Attached is full text of TITRE/11's reply to our questions, the gist of which was submitted in reference. Where there is any apparent variation between reference and this text, the former should be consulted, since TITRE/11 supplemented his written report with oral comments to LUND. The items in quotes are the allegations on which further information was desired. Following this are TITRE/11's own comments plus questions which he suggests be put to AEADIE.
