**Subject:** business cards  
FINALLY!!!!!! Final prices have been set for business card orders.250 cards: \$24.75500 cards: \$26.751000 cards: \$28.75Checks should be made out to "AJ Stationers" for the full amount or 50% (for deposit). They will not proceed with the order until your check is received.The prices are slightly higher than originally quoted, but there is an explanation\*\*\*\*. If you would like to hear it, read on. If not, please turn your check in to me ASAP. Once all checks are submitted\*\*\*\*We originally received a cheaper quote, however this did not include a \$10 set up fee for the ARRB seal. This \$10 charge would have applied to EACH order, raising everyone's cost dramatically. Due to the voluminous order and some nagging on the part of AJ Stationers, they persuaded the printer to lower the set up fee and distribute it among all orders. They were also nice enough not to charge taxes.
