**SUBJECT: Crew Member, TEJANA
Lawrence LABOZZE**

1. On 29 September 1961, Mr. Charles V. FIORETTI was debriefed upon his return from EBY at the EYES area and his subsequent return to the Office of Logistics. Mr. FIORETTI advised of the following incident that occurred during his travel from EYES to Washington while in Key West.
2. The chief engineer of the motor vessel TEJANA, first name Larry Lou, happened to meet FIORETTI in a small restaurant at lunch time when FIORETTI was in Key West. Larry recognized FIORETTI and proceeded to tell him that he, Larry, knew where FIORETTI had been and what he had been doing. He further went on to state in an indiscrete manner that he knew where all of "you" people were at all times. Mr. FIORETTI did not pursue the situation further and attempted to exit gracefully. He stated that this is not the first time that Larry has been indiscrete in his discussion of Project activities. From previous contact with Larry, Mr. FIORETTI has charged him to be afflicted to alcohol, of unwary repetition, and indiscrete in his conversation; however, this individual is the only engineer aboard the TEJANA that can operate the vessel. In difficulties with the operation of the TEJANA due primarily of Larry's being an American citizen, Larry has stated in effect that he does not care who gives orders. He will go on operations if he so desires. At various times he has further berated the Agency.
