**Subject:** Telephone Conversation with Jeff Morley, Wash. Post  
Jeff Morley told me today in a telephone conversation that he had spoken to Kevin Sabo, General Counsel for the House Government Oversight and Reform Committee about the Assassination Records Review Board. According to Morley, Sabo said that the ARRB is "safe." He said that they are busy with the "Contract with America" and plan no hearings on the Review Board. Sabo stated that the only reason they would take a look at the Board was if people were saying something negative and he has heard nothing like that. Morley thought that Sabo was speaking with some knowledge about the Review Board, as he was aware that the authorization had been extended last fall.
