Movimiento Revolucionario del Pueblo - MRP ✓

These people are lagging behind other groups. We don't have a qualified military type to deal with. We are dealing through _____.

We intend to get four people of theirs by 15th of December. We did support one operation where our requirements re reception points etc. would permit.

~~MANIFESTACIONES AMXX~~ We turned them down last week because they had a bad boat.

Naecate

This group proposed to put in a team to establish contact with internal assets. Group without communications to inside and have operators who refuse to go in blind. This group has not been effective since A.M.D.I.P.-3 left. This operation could go within six weeks if we had case officer time.

A.M.H.A.Z.E Group

This plan is still in year temporary general terms, but can start over again in another week. No one can guarantee its success.

14-00000

All of these people we are planning general damage decisions - attack electric power, communication, transportation and material delivery equipment whenever and whenever possible. All are being trained along these lines.

Maritime

Motor vessel XI VILLARO next six weeks this vessel will begin with initial commercial training. After at least one cover voyage used operationally. Can be used with other vessels to supply long range craft. Very slow and we use cautiously. We don't have vessel capability for reaching south coast. TEJANA could do this within four weeks. Processing purchase of boat from other side. (Referring to Scotland).

CDT Team

Team of four people presently capable of maritime recon and operations.

Communications

Presently have six people in training two people will become instructors and (operators) four operational operators. Will have three radios in three weeks, one in three months. ~~EXTRAORDINARY XMAS~~

For CDT the future we have 13 candidates all of them have had some training so others move out they will be moved in. Special 7 basic candidates primarily from these groups. With our present staff capable of training six people at one time observing compartmentation. With additional indigenous instructors 10 at any one time with observing compartmentation.

There are groups who have been recognized by FIDEL as terrorist leaders who
are because of shortage of staff. From MIG, MULANDE, CR, AMCALE, MULANDE,
AMCUTILLER, Pepe, MULANDE, CPC.

Groups have come to use offering no boats. There are ten boats but
they will not turn away on boats they are unprepared and they are unmotivated.
Less than 5% of these independent operations are successful. They will
put their boats out in any weather and then want us to pay for repairs. Security
problem of loading boats. It is in the realm of possibility they would be supported
in future, but not until capable crews and good boats.

AMC: Next tentative operation proposed by AMCUTILLER-1 - There are six fishermen who
have boats here (MULANDE), Cuban escapee, which can go in and out. We are
investigating this. We have been one operation with this group. It looks good
and we are going to develop.

Another independent, AMCUTILLER-1, he has contact with OSVALDO RAMIREZ in
Venezuela who desires support. We have given him guidelines for operations.
Claims he has 8-10 men with training and have infiltrated several staff people.
We are trying to bring him back to group from which he came.

GARCIA BRITO - This group has trained radio operators here and recently move
to Los Villas. Question of time and lack of communications with internal assets.

14-00000

... by ... , soldier ARQUA, PA, wandering man, experienced along Camaguey coast. Good idea on establishment of mangrove caching facility, similar to proposal of UR. They are good group so we're looking into use his know how.

20th of May Group - Have made request for support. Off-shoot of 30th of November Group. As a splinter of this group, being advised to rejoin their parent group. Exploring possibility of supporting them if they cannot rejoin parent. Their plans come to us through AMCLATTER-1.

MRPC - Requests are same as from other groups, and this is splinter of MRR. We have told them to rejoin parent and provide them general guidelines.

Independent group of camp trainers - 40 men ~~and supplies~~ and transportation to Oriente. No communications and willing to sacrifice themselves in GW. Given guidelines to forget about GW and get resistance plan. Their spokesman is Fred Gendie.

Independent Group of JUAN MESA - formerly of MDC. Generally collects about four independent boats which he operates as coordinator. Running rescue operations and wants support. For instance, wants support operation to infiltrate eight children from west coast. Seeking support for an Oriente infiltration team headed by PAPIN LOPEZ and 13 men. Turned him down. E&DNX Don't have capability to deliver.

Independent cub group headed by ALDO VERA SEPARIN wants training and support of formal cub group. Claims he will hit targets in Havana area. We have not even talked to him on basis of poor CI background. Spokesman is Coate Aguirre.

Independent cub group of OSCAR DIAZ wants/has previous group. Claim they can hit targets throughout Cuba. Also associated with Coate Aguirre. WAVE experience with this man is such that we don't look kindly on this request. As member of FDR military he made things difficult.

Independent group - JULIAN DIAZ FERNANDEZ - Claims to have 300 constitutional army men inside. Radio out here. Willing to go back. WAVE exploring this. Will try to tie him to another group, but if unsuccessful and find his claims valid plan to support him.

ORLANDO SOUTO - proposes to harass a CTC rally in Guanquito Stadium in Miramar tonight by firing 75 mm high-explosive shells into stadium from off shore. Told him no dice.

In addition, the CRC plan at Headquarters hand carried by Bob Davis and given ^{13 day} to [] should be included in report. We would like to have it back soon.

One other operation - AMIRANTY-1 - This man has 500 people in Pinar del Rio. He is being trained and should go back in December
