37. (Unclassified - LLM) BRIEFING In response to my earlier request to him, Grenville Garside, on the staff of the Senate Energy and Natural Resources Committee, called saying that Admiral Turner is not expected to appear at the energy briefing of the Committee on Thursday morning at 10:30 a.m., and that Senator Henry M. Jackson (D., Wash.) expects only the substantive experts. I went over the ground rules with Garside--no transcript, cleared staff Committee personnel only--all of which he agreed to. Subsequently, George Murphy, on the staff of the Joint Committee on Atomic Energy, called to verify the security arrangements.

38. (Unclassified - LLM) LIAISON Jackie Hess, House Select Committee on Assassinations, called to register a complaint that the Committee had not received the FOIA documents released out of the Oswald 201 file. After consulting with Launie Ziebell, OGC, and several others, I informed Ms. Hess that indeed I was quite sure the Committee had received the material and indicated to her the time of the various deliveries which were made. She was particularly interested in the personality 201 file request document of 9 December 1960 on Oswald, Lee Henry (sic). Ms. Hess will review their holdings and inform me of the results.

39. (Internal Use Only - LLM) LIAISON Jackie Johnson, on the staff of Representative William F. Walsh (R., N.Y.), called for some assistance in answering a constituent inquiry on the Boyce-Lee case. I said we would provide her with a suggested reply.
