**Subject:** Hearst papers

Holly Yeager, a reporter with Hearst Papers, called earlier. She is working on a possible story re: FBI appeal and the President's decision (the San Francisco Examiner's request prompted this story.) I spoke with her about the review process in general and told her I'd fax her some general info (fact sheet.) One question I could not answer is what we expect from the White House in the next few days as far as the FBI docs. are concerned. She would like to speak with you because she may do a preview story, or she may wait until we hear from the President. She would be able to wait until Wednesday (midday) and still get the story in the afternoon edition of the San Fran. Examiner. Her phone #: 202-298-6920I will do the media contact profile.
