MEMORANDUM FOR: Deputy Director for Administration
Deputy Director for Intelligence
Deputy Director for Operations
Deputy Director for Science and Technology
Chief, DCI/Personnel

FROM: Executive Director

SUBJECT: Request for Assistance/Declassification
of JFK Assassination Records

1. This memorandum requests that addressees identify staff employees for overtime, after-hours work on Agency records related to President John F. Kennedy's assassination. The overtime will be paid by the Center for the Study of Intelligence. The request stems from a requirement in the JFK Assassination Records Act that all relevant government documents be reviewed for declassification and transferred to the National Archives by 22 August 1993.

2. The specific task for which assistance is needed is indexing of data into an automated system and ultimately producing computer-generated forms called "identification aids." This involves keying in information onto a pre-set form that appears on a personal computer screen. (Experience in indexing or as a document analyst is necessary.) The Act cited above requires that each document transferred to the National Archives have attached to it such an aid. The same information that is developed in the aids will be produced on diskettes that will be forwarded to the National Archives for use in compiling an electronic index.

3. We estimate that it will require up to 20 people working 10 hours of overtime per week, probably beginning in early June, to meet our deadline. The work will be done in the office of the Historical Review Group, in Ames Building. The preferred hours would be Monday-Friday, 1630-1830, or 1700-1900, and there may be work on Saturday as well.

SUBJECT: Request for Assistance/Declassification of
JFK Assassination Records

4. Applicants should contact the Historical Review
Group, Center for the Study of Intelligence, Room 404 Ames,
ext. 30335 or 30146 (secure).

R. M. Huffstutler
