Subject:	Bob Grevenberg
Body:	As I mentioned to you Grevenberg told me he is writing a book with another cop and is in contact with John Hatchett of USA Today. (See my work under Issue #8 in the Investigations database entitled Interview/Unknown. Chet is in the process of making the identification fields better in the database so eventually I'll be able to assign names and dates to the work I do!)Anyway, we should contact Hatchett at some point. We should also contact Time-Life as well as the reporter (Davidson) and the photographer (Pelham) to see what they have. I mention this to you Tom in the event you want to make contacts to media organizations and members of the press. Is there an office protocol for this type of contact? How do you want it handled, David?
