24 March 1977

MEMORANDUM FOR THE RECORD

SUBJECT: Lee Harvey OSWALD OS#351 164

	1. On 22 March 1977 Office of
*	Communications, and the undersigned met during a social
	engagement (a party in his honor prior to his PCS to
13-1	During social conversations, mentioned
	an incident which occurred in the Security Records Division
	file room relating to the OSWALD security files.
	was subsequently interviewed by the undersigned and Jerry
	Brown, Deputy Chief, Security Analysis Group, on 23 March
-	1977 in the Security Analysis Group, Room 3E49, and
	related substantially the following.
	2. Sometime between May 1975 and January 1976 while
	an Office of Security employee assigned to the Security
	Records Division file room, was requested to
	search SANCA in the name of Lee Harvey OSWALD. This request
	was in connection with a Freedom of Information case involving
	OSWALD, and believed that also
	assigned to the Security Records Division, made the request
	This search met with positive results, thus making
	aware of the fact that OSWALD's name was entered in SANCA.
	7 Cubanantin (Cita abia)
	3. Subsequently, came across a file which
	he described as relating to OSWALD, and he intended to file same with the rest of the OSWALD files on the shelf.
Γ	
L	described this file as covert, thin, and having a higher file number than the rest of the OSWALD holdings.
	He could not remember the name which appeared on the outside
	of the file but thought that it may have been one of OSWALD's
	akas. He further related that he looked inside the file and
	believed that it was related to, or possibly identical with,
	the regular OSWALD holdings. While attempting to refile this
	covert file, he observed that all of the regular OSWALD
	holdings were permanently charged to the Security Analysis
	Group; thus he believes he sent the covert file to the
	Security Analysis Group.

CONFIDENTIAL

	4. Later, again queried SANCA in the name
	which he saw on the covert file but found no record.
	Perturbed, he queried (Indices Chief) as to why he could find no record in the name of a file which he
	why he could find no record in the name of a file which he
	knew existed. He specifically askedif the name
	(which he cannot remember now) could have been erased from
	SANCA. eplied that she did not think that was
	possible. 03 He then apprised of the above,
	since had processed the OSWALD Freedom of Infor-
	mation Act request. 3 made unknown inquiries for
	some three to four hours concerning the possible erasure
	of a name from SANCA and finally told that there
	was nothing to worry about, that he stook care
	of the matter. 3 also advised that he made his
	immediate supervisor, aware of the incident.
ひる	advised that ne neard nothing further concerning
~ >	the incident but privately harbored doubts about the resolu-
	tion of the incident. He mentioned that he entertained
	thoughts of reporting the incident to the Inspector General
	but has not discussed it with anyone subsequently until he
	apprised the undersigned on the night of 22 March 1977.
	5. was advised by the Deputy Chief, Security
	Analysis Group that the Security Analysis Group would make
	the incident a matter of official concern and would begin
	immediate inquiries.03 was cautioned not to vocalize
	allegations regarding possible erasures of SANCA entries or
	possible illegal destruction of official files. However,
	he was told that he was perfectly free to bring the entire
	matter up with the Inspector General if he felt it necessary.
