SUBJECT : HSCA Request for Declassification of
Helms Transcripts

1. The HSCA forwarded on 4 September 1978 a request that the attached portions of transcripts from Mr. Helms' testimony before Committee be declassified.

2. It is requested that you review this on a priority basis, reporting back to this office those sections that need sanitization prior to declassification where you have a substantive interest. Where you have not addressed problems please so signify. As an example, AMLASH's true name should be deleted and replaced by the crypt.

3. There clearly are sections that will require sanitization, at least, prior to declassification; if declassification is impossible (e.g. telephone and photographic coverage in Mexico City) please state the reason.
