SUBJECT: Visitors to the Cuban Embassy

NOV 15 1967  
NO 6A 1922

1. From a usually reliable, sensitive source, information has been received that a 1963 Oldsmobile, 4 door, grey and blue, carrying New Mexico license plates 6-11488, was parked in front of the Cuban Embassy in Mexico City on 6 November 1967. The license plates had red numbers on a yellow background.

2. A man, woman and child were seen leaving the Cuban Embassy and driving away in the Oldsmobile. It was later learned that the man gave his name as Luis SUAREZ, and he appeared to be Cuban. He was 1.60 meters, weighed about 60 kilos, was about 45 years old, had black hair, aquiline nose, and large face. The wife had dark hair and appeared to be mulatto. The child was about 3 years old. We have no pictures.

3. It is requested that your Office check the ownership of the vehicle in paragraph one, to determine if the owner is indeed Luis SUAREZ, and that you furnish us with any information you can obtain on him.

THIS INFORMATION IS FROM CONFIDENTIAL SOURCES. IT MUST NOT BE DISSEMINATED, IN WHOLE OR IN PART, OUTSIDE YOUR OFFICE WITHOUT THE PRIOR APPROVAL OF THE ORIGINATING OFFICE IN MEXICO CITY.

Mexico City Station PBRUMEN Section is studying ways to reduce the amount of time devoted to mere handling of support activities which in the past have proven to be unproductive. We wish instead to use agent and Station Case Officer time to analyze the take and target.</p> <p>3. In line with this decision, the Station is having LIONION continue both his photographic endeavors--the Pulso camera against the LIRING Consulate (which is merely sent to Headquarters for processing) and the individual snaps of persons entering the main LIRING building. Along with these individual snaps, LIONION prepares a log of persons entering LIRING (including the license tags of autos where appropriate) and a log of the movement of LIRING personnel. these individual photos have automatically been reprocessed by LIONION into blown-up two-by-three inch glossy prints. All those photos not readily identified by the Station have been sent to JMWAVE for review and possible identification (see paragraph 1 above and attachment). In the future, LIONION will continue with his log and individual snaps but will not process all the snaps into enlarged glossy prints. If, however, after a review of the attached box containing several hundred of these photos, JMWAVE believes that their review in JMWAVE is valuable, we can re-institute the old system. In the meantime, LIONION will be asked to spend the time previously spent in the darkroom to prepare special logs of the pattern of selected LIRING personnel, and to provide logs covering LIRING in off-hours to help the Station in its analysis of the LIRING target.

1. Kentucky license plate 763-944 was issued to David William PHILLIPS of 168 Franks Court, Harrodsburg, Kentucky, on 25 February 1966 for use on a 1959 Studebaker. His driver's license showed he was born 26 June 1920 in Mercer County, Kentucky. As of 1963 he was a city policeman. There were no Headquarters traces on PHILLIPS.

2. On 7 January 1967 the same license number was issued to Henry French WALLACE (201-349563), 7801 Rose Island Road, Prospect, Kentucky, for use on a 1964 Chrysler Imperial four-door hardtop. He had no police record and lists his occupation as a farmer. Headquarters traces follow:

a. RIRA-1023, 7 July 1952. Henry WALLACE, TIME representative in Tangier is the boy friend of Sonja de VRIES, who was then reportedly a young Dutch girl and member of the Dutch Youth Party. On an unspecified date she was to have attended the Youth Congress in Prague. Although she was not a card-carrying member of the CP, she is definitely a Communist and has admitted to it. She and her sister were at that time living in Tangier.

b. DBA-31569, 31 December 1962 is a rather voluminous study on Henry French WALLACE, who was born in Louisville, Kentucky, 12 June 1915 and at that time resided in the family estate rural area near Prospect, with his wife, the former Sonja de VRIES WALLACE and children. He is a former newsmen who spent several years as a free-lance correspondent in Cuba and has reportedly been a correspondent for LIFE and TIME. Agriculture and the FCC. Sonja's Communist affiliations, along with those of her family are set out in this study. WALLACE's father, the late Tom WALLACE, former editor of the LOUISVILLE TIMES and exponent of hemispheric solidarity, blamed the United States for poor Latin American relations. Henry WALLACE is a prolific writer of letters to public opinion columns of Louisville newspapers in support of the CASTRO regime in Cuba and critical of U.S. policy toward Cuba.

c. DBA-35720, 1 March 1963, reported Subject served in the U.S. Merchant Marine from November 1942 to February 1943 when he was discharged by reason of physical disability.

d. DBA-38513, 16 April 1963. A U.S. official in Cuba described WALLACE as an excellent writer, an exhibitionist and a very odd person. A correspondent for CHICAGO TRIBUNE believed WALLACE to be a Communist sympathizer or at least to have an affinity for Communists and fellow travelers as exhibited both by his actions and his writings. A TIMES correspondent who was acquainted with WALLACE for years, did not believe him to be a Communist but said he is restless, desires to be exceptional; however, appears to have no dedicated idealism.

e. DBA-44329, 17 June 1963. WALLACE graduated from the University of Kentucky in 1938. Worked for the Lexington Kentucky newspaper, 1938-40; Puerto Rico WORLD JOURNAL, 1940-41; Federal Communications Commission, Puerto Rico, 1942. Reportedly contributed to the Fair Play for Cuba Committee and received the WORKERS WORLD. WALLACE claimed he refused to permit his wife's cooperation with I&NS as a condition to her receiving citizenship.

f. DBA-49729, 23 August 1963. An LNERGO source who was previously assigned to the American Embassy, Havana advised that he knew Subject in Cuba 1947-51. In 1949 Subject was requested by the Cuban government to leave due to an article he wrote for LIFE about his carefree life with Cuban girls. Source described Subject's wife as a "beatnik". While the source was not aware of the political beliefs of Subject or his wife, he received a letter in mid-1963 from WALLACE which was very pro-CASTRO. The envelope contained a saying "Ban A-Bomb" or something of this nature.

g. DBA-98318, 4 February 1965, reported that WALLACE and his family were going to Holland for an extended visit and have reportedly applied for permanent residence in Holland. Mrs. WALLACE became a naturalized U.S. citizen on 30 August 1963. WALLACE contributed to the American Committee for the Protection of Foreign Born in 1963; in 1964 subscribed to PEKING REVIEW, and contributed to the National Committee to Abolish the House Un-American Activities Committee. Set forth in this report were associations with various American CP figures.

h. ONHA-33396, 23 December 1966. A reliable source reported that Soviet Intourist representative in The Hague, Vladilen Aleksandrovich PRYAKHIN (201-236430) in in contact with Klaas de VRIES, Dutch Communist and father of Sonja WALLACE (nee de VRIES). Klaas de VRIES, Dutch Communist, has made several trips to the USSR, is a financial supporter of the Communist Party of the Netherlands, and his restaurant is visited by various Iron Curtain diplomats, but also, however, by different Dutch Government officials.

3. The information contained in paragraphs 1 and 2a and h. have been made available to LNERGO Headquarters, along with photographs of the man and woman and a request that WCFAC be informed if either of the two individuals in the photos are positively identified. You will be notified if any further information is received from LNERGO on this case.

1. A reliable source reported that on 30 January 1967 a man and a woman driving a vehicle with Kentucky license plates 763-944 visited the Cuban Embassy in Mexico City. They left the Embassy carrying a bulky package. The windshield of their car carried a sign saying "Fuera de Vietnam." A set of photos showing the man and the woman are provided your Bureau for identification. This Office would appreciate being informed if either of the two individuals in the photos are positively identified.

2. Investigation revealed that Kentucky license plates 763-944 were not issued in 1965. On 23 February 1966 these plates were issued to David William PHILLIPS, 4166 Franks Court, Harrodsburg, Kentucky. PHILLIPS's Kentucky driver's license shows that he was born on 26 June 1920 in Mercer County. As of 1963 he was a city policeman and had no derogatory police record. The files of this Office show no record of PHILLIPS.

WALLACE's driver's license shows that he was born 12 June 1915 in Louisville, Kentucky. He lists his occupation as farmer, and has no police record. Our Office traces on WALLACE follow:

SUBJECT: Visitors to Cuban Embassy, Mexico City

1. A usually reliable source reported that on 5 December 1966 a Ford Mustang bearing Texas license plate GTP-730 was seen at the Cuban Embassy in Mexico City. The occupants of the car came to pick up Remiro Jesus ARREU-Quintana and Reynaldo CEPEDA-Hernandez, two Cuban Embassy CUIS Officials.

2. The source has identified the occupants of this vehicle as being identical with those who in the past have come in two different vehicles bearing Mexican plates. One of the vehicles has been identified as a 1963 Ford stationwagon with plates TTT-AP, which was issued to Moises FORCE-Cortes of Cabanas 62. Our Mexico City Office is still awaiting the identification of the owner of the other vehicle used, which was a blue Volkswagon with Mexico plates 669-SH. These two vehicles have been used in visits to the Cuban Embassy on 3 June and 9, 23, 24, and 28 November 1966 when ARREU and CEPEDA have been contacted.

3. Investigation revealed that the Texas plate was assigned to a 1966 Ford Mustang owned by Dr. J. N. GONZALES of 318 Saunders, San Antonio, Texas.

4. Credit and police checks were negative. The San Antonio telephone directory was checked and the results were also negative. A Credit Bureau source checked the City Directory and stated that there was no such address as 318 Saunders--the street begins in the 1100 block.

5. There was no identifiable information on Dr. GONZALES in the files of this Office, and was no information on Moises FORCE-Cortes in either our Mexico City files or in the files of this Office.

1. On 20 June 1966 a usually reliable source reported that an Opel with Texas license plates JBT-688 visited the Cuban Embassy, Mexico City. The Texas plates were purple with white figures. The car was occupied by two young men.

2. Investigation revealed that 1961 Texas plates JBT-688 (purple with white figures) were issued to Cesareo MANHARREZ for use on a 1961 Opel two-door.

3. The Texas Credit Bureau advised that a report in the name of Cesareo Manjarres BARRON was first known to the bureau files in August 1960. He resided with his wife, Maria Consuelo, and four children at 3317 Springfield, Laredo, Texas. In 1960 he was 48 years old (DOB: Circa 1912) and was employed at the Mexican Consulate as a Chancellor. He held this position since October 1959. A February 1964 newspaper clipping reflected that he was transferring to the Foreign Relations Ministry in Mexico and would be placed in charge of the Diplomatic Services Records Department of the Ministry in Mexico City. He had a "very slow" credit. Local police checks were negative.

- 1961 Texas license plate JET-688 was assigned to Cesareo \*MANHARRIZ for use on a 1961 Opel two-door.
- Texas Credit Bureau advised that a report in the name of Cesareo Manjarres \*BARRON was first known to the Bureau files in August 1960. He resided with his wife, Maria Consuelo, and four children at 3317 Springfield, Laredo, Texas. In 1960 he was 43 years old (DOB: circa 1912) and was employed at the Mexican Consulate as a Chancellor. He held this position since October 1959 and earned \$400 per month. A 2 February 1965 newspaper clipping reflected that he was transferring to the Foreign Relations Ministry in Mexico and would be placed in charge of the Diplomatic Services Records Department of the Ministry in Mexico City. The credit bureau report reflects that he was rated "very slow," and in 1963 a department store rejected his application for credit. Several of his checks were also returned to a bank with insufficient funds. Local police checks were negative.
- There were no Headquarters traces on Subject.
- This information is being passed to LERGO Headquarters.

SECRET NO FOREIGN DISSEM

10 FEB 1966

TO : Director  
Federal Bureau of Investigation  
Attention: Mr. S.J. Papich

FROM : Deputy Director for Plans

SUBJECT: Visitor to Cuban Embassy, Mexico City

1. A sensitive and reliable source of this Office reported that a four-door Chevrolet with 1964 New York plates 831 RV had visited the Cuban Embassy in Mexico City on 12 November 1965. This person appeared to be identical with the person noted visiting the Embassy on 9 March 1965. A photo of this person was made available after the 12 November visit.
2. Upon further investigation by this Office, it was determined that the plate is assigned to a Harold Y. JONES for use on a 1964 Chevrolet four-door, fawn colored sedan. His permanent residence was listed as 104 Burgett, Southampton, Long Island.
3. In October 1965, JONES was a student at the University of Tennessee.
4. An informant in the Southampton area advised that she has known JONES for many years. She added that he was born and grew up in the Southampton area and that he is married to the former Phyllis CANCELLIERI. He is a newspaperman now in Mexico. He used to work for United Press, but whether or not this is still his employer, she could not say. Before going to Mexico with his wife, he did newspaper work in South America and also in Florida. The informant said that JONES is a fine person, of excellent reputation, sound moral life and living habits, and a dependable U.S. citizen.
5. On 21 December 1965, the following information was learned from the Overseas Press Club, of which JONES is a member:

a. Jones is a reporter and correspondent for Copley News Service and has been assigned to their Mexico City Bureau since 1964. His business address there is Paseo de la Reforma 122-5B, Mexico City 6, D.F. His home address is Biarritz 18-5, Mexico City.

b. Before going to Mexico City and for the same employer, he was a reporter in Buenos Aires, Argentina. In 1961 he spent one year in Argentina on an International Scholarship given by the American Press Association. Previously he was employed by the UP in Knoxville, Tennessee and in Miami, Florida. Prior to the last, he worked for the Knoxville News Sentinel.

6. The files of this Office on a Harold Youngs JONES, who is positively identifiable with Subject reflected the following:

a. It was reported in June of 1961 that Harold Youngs JONES was born in Southampton, New York in October 1938. He is a graduate of the University of Tennessee and served as an enlisted man in the 11th Airborne Division, Fort Campbell, Kentucky. He is a journalist, and has worked for UP in Nashville and Miami. He arrived in Buenos Aires in January 1961 on a one-year scholarship from the Inter-American Press Association and planned to remain in Buenos Aires until January 1962. He was enrolled in the faculty of Philosophy at the University of Buenos Aires and also wrote syndicated articles for a small U.S. news chain. His description was given as: approximately 5' 11" and weighing 160 pounds. He wears glasses and has reddish brown hair which he wears in a crew cut. He was then married with no children.

7. We have forwarded Subject's photo to our Office in Buenos Aires for positive identification, if possible, and will notify your Bureau upon receipt of a reply.

8. This information has been passed to your representative in Mexico City, is for your information only, and is to receive no further distribution without prior approval from this Office.

1. License plates DV-8487 are 1964 plates assigned to a 1958 Ford owned by Kenneth G. MADRY, 2402 Fourth Street, Brownwood, Texas.
2. The Brownwood Credit Bureau records show that since 1962 he has resided at 3522 Fourth Street and that he formerly resided at the 2402 address. Since 1947 he has been employed as a plant manager for the Telephone Company of Brownwood.
3. A neighbor states that for the past three years MADRY has driven a "pinkish color" Buick and also owns a 1962 Mercury.
4. He had an excellent credit rating and there was no police record.
5. There were no identifiable traces on MADRY at headquarters.
6. Permission is granted to pass the above information to the local ODENVY representative. We are also making the information available to ODENVY Headquarters.
7. In the future, when photographs are available, it would be appreciated if they could be sent along with the dispatch. A photo can be helpful in identifying the subject by comparing it with a photo on the drivers license application, if there is one. In the absence of a photo, a brief physical description would also prove helpful in the investigation.

1. Temporary Pennsylvania license plate 566-100 was changed to a 1965 permanent registration under the name of Langston H. SAVAGE, 2550 North 16th Street, Philadelphia, Pennsylvania. The vehicle is described as a Ford Stationwagon, registration 284954 Penna.
2. We were further informed that no license was issued in the name of Langston H. SAVAGE for the years 1963, 64 or 65. Old records indicated that in the years 1961 and 1962 SAVAGE held operators license #1213155. His date of birth was noted as 14 July 1934. There was no record of suspensions or any other violations for him which would have precluded issuance of an operator's licence for 1963, 64 and 65.
3. With respect to whether the same individual would be the holder of both the temporary and permanent registration we were advised, yes, the automobile dealer has to issue a temporary plate in the owner's name, and it was the owner's responsibility to secure permanent registration within 30 days. Temporary and permanent registration, therefore, would be in the name of one and the same individual, Langston H. SAVAGE.
4. Title number was given as #E11440774. A search of the records indicated that assignment was out of file, for one of two possible reasons, police work, or transfer of ownership. On subsequent dates, up to and including 21 July 1965, this file could not be located for review.
5. Police records were negative. Credit reflects slow, but satisfactory payment of debts in the name of Martha D. SAVAGE of the Philadelphia address, which serves as a residence and beauty salon.

1. Texas license plate AB 4169 was assigned to a 1961 Ford Fairlane, 4-door, whose owner as of 23 March 1965 was Maria Elena RIVERA of 1010 South 16th Street, McAllen, Texas. The previous owner of the auto was K&W Auto Sales, Pharr, Texas.

2. A KUSODA report reflected the following:

a. McAllen Credit Bureau reported that she was last checked in September 1964. In 1960 she was single and 21 years old. In 1961 she was employed at the Palace Cleaners and had been there for three years. In April 1961 she purchased a 1957 4-door Chevrolet, financed by GMAC and in September 1964 she owed no balance on this car.

*Wife of Maria Elena Rivera*  
b. She reportedly married Adalberto ELIZONDO around September or October 1964. ELIZONDO is the owner of El Rey Bakery at Reynosa, Mexico; address Boulevard Modelas (probably Modelas), 350, Reynosa.

c. Maria reportedly actually lived at Juarez 407 Nte, Reynosa, but merely used the McAllen address for convenience in purchasing items in the States. This address is the home of a Mrs. CAMU, a co-worker at the Palace Cleaners. Maria had lived with her brother, Reuben RIVERA, an employee at the La Cucaracha Club; and her mother, recently remarried, name unknown. The RIVERA family enjoys a good reputation and Maria has a good credit rating.

3. There were no identifiable Headquarters traces on Subject or ELIZONDO.

4. Permission is granted to pass the substance of this information to ODEWVY.

REF: HMAA-25279, 29 January 1965

1. Attached herewith is a copy of UFGT-11437 which reports on the possible owner of an automobile with the license plate number 68-3773 which visited the PBRUMEN Embassy on 22 December 1964.

2. There were no Headquarters traces on FEICHTMAYER, and nothing identifiable on HENDERSON.

3. DFB 38991, 25 October 1954 concerning the transportation of arms and men to Cuba in connection with the attempt to overthrow the Batista regime, reported Charles MILLS as a yacht broker in Miami. He was negotiating on the cost of moving four cubans out of Miami to Cuba. He was also involved in equipping a vessel which would possibly be involved in revolutionary activities.

4. It is suggested the Station may wish to pass the substance of reference locally to ODENVY.

**REFERENCE: HMMA 24013, 30 July 1964**

1. An attempt to determine the name of the owner of the white car bearing Texas licence plate WA 71-17, has resulted in the following information:

a. 1964 license plate, same number, was issued to Grady Olan HUGHES, 126 Carroll Street, Center, Texas, for use on a 1949 four-door Plymouth. HUGHES was listed as being 27 years of age, married to Marie HUGHES and as having worked as a mechanic at Perry Brothers Garage, in Center, Texas since April 1962. A report reflected he has an unsatisfactory credit rating and that he was not a good employee. Subject does not have a criminal record.

b. 1963 license plate, same number, was issued to Armando GONZALEZ, 801 Broadway, San Antonio, Texas, for use on a 1964 Olds F-85 Cutlass Holiday Coupe. On 9 June 1964 GONZALEZ was assigned license plate JL 22-16 which was placed on the above identified automobile. It was noted that GONZALEZ was two months late in registering his 1964 automobile as 1963 plates expired on 1 April 1964. Since the name Armando GONZALEZ is a common Latin American name, the Credit Bureau could not provide us with more identifying information. The San Antonio Police Department, however, supplied us with information on one Armando GONZALEZ, alias Richard GONZALEZ, Amador Gonzalez, Richard G. RAMOS; who was described as having black hair, brown eyes, 5'5", and weighing 135 lbs. He was supposedly born in Mexico and his age is unknown. This information consisted of a rather lengthy arrest record for drunkenness and arson.

2. There were no Headquarters traces on HUGHES. There were, however, numerous traces on Armando GONZALEZ, but we will require more information in order to positively identify him with any GONZALEZ in our index.
