Subject: Connick update

Bill Wessel finally responded. I will spare you the details, but he is essentially arguing that Judge Livaudais misunderstood his own Order. Wessel is going to try to schedule a hearing on a motion to quash. Goldberg was amused by Wessel's letters. He would now like to handle further communications with Wessel, which I agreed to. I agreed to write a draft letter to Wessel, for Goldberg's signature. Attached. On Goldberg's request, I agreed to send a formal request to DOJ for its assistance in enforcement. Attached.
