MEMORANDUM FOR : Chief, DD/P/CI Staff

ATTENTION : CI/R&A/TC/ [ ]

SUBJECT : Handwriting Identification (22,028-X) - Writing in

REFERENCE : lower left of Oswald's Cuban visa application may be  
Request Memo, 16 September 1964

that of Sylvia Duran; definitely not Oswald

1. Reference forwarded (1) a poor quality reduced size photograph of a Cuban Visa Application in the name of Lee H. Oswald with a handwritten notation in the lower left corner that appears to read "Hotel del Cameron(?)/Room 18 46-60-51(?)", (2) enlarged photograph, unknown size, of signature "S. de Duran", and (3) Xerox copy of Volume 3 of the exhibits in the "Investigation of Assassination of President John F. Kennedy, November 22, 1963", containing handwriting specimens of Lee Harvey Oswald. It was requested that an effort be made to determine if Silvia Duran or Lee H. Oswald wrote the notation in the lower left corner of the visa application.

2. There are several obstacles, or deficiencies in evidence, which preclude reaching an un-qualified opinion in this matter, such as the extreme poor quality of the reduced size (estimated to be about .3X to .5X) photograph of the visa application as opposed to the enlarged Duran signature, and the absence of comparable letters in the two writings.

3. Nevertheless, careful examination and comparison of all of the writing leads to the following opinion: There is enough similarity between the writing in the signature "S. de Duran" and the questioned notation on the visa application to make it appear probable that Duran placed the notation on the application. Or, stating it another way: I would not eliminate her as a suspect writer of the notation. Examination of the original documents might remove these qualifications.

4. I do not find enough similarity between Oswald's writing and the questioned notation to warrant a suspicion that he is the author.
