LOPEZ and CEIJAS told that an armed raid on the key would have to be simulated so that suspicion would not fall on them, and that the raid would have to be pulled off on either the night of 25 December or 31 December, when one or the other of the men would be on guard duty at the key. DIAZ had turned down the offer. JMWAVE file checks showed that the two men were indeed of interest to KUBARK, and that AMTABBY Underwater Demolition Team was possibly involved.
