Presented below is a reporting of the operational and support activities of Gregory D. PARMUTH for the above mentioned period.

1. General Summary of Activities.

One photographic operational assignment was completed by PARMUTH which was photographing banners used at a demonstration against the PBRUMEN Embassy. Station support kept PARMUTH extremely busy from 15 to 30 November working with LIFEUD/22, the airport passport camera and Station assignments concerning the assassination of the President. Print production totalled 3,100 for the month. Photographic basehouses covering Soviet and Satellite embassies produced normally with the exception of the LIERODE basehouse which is now working a six-full-day week regardless of the embassy visiting hours.
