**Subject:** Conversation with Delores Hopper  
I called Hopper to advise her that I had done an interview today with KCBS-TV, Channel 2 in Los Angeles and that part of the interview was about the review of Richard Case Nagell's records conducted by Review Board staff. I told her that my comments were not detailed about her uncle and that part of the interview was about the mandate of the Review Board. She appreciated the call and said that nothing had surfaced regarding any assassination records. No one had contacted her about records. Hopper pledged her continuing cooperation and stated that her first obligation was to contact the Review Board if she came into possession of or aware of any assassination records.
