Jury indicts man for threats

A federal grand jury Thursday indicted a 29-year-old Saginaw man accused of threatening government officials.

Eric M. Schuman, 1122 Brockway, faces a federal charge of threatening the life of former Secretary of State Henry Kissinger shortly after he left office, a Secret Service spokesman said.

A letter threatening the life of President Jimmy Carter also was found in Schuman's jail cell, authorities said.

He was jailed on a shoplifting charge Monday just hours after his release from Saginaw Community Hospital where he had been under psychiatric care, police reported.

Tuesday afternoon, sheriff's deputies found Schuman trying to hang himself in his jail cell with a sheet. He was rushed to Saginaw Osteopathic Hospital. L-

Secret Service investigating inmate who attempted suicide

Officials today confirmed reports a 23-year-old Saginaw County Jail inmate who attempted suicide Tuesday was under investigation for alleged threats against governmental figures.

The inmate was reported improved today from critical to fair condition at Saginaw Osteopathic Hospital after the 11:30 a.m. hanging attempt in his second-floor cell.

Secret Service agents had issued a hold on the inmate after he was jailed on a larceny charge Monday afternoon, according to Agent James Burke, head of the Detroit office of the Secret Service.

Agents had visited the cell, sheriff's officials said today, shortly after the inmate was rushed to the hospital. He was found unconscious in a sitting position and hanging from a bed sheet tied to the bars, officials said. Several deputies reportedly administered first aid to revive him.

Sheriff's officials said the inmate was arrested Jan. 24 by city police on the larceny charge then taken to Community Hospital for observation. He remained there until Jan. 1 when he was released and taken by city police to the jail.

The inmate reportedly had made threats against numerous governmental figures during his arrest, his stay at the hospital and at the jail, officials said.

Eric Shuman, 29, address given as 5435 Rosedale, has been sentenced to 30 months in prison for mailing a letter to the FBI threatening the life of Henry A. Kissinger — and including his return address.

Shuman was sentenced by Federal Judge R. James Harvey after pleading guilty to the charge.

He was charged with threatening the life of the former secretary of state Jan. 24, shortly after he left office.

SS-CIA

The Jewish money block and its lobby in America today should not be allowed to shape Mid-East foreign policy unless first obtaining C.I.A. clearance. I only advance this idea because the Mid-East is a potentially explosive area. The CIA should aim for control of israels atom bombs and control of Israel it self. We of America do not wish to control the Jews or their country, but only control as potentially explosive area where a nuclear war could erupt. Israel and the Mid-East are such areas, to be sure. And to be sure, Reagan is giving Washington a real headache! I would like to see

Weisman * Prime minister
of Israel some day. Begin *
I will die of old age
someday, and be gone. His
hard line ideas will give
the United States leaders a
belly full of what I call
the "Classic JFW *". And I
will say: Dr Kissinger has
given an excellent account
of the Jewish ego at large!

I do hope that the CIA will
live and learn from what I
point out about these JFW *
we are close to in America!
I do not wish to infer that
Dr Kissinger is unamerican in
any way, or that he is uncool!
And I feel that Dr Kissinger
will admit to the
explosiveness of the Mid-East.
I do hope that Dr Kissinger
and I can come to see
eye to eye, after all we
are both Americans and I'm
sure that Dr Kissinger would

surely work to prevent an atomic holocaust anywhere on this planet. And I swear to the United States Government that I'm not bitter about going to jail or am I bitter towards Dr Henry Kissinger

A "dynasty" is what we shall call the new age here on our planet. We shall begin the age of MINDS!

And let us not forget that our solar system looks like this ~~+~~ now! So, the Unifield Project goes on, gently lifting the entire planet to the cosmic heavens of the spiritual universe. Human evolution of 4 billions is taking place, and the quality of life is improving every where on the planet. The entire planet is being conquered quietly, invisibly,

and soon, within 50 years, the human suffering here will be conquered forever. And better still, new mathematics has shown an infinite ocean of energy for us to consume, to use as a foundation for government, industry and a general social foundation.

It is hoped that the Soviet Union and the American groups will evolve in government towards the absolute government which will be established throughout the entire planet.

We have nothing but time now that any threat of WWII has been crushed!

I tend the "fields" and I will do my best to use this power for the betterment of everyone. When I first started this experiment I had no

Idea that the entire solar system would be caught up in it! And 4 billions of human beings. So I hope everyone can accept these facts and perhaps be a little more humble as a man or woman. I hope the men that grasp the truth revealed in these papers realize that this is a most natural event which occurs all over the universe; for mankind is universal and that all heavenly bodies are found within the spiritual mind of mankind. The universe, with a mass which ~~naturally~~ ^{naturally} squares it self in endless cycles, can now be clearly seen as a most temporary residence for the human consciousness. However, we are confronted with the survival of physical man here, there for I feel it my duty to warn this government about the

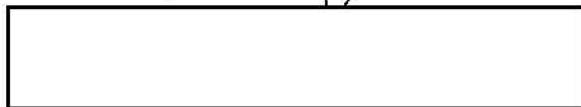

Universal Jewish conspiracy which
has been proven to exist by
hard historical evidence. At times
I feel perplexed and I wonder
if I have weakened the men of
this government to this
"natural" conspiracy found in the
nature of physical mankind!

But I feel I have done my
best for the country, having gone
to prison over the issue!

I shall always remain low
profile and refrain from
discussing the Jews or antimatter
technology with the public.

At times I feel such subjects
are best not discussed at
all, but I thought I'd show
the leaders of America a new
concept of reality and authority,
and perhaps demonstrate leadership
of a more positive nature!

Sincerely

A letter to the local
F.B.I.

Am hardly looking for
trouble you know! I have
too many personal problems
to be looking for that.
Know, it's like this, to be
sure! When I first began
writing the F.B.I. a year and
a half ago I was a very
sincere fellow. When I
went to prison, I continued
to write the government.
And three times did the
Secret Service come and
visit me over the
contents of those letters. It's
not that I was in violation
of the law in what I
said in those letters, that
is not why the SS came
to see me. It was clearly
for what I had pointed out
to them in history's
developments. I ~~am~~ must be

truthful you know and I do my best! It is for this reason that I continue writing ~~from~~ ~~time~~ from time to time! I don't want to bother anyone nor make a fuss. And I hope the local FBI perspective of [redacted] isn't that of a Nazi or Jew hater. I'm not anti-semitic, I'm simply pointing out a very large thing or chain of events which could be a very serious threat to this country and perhaps the world. And I always back up everything I say with hard facts. I know that you are cops but you are also agents of the US government.

devoted a great deal of time
to unfolding the "Jewish
Conspiracy" and backing up
my claim of such a conspiracy,
all work today in America,
with hard cold facts. I
have done my humanitarian
duty to point ~~out~~ out the
"Jewish conspiracy" to the
present leaders of America
today. And to be sure,
I have suffered for humanity's
sake in demonstrating my leadership.
I have proven to the leaders
of the United States government
that the Universe is much
different than mankind had
previously thought. But I
must be frank in this letter,
I have also ~~also~~
revelled a great deal of
power to ~~the~~ the present
leaders of America. In so
doing, I have placed my
physical safety in the
powerful

of America. And I do
pray that my rights as
an American citizen are
observed by these "powerful
of America. In best
describing power, I can only
use these words: perpetual
motion has been discovered
on this planet! Physical
Power on the planet became
mine when I revealed the
anti-matter mathematics to the
present leaders of America!

This fact will some day
be proven by high engineering
facts. And I must state that
what the Jews call the "Holy
Ghost" has been discovered. I
Indeed; the Jews are quite
wrong in their ancient
beliefs of "no Holy Ghost! I
shall say also that I am
not the judge, jury or
executioner of the Jews. I
shall simply state that the
Jews are wrong! True because

because there is the
legendary universal mind
of mankind present today
on this planet. Indeed the Jews
are wrong, but this does
not mean that I am anti-
semitic or that I hate the
Jews personally. Or that
I am UNAMERICAN!
And perhaps my efforts to
enlighten American officials
to the "real" Jewish
conspiracy! And by my
acts perhaps we can undo
the actions of the Rosenbergs
and crush forever more
the possibility of a nuclear
holocaust on this planet.
We can control history
now, and it is important
that US officials recognize
these facts as the truth!
Let us work together to
exploit this new discovery
of perpetual motion.

ALL AMERICAN REVOLUTIONARY LEAGUE
THREAT AGAINST STAFF OF PRESIDENT FORD

On August 4, 1976, a letter and envelope were discovered by Northwest Orient Airlines personnel on Flight number 68 in Minneapolis, Minnesota. The envelope was addressed to the Mayor of Bismarck, North Dakota, but not by name, with a return address of Washington, D.C., and a postmark of July 27, 1976, New York, New York. The envelope further bore an inscription, "This mail should be transferred to GOP National Convention Delegates." The envelope contained a typewritten page which stated, "Warning, Mr. Kissinger is conspiring to assassinate Mr. Carter, Jimmy Carter. This secret project has been approved by Mr. Ford, Nixon's representative political son. This league will slaughter all Mr. Ford's staff members, including Kissinger, the Jewish Wolf, and Rockefeller, the biggest capitalist, bloodsucker. Throw out Mr. Ford out of the government. Ford was chosen as president by the dirtiest politician - Nixon. Can Nixon's own choice be equal to 200 million American's votes? All-American Revolutionary League. Throw out Nixon's illegal political son - Ford out of the government. It's a greatest shame for American people to have such Nixon's illegal son to be president," and a handwritten page.

The Mayor of Bismarck, North Dakota, Robert Heskin, was shown a copy of the letter, and denied that he had ever received such a letter in the mail. He further stated that no one has been authorized to open mail addressed to him, and that the Administrative Assistant for the City of Bismarck delivers his mail to him personally, unopened. The Administrative Assistant states that he has

"Search for TRUTH is the Noblest Occupation
of Man; its Publication a Duty"

What you are about to read deals with facts, and the critic will be forced to acknowledge that the truth, and nothing but the truth is revealed in every page.

This expose is the result of great research and is not half as severe as the subject treated of demands. Still, enough is told to bring to light the hidden venom and baneful influence of a race deemed by many "inoffensive."

Our whole aim is to present the truth in all matters pertaining to this malignant and diabolical race, that has obtained so strong a foothold in our country.

It must not be supposed that the Jews as a class are an intelligent race. Assurance is often mistaken for intelligence. Careful examination reveals that the great men among the Jews drank copious draughts of Aryan civilization and have quickly renounced Judaism or adopted a nominal, sometimes a real, Christianity. Thus their famous men cannot be fairly called Jews; for either they became rank infidels, or they carefully tried to conceal their origin by a change of name, a practice followed to the present day.

What a difference between the Aryan and the Jew!

The one is the child of Light, the other of Darkness. See how the Aryan raises his head and looks toward the sky; while the Jew constantly looks on the ground, always thinking, always meditating, always contriving, always plotting, plotting, plotting. By the term Aryan we designate the superior family of the white race.

Modern erudition recognizes the common parentage of the Latin and the Greek with the Persian and the Sanskrit, and has drawn together all these scattered brothers into one and the same fold. There is, therefore, a brotherhood existing among all the superior white nations. A misfortune to the one, like an electric shock, reaches the heart of all. These different nations of Aryan origin fraternize easily with one another, amalgamate, and in time become one, and to such an extent that it is difficult when so amalgamated to separate or to distinguish them. The Jew alone, ever since his first appearance upon the earth, has remained separate and distinct, and will to the end remain an alien in the great family of nations.

JEW ZIONISTS STRANGLING THE U.S.A.

No race of men excepting, perhaps the negroes, have a physiognomy so characteristic; no race has preserved more faithfully the original type.

"The Jew is a coward" is a common expression. Eighteen centuries testify that if the Jew lacks combativeness, he has that other form of what is called persistence. The Jew is a worshipper of money!

Nearly all Christian nations are linked together by the closest ties by reason of their common descent from the Aryan race, which has given to the world its greatest civilization. The Aryan alone possesses the idea of justice, the sentiment of liberty, the conception of the beautiful. Beautiful children, those candid and charming creatures in the souls of whom the purity of heaven is reflected, have always been the object of the Jews' hatred. Herod caused them to be massacred. The Jews of the middle ages bled them and then crucified them. All the testimony, all the commemorative monuments raised to celebrate a crime of which an entire city was a witness, all authentic documents, everything upon which true historic facts are founded, agree, and all contemporaneous writers are unanimous in their testimony concerning the assassination of Christian children by the Jews. Think of a race of people who would design a child's toy with a delayed action bomb which explodes when the child handles it. These and other deadly devices were dropped including 'napalm' when Israeli planes dropped their missiles over Syrian and Lebanon territory in May, 1974.

HOW MUCH LONGER WILL AMERICANS TOLERATE ALIEN TRAITORS

The peculiar faculty of the Jew of sucking dry the prosperity of a country, as soon as he is left alone, such as in America today, has assumed proportions beyond bearing. Every ruler who has the sense of right and justice in him, every government, ought to act in a like manner and suffice to say to the Jews, "You have not acquired the millions you possess by work, but by deceit and lying. You have not created values; you have only possessed yourself of the values created by others. Make part restitution of the wealth you have wrongfully acquired." Please think about this dear friends of WESTERN FRONT. This 'report' might well be amongst the most important you ever read. Please pass it along to others.

Pope Gregory IX upon learning of the complaints and bitter animosity against the Jews demanded that the Talmud be examined in a solemn assembly. Every opportunity was given to the Jews to defend themselves. They however, were forced to acknowledge that the Talmud contained precepts not only contrary to the good of Christian society, but of every civilized society. Passages were read which horrified the listeners.

It is the Jew of today who has replaced violence with treachery and fraud. Silent, progressive, serpent-like, slow encroachment has succeeded the boisterous invasion of old. No more armed hordes announce their arrival with cries, but separate companies wind their way slowly, group by group, and take possession without noise, of all places, of all functions of a country, from the lowest to the highest. As an example the more recent take-over in the cosmetic industry. 10 or 15 years ago, major outside companies began buying dozens of small, independent cosmetics houses. Now many of the larger houses are being gobbled up and in most all instances by Jews. Jews even gobbling up Jews! Among the latest: Max Factor (Norton Simon), Helena Rubinstein (Colgate-Palmolive), Elizabeth Arden (Eli Lilly), and Lanvin-Charles of the Ritz (Squibb), etc. etc.etc.

FBI (23-cv-10741)-2278

Judaism is still confident of success!

150 years ago there were hardly any Jews in America. Today the Jewish societies in New York city alone own real estate valued in the Billions of dollars. Let the reader stroll down Broadway, or down any of the leading streets of New York city, and he will find Jewish names plenty as the locusts of Egypt.

The Jew is a born trafficker, a born liar, full of cunning and intrigue. The Aryan is enthusiastic, heroic, chivalrous, frank and confident. The Jew sees nothing beyond the present. The Aryan is the child of Heaven, constantly preoccupied with superior aspirations. The one lives in the real, the other in the ideal. The Jew is mercenary by instinct. He has the bent for everything pertaining to business, for everything that gives him the opportunity to cheat his fellow men. The Aryan is agriculturist, poet, and, above all, a soldier. War is his element. He goes merrily to face danger, and he despises death.

The Jew has no creative faculty. On the other hand, the Aryan invents. Not one invention ever was made by a Jew. There is not a word of truth in the stereotyped phrase that the Jews invented the letter of credit. The letter of credit, the check, was in use in Athens four centuries before the Christian era. In Isocrates this fact is plainly told. The Aryan organizes, creates, while the Jew derives all the resulting advantages, which he naturally keeps for himself. The Aryan undertakes voyages of adventure and discovers unknown regions. The Jew waits until all has been explored, until the country has been opened, to enrich himself at the expense of others. In a word -- everything pertaining to daring deeds, everything tending to enlarge the terrestrial domain is absolutely beyond the Jew. He can exist only in the midst of a civilization he has not created.

However perspicacious the intelligence of the Jew may appear, it is in reality limited. He has neither the faculty to foresee events, nor of looking beyond his hooked nose; nor the gift of understanding delicate shades of thought and character, for which the Aryan exposes his life without regret.

The Jews yearn for whatever flatters their vanity. They seek with grotesque eagerness military titles, titles of baron and count, which look as well on those manipulators of money as the hat of a woman upon a monkey.

There are no illustrious families among the Jews. Glory is never left as a legacy. In less than twenty years, if circumstances are favorable, the Jew attains his full development. These Jews are not in the least dissatisfied with their condition, for they wait patiently for the time of full tide which will carry them into a city, and shortly afterward to fortune -- mostly at the expense of the Christian. Put diamonds, new garments, on all these people, on all these dealers in second-hand articles, receivers of stolen goods, keepers of pawn-shops, money lenders on wages, and you will have the upper class of the New York Jews.

One must not judge of the artistic or literary ability of the Jews by what they publish today. The Jew is incapable of rising above a very limited height. They have no men of genius. In art the Jews have created nothing original, powerful, or touching. They produce only low, vulgar works. They busy themselves with what enables them to make "moneys"; with what flatters the vulgar appetites of the multitude; with what satisfies their Jewish venom and hatred. They often accomplish this by turning into ridicule the pious recollections, heroic deeds, august traditions of the Christians, at whose expense they live. In a word, the Jew corrupts everything that exists.

The dancing halls, where the youth of by-gone days amused themselves in an honest way, have degenerated into a place of prostitution, thanks to the Jews. When have the ancestors of these men prayed with our own? In what corner of the village or of the city are their family tombs? In what parish registry does one find the names of these new-comers, who, less than a century ago, had not the right to live upon the earth from which they now seek to drive us away? By what tie do they attach themselves to the traditions of our race? Jews have made themselves appear learned by picking up some crumbs from the books of Aristotle. During centuries they have monopolized the profession of medicine, which rendered espionage easy by permitting them to enter everywhere, but never for a minute did they think of the circulation of the blood.

It is to the Aryan that we owe all discoveries, both great and small. It is to him that is due the art of printing, the discovery of gunpowder, the discovery of America, of steam, of electricity, of the telephone, the phonograph, the circulation of the blood, of the laws of attraction. All progress has been evolved from the natural development of Christian civilization. The Jew, one must never weary of repeating it, only exploits that which the Christian genius and work have achieved. The true emblem of the Jew is the hideous bird that installs itself in the nest constructed by another.

Having indicated the principal traits common to all Jews, let us now examine more closely the race and species. The principal signs by which the Jews can be recognized are the following:

The famous hooked nose, the restless eyes, the close-set teeth, the elongated ears, the square nails (instead of being tapered in the shape of an almond), the flat foot, the round knees, the soft hand, almost melting with the hypocrisy of the traitor. Often they have one arm longer than the other. Physical degradation closely follows upon moral degradation. This is strongly remarked among the Jews, who, of all races of men, are the most depraved.

Religion among the Jews is but of secondary importance. The question of race is what, above all, preoccupies them. Even among those who have abandoned Judaism, a Jew has no difficulty in recognizing his own people. He knows if there is a drop of Jewish blood in one's veins, and very readily spares an antagonist because he has discovered in him a brother who has wandered from the way.

Solidarity is the force of the Jew. All Jews are clannish in the extreme, which characteristic we observe in them from one end of the world to the other. One may easily understand what an advantage this principle of solidarity gives the Jew over the Christians, who, while ready to assist the unfortunate, has little of the sentiment of solidarity. No one can, more than myself, admire charity, that sublime flower that Christianity has caused to bloom in the human heart. That unwearied charity, ardent and inexhaustible, which always gives, gives without ceasing, not only money, but its whole heart, time, intelligence. The Christians open their arms to the unfortunate. They are ready to respond to an appeal, but they do not keep close together. Accustomed, which is after all quite natural, to consider themselves at home in a country that belongs to them, they do not think of mustering their ranks in close array to resist the Jew. Accordingly, the Jew can and does attack us with surprising insolence.

How does the Jew manage to disturb the entire world? Nobody knows. It is his secret, it is a special gift of his and it comes quite natural to him.

JEW BOY

That is what they call Henry Kissinger in the Middle East. They undoubtedly know more about this Zionist Jew than most Americans. I have before me a 'Confidential Intelligence Report'. The source is most reliable.

HENRY KISSINGER NAMED AS A SOVIET AGENT

The report is lengthy so we will not bore you with the details. It discloses beyond all question that Henry Kissinger's closest associates have been publicly involved in espionage and security violations. Among the more prominent are Helmut Sonnenfeldt, now Counselor of the State Department. Another close contact of Kissinger has been another Jew, Daniel Ellsberg, whom the French financial weekly Valeurs Actuelles identifies as a Soviet agent who was in contact with the Soviet Embassy in Washington.

Kissinger's recommendations for personnel have been as bad for the U.S. as his policy planning. Kissinger selected James Sutterlin, admitted homosexual and sex pervert as the Director General of the Foreign Service, U.S. State Department. This man had already been declared a serious security risk by the State Department's own security office. Sutterlin has access to the most sensitive information involving our foreign policy and national security. We could go on and on if space would permit.

Henry Kissinger has accomplished more for the Soviet Union than most of its top leaders. He brought about the so-called detente with the USSR which resulted in our transferring important technology to the Russian Communists and extending a billion dollars worth of trade on credit. He was responsible for the sell-out of free China and for the detente with Communist China. One of Kissinger's greatest achievements on behalf of the Communists occurred on February 8, 1974 when he (together with Ambassador Ellsworth Bunker, another security risk) pledged the return of the Canal Zone to Panama.

The anticipated claim of the State Department that Henry Kissinger was investigated by the F.B.I. and as a result was given top security clearances is meaningless. This was the same claim made in the case of Alger Hiss who received the same type of F.B.I. investigation and was also given top secret security clearances.

If we take into consideration the fact that Henry Kissinger has been a Soviet agent since World War II and has managed to become one of the most influential men in America, if not the world, it becomes easier to understand why the Nixon Administration promotes policies which give aid, comfort and support to the world Jewish Zionists - Communist Conspiracy.

Please help us to spread this information contained herein. These Reports are 5 for \$1. Order these and others of a pertinent nature and HELP awaken a sleeping America. We are experiencing the end of the U.S. as we know it unless YOU and others like you participate and do something. This particular Bulletin will bring upon our heads the 'sword' of united world Jewry because they cannot stand being exposed to the sunlight of truth.

Please, please let us hear from you if you are planning to join us on our trip to the Orient next November. You had better seriously consider it while we still have our freedom - what is left of it.

FACTS AND REVELATIONS

"Then spake Jesus to the multitudes, and to His disciples, saying, the scribes and the Pharisees (Khazars) sit in Moses' seat. All therefore whatsoever they bid you observe, that observe and do; but do not ye after their works; for they say, and do not." Matthew 23:1-3.

The first time the word JEW appears in the Holy Scriptures will be found in Second Kings 16:6, which was 1,300 years after the death of Abraham or 600 years after Moses brought the sons of Isaac out of Egypt. All anyone has to do is to consult the chronology in the margin of one's Bible or any preacher will find it in his analytical concordance of the Bible. Either source will readily indicate Second Kings 16:6 is the first time the word JEW appears in Bible history, or 733 years before Christ. This being FACTS then neither Abraham nor Moses were JEWS...but, if Abraham and Moses were JEWS...so were the Arabs...because they came from Abraham. That being FACTS then Abraham was a JEW and his son Isaac was a JEW...then all the TURKS (through Essau) are JEWS too, and I believe we could go on and on from one generation to the next beginning with Abraham. But Abraham, Isaac and Jacob were not JEWS. That you can believe! But the question we want answered... Where do all the so-called Bible scholars, preachers and all of the many denominations (MAN MADE) get such erroneous, absurd information, and WHO is brainwashing ALL THE CLERGY and 90% of the so-called Christians, Anglo-Saxons, Isaac's sons for THIRTY DIRTY PIECES OF SILVER in God's Chosen Country AMERICA, once Holy, FREE and BRAVE. Now, do you know your identity?? If so let us ALL PRAY..., remembering Second Chronicles 7:14 is the KEY that can and will save our NATION and our people, too. QUOTE: "If my people which are called by my name, shall humble themselves, and seek my FACE, and turn from their wicked ways; then will I hear from heaven, and I will forgive their SIN, and will HEAL THEIR LAND." Please don't forget God's promise and He will heal our land. Prayer Can Save America. Jesus rewards those who study His word.

THE LORD IS RISEN INDEED

We thrill to the words of the old hymn "I serve a Risen Saviour - He's in the world today", but how can we grasp the deep import of their meaning?

As we look about us at the chaos within our own country, as well as the chaos in most of the other countries of this world today, it would seem there are few indeed who have surrendered their wills to that Risen Saviour.

Nevertheless His word is still truth. His promises shall never be withdrawn and therein lies our hope.

We meditate at this Season of the year on His suffering and His agony as well we should, for it was intense.

Those nailed to the cross were given a stupefying drink to deaden the agony but Jesus refused it for He needed all his faculties for the awesome work ahead of Him.

When our salvation was secured, when the atonement was accomplished He accepted the drink as He said "It is Finished".

As His birth was miraculous so His death was also. He was yet in full control as He bowed His head and shouted with a loud voice "Father, into Thy hands I commend My spirit".

He had said "No man can take My life from Me. I have the power to lay it down. I have the power to take it up again". Death had no power over Him. He had the power over death.

Each Easter morn we are reminded of that glorious event when Christ arose from among the dead. He took up His life again as He said He had the power to do.

Now in the closing days of the age we look forward to His soon return. We accept His promise and we pray that we may continue to tend His vineyard until that day comes.

We hear about us today the talk of new world order, of a world church and of a World Bank and it refers to man made agreements and man made institutions - and they shall all come to naught.

FBI (23-cv-10741)-2287
over

Yet it serves to remind us that the One who suffered on the Cross, laid down His life and took it up again is coming again to take up the reins of Government.

We shall have a World Government, but it will not be man's product. It will be that just order administered by our Lord Himself.

"There shall be no more death, neither sorrow, nor crying, neither shall there be any more pain, for the former things are passed away".

This is what our Risen Saviour has promised to those who love His appearing.

I know not what the future holds - but I know who holds the future.

Our Lord shall be King over all the earth.

CONSPIRACY

Over the years we have had occasion to use the word 'conspiracy' many times but never in the history of this nation was the danger more great than what we are confronted with today. Henry Kissinger is one of America's foremost enemies. We find him everywhere because he goes everywhere. He meets with heads of State but his meetings you will recall are always secret and his casual remarks to the waiting press usually state that "much progress has been made", etc. We have told you before but it bears repeating that Herr Kissinger is a Zionist and a Jew, a foreign born Jew who collaborates with Golda Meir and Moshe Dayan then President Sadat or King Hussein then visits with King Faisal of Saudi Arabia or Syrian President Assad - then to Germany or Great Britain or Switzerland or the Netherlands.

The 'conspirators' have had Henry Kissinger aloft around the world in search of peace, presumably, for several years now. He has been photographed and quoted more than any one person in the entire world - and all over the world. This man has been groomed. He is a Rockefeller tool and although Kissinger seldom discloses the truth to members of the press, they nevertheless never present Herr Kissinger unfavorably. This Zionist Jew should be removed. We must list Kissinger among the top ten of America's enemies. We told you in our last issue that Dr. Kissinger has made American foreign policy a one-man operation and this country cannot afford to pay the price of Panamanian blackmail for the sake of improving Herr Kissinger's personal diplomacy image with the Communists. It is doubtful that Kissinger will ever be nominated for President of the United States when he and his nest of rats can destroy us from within and without the people even knowing what is happening to their government.

In ALL departments of government - in fact in every phase of our American society we find Jews in position of importance. And who is mostly to blame for this? One of our members wrote to us recently, "It's not what the communists are doing - that worries me, it's what the Christians are not doing." Food for thought as we remind you that YOUR State Department is a Pro-Soviet "Nest". Unless you pass this information on to your friends and neighbors their children, and yours, will know "slavery" as an actual reality in American life.

While speaking of slavery we will briefly try to explain "The Environmental Protection Agency's (EPA) Incredible Program. It must have been conceived by mad men and as we read this report it is almost beyond comprehension. FBI 93-cv-10749-2288

The Environmental Protection Agency hopefully plans to remove your mobility. It seems that the regulations were announced last November but we have been unsuccessful in determining how this legislation was ever perpetrated upon any people. Anyone that provides free parking space of five or more spaces must pay an annual tax to the EPA in the amount of \$180.00 a space. The second year it is doubled, or \$360. per space and the following year it is increased to \$450 per space. It supposedly is to take effect on the west coast in July 1974. The EPA has been afforded the teeth to "create dis-incentives" for people to use automobiles but incentives for them to use mass transit systems instead. One of the most ugly aspects of this heinous legislation is that in Southern California alone it will be ten years or more before even the inadequate systems proposed by the consultants to the Rapid Transit District could possibly be in operation. It will effect the big down town area of Los Angeles and people who live in New York, New Jersey and Florida will say, "That's a tough law that they have in California", but as the bureaucrats get experience in harassing the people, they will export it to every part of the United States. They wish to remove your right to 'park' and you cannot find too many ways to use your car if you cannot park your automobile.

What are traveling salesmen going to do? What are patrons of the library going to do? What are those who go to the churches or the theatres going to do? What about the drive-in establishments. There isn't a drive-in church or a drive-in theatre in America that could survive this.

Heretofore the Congress had only itself the power to tax, except of course for those divisions of the government, such as the city, states, and the counties, but now we have a new government agency that has the power to tax you right out of business. Its effect will be to impose a real decline upon every aspect of the National Economy. It seems obvious that they want to make it impossible for people to drive automobiles.

If we are to avoid massive unemployment, virtual stagnation of business, increased housing rental costs, decreased property values, a huge increase in the cost of living, and traumatic social adjustment, we must organize our businesses, our industries and our citizenry to get Congress to change the clean air act before the Environmental Protection Agency's regulations become effective.

POSSE FORMED

Is it any wonder that Posses have been formed and are reported forming in various parts of the United States. "Posse Comitatus seeks to protect people from 'errant' government" is the blazon headline of a story printed in the Everett Herald, Friday, March 8, 1974. This Posse was formed last November by seven county residents who said their purpose was to "insure that Constitutional law is preserved for all citizens residing within the confines of Snohomish County. Bob Whalen is chairman of the Posse Association, which is also called Posse Comitatus. It is encouraging that a newspaper would give a citizens' Posse any kind of coverage. Bob Whalen believes the government should be replaced by a system of free enterprise in which people contract for goods and services with business firms. The citizen thus would have the right to choose the kind of services and type of services he wanted

Whalen says, the Snohomish County organization is just a local group of men who are concerned about what is going on in this country. Seven men signed the original group's original charter which was filed at the county auditor's office last Nov. 7. Since then, Whalen says, some 50 persons have become

FBI (23-CV-10741) 2289

associate members. Associates are required to attend a school on such subjects as the Bill of Rights, U.S. History and First Aid. When they have completed the schooling they are offered an associate membership on an active basis.

We have reports of several having been formed on the east coast, the middle west and in the deep south. The latest to form a Citizen Posse is in Pierce County in the State of Washington where an organizational meeting drew about 200 people and about 20 stepped forward to form the nucleus of what law enforcement officials elsewhere have described as vigilante groups.

The groups themselves say their purpose is to back up law enforcement officials. Virgil E. Gunning, who calls himself "member-in-charge of the Spokane Posse," said the Posses are justified under the U.S. Constitution and are needed to halt the erosion of constitutional rights to deter crime.

One Citizen Posse is reportedly preparing to become active in fields other than the courts. They say that a Citizens Grand Jury will be formed soon to begin investigating activities of the government.

We salute them, each and every one. America needs more Bob Whalens and Virgil E. Gunnings and their fellow members.

WESTERN FRONT proposed such Posses several years ago as we repeatedly suggested that you form your own small Posse in your specific area.

BENJAMIN FRANKLIN ASKED DIVINE GUIDANCE IN CRISIS

When, during the framing of the Constitution, the state delegates at the assembly led by George Washington were after four or five weeks of wrangling no closer to unanimity than when they convened, Benjamin Franklin addressing the chairman, stated:

"In this situation of this assembly, groping as it were in the dark for political truth, and scarce able to distinguish it when presented us, how has it happened, sir, that we have not hitherto once thought of humbly applying to the Father of Lights to illumine our understanding?"

"In the beginning of the contest with Great Britain, when we were sensible of danger, we had daily prayer in this room for Divine protection.

"Our prayers, sir, were heard, and they were graciously answered. All of us who were engaged in the struggle must have observed frequent instances of a superintending of Providence in our favor. Have we now forgotten that powerful Friend? Or do we imagine that we no longer need His assistance?"

PROOFS CITED

"I have lived, sir, a long time (he was 82), and the longer I live, the more convincing proofs I see of this truth - that God governs in the affairs of men. And if a sparrow cannot fall to the ground without His notice, is it probable that an empire may rise without His aid?"

"We have been assured, sir, in the sacred writings that 'except the Lord build the house, they labor in vain that build it.' I firmly believe this; and I also believe that without His concurring aid we shall succeed in this political building no better than the builders of Babel..."

"I, therefore, beg leave to move that, henceforth, prayers, imploring the assistance of Heaven, and its blessings on our deliberations, be held

in this assembly every morning we proceed to business . . ."

This became the policy of the framers of the Constitution, and was possibly the key to eventual success in establishing that great document on which the nation was built.

Man cannot go it alone. He must have help from above. We urge you to join in the National Day of Prayer - April 30th as designated by the U. S. Senate. Pray for our Nation that its wounds may be healed. Pray for Christian leadership for our Ship of State - but in all things Praise Him.

SIXTEENTH AMENDMENT NEVER LAWFULLY CERTIFIED

Our last issue, Bulletin No. 98 informed you of Eugene J. May's book "The Cat In The Bag". Because of your interest we searched the book stores in this area and all said that it is out of print. Imagine a book out of print which was copyrighted in October 1973. We did not stop there. We have located a few hundred copies of Mr. May's tedious and praiseworthy disclosures. They are \$2.00 per copy plus 25¢ postage, while they last.

The U.S. Congress, on August 7, 1953, attempted to admit the state of Ohio into the Union as one of the States of the United States. Their attempt disclosed that prior to that date, Ohio Territory had never been admitted as one of the States of the United States.

This attempt let another cat out of the bag. William Howard Taft, allegedly the 27th President of the United States, had been elected from Ohio Territory. Prior to his alleged inauguration, March 4, 1909, Taft had not lived 14 years within the United States, nor was he a resident of one of the States of the United States when he was running for and allegedly elected, a constitutional disability. He was not qualified for the office. Not being qualified for the office, all of his official acts, including his cabinet appointments, were a nullity. Congress was not lawfully in session.

The Joint Resolution of July 31, 1909, was and is, in law, a void act of Congress. Being void, there is no Act of Congress. There being no Act of Congress, the formality engaged in by the legislatures of the several states ratifying the sixteenth amendment was an exercise in futility. There is no sixteenth amendment.

Title 26 of the U.S. Code is not evidence which the Federal Courts may consider in an income tax case.

Mr. May's book will show you that the Sixteenth Amendment (income tax) was never lawfully submitted to the States for ratification, and that it was never ratified by the necessary thirty-six states. It was never lawfully certified as an amendment to the United States Constitution.

Furthermore, patents issued by the U. S. Land Office to public lands in Ohio, subsequent to March 1, 1803, are open to review. Title insurance companies operating in Ohio would do well to re-insure themselves, says Mr. May.

When John Mitchel's municipal bonding friends on Wall Street get the message, Bufferin Stock could be the hottest item on the Big Board.

Send for your copy of Eugene J. May's amazing discoveries in "The Cat In The Bag" at \$2.25 per copy. They will be mailed via Third Class mail.

Those who have read "To The Orient -- With Purpose" our personal report regarding Communism and our trip to the Orient last Fall, are aware that we are making this trip again next November and have invited a small group of you to go with us. Some have already indicated their interest and we have sent you the 'personal itinerary' etc. This trip via air to Japan, Thailand, Hong Kong, Singapore and Taiwan will cost you considerably less than any of the other major airlines recent quotations. Ours is actually a very economical 24 day unforgettable experience. If you are interested in accompanying us on this unusual combination which includes contacts outside the areas of tourism and yet enjoy all the elements of a vacation you must act quickly. We must conclude the travel plans immediately inasmuch as travel reservations are unusually heavy for the balance of 1974. Please let us hear from you by return mail if you would like to go with us. This is a rare opportunity.

I had been invited to attend the World Anti-Communist League Conference in Brazil in January, also to address the International Anti-Communist Youth Conference next June in Barcelona, Spain, but I must conserve all my energies for the return trip to the Orient in November and to meet once again with the wonderfully dedicated Anti-Communist forces in Taiwan. Please join us. And please read our book "To The Orient -- With Purpose" while we are still distributing it at the introductory price of two copies for the price of one, \$1. We have an important reason for returning to 'our important ally' in the Orient. Those of you who make this trip with us will understand in November.

There is no greater duty to yourself, your children and to your country than to 'inform the people'. We urge you - we beg you to send pertinent, important, informative literature to your friends and acquaintances. We are asking you to help educate the uninformed and possibly delay our seizure from within. God could conceivably decide that America was worth saving. The following are ALL important manuscripts - "The Anti-Defamation League" by the late Senator Jack B. Tenney, 35¢ 4 for \$1. The 12 page "Dissertation On The Nefarious Status Quo" 35¢ 3 for \$1. "A Review Of A World Problem" 3 for \$1. "Who Is The Real Enemy" 10 for \$1. "Who Brought The Slaves to America" 60¢ 10 for \$5. "Sex and Revolution for Boys & Girls of Primary School" printed in 14 languages 25¢, 5 for \$1. "The Story Of The Century" re Pope Paul VI, the imposter and fraud, \$1. each. "For Fear Of The Jews" minimum order 10 for \$1. The latter is a masterpiece and should be widely distributed. Especially at this Easter Season may we urge you to read "A Doctor At Calvary" re the Passion of Our Lord Jesus Christ as described by a Surgeon. Only 25¢, 5 for \$1. "The Kehilla" brings you secret Jewish world government, 35¢, 4 for \$1. And "Twenty-Six Years" United Nations Anniversary, well documented revealing this atheistic body & its evil controls, 35¢, 4 for \$1. "Why Jews Are Persecuted for Their Religion" 20 for \$1. "The Protocols of the Learned Elders of Zion" \$1. per copy. "The Damning Parallels of The Protocol Forgeries" a diabolical capitalist-communist alliance unmasked 35¢ 4 for \$1. "The Secret World Government" with more than 200 pages, \$5. Many have said that this book could save civilization if read by enough people. 5 for \$20.00 An excellent gift. Read President Roosevelt's Jewish ancestry, 50¢, 3 for \$1.00

We have discussed in this issue some of the conspiracies which we face in our day and we seek to enlighten others so as to warn them of these conspiracies - looking toward some possible solution, together with a way of avoiding other crises. We seem to merely pass from one crisis to another, without any being solved but merely superseded.

We are reminded of the Satanic conspiracy to destroy our Saviour through His crucifixion. But they were dealing with the Son of God. Thus His crucifixion was a beginning rather than ending. He arose and His victory over death is our Victory through life Everlasting - where "There shall be no more death, neither sorrow, nor crying, neither shall there be any more pain, for the former things are passed away."

HENRY A. KISSINGER

November 25, 1982

Dear Judge Webster:

Since your letter of September 16, 1982 to [redacted] concerning the activities of the LaRouche group directed at me, a number of events have occurred which cause me to raise the subject with you once again. I am attaching a chronology and some leaflets which demonstrate a systematic and escalating campaign of harassment, threat and defamation both here and abroad.

b6 -1
b7C -1

I want to make clear that I do not ask the FBI to interfere in any manner with LaRouche's First Amendment rights even when they are exercised in a scurrilous and obscene manner. The LaRouche campaign against me, however, seems to go far beyond free speech. It has the following elements for which I believe the LaRouche groups or followers are responsible. Although many of the incidents are cloaked behind anonymous telephone calls, the fact is not a single similar incident of harassment ever occurred before the LaRouche group proclaimed me as one of their principal targets:

a. A systematic and escalating attempt to disrupt my public appearances by first seeking to induce the organizers to cancel them and then interfering with the events by disrupting them. The approaches to the organizers frequently use fictitious names or news organizations or well-recognized names employed by imposters.

b6 -1
b7C -1

b. A systematic attempt to disrupt my professional life by calling individuals associated with my activities with defamatory accusations. Associates are invited to fictitious meetings, and scheduled meetings are cancelled by imposters. The method is the same: false names or organizations or real names used by imposters. These activities are global, ranging from Mexico to London and to Munich. This undermines the credibility

of genuine communications and puts me to considerable expense to authenticate communications either received or sent out.

c. Attempts to obtain information about my travel and other plans, coupled with statements that my activities will be closely monitored and with harassing or threatening calls wherever I travel.

d. Accusations that I am responsible for the murder of leading political figures around the world coupled with other charges (for example the purchase by me of Arab land on the West Bank)-- likely to appeal to groups with a high potential for violence, thus risking my personal safety.

e. Threats to "get even" with me for these alleged activities, to destroy me, to silence me, and to hold me responsible for claimed attempts on Mrs. [redacted] life.

You will recognize that the chronology is likely to be incomplete since many recipients of phone calls may not inform me.

All of the aforementioned conduct is interfering with my First Amendment rights, including my right to discuss public affairs and express opinions on policy matters, as well as my rights of unimpeded interstate and international travel.

This conduct raises two additional problems. The first is of an intelligence nature. We may be witnessing here not normal radical political action but a systematic disinformation campaign supported by some foreign intelligence services. How else is one to explain the simultaneous appearance in widely different parts of the world of preposterous accusations amounting to American collusion in assassinations clearly the work of far left organizations, such as the Red Brigades, whose targets have in fact included Americans? and newspapers?

Second, the personal harrassment is clearly increasing both in the United States and overseas. My concern is heightened by the reported history of violence by the LaRouche people against their perceived enemies and opponents.

I therefore request an investigation to ascertain whether the foregoing activities violate federal law. I further request that steps be taken to assure the safety of my family and myself.

I would hope that these measures will not be delayed until a significantly more harmful and damaging event occurs.

Warm regards,

Henry A. Kissinger

London Daily Ties Kissinger to Assassination Plot

The National Democratic Policy Committee has received corroborated information, from highly qualified sources, that an unprecedented terrorist bloodbath is planned to occur to discredit President Ronald Reagan before the upcoming U.S. election; a bloodbath such as a murder of United States soldiers in Lebanon. As a feature of this intended bloodbath, there are known to be two lists circulating targeting leading political figures for assassination: one is a list of non-governmental leading figures; the other lists government leaders. The list of non-governmental figures includes Lyndon H. LaRouche, Jr. and his wife Helga Zepp-LaRouche; the government leaders targeted for assassination include Presidents López Portillo of Mexico and Mubarak of Egypt.

This evil plot is centered in London, but not entirely of British origin. The following describes a sample of who is involved.

NEW YORK, Oct. 10—European weekly newspapers will publish documentation proving conclusively that Helga Zepp-LaRouche was three times the target of an actually attempted assassination over the period from Sept. 22, 1981 through Sept. 23, 1982. Yet, despite evidence in the hands of officials, the wife of a prominent member of the U.S. Democratic Party, Lyndon H. LaRouche, Jr., is still refused official security in West Germany.

Mrs. LaRouche's security problem does not originate in Germany, however, but in the United States and London. Currently, Henry-A. Kissinger is obsessed with a determination to eliminate Lyndon LaRouche, a homicidal passion he shares with his collaborator, Roy Marcus Cohn of New York City. The Kissinger-Cohn crowd is key to the continuing security problems of assassination-target Helga Zepp-LaRouche.

Kissinger's and Cohn's common connections in these homicidal operations were recently brought to public attention by the 3rd of October, Sunday edition of a prom-

inent London daily newspaper, *The London Observer*. The evidence of the *London Observer* points to the center of the operation.

The London Connection

The London Observer was recently purchased from Atlantic Richfield's Robert O. Anderson by the business interests of "Tiny" Rowland, Lonrho. Lonrho (the London-Rhodesia company) is a corporate vehicle for covert intelligence operations of the British Secret Intelligence Service, notorious for its bloody record in black Africa.

Lonrho was established for British Intelligence under the direction of Henry A. Kissinger's present business partner, Lord Carrington. The firm was established to facilitate Lord Carrington's operations in Rhodesia at that time. In a recent May 10 address at London's Chatham House, Kissinger admitted he had betrayed his own government on Africa policy while he was formerly Secretary of State, at the direction of Lord Carrington's group.

The co-sponsor of Rowland's heading-up Lonrho was one Angus John Bruce Ogilvy. Ogilvy is of Scottish royal descent as well as linked to the British royal family by marriage. He is a part of the royal household's coordination of British secret intelligence, and the brother-in-law of Michael Duke of Kent, the Queen's cousin.

The Duke of Kent is head of the British branch of Scottish Rite freemasonry. The powerful London lodge of that order, which is reputed to control the London financial community, and was most recently implicated in a string of murders designed to destroy evidence of British complicity in the Italian "Propaganda-2" and Bologna train station bombing. The authorship of the latter was traced by Italian magistrates to Henry Kissinger's circle of collaborators in the Monte Carlo Grand Orient freemasonic lodge.

Otherwise, the control of the *London Observer* is a nest of common, close allies of both Henry A. Kissinger and

Roy M. Cohn. These include Kissinger's intimate friend Lord Wiedenfeld, a scirvy British and variously known in the trade as "Two-Lunch Arnie" and as "the Roy Cohn of England." This side of *The Observer* is linked very odorously to international organized crime, as well as to London and to Cohn and Kissinger.

The case of U.S. Ambassador to Rome, Maxwell Rabb, is a point of reference. Rabb himself is prominently and multiply linked to organized crime interests in the U.S.A. His daughter, Mrs. Sheila Rabb Wiedenfeld is a collaborator of Roy M. Cohn, as well as link to Kissinger through Lord Wiedenfeld. Cohn is currently touring Europe, seeking both to escape legal action in the U.S.A., and to orchestrate attempted assassination against Mrs. Helga Zepp-LaRouche. Mrs. Sheila Rabb Wiedenfeld accompanied Cohn on his recent unsavory mission to Rome, although apparently not to Cohn's recreations at the Isle of Capri—the homosexual capital of Europe since the days of the Roman Empire, and a place where assassinations can be plotted with special ease.

The Observer, in the cited edition, ran a major feature in its business section. The purpose of this feature was to aid in setting Mrs. Helga Zepp-LaRouche up for assassination in Rome. The operation was conducted with complicity of a British agent under the cover of employment with the Italian news-service ANSA.

The evidence of Kissinger's operations against Lyndon H. LaRouche, Jr. and his wife dates, according to official

U.S. records, from 1975. Roy M. Cohn has been at the center of efforts to orchestrate LaRouche's assassination since the middle of 1979, in which connection Cohn has collaborated with left-wing terrorist-linked networks, including Reverend Maurice Davis protégé Dennis King, Richard Lobenthal of Detroit, and terrorist-linked "Chip" Berlet of Chicago. These included the same left-wing circles which threatened the life of President Ronald Reagan just a few weeks before the Hinckley attack.

Recent developments in Mexico and South America have intensified Kissinger's and London's determination to "eliminate LaRouche" to the point of hysteria. Relevant circles close to Kissinger in both London and New York blame LaRouche for wrecking a large part of the plans of the Kissinger-Carrington firm of Kissinger Associates, Inc.

Highly reliable intelligence circles from more than two nations currently estimate the price out to arrange the assassination of Mrs. LaRouche to be in the order of ten millions dollars in combined assassination-fees and other expenses. All leads on known assassination-deployment efforts lead back to the New York East Side Conservative Club, a neo-fascist Roy M. Cohn front organization, and to Cohn's collaborator Henry A. Kissinger, as well as to other circles.

The Observer's role in the complex matter exposes these connections in the manner most easily understood by the intelligent ordinary citizen.

Kissinger, The Politics of Faggotry

August 3, 1982

According to a variety of very authoritative sources, Henry A. Kissinger is not a Jew, but a Faggot.

I will not tolerate any denial of civil rights to a person who happens to be homosexual. Ordinarily, a homosexual is like an ordinary person suffering the affliction of nasty boils; one recognizes the distinction between the person and the affliction.

The problem with Kissinger is not simply that he has a homosexual personality. The problem with Kissinger is like that of that flaming, fascistic faggot Roy M. Cohn, who is justly hated by most of the ordinary homosexuals of the United States, and a number of those from other nations. Similarly, Henry A. Kissinger is no ordinary, common, garden-variety of homosexual. His heathen sexual inclinations are merely an integral part of a larger evil.

One does not need to catch Henry in flagrante in the Carlyle Hotel, or with a Romanian waiter in Acapulco. Whatever he does in particular hotel-rooms, or after meetings with Roy M. Cohn at certain New York City restaurants, or by arrangement of certain California acquaintances, need not be reported here. Kissinger may wash (one hopes) and dress, before leaving a hotel-room. He does not, and cannot change his personality.

To a trained eye, the evening television news-broadcasts over the past ten years have provided all the evidence needed to recognize what Kissinger is. I recognize him in the same way, and with the same accuracy I can tell by looking, the difference between a cat and a dog. Psychologically, Henry is of a distinct species. He is of the species some psychopathologists prefer to describe as an extreme anal variety of sado-masochistic personality, of the same pathological type as organized crime's Roy M. Cohn.

Put Kissinger and Cohn under similar circumstances of stress, and each will behave on all crucial points of psychopathology like the other.

Take the case of Roy M. Cohn's physical assault on Barbara Dreyfuss, or Nancy Kissinger's, the "Newark Strangler's," homicidal behavior more recently. Normal

public figures do not strangle every person who says something they do not like. More lies have been told internationally about me, for example, than any living public figure of the past ten years; I have never had an impulse to strike a journalist for such reason, nor, I am more or less certain, does President Ronald Reagan, or any other psychologically normal or reasonably normal person in public life. We say of such public attacks, "It goes with the territory." We have more important issues with which to concern ourselves. Not so in the case of narcissistic, anal sado-masochists such as a Kissinger or Cohn.

They are not psychologically normal. They are something very, very sick.

Most citizens have noticed about Kissinger, that he explodes into irrational rages very easily. He exhibits a distinctly unmanly testiness. Sometimes, before a classroom at Harvard, or in attempting to play confidence-man with a foreign head of government or diplomat, Kissinger pretends to be "all charm." As long as he believes he is being admired, or admired for reasons of fear, Kissinger can be almost generous, more or less "seductive" in the way some confidence-men—of the sort who wear too much perfume, and too much jewelry—often are with prospective "suckers." "Cross Kissinger," rip away his narcissistic, anal self-delusions and his impulses turn instantly homicidal—as Pakistan's Bhutto recalled vividly before he died by Kissinger's decree.

Kissinger is the kind of homosexual personality who ordinarily makes a potential professional assassin, a gangland thug for hire. Next time you see him on the television tube, especially when he is registering indignation, think the words, "Bugsy Kissinger," and watch how well those words fit the image on the TV screen.

Call Roy M. Cohn, "a nasty little faggot" in public, and Cohn instantly finds himself seized by an uncontrollable grudge-urge to kill. He will nurse that grudge over years; he will be obsessed by it. He will return, again and again, to projects intended to destroy the

person against whom he holds that grudge. It is not necessary to offend Cohn directly to air up such a grudge-obsession, it is merely sufficient to be a person Cohn believes to stand in the way of some petty ambition of his at the moment. He doesn't mind being a faggot; he objects to be viewed as "unmanly," as a "nasty little" anything.

There are, unfortunately, too many persons who suffer the same mental disease as Kissinger and Cohn. One pities them; no human being, however wretched, should have to continue suffering the condition in which a Kissinger and Cohn continue to exist. The problem is not that Kissinger and Cohn exist; the problem is that

very foolish people, world-wide, give power to such homicidal types.

To understand the kind of faggot Henry Kissinger is, what Roy M. Cohn is, think back to the Emperor Nero and his court. Think of Studio 54, then of Nero's court, and then of Studio 54 again. Think of Roy Cohn's parties (faithfully reported in exaggerated, name-dropping detail, in the *New York Daily News*). Think of Nero, and then of Kissinger, and then of Nero, and then of Roy M. Cohn. That is the kind of faggot Henry Kissinger is.

That kind of faggoty destroyed Rome. Will you permit it also to destroy the United States?

Please Tell President Reagan Quickly, Right Now: "Keep Kissinger Out of Israel!"

July 28, 1982

If you care about the United States, if you care about the people of the Middle East, and if you care about the people of Israel, please go right now, to the nearest telephone or telegraph-office, and tell President Ronald Reagan: "Keep George Ball and Henry Kissinger out of U.S. negotiations in the Middle East."

George Ball is as evil as Adolf Hitler. As I reported in a half-hour, nationwide television broadcast back in November 1976, Ball has publicly supported repeatedly the proposal, by William Paddock, to commit genocide against the people of Mexico—to reduce the Mexican population by half through famine, epidemic and "Iran-style" destabilization. Ball continues to support the same policies today. Hitler's Holocaust must not be repeated in the Middle East today; keep George Ball out of the current Middle East negotiations. Tell President Reagan to stop Ball now: do not permit Ball to represent the United States even in a semi-official capacity, to any Middle East nation.

At the same time that the evil Ball is moving into the Arab side of U.S. Middle East affairs, Henry A. Kissinger is moving in to resume his old position as controller over U.S. policy in the Middle East and Germany. Stop him now, before this goes an inch further, while there are still people living in the Middle East. Telephone or telegraph the President right this moment; tell the President you back his keeping Kissinger entirely out of the U.S. government's affairs.

During May of this year, Kissinger travelled to London, to give a public address at Chatham House, and to conduct a series of meetings. There were four known points agreed upon. These points included plans for immediate destabilization of Mexico and India. The third of the four points known to me was an agreement to run a dirty operation against me and my associates, concluding with the planned assassination of my wife and myself, in that order.

What Kissinger has done and tried to do to me and my wife is an old story. Public documents of the U.S.

government prove that he was engaged in causing government agencies to conduct unlawful actions against me as early as 1975. This merely confirms what was reported to me by several ambassadors and others at that time. Worse, beginning Summer 1977, when Kissinger tried to taint my security under conditions I was targeted for assassination by the Baader-Meinhof gang, this dirty gangster has often showed his hand in attempting to sabotage my security. During Fall 1979, one of the highest officials of the French government informed me what Kissinger was doing against me internationally then. Just a few weeks ago, we caught the Kissinger gang attempting to sabotage my wife's security in West Germany. Let this creep try to sue me.

Personally, Kissinger is a nothing. Or, as we say in Yiddish, a golem. His first intelligence boss, back when Henry was a Pfc. jeep-driver at Oberammergau, says, "I invented Henry Kissinger." The statement is true. A golem is a thing, a hunk of mud squeezed into the shape of something semi-human, a hunk of mud made to walk and to run errands by a magician—as the matter is described in the case of the wife of the famous rabbi of Prague.

Personally, Kissinger is a degenerate. Still under investigation is the case of a dead waiter in Acapulco, Mexico. Henry Kissinger was placed in the room where a homosexual orgy was reportedly in progress. Someone hit the waiter with a bottle of whisky; the waiter died. There was a big effort to cover the matter up. There is the matter of boys at the Carlyle Hotel, which we learned from several highly reliable sources, reporting the matter independently of one another. Personally, Kissinger stinks like organized-crime's judge-fixer Roy M. Cohn, whose sexual activities were the subject of a recent, celebrated trial in New York City.

The important thing is not the disgusting thing which Kissinger is personally. The most disgusting thing is what he has done to our own and other nations.

For example, he said to Pakistan's President Bhutto,

"We are going to make a horrible example of you, Mr. Bhutto." Immediately after that, Bhutto was overthrown and then murdered. Bhutto's wife was subjected to hideous conditions of violation of human rights in prison—with no objections from the Trilateral Commission puppet-government of Jimmy Carter. Kissinger was behind the most brutal genocide in the Twentieth Century, the genocide against three-sevenths of the total population of Kampuchea by the Pol Pot government. Kissinger helped greatly to bring to power—with help of Alexander Haig and Thomas Enders. As in his personal life, so in international affairs, in hundreds of instances, Henry Kissinger is morally a subhuman thing, a criminal mind.

On May 10, 1982, speaking publicly at London's Chatham House, this treasonous scoundrel, Kissinger, rejoiced publicly over the premature death of President Franklin D. Roosevelt, and bragged of the way in which he had repeatedly lied to Presidents of the United States while selling the United States itself down the river. You don't believe it? Ask Georgetown University's CSIS for a mimeographed copy of Kissinger's speech, where I received my official copy of the speech.

True, former Secretary of State Alexander Haig was fired for repeatedly lying to President Reagan. It was, admittedly, Haig and Lord Caradon of Britain who connived with British agent and Israeli Defense Minister

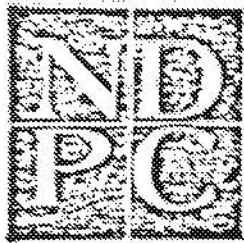

Ariel Sharon to outflank Prime Minister Begin and President Reagan, both to create Israel's "Vietnam," the present bloodbath in Lebanon. But, it was signals and channels set up earlier by Kissinger which Haig used to hoodwink the President and to help Sharon to outmaneuver Prime Minister Begin. Not only was Kissinger Haig's old boss. Fritz "I invented Henry Kissinger" Kraemer has also testified that he created Alexander Haig, orchestrated Haig's military promotions, and assigned Haig to Kissinger's staff. (Haig's comments on the matter have yet to be translated into English.)

Then, to help Kissinger get his stinking, fat feet back into Israel again, Kissinger's old sidekick Habib just recently "self-destructed." The information was leaked to Israel from "somewhere"—guess where?—that Habib had been a consultant to the Arab-linked Bechtel Corporation. "See," the word went out around Washington, "Habib's credibility has been shot down. We'll have to send in Kissinger."

To send Kissinger to Israel is like sending the Israeli people Care packages filled with some loathesome, untreatable venereal disease. Telephone or telegraph the White House now. We mustn't force Kissinger upon Israel again. There are already too many dead people and threatened nations in the Middle East.

European Masonic Leader Implicates Rockefeller, Kissinger, Haig in Fascist Plot

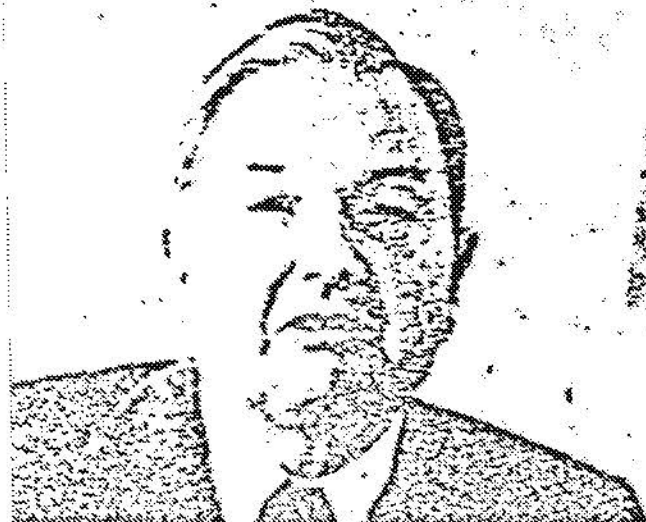

David Rockefeller's notorious Trilateral Commission is the real controller of a terrorist and drug-running nest uncovered in Italy last month, according to a top European Masonic leader. Italy's government fell last month after police busted the "Propaganda Two" splitt-off Masonic lodge in Milan, implicating members of Rockefeller's Trilateral Commission and Italian Socialist International leaders in criminal activities, namely controlling terrorism, running drugs, and organizing international dirty money flows, as well as attempting a fascist coup in Italy.

The Grand Master of the Grand Orient Lodge of French Freemasons, Roger Leray, told the European press last week, "Propaganda Two is a tool of the Trilateral Commission." Leray cited the presence of the names of European Trilateral leaders on the top-secret membership list of "Propaganda Two" as evidence that "P-2" and the Trilateral Commission are two names for the same organization. The secret membership list of "P-2," now published in the Italian press, deeply implicates Trilateral Commission moneymen Rockefeller,

Kissinger, Haig Plotted '69 Coup

June 16—Recent revelations in the "P-2" scandal reveal that Henry Kissinger and Alexander Haig launched a project to bring about a coup d'etat in Italy during the course of 1969. These charges were leveled yesterday by the leading Roman daily *Paese Sera*, which documented that the project had not only continued down to the present day, but had, in fact, been revived with Alexander Haig's return to high office in the United States during the course of the last months. Haig and Kissinger, it is reported, collaborated with the group of Italian business leaders and military figures recently exposed as members of the fascist "P-2" lodge.

and Latin America. As Italian officials were about to break the "P-2" scandal, His Holiness the Pope was shot.

"Propaganda Two's" membership list unites:

- Former leaders of Mussolini's secret police who moved into the Latin American dope traffic after World War II;

- the leadership of Italy's Socialist Party, the Italian branch of the Socialist International, including the two government ministers who resigned after their names appeared and brought down the Italian government;

- the Kissinger-connected international dirty-money banking nexus, including jailed Socialist Party financier Roberto Calvi of the Banco Ambrosiano; and

- the Trilateral Commission's European leaders, including Rockefeller intimate Aurelio Peccei of the genocidal zero-growth organization the Club of Rome, as well as Richard Gardner, Trilateral Commission chief economist who served as Trilateral member Jimmy Carter's ambassador to Italy, and Trilateral leader George Ball, a Carter foreign policy adviser.

Nest of Fascist International

Reportedly hiding in Latin America is "P-2" Grand Master Licio Gelli, a post-1943 chief of Mussolini's hated "Ovra" death squad. Gelli spent most of the post-war period hiding in Argentina with the help of the fascist Peron regime, and with the Trilateral-linked Fiat Corporation's representative in Argentina, Aurelio Peccei. On his return to Italy—made possible by a legislative change in the status of known ex-Fascists—Gelli recruited top Argentine fascists into his "P-2" nest, including Isabel Peron's adviser and astrologer Lopez Rega. A raid on Gelli's mansion produced the now-infamous "P-2" list. The list includes top leaders of Italy's avowedly neo-fascist party MSI, as well as a group of disgraced former Secret Service colonels who had been arrested in a 1974 coup attempt, including D'Amato, Pelosi, Frassini, Miceli, and Maletti. Also included were the present heads of the three major branches of the Italian Secret Services, leaders of industry including Signor Ratti of the Armand Hammer-connected ENI, and top public officials from the Italian government bureaucracy and central bank.

On the same list with exposed fascist coup plotters were most of the top leaders of the Italian Socialist Party, including Labor Minister Foschi and Trade Minister Manca. Their resignations upon exposure precipitated the government crisis. Also on the "P-2" list were leaders of the faction inside the Italian Christian Democracy which is now pushing for a government takeover by the Mussolini-style Socialist Party chief Bettino Craxi. This faction includes Amintore Fanfani and Carlo Donat-Cattin, father of an arrested terrorist.

In fact, there is no disparity between these apparently opposed groups who jointly formed the "P-2" lodge.

Alexander Haig

A fanatical backer of the terrorist and drug-linked Italian Socialist Party.

Both are puppets of the international banking powers behind terrorism and dirty money, as French Masonic Grand Master Leray stated.

In the same police sweep that netted the "P-2" list, Italian authorities jailed one of Italy's most powerful bankers, Banco Ambrosiano Chairman Roberto Calvi. Arrested with Calvi were Trilateral member Carlo Bonomi, an employee of Trilateralist Gianni Agnelli, who is a board member of Rockefeller's Chase Manhattan Bank; and top Venetian oligarch Mario Valeri Manera, a Calvi business partner and head of the Venetian Chamber of Commerce. Calvi is the treasurer of the Italian Socialist Party and the owner of the pro-Socialist newspaper Corriere della Sera. He is a suspected backer of Italy's terrorist Red Brigades, and is believed to have ordered the slaying of Investigative Judge Alessandrini last fall. Alessandrini was simultaneously pursuing the terrorists' "Front Line" cell in connection with the assassination of former Italian premier Aldo Moro and Calvi's dirty-money operations before his murder. Calvi's arrest last month was due to the slain Alessandrini's efforts.

Banker Calvi was the reputed conduit for Libyan dirty money into Italian terrorism, acting in concert with Rockefeller allies Gianni Agnelli of Fiat and Eugenio Cefis of Montedison. Calvi's far-flung international banking empire, is concentrated heavily in dirty-

money laundering centers in the Hong Kong area, in Switzerland, and Latin America. Calvi's collaborator Licio Gelli, the chief of the "P-2" Masonic splinter group, used his longstanding ties with the Argentine military to control the vast dirty-money traffic between Italy and the colony of exiled Italian fascists in Argentina.

The Rockefeller Connection

The arrest or exposure of top associates of David Rockefeller, and his employees Henry Kissinger and Alexander Haig, in the worn European scandal of the decade, is no "coincidence"—as a Trilateral Commission spokesman tried to make reporters believe last week. The "P-2" fascist nest is Rockefeller from top to bottom, as the French Masonic leader insisted.

Jailed banker Calvi's Banco Ambrosiano is merely the local Italian and Latin American dirty tricks branch of a worldwide banking syndicate called the Inter-Alpha Group, which operates under top-down Rockefeller control. Tied together by a web of mutual ownership, Inter-Alpha brings together \$100 billion in assets of banks such as Ambrosiano, the Royal Bank of Scotland, the powerful Crédit Commercial de France, and West Germany's BHF Bank. Inter-Alpha is a "special operations" division of the Rockefeller empire, including the Kissinger-Haig networks throughout the European continent.

Retiring U.S. Ambassador to Italy Richard Gardner was Inter-Alpha's chief of intelligence, reporting Rockefeller's orders through to Calvi. Gardner, author of the Trilateral Commission's 1976 plan for a "world central bank" to eliminate national sovereignty over economic policy, held his post as a director of Ultrafin Inc., the New York- and Zürich-based securities arm of Inter-Alpha. Calvi aides admit that Gardner got his job through the intervention of Gianni Agnelli of Fiat and the Trilateral Commission and Agnelli's longstanding Argentina chief Aurelio Peccol.

Inter-Alpha's roster reads like a "Who's Who" of Rockefeller-Kissinger operatives in Europe. Heading its French wing, the Crédit Commercial de France, is Kissinger intimate Ambroise Roux, whose bank bought out the old French opium connections to Indochina. Even more important is the secretive BHF Bank of West Germany: this is the admitted West German base of operations for the men who created Henry Kissinger and Alexander Haig in the first place, Fritz Kraemer, Helmut Sonnenfeldt, and Maj. Gen. Julius Klein. This bank is reportedly based on Nazi funds smuggled out of Germany after the Battle of Stalingrad.

G-2 officer Fritz Kraemer, operating under Sonnenfeldt and Klein in occupied Germany after World War II, spotted the usefulness of then Pfc. jeep-driver Henry Kissinger. Pentagon intelligence officer Kraemer became the Svengali to puppet Kissinger, passing him on

to a British intelligence recruiting and training operation under Prof. William Yandell Elliott at Harvard, along with classmates Zbigniew Brzezinski and future Canadian Prime Minister Pierre Trudeau. Kissinger passed into Rockefeller family service, replacing Brzezinski as executive director of the Trilateral Commission when Brzezinski went to the Carter administration in 1977.

Kraemer is the key to tracing the sudden promotions of mediocrities like Kissinger and Haig, and also the key to understanding Haig's fanatical backing for the Socialist International and for "P-2"-connected Italian Socialist Bettino Craxi in particular. Born a Prussian oligarch, Kraemer maintains contact between the old European "black nobility," including the fascists implicated in the "P-2" scandal, and the Socialist International networks run by Kraemer's admitted "closest friend," ex-Communist Jay Lovestone.

Like Gardner, Secretary of State Alexander Haig wants a Craxi Socialist government in Italy, ending 36 years of postwar Christian Democratic rule,—the same Craxi whose chief aides appear on the list of the "P-2" fascist lodge. During his trip to Italy in May to attend the Rome meeting of NATO defense ministers, Haig conducted secret meetings with Italian Socialist Party leaders. Haig signaled his intention to ally worldwide with the Socialist International immediately upon mov-

ing into the State Department. In exchange with Italian Socialist leaders that became a major scandal in Italy earlier this year. Haig sent Georgetown University "Italian expert" Michael Ledeen to Italy to convey support for Craxi's ambitions. Now Haig's adviser on terrorism, Ledeen brought back the line issued by Socialist leader and Italian President Sandro Pertini that all terrorism proceeds from Moscow—an attempted defense of the Socialists' now-blown connections to terrorism from Europe to Libya and Latin America. In fact, the Italian Socialist Party is up to its neck in terrorism, from Socialist financier Calvi's involvement with the "Front Line" group to the arrest of Socialist Party minister Donat-Cattin's son for organizing the 1978 murder of Italian Prime Minister Aldo Moro. And of course Michael Ledeen's best friend in Italy is Signor Martelli, Craxi's secretary and member of the "P-2" lodge.

There may be legitimate doubts about David Rockefeller's ability to read the label to see who owns him. But the Rockefeller family has bankrolled the operations of the violently anti-industrial wing of British intelligence in the United States since the 1898 founding of the University of Chicago as an official extension of Beatrice Webb's Fabian Society into the United States. By the turn of the century the "robber baron" Rockefellers had joined the lower ranks of the "colonial division" of the British aristocracy. The Rockefeller machine provided a base of operations to British intelligence subversion specialists like Kissinger's teacher William Yandell Elliott, and to allied continental European oligarchs like Fritz Kraemer and jailed Venetian nobleman Valeri Manera, the brains of the Calvi dirty-money empire.

In 1972 David Rockefeller founded the Trilateral Commission under the program written by Inter-Alpha intelligence chief Richard Gardner: to eliminate the powers of sovereign national government in favor of a "one world central bank," and to replace the powers of national states with a "one world government." In the political sphere, their policy is to destabilize all duly constituted national governments. For this reason these forces created the Socialist International of Willy Brandt—who financed the El Salvador destabilization through the German Social Democracy—Olof Palme, and Bettino Craxi. The Socialist International, working closely with the notorious Heritage Foundation branch of the British Fabian Society, is a fanatically anticapital-

ist, anti-industrial movement which coincides in outlook with the throwbacks of the European oligarchy including those within the Soviet Union. That is why "conservative" Friedrich von Hayek found a home in the Fabian Society, according to his own testimony, and why the Rockefeller networks and the Socialist International are the same beast, as the case of the fascist lodge shows.

The Trilateral Commission's stated financial strategy is "controlled disintegration of the international monetary system during the 1980s," as stated by Trilateral economist Fred Hirsch and repeated during a February 1978 address in England by U.S. Federal Reserve Board Chairman Paul Volcker. That is, the Trilateralists intend to use monetary chaos caused by usurious interest rates to bludgeon national governments and open them up to political destabilization. This would leave national economies at the mercy of the dope-traffic-ridden "off-shore" financial markets and controllers like jailed Italian banker Roberto Calvi and David Rockefeller himself.

Along with renegade Secretary of State Haig, the Trilaterals' most important asset in the United States is Fed Chairman Volcker, who spent the best part of his working career as Director of Strategic Planning for Chase Manhattan Bank throughout the 1960s—before going to Washington to sabotage the Nixon administration from within, side by side with Kissinger and Haig. Along with his murderous interest-rate policy, Volcker is responsible for permitting the Inter-Alpha allied Hong Kong and Shanghai Bank—the central bank of the Far East heroin traffic—to have free access to the United States. Now Volcker has approved "free banking zones" in the U.S.A. which would introduce "offshore" banking conditions at home.

The forces implicated in the "Propaganda Two" scandal are out to wreck the Reagan administration and throw the U.S.A. into chaos, the same plot they were arrested for in Italy. They must be stopped. Haig and Volcker must leave office immediately.

- * Rockefeller associates Haig and Volcker must be removed from office immediately
- * Send this leaflet to your congressman
- * Demand that the Trilaterals and the fascist lodge be investigated.

LaRouche Says: Stop IMF Genocide! New World Economic Order Now!

Citizens of Toronto, world government officials: beware of the 2,000 somber, grey-suited bankers descending upon this city, starting today, for the International Monetary Fund's Annual Meeting. These quiet men are plotting a new fascist world dictatorship. Their policy is genocide—the deliberate extermination of over 2 billion people in Asia, Africa, and Latin America by economic austerity.

The IMF, and the private London and Swiss bankers who stand behind it, believe in the racist Nazi theory that 2 billion people of dark, yellow, or other colored skin must be removed from the earth to make "Lebensraum" for the "white race." "A major goal of economic policy" is to ensure "the growth in the world's population can be arrested," IMF Managing Director Jacques de Larosière told a secret United Nations seminar in August 1981. "[A] massive effort will be required if the world is to be protected from the pressures of a population growing beyond its resources . . . concentrated in the poorer, developing countries."

To accomplish this genocide, de Larosière in recent speeches and the IMF's just-released 1982 Annual Report calls upon

world governments to submit to "IMF discipline," or "IMF surveillance," a thinly-veiled term for IMF dictatorship. The IMF programs are economic austerity so harsh that they are deliberately calculated to raise the death rates of nations.

Former U.S. Secretary of State Henry Kissinger, the IMF's hit man, is about to tour Latin America to demand governments submit to IMF genocide.

Leading U.S. economist Lyndon H. LaRouche, Jr. has had enough of the IMF. On Aug. 21, after the IMF demanded Mexico shut down its economy, LaRouche urged Mexico to say "Fuck you!" to the IMF. He called upon elected governments of nations everywhere to declare the unelected IMF an outlaw institution, and denounced Kissinger's "thuggery."

Instead, LaRouche, a 1980 U.S. Democratic Party presidential candidate, called for the immediate establishment of a "New World Economic Order," in which sovereign nations take world credit out of the IMF's hands, and into their own.

As the first step, LaRouche said, the Third World must drop the "debt bomb" on the IMF—declare debt moratoria on \$500 billion in Third World debt which is crushing their economies.

LYNDON LAROCHE: "Fuck you" to the IMF.

HENRY KISSINGER: Out to murder 26 million Mexicans.

IMF Says: Kill Nations, Save Bankers

The men plotting the new IMF dictatorship here now are the same men who have conspired to deliberately destroy the world economy since 1976 with their tight money policy:

- Gordon Richardson, Governor of the Bank of England
- Sir Geoffrey Howe, British Chancellor of the Exchequer
- Fritz Leutwiler, President of the Swiss National Bank, and Chairman of the Swiss-based Bank for International Settlements
- Carlo Azeglio Ciampi, Chairman of the Bank of Italy
- Jacques de Larosière, Managing Director of the IMF
- Paul Volcker, Chairman of the U.S. Federal Reserve
- Donald Regan, Secretary of the U.S. Treasury
- Henry Kissinger, current envoy for the IMF.

No one elected them, and their conspiracy is illegal. No elected government could carry out the new levels of austerity they plan—only an IMF *supranational* dictatorship.

These men plot to destroy nations, to divide and conquer.

First on the IMF's genocide list is Mexico, which has been forced to seek IMF credit after London and Swiss bankers bankrupted the country in August. The "conditionalities" the IMF demands in exchange include a plan authored by Henry Kissinger and former U.S. Undersecretary of State George Ball to reduce Mexico's population by 20 million people:

"Overpopulation is the root of the problem in Mexico," Wall Street banker Andrew Tucker of Brown Brothers Harriman lied Aug. 12. "That's how they got into financial trouble. That's what caused them to gun the economy and borrow too much. This has got to stop. Mexicans are going to have to tighten their belts. There must be mass unemployment, and people must be restrained."

Kissinger plans to travel to Mexico to demand capitulation to this IMF policy.

Any national government which gives in to this will be toppled or turned into an IMF colony "banana republic." And if Mexico can be broken, IMF officials say, it will "set the precedent" for more IMF dictatorships everywhere.

Drop the Debt Bomb!

"The only alternative to the IMF and Kissinger-directed mass murder of the entire continent of Ibero-America, is to drop the debt bomb," said Lyndon LaRouche in an Aug. 28 statement. "Let the Ibero-American nations act in concert to force an immediate reorganization of their \$250 billion foreign debt." If the IMF and British and Swiss bankers refuse the proposed renegotiations, then they must be threatened with a total \$250 billion default that would bankrupt them.

"The debt reorganization proposed is quite simple," LaRouche continued:

"1. Set a cut-off date for payments on existing debt obligations. As of that date, interest payments cease to be due on outstanding debt.

"2. Create a new issue of medium-term to long-term bonds, at between 2% and 4% interest, equal to the amount of old debt.

"3. Exchange the old debts for new."

In addition, to restart world trade and production, LaRouche demanded the U.S. lead the formation of a new world monetary system, backed by gold. The United States, he said, must "re-establish a gold-reserve-based U.S. dollar, pegged among nations at approximately \$500 per troy ounce."

The \$1.7 trillion Eurodollar market must be shut down and bankrupted. Eurodollars, the offshore dollars held in London and Switzerland by private bankers, are "not legal tender" of the U.S., LaRouche said, and must not be accepted for gold backing or bailed out by the U.S. government.

Once the Eurodollar bankers have been shut down, the U.S. Federal Reserve and all such outlaw central banks must be fully *nationalized*, and issue new gold-backed government credits, at 2-4% interest rates, for production and trade. These national banks must establish an *international re-discounting bank*, to issue no less than \$400 billion each year in fresh credits to the Third World for industrial development.

Only this, he said, will stop the IMF's depression, and start the biggest boom in world history.

SECRET KISSINGER MEETING DRAWS RED LINE FOR IMF GENOCIDE

NOV. 17, WASHINGTON -- Henry Kissinger has called a closed-door meeting for this Friday, 9:30 am-5:30 pm, at the Center for Strategic and International Studies (CSIS), to discuss the real plans for the next round of IMF austerity to be imposed upon the leading debtor countries of the developing sector.

In meetings in London last May, then British Foreign Secretary Lord Carrington, Lord Alec Douglas Home, and other members of the British royal government assigned Kissinger as case officer for the Mexican-style economic destabilization of key Third World countries and to enforce follow-up debt collection. Kissinger has just returned from a new round of private meetings with British Prime Minister Margaret Thatcher, Lord Carrington, Lord Harlech, and others, where these plans were updated.

According to well-placed sources, the Friday meeting at CSIS will have at least the quasi-official backing of a wing of the U.S. government identified with Anne Armstrong, chairman of the President's Foreign Intelligence Advisory Board and of the CSIS Advisory Board, who will take part in the Friday meeting and even more secret sessions the next day. Mrs. Armstrong, former U.S. Ambassador to the Court of St. James who hosted Britain's Prince Philip on a recent tour, is closely identified with the same British oligarchy that uses Kissinger as its head hunter.

The secret discussion paper for the CSIS conference, titled "Current Vulnerabilities of the International Financial System," was written by Penelope Hartland-Thunberg, a former high-ranking economist at the CIA, now at CSIS. Well-placed sources report that the paper discusses how to keep Third World debtor countries locked into the IMF's genocidal process. At the same time it discusses procedures by which commercial banks can act in concert to maintain the highest levels of austerity conditions on access to new credits without crossing a "redline" of either political rebellions or an international monetary blowout.

Speakers at this secret planning meeting include: Henry Kissinger, who will address a closed dinner at CSIS Friday evening; Jacques de Larosiere, managing director of the IMF; Jacques Pollak, executive director for the Netherlands at the IMF and former IMF chief economist; Michel Francois-Poncet, former French Foreign Minister; Karl Otto Poehl, chairman of the West German Central Bank. Among the participants are the International Council of CSIS, which is chaired by Kissinger and includes such members as Anne Armstrong; Nathaniel Samuels, chairman of Lehman Brothers Kuhn Loeb, and the U.S. branch of Assicurazione Generali, that oversees capital flight operations robbing the Third World; and Ernest Japhet, scion of an old opium-running family who chairs Bank Leumi.

The Executive Intelligence Review journal has further, more detailed, information on this secret gathering which its correspondents are willing to discuss with interested parties; they can be reached at (202)223-8300.

The National Democratic Policy Committee (NDPC), an independent political action committee, will hold a press conference Friday morning, November 18, at 9:00 am, outside the offices of CSIS where this meeting will be taking place, at 1800 K St., N.W., in Washington.

Witness in Rome Trial Reveals

Henry Kissinger Behind Murder of Aldo Moro

ROME, Italy, Nov. 10—Long-standing charges by the National Democratic Policy Committee's collaborators in Italy that Henry Kissinger was behind the terrorist murder of Aldo Moro were confirmed in court testimony today.

One of the closest collaborators of former Italian Prime Minister Aldo Moro testified at the trial of Moro's murderers that the man who threatened Moro to change his political line or else was none other than Henry Kissinger, at the time U.S. Secretary of State. The explosive sworn testimony by Moro's collaborator Corrado Guerzoni was a leading news item on Italian radio and television newscasts today.

Aldo Moro, former Prime Minister of Italy and president of its ruling party, the Christian Democracy, was kidnaped in the spring of 1978 and all of his bodyguards murdered, by the terrorist Red Brigades. After two months of captivity, the Red Brigades atrociously murdered Aldo Moro.

Thanks to the testimony of Corrado Guerzoni, the entire Italian nation now knows that Henry Kissinger, while supposedly acting as the representative of the U.S. government, was ordering the murders of heads of government and other statesmen of the United States' most valuable allies. In 1977, according to the written testimony of former Prime Minister of Pakistan Z. A. Bhutto, Kissinger told Bhutto that he would "make a horrible example of you" if Bhutto pursued his nation-building policies.

Bhutto was later overthrown and replaced by the military dictatorship of Zia ul-Haq, and judicially murdered by the Kissinger-backed Zia regime in 1979.

Today, another political leader of an allied nation is in danger of dying because Kissinger does not like

her "political line." Mrs. Nusrat Bhutto, the widow of Prime Minister Bhutto and head of the Pakistani People's Party, has been refused permission to seek medical care for her lung ailment, suspected of being lung cancer, outside Pakistan. Mrs. Bhutto has expressed the fear, widely shared by opponents of the military dictatorship, that Zia intends to see her die.

The U.S. State Department claims to be "investigating" the case, but has invited dictator Zia to Washington in December.

"You Will Pay Dearly"

In June and July of this year, the widow and children of former Italian Prime Minister Aldo Moro testified that Moro's assassination came as a consequence of open threats made against the statesman by an "important American politician." Mrs. Eleonora Moro reported the precise phrasing used by her husband's enemy: "Either you stop your political line or you will pay dearly for it. See for yourself how you want to understand this advice."

Asked today by the Rome court whether he could identify the man who had threatened Moro, Guerzoni said that it was Henry Kissinger. He said that the day after Kissinger's threat, Moro, who had served many terms as Prime Minister and Foreign Minister of the Italian government, considered giving up political life. He then decided not to give in to Kissinger's diktat, but attempted to take measures to protect his wife and children from terrorism.

Guerzoni also said that Moro had discovered that Kissinger was orchestrating a campaign of slanders against him, including charges of corruption. Moro found out that an official of the U.S. State Depart-

ment, an intimate of Kissinger, was suggesting to the media that Moro was involved in the Lockheed payoff scandal.

It was this kind of trumped up "corruption" charge that was used in Pakistan as the pretext for killing Prime Minister Bhutto.

Henry is not in this just for kicks—although his psychological profile is that of a distinct homicidal tendency. Kissinger openly boasted in May of this year, in a speech in London, that his entire public career had been in the interest of *British*, not U.S. foreign policy.

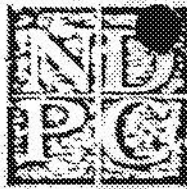

Right now Kissinger is involved in a speculative land-grab in the Middle East that is designed to finish off any remaining U.S. influence in that area, just as the British want. According to a source close to Israeli Defense Minister Ariel Sharon, Kissinger is involved, along with Sharon himself, Britain's Lord Harlech, and other intimates of Kissinger Associates, Inc., in a secretive deal to buy huge tracts of privately owned Arab land on the Israeli-occupied

West Bank. Large combines have been set up in the U.S., France and Israel to buy the land and then unload it to Jewish buyers—at a 100 percent mark-up.

Now that the hard evidence that Kissinger has been the major destabilizing influence in world politics over the past decade is on the court record and in the public domain, you must act.

Go to your telephone or the nearest telegraph office and send a message to President Ronald Reagan. Tell him that Henry Kissinger has to go and his policy influence must come to an end. The only thing keeping the butcher Zia in power in Pakistan right now is Henry Kissinger. State Department officials have admitted that if there were elections in Pakistan, Mrs. Bhutto would be elected Prime Minister.

The United States must now use its power to force Zia to release Mrs. Bhutto, before another life is lost to Henry's bloodthirsty rampage on behalf of Britain.

Henry Kissinger Indicts Himself and Haig for Treason

It is shocking to hear the truth coming from that genocidal schemer, Henry Kissinger. But on May 10 in London, the former Secretary of State confessed he was and is an agent of the British Crown, which since 1776 has never ceased its efforts to subvert and destroy the American republic and its industrial potential.

By his own words, Fat Henry indicted himself for treason.

Treason, according to the U.S. Constitution, "shall consist only in levying War against them, or in adhering to their Enemies, giving them Aid and Comfort." By that standard, Kissinger must be tried and hanged, as were the co-conspirators in the plot that murdered President Abraham Lincoln. And if Kissinger's self-indictment is borne out, the case against Alexander Haig, the man Kissinger hand-picked to fill his shoes, will be open and shut.

Kissinger's statements May 10 before the British Royal Institute of International Affairs, excerpted below, speak for themselves [emphasis added].

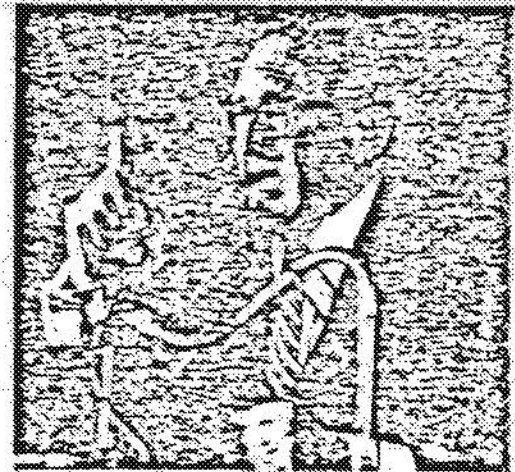

Unconventional Special Relationship

"To the outside world it may have seemed that Britain clung far too long to the illusion of Empire, in her relations with Washington, she proved that an old country was beyond self-deception on fundamentals. Britain, the unlikely originator of this revolution in British diplomacy, shrewdly calculated that Britain was not powerful enough to influence American policy by conventional methods of pressure or balancing of risks. But by discreet advice, the wisdom of experience, and the presumption of common aims, she could make herself indispensable, so that American leaders no longer thought consultation with London as a special favor but as an inherent component of our own decision-making. The wartime habit of intimate, informal collaboration thus became a permanent practice, obviously because it was valuable to both sides.

"The ease and informality of the Anglo-American partnership has been a source of wonder—and no little resentment—to third countries. Our post-war diplomatic history is littered with Anglo-American 'arrangements' and 'understandings,' sometimes on crucial issues, never put into formal documents.

"The British were so matter-of-factly helpful that they became a participant in internal American deliberations, to a degree probably never before practiced between sovereign nations. In my period in office, the British played a seminal part in certain American bilateral negotiations with the Soviet Union—indeed, they helped draft the key document. In my White House incarnation then, I kept the British Foreign Office better informed and more closely engaged than I did the American State Department—a practice which, with all affection for things British, I would not recommend be made permanent. But it was symptomatic. . . .

"The practice of collaboration throbbed to our day, with occasional ups and downs but even in the recent

Falkland [Malvinas—ed.] crisis, an inevitable return to the main theme of the relationship.

"Many American leaders and 'young Chaps' still as usual are obsessed with power politics, the right, anti-Soviet, neo-colonialist in his attitude to what is now called the Third World, and was little interested in building the fundamentally new international order towards which American idealism has always tended. The British undoubtedly saw the Americans as naive, moralistic, and shunning responsibility for helping secure the global equilibrium. The dispute was resolved according to American preferences—in my view to the detriment of postwar security.

"Fortunately, Britain had a decisive influence over America's rapid awakening to maturity in the years following."

British Ethical Egoism Beats American Morality

"Britain has rarely proclaimed moral absolutes or tested her faith in the ultimate efficacy of technology, despite her schemer-omenia in this field. Philosophically, she remains Hobbesian [Hobbes is the English philosopher who proclaims life to be a war of all against all—ed.] She expects the worst and is rarely disappointed. In moral matters Britain has traditionally practiced a convenient form of ethical egoism, believing that what was good for Britain was best for the rest. . . . Her presumption was frequently justified. . . .

"When George Canning viewed the Monroe Doctrine in terms of the world equilibrium, calling the New World into existence to redress the balance of the Old, Americans imagined the entire Western Hemisphere a special case, safely insulated from the rest of the world. We had created a nation consciously dedicated to 'self-evident' truths, and it was taken for granted in most American public discourse that our participation (or non-participation) in the world could be guided exclusively by moral precepts. That grand

luxury was only evidence of God's blessing upon us; we owed Him that quid pro quo. The competitive, sometimes cynical, and always relativistic style of European power politics was viewed in America as an unsavory example of what to avoid and as further evidence of our moral superiority. . . .

"American attitudes, until quite literally the recent decade have embodied a faith that historical experience can be transcended, that problems can be solved permanently, that harmony can be the natural state of mankind. . . . *Disillusionment was inevitable.*"

British by Instruction and Experience

The British are well aware of the indispensable role that traitors Kissinger and Haig are playing in imposing their "Hobbesian" war of all against all on the foreign policy of the United States. Hear Lord Alec Douglas-Home, former British foreign secretary, who is speaking to an *Executive Intelligence Review* reporter inquiring on the British response to Kissinger's pledge of allegiance:

EIR: What is your impression of Mr. Kissinger's speech, in which he seemed to promise full backing for Great Britain in the current conflict? What additional aspects did Mr. Kissinger allude to privately during the follow-up reception?

Home: He gave an historic review of the past 30 years. That was the gist. He emphasized the close contacts that have existed between us and the Americans over the past years. He brought in the Falklands issue as such rather late, but I can say that he very much understands our difficulties.

EIR: Would you consider Kissinger to be in fact a trustworthy extension of British interests within the United States?

Home: I would say so. He's always been friendly to us. I worked with him for many years in my official capacity, and only on minor tactical details did we ever disagree. We've always been on the same road.

EIR: Would you say Mr. Kissinger would like to ensure the hegemony of London within the Western alliance: that this is a paramount concern?

Home: Yes, I would say so. Our purpose has always been the same as his, yes.

EIR: So you would agree with the assessment that Mr. Kissinger is in fact a British agent inside the United States?

Home: Not an agent, that's too strong a word, but surely by instruction and experience, he finds himself on the same side as us, yes.

EIR: And of course there is this question of secretive arrangements that he spoke about: what does this amount to?

Home: It's not necessarily formal arrangements: we don't have to write things down. Kissinger was referring

to common purposes that don't need to be put down on paper necessarily, but to cite on example: Diego Garcia [an island] in the Indian Ocean is a good case of how we are able to cooperate in a crucial theatre, on the essentials of security. Mr. Kissinger is saying, we come together.

EIR: Your own press today quotes Mr. Reagan himself and Vernon Walters as well showing some possible doubts about going to war in support of the British, Walters calling Mrs. Thatcher a machia, and so on. Do you think some people may not be so enthusiastic about supporting Britain from within the American leadership?

Home: No, I don't think so. Even Mr. Haig is gravely concerned about losing friends in South America, and I can understand this. But I have absolutely no doubt of American support in this situation, I am sure it is forthcoming.

Root Out Treason Now!

It was 1978 when Lyndon LaRouche, currently advisory board chairman of the National Democratic Policy Committee, and his associates first identified Henry Kissinger as a traitorous British agent. For years before, the American public—particularly Congress with its charge to protect the nation and provide for its posterity—had heard our charges that Kissinger's handling of the Vietnam War, the arrangement of the Oil Hoax of 1973, and his conduct of Watergate as a cold coup d'état against President Nixon made him a clear and present danger to the Constitution and survival of the United States of America.

Henry has always been known as a genocidalist—pitting the U.S. in economic and military policy against two-thirds of the world's population. He put Pol Pot in power, greased the skids for Khomeini, cried for blood by sacrificing Africa and Latin America to the International Monetary Fund's austerity demands. NATO, Britain's super-government, was simply one of his tools to accomplish these tasks.

It was not unrelated to the hatred which the American public had toward Henry Kissinger and his policies of undermining our allies, promoting genocide and destabilization, and usurping the presidency, that the American public swept aside the Kissinger-permeated Carter administration in 1980.

But Kissinger has been allowed to do his dirty work while out of office. And through his protégé Alexander Haig—who ran the government for Kissinger during the height of Watergate—he continues to carry out the same policies of destruction.

Kissinger's old crimes cannot be erased, but they can be avenged. Alexander Haig's crimes can be stopped.

Everything that Alexander Haig and Henry Kissinger stand for is inimical to the interests and constitutional commitment of the United States.

Try Haig and Kissinger for Treason Now!

Dear Texas Lyceum Director,

~~10-1-91~~

You have picked a particularly inopportune time to invite Henry Kissinger to address your annual conference.

Mr. Kissinger has become an international "bad joke", the target of official investigations ongoing in Italy and elsewhere into the Anglo-KGB networks involved in international terror, assassination and drug-running activities.

Insofar as Kissinger has been named publicly in an Italian courtroom this Fall for threatening the subsequently kidnapped and murdered Italian Prime Minister Aldo Moro, and insofar as this and other of Kissinger's low-life activities have received widespread attention in the press in Italy and throughout Latin America, he has increasingly become an embarrassment to anyone caught associating with or endorsing his activity.

For example, his notoriously insatiable appetite for felonious sexual acts with young boys, which resulted in at least one documented case of murder, has made Kissinger's pliability at the hands of both KGB and British intelligence a newly-exposed international scandal.

Documentation of these matters has been on record (including in the active files of new Soviet chief Andropov — whose conquests in the compromising of Kissinger, Arthur Schlesinger and others to the service of KGB objectives came to light in the wake of his new appointment), — but new developments in the recent period have made this a matter of Western security and possible legal indictments, at least in Italy.

Therefore, it is conceivable that your Mr. Kissinger may be in the clinker on the date he is scheduled to address your conference. Decorum would suggest that you have a back-up ready, or better, that you find a pretext to un-invite Mr. Kissinger before its too late.

It should already have occurred to you that the rugged, Texas-style image associated with the Lyceum could take a significant beating if, forewarned, you proceed to stoop before this faggoty Andropov marionette.

I received a telephone call yesterday from a Ms. [REDACTED] Executive Intelligence Review. She wanted to know when the next International Councilors meeting was going to be held, and I told her that I did not have that information, but that Ms. [REDACTED] would return her call on Monday. I then asked her who wanted this information and she said that she received a letter from [REDACTED] inquiring as to the dates of the International Councilors meeting so that when he came to the states in the spring for a speaking engagement at George Washington University, his meetings might perhaps take place at the same time. I did not give her any dates.

I called her back later (to see if she did exist at the given number - to which she did) and told her I was checking to see if I had recorded the correct telephone number. Then I told her I would have Ms. [REDACTED] return her call on Monday.

IN NEW ORLEANS TO INQUIRE AS TO WHETHER THE ITALIAN GOVERNMENT HAD ISSUED A WARRANT FOR FORMER SECRETARY OF STATE HENRY KISSINGER. HE ADVISED THAT NO THREATS WERE MADE BY ANYONE TO CAUSE BODILY HARM TO DR. KISSINGER.

ON APRIL 22, 1983, AT APPROXIMATELY 10:30 A.M., HE WAS ASKED BY UNKNOWN FEMALE AT INTERCONTINENTAL AIRPORT, HOUSTON, TEXAS, TO SIGN PETITION REQUESTING CONGRESS TO APPROPRIATE MONEY FOR RESEARCH AND PRODUCTION OF "ENERGY BEAM WEAPONS". HE BELIEVES THAT UNKNOWN WHITE FEMALE WAS WITH THE LINDEN LAROCHE (PHONETIC) GROUP. SHE ATTEMPTED TO SELL HIM A MAGAZINE SUBSCRIPTION TO ONE OF THEIR MAGAZINES, WHICH HE BELIEVED WAS ENTITLED "V.I.P" OR "V.I.S.". HE DESCRIBED THE MAGAZINE AS CONTAINING POLITICAL INTELLIGENCE TYPE MATERIAL. FOR ATTEMPTING TO SELL HIM A SUBSCRIPTION, UNKNOWN WHITE FEMALE ADVISED HIM THAT HER GROUP HAD DETERMINED THAT ITALIAN GOVERNMENT HAD ISSUED A WARRANT FOR DR. KISSINGER FOR QUESTIONING REGARDING ALLEGED THREATS WHICH HE, THAT IS, DR. KISSINGER, ALLEGEDLY MADE AGAINST NOW DECEASED ITALIAN PRIME MINISTER MORO. HE THOUGHT THE STATEMENT BY THIS UNKNOWN FEMALE WAS MADE FOR THE PURPOSE OF IMPRESSING HIM WITH POSSIBLE INSIDE INFORMATION, WHICH HER GROUP HAD REGARDING WORLD EVENTS.

PAGE THREE DE HQ 0034 UNCLAS

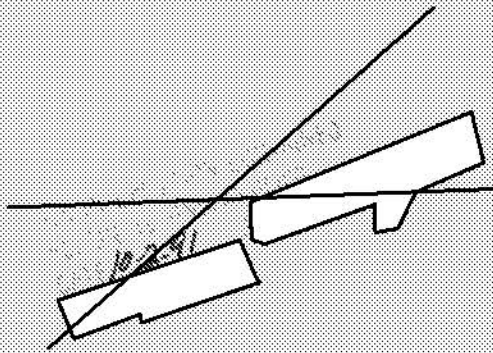

MR. [] ADVISED THAT HE CALLED ITALIAN CONSULATE IN HOUSTON AND WAS REFERRED BY THEM TO THE ITALIAN CONSULATE IN NEW ORLEANS. HE CALLED THE CONSULATE IN NEW ORLEANS ON ONE OCCASION AND INQUIRED OF AN UNRECALLED INDIVIDUAL AS TO WHETHER THE INFORMATION REGARDING A WARRANT BEING ISSUED FOR DR. KISSINGER WAS FACTUAL. AGAIN MR. [] ADVISED THAT HE PLACED ONLY ONE CALL TO THE CONSULATE IN NEW ORLEANS AND THE UNIDENTIFIED FEMALE AT INTERCONTINENTAL AIRPORT, HOUSTON, DID NOT MAKE ANY KIND OF THREAT AGAINST DR. KISSINGER.

In order to establish the interstate nature of the telephone calls, immediate trap and trace must be conducted on the incoming calls. The use of this trap and trace equipment necessitates its connection to a specific identified telephone line. When a call is received, the devices, operated by the telephone company, may be able to trace the call to the originating telephone number. This, however, is not always successful for technical reasons.

While the interstate nature of some of these calls is assumed, evidence to prove such has not been developed to date.

The New York Office is conducting no active investigation until the Federal Bureau of Investigation Headquarters discusses present status of case with the Department of Justice.

RE ALEXANDRIA TELETYPE TO THE BUREAU APRIL 29, 1975.

IT IS NOTED ALEXANDRIA DESIGNATED WFO AS OFFICE OF ORIGIN, HOWEVER, A REVIEW OF REFERENCED TELETYPE REFLECTS COMPLAINTANT WAS PICKED UP IN VIRGINIA AND THREATENING STATEMENTS WERE MADE IN VIRGINIA. FOR THESE REASONS THE BUREAU IS REQUESTED TO DESIGNATE ALEXANDRIA AS OFFICE OF ORIGIN.

IT IS FURTHER NOTED THAT WFO IS HANDLING CAPTIONED MATTER UNDER AN 89 CLASSIFICATION AND NOT A 175. RE: UNSUBS (3); THREATS TO SHOOT SECRETARY OF STATE
HENRY A. KISSINGER

NOTE: Complainant, a [redacted] alleges that on 4/27/75, he was hitchhiking and was picked up in northern Virginia by three unknown males of Middle East extraction who claimed to be Palestinian guerillas. They claimed to have machine guns and claimed they were going to shoot Kissinger, Schlesinger, and Senator Baker. Complainant thought he saw a machine gun on rear floor of car. He could not describe the car and said he was afraid to look at the license plate. Alexandria opened as a Threat Against the President case and designated WFO as office of origin. Investigation is being conducted in Alexandria and WFO Divisions to develop additional information. This communication designates Alexandria as office of origin, changes character to CAS, sets out two leads (one of which is for the purpose of exploring complainant's mental state) and directs that investigation be expedited.

On April 29, 1975, [redacted]

[redacted] Virginia, furnished the following information to a Special Agent of the Federal Bureau of Investigation:

On Sunday afternoon, April 27, 1975, he went to Washington, D.C., with his wife and two daughters and another friend from Maryland. They were sightseeing in the area of the White House and the Washington Monument. There were a lot of people at those two locations on that afternoon and during the afternoon at about 4:30 p.m., he became separated from his family. He remained in that area until approximately 7:00 p.m. trying to locate his family and at a little after 7:00 p.m., he decided to hitchhike to his residence in [redacted] Virginia. He walked from the Washington Monument to the Memorial Bridge and walked across the bridge to the Virginia side of the Potomac River. At that location on Route 50, he was hitchhiking and he was picked up by three unknown men. He got into the back seat of this car, but he was unable to recall anything about the automobile. He explained that he is not very familiar with American automobiles and that for this reason, he could not furnish any information at all about the car.

UNKNOWN SUBJECTS (3); Threat to Shoot
Secretary of State Henry A. Kissinger
Secretary of Defense James R. Schlesinger and
Senator Howard H. Baker, Jr.

As soon as he got into the car, he noticed that these three young men were of dark complexion and were probably of Middle East extraction. He added that he has seen many people of Middle East extraction in the past and that based on this experience, he was able to deduce that they were possibly of extraction of a Middle East country. There were two men in the front seat of this car and one man in the back seat. The driver of the car was very talkative during the time he was in the car. The passenger in the front seat of the car made only one statement during this time and was very quiet. The passenger in the back seat of the car was more talkative and carried on some conversation with Mr. [REDACTED]. The driver asked him where he was going and he said that he was going to Falls Church, Virginia. They noticed that he spoke with a foreign accent and asked him where he was from. He told them that he was from Yugoslavia. When he told them he was from Yugoslavia, all three said, "Viva Marshal Tito." They also remarked, "Zivio Tito," which he explained meant "Viva Tito" in the German language. He said that one of them spoke German to him on one occasion, but he added that all three of these individuals spoke perfect English with no accent.

After picking him up, the car was driven on Route 50 (Arlington Boulevard) to an unknown exit. He recalled that there were two signs at the exit, one pointing to Falls Church, Virginia, and one pointing to Alexandria. He was let out of the car there and the car then proceeded to Alexandria, Virginia.

When he told them that he was from Yugoslavia and after they said, "Viva Tito," he told them that there were a lot of people in Yugoslavia who did not like Marshal Tito, and the man in the back seat remarked that he liked Marshal Tito very much. They said that Tito was very popular in Palestine. They then all three commented to him that they were Palestinian Guerrillas. The driver who was the most talkative, said that they were here to "screw up the Americans." The driver then remarked that they were going to "shoot Kissinger, Schlesinger and Senator Baker."

UNKNOWN SUBJECTS (3); Threat to Shoot
Secretary of State Henry A. Kissinger
Secretary of Defense James R. Schlesinger and
Senator Howard H. Baker, Jr.

The driver and the rear seat passenger then said that they had machine guns. The back seat passenger remarked that they had "mashinguer." He said this was a German word for machine guns.

The rear seat passenger then pointed to the floor of the car in front of him and said that there was a machine gun there. [redacted] glanced at the floor and saw what he thought was a hand-held machine gun.

The rear seat passenger then asked him if he could speak German. [redacted] replied in the affirmative and the passenger beside him said that they were traveling on German passports and showed him what appeared to be a passport and said that it was a German passport.

None of these individuals made any comments as to when the shooting of these officials was planned for or how they were to be executed and they did not furnish any additional details.

[redacted] said that when he got out of the car, he was afraid to look at the license plate of the car.

[redacted] described these three individuals as follows:

Unknown Subject Number 1 (driver of the car)

Sex:	Male
Race:	White
Age:	23-25
Hair:	Dark
Complexion:	Dark
Height:	6'
Build:	Slender
Nationality:	Claimed to be Palestinian

UNKNOWN SUBJECTS (3); Threat to Shoot
Secretary of State Henry A. Kissinger
Secretary of Defense James R. Schlesinger and
Senator Howard H. Baker, Jr.

Unknown Subject Number 2 (passenger in front seat)

Sex: Male
Race: White
Age: About 25
Height: 5'6"
Build: Medium
Hair: Dark
Complexion: Dark
Characteristics: Very quiet
Nationality: Claimed to be Palestinian

Unknown Subject Number 3 (passenger in rear seat)

Sex: Male
Race: White
Age: 24-27
Height: 5'9"
Build: Slender
Hair: Dark
Complexion: Dark, pimples on cheeks
Nationality: Claimed to be Palestinian

[redacted] was unable to describe the clothing of any of these individuals. He said that they did not appear strong to him like he would expect guerrillas to be and thought that maybe they wanted to be heroes for the Palestinian cause.

[redacted] said that when he arrived home, his wife and children were already there, but that he did not mention any of the above information to his wife and had not mentioned it to her until the time of this interview on April 29, 1975. He offered no explanation for this failure to discuss this matter with his wife.

On 4/30/75, SA KENNETH RUTLEDGE, U. S. Secret Service, Intelligence Section, Field Office, 1900 Pennsylvania Avenue, Washington, D. C. (WDC), telephone 634-5100, telephonically contacted SA [redacted] and advised that he is the case agent assigned to this matter by Secret Service.

The information which had been furnished on 4/29/75, to SA [redacted] was reviewed in detail with SA RUTLEDGE. A number of discrepancies and improbabilities were noted during this conversation. SA RUTLEDGE advised that he intended to interview KONSTANTIN VICANOVIC at 6:00 PM on 4/30/75.

On the afternoon of 5/1/75, SA [redacted] telephonically contacted SA RUTLEDGE and discussed the interview with the complainant. SA RUTLEDGE stated that this story just "smelled wrong" to him, but that Secret Service was continuing to work it as a legitimate case. He said he had interviewed the complainant the previous evening and that the information furnished to him by VICANOVIC was exactly the same as had been furnished to SA [redacted] on the evening of 4/29/75. He said the only difference in the information furnished was that VICANOVIC reported that he was not a Judge in Yugoslavia, but that he was a clerk in a court in Belgrade and that he had attended law school for one year.

It is to be noted that both VICANOVIC and his wife told SA [redacted] that VICANOVIC was a Judge in Yugoslavia.

SA RUTLEDGE further related that they told him that they had an argument in WDC on Sunday afternoon, 4/27/75, and that is the reason they did not return home together.

SA RUTLEDGE said in his opinion, VICANOVIC probably concocted this story because he wanted the U. S. Government to help him financially or otherwise to arrange for some of his family members to come to the U. S.

Result of examination:

Q1 and Q2 were compared with specimens in the
Anonymous Letter File, but no identification was effected.
Representative photographs will be added to the file for

Examination of the Q2 sheet of paper revealed the
watermark "Fleetway Onionskin Made in USA." That watermark
is registered to the Millers Falls Paper Company, Millers Falls,

Examination of Q1 and Q2 failed to reveal any
additional watermarks, indented writings of significance,

FEDERAL BUREAU OF INVESTIGATION

FBI FILE NO. 9-57426

LAB. NO. D-760805007 MS

Re: UNSUB; Threatening Letter
to HENRY KISSINGER, Secretary of
State, Postmarked 7/19/76 at
Warrington, Pennsylvania

Specimens received 8/5/76

- Q28 Envelope postmarked "WARRINGTON, PA. 18976 JULY 16
1976 PM" bearing hand printed address "Kissinger
State Department Washington, DC"
- Q29 Accompanying hand printed letter beginning "Kissinger
if you publicly..."

Result of examination:

As a result of comparisons with specimens in the Anonymous Letter File, Q28 and Q29 were associated with specimens Q1 through Q27, additional handprinted envelopes and letters which were previously submitted to the Laboratory under various case titles. It was determined that the questioned writings on Q28 and Q29 were prepared by the writer of Q1 through Q27.

The questioned writings on Q1 through Q29 have not been identified with the writings of any known individual.

The examinations of Q28 and Q29 failed to reveal any watermarks, indented writings of significance or other significant features which might be of assistance in determining the immediate source of those items.

Q28 and Q29 were photographed and will be returned separately.

Dear Mr. Kissinger,

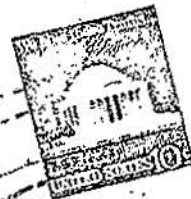

I go to school in Y.U. (I'm sure you know where that is, unless you've even forgotten where you live when you were a Jew). It's very hard to figure out what to say in a situation like this 'cause there is nothing to say. I could ask you to remember your heritage, try to be a Jew a little instead of worrying about your glory. I could ask you to use your influence to stop this idiotic condemnation of Israel instead of sitting around & watching your supposed brothers die. But I wouldn't because I know what results it brings. I will just end this letter with something I read from a diary written ~~in~~ during the Maalot massacre, "Everything seems so quiet. I ~~feel~~ believe the time has come & we will be set free soon." Directly under that was a big blotch of blood. This letter has no sense in it & therefore I might as well add one fact. If I ever get a ~~de~~ gun in my hands & an Arab in front of me, I'll shoot him. And if I ~~so~~ ever see you I'd do the same.

Mr. KELLEY,
THE DARLING DIRECTOR OF THE FBI
FEDERAL BUREAU OF INVESTIGATION
WASHINGTON D.C. 20535

April 26, 1977

Bell nixes Kelley plea on probe

WASHINGTON (AP) — Attorney General Griffin Bell last night turned down a personal plea from FBI Director Clarence Kelley that he stop the prosecution of a former New York FBI agent charged with illegal mail openings and wiretapping.

Bell said he had to ignore FBI claims of shattered morale because the issue is a matter of principle.

"What is at stake is the rule of law," Bell said after listening for 90 minutes as Kelley and 10 agents complained that bureau morale has suffered because of the charges and the continuing Justice Department investigation.

MORE PROBED

Bell said he has given no thought to dismissing the indictment against former FBI supervisor John J. Kearney, charged with directing an illegal mail-opening and wiretapping operation in the New York field office from August 1970 through June 1972.

The tactics were used to spy on New Yorkers thought to be in contact with Weather Underground fugitives charged with terrorist acts.

Bell promised to pursue the investigation of other FBI operations, including burglaries and charges expected against other bureau men.

"If you break the law, ordinarily you suffer the consequences," Bell said. "Even though it happened at a time when the country was very different than it is now, if the law was broken the attorney general ought to take note of it."

He said he was not suggesting that Kearney was guilty, only that the evidence warranted the indictment.

Kearney has pleaded innocent.

Kelley on April 14 publicly complained about sagging morale in the bureau and called on the attorney general to reconsider his action.

At Kelley's request, the attorney general met with the 10 agents from as many cities who had been chosen in secret ballots to represent their colleagues. The rules of the election required that five have more than 10 years of service and five have less.

"They're very upset over the indictment of John Kearney. They expressed their dismay," Bell reported. "It has had what they consider to be a very bad effect on the morale of the bureau in their areas and in other parts of the country."

But he said the law makes no provision for balancing morale against evidence of criminal conduct.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 7/1/75

HAMPDEN V. FITCHER, JR., 1032 Swann Street, Parkersburg, W. Va., telephone 428-4469, furnished the following information:

At about 11:05 PM on Wednesday, June 18, 1975, he received a telephone call at his Parkersburg residence from his brother, Staff Sergeant ROBERT LEE FITCHER, from the latter's residence at Nitro, W. Va. BOB told HAMPDEN to bring his wife and come to BOB's residence to install an air conditioning unit. HAMPDEN told him he would have to advise him later if he could do so, and the following day BOB's wife, [redacted] telephoned HAMPDEN's wife, [redacted] to ask if they were coming. On Friday, June 20, 1975, he, his wife and two of their children traveled to BOB's residence, although BOB had stated only he and his wife should make the trip. They arrived at the trailer court in which BOB resides at about 7:15 PM on June 20, 1975, and observed BOB standing near the end of the trailer park, still in his U. S. Army uniform, and talking with an elderly man.

b6 -3
b7C -3

BOB's [redacted] was not at the residence at that time and she was attending an auction with her father. About 15 minutes later BOB came to the trailer and immediately stated that someone had stolen the wire for his air conditioning unit. HAMPDEN knew this was not true as BOB had never purchased it as HAMPDEN had instructed.

b6 -3
b7C -3

HAMPDEN began work on installation of the air conditioner during which time BOB began talking to [redacted]. BOB told [redacted] that HENRY KISSINGER is the "anti-Christ." BOB told [redacted] that he had been spoken to by Jesus Christ, who used BOB's Vietnamese name of "Robierre Cocca" (phonetic), and that Jesus Christ had instructed BOB to do away with KISSINGER in mid-November. BOB gave no other details as to how this was to take place although he did tell [redacted] that he could always get away with it because of things that had happened to him in the past.

b6 -3
b7C -3

BOB's [redacted] returned home at about 10:20 PM and at 11:00 PM all of them watched the late news. During the news, the name of HENRY KISSINGER was mentioned, and BOB began

mumbling things. HAMPDEN did hear BOB stated that "we are going to get you," addressing himself to the televised picture of HENRY KISSINGER.

Later, while both women were talking together in another room of the trailer house, BOB thought they were talking about him. BOB went into his bedroom and began making some sort of noise with his rifle. Shortly thereafter, he got angry at [redacted] and she went outside, got in their car, and drove off, with BOB pounding on the car and hanging on to the door until he was thrown away from the car. When HAMPDEN told him to calm down, BOB struck HAMPDEN in the head and went into his trailer, presumably to get his rifle, HAMPDEN and his family drove off in their own car from the trailer at a high rate of speed at which time they heard a crack of a rifle shot. They drove from Nitro to the West Virginia State Police (WVSP) office at Winfield, W. Va., where they notified officers of what had taken place, and were instructed to obtain a warrant from a local justice of the peace. [redacted] signed this warrant and it was executed by the State Police troopers, who arrested BOB and placed him in the Putnam County Jail. On Saturday afternoon, June 21, 1975, BOB was taken from that facility by the U. S. Army to a military hospital, where he remains.

b6 -3
b7C -3

HAMPDEN advised that BOB has been suffering from a mental illness, which had continually worsened, particularly after his service in Vietnam. He advised that in view of his brother's mental state, it would not be impossible for him to take some type of aggressive action against HENRY KISSINGER, or any other person, if the right opportunity arose.

He advised the above is the extent of the threats that he heard his brother make toward HENRY KISSINGER.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 7/1/75

[redacted] Parkersburg, W. Va., advised she accompanied her [redacted] to the home of her [redacted] Staff Sergeant ROBERT LEE FITCHER, on June 20, 1975. While they were at BOB's trailer residence, her husband began installation of an air conditioning unit for BOB, during which time BOB engaged her in conversation. During that conversation, BOB pointed out to her that HENRY KISSINGER is the "anti-Christ," and that he was going to take care of him next November. Later that evening, when the photograph of HENRY KISSINGER was televised over the set in BOB's trailer, she observed and heard BOB address the televised picture with the statement "we are going to get you."

b6 -3
b7C -3

She advised this is the extent of the threat she heard her brother-in-law make against HENRY KISSINGER.

She advised her [redacted] has suffered a continually worsening state of mental illness over the last ten years, and that some of his ideas apparently have risen from his association with other religions while in Vietnam. She pointed out that BOB married a Vietnamese girl in Vietnam, but the girl did not accompany him to the United States, although she apparently later married a U. S. Serviceman and resides in the State of Maryland.
