Subject: Interview Of Hugh William Betzner, Jr. At Work Re: His Photos
Summary of the Call: I spoke with him today and gave him a brief overview of the Board's structure. He wanted to know why the Review Board would be interested in his photos and what would be done with them if he placed them in the JFK Collection. I informed him that I was merely giving him an initial contact and that we would make sure that any concerns he may have are addressed prior to making a donation to the Collection. Betzner acknowledged that he has the negatives of the photos and that he did not want the research community "messing" with this issue anymore. He said he believes the WC version of the assassination in full and that if he holds onto his material, it will not be "monkeyed-around-with" by researchers trying to twist things. Betzner initially did not want to receive an information packet about the Review Board but later agreed after I told him that it would provide information about our structure, authority and the JFK Collection. He is also interested in discussing the Board's concern re: his material with a senior staff member who can provide additional insight re: the importance of his photos to the Collection. He prefers to be called either sometime Thursday or Friday at work. I thanked him for his prompt response to my telephone call, confirmed his address and told him a package would be sent to him right away. Betzner goes by the name "Bill" and works for a company named Software Solutions in Virginia. Trask thought he might have some government connections based on the way he responded to Trask's questions. * I will discuss the issue of a Senior Staff call with Tom. Betzner's information is: Betzner, Hugh, William, Jr. 10406 Ashcroft Way Fairfax, VA 22032 work=703-671-0700 ext. 131. home=703-425-6217
