Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Security Research Staff, OS

DATE: 24 January 1961

FROM : Chief/RB/SRS/OS

SUBJECT: Everett Howard HUNT, Jr.
#23500

Attached is a copy of a cable which was brought to my attention by Mr. O'Neal, CI/SIG.. Mr. Horton had requested that Mr. O'Neal check concerning any information developed by the Office of Security.

The attached cable indicates that Subject is furnishing information of a type, which he should not be furnishing, to certain [Uruguayan] officials whom he presumably knew during previous assignment in [Montevideo].

The cable also appears to raise the question concerning how Subject could recently purchase a \$70,000 home in Washington, D. C. A check of Subject file indicates that Subject has some outside income since he has written a number of "pocket books" and has certain corporation stocks.

The following Security action is recommended:

- (a) Credit checks be conducted on Subject in the Washington, D. C. area and information obtained in regard to his indicated purchase of a home including financial arrangements.
- (b) Appropriate officials of JMARC be briefed concerning the information regarding [Montevideo] and a discreet inquiry made concerning whether Subject is making other indiscreet remarks and statements concerning his current assignment.

Subject has been a problem in the past and apparently continues to be a problem. If information can be obtained other than the cable information which apparently could not be used, it is felt that Subject should be given at least a strong warning concerning indiscreet remarks and unauthorized disclosure of information.

Bruce L. Solie

Attachment as noted above.
