipated that rather than expose the dilemma it had itself created, it would refuse an appeal by simply deciding that Kasper's Petition for Certiorari be "denied". As that is the case, as we expected, then the moral is: Communists, traitors, rapists, and murderers have their day in Court and their Constitutional rights (perhaps more) zealously protected, but a segregationist is deprived of established Constitutional rights and off he goes to the penitentiary.

We offer to all good Americans a neat, pocket-size edition of the Constitution of the United States, printed by the Government Printing Office of Washington. Carry it with you and know your rights. Price 10¢ plus 5¢ mailing costs.

The American Revolution first occurred in the minds of the people. It occurred more than 20 years before the first musket was fired. It was won as a lawsuit, a legal "case" FIRST, later by heroic courage on the battlefield. First, the colonists had to establish their moral position; had, in the beginning, to establish legality and show that the British were "offside", were illegal in their oppressive money policy, in coercing colonists to quarter British soldiers, etc.

Then it was "the redcoats are coming." Today it is "the reds are coming." The unique and unequalled service performed by John Kasper and the Seaboard White Citizens Councils to Constitutional government and White America is that they have defined the legal basis of segregation, States' Rights, and freedom of speech for all America. The Seaboard White Citizens Councils have torn the mask from the race-haters and race-destroyers on the Supreme Court and have exposed the 20th Century enemies of the American Constitution.

The legal right is established and the tyrannical acts of judicial despotism of the High Court are revealed to all through the many exhausting lawsuits initiated by John Kasper and the Seaboard White Citizens Councils.

One of America's greatest Constitutional lawyers, Mr. J. Benjamin Simmons, 1025 Vermont Avenue, N.W., Washington, D.C. has served without compensation in patriotic defense of white men's rights, States' Rights and Constitutional government. Mr. Simmons cannot continue the struggle nor can John Kasper remain out of jail unless funds are immediately forthcoming from White America to continue the legal effort to regain our rights.

Have you ever given for your country? It is the same as protecting one's own children. We need funds urgently and immediately if the great gains we have made over a satanic enemy in the last year and a half are to be conserved and pressed forward.

Don't hesitate. Today send your contributions to the John Kasper Legal Attack Fund. Tomorrow will be too late.

**DISSEMINATION OF LITERATURE IN
FRANKED ENVELOPES EMANATING FROM
THE OFFICE OF U. S. SENATOR RICHARD B. RUSSELL**

Mr. Belmont's memorandum 1/16/58 to Mr. Boardman reflected that Senator Russell's franked envelopes were being used to distribute literature concerning the White Citizens Councils of the District of Columbia.

Bill Jordan, Senator Russell's Legislative Assistant, called Mr. DeLoach 1/16/58 on two occasions throughout the day to explain the above matter. Jordan stated that an attorney by the name of Michael from Tennessee made a speech last summer entitled "Tragedy of Errors." Senator Russell thought this was a good speech and had it inserted into the Congressional Record. Michael later approached the Senator and asked for additional copies, indicating at the time there was a large demand for this speech. Michael stated that the speech would be distributed through the Committee for Constitutional Government. He advised Leeman Anderson, Senator Russell's Administrative Assistant, of the latter distribution. Senator Russell knew nothing of this. Michael also requested that distribution of the speech be handled through the Senator's franked envelope, which was approved by Leeman Anderson.

After obtaining the frank envelopes, the Committee for Constitutional Government did not mail out all the speeches that had been given to them by Michael. On the contrary, this committee allowed other organizations to mail out the said speech with the explicit understanding that the envelopes would include only the speech. One of the organizations allowed to do this was the Seaboard White Citizens Council. According to Jordan, Senator Russell knew nothing of the manner in which the Committee for Constitutional Government allowed other organizations to handle this distribution. The Seaboard White Citizens Council apparently inserted their own literature in the Senator's envelopes rather than sending the speech "Tragedy of Errors" as the Committee for Constitutional Government intended them to do.

Memo to Mr. Tolson

**DISSEMINATION OF LITERATURE IN FRANKED
ENVELOPES FROM SENATOR RUSSELL'S OFFICE**

Jordan stated that on the third of this month, Senator Russell's office began receiving mail stamped "Addressee Not at Address Listed" as so often happens in any "mail-out" of quantity. The Senator's office noticed that White Citizens Council literature was in the envelopes. Senator Russell immediately called in the postal authorities but was advised that there appeared to be little chance of a violation. The postal authorities have since told the Senator there now appears to be a good chance of mail fraud and they are proceeding along that angle.

Mr. Jordan requested any available public source information we might have on the Committee for Constitutional Government and Attorney J. Benjamin Simmons, 1025 Vermont Avenue, Washington, D. C. The latter individual is reportedly an officer of the Committee for Constitutional Government.

After checking, Mr. Jordan was advised on a confidential basis that we had never investigated Mr. Simmons and he might desire to check the records of the House Committee on Un-American Activities concerning the Committee for Constitutional Government. This Committee's files have considerable information concerning contempt citations against the said organization and specifically citations against an individual by the name of Rumely who at one time was executive secretary of this organization. Jordan was most appreciative.

IN FRANKED ENVELOPES EMANATING
FROM THE OFFICE OF UNITED STATES
SENATOR RICHARD B. RUSSELL
INFORMATION CONCERNING

ALL INFORMATION CONTAINED

DATE 9/9/83 BY SP1 Mac/pt

By memorandum 1/10/58 you were advised that the White Citizens Councils of District of Columbia (WCCDC) had obtained from the office of United States Senator Richard B. Russell (Democrat-Georgia) 4,000 reprints of an article "A Tragedy of Errors," which was printed in the "Congressional Record" at the request of Senator Russell. These reprints are in manila envelopes which bear Senator Russell's frank and are being distributed by WCCDC to anyone that organization so designates.

The Liaison Section determined through contact with the post office that the above facts are not considered a violation of postal laws.

It was subsequently determined these reprints were being obtained from Jim Russell who works in the Senator's office; that the franked envelopes were being opened by WCCDC; that other material of that organization was being inserted; and that the envelopes were being mailed to individuals designated by WCCDC with a 3-cent stamp affixed.

By airtel 1/14/58 Washington Field Office furnished one of these envelopes with its contents which had been obtained from Army Intelligence. The material included by WCCDC prior to mailing consists of an appeal for funds in behalf of John Kasper, criticism of the United States Supreme Court and condemnation of Jews, among which were such prominent individuals as Bernard Baruch, Felix Frankfurter, Henry Morganthau, Anna Rosenberg and Herbert Lehman. In addition to the Senator's frank the envelope bears the return address of the WCCDC.

OBSERVATIONS:

Pertinent information concerning this matter has been furnished Deputy Attorney General Walsh by letters dated 1/10 and 14/58. The only additional information set forth in Washington Field Office airtel 1/14/58 is a description of the material inserted by WCCDC, therefore, no communication is being directed to the Deputy Attorney General at this time.

Memorandum for Mr. Boardman
Re: Dissemination of Literature
in Franked Envelopes Emanating from the
Office of United States Senator Richard B. Russell

Although Senator Russell favors continued segregation it appears that he may be unaware that his name and material are being utilized by the WCCDC to solicit aid for John Kasper and to castigate the United States Supreme Court and prominent Jews. Bufiles reveal that Senator Russell, who is a member of the Senate Appropriations Committee, has had a cordial relationship with the Bureau dating back to at least 1940. He has been contacted in the past by Mr. Nichols. It is not known if the Jim Russell employed in the Senator's office is related to him.

RECOMMENDATIONS:

(1) It is suggested that under the circumstances it may be desirable for Mr. Nease to confidentially advise Senator Russell concerning the use of his name and material by the WCCDC. If for no other purpose such a contact might serve to prevent this organization from securing additional material from the Senator's office in the future and thereby capitalizing on his prominence.

ReBulet to Richmond dated 1/8/58.

Mrs. BEVERLY B. STAMFORD, 802 South Oakland Street, Arlington, Virginia, was contacted on January 21, 1958, by SAs HOWARD E. RICHARD and WILLIE C. LAW. Mrs. STAMFORD advised that she and her husband had been casually acquainted with EUGENE B. COLLTON for approximately two years, but do not consider him to be a friend. She and Mr. STAMFORD do not know COLLTON on a social basis but have merely become acquainted as neighbors. Mrs. STAMFORD stated that she has no knowledge of any organizations to which COLLTON might belong, but is aware that he is somewhat radical in so far as his views on school integration problems are concerned. She stated that several months ago COLLTON had given her husband some literature concerning this problem which she felt was very radical. This material was destroyed, and Mrs. STAMFORD could not remember the title or any other specific information identifying the data which was furnished.

Mrs. STAMFORD stated that COLLTON works for the District of Columbia Government and is believed to be an inspector in the D. C. Automobile Inspection Division of the Traffic Bureau.

Mrs. STAMFORD stated that she is quite sure that COLLTON has not attempted to organize any kind of Citizens Council or other organization in the neighborhood where he lives. She could not recall any activity at his home which would indicate that he was holding meetings there. She pointed out that the COLLTONs share their home with another family, name unknown, and for that reason she does not believe there is room in his home for any large gathering.

Mrs. STAMFORD, although apparently willing to assist the Bureau in this matter, does not appear to be in a position to furnish information concerning the activities of COLLTON in so far as the White Citizens Councils of The District of Columbia are concerned.

It is not felt that the information Mrs. STAMFORD could furnish would warrant the opening of a PSI file at this time.

It is pointed out however that Mrs. STAMFORD volunteered to be alert for any activity on the part of COLLTON which might be of interest to the FBI and stated that if such information comes to her attention, she will immediately contact the Alexandria Resident Agency.

UACB Richmond will recontact Mrs. STAMFORD within the next forty five days to determine if any additional information concerning COLLTON has come to her attention. Thereafter the Bureau and the Washington Field Office will be advised concerning the recommendations of this Office for further contact with Mrs. STAMFORD.

ReBulet dated 12/9/57.

100-423395-490, 471,

On January 8, 1958, CONNIE O. DURHAM, Detective, Charlottesville Police Department, Charlottesville, Virginia, was contacted by SA JOE M. PEARSON. DURHAM was advised that the Bureau is not interested in the legitimate activities of citizens councils but would appreciate receiving any information concerning violations of laws over which the Bureau has jurisdiction, particularly civil rights violations, and information showing citizens councils may resort to violence. No attempt was made to develop DURHAM as a source and no effort was made to guide his activities in any way.

Detective DURHAM stated that no information has come to his attention during the past several months regarding the WHITE CITIZENS COUNCILS OF CHARLOTTESVILLE AND ALBEMARLE COUNTY. He said he does not believe this organization is conducting any activity at the present time and it was his belief that if it does conduct any activity or becomes active such as it was in the past, he will learn of the proposed activity at an early date. He stated that he would be glad to furnish the Bureau any information concerning violations of laws over which the Bureau has jurisdiction, particularly civil rights violations and information showing citizens councils may resort to violence.

housing development, and mentioned in the blank memorandum submitted as an enclosure to Richmond letter dated November 27, 1957, to the Director, an article entitled "Copeley Hill Survey Report On Negroes Is Due Today", regarding this matter, appeared in the December 14, 1957, issue of The Daily Progress, a newspaper published at Charlottesville, Virginia. This article said that results of a survey on whether Copeley Hill residents oppose future assignments of Negroes to the University of Virginia student housing development were to be presented to the Copeley Hill Council at a meeting on December 14, 1957. The article said Mrs. ROBERT TAYLOR, who conducted the survey said the results would not be made public until the council meeting. It was stated that the survey was authorized the previous month when Mrs. TAYLOR headed a delegation at a meeting of a newly elected council and charged that a resolution on Negro residents adopted by the former council was not based on an adequate survey of opinion. The resolution said residents at Copeley Hill would find it distasteful to live next door to a Negro family but would accept the situation without violence. It was directed to the University administration, the article said.

The December 16, 1957, issue of The Daily Progress contained an article entitled "Copeley Residents Against Violence", which stated that a majority of residents participating in a survey at Copeley Hill, the University of Virginia housing facility for married students, have indicated they would not disapprove of assignment of a Negro family to live there. The article said that approximately two-thirds of the students and student-wives living at the Hill, 329 out of 488, filled out the survey questionnaire during the four days the polls were open. The article said the findings, presented to the Copeley Hill Council Saturday afternoon, were forwarded to the University President, COLGATE W. DARDEN.

The article quoted the Questions asked and votes cast as follows:

"1. 'The assignment of qualified University of Virginia students to housing on Copeley Hill should be made regardless of race or color'; 47 per cent of those voting marked 'Approve', 13 per cent marked 'Indifferent', and 40 per cent 'Disapprove'.

"2. 'If the Housing Office assigned a qualified colored student housing next to me on Copeley Hill, I would:' 33 per cent 'Approve', 27 per cent 'Indifferent', and 40 per cent 'Disapprove'.

"3. 'Regardless of the future policy of the Housing Office toward the assignment of colored students to Copeley Hill, I am opposed to and would not participate in any objection of a violent nature': 76 per cent 'Yes' and 16 per cent 'No'".

The article said that the third question received the only outright majority vote but poll workers reported that voters complained that its wording was ambiguous. It said that eight per cent did not mark their questionnaires on the third question. The article sets forth the information regarding the assignment of a Negro family, [redacted] a graduate engineering student, to a Copeley Hill trailer for the summer session in 1957. The details of this have previously been reported.

b6
b7C

It will be noted that neither of the above articles mentioned anything about the White Citizens Council. The information is being furnished for the completion of the Bureau's files on the matter since the Copeley Hill incident was previously mentioned and a person who reportedly was a member of the White Citizens Council was alleged to have contacted [redacted]

The Richmond Office is continuing to review copies of The Daily Progress for information regarding the activities of the White Citizens Councils of Charlottesville and Albemarle County, Virginia. No mention has been made of this operation in any article since the submission of Richmond letter dated November 27, 1957.

By memorandum dated October 23, 1957, the Washington Field Office advised that PSI [redacted] reported by report dated October 13, 1957, that [redacted] said she was going to ask the principal of Warrenton, Virginia, High School to let JOHN KASPER use the gymnasium to address a crowd, composed mainly of adults.

b6

The following investigation was conducted by SA WILLIAM H. PRYOR:

On November 22, 1957, Mr. P. B. SMITH, Principal, Warrenton, Virginia, High School, advised that [redacted] has not approached him to obtain permission to use the high school for a meeting at which JOHN KASPER would speak.

RH 105-632

Mr. SMITH said that under no circumstances would he permit any such organization to use the facilities of this school unless he was so instructed by Mr. C. M. BRADLEY, Superintendent of Schools for Fauquier County.

Mr. SMITH advised that [redacted] born [redacted] [redacted] at Washington, D. C., attended this school for her final two years of high school, graduating in [redacted] [redacted] having an A.C.E. grade of 130, which is about thirty or forty points higher than the average student has. He said she is the daughter of [redacted] [redacted] The mother was born at Westland, Virginia, and the father at Pittsburgh, Pennsylvania. He said that a sister of [redacted] was graduated in [redacted] [redacted] and [redacted] are now residing in Washington, D.C., Mr. SMITH said.

Mr. SMITH mentioned that [redacted] and her sister, so far as he could determine, appeared to him to be rather peculiar and of the opinion that they were far superior to others in their class.

Mr. SMITH stated that [redacted] had attended the Laurel, Maryland, High School for her first two years.

Mr. SMITH informed that in the event [redacted] approached him to use the high school at any time in the future he would notify the FBI.

Mr. PAUL GUINN, Administrative Assistant to Mr. BRADLEY, Superintendent of Fauquier County Schools, advised that his office has not been approached by anyone to use the Warrenton or any other high school in the county for any type of meeting to which KASPER would speak. He said that no such permission would be granted. He also said he would notify the FBI if such request should be received at any time in the future.

The above contacts were made discreetly. Sheriff SAM S. HALL was not contacted because on November 22, 1957, Trooper C. W. SAUNDERS, Virginia State Police, advised that HALL and his chief Deputy, LUTHER COX, have stated that they would not permit integration of any sort in local schools if they had their way.

is traveling to Richmond, Va., on 2/18/58, to attend the Second Annual Convention of the Defenders of State Sovereignty and Individual Rights being held there on 2/18,19/58. *Liberties*

This group is dedicated to upholding segregation of Virginia schools, and WFO has received information that members of the Seaboard White Citizens Councils associated with JOHN KASPER have been active in behalf of the Defenders. There is the possibility that picketing, riots, and other violence coming within the Bureau's jurisdiction may be precipitated by this group if and when there is integration of Virginia schools.

Since the informant's expenses and value for services rendered for this trip will exceed the authorized amount, it is recommended that WFO be authorized to pay WF 1022-S \$50 for this trip. This would be broken down to \$20 for services rendered, \$10 for each day of the Convention, and \$30 for expenses incurred. The expenses will include traveling costs, telephone calls, hotel bill, registration fee, and contributions.

It is not under investigation by the Bureau; however, Richmond has been instructed to obtain coverage in this organization for the purpose of ascertaining information concerning possible violence and violations of laws within the Bureau's jurisdiction. On February 6, 1958, a source, who has furnished reliable information in the past, advised that there had been a "hate mailing" to seniors in high schools in Arlington, Virginia, on February 4, 1958. According to the source the envelopes in which the material was mailed were postmarked at Philadelphia, Pennsylvania. The envelopes did not bear a return address. The source advised he believes [redacted] of the captioned organization, is responsible for mailing this material.

b6
b7C

The source advised that the material in the envelopes consisted of a reprint of a portion of the book "Racial Program for the 20th Century" by Israel Cohen. Allegedly this book was written in England in 1912. The source stated that the organization for which he works has checked available sources both in the United States and England and can find no record of an Israel Cohen or a book entitled "Racial Program for the 20th Century."

P

The source further advised the only reference he had seen to this alleged book was one quotation which was inserted into the Congressional Record in June, 1957,

by Representative Thomas G. Abernethy. In addition, in attempting to determine more about this alleged book it was ascertained that R. A. Hester, president of the Maryland Petition Committee, had made reference to it in a letter to the "Evening Star," a Washington, D. C., newspaper. Upon checking with Hester the "Evening Star" determined that he had read an article concerning this book in the December, 1956, issue of the "Virginian," which is published in Norfolk, Virginia.

The source said the "Evening Star" plans to expose in an editorial the facts behind Israel Cohen and the book "Racial Program for the 20th Century."

Another source, who has furnished reliable information in the past, made available that portion of the book included in the mailing to high school seniors in Arlington, Virginia, which reads as follows:

"We must realize that our Party's most powerful weapon is racial tension. By propounding into the consciousness of the dark races that for centuries they have been oppressed by the whites, we can mould them to the program of the Communist Party. In America, we will aim for subtle victory. While inflaming the Negro minority against the whites, we will endeavor to instill in the whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise in prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige the Negro will be able to intermarry with the whites and begin a process which will deliver America to our cause."

On February 5, 1958, an informant, who has furnished reliable information in the past, orally advised that on February 2, 1958, a source of informant's had been in contact with Floyd Fleming, Executive Secretary of Seaboard White Citizens Councils. According to informant's source, Fleming a few days previous to February 2, 1958, had advised the source that there was a document in the possession of a Postal Inspector Fielder to the effect that the "Committee for Constitutional Government" was aware that they were dealing with the Seaboard White Citizens Councils when they let them have franked envelopes from Senator Richard B. Russell's office and were also aware that the Seaboard White Citizens Councils intended to open these envelopes and insert other material. ~~(S)~~ [U]

According to informant, Fleming denied to source on February 2, 1958, that such a document existed. Fleming mentioned that a reporter from the Washington Post had been to see him and he had told the reporter that although the Postal authorities had wanted him to sign a statement concerning the use of the franked envelopes, he did not sign it. ~~(S)~~ [U]

The reliability of informant's source is unknown at the present time.

It is to be noted that the Washington Post and Times Herald, a Washington, D. C., daily newspaper in its issue of January 17, 1958, (Page A-1, Columns 2-3) printed an article captioned "Russell Shocked at Link to Anti-Semitic Letters." The article mentioned that Senator Russell had advised that he was "outraged" at the use of his franked envelopes by a Washington group to distribute anti-semitic material.

Senator Russell mentioned that the envelopes were originally used by the Committee for Constitutional Government in New York to mail out reprints of an address by W. E. Michael, Sweetwater, Tennessee, lawyer on the Clinton, Tennessee, school integration case which he, Senator Russell, had inserted in the Congressional Record on August 23, 1957. Senator Russell stated, according to the article, that he had been told that 2500 to 3000 of the envelopes had been sold by the Committee to a Washington group with the understanding they would be used solely to mail out reprints of the Michael address.

It is to be noted that the Supreme Court of the United States on 10/14/57 refused to review JOHN KASPER's case in connection with his conviction on 8/31/56 for "willful contempt" for interference in desegregation of the Clinton, Tennessee, High School. On 10/17/57 U. S. Marshals in Washington, D. C., took JOHN KASPER into custody on order from U. S. District Judge ROBERT L. TAYLOR of Knoxville, Tennessee, and he is currently serving his sentence.

SEABOARD WHITE CITIZENS COUNCILS

Confidential Informant T-1, who has furnished reliable information in the past, advised on September 16, 1958, that the Seaboard White Citizens Councils, 1047 31st Street, N.W., Washington, D. C., is mailing literature to seniors of Arlington County, Virginia, high schools this week.

The informant stated that one side of the leaflet will contain a reprint of an editorial on integration as appeared in the May 19, 1954, issue of the "Daily Worker," and that the other side of the leaflet will contain the following:

"Dear Student:

"As predicted, our last letter was greeted by anguished screams of 'hate literature' by the dedicated disciples of race degeneracy. We are unable, however, to determine that any of them dared to say it was untrue. In-
cidentally, did you ask whether it was or not? If you did not, may we again suggest that you do so? The double talk you receive may prove to be an outstanding lesson in how to beat about the bush.

"May we at this time, draw your attention to the photographic reproduction, on the reverse side of this letter? It is an editorial which appeared in the 'Daily Worker' on May 19, 1954, immediately following the extreme court decision on race amalgamation. For years, the 'Daily Worker' was the leading publication of the Communist Conspiracy in this country. It was published and distributed by Communists for the primary purpose of injecting their 'Brotherhoodism Poison' into the bloodstream of America. The 'Daily Worker' closed its doors approximately one year ago. Many persons, especially Communist stooges - - will tell you it failed in its mission and was financially forced out of business. The real truth is that it influenced many dupes and stooges in all walks of life. It could then gracefully retire from the scene knowing that the poison injections would be continued in more subtle and less conspicuous ways through outlets with greater public acceptance.

SEABOARD WHITE CITIZENS COUNCILS

"Read this reproduction carefully. It is quite obvious that the extreme court integration decision was most pleasing to these vultures. Notice the flowery phraseology concerning 'peace and democracy,' 'constitutional principles,' 'constitutional liberties,' 'validity of democratic principles,' etc. All this, you must remember, spewed forth by a group dedicated to the overthrow of anything remotely resembling democracy in the U.S.A. Complete ruination of our Constitution as a governing document is also one of their aims. Since the race amalgamation 'decision' was most unconstitutional, naturally the Communists were overjoyed.

"Do you not consider it significant that this same phraseology is so frequently employed by all race mix-o-maniacs? Almost daily, one may hear it on radio and TV and see it in the press. It can be heard from the lips of many politicians at both national and local levels. It is the stock in trade of the starry-eyed do-gooders, of which your community has far more than its fair share. Truly, the seeds of 'Communist Brotherhoodism' have fallen on most fertile ground.

All Americans with a true love for their Country, irrespective of their racial origin should consider the great pleasure and comfort the desegregation decision gave the Communist enemies of America. The fact that it was pleasing is so clearly shown by this editorial. Anything which pleases those dedicated to your destruction Cannot Be Good For America. Ask those whose only defense against truth revealed is to whimper 'hate literature' to tell you otherwise.

"Incidentally, the guiding individual of the 'Daily Worker' was known as John Gates. Government records show his real name to be Israel Regenstreif.

"Thank you sincerely,"

The "Daily Worker" was an east coast Communist daily newspaper which ceased publication as of January 13, 1958. John Gates was listed in the paper as its editor.

This memorandum is loaned to you by the Federal Bureau of Investigation and neither it nor its contents are to be distributed outside the agency to which loaned.

Tallahassee, Florida, 7/31/58 and 8/1/58 in connection with the

(FCI).On the afternoon of 7/31/58, Warden GENE GOODWIN,
FCI, Tallahassee; Florida Highway Patrol Headquarters; Leon
County Sheriff's Office; and Tallahassee, Florida, Police
Department were alerted to possibility that a demonstration
by his supporters might ensue in connection with the release of
KASPER from the FCI. Later the same day, Warden GOODWIN con-
tacted SA GERALD D. MOHR and confidentially advised that on
order from Director BENNETT, Bureau of Prisons, KASPER was
removed from FCI, Tallahassee, at 1:00 P.M., 7/31/58, to prevent
any local demonstration and transported to the U. S. Penitentiary,
Atlanta, Georgia, where he was to be released at 8:00 A.M.,

leaving Atlanta at 2:15 P.M., EST, and arriving Tallahassee 4:18 P.M., EST, and that a demonstration of some sort was apparently planned. It was also ascertained that KASPER would be met at Tallahassee Airport by Admiral J. G. ~~CROMMELIN~~ of Alabama. 3/11

Following receipt of the above information, BILL DURDEN, Administrative Assistant to the Governor of Florida; Captain A. D. COSSON, Florida Highway Patrol Headquarters; Sheriff W. P. JOYCE, Leon County Sheriff's Office; Warden GOODWIN, FCI; and Chief FRANK STOUTAMIRE, Tallahassee Police Department, were advised that KASPER planned to return to Tallahassee and that a rally or demonstration was possible.

At approximately 4:20 P.M., 8/1/58, KASPER, accompanied by two other men, was observed by SA GERALD D. MOHR to arrive at Tallahassee Municipal Airport as scheduled. He was met near the plane by Admiral CROMMELIN, FRED HOCKETT, Executive Secretary, Florida White Citizens Council, Miami, and approximately twenty other apparent supporters. Extensive press, radio, and television coverage was afforded KASPER's arrival and after several short press interviews KASPER and followers departed the airport in a 1957 Buick Sedan (believed to be Admiral CROMMELIN's) and went directly to the Leon County Courthouse in Tallahassee where KASPER attempted to get permission from city authorities to speak at a small amphitheater behind the courthouse. At this point HILL HENDRIX, former Grand Dragon, Southern Knights of the Ku Klux Klan, now believed Grand Dragon of the Order of the White Camellia, and residing at Oldsmar, Florida, was observed to join KASPER's followers. 3/11

KASPER was refused permission to speak back of the courthouse and, after approximately 45 minutes of arguing with city officials over his right to speak, KASPER and his small group of supporters numbering about ten then assembled at front of the east steps of the State Capitol Building where KASPER spoke briefly to his followers and a sizeable gathering of newsmen, photographers, and law enforcement officers about a third party in the United States to promote segregation. He then berated integration practices at FCI.

It should be noted that KASPER's movements during the entire time he was in Tallahassee, following his arrival on release from the U. S. Penitentiary, Atlanta, were under concentrated surveillance by representatives of all local law enforcement agencies which included two plain-clothes troopers of the Florida Highway Patrol.

After his brief talk at the Capitol steps, KASPER, Admiral CROMMELIN, and wife and daughter, left the area in CROMMELIN's 1957 black and white Buick sedan bearing 1958 Tennessee license tag 3GD725, and immediately drove north out of Tallahassee on U. S. 27 towards the Georgia line. The car was closely surveilled by two Florida Highway Patrol cruisers which dropped them ten miles inside Georgia. The above information was immediately furnished the Bureau, Atlanta, and Mobile.

On 8/1/58, following KASPER's departure from Florida, Captain A. D. COSSON, Florida Highway Patrol, advised KASPER had been overheard to remark he was then going to Admiral CROMMELIN's home near Montgomery for a rest before resuming his job as Executive Secretary of the Seaboard White Citizens Council, Washington, D. C.

On 8/1/58, Captain A. D. COSSON advised that during the night of 7/31/58, as a security measure, the Florida Highway Patrol conducted a spot surveillance of W. B. ROGERS' property located six miles west of Tallahassee on U. S. 90, which property has in the past been utilized as a Florida Ku Klux-Klan meeting place, inasmuch as it was felt the Klan or possibly some other extremist group might have planned a large demonstration in connection with KASPER's release from FCI, Tallahassee. This information has been appropriately reported in the report of SA BENNETT M. HIRSH, Jacksonville, 8/28/58, in the case entitled, "Florida Ku Klux Klan, aka, IS-KLAN," Bufile 105-38069 and JKfile 105-15.

During the course of discreet coverage of the activity surrounding KASPER's return to Tallahassee, the following vehicles were observed in the vicinity of the Tallahassee Airport and around the Cherokee Hotel in Tallahassee, where Admiral CROMMELIN and FRED HOCKETT headquartered awaiting the arrival of KASPER, the owners of which vehicles may have had some connection with KASPER's appearance. With the exception of two vehicles, it was, of course, impossible to determine whether these persons were followers of KASPER or merely curious spectators:

1958 Ford Stationwagon bearing 1958 Florida tag 4-17645, registered to WILLIAM HENDRIX, Box 47, Oldsmar, Florida.

1957 Plymouth Sedan bearing 1958 Florida tag 65-70 registered to JAMES SHELDON COGDILL, St. Mark's, Florida.

JK 105-45

1956 Pontiac Sedan bearing 1958 Florida tag 37W-158 registered to T. D. SAUNDERS, Perry, Florida.

1955 Ford 4-door Sedan bearing 1958 Florida tag 28-37 registered to HELEN B. CHESSER, 714 South 13th Street, Dade City, Florida.

Model and make unknown, bearing 1958 Virginia license tag 35-608.

1955 Studebaker Coupe bearing 1958 Florida tag 3-72754 registered to JAMES H. JORDAN, 217 West Linebaugh Avenue, Tampa, Florida.

Late model Ford bearing 1958 Georgia license tag 18-J-924.

1949 Plymouth 4-door bearing 1958 Florida tag 11-5265 registered to MAE PURVIS, 1235 North Bronough Street, Tallahassee, Florida. (City directories list PURVIS as Clerk, Florida State Road Department, Tallahassee, Florida.)

Model and make unknown, bearing 1958 South Carolina license tag D-432241.

1954 Chevrolet Stationwagon bearing 1958 Florida license tag 1-51734 registered to C. E. CARLYLE, 1085 West 50th Street, Hiāleah, Florida.

1957 Buick Sedan bearing 1958 Tennessee tag 3GD725 (vehicle in which KASPER and CROMMELIN family departed Tallahassee).

1954 Buick 2-door bearing 1958 Florida tag 13W-2150 registered to B. A. CATES, Jr., 1332 Hendrix Road, Tallahassee, Florida. (City directories list CATES as machine operator, Perry Highway Drive-In Theater, Tallahassee, Florida.)

It should be noted that there was no indication KASPER's return to Tallahassee, Florida, had any significance other than fact that he had originally planned to be released here from FCI, 8/1/58, and may have made commitments to supporters that they meet him in Tallahassee for "welcome back KASPER rally."

JK 105-45

The indices of the Jacksonville Division are negative regarding SHELDON COGDILL, T. D. SAUNDERS, MAE PURVIS, and B. A. CATES.

Offices receiving copies of this communication are requested to attempt to further identify owners of vehicles pertinent to respective areas and search office indices regarding these persons.

White Citizens Councils of D.C.

ARTHUR J. SCHNEIDER was contacted at his office, 1910 N. Pennsylvania Street, Indianapolis on 9/24/58 by SAs ROBERT E. RADDE and LAWRENCE E. BROWN. He stated that during the first part of September he had corresponded with Congressman CHARLES B. BROWNSON relative to the integration problem and the Congressman had acknowledged his letter, stating at the time that Mr. SCHNEIDER's letter had been sent to the FBI. It was explained to Mr. SCHNEIDER that the Bureau was interested in his statement in the letter concerning the allegations he made relative to stock-piling of guns and ammunition and other acts of violence.

Mr. SCHNEIDER stated that during the last week-end in August this year he attended a convention of the National States Rights Party at Louisville, Ky., and that about two hundred people were in attendance at this convention. Continuing, he advised that among those attending were some who were members of the Ku Klux Klan and that he had overheard remarks in some of the groups in which Klan members were present indicating that the Klan had access to guns and ammunition which they would only use as a last resort in protecting states' rights. SCHNEIDER stated that he did not know the identities of these Klan members nor did he actually receive any information indicating the volume or the place where the guns or ammunition were located. He pointed out that actually this information came to him by rumor and innuendo and he had no substantiating facts of information.

National Headquarters - Southport, N.C.

Mr. SCHNEIDER further stated that representatives of the United Southern Employees' Association, Inc., were also present at this convention and that he also heard by rumor and innuendo that members of this group would cut oil and gas lines running from the southern states to the northern states as a last resort in protecting states' rights. Again SCHNEIDER stated that he was

not acquainted with any of the members of the United Southern Employees' Association and could not furnish the names or other identifying data concerning any of these members. He stated that he actually heard no threats made at the convention concerning armed violence or sabotage, but only by hints and innuendos he received, led him to believe that forced integration by the Federal Government would violate states' rights and would sooner or later lead to violence. He stated that he was opposed to the use of violence in protecting states' rights and he felt it was his duty to inform Congressman BROWNSON concerning the matter.

SCHNEIDER stated that he would advise the Bureau of any information he may receive in the future of any group or organization which advocated force or violence to attain their aims. He furnished to agents two throw-aways published by the United Southern Employees Association, Inc., which are being attached hereto for the information of the Bureau. Mr. SCHNEIDER does not desire them back.

- (3) We will ask that an escalator clause be injected into the contract giving either party (the Union or Company) the right to ask that the contract be opened for negotiations on wages when a 6 percent rise or fall of the cost of living occurs.
- (4) We will ask that the company contribute one dollar (\$1.00) per member, per month, to the members' Local Union Welfare Plan. This one dollar (\$1.00) to be matched by the local union from the members' monthly dues. This fund is to help the members in unfortunate circumstances.

"Quotes The Law"

EMPLOYEES RIGHTS TO ORGANIZE GUARANTEED BY LAW!

PUBLIC LAW—101 80th Congress.
CHAPTER—120 1st. SESSION H. R. 3020.

SECTION 7. Employees shall have the right to self organization, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection, and shall also have the right to refrain from any or all of such activities except to the extent that such right may be affected by an agreement requiring membership in a labor organization as a condition of employment as authorized in Sec. 8 (a) (3).

SECTION 8. (a) It shall be an unfair labor practice for an employer—
"(1) to interfere with, refrain, or coerce employees in the exercise of the rights guaranteed in Section 7.

Now just what does it mean to violate the rights of an employee as guaranteed by Section 7? "It means that any person or group of persons who attempts to intimidate or coerce any employee of his rights to participate in any labor union of his own choice would be subject to prosecution by both State and Federal authorities, and upon conviction could be sentenced to prison or fined or both according to law. It would further give the victim the recourse for civil action against his intimidators."

OBJECTS

ONE OF OUR MAIN OBJECTS: To organize under one banner all workers engaged in any craft, and to educate them to cooperate in every movement which tends to benefit the organization, to impress upon our membership, our employers, and the public that it is to the advantage of all concerned that workers be organized. Our craft requires honest and intelligent membership, adapted to the business. We teach our membership the advantage, benefits and importance of their industrial position, and we endeavor to build up and perfect a labor organization in conformity with the highest standards of our American citizenship. We seek to improve the industry by increasing the efficiency of the service and by instilling confidence, good will and understanding between our members and their employers, and which will further encourage cooperation and fair dealing with all employers so as to secure for our membership reasonable hours, fair wages and improved working conditions. Welfare benefits for all members and their families.

AFL - CIO HELPED PRESSURED TROOPS TO LITTLE ROCK

The AFL-CIO cannot deny that they were one of a number of organizations that pressured the President into sending troops to Little Rock to force integration. A list of some 36 organizations were published in a New Jersey paper, and until this day—none of the organizations listed has denied the story, so—we must assume the New Jersey paper was right. Some of the AFL-CIO Unions listed were the Textile Workers Union of America, AFL-CIO, United Steel Workers Union, AFL-CIO, United Auto Workers Union, AFL-CIO. The Anti Defamation League and the NAACP was also listed.

WHO BROUGHT PRESSURE AT CLARENDON COUNTY SOUTH CAROLINA???

Mr. Lincoln C. Jenkins, the attorney that filed the petition on behalf of the nine Negro parents, asking the Clarendon County School Board to admit the nine Negroes into white schools and to end the segregated school system, said, "the petition was not sponsored by the NAACP." We can't at this time, put the finger on the organization that did sponsor this outrageous monstrosity, but we can put the finger on the AFL-CIO's "Textile Workers Union of America" because they did pass a resolution at their 1956 National Convention, calling upon the President of the United States to use his moral support to unsegregate the public schools in the United States. The moral support that the resolution asked for must have been Federal Troops. After seeing just how hard the AFL-CIO Unions have been working to destroy our Southern Customs which is our life—"How can a Southern man or woman who pays dues to an AFL-CIO Union, bear to go home and look their little children in the eyes?" They must know that their Union dues are being used to destroy their little ones whom they must love dearly. "What fools we mortals be."

**MEET ONE OF THE SOUTH'S
GREATEST ENEMIES - WALTER P. REUTHER,
AFL - CIO VICE PRESIDENT**

Out of the third generation of a German family, comes Walter P. Reuther, President of the United Auto Workers, AFL-CIO Union. This is the same Walter Reuther who stated in a letter he sent friends while he was in Russia working, and learning more about Communism, "yours for a Soviet America." The story of this man who would like to see our United States patterned after Soviet Russia really began when old man Jacob Reuther, grandfather of Walter P., left Germany with his family which included an eleven year old son whose name was Valentine. Old Jacob and his family left Germany in 1892 to make a new home in America and to escape Military Conscription for his sons. Valentine grew to manhood, married and later sired four sons who he named Walter, Victor, Ted and Roy. The old man Reuther was apparently raised as a Lutheran but it was said that he modified his Religion to meet his own conception, based largely on his belief that the churches did too much for God and not enough for man.

100-423395-571

Valentine Reuther trained his four sons Socialism, and it is told that he held regular Sunday sessions with them, discussing and debating all manners of subjects relating to working men and women. Walter P. Reuther grew up actively in Socialist organizations. He was fired from his job with the Ford Automobile Company and with nothing else to do, he and his brother Victor went to Russia to work and to learn Communism first hand.

He and brother Victor fell in love with the Soviet Russia and from there he wrote his much publicized letter to his friends in America and which he ended with his, "Yours For a Soviet America." He came home vibrating with deep fervor for the Russian system of economic control. The point is: "This man Reuther is self consecrated to the principles of Socialism and government control of economic life. His fanaticism, cold in its utter dedication, is economic truths which will eventually destroy him. The tragedy is, he could easily destroy our country with a Socialist dominated and guided government." Walter Reuther already controls Michigan, a state which has gone backward in prosperity since he took over.

Reuther, with AFL-CIO money has used crooked politicians to further his political ambitions by having un-American labor laws introduced in Congress, which if passed will do nothing more than further enslave the working classes and give the big labor leaders more power to further the cause of Socialism. The working people and especially the working people of the south had better awaken to what the AFL-CIO is really doing. The Union dues that the southern workers are paying in to AFL-CIO Unions are being used to destroy the southern peoples Religious, moral and traditional beliefs, not to mention their economy welfare. Reuther and his political clique does not only intend to use the white and Negroes against each other to further their political strength, but they intend to destroy both races by forcing integration and social intermingling which will eventually lead into inter-marriage and complete degeneration. Inter-marriage between the races is the same method used by Joe Stalin to put Russia under a dictatorship. Stalin only had six percent of the people with him when he overthrew the Russian government. The so called Stalin Constitution of 1936 which is really the Soviet Russia Constitution, in Article 123, States.

"Equality of rights of citizens of the U.S.S.R., irrespective of their nationality or race, in all spheres of economic, government, cultural, political, and other public activity is an indefeasible law. Any direct or indirect restriction of the rights of, or, conversely, the establishment of any direct or indirect privileges for, citizens on account of their race or nationality, as well as any advocacy of racial or national exclusiveness or hatred and contempt, is punishable by law."

This Article of the Russian Constitution is exactly the same policies and advocations as the N.A.A.C.P. and the AFL-CIO, the N.A.A.C.P. with the moral, physical and financial support of the AFL-CIO have been attempting to have the laws of the United States changed to pattern after Russian laws, and they have been successful in having these Civil Rights laws passed, as you no doubt know. It is our firm belief that any southern man or woman, who after being informed as to the policies of the AFL-CIO, continues to pay an AFL-CIO Union dues, "they should be branded a southern traitor and treated as one." It is very obvious to see that the AFL-CIO are not using the Unions for what they were organized for. A Labor Union is

"SPECIAL TIP TO T.W.U.A. MEMBERS"

WHO GOT \$131,364.88 – \$198,392.30 OF T.W.U.A. MEMBERS' MONEY

Do you know that the T.W.U.A. Executive Board Council report of May 14-18, 1956, reveals that the T.W.U.A. National Headquarters contributed and donated one-hundred thirty-one thousand, three hundred sixty-four dollars and eighty-eight cents (\$131,364.88), of its members money, but the report fails to reveal the organizations, parties or individuals that the money went to. This information is on page 89 of the report.

Because of the fact that the report fails to reveal who received this amount—we wonder if it could have been donated to Mr. Walter P. Reuther who is not only the Vice-President of the CIO, but is also a member of the National Board of Directors of the N.A.A.C.P., and we wonder if the N.A.A.C.P. received any or all of the money contributed as shown in the report.

The report also shows that the T.W.U.A. spent one hundred ninety-eight thousand, three hundred ninety-two dollars and thirty cents (\$198,392.30) for hospital, surgical and retirement benefits. "Did any of T.W.U.A. AFL-CIO Southern members receive any portion of this tremendous amount???"
ASK YOUR INTERNATIONAL REPRESENTATIVE TO EXPLAIN TO YOU WHO GOT THE BENEFITS OF THIS MONEY, if he refuses to tell you then write U. S. SEN. STROM THURMON of South Carolina. Ask him to find out for you.

COMPARE THE DIFFERENCE

A.F.L. C.I.O. T.W.U.A. PLAN

Let us assume that the TWUA has a local with (3000) members and they pay 75 cent dues a week for 52 weeks which would be \$117.000 per year. Now \$58.500 of this amount would go to the T.W.U.A. National Headquarters as Per Capita Taxes.

U.S.E.A. PLAN

Under the U.S.E.A.'s plan, three thousand (3000) members will pay into the local union for dues for a year, one hundred and seventeen thousand dollars (\$117,000.00), but ninety-three thousand, six hundred dollars (\$93,600.00) of this amount will stay in the local's treasury. Only twenty-three thousand, four hundred dollars goes to the U.S.E.A.'s National Headquarters, which will be a difference of thirty-five thousand, two hundred dollars (\$35,200.00) per year that your local union will gain to be used for the welfare of the local membership and their families.

suppose to represent their members for the sole purpose of collective bargaining. To secure for it's members, better working conditions, with contracts calling for fair work loads, old age and sick benefits, hospitalization and fair wages, and especially job preferential based on seniority and job security. Unfortunately this is not what the southern union members are getting for the dues they pay. The AFL-CIO Unions have deserted the fields of labor and have gone in for Sociology. They have attempted to become a school board, to tell the people of the United States what schools to send their children, and that the white people must mix their children with the Negro children. They also want to tell the people who they shall vote for in political elections. The working people in the south will do well to serve notice on their legislators that they don't intend to be enslaved by the Socialistic and Communist minded AFL-CIO Union leaders. The southern people will do well to vote for politicians who will damn and publicly fight AFL-CIO Unions until they are eliminated from the sacred soils of the southland. When Representative Howard Smith of Virginia sponsored a bill in Congress known as the State Rights Bill which would prevent the Supreme court from freeing Communist from jail sentences for advocating the overthrow of the government, the AFL-CIO and their close ally, the NAACP opposed the bill with all their power. This should be a warning to the people of the United States who believe in State Rights and Constitutional Government, that the time is now, to stop joining AFL-CIO Unions, and to stop membership and dues. The working people of the south must join together now, and chase out these AFL-CIO carpetbaggers or prepare themselves and their families for slave camps. Every industry and company should have the Smith Bill printed and distributed to all their employees so that they will spit in the eyes of any AFL-CIO organizer who might ask them to join any AFL-CIO Union. Also, the southern workers must be on the alert for other organizations who appears to be tied in with the AFL-CIO. Beware of what is known as the National Textile Commission and the southern news letter, as this so called southern news letter which is printed in Chicago and distributed from Louisville, throughout the south, is pro-integration, pro-NAACP and pro-AFL-CIO. Also, beware of certain industries and companies who are working hand in hand with the AFL-CIO in an effort to enslave the employees by signing yellow dog contracts. Remember—"It don't take very much money to have good unions ,it only takes plenty of red blooded men and women with guts, and the AFL-CIO and their integrating stooges is going to learn that the southern men and women have both."

DEFENDERS OF STATE SOVEREIGNTY

ARLINGTON CHAPTER

T-1, who has furnished reliable information in the past, advised on September 22, 1958, that a meeting had been scheduled by the Arlington Defenders of State Sovereignty and Individual Liberties on September 19, 1958, at the Broyhill Auditorium, Arlington, Virginia. Candidates for the County Board were to speak but failed to appear.

A routine business meeting was held, according to T-1. At the meeting Jack Rathbone, executive secretary of this group, stated that a petition should be sent to President Eisenhower asking that John Webb, an integrationist, be sent to Ghana as Ambassador. A person, name unknown, suggested that a bus be hired and filled with "Negroes" from the District of Columbia with each "Negro" having a fifth of whiskey, and be sent to Webb's bowling alley as a guest for the night. H. P. Paden, the president of the group, suggested that each member write letters to the four "Negro" children to be admitted to Arlington schools in January, telling them the "true facts" of integration, and suggesting that they carry on the traditions of the "Negro race" by remaining aloof from the whites.

Following the meeting Carlton W. Carter, a Vice President of the group, stated he wished he knew where to get "a box of hand grenades." One Ed Strohecker from Alexandria said he did not know where to get hand grenades but he knew how to make "Molotov cocktails." Strohecker, according to T-1, is a rabid Nazi and stated that 25,000 loyal Americans "with guts, marching under the swastika, could straighten out the troubles that ail this country."

During the evening Kasper remarked that it would be foolish for him to go into Arkansas or Virginia now that the governors of those states had acted. Commenting on his forthcoming trial in Tennessee, Kasper said that there were a lot of good people in Clinton, Tennessee, and asked Simmons, Kasper's attorney, if he should try and get the trial changed from Nashville to Clinton. Simmons, according to T-1, said no, adding that the people in Nashville were about twelve to one for segregation while the people in Clinton were about one to five for segregation.

T-1 said that Kasper indicated that exTennessee Judge Schoolfield would represent him at his trial in Tennessee. He said he would remain in Washington, D. C., about six days and then go to Nashville to prepare for the trial.

Kasper, [redacted] and Fleming are to meet on October 7, 1958, at the offices of the Seaboard White Citizens Councils, 1047 Thirty-first Street, N. W., Washington, D. C., to "talk some more."

All of the above persons have been active in affairs of the Seaboard White Citizens Councils.

JOHN KASPER

Confidential Informant T-1, who has furnished reliable information in the past, advised on October 8, 1958, that John Kasper wants to start a new political party to be called the Kasper Party. Kasper said that his original idea was to organize a WHIB (Wheat in Bread) Party and that Lee Foster of Tennessee had worked hard to further this idea.

The WHIB Party was to have its origin in the people, in the grass roots, and Kasper said that Foster had put up close to \$1,000 to further it. Kasper said that he did a lot of reading on Hitler while in prison, according to T-1, and that he had decided that a popular name should be put to the people rather than an organizational name. Kasper said that the Jews would call any party he started the Kasper Party; therefore, he will organize a Kasper Party to "beat them to the punch." Also, people will know that the name Kasper means action, he said.

T-1 said that Kasper described his proposed party as "Fascists of 1958" but with different symbols and ideas from those used by Nazis. Kasper said that a new nationalism must be created based on an American culture.

Following his pending trial in Tennessee, Kasper intends to retreat to Vancouver, Canada, to write a book on his political ideas. Kasper is to meet with members of the Seaboard White Citizens Councils in the next few days, according to T-1, to outline a plan of action while he is preparing his book. These plans will include giving up the Seaboard Office and a change in the literature going out under Seaboard name. The new literature will probably contain Kasper's ideas on the money system in the United

States, Congress, and various other things that he wants to let the people know about.

The informant said that Kasper stated that more drastic action would have to be taken to let the people know that the Supreme Court is not the law of the land.

Kasper was released from Federal penitentiary on August 1, 1958, after serving a sentence on a contempt of court conviction arising out of integration riots in Clinton, Tennessee. He faces trial in Nashville, Tennessee, on charges of inciting a riot.

By airtel 10-7-58 the Washington Field Office advised that [redacted] who has furnished reliable information in the past, furnished the following information on 10-7-58. He attended a meeting of captioned organization held on 10-6-58 which was attended by [redacted] and John Kasper, among others. During this meeting, Collton remarked that he wondered if the FBI was following John (Kasper) and added that he "would like to catch one of those FBI bastards and beat him up."

11-1

[redacted] a white male, was born [redacted] and currently resides at [redacted] and is employed [redacted]

In view of [redacted] statements concerning assaulting an FBI Agent, Washington Field requests authority to contact established sources and public records to develop additional background on Collton. Washington Field also requests authority to have [redacted] reviewed.

Bufiles reflect that [redacted] was active in 1954 in distributing literature for the National Association for the Advancement of White People, an anti-Negro association formerly headed by Bryan Bowles which is now defunct. He has been extremely active in captioned organization since 1957. He served as vice-president of the organization in 1957 and 1958 and was elected president after John Kasper was sentenced to prison for contempt of court. In June, 1958, he prepared material for the White Citizens Councils of the District of Columbia concerning the racial issue which was highly inflammatory in nature. In this material [redacted] stated "If the race mixing maniacs continue to push, it can only result in bombings of more Jewish centers" and in referring to the Supreme Court stated that the "nine swine on the Supreme Court" should be convicted for treason and "hung until dead, dead, dead."

100 REC-29 72 3395-576

In view of the violent statements made in the past by [redacted] in connection with the integration issue and his statement concerning assaulting an Agent of the Bureau, it is felt that Washington Field should be authorized to conduct the proposed inquiries concerning [redacted] so the Bureau will know more about him in the event he is involved in violence in the future. It is particularly desirable that [redacted] naval record be checked to determine if he has received any specialized physical firearms or demolition training.

KASPER talked mostly of his background. Speaking of his trial and conviction in Tennessee, KASPER said that it came about because a negro preacher had escorted a negro boy to school in Clinton, Tennessee. After leaving the school, the preacher was assaulted. KASPER said that, although he was in Washington, D. C., when the assault occurred, he went to Clinton several days later and was arrested, tried and convicted of this assault.

KASPER said he planned to write a book in the future that will afford the public a concise view of what he is doing and what he is trying to accomplish. In this book he will review the history of the United States back to the time of the Constitution. He will show how the "Jewish and Negro people have always worked hand in hand" and how, in reality, the Jewish people have "used the Negroes" for their own purposes.

KASPER related that he would like to get away from the White Citizens Council and form a new political party. He said he believes that such a party could best be started on a local level. In time, the party would then spread from city to county government and on to the state level. KASPER expressed the opinion that such a party could reach the national level in ten to fifteen years. KASPER stated that he hopes to be back in the Washington, D. C., area around the middle of November, 1958, at which time the possibility of starting such a political party could be discussed in detail.

RE: JOHN KASPER:

A confidential source who has furnished reliable information in the past on October 16, 1958 advised that JOHN KASPER visited Charlottesville, Virginia, on October 14, 1958. He was enroute to Greensboro, North Carolina.

According to this source, KASPER while in Charlottesville, Virginia, had lunch with and was interviewed by two reporters of the "Daily Progress", a daily newspaper published in Charlottesville. During this interview KASPER stated that he and "his group" had no plans for action in Virginia in relation to integration. He expressed his approval with the manner and legal means with which Virginia authorities were fighting the Supreme Court integration decision. He stated that his efforts would be directed against the officials of those states who have violated the public trusts placed in them by adhering to the Supreme Court's decision to integrate public schools.

This source also advised that during his visit to Charlottesville, KASPER recorded a ten to fifteen minute speech to be broadcast over Radio Station WINA in Charlottesville from 10:30 P.M. to 10:45 P.M. on October 15, 1958. In this speech, which was broadcast at the times indicated above, KASPER denounced the Charlottesville Board of Education as not having courage to deal with integration according to their convictions. He cited the recent bombings of Jewish institutions. He referred to the Anti-Jewish activities of HITLER in Germany and cautioned Jews in the United States to be alerted that this does not happen to them.

This source stated WINA received numerous phone calls from people in the Charlottesville, Virginia, area objecting to the broadcasting of this speech.

This memorandum is loaned to you by the FBI and neither it nor its contents are to be distributed outside the Agency to which loaned.

October 14, 1958

WHITE CITIZENS COUNCILS OF D. C.
also known as
SEABOARD WHITE CITIZENS COUNCILS

On October 12, 1958, T-1, who has furnished reliable information in the past, supplied a written report concerning a meeting held in the offices of Seaboard White Citizens Councils (1047 31st Street, N.W., Washington, D. C.), on October 11, 1958. *Attended meeting*

b6
b7C

Temporary
According to informant the following persons were present at this meeting: John Kasper, [redacted] Floyd Fleming, [redacted] his wife and children. *D.C.*

D.S.
T-1 advised that Kasper opened the meeting with a short speech stating among other things that he had to return to Nashville, and might be gone a year. He wanted support of J. Benjamin Simmons, his attorney, to "keep him in the fight." Kasper mentioned that even his close friends including Admiral Crommelin had failed him right after he was released from prison. Kasper thought that they should have had clothes, a car and money waiting for him because he "was like a foot soldier without a rifle." Kasper mentioned that Birdsell wanted a crack at expanding Seaboard, working out satellite organizations and getting the name back before the public.

[redacted] gave a brief background sketch of himself stating that he had lived in the District of Columbia from 1948 to 1952 working with Batt-Bates and Jones Composition Company as a mimeograph operator. He mentioned then that he moved to New Orleans, Louisiana, and divorced his wife. He stated he edited a magazine called "The Southern Digest." [redacted] also mentioned that he joined the Southern Gentlemen and was an organizer and speaker for them. He was arrested for possession of a hypodermic needle, tried and sentenced to seven years. His sentence was reversed in July of 1958.

ENCLOSURE

WHITE CITIZENS COUNCILS OF D. C.

He is again living in the District of Columbia and is working for the Jones Composition Company. [redacted] mentioned that he was commissioned by Edwards, the head of the Klan, to organize a KKK in Mississippi. [redacted] stated he wanted to run the Klan in Mississippi on a semi-military basis with rifle clubs. He plans to affiliate with the National Rifle Association which will serve as the excuse for the gun clubs.

At this meeting [redacted] suggested that Kasper take the title of Executive Director of Seaboard and [redacted] Executive Secretary with Floyd Fleming President and [redacted] Vice-President. Kasper wanted [redacted] elected to the new board of directors. Kasper stated that he would get a short statement ready directing everyone to respect [redacted] as the new leader here in Washington. [redacted] is to have absolute authority of anything going out with the Seaboard name on it.

Wash. D.C.

T-1 advised that a friends of Kasper's, [redacted] has a friend working for the "Washington Daily News" and this reporter wanted an interview with Kasper. The reporter's superior, according to T-1, wants to change the story. According to T-1, Kasper asked the questions, answered them himself, copied them while they drank beer and talked about the weather.

T-1 advised that Kasper's car was repaired and the following persons paid to repair it:

[redacted]	\$100.00
[redacted]	50.00
[redacted]	50.00
[redacted]	25.00 or 75.00
[redacted]	10.00
[redacted]	10.00
[redacted]	10.00

T-1 advised that Kasper may be reached in Nashville at Post Office Box 7073 or at the following phone numbers:

[redacted] Chapel 2-6118
Vernon 2-9520

WHITE CITIZENS COUNCILS OF D. C.

T-1 advised that upon hearing about the bombing of the Atlanta synagogue on October 12, 1958, Kasper made the statement that the bombing was "a good thing," "a great thing," "a direct hit on the Jews."

Confidential Informant T-2, who has furnished reliable information in the past, on October 21, 1958, made available a copy of the letter which [redacted] wants to send out. It reads as follows:

"Beloved Christian Brothers:

"It is with passionate hope that this earnest appeal for understanding is directed toward the cherished Christian community of Virginia. In recent months it has become apparent that the motives and attitudes of our people have undergone misunderstandings which might seriously affect the status of our position in America. Zionism would not necessarily mean that Jews are not loyal Americans even if the Rosenbergs, Glasses, Harry Dexter Whites, Sobels and other atomic spies all were Jews. Surely, simply because Arthur Spingarn is a Jew and president of the NAACP does not necessarily indicate that the majority of Jews promote race-mixing, does it? No, none of these hateful facts prove that the majority of Jews are working for a one-world, one-race, one-color dictatorship with our people controlling everything.

"It is prayerfully hoped that none of our dearly beloved Christian brothers will allow such things to arouse their indignation and cause them to employ the use of dynamite or other damaging devices to shatter the will of the suffering Jewish people of Virginia."

T-1 stated that [REDACTED] wants to sign the letter with a fictitious name. He wants to take the middle name of William Korey, use only the initial of his first name and add a "sky" to his last name. It would read something like W. Joseph Koreysky.

William (no middle initial) Korey is Director, District of Columbia-Maryland Regional Office, Anti-Defamation League, B'nai B'rith.

T-1 also advised that [REDACTED] in discussing the proposed letter, objected to the use of the word dynamite because he felt that it might be incriminating in that it might arouse passion. [REDACTED] answered, according to T-1, "Well hell, that's what we want people to do, blow up the damn synagogues." [REDACTED] agreed; however, T-1 said, to check the wording of the letter with Attorney J. Benjamin Simmons before mailing it out.

T-1 stated that [REDACTED] on October 20, 1958, in answer to a question as to whether [REDACTED] or [REDACTED] had the deepest voice, grinned and said that he was going to get blamed for all the phone calls.

This remark was in reference to the page one story in "The Washington Post and Times Herald" for October 20, 1958, which stated that a deep-voiced person had called the

Enclosed for the information of the Bureau is one copy of a publication of the Seaboard White Citizens Councils entitled "Abolish the Public Schools! Now!" by JOHN KASPER.

On 10/22/58, this copy was delivered to SA ELMER LEE TODD by DONALD GILBERT, a messenger for CHARLES YOUMAN, Litho-Lab, 626 D St., N.W. Mr. YOUMAN had earlier on 10/22/58 advised SA TODD that he would deliver this copy. *Messenger not aware of contents of envelope he delivered.*

On 10/21/58, SAs TODD and RICHARD B. LAVIN interviewed [redacted] who furnished information that he was going to do the printing of this publication. At that time, [redacted] asked the interviewing Agents if it would be proper to print such material. He was informed that no opinion could be given by the interviewing Agents, but that, if he decided to print it, it would be appreciated if the FBI were informed, not only of its printing, but any other printings that he might do for the SWCC. [redacted] had informed the interviewing Agents that he was having the Litho Lab "burn the plate" for the printing.

WFO intends to follow this airtel with a letterhead memorandum suitable for dissemination when additional copies of the publication are received from [redacted]

ABOLISH THE PUBLIC SCHOOLS! NOW!

BY JOHN KASPER

Push has come to shove! This is it! There's no more beating around the bush. The 'Supreme Snort' is hell-bent on *white-race destruction* through its latest and final insanity of using its powers to strike down efforts and plans of States to maintain a private school system through the use of public State funds. One crime after another, here they come, first striking down separation of the races (the white from the venereal disease-illgitimate-rapist); then they say public school teachers and textbooks can't be used in private schools.

We are *glad* they are trying to ram home their evil designs! They have unwittingly *awakened* the American people to the fact that the nigger is only a tool of 'hook-nosed' jews for taking over America and the world . . . the 'jig' is only one of many master plans of the jew to try to drive the white man to total and final destruction.

Thank God! that good old-fashioned American horse-sense is now coming to the rescue. We have finally realized that the jew is a *menace* to American Liberty . . . whether he is the organizer and backer of the Communist Party, the NAACP, the Federal Reserve System, the World Bank, etc., or whether he is just a gaberdine-clad 'kike' with a pushcart out to cheat the eyeballs out of Christians.

The Supreme Court (and "Ike") has done more to awaken the American people to the fact that jews are *cancer* than any other public body in our lifetime.

Now, getting down to business, *THE PUBLIC SCHOOLS CAN'T BE SAVED* by peicemeal legislation of States, no matter how sound and constitutional it appears to be. The Supreme Court consists of illegal gangsters and they care not one jot about law and Constitution. As one more glaring example, there were eleven reversible errors in my first appeal, all violations of constitutional rights, and they wouldn't even hear the case. The same supreme contempt was shown to the State of Virginia when they sought to appeal a particular crime of a particular Federal judge.

"De Co't" will strike down any effort to maintain segregation by using public buildings, teachers, textbooks, or monies.

The time is NOW to abolish the Public School System altogether, everywhere throughout the United States, and be done with it!

Why not?

It is first of all cheaper to have private schools. Out goes the gas taxes, sales taxes, license taxes, mileage taxes, and interest-bearing bond issues which are levied for public education. Out goes much of the graft and the corruption of contractors and school boards who grow fat off the taxpayers in the name of 'booblic' education.

Too, friends, private schools are better. The jew has put communist, left-wing textbooks and pinko teachers in the public schools. Every parent and every child can keep a close watch on the 'materials' of education, both books and procedures, and there cannot be any left-wing National Educational Association, or a foul ball like

50 M - 10/58

Lawrence Derthick trying to brainwash American children to accept a *one world, one race, one color*, super-state setup with jew control at the top. Parents will *know exactly* what they are paying for in educating their children and they will *know exactly* what kind of value received they are getting by the *increased intelligence* of their children.

It is none of the Federal government's business to interfere with the educational process and private schools will once and for all put to rest notions of communizing the schools through Federal control through Federal aid. Period!

You can bet your 'bottom dollar' that "Ike" and Nixon don't send their kids or grandkids to school with niggers, but to *private* schools. *What's good enough for them is good 'nuff for you 'n me*. If this is a dumbocracy then why can't we have what the 'prez' has - good private schools for all . . .

DOWN with public schools and a vast "system" and back to the solid virtue of *local control of local affairs* and let each private school serve the local community and the children who live there.

The initial cost and outlay is high but *far* cheaper in the long run. Drum up unused buildings, churches, retired teachers-put your money together, incorporate in your State and community as a local private school, buy your own textbooks and make sure they are free from pink and red communist, one world, internationalist, jew-inspired brotherhoodism.

Above all, see that the Constitution of the United States and sound American history is made compulsory in every private school. The kids have got to know the Constitution backwards and forwards. The Supreme Swine nearly swindled us out of our true heritage of Constitutional government and a country governed by law, not men; they nearly took us to the cleaners simply because the last four generations of Americans have not troubled to find out what the Constitution means as protector of our liberty and they have not told the kids, father to son, why we are the greatest Republic ever conceived by mortal man and how we caught the jew and sorry white politicians only in the nick of time before they slipped our nation away from us in the attempted greatest steal of all time.

Private schools will make us a great people and an intelligent nation of strength, truth, justice, culture and other abstractions which have to do with civilization!

Send this to your Governor, State Legislators, Congressmen, and Senators. Present this personally to your local newspaper publisher. Demand now that these public servants act at once in special session to abolish the public schools. *Let private citizens establish private schools.* The niggers can fend for themselves - lets see if the NAACP will start private schools for niggers.

JOHN KASPER, Executive Director
SEABOARD WHITE CITIZENS' COUNCILS, Inc.
1047 - 31st St., N.W., Washington, D. C.

* JOIN THE SEABOARD AND KEEP OUR WHITE SCHOOLS WHITE *

The recent critical developments-in part discussed above-have pointed up the urgent need for accelerating the overall program of the Seaboard White Citizens' Council, Inc. in this struggle against the 'black tide', zionism, et cetera. Our most effective approach is through printed educational material which is mailed and/or distributed to those areas which have been most susceptible to the plague of integration . . . high school and college students, parents, public officials-those who *must* receive the facts and know the truth, now!

The Seaboard White Citizens' Council is, moreover, in the unique and advantageous position to serve *ALL* of the States of the Union . . . in that the executive offices are located within the shadow of the Senate and House Office Buildings-where the most effective battles can and must be waged! *SWCC programs and accomplishments benefit all Gentile Americans.* A non-profit organization, chartered by the District of Columbia, SWCC exists and fights your cause only through *your* support! Mail your \$3.00 membership today . . . or your contribution. Help us to help you and your children! Address: *Treasurer, Seaboard White Citizens' Council, 1047 - 31st Street, N.W., Washington, D. C.* (Additional copies of above editorial: 20 for \$1.00; 100 for \$3.00; 300 for \$5.00 postpaid.)

School Blast 'Good News' To Kasper

BY JAMES ROSS

Greensboro Daily News Staff Writer

John Kasper, self-annointed high priest of segregation, said yesterday that the bombing of the Clinton, Tenn., high school early Sunday was "good news" to him.

Kasper said the National Association for the Advancement of Colored People and the Supreme Court bear the responsibility for the bombing.

At the same time, he said it was "a great victory for the white people of Tennessee."

Asked if he would advocate bombing integrated schools in Greensboro, he said, "Well, yes, if push comes to shove and there isn't any other way."

Calls Daily News

Kasper, who called the Daily News about 2:30 p.m. yesterday to ask about the bombing, said he spent the weekend in Greensboro with the Rev. George Dorsett, local Klan leader.

He said he hasn't been in Tennessee since August.

He came here, he said, to form a political organization to keep "left-wing integrationists" out of public office in North Carolina.

Kasper talked with a Daily News reporter shortly before midnight Saturday in regard to his proposed organization. When he called again yesterday, he said that he had read a radio report by the Greensboro, N.C., and returned to Greensboro.

"But the first I knew about this case was when I heard it on the radio," he said.

Kasper, who is from Camden, N.J., originally, said he plans to spend most of his time in North Carolina between now and Nov. 3, when he is to be tried in Nashville, Tenn., on a charge of inciting a riot.

During the interim, Kasper said, his new segregationist organization will set up headquarters either here or in Charlotte, buy a printing press and "flood" North Carolina with pamphlets.

First Target

He said the group's first target will be North Carolina Attorney General Malcolm B. Seawell because of a speech Seawell made here Friday. Seawell urged obedience to the Supreme Court's school integration orders.

"Seawell is using his office to integrate North Carolina," Kasper said.

Others high on Kasper's black list are Gov. Luther H. Hodges and Charlotte City Councilman Herber Baxter.

Kasper described Hodges as "a tool of the NAACP." He said Baxter must go because of a speech he made last week in Charlotte declaring that the city would never be a second Little Rock.

Councilman Billy Grimes will be another prime target in the pamphlet-dropping program, Kasper said.

Grimes, who is now in jail on charges of inciting a riot, is charged with the murder of a Negro.

MONDAY, OCTOBER 6, 1958

'Dear John ---

It's all right if we call you John, isn't it, Mr. Kasper? We like first names around here.

We notice you're planning to move to Charlotte. This is a growing city and we welcome new citizens, but there are a couple of things we would like to discuss frankly.

First, you said something the other day about arousing people here so that by 1960 "it will shape up just like Little Rock."

You would do well to forget that idea in a hurry. You see, we don't want Charlotte to shape up like Little Rock. We're pretty happy the way things are, with our kids going off to school every morning.

And there's that business of the unfriendly reception you got here the first two times you came. It's like this. We're really hospitable people, except when strangers come in and start telling us how to operate our affairs. That riles us a bit.

So, John, a word of advice if you want to come to Charlotte. Leave your pamphlets and speeches and dynamite and, most of all, your hate behind. If you do that, you'll find it's a pretty good place to live.

We like it — just as it is

ReBuairtel to Albany 10/13/58, instructing offices to submit information on racial extremist groups and individuals.

The WFO has one group, the Seaboard White Citizens Councils (SWCC) within its territory with its headquarters located at 1047 31st St., N. W., This group was organized in 1956, and its guiding member since its inception has been JOHN KASPER, prominent segregationist recently released from Federal prison, where he served a one year term stemming from the racial riots at Clinton, Tenn.

According to [redacted] who has furnished reliable information in the past, there is no strict membership as such to the SWCC and without KASPER, the group is leaderless and ineffectual. Recently this group through [redacted] has been sending anti-Semitic and anti-integration material through the mail to Arlington High School students in Virginia.

In the past, members of this group namely JOHN KASPER, and [redacted] allegedly participated in the burning of crosses at the homes of prominent public officials in 1956.

The group maintains contact with other segregationists organizations and individuals throughout the country.

In 1956, ROCKWELL was the operator of Rockwell's Enterprises, 1025 Vermont Avenue, and had spot announcements on radio on behalf of the "Diehards." According to ROCKWELL's own admission when he was interviewed on 10/16/58, he was behind the anti-Jewish demonstration in Washington, D. C., 7/25 and 27/58. ROCKWELL formerly worked for WALLACE ALLEN, who was picked up for questioning by the Atlanta police for the bombing of the Atlanta synagogue 10/12/58. [redacted] has furnished information that ROCKWELL refers to himself as a Nazi.

On 10/12/58, ROCKWELL made the statement that "his boys were going to start on synagogues." On an earlier occasion, ROCKWELL mentioned that "five of his boys" had been arrested in Atlanta, Georgia, while picketing a newspaper in connection with the Anti-Jewish demonstration in July, 1958. The "Washington Post and Times Herald" of 10/14/58, set forth, in an article entitled, "Three Questioned, Three Others Being Sought in Dynamiting of Atlanta Temple," that two of the three picked up were among five anti-Jewish pickets arrested in front of the Atlanta Journal Constitution Building in July. ROCKWELL when interviewed by Special Agents of the FBI on 10/16/58, advised that "we are attempting to form the "World Union of Free Enterprise and National Socialists." He stated that this organization as yet has no membership and is nebulous. During the interview ROCKWELL expressed great admiration for ADOLPH HITLER.

SWCC AND OF THE ABOVE
INDIVIDUALS

At the present time, WFO has an excellent informant in [REDACTED]. He is on close personal terms with all of the above individuals, and is at the present and has in the past, furnished valuable information concerning not only the SWCC, but information helpful to Richmond and Baltimore in their respective segregationist cases.

[REDACTED] has been [REDACTED]

[REDACTED] by JOHN KASPER.

Another source close to the Seaboard is [REDACTED]. [REDACTED] She has been voluntarily furnishing information concerning the above individuals for a short time. She is the [REDACTED] of [REDACTED]. It is the intention of this office to develop her as an informant in accordance with referenced airtel.

Two other individuals who were previously being considered for informant potential, will again be considered:

[REDACTED]

[REDACTED]

On 12/11/57, [REDACTED] furnished information concerning the papers and records of the SWCC. It is intended that the names of individuals in these records living in the Washington, D. WFO believes that with [REDACTED] and [REDACTED] this office has good coverage of SWCC and some other

individuals. However, in order to insure full coverage of any racial extremist activity in Washington, D. C., the steps mentioned above will be taken, namely:

1. Develop [REDACTED] to informant status.
2. Contact [REDACTED] and [REDACTED] [REDACTED] and attempt to place them in advantageous positions.
3. Review material from [REDACTED] for possible informant material.

Extra copies are being furnished the Bureau for its files on the organizations mentioned in rebuairtel, and the two additional local (to Los Angeles)- organizations mentioned in this letter. Information copies are also being directed to the pertinent offices of origin of the organizations concerned.

A review of Los Angeles files discloses no information of local origin concerning the following organizations that concerns their background or could be of possible aid in investigation of them that has not already been furnished the Bureau and the offices concerned:

Los Angeles files likewise disclose no information concerning FREDERICK JOHN KASPER and JESSE B. STONER not known to the Bureau and the offices of origin.

It has, of course, been brought to this office's attention in the past few years that literature issued by certain of the above organizations, namely, the Christian Educational Association, the Christian Patriots Crusade, the National Citizens Protective Association, and the National Renaissance Party (most commonly the first mentioned), has been distributed, usually by unknown persons via mail and under circumstances indicating no effort to organize branches in the Los Angeles area.

The literature concerning the National Renaissance Party has been invariably small, poorly done, mimeographed leaflets discovered during the past year inserted between the pages of books in school and public libraries in the Los Angeles vicinity, alluding to no local address or activities but attempting to interest the reader in subscribing to the organization's "Bulletin."

Of possible interest is a news article that appeared in the Los Angeles "Mirror News" dated January 18, 1955, which mentions that the National Renaissance Party had come to the attention of the House Committee on Un-American Activities, which had, in a report on "hate groups", stated one JAMES R. WHITE, billed as an "organizer" for the NRP in Los Angeles, had been a guest speaker at a meeting of the NRP in Yorkville, New York, on June 26, 1953; that WHITE had allegedly organized a fully uniformed group "in his city" and had distributed thousands of copies of the NRP's "Bulletin." The article suggested the House Committee had given WHITE "unduly high notice," adding that "whatever activities he may have engaged in for the NRP in the past now are pretty much discontinued," and that in any event WHITE had departed Los Angeles to attend the Hastings School of Law in San Francisco. In connection with this news item, it is interesting that none such mentioned activities on WHITE's part had previously come to this office's attention, and presumably were greatly exaggerated, if not total falsehoods.

The following is submitted for the Bureau's consideration in regard to the organizations mentioned in rebuairtel as existing in the Los Angeles area, along with two others which, file reviews show, fall in the category of "hate" mongers:

CHRISTIAN NATIONALIST CRUSADE, aka
(Bufile 62-43818)

The CNC continues to maintain its mailing headquarters in Glendale, California and is, along with its various "paper" auxiliaries, the media through which GERALD L. K. SMITH, aided by a staff of associates of long standing (Mrs. ELNA SMITH - his wife, RENATA LEGANT, OPAL TANNER WHITE, Rev. CHARLES F. ROBERTSON - his printer, Dr. WESLEY SWIFT, and BERTRAND COMPARET - his attorney), maintains the publication of racially biased propaganda and preserves his following through personal appearances at meetings held in Los Angeles and sometimes in the course of tours across the country.

SMITH and his organizations have been the subject of continuous investigation by the Bureau for many years until as recently as last year. He has not been found to advocate that his followers engage in violence of any kind, or that violence be involved in the solution of any of the problems he presents to his audiences and readers.

who has maintained an active interest for years in SMITH (and the CNC) in view of his frequent

b7D

meetings at the Embassy Auditorium in Los Angeles, stated on October 20, 1958, that SMITH and his associates, including the former California Klan leader, Rev. WESLEY SWIFT, have never committed themselves to a course of violence. He said that SMITH's organizations are not membership organizations but are only "paper" organizations, and thrive on the sale of literature, almost entirely of SMITH's own production, and the contributions from his audiences at meetings and others who approve the tenor of his literature and accede to his frequent appeals for funds. (His CNC, as a "national political committee" makes regular reports to Congress under the Federal Corrupt Practices Act, listing the names of those who contribute over \$100.)

He stated SMITH's activities are always open and aboveboard, and his character is such that were he to be approached by the authorities he would more than likely turn over the keys to his office, to the embarrassment of his interviewers. It is this openness, coupled with his unique oratorical and organizing abilities, and an excellent sense of discretion in relation to the legality of his movement, that has permitted him to endure as the pre-eminent public crusader of a "white Christian America." His continued success remains dependent on these considerations, and his being involved in any way with the illegal activities of violence, such as the bombings in the South, would be his downfall. In other words, he has too much to lose to involve himself in such activities.

[redacted] said this conclusion likewise applies to his associates, including SWIFT, over whom SMITH exercises personal direction. Moreover, SWIFT is too intelligent a man to have not come to realize with the passing of time that the course most conducive to his own interests (if he ever thought otherwise) is one of avoiding similar involvement. [redacted] added that SMITH reportedly expressed his serious concern that his organization might unjustly be blamed in some way for the recent bombings in the South.

b7D

JOE ROOS, Community Relations Committee, Los Angeles Jewish Community Center, Los Angeles, California, who has likewise maintained an active interest for years in SMITH's organizations, in concert with other Jewish investigative organizations throughout the country, stated on October 20, 1958, that SMITH's primary interest is financial and that he is too intelligent to permit himself or his associates to bring about the ruin of his whole "racket" by involvement, direct or indirect, in violence such as the bombings in the South. He said he has not heard and does not believe that

a serious possibility exists that SMITH or his associates have any relation to the bombings.

ARTHUR WENDINGER of the Los Angeles Sheriff's Office's Anti-Subversive Detail, Detective Captain CARL LINDHOLM of the Pasadena, California Police Department, and Detective Captain WALTER E. HEGI of the Glendale, California Police Department (on October 22, 1958) were able to furnish no information indicating that the above characterizations of SMITH and his organizations are not true. All the above sources stated that they have received no information indicating that anyone or any organization locally advocates the use of violence in racial matters, or that anyone is suspected of possible involvement in the recent bombings in the South.

"WILLIAMS' INTELLIGENCE SUMMARY"
(Bufile 105-10091)

Los Angeles files disclose ROBERT H. WILLIAMS has been engaged solely in the publication of his literature, and that there is no information that he has advocated violence in the solution of racial problems. He has, moreover, been interviewed by Special Agents on two or three occasions in the past and has always been cooperative.

WAYNE ROGERS, insurance agent, Santa Ana, California, who has been reliably cooperative with Agents of this Office in security matters on several occasions, stated on October 23, 1958, that he has been acquainted with ROBERT H. WILLIAMS for some time in Santa Ana and that as long ago as 1957, WILLIAMS ceased publishing the "Williams' Intelligence Summary" under the name Williams' Publications, Post Office Box 868, Santa Ana, of which he was the sole proprietor. He said that WILLIAMS quit because his literature activities had never been remunerative; that WILLIAMS has since moved to Silverado, California, and is now the owner and manager of the Duplicard Addressing Machine Company, 1010 East Chestnut Street, Santa Ana. He explained that during the past few years WILLIAMS had been working on the side perfecting an invention (the Duplicard Addressing Machine) and that he has recently been able to incorporate and go into business on a full-time basis. He said that WILLIAMS now retains no connections with his past publishing activities; that he never had a membership organization or advocated violence in his writings, and has made no trips outside of California during the past couple years, and could conceivably have had no connection with the bombings in the summer.

LA 105-6075

WJM:mac

and JOE ROOS (above) both confirmed the statements that WILLIAMS is not known to have advocated violence in his articles, or to have been more than a publisher of his own writings on communism and subversive influences from an anti-Semitic point of view.

AMERICAN NATIONALIST
(Bufile 105-22921);

KEEP AMERICA COMMITTEE
(Los Angeles file 100-33703)

The American Nationalist (AN), Post Office Box 301, Inglewood, California, is the name under which FRANK L. BRITTON, 11146 Hawthorne Boulevard, Hawthorne, publishes (on an irregular basis) the four-page "The American Nationalist" and miscellaneous anti-Semitic and anti-Negro leaflets, replete with lurid photographs which he mails locally and allegedly to addressees in the southern states. BRITTON and the AN have been the subject of previous investigation by this Office in 1953 and again in 1956. At those times it was learned that BRITTON operates alone and is engaged solely in the sale of his own literature, making frequent appeals for subscriptions to his literature and donations to continue his efforts.

R. GLENN SKIRVIN, Postmaster, Inglewood, California, stated on October 22, 1958, that BRITTON's AN has been investigated by the Postal Inspectors on four or five different occasions, but has never been found to have misused the mails, having never advocated the use of violence in his literature. He said that BRITTON frequently visits the Post Office to deposit batches of his literature in the mails, destined to addressees locally and in the southern states. He added that the AN is not a membership organization, conducts no meetings, and is solely operated by BRITTON for the purpose of selling his literature and seeking donations, through these means "earning" a living for himself and his wife. He added that BRITTON is not the sort to get along with others and he has never sought the association of others in his AN.

The Keep America Committee (KAC), Box 3094, Terminal Annex, Los Angeles, California, is, similarly, a name behind which Mrs. HELEN W. COURTOIS, 1405 Sutherland Street, Los Angeles, publishes literature, usually reprints of other "nationalist" literature. None of the various items that have come to this Office's attention advocates violence,

seeks membership or mentions organized activity, but only indicates that the particular items can be ordered in batches at a price from the KAC.

b7D

[redacted] and JOE ROOS (above) both state that their organizations have been actively interested in BRITTON's AN and COURTOIS' KAC and have learned that the AN and KAC are not and have never sought to be membership organizations, hold no meetings and are operated solely by BRITTON and COURTOIS for the production of literature. They stated that neither is known to have advocated violence or to have been associated with anyone who has. ROOS added that COURTOIS is a woman in her later 50's or early 60's. They stated that it is not conceivable that either BRITTON or COURTOIS have any connection with the bombings in the South and that neither has the ability nor the funds to engage in any activities outside the state, except for the mailing of literature.

ARTHUR WENDINGER of the Anti-Subversive Detail of the Los Angeles Sheriff's Office; Detective Captain CARL LINDHOLM of the Pasadena, California, Police Department; Detective Captain WALTER E. HEGI of the Glendale, California, Police Department, and Detective Lieutenant R. J. GOODYEAR of the Inglewood, California, Police Department (on October 22, 1958), were able to furnish no additional pertinent information concerning BRITTON and COURTOIS.

GENERAL

All of the above-mentioned sources stated they have received no information indicating anyone or any organization locally advocates the use of violence in racial matters, or that anyone is suspected of involvement in the recent bombings in the South.

Contact with security informants and all other logical informants and sources has been unproductive but has served to alert them to the importance of immediately forwarding information concerning persons or organizations possibly relating to bombings in the South to this Office. Contact with them will be maintained on a continuing basis.

RECOMMENDATIONS

It is recommended that no active investigation be undertaken in connection with the "Williams' Intelligence

Summary" in view of its discontinuance almost one year ago, and WILLIAMS' disassociation from his past activities, being presently absorbed in his new business. It is also considered, being "one-man" operations of a nonmembership type engaged in issuing literature, investigations of BRITTON's American Nationalist and COURTOIS' Keep America Committee are not warranted and would be ineffective in achieving the Bureau's primary purpose in these investigations; consequently, no active investigation will be conducted of these three organizations, UACB.

With regard to SMITH's Christian Nationalist Crusade: From investigation conducted in the past (until 1957), the continuing review of literature emanating from the CNC and the continuing attention it receives from local sources, a presumptive pattern has been established indicating that SMITH and his associates are not of such a radical nature as to present a potential for violence, except, of course, insofar as deep-seated, racial ill-feeling is engendered in some readers of his literature. In investigating SMITH and his associates to ascertain whether the above-mentioned presumptive pattern does not apply equally to their activities when outside of California, it would seem necessary to establish a source among SMITH's inner staff which, it is believed, would constitute a grave risk of embarrassment to the Bureau, because it is apparent that the interests of each associate is the interest of all. Other investigative steps, it is believed, could hardly achieve the primary purpose for initiating investigation.

The Bureau is requested to advise whether it desires the risk be undertaken, nevertheless, or whether it is thought a direct approach to SMITH and/or any of his associates, and for that matter BRITTON, WILLIAMS and COURTOIS, for any information they may have heard in connection with the southern bombings, is not warranted. SMITH may, in the past, have ridiculed the idea of the FBI investigating him and his organization(s), but it is not recalled that he has been critical of the Director or the FBI.

This Office will, in addition, review its files to identify certain individuals who may have participated in Klan activities years ago to establish their present activities and to determine if they might properly be considered within the Bureau's program.

Summary
10/13/58

File

Mr. Tolson, on October 10, 1958, requested a summary of information regarding captioned individual. Bureau files reflect that was one of the subjects in our investigation of the burning of crosses in front of the residences of prominent individuals residing in Washington, D. C., including members of the Supreme Court, on the nights of July 13 and 14, 1956. One of the subjects in connection with this instance furnished a signed statement concerning the participation of John Kasper, who was labeled as the organizer of the White Citizens Council in the Washington, D. C., area, and was described as chairman of the White Citizens Council's Southeast Council. Bureau files further indicate that in being introduced as a speaker at rallies in support of Kasper, has been described as acting executive secretary of the Seaboard Citizens Councils of Washington, D. C., or as chairman, White Citizens Councils Southeast Council of Washington, D. C. Kasper and were two of four individuals arrested by the Charlottesville, Virginia, Police Department on August 4, 1956, for distributing handbills and printed matter without a permit. Charges were later nolle prosequi for lack of evidence. Files also reflect that at the time of Kasper's arrest at Clinton, Tennessee, on August 26, 1957, he attempted to call but was unsuccessful.

Concerning the burning of crosses, was interviewed by Bureau Agents on July 17, 1956, at which time he identified himself as chairman of the Seaboard, Washington, D. C., White Citizens Council. He denied knowledge of the burning of crosses other than what he had read in the press and stated that to the best of his knowledge this activity was not supported by the White Citizens Council. He claimed he attended a meeting of the organization on the night of July 13, 1956, but declined to furnish names of individuals in attendance, claiming that he was prohibited by action of the board of directors and by the bulaws of the White Citizens Council from identifying members. stated he would consult the Council and advise further as to the furnishing of additional information at a later date. During the course of the interview he voluntarily set forth some of his views concerning the Council. He stated there was an extreme left-wing in the United States which was the communists; that they, the Council, represented the most radical right-wing element in the United States, which he considered to be an offset to the left-wing. On July 18, 1956,

he telephonically contacted the Washington Field Office and advised that there was nothing additional he could furnish and that under no circumstances would he reveal the names of any of the members of the Council. In January, 1958, the Bureau received information that [REDACTED] among others, planned to conduct an organizational campaign at Winchester, Virginia, on January 11, 1958, and if they were unable to travel to Winchester on that date, planned to go on January 18, 1958. Of interest, it was indicated that joining this group at Winchester to assist in his organizational campaign of the White Citizens Councils would be Admiral John Crommelin, United States Navy, Retired, of Alabama, who has been active as a pro-segregationist.

In August, 1958, an informant, who has furnished reliable information in the past, advised the Washington Field Office that [REDACTED] former president of the Seaboard White Citizens Councils, Washington, D. C., expected John Kasper to arrive in Washington the latter part of August. Further, that the Seaboard members wanted Kasper to make his headquarters in Washington, D. C., and that they would meet with him upon his arrival to discuss any plans to fight integration which Kasper may have formulated while in prison. This informant also advised that [REDACTED] intended to picket the White House about the time Virginia schools opened, provided the Seaboard Council could be assured of about 100 picketers. [REDACTED] according to the informant, believed Kasper would attract this many people from nearby Virginia. John Kasper, it will be recalled, was released from prison on August 1, 1958, after serving a sentence arising from a disturbance in Tennessee over school integration.

No investigation has been conducted by the Bureau concerning [REDACTED] however, there are numerous references to him in connection with his activities with the White Citizens Council and association with John Kasper. It has been verified that as of this date [REDACTED] is employed as an electronics engineer with the National Broadcasting Company, working with their mobile units. In September, 1958, an informant, who has furnished reliable information in the past, advised that [REDACTED] currently runs the affairs of and is the driving force of the Seaboard White Citizens Councils although he holds no official position in the organization.

PERSONAL ATTENTION

INFILTRATION OF NAACP,
AND WHITE CITIZENS' COUNCIL

It has recently come to my attention that a member of Congress, who is acquainted with many of the officials of the Vanity Fair Mills in Reading, Pennsylvania, received information probably from this source that someone in the FBI had stated that the NAACP and the White Citizens' Council in Georgia, Mississippi, Alabama and Florida were infiltrated with communists.

It is requested that the Bureau be advised whether any Bureau representatives covering the Reading, Pennsylvania, area have made such a statement or, if in fact, discussed the NAACP or the White Citizens' Council with officials of the Vanity Fair Mills. Certainly our personnel should be cautioned against making such irresponsible statements or statements that might be misinterpreted by persons outside the Bureau.

In line with the suggestion of Mr. Tolson, Agents of the Washington Field Office interviewed [redacted]

[redacted] stated he was generally aware of the background of [redacted] and would like very much to get rid of him but unless he could find some specific grounds, he is fearful of union action which might be taken. He stated that Sunday, which would have been October 5, the day of the bombing at Clinton, Tennessee, [redacted] was working from 9:00 a.m. to 6:00 p.m. However, this last Sunday, [redacted] was not working. He was on vacation.

We have located and interviewed [redacted]. This interview took place on October 13 last. We located and interviewed him in connection with the bombing of the Temple as he was a friend of Kasper and we wanted to find out his whereabouts. At that time he said he had arrived at Rome, Georgia, at about 11:00 p.m., October 10. He gives various statements as to where he was visiting relatives in Atlanta on the evening of October 11 and stated he returned to the home of his parents at Rome, Georgia, that same evening. Other members of the household verify [redacted] information.

Don

[redacted] indicated he expected to be interviewed concerning the bombing since he was associated with John Kasper. He claims he first became acquainted with Kasper in 1956 when Kasper formed the White Citizens Council in Washington, D.C. REC-24 100-423395-608

[redacted] admits being an organizer for this Council for about 1 1/2 years and claims he is no longer connected with this organization but still believes in its aims and ideals. The mother of [redacted] states he will leave with his wife about October 14 for Maryville, Tennessee, where he plans to visit his uncle. He thereafter plans to proceed to the home of [redacted]

[redacted] where they will probably remain until October 19 at which time they will return to Washington, D. C.

This information has been disseminated to interested offices. It is being given careful attention by the Knoxville and Atlanta Offices.

WESTBROOK to one Mr. MADOLE of the National Renaissance Party. These letters are as follows:

1. Undated letter from CHARLES WESTBROOK to Mr. MADOLE, thanking him for LeBlanc pamphlets. Letter indicates WESTBROOK was National Renaissance Party, Georgia Chairman, and that he was distributing pamphlets to his mailing list and also to the local libraries. WESTBROOK further indicated that he was working on the "STONER" group (apparently referring to J. B. STONER, leader of the Christian Anti-Jewish Party); however, indicated unable to make contact with them, nor had he been able to obtain or learn anything about membership of the Christian Anti-Jewish Party. WESTBROOK indicates that when STONER makes another speech in Chattanooga, Tennessee, he will photograph members identified by their arm band, and will attempt to identify those persons and make contact by that means. WESTBROOK also indicates that one LLOYD FRICKE has assured WESTBROOK of support toward starting a party branch in New Orleans and instructed WESTBROOK to write to one KENT COURTNEY. WESTBROOK also requests a bulletin on racial segregation when it is printed, and indicates that he forwarded samples of literature distributed by various Southern groups on segregation.

2. Letter of CHARLES WESTBROOK dated February 13, 1955, addressed to JAMES H. MADOLE, National Director of the National Renaissance Party. In this letter WESTBROOK identifies himself as the Georgia Party Chairman of the National Renaissance Party - Elite Guard. WESTBROOK states that he has been in contact with EDWARD REED FIELDS; however, contemplates discontinuing further contact with FIELDS, because FIELDS attempted to win WESTBROOK away from the National Renaissance Party, so that he might join the Christian Anti-Jewish Party. FIELDS, according to WESTBROOK, indicated that WESTBROOK belonged to another political party which has no working agreement with the Arch Leader of the Christian Anti-Jewish Party, therefore, he cannot give him any information. Secondly, FIELDS indicated to WESTBROOK that he has full knowledge of the National Renaissance Party's official policy, and that it is too weak on the Jewish problem. WESTBROOK comments that if FIELDS has full knowledge of the National Renaissance Party's basic problem, he must not understand articles in the basic program, as they are as strong as you can get on the Jewish problem. WESTBROOK stated that FIELDS

only wants to send all Jews to Palestine. WESTBROOK further advised that he thought the Christian Anti-Jewish Party organization just talks, and further he had never heard of this Christian Anti-Jewish Party group except for a small item in the Chattanooga paper wherein it was reported that one J. B. STONER made a speech on the Courthouse steps. WESTBROOK also indicated that he was enclosing with his letter a drawing of a pistol stock, and stated he would like to know if the elite guard has one, and if so, would it be possible for WESTBROOK to borrow it. WESTBROOK stated he was continuing to contact persons whose addresses MADOLE had previously forwarded to them.

3. Letter dated March 1, 1955, to Mr. MADOLE, which acknowledged receipt of MADOLE's letter of February 27. WESTBROOK comments regarding the difficulty in winning some of STONER's followers over to "us", and that he desired instructions on the basic methods to go about this conversion. WESTBROOK indicated that MADOLE thought STONER's followers could be used for the common good of the National Renaissance Party, just as well as the Christian Anti-Jewish Party. WESTBROOK further advised that FIELDS had indicated they had membership of the Christian Anti-Jewish Party in Atlanta, Chattanooga, and Birmingham areas. WESTBROOK indicates that he has corresponded with a Mrs. SANDERS in Pennsylvania on two occasions, and that she had informed him she was planning on working with a group in Philadelphia. Mr. LLOYD FRICKE, JR., has contacted WESTBROOK, and WESTBROOK is attempting to contact COURTNEY in New Orleans. FRICKE has promised WESTBROOK his support, and if he can obtain the assistance of COURTNEY, should not find it too difficult to establish a New Orleans Branch of the National Renaissance Party. Further, WESTBROOK requested the Southern Chairman's name and address, of the National Renaissance Party.

4. Letter dated May 13, 1955, to Mr. MADOLE. WESTBROOK, in this letter, states that he can report progress toward organizing; also indicates that he is in contact with the Southern Nationalists whose addresses were previously furnished to him by MADOLE. Three of these addresses were located in Atlanta, Georgia. WESTBROOK indicates that he still has been unable to contact members of STONER's Christian Anti-Jewish Party. WESTBROOK requested from MADOLE books on wire tapping, and a list of the

AT 62-1673

equipment necessary for tapping phone wires. WESTBROOK inquires regarding one HANS SCHMIDT.

The Southern Regional Office of the Anti-Deformation League also made available the following background regarding CHARLES DAVID WESTBROOK. He was born March 15, 1934, married, and lives with his wife in a modest section. In early 1955, WESTBROOK broke into a local school, tore down pictures, threw ink and oil over the walls and desks, tore down the Georgia and American flags, disfigured and destroyed them, tore various pages from the Bible in the school, and in general did much damage to the property. In 1955, his reputation was not considered good, nor was his work record satisfactory; however, he gains his livelihood through the steady employment of his wife, who works in a textile mill.

A review of pertinent indices, Atlanta Office, regarding the Christian Nationalist Crusade, reflect that on June 8, 1958, Mr. EMORY S. BALDWIN, Chief, Legal Branch, U. S. Army Engineer Corps, Atlanta, Georgia, advised that he had been contacted by one Mrs. MAX ANDREWS, 693 Sunny Brook Drive, Decatur, Georgia, and that she furnished him a leaflet and requested his presence at an organizational meeting of a group known as the Christian Nationalist Crusade. Mr. BALDWIN advised that later in June of 1958, he had been contacted again by Mrs. ANDREWS, at which time she indicated her efforts at organizing a group in behalf of the Christian Nationalist Crusade had met with little success.

On August 26, 1958, [redacted] advised SA HENRY E. KING [redacted] that one [redacted] had advised him that GERALD SMITH, who resides on the West Coast of the United States, was actively engaged in raising money on the West Coast which was to be utilized for the defense for [redacted] and others who were arrested by the Atlanta, Georgia, Police Department, for picketing activities of the Atlanta Journal, an Atlanta, Georgia daily newspaper. The picketing activities of [redacted] referred to occurred on July 27, 1958, and involved five individuals who were carrying signs bearing Anti-Jewish statements.

The Atlanta Office of the FBI on October 23, 1958, received an undressed letter in an envelope which letter was captioned "Atlanta Scandal". The contents of this paper purportedly were written by GERALD L. K. SMITH, and states as follows:

"A very disturbing report has come to my desk. Five young patriots in the State of Georgia decided that they had their stomachs full of Jew-created, Jew-slanted news stories concerning what is going on in the world. Two of the worst newspapers in the United States are in the City of Atlanta. They do not reflect the Southern tradition. It is believed by many keen observers that both of these journals are manipulated by people who do not have the best interests of the South at heart.

"These five young men, representing a body of patriots, decided to picket these newspapers with signs protesting Jewish influence. They were picked up, railroaded, and sentenced to 30 days in jail. I have the names and addresses of the young men, but I am not going to give them to the public because I do not want them to be the victims of increased persecution. It is my understanding that they were released under bond and are appealing their cases. We propose to go into the matter thoroughly and if the situation is what it seems to be, we shall advise our friends to come to their aid, comfort and encouragement of these young men who have only been denied their civil liberties, but have become the victims of Jew-controlled tyranny.

AT 62-1673

"Atlanta is a bad city. It has many bad people in it. The politicians in that city are inclined to be the puppets of the secret Jewish machine. Do not judge the State of Georgia by what goes on in the City of Atlanta. The politicians of Atlanta have always fought the Talmadges and the people who have come to the defense of Southern tradition. Very frequently the Negro politicians of Atlanta are under the direct manipulation of New York Jews as well as Atlanta Jews.

For the information of the Bureau and Indianapolis Office, all pertinent data in Atlanta files was summarized in above report and is located on pages 222 to 277. Due to the voluminous nature of information furnished regarding this organization by the informant, no attempt is being made to restate this information as it involves some fifty pages of typing, and is available to both the Bureau and Office of Origin, Indianapolis.

The Atlanta Office will duplicate the original informant's reports relating to this organization, and upon completion of the duplication of these informant reports, they will be furnished to the Office of Origin as these reports may contain sidelight issues which in their fragmentary nature may be of value to Indianapolis in conducting its intensified investigation of the National States Rights Party. A check of the Atlanta indices fails to reflect any pertinent information relating to the Nationalist Conservative Party which is not already in possession of the Bureau and Office of Origin. In regard to WILLIAM B. WERNECKE, who reportedly is the founder of the Nationalist Conservative Party, the Bureau's and Chicago's attention is directed to Chicago's letter of March 29, 1957, captioned "The American Humane Society, IS-X", Chicago file 105-3907. Enclosed with Chicago's letter was a blank memorandum regarding the American Humane Society, and contents of the memorandum indicate the organization ostensibly had as its purpose a Prevention of Cruelty to Animals. Inquiry in 1956 failed to reflect little, if any, activity toward this organization's stated goal; however, it was noted that of a group of individuals carried on the letterhead stationery of this organization identified as Advisory Board Directors, a number had previous fascist group activities or hate type organization activities. Included in this group of Advisory Board Directors was one J. B. STONER, the founder and Arch Leader of the Christian Anti-Jewish Party in Atlanta, Georgia.

On October 23, 1958, ART LEVIN, Southern Regional Office of the Anti-Deformation League, Atlanta, Georgia, advised SA ALDEN F. MILLER that one CHARLES KELLY of Valdosta, Georgia, had visited the farm of WILLIAM B. WERNECKE, near Chicago, Illinois, during 1957, at which time KELLY had received instructions in the use and handling of dynamite on WERNECKE's farm.

AT 62-1673

The reliability of the above information is unknown as the informant who furnished this information to the Anti-Deformation League, is unknown to ART LEVIN.

It should be noted that CHARLES KELLY of Valdosta, Georgia, received consideration as a possible suspect in the bombing of the Clinton, Tennessee, School during October 1958.

The WFO has within its jurisdiction the Seaboard White Citizens Councils (SWCC) which is headed by JOHN KASPER.

[redacted] and of course JOHN KASPER when he is in this area.

On [redacted] who has furnished reliable information in the past, made available the papers and records of the SWCC which were maintained in Room 5, 1047 31st Street, N.W., the headquarters of the SWCC. This information from [redacted] included the names of various individuals who have been associated in some manner with the SWCC or have had their names in the files of the SWCC for one reason or another. This information was set out in WFO letter to the Director dated 2/21/58, under the caption of "White Citizens Councils of Washington, D. C., aka, IS-X".

There are approximately 57 persons whose names appear in the material from [redacted] who reside in the District of Columbia. It is the plan of this office that cases will be opened on these 57 persons and the various leaders of the organization. These cases will be assigned to various Agents handling criminal matters who will conduct a review of WFO indices and check appropriate credit and criminal records. and [redacted] for any information in their possession concerning these persons. They will also attempt by a discreet employment and neighborhood inquiry to establish the pattern of the activities of these persons during the pertinent period. It is believed that by such investigation it will be determined if any of these persons have made any statements indicating knowledge of, or participation in, any acts of violence.

It is also the plan of the WFO that as these persons are investigated under this program their potential for development as informants will be ascertained in compliance with Bureau airtel dated 10/13/68, entitled "Informant Coverage in Organizations Which May Be Engaged in Violent Activities Involving Minority Groups".

It is not planned that separate reports will be submitted to the Bureau in these cases. They will be opened under an Information Concerning, Racial Matters caption. These cases will be handled administratively by WFO and the results of investigation will be incorporated in the thirty-day reports on this organization.

It is also planned that a review of the SWOC file and related files will be made. As additional names are uncovered they will be processed in the same fashion.

To assist in this investigation, it is believed that it would be helpful for the Bureau to furnish to all offices a list of the bombings which have taken place, both as to date and location.

JOHN G. CROMMELIN
Harrogate Springs
10 Box 441, Wetumpka, Alabama
November 1, 1958

AN OPEN LETTER TO:

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington 25, D. C.

Mr. Hoover:

Did it ever occur to you that you may be what is called in the Navy a "short-timer?" and that the communist-jews may have used you to "the point of no return," just like Louis Johnson former Secretary of Defense, Brownell of Little Rock infamy, General Vaughn of deepfreeze fame and more recently Sherman Adams, a fresh country-egghead who was "chumped" by a jew with a vicuna coat?

On Thursday, October 23, 1958, at 0950 Central Standard Time, two individuals knocked on the front door of my home in Montgomery, Alabama. They did not use the electric doorbell as all ordinary human beings do; they had to "knock on the door" like communist-jewish secret police! They were admitted to the living-room and invited to have a seat.

As I was not dressed at the time, I called from the hallway and asked, "Who is it?" I received the laconic reply, "Eef - Pee - EYE," which almost frightened me to death, as it was intended to do. I was just so scared! However, I requested the individuals to be seated and left instructions for them to be served coffee while I shaved, bathed and dressed.

After I had shaved, bathed and dressed, I called my wife and told her to "go to general quarters" and "stand by," for I would probably wish to have a witness to the conversation. Then I went out the side door of the house and wrote down the tag-number (Alabama 1958, No. 3-19761, registered in the name of W. F. Nonmouth), of the green feodor Ford sedan parked on the other side of the street headed east. I then inspected the car and noted a radio transmitter and receiver concealed under the dash-board, although the car was not equipped with a visible buggy-whip antenna. The radio would not turn "on" so it was not possible for me to call in and find out if my "guests" were F.B.I. agents, A.D.L. agents, or press-agents, or possibly combinations of communist-jewish impersonators.

On my way back into my home I encountered the two callers who had come out the front door and were standing on my property near my front steps. To the best of my recollection, our conversation was essentially as follows:

Crommelin: "You say you boys are F.B.I. agents: Then let's see your credentials."

The One: "Here it is, and my name is John C. McCluney." At this point "the one" produced a printed card with what appeared to be a printed signature.

Crommelin: "That's not good enough for me. A card like that could be printed almost anywhere. Please sign your name on this slip of paper."

The One: With the attitude of a spoiled-brat caught in the cookie-jar: "I don't have to sign my name."

Crommelin: Of course you don't have to, but I can't conceive of any reason why an honest agent would mind signing his name, for I am simply going into the house and telephone the F.B.I. and find out if you are a phoney or not."

The One: "My name is here on this card, - John C. McCluney. Why don't you write it down? Can't you write?"

Crommelin: "Well, a little, but not too well." And at this point Crommelin wrote down the name, "John C. McCluney."

The Other: "And my name is Wilbor J. Hust, spelled W-I-L-B-OR", and Crommelin wrote down the name, - "Wilbor J. Hust."

Crommelin: "Now, boys, what do you wish to talk about, for I am certain my phone is tapped, and that you boys knew that Mrs. Wallace Allen, whom I have never seen and didn't know existed, called me from Atlanta last evening, (Wednesday, Oct. 22, 1958)- you must have known Mrs. Allen telephoned me to please come to Atlanta and talk to her lawyer, and try to help him free her husband whom she said was innocent and being held without bond, on a trumped-up charge of bombing a jew-synagogue; and I am sure you know that I informed her that I had every reason to believe the communist-jews had barbed their own synagogue, and that I would come over as soon as possible."

The One: "We wish to inform you that anything you say may be used in court as evidence against you."

Crommelin: (Scrutinizing the pockets of the callers for pocket tape sound-recording devices). "Well, are you boys wired for sound? Come on back into the house and finish your coffee, and I will gladly brief you on the communist-jewish conspiracy, and how the F.B.I. is helping them out."

The One: "We will talk about one thing only."

Crommelin: "Well, what is it?"

The One: "Do you know a man named Brite?"

Crommelin: "No, I do not know a man named Brite, and you know that I don't know the man you are referring to; but, come on in the house and relax, and drink your coffee, and I'll brief you boys on the communist-jewish conspiracy."

The One: "No; that's all."

Crommelin: "Good bye, boys."

Crommelin then entered his home, and the callers who had rebuffed his proffered hospitality departed; "The One" in an obvious huff, "The other" in an apparent state of mild amusement.

As I re-entered my home, Mrs. Crommelin asked me, "Who was that?" I replied that they were two birds who said they were F.B.I., but that I would call the F.B.I. immediately and try to find out if they were federal agents, Anti-Defamation League informers, or just a couple of "junior detectives." Mrs. Crommelin then instructed the maid to dump the untouched F.B.I. coffee in the sink.

I went to the phone immediately and called the F.B.I., and got the "busy" signal. I then called the office of my old boyhood friend David Dunn, the Judge of Probate, and identified the tag-number of the callers' automobile, which was Alabama 58, No. 3-19761, and found that it was registered under a phoney name, WM. F. KONTMOUTH, address Route #3, Montgomery, Alabama. This I assume is F.B.I. routine practice, for a later call to F. B. I. headquarters over telephone AM 3-6052 was answered by an individual who identified himself as Dan Stevens, who stated that a John McCluney and Wilbor Hust were in fact F.B.I. agents. - One reason I made such an effort to positively identify the agents was that although Hust, an ex-professional baseball player from Mississippi, was a reasonably pure Nordic type, McCluney from Missouri, was at first thought to be an Anti-Defamation League informer for he, in my opinion, has the appearance of a jowlatto (a white person with an infusion of Thazar or Sephardic Jewish blood).

Mr. Hoover, I saw a letter today which stated that two of your agents had "called on" a very fine patriotic woman in her home in Knoxville, Tenn. to find out "what she knew about the bombing of the school in Clinton," I assume that they "knocked on the door" instead of ringing the doorbell, and that they also were "wired for sound." Mr. Hoover, I would bet my right arm that lady had absolutely nothing to do with the bombing of anything, and that you are carrying out the directives of the invisible communist-jewish government to try to intimidate all White Southerners who have demonstrated that they understand the organization, aims and objectives of the communist-jewish conspiracy, and its fiendish plot to mongrelize our great White Christian country, the United States of America.

As I said in my opening paragraph, Mr. Hoover, my prediction is that you are what we call in the Navy a "short-timer," and the communist-jews have used you to the point of "no return," just like they did Louis Johnson former Secretary of Defense, Brownell of Little Rock infamy, General Vaughn of deepfreeze fame, and more recently Sherman Adams, a fresh country egg-head who was "chumped" by a Jew with a vicuna coat.

The communist-jews who wield such a diabolical influence in New York, in Wall Street and in the Jewnited Nations, and also in Washington, are just about to give you the HEAVE-HO, whether you

realize it, or not. They "chumped" you when they let you publish that fairy-tale which you call "MASTERS OF DECEIT!" Millions of Americans know that it is nothing but communist-jewish whitewash!

At this point, I must confess that I got "chumped" when I paid five-bucks plus tax for your book.

Your 'fairy-tale' has been given very favorable, and in some instances almost ecstatic reviews, in certain sections of the communist-jewish controlled press. Is the following false-statement

ment in your book your 'pay-off' for the many years of favorable radio, press, movie and TV-publicity, which you have received at the hands of the communist-jewish conspiracy? I quote the passage, page 257 of "MASTERS OF DECEIT" for ready reference, -

"Some of the most effective opposition to communism in the United States has come from Jewish organizations such as B'nai B'rith, the American Jewish Committee, The American Jewish League Against Communism, the Anti-Defamation League, and a host of other Jewish groups."

Mr. Hoover, do you know that statement is false, and is it not intended to deceive? You must know that Rabbi Stephen Wise, the president of the World Jewish Congress and the "outstanding" so-called jew of the 20th Century stated, "Some call it Marxism, I call it Judaism."

Mr. Hoover, it would appear also that in your book you failed to mention that in communist-jewish controlled Russia, so-called anti-semitism is a capital offense, and that untold millions of Christian White people have been murdered by the communist-jewish rulers of Russia.

Mr. Hoover, are you familiar with the "Kol Nidre" oath of so-called self-styled jews, as contained in Volume VII of the Jewish Encyclopedia, found on page 539? The description of the "Kol Nidre" ritual as given on page 35 of the book "FACTS ARE FACTS," by Benjamin H. Freedman of New York City follows:

"In Volume VII of the Jewish Encyclopedia on page 539, found in the Library of Congress, the New York Public Library and Libraries of all leading cities, will be found the official translation into English of the prayer known as the 'Kol Nidre' (All Vows) prayer. It is the prologue of the Day of Atonement services in the synagogues. It is recited three times by the standing congregation in concert with chanting rabbis at the altar. After the recital of the "Kol Nidre" (All Vows) prayer the Day of Atonement religious ceremonies follow immediately. The Day of Atonement religious observances are the highest holy days of the so-called or self-styled "Jews" and are celebrated as such throughout the world. The official translation into English of the "Kol Nidre" (All Vows) prayer follows:

"ALL VOWS, OBLIGATIONS, OATHS, ANATHEMAS, whether called 'konam,' 'konas,' or by any other name WHICH WE MAY VOW, OR SWEAR, OR FLEDGE, OR WHEREBY WE MAY BE BOUND, FROM THIS DAY OF ATONEMENT UNTO THE NEXT, (whose happy coming we await), we do repent. MAY THEY BE DEEMED ABSOLVED, FORGIVEN, ANNULED, AND VOID AND MADE OF NO EFFECT; THEY SHALL NOT BIND US NOR HAVE FOWER OVER US. THE VOWS SHALL NOT BE RECKONED VOWS; THE OBLIGATIONS SHALL NOT BE OBLIGATORY; NOR THE OATHS BE OATHS."

Mr. Hoover, does not this so-called jewish prayer, "Kol Nidre," say in effect, the end justifies the means; and, if so, is not this the basic tenet of communism?

It would be interesting to know what percentage of White Christians in the Masonic Order know that their so-called brother Masons who are evolutionary "Kol Nidre" jews, take a religious oath each year cancelling their Masonic oath. The F.B.I. could do a great service to White Christian Civilization by investigating the qualifications of "Kol Nidre" Kosher jews to serve on juries, and as sworn witnesses, and as officers in the federal government and U.S.Armed Forces.

Did it ever occur to you, Mr. Hoover, that the plot to bomb the Atlanta synagogue called "The Temple," may very well have been 'master-minded' by the so-called, self-styled jews themselves, for these four good reasons?: -

First: The bombing of an empty (according to press-reports they are always strangely empty) synagogue was timed just before the general elections on November 4th, so that the communist-jewish controlled press could propagandize the communist-jewish campaign to stop the transmission through the mails of all patriotic literature which exposes the communist-jewish conspiracy, THE REAL ENEMY of White Christian Civilization.

The bombing was also timed so that the planned sympathetic reaction could be used by the communist-jewish conspiracy to extract pledges from candidates for the U.S. Congress to support the proposed infamous H.R. 7427, or Flood Bill, a rank violation of the First Article of the Bill of Rights, designed to stop all patriotic literature via the U.S. Mails, which exposes the composition, aims and objectives of the communist-jewish conspiracy.

Second: The evolutionary "Kol Nidre" jews who master-mind and finance the plot to mongrelize the South were trying to create a smoke-screen of sympathy for themselves.

Third: By their control of the major media of communication, the press, radio and TV, the communist-jewish conspirators are trying to use their bombing of their own meeting-house in Atlanta as a booster-shot in their present hate-campaign to discredit those of us White Christian Americans who understand and expose the communist-jewish conspiracy for just what it is.

Fourth: The evolutionary-Kol-Nidre, Kosher jews, in keeping with their world-wide and eternal reputation for sharp practice blew up an old portion of their meeting-house to collect insurance to pay for what they had already planned to remodel?

Mr. Hoover, you must recognize the strange similarity between the bombings of the negro churches in Montgomery, Alabama, and the bombing of the jewish meeting-houses. Also, you must know that when the trail of the bombings of the negro churches in Montgomery finally led to the office of an evolutionary-Kol-Nidre-Kosher jew in Atlanta, that individual suddenly skipped the country and went to Europe to live, and all the legal proceedings ground to a halt and disappeared from the pages of the press. Strange, isn't it, Mr. Hoover?

Mr. Hoover, you know that I have never joined a secret organization of any kind, and I have taken but one oath, as a Naval Officer, "to uphold and defend the Constitution of the United States against all enemies, foreign and domestic." I assume that as Director of the Federal Bureau of Investigation you took a similar oath.

Think it over, Mr. Hoover.

Sincerely,

John G. Crommelin

John G. Crommelin,
Rear Admiral U. S. Navy, (Retired).

USEA TRADE UNION NEWS — ROCK HILL, S. C.

AFL - CIO'S NEGRO VICE PRESIDENT

TO ORGANIZE THE SOUTH

A. Phillip Randolph, Negro AFL-CIO Vice President and well known for his Communist, Race agitating activities who is reported to have been selected by the AFL-CIO Executive Board to head the Southern organizing drive in the TEXTILE industries which are now in operation on a large scale. J. Edgar Hoover, FBI head has reported to the president of the United States that there is a RED plot in the South which is behind the Racial strife and that it is a hidden hand of the Communist party. Mr. Hoover in his report to the President said that the Communist have been migrating from New England to the Southern States to organize the transplanted Textile industries and to stir up racial animosity between the White and Black.

EXPECT FULL CO-OPERATION —

Reliable sources have reported that the Textile Unions of the AFL-CIO has demanded through their Executive Board that RANDOLPH go all out to organize all TEXTILE WORKERS IN THE SOUTH INTO INTEGRATED LOCALS AND THAT ALL LOCAL UNION OFFICIALS WILL BE EXPECTED TO GIVE RANDOLPH FULL CO-OPERATION IN HIS DRIVE.

THE READERS SHOULD ALSO KNOW THAT MR. RANDOLPH HAS BEEN CITED BY THE UN-AMERICAN ACTIVITIES COMMITTEE AS BEING ASSOCIATED WITH MANY COMMUNIST FRONT ORGANIZATIONS IN THE UNITED STATES.

It is noted that Mr. Randolph stated at a COMMUNIST meeting a few years back that the best way to organize the South and put an end to DIXIECRAT SEGREGATION would be to put a mongrelized baby on the hip of every White and Black woman in the South. Probably Mr. Randolph has this in mind as part of his organizing drive in the South.

BOMBINGS MUST STOP

NOTICE to all COMMUNIST bombing Goon Squads—The Southern Patriots does not intend to try to maintain segregation in schools and churches by Sunday morning bombings. Let this be a warning, "if the authorities arrest you for these unholy acts — you most likely will have your day in court, but if the Patriots apprehends you—you most likely will be the ace attraction at a nights hanging." BEWARE: The Southern people are on the trail of the High Silk Hat race agitators. Beware this is no joke.

ENCLOSURE

Honor Bias Fighter: Honored by the Religion and Labor Foundation at a New York luncheon, Montgomery bus boycott leader, Rev. Martin Luther King Jr., receives the 1957 Social Justice Award from James B. Carey, AFL-CIO vice-president and chairman of the union's civil rights commission. Rev. King was lauded for having "stirred the conscience" of the country in leading the boycott.

ALL SOUTHERN WORKERS MUST JOIN TOGETHER

In order to secure our political and economy rights and justice at the bargaining table, the southern workers must unite themselves into a solid Southern Labor Union so they will be guaranteed the power to negotiate with their employers and to prevent the Northern dominated unions and their affiliate the NAACP from destroying our schools and segregated societies. It is also necessary that the Southern union members get rid of their local union Brainwashed cliques who are a small minority in all locals but who generally runs the local unions to suit the Northern Labor heads. It should be known to all AFL-CIO union members that one half of all union dues paid in by the membership—goes to New York, where it is used to force integration in our schools and societies. It should also be made known to all AFL-CIO members that the AFL-CIO have given thousands of dollars to the NAACP and every one knows what the NAACP is trying to do to the people of America.

All true Southerners who believe in maintaining our Southern way of life are urged to write the United Southern Employees' Association Incorporated, (An independent trade union) for information on organizing locals in your vicinity. The USEA is chartered in North Carolina, South Carolina, Virginia and Alabama, and are in the process of securing Charters in all other Southern States.

Write to-day! Tomorrow may be too late.

Remember: The dues paid into the USEA are kept in the local unions and in the Southern National Union treasures for the benefit of the members and their families such as collective bargaining, private schools for it's members children in the event of forced public school integration and old age and disability benefits.

AFL-CIO BIG WIND BAGS THROUGH THEIR STOOGES, PAUL BUTLER—

TELLS SOUTHERN LEADERS TO GET THEIR NAACP CARDS OR GET OUT OF THE DEMOCRATIC PARTY.

Well this should not embarrass those Southern leaders who have been carrying the AFL-CIO banner as their record in the Congress of the United States and the Supreme Court shows that the AFL-CIO is the strongest pro-integration organization on earth. The politicians is not the only leaders that must share the embarrassment as many Klan leaders who has seen fit to cuddle the MEANYS and the REUTHERS of the United Automobile Union and William Pollock of T.W.U.A. Textile Workers Union. Many Southern Political leaders and many Klan leaders has used the NAACP as their most dangerous and arch enemy but they fail to tell the people that the BIG SHOTS running the NAACP is also the same BIG SHOTS who are running the AFL-CIO along with some Southern traitor Lawyers.

In 1960 the Socialist Democrats and Republicans who has gone out of their way to try to destroy the American Constitution and Government and take away the liberties guaranteed the people under a free Democratic Government will find themselves confronted with the largest INDEPENDENT POLITICAL ORGANIZATION ever known in the history of our Country. The Independent Americans will go West and South to select their POLITICAL TIMBER.

suppose to represent their members for the sole purpose of collective bargaining. To secure for it's members, better working conditions, with contracts calling for fair work loads, old age and sick benefits, hospitalization and fair wages, and especially job preferential based on seniority and job security. Unfortunately this is not what the southern union members are getting for the dues they pay. The AFL-CIO Unions have deserted the fields of labor and have gone in for Sociology. They have attempted to become a school board, to tell the people of the United States what schools to send their children, and that the white people must mix their children with the Negro children. They also want to tell the people who they shall vote for in political elections. The working people in the south will do well to serve notice on their legislators that they don't intend to be enslaved by the Socialistic and Communist minded AFL-CIO Union leaders. The southern people will do well to vote for politicians who will damn and publicly fight AFL-CIO Unions until they are eliminated from the sacred soils of the southland. When Representative Howard Smith of Virginia sponsored a bill in Congress known as the State Rights Bill which would prevent the Supreme court from freeing Communist from jail sentences for advocating the overthrow of the government, the AFL-CIO and their close ally, the NAACP opposed the bill with all their power. This should be a warning to the people of the United States who believe in State Rights and Constitutional Government, that the time is now, to stop joining AFL-CIO Unions, and to stop membership and dues. The working people of the south must join together now, and chase out these AFL-CIO carpetbaggers or prepare themselves and their families for slave camps. Every industry and company should have the Smith Bill printed and distributed to all their employees so that they will spit in the eyes of any AFL-CIO organizer who might ask them to join any AFL-CIO Union. Also, the southern workers must be on the alert for other organizations who appears to be tied in with the AFL-CIO. Beware of what is known as the National Textile Commission and the southern news letter, as this so called southern news letter which is printed in Chicago and distributed from Louisville, throughout the south, is pro-integration, pro-NAACP and pro-AFL-CIO. Also, beware of certain industries and companies who are working hand in hand with the AFL-CIO in an effort to enslave the employees by signing yellow dog contracts. Remember—"It don't take very much money to have good unions ,it only takes plenty of red blooded men and women with guts, and the AFL-CIO and their integrating stooges is going to learn that the southern men and women have both."

Harry W. Brown ____ Vice President & Secy.-Treas.

Valentine Reuther trained his four sons Socialism, and it is told that he held regular Sunday sessions with them, discussing and debating all manners of subjects relating to working men and women. Walter P. Reuther grew up actively in Socialist organizations. He was fired from his job with the Ford Automobile Company and with nothing else to do, he and his brother Victor went to Russia to work and to learn Communism first hand.

He and brother Victor fell in love with the Soviet Russia and from there he wrote his much publicized letter to his friends in America and which he ended with his, "Yours For a Soviet America." He came home vibrating with deep fervor for the Russian system of economic control. The point is: "This man Reuther is self consecrated to the principles of Socialism and government control of economic life. His fanaticism, cold in its utter dedication, is economic truths which will eventually destroy him. The tragedy is, he could easily destroy our country with a Socialist dominated and guided government." Walter Reuther already controls Michigan, a state which has gone backward in prosperity since he took over.

Reuther, with AFL-CIO money has used crooked politicians to further his political ambitions by having un-American labor laws introduced in Congress, which if passed will do nothing more than further enslave the working classes and give the big labor leaders more power to further the cause of Socialism. The working people and especially the working people of the south had better awaken to what the AFL-CIO is really doing. The Union dues that the southern workers are paying in to AFL-CIO Unions are being used to destroy the southern peoples Religious, moral and traditional beliefs, not to mention their economy welfare. Reuther and his political clique does not only intend to use the white and Negroes against each other to further their political strength, but they intend to destroy both races by forcing integration and social intermingling which will eventually lead into inter-marriage and complete degeneration. Inter-marriage between the races is the same method used by Joe Stalin to put Russia under a dictatorship. Stalin only had six percent of the people with him when he overthrew the Russian government. The so called Stalin Constitution of 1936 which is really the Soviet Russia Constitution, in Article 123, States.

"Equality of rights of citizens of the U.S.S.R., irrespective of their nationality or race, in all spheres of economic, government, cultural, political, and other public activity is an indefeasible law. Any direct or indirect restriction of the rights of, or, conversely, the establishment of any direct or indirect privileges for, citizens on account of their race or nationality, as well as any advocacy of racial or national exclusiveness or hatred and contempt, is punishable by law."

This Article of the Russian Constitution is exactly the same policies and advocations as the N.A.A.C.P. and the AFL-CIO, the N.A.A.C.P. with the moral, physical and financial support of the AFL-CIO have been attempting to have the laws of the United States changed to pattern after Russian laws, and they have been successful in having these Civil Rights laws passed, as you no doubt know. It is our firm belief that any southern man or woman, who after being informed as to the policies of the AFL-CIO, continues to pay an AFL-CIO Union dues, "they should be branded a southern traitor and treated as one." It is very obvious to see that the AFL-CIO are not using the Unions for what they were organized for. A Labor Union is

AFL-CIO

Textile Workers Union of America Members Are Forbidden To Contribute Funds To Any Private Segregated Schools! But The Members Are Called Upon By Their Union Officials To Scorn Such Patriotic Moves.

On Oct. 15, '58 AFL-CIO Textile Workers Union, of America, Local 371 membership at Front Royal Virginia, voted to assess the Local members ONE DOLLAR a week to support a SEGREGATIONIST PRIVATE SCHOOL SYSTEM to which would assure them Segregated schools in which their own children could attend. The vote was 235 to 49. President William Pollock of the Textile Workers Union and who maintains Headquarters in New York, sent a Representative to Front Royal at once to investigate the assessment vote. This vote to aid the Citizens of Virginia, which included the local union members, to maintain segregated schools for the Virginia school children, didn't please the AFL-CIO labor GODS in the least because their Union policies demand an end to segregation.

The Textile Workers Union of America at their 1956 National Convention passed their famous 28th resolution which very few Southern members ever knew. The resolution was as follows:

Therefore be it resolved by the 9th Biennial Convention of the Textile Workers Union of America, AFL-CIO, that:

- (1) We call upon the President to convene a conference of Southern Governors and provide other moral leadership for the peaceful and orderly transition to an un-segregated public school system.
- (2) We denounce the White citizens councils and allied organizations as bitter enemies of law and order and bitter foes of the Labor movement. We call upon members of labor unions and all those devoted to Southern Progress to scorn these groups. END.

If these Union members at Front Royal Virginia had of voted to assess themselves a dollar a week to help the NAACP close and deprive the Southern children the opportunity of a free public education, there is no doubt that President Pollock, George Meany, Walter Reuther and A. Phillip Randolph, (THE NEGRO VICE PRESIDENT, AFL-CIO) who is reported to have the assignment of the AFL-CIO's National Executive Board, to spearhead a organizing drive in the South to organize the Southern workers into a solid unsegregated union, would have personally appeared before the local membership to kiss each member individually.

If there was ever a time in the history of our great Country that those who believe in their independence as God loving American Citizens should stand united together against those who are determined to destroy us—"THE TIME IS NOW." The working men and women holds the balance of power if they will only exercise it at the Ballot boxes and supports candidates for public offices that have the courage to stand and fight the battles that must be fought to save our American form of Government. Damned the different parties—vote for the men that will stand for the things that we love most—"OUR FREEDOM."

The INDEPENDENTS in 1960 no longer bow to the Socialist, Communist political and labor leaders that they are living under to-day.

The Southern politicians who use the old worn out excuse about it not being good to pull out of the Democrat party because of losing various Committee Chairmanships because of seniority had better start thinking of the INDEPENDENT move or get a new excuse. Everyone in politics should be most happy to get out of both the REPUBLICAN and the DEMOCRAT parties because both of them has sank so low that any self respecting citizen should at least feel cleaner by leaving.

As for the Chairmanship Committee jobs given on seniority—please tell us what is being accomplished by them. The Republican Liberals and the Left Wing Democrats are shoving every thing nasty that they wish, right down the throats of the Southern Politicians. The senority is not helping worth a damned. INDEPENDENCE IS THE ONLY SELF RESPECTING WAY.

SPECIAL TO PACIFIC MILL EMPLOYEES — COLUMBIA, S. C.

Sometime ago, some T.W.U.A. stooges passed a paper around through the Pacific Mills plants and told the employees that it was an FBI record of a man by the name of BOB GARRISON and who was an officer of the United Southern Trade Union. This information given the employees was a damned dirty Communist type kind of lie which was used in an effort to stop the flow of TWUA members from joining the USEA Union. We are happy to report that this lie did not stop the flow of workers signing with the Southern Union, it only showed the Southern people in Columbia just what type union they have been belonging to.

It is true that the USEA had Mr. Garrison employed along with a number of other workers to distribute Southern Union organizing literature but none of them were officers of the USEA Union.

For the information of the Pacific Mills employees, we would like you to know that we have checked on Mr. Garrison and we have found that Mr. Garrison is a hard working automobile mechanic who owns his own garage and is married to a very lovely lady who is a native of Columbia. The Garrisons have two beautiful little twin daughters and both, Mr. and Mrs. Garrison are both active in fighting the organizations that are trying to destroy Southern Rights and Traditions, and it can be safely assumed that neither of them are contributing to INTEGRATION by belonging to and paying dues to the AFL-CIO, the organization that has taken Southern workers dues and turned it over to the NAACP to be used to close Southern SEGREGATED SCHOOLS. "ALL TRUE SOUTHERNERS WILL TAKE THEIR HATS OFF TO THE GARRISONS".

ANY WORKER IN ANY CRAFT CAN BELONG TO THE U.S.E.A. TRADE UNION.

Reference is made to WFO airtel in captioned matter dated 11-6-58, enclosing copies of an open letter to the Director by Admiral JOHN CROMMELIN, and advising that captioned group intended to circulate reproductions of the letter in the WDC metropolitan area.

[redacted] and [redacted] advised on 11-7-58, that a meeting of captioned group was held during the evening of 11-6-58, at which time it was decided to prepare an additional letter to be mailed out with copies of CROMMELIN's letter.

b7D

This additional letter is to point out that the FBI has no jurisdiction to investigate bombings of Jewish "meeting houses," inasmuch as no Federal law has been violated; that the FBI is carrying out a campaign of harrassment against supporters of States' Rights and segregation as evidenced by the questioning of known segregationists by the FBI ; and that the right wing is being persecuted while the communists are permitted to remain free to advocate the overthrow of the Federal Government by force and violence.

The informants said that the letter is to be drafted by J. BENJAMIN SIMMONS, WDC Attorney, who has represented JOHN KASPER in the past.

[redacted] advised on November 18, 1958, that during a discussion with [redacted] on November 15, 1958, the possibility of visiting KASPER in Nashville, Tennessee, was brought up. [redacted] pointed out that most of KASPER's friends in the Washington, D. C., area are now working against him rather than doing anything to help him. Informant mentioned that perhaps they should visit KASPER some weekend just to let him know he still has friends from this area. [redacted] said that this was an excellent idea and said that [redacted] would no doubt want to accompany informant. [redacted] expressed the opinion that if such a visit were made, KASPER would be very pleased and would introduce informant to his friends in the Nashville area. Informant advised that he made no commitments regarding such a trip, and the matter was dropped with both parties saying they would think about it further.

b7D

For the information of Memphis, [redacted] has met KASPER on one occasion when KASPER was last in Washington, D. C. He is not, therefore, acquainted closely with KASPER; however, he did give KASPER \$10.00 to help with the latter's expenses at the time of their meeting. Informant advised that because of his business, he would necessarily be limited to a long weekend at the most.

do

Memphis is requested to advise the Bureau and Baltimore whether such a trip on the part of the informant would likely be productive and be of sufficient value to that office to merit the expense. In this connection, it is noted that round trip train fare to Nashville is \$49.33.

Memphis did not recommend

In the event this trip is recommended by Memphis and approved by the Bureau, it is recommended that the Bureau authorize payment of \$100.00 to the informant to cover expenses and services.

SEABOARD WHITE CITIZENS COUNCILS

Two sources who have furnished reliable information in the past advised on December 12, 1958, that the Seaboard White Citizens Councils of Washington, D. C., is mailing literature to members of the Virginia State Legislature on Monday, December 15, 1958. The sources stated that a mailing is being made on the instructions of Frederick John Kasper, and that the mailings will include a copy of Kasper's article "Abolish the Public Schools! Now!" and a copy of "The Rotten Mess in Washington" by Dr. T. D. Patton of Carthage, Tennessee. The sources stated that Floyd Fleming, President of Seaboard, may insert another article with the above two items; however, the sources were unable to ascertain the nature of this item.

Kasper's article "Abolish the Public Schools! Now!" attacks the United States Supreme Court as being "hell-bent on white-race destruction" and urges that the public school system be abolished throughout the United States. The article states that private schools are better than public schools and that by abolishing public schools there would be a reduction in taxes. Kasper attempts to show that money saved by people by not paying taxes could be used to send their children to private schools.

The article "The Rotten Mess in Washington" is an attack upon the current administration and states that it has surrendered to the "Jew-led NAACP negro-mixing religio-sociological forces" in violation of the First Amendment which the article states forbids the Federal Government to make any law or edict affecting religio-social faiths or conscientious objection.

Reference is made to WFO airtel 12/12/58 enclosing 7 copies of a letterhead memo to the Bureau captioned as above and which stated that the Seaboard White Citizens Councils were mailing literature to members of the Virginia State Legislature. That memo stated that an additional piece of literature was to be enclosed in the mailing, but that [redacted] and [redacted] did not know what this additional literature was about. [redacted] advised on 12/15/58 that the third piece of literature included in the mailing would be a letter by J. BENJAMIN SIMMONS, Washington, D. C., attorney, which is critical of the FBI's interviewing of segregationists in the Washington, D. C., area as a result of bombings in the South. SIMMONS' letter sets forth court decisions to attempt to show that the FBI has no jurisdictional responsibilities in connection with the investigation of bombings of schools and churches in the South. The informant was unable to obtain a copy of SIMMONS' letter, but stated that he would furnish a copy as soon as he was able to obtain it.

(Washington Post and Times Herald 6/6/56)

b6
b7C

In the fall of 1957, KASPER and the other members of the White Citizens Councils of D.C. picketed the White House carrying signs against integration (Washington Evening Star, 10/1/57).

The Supreme Court of the United States on 10/14/57 refused to review JOHN KASPER's conviction and one year sentence imposed as a result of an anti-integration speech in Clinton, Tennessee, in that he violated, through his speech, a restraining order issued by the United States District Court at Knoxville, Tennessee (Washington Evening Star, 10/14/57).

The Seaboard White Citizens Councils, during 1958, have mailed to high school seniors in Arlington, various pieces of literature which have been anti-Negro and anti-Jewish in nature (Northern Virginia Sun, 9/20/58).

Set forth below are the names contained in these four lists, alphabetically, by field office. The number after each name corresponds to one of the lists above.

Retel Memphis to Bureau and Washington Field 12-5-58.

On 12-5-58, Inspector W. P. HUSTON, Head of the Vice Squad, Memphis, Tenn. Police Department, made available for review by SAS JOSEPH H. KEARNEY, JR. and WILLIAM H. LAWRENCE voluminous amounts of personal effects possessed by [redacted] at the time [redacted] was arrested on 12-4-58 by Inspector HUSTON and Lt. K. A. TURNER in Room 512, King Cotton Hotel, Memphis.

A hurried review of this material revealed voluminous amounts of pro-segregation literature, including copies of "The Southern Digest," "Common Sense," much correspondence involving [redacted] newspaper clippings concerning him, and long lists of names, and in some instances addresses, some handwritten and some typewritten.

There were no lists of names or contacts noted in Tennessee. Many of the names appeared to relate to Louisiana, Southern Mississippi, and Washington, D. C.

Inasmuch as this material will have to be returned to [redacted] by the Memphis Police Department, all of the possibly pertinent material was photographed on 12-5-58 by SAS KEARNEY and LAWRENCE with a photo record camera. Approximately one and one-quarter rolls of 35mm (25 feet length) kodak micro-file safety film was used.

This film is enclosed herewith to the Bureau, attention Mechanical Section, for development. It is requested that one copy each of each exposure be developed; that thereafter the developed negatives and prints thereof be transmitted by the Bureau to the Washington Field Office, which is origin in instant case, as well as in the case of [redacted] (WFO File 62-8022). Washington Field may then be in a position to intelligently appraise the information shown in the developed films and make any dissemination it deems advisable.

Memphis will submit a more detailed letter concerning the 12-4-58 arrest of [redacted] and the disposition of his case in Memphis Juvenile Court.

DETAILS: AT WASHINGTON, D. C.

I. HEADQUARTERS

WF T-1 advised on December 4, 1958, that the Seaboard White Citizens Councils (SWCC) had to move from its office at 1047 31st Street, N. W. by December 10, 1958. WF T-1 advised on December 22, 1958, that the records of the SWCC had been moved to the homes of FLOYD FLEMING, 905 Quincy Street, N. E., and his sister RAN DE MENT, 2409 Franklin Street N. E.

II. OFFICERS

T-1 advised on December 15, 1958, that the following persons are the officers of the SWCC as of that date: Executive Director, FREDERICK JOHN KASPER, aka JOHN KASPER, who is currently in Nashville, Tennessee; President, FLOYD H. FLEMING; Vice President, T. CARY HANSEL; Secretary, [redacted] Treasurer, RAN DE MENT, aka Mrs. RAYMOND L. DE MENT; Chairman of the Board, [redacted]

T-1 advised that [redacted] is [redacted]

T-1 had advised on November 17, 1958, that [redacted] was at that time the Executive Secretary of the SWCC.

b6
b7C
b7D

In connection with [redacted] it should be noted that the Memphis, Tennessee, Police Department arrested [redacted] on December 4, 1958, and was charged in Memphis Juvenile Court with contributing to delinquency of a minor. [redacted] when interviewed, refused to talk and claimed he has been hounded, prosecuted, and intimidated by the Federal Bureau of Investigation and that this will soon be brought out in a congressional investigation.

III. FINANCES

T-1 advised on November 18, 1958, that informant believes [redacted] is by far the most dangerous man in this organization, at least as far as the Washington area is concerned. According to informant he is a slow, not too intelligent Southerner who fights for what he believes to be

right. According to informant he also displays amazing loyalty to KASPER, and tends to put KASPER on a pedestal. He also has money and uses it, according to informant, to keep the group going. According to informant, [redacted] would not hesitate to go to Georgia and cause the destruction of any school that integrated, either by direct participation or by getting someone else to do the destruction.

b6
b7C

T-1 advised on November 20, 1958, that FLOYD FLEMING's sister RAN DE MENT had received a very flattering letter from JOHN KASPER asking for a list of names of contributors. According to informant, Mrs. DE MENT mailed this list to KASPER on November 20, 1958.

T-1 on November 25, 1958, advised that on November 24, 1958, FLEMING had stated that [redacted] had not paid the rent on the SWCC office and that FLEMING believed [redacted] had spent it. FLEMING stated on November 24, 1958, that he was fed up with the whole mess of SWCC and JOHN KASPER. He remarked that he wanted [redacted] and himself to get together for the purpose of organizing a new group to send out various material. According to FLEMING, this group would have the backing of [redacted] FLEMING also mentioned that KASPER should not be given a list of contributors and that Mrs. DE MENT had not sent him a complete list.

T-1 advised on November 25, 1958, that on November 24, 1958, [redacted] had sent KASPER some money. [redacted] remarked that the rent had not been paid on the SWCC office and that he might have to raise the rent again, although he did not have enough to both raise the rent and send KASPER some money. [redacted] remarked that he was disgusted with [redacted] for not having done anything, and he wanted KASPER to come back to Washington for a few weeks to re-organize the group. [redacted] mentioned that something was needed besides a paper organization, because such a group was going to get nowhere.

IV. ACTIVITIES OF THE SWCC

T-1 advised on November 17, 1958, that FLOYD FLEMING on November 16, 1958, had received a letter from JOHN KASPER in which KASPER bawled FLEMING out for not accomplishing anything, and that KASPER saw no need for fresh ideas when his old ones were not being carried out. KASPER wrote that he was going to stay in Nashville, look for a job, work on

his appeal trial, and write the first draft of his book. He was tired, he wrote, of having to "ask for handouts like a bum." KASPER suggested in the letter that the office be given up, that his personal effects be moved, and that literature be given out at the White House, plus a picketing of the AFL-CIO building. He suggested that all mail addressed to him be forwarded to him in Nashville unopened. According to T-1, FLEMING almost "blew his stack" at this breach of trust in FLEMING. FLEMING mentioned that everyone knew that he had not taken a penny and that he would send KASPER every letter unopened, including the bills.

T-1 advised on November 17, 1958, that Mrs. DE MENT wanted all of KASPER's possessions moved out of her house. According to T-1 FLEMING indicated he was going to quit Seaboard as he could not put his heart into his work after having received a letter such as he had received from KASPER.

T-1 advised on November 18, 1958, that there was

[REDACTED]

[REDACTED] various subjects were discussed according to informant. One being that FLEMING might pull out of the Council due to KASPER's attitude and his staying in Nashville, Tennessee. [REDACTED] during the evening made the remark, according to informant, that if the schools of Georgia were mixed, there would be plenty of trouble and he was speaking of no one except himself. [REDACTED] mentioned that he told the Federal Bureau of Investigation when he was interviewed in Georgia, that he did not go along with the bombing of a religious building, but that he would rather see a school bombed than integrated. He mentioned that there was plenty of dynamite around, and that it was not hard to get. [REDACTED] remarked that he wished that he had told the Federal Bureau of Investigation that his mother met him at the plane with two cases, that his sister or brother had planted the charge, and that his daddy had set the match.

b6
b7C
b7D

[REDACTED] according to T-1, FLEMING cursed for five minutes on what an ungrateful soul JOHN KASPER had. [REDACTED] laughed at this and SIMMONS remarked, "JOHN is doing just what I thought that he would do. He has never listened to advice, and thinks an attorney is to get him out of a jam after he gets into one." SIMMONS told FLEMING that he doubted that KASPER mistrusted FLEMING.

WFO 100-33226

but probably wanted the letters with donations to use to get more money and to follow up on the people that had contributed. SIMMONS remarked that the group could expect no help from KASPER. SIMMONS suggested that SWCC be held together and to use KASPER's name as the group pleased. SIMMONS advised that no open breaks should be made. [redacted] went along with this suggestion and stated that he for one favored giving KASPER a lot of leeway and that JOHN had done too much for the group to get mad at him.

[redacted] according to T-1, FLEMING remarked that he had told KASPER when he was in the District of Columbia that KASPER just wanted to establish residence in Tennessee so that he could run for office. SIMMONS remarked that KASPER was a fool if he thought he would be elected even as dogcatcher.

According to T-1, SIMMONS stated [redacted] that if the Federal Bureau of Investigation attempted to interview him he "would throw them down the elevator shaft if they came to my office." SIMMONS remarked that he had written a letter to Admiral J. K. CROMMELIN expressing admiration for CROMMELIN's letter to Director J. EDGAR HOOVER, and he had put in three paragraphs about the Federal Bureau of Investigation not being legally involved. According to SIMMONS, CROMMELIN wrote back and asked if he could print the letter. SIMMONS also stated that he thought this would make the Federal Bureau of Investigation mad. According to T-1, SIMMONS also commented that he thought that before the problem was over, blood would be flowing in the streets. At this point, according to T-1, [redacted] repeated again that if the Georgia schools were integrated there would be trouble and made reference to a brother that weighs 200 pounds.

T-1 advised on December 2, 1958, that FLOYD FLEMING remarked on December 1, 1958, that [redacted] had left town with the rent money that [redacted] had given him. FLEMING mentioned that [redacted] was passing bad checks and that he, FLEMING, was going to swear out a warrant for [redacted] on embezzlement charges.

T-1 advised on December 2, 1958, that FLEMING mentioned that he would get SWCC envelopes for the mailing of letters that KASPER wants sent out, KASPER's article, "Abolish the Public Schools! Now!" FLEMING mentioned that

WFO 100-33226

CARY HANSEL might have a list of the Virginia Legislature and that HANSEL should be contacted.

T-1 advised [redacted] that [redacted] had mentioned that he was sorry that he had ever gotten mixed up with KASPER and he thought that KASPER might be a "little off". [redacted] who at one time was President of the SWCC mentioned that he is planning on quitting his job soon and going into business for himself. According to T-1, [redacted] talked about LINCOLN ROCKWELL and said that he has changed his opinion of the man. According to [redacted] ROCKWELL has the press that belonged to the "Virginian" and that is why the paper is no longer published. [redacted] stated to informant that he wanted no part in violence but that he did not mind inciting someone else to violence. [redacted] said that he would like to see a lot of material go to high school kids all over the nation and "that some of these crazy kids will get fired up over the Jews and you can't tell what will happen."

T-1 advised [redacted] that FLEMING had also indicated that he has been in touch with ROCKWELL quite often recently, and that this may be the new coalition that is forming.

T-1 advised [redacted] that a meeting was held on [redacted] for the purpose of deciding what plans to put into effect concerning the SWCC. Present at this meeting were FLOYD FLEMING, [redacted]

[redacted] carried on in his usual vein, talking about the glorious "St. Adolph" (Hitler), and again stated that "We need to educate the youth, and get some of these crazy high school kids worked up, because they get wild and might do about anything." [redacted] remarked that he wished that he had no family to take care of and that he regrets having married so early. He remarked that this was done now and he had to take care of them. He stated that he considered KASPER irresponsible and that KASPER ran around with a bunch of nuts.

During this meeting FLEMING and [redacted] launched into an argument concerning the importance of sending out mail and of maintaining a group, and this argument had both of them yelling at the top of their lungs, with FLEMING turning red in the face and [redacted] laughing at him, making him madder. According to T-1, FLEMING stated that KASPER had used all of the people in the Washington area, and that now the people up here should use KASPER.

WFO 100-33226

According to FLEMING, J. BENJAMIN SIMMONS has made the statement that Seaboard was too well known now to drop out of the fight and that the group should keep going. FLEMING mentioned that with the new Congress getting ready to open it is important to have material ready to be mailed on opening day concerning the filibuster and the attempt that was sure to be made to force civil rights legislature on the people. [redacted] thought that this was a good point and that FLEMING still had good ideas, but that he still did not want to be involved with SWCC, as this group was known as "KASPER's organization."

[redacted] according to T-1, CARY HANSEL talked about LINCOLN ROCKWELL. FLEMING mentioned that there was too much Nazi stuff in ROCKWELL's material, but both [redacted] and HANSEL said there was not. HANSEL mentioned that there was some material that ROCKWELL would not discuss with him, but that there were groups all over the United States in contact with ROCKWELL.

During the evening T-1 advised that FLEMING remarked that [redacted] could not be present [redacted]

[redacted] according to FLEMING, wants to let the articles of DREW PEARSON die down and [redacted] is taking his name off of the SWCC bank account.

WF T-2 advised on November 17, 1958, that FLOYD FLEMING had received a letter from JOHN KASPER in which KASPER made the statement that he was not running a "diaper service" for the SWCC and would not bother to give them any more of his ideas since they had not carried out any of his previous instructions. KASPER, according to T-2, requested that any mail addressed to him be forwarded unopened to him in Nashville. According to T-2, the one complimentary thing KASPER said in his letter was that FLEMING had done a good job in getting the public school statement ready. According to T-2, FLEMING was very upset over this letter, calling KASPER an ingrate.

WF T-3 on November 26, 1958, advised that a source of T-3 had advised that FLOYD FLEMING in November, 1958, made statements to the effect that he retired in the summer of 1958 and was now devoting all of his time to the SWCC. He mentioned that he was in Rhode Island "to do missionary work" for his organization and he claimed six or seven members in Rhode Island. T-3's source asked FLEMING to identify his Rhode Island supporters but FLEMING refused and

stated that they resided in the Providence, Pawtucket, and Central Falls. T-3 source asked FLEMING about his contact with ~~CONDE MC GINLEY~~. FLEMING mentioned that MC GINLEY was a fine man, that he has a great deal to do with MC GINLEY and has helped to circulate "Common Sense". According to T-3 source FLEMING denied responsibility for the recent anonymous mailing of "Common Sense" in the greater Providence area. FLEMING admitted making large deliveries of "Common Sense" for MC GINLEY and admitted that he had met JOHN KASPER through MC GINLEY. FLEMING mentioned that the first time he saw KASPER was when he delivered 1,000 copies of "Common Sense" to KASPER at the latter's book store.

V. MEMBERSHIP

T-1 advised on December 22, 1958, that there is no active membership as such of the SWCC in the Washington, D. C., area. The only persons who take any active part in the affairs of this organization are: FLOYD FLEMING.

b6
b7C
b7D

VI. PUBLICATIONS

T-1 advised on November 20, 1958, that FLOYD FLEMING on November 19, 1958, had made a statement that he was going to print something that would bring in more money than the group has ever collected. He stated that there would be four or five articles by Father COUGLIN in booklet form. FLEMING stated that people would send in lots of money for this material.

T-1 and T-2 advised on December 12, 1958, that the SWCC is mailing literature to members of the Virginia State Legislature on Monday, December 15, 1958. T-1 and T-2 advised that the mailings are being made on instructions of JOHN KASPER and that the mailing would include a copy of KASPER's article "Abolish the Public Schools! Now!" and a copy of "The Rotten Mess in Washington" by Dr. T. D. PATTON Carthage, Tennessee. T-1 and T-2 stated that FLEMING intended to insert another article with the above two items.

KASPER's article "Abolish the Public Schools! Now!" attacks the United States Supreme Court as being "hell-bent on white-race destruction" and urges that the public school system be abolished throughout the United States. The

article states the private schools are better than public schools and that by abolishing public schools there would be a reduction in taxes.

The article "The Rotten Mess in Washington" consists of an attack upon the current administration and states that it has surrendered to the "Jew-led NAACP negro-mixing religio-sociological forces" in violation of the First Amendment which forbids the Federal Government to make any law or edict affecting religio-social faiths or conscientious objection.

T-1 advised on December 15, 1958, that the third piece of literature included in the mailing would be a letter by J. BENJAMIN SIMMONS, Washington, D. C., attorney, which is critical of the Federal Bureau of Investigation's interviewing of segregationists in the Washington, D. C., area as a result of bombings in the South. SIMMONS's letter sets forth court decisions to attempt to show that the Federal Bureau of Investigation has no jurisdictional responsibilities in connection with the investigation of bombings of schools and churches in the South.

VII. PUBLICITY

The Washington Post and Times Herald, December 1, 1958, contained the syndicated column of DREW PEARSON entitled "KASPER's Meeting Here Described". The article mentioned that JOHN KASPER recently held a secret meeting in the dingy apartment of EDGAR JOHNSTON at 1103 Bellevue Street, S. E., Washington, D. C. The article mentioned FLOYD FLEMING and GENE COLLTON as participants in the meeting and also pointed out that JOHN KASPER had great respect for EZRA POUND, who PEARSON termed the "American turncoat".

BEN H. BAGDIKIAN

Re WFO letter, 12-12-58.

Bosfile 94-487 captioned "BEN H. BAGDIKIAN;
MISCELLANEOUS (CRIME RECORDS)" contains the following
pertinent information:

By letter dated 6-6-55, captioned as above, the Bureau
advised Boston to make a search of the indices and to
make a discreet check of credit records for information
concerning BAGDIKIAN, as one BEN H. BAGDIKIAN was the
author of a series of articles released through the
North American Newspaper Alliance which appeared in the
"Washington, D. C. Evening Star".

Boston letter dated 6-8-55 to the Bureau set
forth the following:

"The indices of the Boston Division contain no identi-
fiable references to the above individual.

"The records of the Providence Credit Bureau, 40 Fountain
St., Providence, R. I. disclose a report as of 3-20-52
identifying BAGDIKIAN as a reporter and feature writer
with the Providence Journal-Bulletin newspaper. It
indicated he had entered employment about 2-15-47, having
come to Providence from Monroe, La. His credit record
was favorable and his character and habits were recorded
as good.

"Providence directories identify BEN H. BAGDIKIAN, wife ELIZABETH S., residence 312 Morris Ave, Providence, R. I. The above credit bureau records also indicated that BAGDIKIAN had been born in Turkey and had a former residence at Stoneham, Mass,

"Records of the Immigration and Naturalization Service (INS), Boston, Mass. indicate BEN HAIG BAGDIKIAN, born 1-30-20, at Marash, (Cilicia) Turkey, entered the United States at New York, 6-1-20, approximately two months old, and subsequently obtained citizenship on a derivative basis through his father, ARAM, naturalized 3-29-26. The INS file contains no additional background data other than a request by BAGDIKIAN for a derivative citizenship certificate and an indication he was associated with the Air Force during World War II. It was not possible to obtain any data with regard to ARAM BAGDIKIAN at INS, inasmuch as his file was not immediately available and because of the desire to present this matter to the Bureau by 6-9-55.

"There is enclosed herewith reprint of a series of articles entitled, "What Price Security", by BEN H. BAGDIKIAN in the nature of reprints from the "Providence Journal-Bulletin" newspaper during March and April, 1955, individual copies of which have been previously provided the Bureau."

The exact content of the articles furnished to the Bureau is not known by Boston, but it is believed these articles consisted of a critical appraisal of the Government's loyalty program.

The indices of the Boston Office contain several references to ARAM BAGDIKIAN (father), who was born 1-30-20 at Marash, Turkey and whose occupation is a clergyman. Among these references is the following:

Boston report of 1-11-55 by
SA C. H. KOKOLAKIS entitled:
ARMENIAN PROGRESSIVE LEAGUE OF AMERICA,
IS-R & AR-IS ACT OF 1950

Following are excerpts from the above report:

BS 105-3287

"T-8 made available information during November and December, 1954, which disclosed that the ANCA (Armenian National Council of America) sponsored the 34th anniversary celebration of the Sovietization of Armenia in the Massachusetts and Providence, Rhode Island at the following places:

"On December 12, 1954, at 2:00 p.m. at the Rio Restaurant, main ballroom, 40 Thomas Street, Worcester, Massachusetts, sponsored by the Worcester Branch of the ANCA.

"T-8 stated that the honorary presiding officials at the Worcester ANCA affair were ARAM BAGHDEGIAN and Dr. SUMPAD PACHANIAN, Chairman was D. SIMONIAN....."

An article appeared in the 12-9-54 issue of the "Hairenik Weekly" (published by an association allegedly anti-Communist) concerning the 34th anniversary celebration of the Sovietization of Armenia held at Boston, Mass. 11-28-54. The newspaper article was sarcastic and critical concerning the above affair and read in part:

"The next speaker, A Reverend (Minister) ARAM T. BAGDIKYAN, was compared by the chairman to the Rev. HEWLETT JOHNSON, the extraordinary 'Red Dean of Canterbury' who 'recently confounded American questioners so badly that they first mounted a mule, and then tried to get off that mule.' BAGDIKYAN's comparison with HEWLETT JOHNSON seem a happy comparison.

"In a long winded prepared speech ('I didn't think I would be allowed to speak freely here today, so I wrote down my speech') BAGIDIKYAN reviewed the boring details of his life that had made a 'patriot' of him. 'November 29 is etched in golden letters among all the great dates of history. Armenia is free and progressive. It is as free and as progressive as in the days of Tigranes the Great (this was more than 1954 years back--Ed.HW). November 29 is a miracle, a ray of sunlight. Armenia has a great future. Armenia will soon extend from Mt. Ararat to Cilcia. We are American citizens; we love America. Rebuilt Armenia has filled the people with a new spirit.' He ended by shouting: 'Long live November 29! Long live the Soviet Union.'"

b7D

T-8 is [redacted] who gave the information regarding the 34th anniversary celebration mentioned previously to SA CHRISTOPHER H. KOKOLAKIS on 10-12-54.

BS 105-3287

The "Providence Journal-Bulletin" newspaper on 11-18-55 carried an article captioned "Journal-Bulletin Reporter Gets Foreign Study Grant." This article said that BAGDIKIAN, a "Journal-Bulletin" reporter since 1947 was named by the REID Foundation as one of six recipients of \$5,000 grants for study abroad during 1956.

The indices of the Boston Office fail to reflect any additional information concerning BEN H. BAGDIKIAN.

In view of the above, Boston will not interview BEN H. BAGDIKIAN.

JOSEPH DEVITT

EDWARD ZODOURIAN, Personnel, U. S. Post Office, Boston, Mass. advised SA RICHARD H. BLASSER that JOSEPH DEVITT, 44 Arch St., Malden, Mass. is presently employed by the U. S. Post Office, Main Office, Boston, Mass. as a Distribution Clerk.

Inasmuch as WFO is in possession of the original information concerning JOSEPH DEVITT, it is requested that WFO prepare and submit to the Bureau Letterhead Memoranda for possible dissemination to the U. S. Post Office, Washington, D. C.

No dissemination of the information concerning JOSEPH DEVITT has been made to the U. S. Post Office, Boston, Mass.

SEABOARD WHITE CITIZENS COUNCILS

A source who has furnished reliable information in the past advised on January 2, 1959, that Floyd Fleming, President, Seaboard White Citizens Councils (SWCC) is attempting to get about ten persons to hand out literature in the vicinity of the United States Capitol in protest of the bill to end the filibuster. Fleming, according to the source, has written Frederick John Kasper in an effort to get Kasper to come to Washington, D. C. to assist in this activity. D.C.

The source was unable to ascertain the specific nature of the literature which Fleming wants to distribute, and he stated that Fleming has not as yet made definite plans or set a date for the distribution. Fleming, however, has mentioned January 6 and 7, 1959, as being good days on which to hand out the material.

The SWCC was organized in Washington, D. C. in 1956 by Kasper, who was released from a federal penitentiary at the end of August, 1958, where he served a year's sentence on a contempt of court conviction arising out of riots in Clinton, Tennessee, over school integration.

SEABOARD WHITE CITIZENS COUNCILS

Two sources who have furnished reliable information in the past advised on January 7, 1959, that Floyd Fleming, President, Seaboard White Citizens Councils plans to distribute literature in Front Royal, Virginia, on Saturday, January 10, 1959.

b6
b7C

The sources stated that Fleming is contacting people in the Washington, D.C., area to go with him for this activity. Fleming said that [redacted] who is active in Seaboard activities, would be one of the persons going to Front Royal with him. The sources learned that Fleming intends to go to the office of the Chief of Police at Front Royal upon arrival there to ascertain if there are any ordinances which would preclude distribution of segregative material. DC
VA

The material to be distributed includes John Kasper's article, "Abolish the Public Schools Now!" and an article critical of the Federal Bureau of Investigation's investigations in connection with bombings of schools and places of worship in the south. Kasper's article is critical of the United States Supreme Court and urges that public schools be abolished in favor of private schools. The article regarding the Federal Bureau of Investigation attempts to show that the Federal Bureau of Investigation has no jurisdiction in the investigation of bombings.

Frederick John Kasper organized the Seaboard Councils in June, 1956, and he is currently executive director of the organization. Re WFO letter, dated 12/12/58.

The following investigation was conducted at New London, Conn., by SA JOHN J. WARD, JR.:

Patrolman CORNELIUS DONOHUE, New London, Conn., Police Dept., advised on 1/2/59, that Mrs. DAVID HUNT GOTTWALS, Aka Gene A. ~~Gottwals~~, has resided at 225 Ocean Ave., New London, Conn., for the past four years. She ~~actually lives there only six months of the year, May to October.~~ During the winter months of 1957 she lived in Florida and currently she is at the Tower Isle Hotel, Jamaica, B.N.I. He stated that Mrs. GOTTWALS is a widow, advanced in years, appears to have ample funds from a private income, and lives alone. He had the impression that her husband was a retired officer of the United States Navy. Patrolman DONOHUE said that he cares for Mrs. GOTTWALS property. He has found her thoughtful, generous, but somewhat eccentric. She does not associate with anyone in the neighborhood, is not active in civic affairs, and rarely has visitors. He said she has never spoken of political or racial matters to him or to anyone in the neighborhood to his knowledge. He stated that Mrs. GOTTWALS is scheduled to return to her home in May, 1959.

SEABOARD WHITE CITIZENS COUNCILS

WF T-1 and WF T-2, who have furnished reliable information in the past, advised on January 7, 1959, that Floyd Fleming, President, Seaboard White Citizens Councils of Washington, D.C., planned to distributed literature in Front Royal, Virginia, on Saturday, January 10, 1959.

WF T-1 advised on January 14, 1959, that Fleming did not journey to Front Royal on January 10, 1959, but that he had mailed literature to one hundred individuals in that city. The informant learned that Fleming picked the names at random from a telephone directory. WF T-1 further advised that on Saturday, January 17, 1959, Fleming intends to mail out literature to one hundred additional persons in Front Royal.

The material mailed included John Kasper's article, "Abolish the Public Schools! Now!" and an article critical of the Federal Bureau of Investigation's investigations in connection with bombings of schools and places of worship in the south. Kasper's article is critical of the United States Supreme Court and urges that public schools be abolished in favor of private schools. The article regarding the Federal Bureau of Investigation attempts to show that the Federal Bureau of Investigation has no jurisdiction in the investigation of bombings.

Frederick John Kasper organized the Seaboard Councils in June, 1956, and he is currently executive director of the organization. Kasper served a year's sentence in a Federal Penitentiary on a conviction of contempt of court arising out of school integration disturbances in Clinton, Tennessee, in the fall of 1956. In November, 1958, he was found guilty in Nashville, Tennessee, on charges of inciting a riot relating to the same disturbances in Clinton.

SEABOARD WHITE CITIZENS COUNCILS

A source, who has furnished reliable information in the past, advised on January 26, 1959, that Floyd Fleming, President, Seaboard White Citizens Councils, Washington, D. C., is mailing out fifteen hundred letters appealing for funds to print and distribute a booklet entitled "Black Puppets."

The source said that "Black Puppets" is a sixty-four page booklet of drawings and cartoons prepared by George Lincoln Rockwell, 6512 Williamsburg Boulevard, Arlington, Virginia, and purports to show that the Jew is the agitator who is manipulating the Negro, Communism, the National Association for Advancement of Colored People, and civil rights problems in the South. It also attacks the United States Supreme Court with rendering "Decisions of Dishonor."

The appeal for funds being mailed out by Fleming contains a "flyer" with sample copies of the drawings in "Black Puppets."

The source learned that Rockwell will print the booklet when sufficient funds are available and that Rockwell has granted Fleming permission to distribute the booklet under the name of the Seaboard White Citizens Councils. Fleming has said that the ultimate goal is to distribute copies of the booklet to high school children in Arlington, Virginia, and other states faced with integration.

The "Northern Virginia Sun," Arlington, Virginia, newspaper, during October, 1958, described Rockwell in several stories as the source of considerable anti-Jewish material and activity.

with FREDERICK JOHN KASPER and expressed support of KASPER. This individual is also known as [redacted] and presently resides at [redacted] Seattle, Washington.

In November, 1952, [redacted] was reported to the Seattle Office by a landlord as having come from Kansas City, Missouri, and to have been married to [redacted]. According to the source, [redacted] claimed to have separated from her husband in Kansas City because the latter was supposed to have been connected in some way with the Communist Party. The source said [redacted] parents are deceased and her husband, [redacted] is supposedly residing in Kansas City. The Kansas City Office advised in February, 1953, that security informants in that area were contacted with respect to [redacted] with negative results and that no information regarding these persons could be located from public sources with the exception that Missouri State Employment records indicated that in April, 1952, [redacted] had indicated that she was separated from her husband and that the latter's whereabouts were unknown. Seattle security informants have never furnished any information concerning [redacted] or captioned matter.

b6

During the course of the current investigation, records of the Seattle Credit Bureau reflect that [redacted] is known as [redacted] and [redacted]. No record of [redacted] was located at the Seattle Police Department or the King County Sheriff's Office.

On January 23, 1959, [redacted] [redacted] Seattle, advised that [redacted] and a child, about three years of age, resided at [redacted] Seattle, for part of 1955 and 1956. [redacted] was [redacted] landlord and [redacted] related that in view of the strange actions of [redacted] it was necessary to evict [redacted] in 1956. [redacted] advised that she could furnish no information regarding racial matters and [redacted] but she stated that in her opinion [redacted] was mentally sick. [redacted] related that [redacted] would pin notes on various doors of the [redacted] residence, write letters to [redacted] with writing on the

outside of the envelopes, and cause the [redacted] family unpleasantness by accusing them of being murderers, etc. Inasmuch as these letters were sent through the mails, [redacted] referred the matter to the U. S. Postal authorities. [redacted] stated that [redacted] had cut all the hair off child when [redacted] became angered with the child. [redacted] also stated that [redacted] celebrated Christmas by cutting a carrot and putting the carrot in a glass of milk, then placing them on the floor of a room. She accused others of not knowing how to celebrate Christmas because they did not follow this ritual.

On January 23, 1959, records of the U. S. Postal Inspector, Seattle, reflected that in the latter part of 1956, [redacted] was investigated by this agency in connection with a violation of Title 18, USC, Section 1463, in that [redacted] had sent through the mails letters bearing delineations and epithets on the outside of the envelopes. Investigation in this matter was conducted by Inspector [redacted] and his recommendation to the United States Attorney's Office in Seattle was that no prosecution be authorized against [redacted] in view of her obvious mental condition.

b6
b7C

On January 26, 1959, records of the United States Attorney's Office, Seattle, reflect that no prosecution was authorized in the above-mentioned matter but a letter by the United States Attorney had been directed to [redacted] on October 9, 1956, asking her to cease, and desist in such actions or that she would be prosecuted for violation of Title 18, USC, Section 1463. A review of the evidence in this postal matter was reviewed and these appeared to have been written by an individual who is mentally unsound.

In view of the alleged mental condition of [redacted] [redacted] she is not going to be interviewed.

By letter to the Director, dated December 12, 1958, in captioned matter, the WFO advised the Seattle Office that information had been developed to the effect that the following individuals had requested literature from the SWCC:

b6
b7C

IV. ACTIVITIES OF THE SWCC

T-1 advised on December 11, 1958, that FLOYD FLEMING had mentioned on December 10, 1958, that [redacted] was in no way any longer connected with the SWCC. T-1 also advised that FLEMING intended to mail out material written by JOHN KASPER and a Dr. T. D. PATTON of Carthage, Tennessee. According to informant this mail was being handled by FLOYD FLEMING, [redacted] and CARY HANSEL at the request of JOHN KASPER. The material was to go to members of the Virginia Legislature. T-1 advised on December 15, 1958, that on December 13, 1958, FLEMING mentioned that the mailing of letters to the Virginia Legislature should wait for a few days inasmuch as he had something written by J. BENJAMIN SIMMONS which develops the theory that the Federal Bureau of Investigation (FBI) has no business involving itself with bombings. According to informant Mrs. DE MENT reduced this material to two pages and mimeographed it and addressed the letters to the Virginia Legislators. FLEMING mentioned at the time that he wanted to compose a cover letter telling the people what they were getting and a price list of other material available. FLEMING at the same time also indicated that he wanted to get some material together about filibustering which he wanted to have ready to mail out when Congress begins.

T-1 advised on December 29, 1958, that on December 29, 1958, FLOYD FLEMING mentioned that he was thinking of getting about ten people and going to the Capitol to hand out material about the passage of the bill to stop the filibustering and the pending Civil Rights Legislation. FLEMING mentioned that he had written JOHN KASPER a letter telling him that he should be here for this, and that KASPER should come up from the South and try to reorganize the SWCC with the help of LINCOLN ROCKWELL of Arlington. FLEMING mentioned that he had talked to an ex-member of the Maryland Petition Committee and this man stated he would try to get some people for the Capitol march. FLEMING mentioned the dates

WFO 100-33226

of January six and seven for the event but later stated that he did not know when it could come off.

T-1 advised on January 7, 1959, that FLOYD FLEMING intended to distribute literature in Front Royal, Virginia, on Saturday, January 10, 1959. T-1 stated that FLEMING contacted people in the Washington, D. C. area to go with him for this activity. According to T-1 the material to be distributed includes JOHN KASPER's article "Abolish the Public Schools! Now!" and an article critical of the FBI's inquiries in connection with bombings of schools and places of worship in the South.

T-1 advised on January 14, 1959, that FLEMING did not journey to Front Royal, Virginia, on January 10, 1959, as previously planned but had mailed literature to one hundred individuals in that city. T-1 ascertained that FLEMING picked the names at random from a telephone directory. T-1 further advised that on Saturday, January 17, 1959, FLEMING intended to mail out literature to one hundred additional persons in Front Royal.

WF T-2 advised on December 16, 1958, that FLOYD FLEMING had sent material to one hundred forty-one Virginia Legislators. According to informant this material included "Abolish the Public Schools! Now!" by JOHN KASPER, a two page article showing the illegality of FBI investigation into State affairs and a list of available publications of the SWCC. According to the informant the above material had a cover letter quoting from a Congressional Committee report on "The American Negro in the Communist Party" signed by Mr. FLEMING. FLEMING mentioned that he would send a copy of the material which he had sent to the Virginia Legislators to JOHN KASPER.

T-2 advised on January 7, 1959, that FLOYD FLEMING was contacting persons in the Washington, D. C., area to go with him to Front Royal, Virginia, on Saturday, January 10, 1959, to distribute SWCC literature. According to informant FLEMING wanted to get in touch with [REDACTED] CARY JOHNSON HANSEL, and perhaps LINCOLN ROCKWELL to ask their assistance in distributing this material.

b6
b7C

T-2 stated that with reference to the Front Royal trip, FLEMING stated that one [redacted] his contact there had a cancer and was in a Richmond Hospital for treatment. According to T-2, FLEMING stated that he had arranged an appointment for J. BENJAMIN SIMMONS, KASPER's Attorney, to meet LINCOLN ROCKWELL but that SIMMONS had assured FLEMING that he could not represent ROCKWELL since ROCKWELL's purpose was to change our form of Government and he had sworn to uphold the Constitution. According to T-2 SIMMONS was interested in meeting ROCKWELL.

T-2 also commented that FLEMING stated the SWCC should not become connected with ROCKWELL for the above reason although he personally thought ROCKWELL was sincere but misguided.

T-1 had previously advised on November 17, 1958, that [redacted] was at that time the Executive Secretary of the SWCC.

In connection with [redacted] it should be noted that the Memphis, Tennessee, Police Department arrested him on December 4, 1958, and he was charged in Memphis with contributing to the delinquency of a minor. At the time of his arrest, [redacted] had voluminous records concerning the SWCC and the Ku Klux Klan. b6

SEABOARD WHITE CITIZENS COUNCILS

A source, who has furnished reliable information in the past, advised on February 2, 1959, that Floyd Fleming, President, Seaboard White Citizens Councils, is going to pass out literature in Arlington County, Virginia, today.

The source stated that Fleming remarked that the literature was prepared by someone in New York, and that he was distributing the material in opposition to the integration of Arlington schools. Fleming did not say where he was going to hand out the literature, but indicated that it would not be at the site of Stratford Junior High School.

The Seaboard Councils was organized in June, 1956, by John Kasper, noted segregationist.

This memorandum is loaned to you by the Federal Bureau of Investigation and neither it nor its contents are to be distributed outside the agency to which loaned.

"An Open Letter To The Virginia Legislature

Your attention is invited to the following "Open Letter To Governor J.L. Almond" from the undersigned, dated January 30, 1959, which was headed:

* * *

* * *

* * *

"Your Resignation-- or Impeachment ?

"Your announcement, reported in today's Press, that you will veto any measures adopted by the Legislature of Virginia intended to support the State's -- and indirectly all other States' -- reserved rights and powers under the United States Constitution, against the usurpers in the Federal government regarding the school issue, raises the grave question of your resignation or, in the alternative, your impeachment. This is the issue confronting the legislature, from the standpoint of those, like myself, who earnestly desire to see the American constitutional system in all its integrity preserved -- as the bedrock foundation of our unalienable rights under our American philosophy and system of Man-over-Government which you are betraying, per my letter yesterday reading:

' The New York Times reports that you say officially much the same thing you wrote me last Fall, that you will not try to stop the judicial-usurpers (Federal courts) from violating the constitutional rights and powers of your State and its people, by use of the power of your office, by force.

' This failure to use all possible force at your command, including the State Militia, judged by the teachings of the Founders -- including The Federalist writings by Madison and Hamilton, and by the writings of Jefferson et al -- is betrayal of your oath to support the U.S. Constitution (against all usurpers, of course); betrayal of the rights and powers of all the States reserved under the Constitution, betrayal of the unalienable rights of the people as a whole and posterity which depend for their security on a stable and effective Constitution, and betrayal of all that Man-over-Government stands for in America.

' I, for one, say you are thus selling our America down the river -- selling us into the despotism of Government-over-Man -- by your anti-Constitution actions. You are desecrating the heritage of all your great predecessors as Governor of Virginia. May you suffer accordingly in your lifetime, as your memory will in history : Virginia's great betrayer, foe of Free Man in America. Yours is the infamy.'

"Every competent and intellectually honest student of the subject knows full well that the Constitution, as amended, was never intended by the people -- through their agents : the Framers and Adopters of the original instrument and of each amendment -- to give the Federal government any power whatever over the fields of power listed, in the 1930 States Rights speech of Governor F.D. Roosevelt of New York, as being prohibited to the Federal government by the Constitution:

'...the conduct of public utilities, of banks, of insurance, of business, of agriculture, of education, of social welfare and of a dozen other important features. In these, Washington must not be encouraged to interfere.!(as he said)

The American people as a whole, even school children, knew this to be true in 1930 and the Constitution has never been amended since then to increase Federal power.

"As The Federalist makes clear, in the essays by Madison and Hamilton, the Framers intended and expected the State governments --and particularly the Legislatures, all members being thus obligated as well as by oath to support the U.S. Constitution and the Virginia Constitution (in your State) against all usurpers -- to be in practice the vigilant friends and defenders of the people in their unalienable rights, and the rights and powers of the States, reserved to them under the U.S. Constitution, against usurpations by the Federal government particularly. The Virginia Resolutions of 1798-1800, and Madison's related Report, emphasize this.

"As The Federalist makes clear, in the essays by Madison and Hamilton, the Framers intended and expected the State governments --and particularly the Legislatures, all members being thus obligated as well as by oath to support the U.S. Constitution and the Virginia Constitution (in your State) against all usurpers -- to be in practice the vigilant friends and defenders of the people in their unalienable rights, and the rights and powers of the States, reserved to them under the U.S. Constitution, against usurpations by the Federal government particularly. The Virginia Resolutions of 1796-1800, and Madison's related Report, emphasize this. The Virginia Legislature is therefore oath-bound to protect the State and people of Virginia, and by the same token all of the people and all States indirectly, against you, by impeachment, if your announced course is pursued to duty's neglect."

* * *

* * *

* * *

(signed) Hamilton A. Long (4 W. 43rd St., N.Y. City)

The above mentioned writings make it clear that: (1) all acts and utterances by usurpers (President, Congress, judges) are null and void --have no existence in the eyes of the Constitution; and (2) the State's full power (including its Militia) must be used against any Federal power (including troops) used to support the attempts of the usurpers to govern in conflict with the Constitution -- that is to attempt to enforce Rule-by-man in place of traditional American Rule-by-Law (fundamentally the people's basic law, the Constitution) to the doom of the unalienable rights of the people today and American posterity, to the end of the Republic. For instance, see The Federalist no. 28 by Hamilton, no. 46 by Madison, discussing the use of the States' Militia to oppose any force of Federal usurpers' troops.

Re WFO let 12/12/58.

It will be noted that relet lists only one person within the Atlanta Division as being a "member" of captioned organization; namely, M. O. McCORD, Jackson, Georgia.

The following background information regarding McCORD was obtained during a general conversation with the Ordinary at Jackson by SA JACK T. BEVERSTEIN.

M. O. McCORD, a former school teacher, presently operates The State Supply Company, which is a Propane Gas Company, located on Highway 42 south of Jackson. This company is managed and operated by [redacted] M. O. McCORD, SR. was the first manager of the REA which has offices in Jackson. McCORD is described as a visionary who likes to organize things but is considered in the community as a "crackpot" and no one pays any attention to what he says. McCORD is outspoken against any change and has advocated against any industry coming into the city of Jackson. McCORD appointed himself as the Butts County Chamber of Commerce and operated as such for several years without any remuneration. All inquiries sent to the Butts County Chamber of Commerce concerning the opening of new factories or industry in Butts County were answered by McCORD with the comment that Butts County was happy the way it was and that they did not desire any new industry in the county. The people of Butts County when they learned of this became very angry and the Jaycees organized a chamber of commerce. For a period of time McCORD and the Jaycees both operated a chamber of commerce and McCORD threatened legal action in an effort to get the other chamber of commerce closed. McCORD is described as very conservative against any change and one who would be opposed to use of force or violence. McCORD was strong advocate of the Constitutional Party during the presidential election this party was running and attempted to talk people around the court house at Jackson into voting the Constitutional Party ticket.

The attachment consists of a four page mimeographed article captioned "Illegality and the FBI." It is over the typewritten name of the Seaboard White Citizens Councils, Inc. and information in our files indicates that it was prepared by J. Benjamin Simmons, attorney for John Kasper. Kasper is one of the founders and the guiding light of the Seaboard White Citizens Councils.

The article alleges that the FBI has no jurisdiction in bombing investigations, criticizes decisions and justices of the Supreme Court, criticizes the use of troops in Little Rock, and repeats vicious anti-Semitic propoganda which has appeared in other hate sheets such as the allegation that the Jews have bombed their own facilities.

The Seaboard White Citizens Councils, Inc. is currently under investigation to determine whether it advocates, condones, or incites violence.

ILLEGALITY AND THE F. B. I.

Many responsible people are now becoming greatly concerned with respect to the operation of the F.B.I.

Article IV, Section 4 of the Constitution, provides that the federal police power may be used in a state only upon application of the state legislature and when the state legislature is not in session, then upon the application of the governor of said state. In recent months, the F.B.I. has been operating in direct violation of that constitutional provision. Its operations are extensively used in Arkansas, Tennessee, Georgia, and Virginia, and neither the state legislature nor the governor of any of those states has requested the assistance of the federal police power. The federal police power consists of the United States military forces, United States Marshals, and F.B.I. agents.

Just recently, a jewish meeting place in Atlanta and a highschool in Clinton, Tennessee, were bombed. The F.B.I. immediately started its investigation after the jewish meeting place was bombed. Their investigation was directed against people who had been classified as sending out "hate mail"; and people who knew or had been affiliated with John Kasper. It is interesting to analyze the "hate mail" to see what it contains. It shows that over 90% of persons convicted of spying for the communists were jews. Such literature points out that Felix Frankfurter, before becoming a member of the Supreme Court, was the legal advisor to the NAACP and since coming on the Supreme Court has decided cases in favor of the NAACP. Such literature points out that the Supreme Court decisions in recent years are pro-communist. (See Nelson v. Pennsylvania, (350 U.S. 497) nullifying state sedition laws which prevents states from prosecuting subversives and communists; Schwere v. Board of Bar Examiners, (353 U.S. 232) which admits communists to practice law; Watkins v. U.S. (354 U.S. 179) which renders impotent congressional investigations of subversives and communists; and Brown v. Board of Education, (347 U.S. 484) which ordered negroes admitted to white schools and the

Court nullified the 10th Amendment guaranteeing states rights by the rendition of this infamous decision. It was in the teeth of all previous decisions of the court on this subject and based upon psychological and sociological considerations because all of the law was to the contrary.) All of these statements are absolutely true, but yet, anyone publishing these facts is a "race hater" and indulges in sending out "hate literature."

The principle workers in the Seaboard White Citizens Councils have been known to the F.B.I. since its inception. All of the literature sent out by this Council has been sent out indiscriminately, and in many instances, a direct point was made that it be sent to Mr. J. Edgar Hoover, to Mr. Brownell while he was Attorney General, and even to the President. It is well known to the F.B.I. that the officers and directors of this Council are loyal American citizens, some of whom have distinguished military records, and that their life is dedicated to the preservation and defense of the United States of America. The President is greatly disturbed over the recent election indicating to him that the radical wing of the Democratic Party has been elected and his greatest concern is that we will be thrust into a free-spending era. When this is analyzed, it will be remembered that it cost the tax payers five million dollars to illegally send troops into Little Rock in order that one negro would have the honor and distinction of graduating from a previously all white school. The President must know that the use of the F.B.I. as previously mentioned herein is costing the tax payers many thousands of dollars, so one wonders if there is a real desire to reduce federal spending.

There are credible reports that the portion of the Jewish meeting house that was bombed was in a dilapidated condition particularly in need of major repairs so this episode enabled insurance proceeds to be used to make the repairs. On the other hand, there are credible reports that the Jews themselves did the bombing to generate wide public sympathy and to lead the hounds off the trail. The same can be said of the bombing of the high school in Clinton and at Nashville, because

otherwise such deplorable incidents do not make sense. Is it not strange that the bombing of the Hattie Cotton school was never solved, in spite of all the vast amount of effort to make it chargeable to John Kasper? And isn't it strange that the other bombings have not been solved -- or have they been solved and the results suppressed?

In the process of the F.B.I. making its investigation of persons as aforementioned, the agents know that these parties are not participants and have no knowledge of the bombing occurrences, but they not only come two by two to investigate the persons active in the Council, but they go to the place of business of their wives and let it be known to the employers that they want to question such and such a person. Now, their motives in this type of investigation is clear. It is done to create suspicion; to invoke economic sanctions, and to destroy their will to resist. They know that no crime has been committed by these parties. Is it any wonder that people are now able to talk so intelligently about "government by men" instead of "government by law?"

In years gone by the F.B.I. was an organization with very great traditions, used for the purpose of defending and protecting the best interests of this country. Now the situation has changed. Known communists are going the length and breadth of this country advocating the overthrow of our government by force and violence and they are completely free to do so because the Supreme Court in the case of *Yates v. United States* (354 U.S. 298) has stated in no uncertain terms that they have that right and that right is guaranteed them under the freedom of speech provisions of the first amendment. It will be recalled in this connection that an injunction was issued in Knoxville, Tennessee, which prohibits any person from interfering with the integration of Clinton High School by words, acts, or otherwise, and the validity of that injunction has been praised by high government officials. This means that under that injunction you can not speak against the

integration of Clinton High School, or else you will be in contempt of court for violating that injunction. Did you ever think that in the United States of America, a person could be protected and it be declared as a right that they could advocate the overthrow of our government by force and violence, and yet, one cannot speak against the integration of Clinton High School within the jurisdiction of that United States District Court in Knoxville? There is every indication that under the present trend, the South will be subjected to another reconstruction period. In other words, things will get much worse before they get better. We think it is later than you think.

Birmingham files reflect "The Southerner," a pro-segregation publication formerly published at Birmingham, Alabama, in its issue of March 1956, listed the name of WILLIAM E. McLEROY as Chairman of the Citizens Council of Corner District.

On November 29, 1956, [redacted] Merchants Credit Association, provided information concerning WILLIAM EDWARD McCLEROY, Route 1, Blount Springs, Alabama, which reflected he was a maintenance helper with the Tennessee Coal Iron Division, U. S. Steel Company, Fairfield, Alabama. No unfavorable credit information was reflected concerning him. This individual appears to be possibly identical with W. E. McCLEROY at Hayden, Alabama.

W. E. McTERRY

On January 14, 1959, SA McCOOL contacted Sheriff ROY MURRAY, Oneonta; A. L. HANSON, Citizens Bank, Oneonta; H. M. HURST, Alabama Highway Patrol, Oneonta, Alabama, and [redacted] (conceal identity), and they advised there was no person known to them by the name W. E. McTERRY living on any of the rural routes at Hayden, Alabama, and this name was not familiar to them. It appears that the name of W. E. McTERRY resulted from erroneous reading of the name of W. E. McCLEROY.

[redacted]
University, Alabama

[redacted] University, Alabama, is apparently identical with [redacted] identified as an individual who opposed the admission of [redacted] a Negro girl, to the University of Alabama, in March, 1956.

On January 14, 1959, SA(A) PIERCE A. PRATT ascertained from [redacted] Clerk, Tuscaloosa Credit Association, that [redacted] was expelled from the University in March, 1956, and as of January, 1958, was employed in Tuscaloosa, Alabama, at the Warrior Asphalt Company. SA PRATT checked records of Tuscaloosa, Alabama Police Department January 14, 1959, and found no arrest record on [redacted]

BH 105-375

On January 14, 1959, [redacted] (conceal identity), advised SA PRATT that Post Office Box [redacted] is still assigned to [redacted]. He advised that a woman, name unknown, as well as [redacted] picks up mail from this box.

b6
b7C
b7D

On February 17, 1956, [redacted] Tuscaloosa, Alabama, advised SA PRATT that [redacted] University of Alabama student, had been named Chairman of the Citizens Council of West Alabama, Tuscaloosa, Alabama. On March 12, 1956, [redacted] advised [redacted] had been expelled from the University of Alabama as a result of statements he made concerning University officials.

b6
b7C

On August 27, 1956, Confidential Informant [redacted] advised SA COLEMAN D. GEARY, III and PIERCE A. PRATT of a meeting of the U. S. Klans of Alabama, Knights of the Ku Klux Klan, which was held at Alberta City Park, Tuscaloosa, Alabama, on August 25, 1956. He advised that [redacted] former student, University of Alabama, who favored segregation during the period that the Negro girl, [redacted] attempted to enroll at the University of Alabama, was a speaker at this meeting.

Records of the Tuscaloosa, Alabama Police Department were checked by SA PRATT on January 14, 1959, and no arrest record was found on [redacted].

A Almost daily contact is maintained with [redacted]
[redacted] an established
source.

On February 18, 1959, [redacted] advised that no information has come to his attention regarding any recent activities by the White Citizens Council (WCC) in Charlottesville. Source pointed out that since the Charlottesville School Board had been granted a delay in the integration of Charlottesville public schools, one of the chief centers of interest of the WCC in Charlottesville has been dulled. [redacted] stated that he would immediately advise the FBI of any activities of the WCC that come to his attention.

Re Seattle letter dated 2/2/59.

By letter to the Director dated 12/12/58 in captioned matter, WFO advised that information had been developed to the effect that an individual under the name of H. JOHNSON, Room 416, Realty Building, Spokane, Washington, had requested literature from the captioned organization.

Investigation by the Seattle office reveals that records of the Spokane Credit Bureau list no record of an H. JOHNSON being connected with the following companies which use premises of Room 416, Realty Building, in Spokane.

- Globe Exploration Co.
- Key Mines, Inc.
- Last Chance Cons. Mines, Inc.
- U. S. Metals, Inc. - Mining Operations
- West Star Mining Co.

A search of current and recent city directories of Spokane fail to reflect any H. JOHNSON as being connected with either of any of the above companies. On 1/29/59 a pretext call was made to the Globe Exploration Co. at Room 416, Realty Bldg., and it was stated by a representative of this company that no one by the name of H. JOHNSON was known at this address.

On 2/12/59 [redacted] Spokane, stated that she has been [redacted] at the Realty Bldg. for [redacted] years, and claims to know personally all occupants of the Realty Bldg. [redacted] stated she has never heard of anyone using the name of H. JOHNSON at Room 416, Realty Bldg., or any other room in this building.

At 6:10 a.m., March 1, 1959, [redacted] called and said he was working with Agents Todd and Lavin on Citizens Council matters and wanted to report that he had just received a telephone call to be ready about 6:30 as "they" would stop and pick him up. [redacted] said "they" were going to cover the Georgetown area, and he would call Todd or Lavin later in the day and report what transpired this morning.

SA Todd of WFO was called, and he said [redacted] is an informant on the WCC and the WCC will often get together at odd hours and distribute handbills to avoid attention from the police. He said this was a routine matter and he would get the details from the informant of this particular activity. Supervisor Oberndorf of WFO was also advised.

SEABOARD WHITE CITIZENS COUNCILS

Two sources who have furnished reliable information in the past advised on December 12, 1958, that the Seaboard White Citizens Councils of Washington, D. C., is mailing literature to members of the Virginia State Legislature on Monday, December 15, 1958. The sources stated that a mailing is being made on the instructions of Frederick John Kasper, and that the mailings will include a copy of Kasper's article "Abolish the Public Schools! Now!" and a copy of "The Rotten Mess in Washington" by Dr. T. D. Patton of Carthage, Tennessee. The sources stated that Floyd Fleming, President of Seaboard, may insert another article with the above two items; however, the sources were unable to ascertain the nature of this item.

Kasper's article "Abolish the Public Schools! Now!" attacks the United States Supreme Court as being "hell-bent on white-race destruction" and urges that the public school system be abolished throughout the United States. The article states that private schools are better than public schools and that by abolishing public schools there would be a reduction in taxes. Kasper attempts to show that money saved by people by not paying taxes could be used to send their children to private schools.

The article "The Rotten Mess in Washington" is an attack upon the current administration and states that it has surrendered to the "Jew-led NAACP negro-mixing religio-sociological forces" in violation of the First Amendment which the article states forbids the Federal Government to make any law or edict affecting religio-social faiths or conscientious objection.

Reference is made to WFO airtel 12/12/58 enclosing 7 copies of a letterhead memo to the Bureau captioned as above and which stated that the Seaboard White Citizens Councils were mailing literature to members of the Virginia State Legislature. That memo stated that an additional piece of literature was to be enclosed in the mailing, but that [redacted] and [redacted] did not know what this additional literature was about. [redacted] advised on 12/15/58 that the third piece of literature included in the mailing would be a letter by J. BENJAMIN SIMMONS, Washington, D. C., attorney, which is critical of the FBI's interviewing of segregationists in the Washington, D. C., area as a result of bombings in the South. SIMMONS' letter sets forth court decisions to attempt to show that the FBI has no jurisdictional responsibilities in connection with the investigation of bombings of schools and churches in the South. The informant was unable to obtain a copy of SIMMONS' letter, but stated that he would furnish a copy as soon as he was able to obtain it.

b6
b7C

In the fall of 1957, KASPER and the other members of the White Citizens Councils of D.C. picketed the White House carrying signs against integration (Washington Evening Star, 10/1/57).

The Supreme Court of the United States on 10/14/57 refused to review JOHN KASPER's conviction and one year sentence imposed as a result of an anti-integration speech in Clinton, Tennessee, in that he violated, through his speech, a restraining order issued by the United States District Court at Knoxville, Tennessee (Washington Evening Star, 10/14/57).

The Seaboard White Citizens Councils, during 1958, have mailed to high school seniors in Arlington, various pieces of literature which have been anti-Negro and anti-Jewish in nature (Northern Virginia Sun, 9/20/58).

Set forth below are the names contained in these four lists, alphabetically, by field office. The number after each name corresponds to one of the lists above.

Offices receiving copies of this letter which have members in their division are requested to furnish WFO background information on those members in compliance with Buairtel to all offices, 10/16/58, entitled "Bombings and Attempted Bombings in Southern Communities, Racial Matters."

This film is enclosed herewith to the Bureau, attention Mechanical Section, for development. It is requested that one copy each of each exposure be developed; that thereafter the developed negatives and prints thereof be transmitted by the Bureau to the Washington Field Office, which is origin in instant case, as well as in the case of [redacted] (WFO File 62-8022). Washington Field may then be in a position to intelligently appraise the information shown in the developed films and make any dissemination it deems advisable.

DETAILS: AT WASHINGTON, D. C.

I. HEADQUARTERS

WF T-1 advised on December 4, 1958, that the Seaboard White Citizens Councils (SWCC) had to move from its office at 1047 31st Street, N. W. by December 10, 1958. WF T-1 advised on December 22, 1958, that the records of the SWCC had been moved to the homes of FLOYD FLEMING, 905 Quincy Street, N. E., and his sister RAN DE MENT, 2409 Franklin Street N. E.

II. OFFICERS

T-1 advised on December 15, 1958, that the following persons are the officers of the SWCC as of that date: Executive Director, FREDERICK JOHN KASPER, aka JOHN KASPER, who is currently in Nashville, Tennessee; President, FLOYD H. FLEMING; Vice President, T. CARY HANSEL; Secretary, [redacted] Treasurer, RAN DE MENT aka Mrs. RAYMOND L. DE MENT; Chairman of the Board, [redacted]

T-1 advised that [redacted] is [redacted]

T-1 had advised on November 17, 1958, that [redacted] was at that time the Executive Secretary of the SWCC.

In connection with [redacted] it should be noted that the Memphis, Tennessee, Police Department arrested [redacted] on December 4, 1958, and was charged in Memphis Juvenile Court with contributing to delinquency of a minor. [redacted] when interviewed, refused to talk and claimed he has been hounded, prosecuted, and intimidated by the Federal Bureau of Investigation and that this will soon be brought out in a congressional investigation.

III. FINANCES

T-1 advised on November 18, 1958, that informant believes [redacted] is by far the most dangerous man in this organization, at least as far as the Washington area is concerned. According to informant he is a slow, not too intelligent Southerner who fights for what he believes to be

right. According to informant he also displays amazing loyalty to KASPER, and tends to put KASPER on a pedestal. He also has money and uses it, according to informant, to keep the group going. According to informant, [redacted] would not hesitate to go to Georgia and cause the destruction of any school that integrated, either by direct participation or by getting someone else to do the destruction.

T-1 advised on November 20, 1958, that FLOYD FLEMING's sister RAN DE MENT had received a very flattering letter from JOHN KASPER asking for a list of names of contributors. According to informant, Mrs. DE MENT mailed this list to KASPER on November 20, 1958.

T-1 on November 25, 1958, advised that on November 24, 1958, FLEMING had stated that [redacted] had not paid the rent on the SWCC office and that FLEMING believed [redacted] had spent it. FLEMING stated on November 24, 1958, that he was fed up with the whole mess of SWCC and JOHN KASPER. He remarked that he wanted [redacted] and himself to get together for the purpose of organizing a new group to send out various material. According to FLEMING, this group would have the backing of [redacted] FLEMING also mentioned that KASPER should not be given a list of contributors and that Mrs. DE MENT had not sent him a complete list.

T-1 advised on November 25, 1958, that on November 24, 1958, [redacted] had sent KASPER some money. [redacted] remarked that the rent had not been paid on the SWCC office and that he might have to raise the rent again, although he did not have enough to both raise the rent and send KASPER some money. [redacted] remarked that he was disgusted with [redacted] for not having done anything, and he wanted KASPER to come back to Washington for a few weeks to re-organize the group. [redacted] mentioned that something was needed besides a paper organization, because such a group was going to get nowhere.

IV. ACTIVITIES OF THE SWCC

T-1 advised on November 17, 1958, that FLOYD FLEMING on November 16, 1958, had received a letter from JOHN KASPER in which KASPER bawled FLEMING out for not accomplishing anything, and that KASPER saw no need for fresh ideas when his old ones were not being carried out. KASPER wrote that he was going to stay in Nashville, look for a job, work on

his appeal trial, and write the first draft of his book. He was tired, he wrote, of having to "ask for handouts like a bum." KASPER suggested in the letter that the office be given up, that his personal effects be moved, and that literature be given out at the White House, plus a picketing of the AFL-CIO building. He suggested that all mail addressed to him be forwarded to him in Nashville unopened. According to T-1, FLEMING almost "blew his stack" at this breach of trust in FLEMING. FLEMING mentioned that everyone knew that he had not taken a penny and that he would send KASPER every letter unopened, including the bills.

T-1 advised on November 17, 1958, that Mrs. DE MENT wanted all of KASPER's possessions moved out of her house. According to T-1 FLEMING indicated he was going to quit Seaboard as he could not put his heart into his work after having received a letter such as he had received from KASPER.

T-1 advised on November 18, 1958, that there was

[REDACTED]

[REDACTED] various subjects were discussed according to informant. One being that FLEMING might pull out of the Council due to KASPER's attitude and his staying in Nashville, Tennessee. [REDACTED] during the evening made the remark, according to informant, that if the schools of Georgia were mixed, there would be plenty of trouble and he was speaking of no one except himself. [REDACTED] mentioned that he told the Federal Bureau of Investigation when he was interviewed in Georgia, that he did not go along with the bombing of a religious building, but that he would rather see a school bombed than integrated. He mentioned that there was plenty of dynamite around, and that it was not hard to get. [REDACTED] remarked that he wished that he had told the Federal Bureau of Investigation that his mother met him at the plane with two cases, that his sister or brother had planted the charge, and that his daddy had set the match.

b6

[REDACTED] according to T-1, FLEMING cursed for five minutes on what an ungrateful soul JOHN KASPER had. [REDACTED] laughed at this and SIMMONS remarked, "JOHN is doing just what I thought that he would do. He has never listened to advice, and thinks an attorney is to get him out of a jam after he gets into one." SIMMONS told FLEMING that he doubted that KASPER mistrusted FLEMING.

WFO 100-33226

but probably wanted the letters with donations to use to get more money and to follow up on the people that had contributed. SIMMONS remarked that the group could expect no help from KASPER. SIMMONS suggested that SWCC be held together and to use KASPER's name as the group pleased. SIMMONS advised that no open breaks should be made. [redacted] went along with this suggestion and stated that he for one favored giving KASPER a lot of leeway and that JOHN had done too much for the group to get mad at him.

[redacted] according to T-1, FLEMING remarked that he had told KASPER when he was in the District of Columbia that KASPER just wanted to establish residence in Tennessee so that he could run for office. SIMMONS remarked that KASPER was a fool if he thought he would be elected even as dogcatcher.

According to T-1, SIMMONS stated [redacted] that if the Federal Bureau of Investigation attempted to interview him he "would throw them down the elevator shaft if they came to my office." SIMMONS remarked that he had written a letter to Admiral J. K. CROMMELIN expressing admiration for CROMMELIN's letter to Director J. EDGAR HOOVER, and he had put in three paragraphs about the Federal Bureau of Investigation not being legally involved. According to SIMMONS, CROMMELIN wrote back and asked if he could print the letter. SIMMONS also stated that he thought this would make the Federal Bureau of Investigation mad. According to T-1, SIMMONS also commented that he thought that before the problem was over, blood would be flowing in the streets. At this point, according to T-1, [redacted] repeated again that if the Georgia schools were integrated there would be trouble and made reference to a brother that weighs 200 pounds.

T-1 advised on December 2, 1958, that FLOYD FLEMING remarked on December 1, 1958, that [redacted] had left town with the rent money that [redacted] had given him. FLEMING mentioned that [redacted] was passing bad checks and that he, FLEMING, was going to swear out a warrant for [redacted] on embezzlement charges.

T-1 advised on December 2, 1958, that FLEMING mentioned that he would get SWCC envelopes for the mailing of letters that KASPER wants sent out, KASPER's article, "Abolish the Public Schools! Now!" FLEMING mentioned that

WFO 100-33226

CARY HANSEL might have a list of the Virginia Legislature and that HANSEL should be contacted.

T-1 advised [redacted] that [redacted] had mentioned that he was sorry that he had ever gotten mixed up with KASPER and he thought that KASPER might be a "little off". [redacted] who at one time was President of the SWCC mentioned that he is planning on quitting his job soon and going into business for himself. According to T-1, [redacted] talked about LINCOLN ROCKWELL and said that he has changed his opinion of the man. According to [redacted] ROCKWELL has the press that belonged to the "Virginian" and that is why the paper is no longer published. [redacted] stated to informant that he wanted no part in violence but that he did not mind inciting someone else to violence. [redacted] said that he would like to see a lot of material go to high school kids all over the nation and "that some of these crazy kids will get fired up over the Jews and you can't tell what will happen."

T-1 advised [redacted] that FLEMING had also indicated that he has been in touch with ROCKWELL quite often recently, and that this may be the new coalition that is forming.

T-1 advised [redacted] that a meeting was held on [redacted] for the purpose of deciding what plans to put into effect concerning the SWCC. Present at this meeting were FLOYD FLEMING, [redacted]

[redacted] carried on in his usual vein, talking about the glorious "St. Adolph" (Hitler), and again stated that "We need to educate the youth, and get some of these crazy high school kids worked up, because they get wild and might do about anything." [redacted] remarked that he wished that he had no family to take care of and that he regrets having married so early. He remarked that this was done now and he had to take care of them. He stated that he considered KASPER irresponsible and that KASPER ran around with a bunch of nuts.

During this meeting FLEMING and [redacted] launched into an argument concerning the importance of sending out mail and of maintaining a group, and this argument had both of them yelling at the top of their lungs, with FLEMING turning red in the face and [redacted] laughing at him, making him madder. According to T-1, FLEMING stated that KASPER had used all of the people in the Washington area, and that now the people up here should use KASPER.

WFO 100-33226

According to FLEMING, J. BENJAMIN SIMMONS has made the statement that Seaboard was too well known now to drop out of the fight and that the group should keep going. FLEMING mentioned that with the new Congress getting ready to open it is important to have material ready to be mailed on opening day concerning the filibuster and the attempt that was sure to be made to force civil rights legislature on the people. [redacted] thought that this was a good point and that FLEMING still had good ideas, but that he still did not want to be involved with SWCC, as this group was known as "KASPER's organization."

[redacted] according to T-1, CARY HANSEL talked about LINCOLN ROCKWELL. FLEMING mentioned that there was too much Nazi stuff in ROCKWELL's material, but both [redacted] and HANSEL said there was not. HANSEL mentioned that there was some material that ROCKWELL would not discuss with him, but that there were groups all over the United States in contact with ROCKWELL.

During the evening T-1 advised that FLEMING remarked that [redacted] could not be present [redacted]

[redacted] according to FLEMING, wants to let the articles of DREW PEARSON die down and [redacted] is taking his name off of the SWCC bank account.

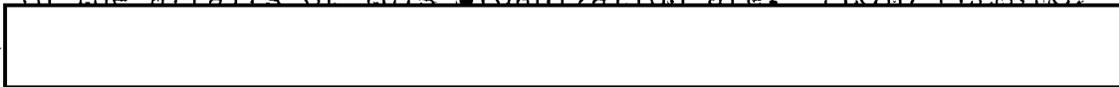

WF T-2 advised on November 17, 1958, that FLOYD FLEMING had received a letter from JOHN KASPER in which KASPER made the statement that he was not running a "diaper service" for the SWCC and would not bother to give them any more of his ideas since they had not carried out any of his previous instructions. KASPER, according to T-2, requested that any mail addressed to him be forwarded unopened to him in Nashville. According to T-2, the one complimentary thing KASPER said in his letter was that FLEMING had done a good job in getting the public school statement ready. According to T-2, FLEMING was very upset over this letter, calling KASPER an ingrate.

WF T-3 on November 26, 1958, advised that a source of T-3 had advised that FLOYD FLEMING in November, 1958, made statements to the effect that he retired in the summer of 1958 and was now devoting all of his time to the SWCC. He mentioned that he was in Rhode Island "to do missionary work" for his organization and he claimed six or seven members in Rhode Island. T-3's source asked FLEMING to identify his Rhode Island supporters but FLEMING refused and

stated that they resided in the Providence, Pawtucket, and Central Falls. T-3 source asked FLEMING about his contact with ~~CONDE MC GINLEY~~. FLEMING mentioned that MC GINLEY was a fine man, that he has a great deal to do with MC GINLEY and has helped to circulate "Common Sense". According to T-3 source FLEMING denied responsibility for the recent anonymous mailing of "Common Sense" in the greater Providence area. FLEMING admitted making large deliveries of "Common Sense" for MC GINLEY and admitted that he had met JOHN KASPER through MC GINLEY. FLEMING mentioned that the first time he saw KASPER was when he delivered 1,000 copies of "Common Sense" to KASPER at the latter's book store.

V. MEMBERSHIP

T-1 advised on December 22, 1958, that there is no active membership as such of the SWCC in the Washington, D. C., area. The only persons who take any active part in the affairs of this organization are: FLOYD FLEMING.
