is an intelligent woman, and in all our meetings she has appeared mature and attentive. She has been prompt and reliable in her meetings. She discusses her problems calmly and accepts instruction and criticism without argument. She has responded well to instructions and has worked hard in trying to improve her reporting. She appears to be well adjusted to her environment which is most extremely trying at times.

In discussions concerning the Communist and leftist movements, she admitted that at one time she was influenced by their ideology, but as she had grown older and had observed more of their activities and personalities, she had lost all respect for them. She said that she had been fooled by Fidel Castro in his early days and had thought he would be good for Cuba, but as events have developed she has seen how mistaken she had been originally. She also commented that in long talks with LINLUCK, he had opened her eyes to the fallacy of the Communist ideology. In all of these conversations she has appeared sincere in her statements. Her liaison with LINLUCK appears to be based on deep affection for him and not on proximity. The case officer has the impression that if there was not a present Mrs. LINLUCK she would become legally his wife. This is a problem that may have to be faced in the future.

LICOOKY-2 doesn't present any personnel problem. While his niche is a small one and his access is limited, his assignments are carried out conscientiously.

5. Problems

There are no unusual problems presented by this project.

SECRET  
11/22/53

LICOCKY-2 admitted the access to her communist contacts here had been hurt as a result of her known association with LIHLUCK.

at the time he publicly broke with the party. As an example of this, Miguel Teralla told her that Gutierrez had referred to LIHLUCK and LICOCKY-1 as "enemigos" of the party and that he had been reprimanded for seeing LIHLUCK when he first arrived in town. He had been forbidden to see either one of them.

#### 6. Effectiveness

LICOCKY-1's target studies and suggestions on possible recruitment approaches have been helpful. While her reporting for the past month has not produced any Information Reports, it has kept the station aware of the activities in her particular area of access. If she is successful in performing her tasks as outlined in the paragraph under "Production" above, such information will be useful to the station. LICOCKY-2's effectiveness is limited to his narrow target, but such travel information that he does provide does serve a useful purpose.

#### 7. Plans

It is planned to continue the present direction and guidance given to LICOCKY-1 in an effort to increase the quantity and quality of her production.

The same attention will be given to LICOCKY-2.
