and research of John Greenewald, Jr., creator of:

The Black Vault

The image shows a close-up of a heavy, metallic vault door. The door is partially open, revealing a complex internal mechanism with multiple locking bolts and a central handle. A bright blue light emanates from the gap between the door and the frame, creating a strong glow and casting shadows on the surrounding metal. The overall aesthetic is industrial and mysterious.

The Black Vault is the largest online Freedom of Information Act (FOIA)
document clearinghouse in the world. The research efforts here are
responsible for the declassification of hundreds of thousands of pages
released by the U.S. Government & Military.

1. In discussing the paragraph 3 requirement in reference A for names of the Chiefs and Deputy Chiefs of the 6 Research Section in 1960-62 with one of the former Deputy Branch Chiefs of SR-6, we were made aware of the fact that SR-6 had a Section called the Research Section which later was called the Operational Support Section. We had been under the impression that the HSCA was interested in the identities of the Chiefs and Deputy Chiefs of SR-6, which was provided under reference C.

2. As nearly as we can determine at this time, the Research Section of SR-6 had no Chief or Deputy in 1960. Mr. Rudolph Balaban was made Section Chief from September 1961-62. Mr. Balaban resigned in 1970 and we have no address. He had been assigned to the Section from August 1960 to April 1964.

3. One of the ranking officers in the Section and an Acting Chief was Mr. Donald E. Poole, retired, c/o Marvin Hayes, 3006 Scotty Drive, Jacksonville, Florida 32216, (904) 731-3967.
