Subject: Public contact I'm passing to you

I had a call referred to me this afternoon from a man named Robert Holden (310-769-0090). He's read David Lifton's book Best Evidence and finds it very compelling, so compelling he wrote a letter to the Justice Department apparently asking them what they were going to do regarding Lifton's theories. He's received no answer, but was referred by someone to us. I told him you are the point person for public contacts and asked him if he has any special questions I could pass on to you. He said he wants to know if we intend to follow up on the issues raised regarding a break in the chain of custody with the body and alleged tampering with the body pre-autopsy. I told him you would likely be the person to call him back.
