Subject: Call from Joe Backes

Joe Backes called to inquire about the Board mtg. tomorrow and whether or not a copy of the final definition guidance on which the Board is voting is available today or will be available tomorrow. He expressed displeasure that a copy was not available and at the process, which in his view results in the Board voting on a final version with no opportunity for public input on that specific version. I explained how the process works and that the Board has done more than is required with the 30 day comment period, public testimony at a hearing on March 7th, and discussion before the public vote at tomorrow's meeting. He was not satisfied. Backes also asked me if he could testify tomorrow. I said that there was no testimony scheduled, but allowing members of the public to speak is a judgment that the Chair makes at each meeting. He did not indicate whether or not he would be attending, but I wanted you to know about his call in case he does show up.
