Subject:	Chet
Body:	Chet wants to come in tonight and work but doesn't think he can get here before 6:30. I gave him all three of your extensions and told him to call you guys before he comes to see if one of you will still be here to let him in. At this point, Chet has exit authority but not entrance so he won't be able to get passed the combination lock once it is set.If he does come in before you leave, please make sure that you show him how to set the keypad (which I think he already knows) and lock the combination lock. Also, the last one out (who locks the combo lock and alarm) needs to sign the sheet by the keypad (before you set the keypad!). Please let Chet know about this as well. Hope it all goes well tonight--good luck!
