<p>[redacted] It is Pocco's impression (I have not examined this case thoroughly) that the Soviets have criticized to try to make SHURAKOVA look clean, i.e., that she has not had a KGB role and is only an "innocent" interpreter to support N's Thesis. This is questionable on its surface at any rate. The [redacted] [redacted] source and SHURAKOVA visited New Toussain's way works museum where SHURAKOVA had a visible reaction when seeing OSWALD display, although this visit was entirely innocent on the part of the source [redacted] [redacted] i.e., it was not done deliberately. SHURAKOVA's reaction indicated suspicion that this was a provocation.</p>
