19 March 1964

MEMO FOR THE RECORD:

SUBJECT: Report of Telephone Conversation

1. On 19 March 1964, at approximately 1530 hours, Shirley Stetson, DO/OS operations Support Branch telephonically reported the following to the undersigned:

a. She had just received a teletape answer from the Los Angeles OO Field Office regarding the undersigned's request for a specific date and place of contact with Mrs. Monica F. Kramer and the specific date on which the Agency received the "now famous" color slide from Mrs. Kramer.

b. Unfortunately, the OO case officer who handled this contact has been transferred to the OO Denver Field Office and is presently out on maternity leave.

c. No contact reports are kept by OO on one-time contacts such as the one with Mrs. Kramer.

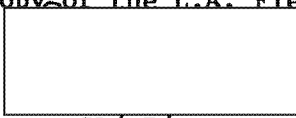

d. A probable, but not definite, date of the contact with Mrs. Kramer, as estimated by the OO Los Angeles Field Office is 7 March 1962. The place of contact was Solvang, California.

e. The L.A. Field Office has in its files a copy of a letter sent to Mrs. Kramer by the OO case officer. In this letter, which was dated 17 March 1962, the case officer states "I'm looking forward to receiving your slides." This would imply that the slides were not procured at the personal contact on/or about 7 March.

f. The L.A. Field Office sent Mrs. Kramer's slides to Hqs on 30 April 1962.

g. This ^{is} as definite an answer as we can expect to get on this matter. However, if anything more specific is received at OO, Shirley will let the undersigned know soonest.

2. Shirley promised to send a copy of the L.A. Field Office teletape to the undersigned.
