**Subject:** Report to Congress

I have put a hard copy of the draft report in your "in" box. It is on the "g" drive under "cong.rpt". A few points about the current draft:1. Page 5. My "Section III The Review of Assassination Records" in the document on the computer needs to be replaced by your version (with names removed).2. My description of the meetings goes through the November 14, 1995 meeting.2. Page 22. Estimated Time and Volume in the Review of Assassination Records. You were going to add a paragraph here.3. Page 22. Under "The Record Review Process and Compliance with the JFK Act," I think you wanted to add something about the occasional need for additional information and clarification for the Board which has required reconsideration of some records.3. Page 23. I edited the federal agency review section. I think we need to check if the information is still current.4. Page 28. I added a section to "State, Local and Private Records" about New Orleans efforts and Connick (clash between federal and state law).5. Please note that Final Determination Forms (for records released through October 24, 1995) are included, except for the 197 CIA documents from the October meeting. Eileen will copy those on Wednesday. (For organization purposes, right now they are organized by Board meetings.)6. Please note that Federal Register Notice of Formal Determinations (for votes through November 14, 1995) are included.7. Page 29-30. Appendix. I only listed the Regulatory Actions, but if you want we could include the actual documents in the package.8. I am assuming when we are satisfied with the text, organization and attachments, we can "package" all of this in big binders and forward them to the appropriate parties under the statute.9. Let me know if you want to meet and run through the entire report or make any changes or additions
