CALL REPORT Issue # 9The Players Who initiated the call? Review Board's representative in the call: Dave MontagueDescription of the Call Date: 02/15/96Subject: Zapruder Issue Re: Silverberg, Esq. And Behavioral Images, Inc.Summary of the Call: NARA's Motion Picture Branch Chief David Kepley called me yesterday to make sure the Review Board knows of actions being taken by Zapruder family attorney Jamie Silverberg re: the (believed) ORSK Zapruder film housed at Archives II. Silverberg visited the branch on 02/14/96 along with Dr. Steve Johnson of Behavioral Images, Inc. This company specializes in appraising the monetary value of artifacts. One of the company's clients is the Nixon Family. Silverberg and Johnson wanted to review the ORSK Zapruder film in order to appraise it. Kepley allowed them to review the film to a review room and the Johnson noted the physical characteristics of the film as we did when NARA did during the ARRB review. Johnson looked at the splice areas and asked for the serial number for the original camera. NARA JFK Collection Chief Steve Tilley brought the camera to Johnson for review and he did not share the results of his analysis with NARA staff. The entire review process lasted about 1 hour.During the review, Silverberg made the following statement according to Kepley: "If there's a film taking by Justice then so be it ...They are going to have to pay for it".I thanked Kepley for his continued efforts to aid the Review Board and asked that he contact me again re: any other pertinent information.Johnson's information is:Dr. Steve Johnson, PresidentBehavioral Images, Inc.302 Leland StreetBloomington, Illinois 61701-5646309-829-3931Don't forget to compose individual Action Item documents for any action items that resulted from the call!
