FYI. Lifton e-mailed a message to me recommending that we depose Finck. I responded by asking if he knew where Finck is. The following is his response.To: Jeremy\_Gunn @ jfk-arrb.gov (Jeremy Gunn) @ Internetcc: (bcc: Jeremy Gunn/ARRB)From: 72303.2702 @ compuserve.com ("David S. Lifton") @ Internet @ WORLDCOM Date: 03/19/96 04:21:12 PM CSTSubject: Re: MiscellaneousDear Jeremy:Finck is supposed to be in Switzerland, as far as I know.Re Finck and FYI: My assistant, Nathalie Apteker---or rather, former assistant,because she has now returned to Maryland to go to college---related to me lastDecember (1995) the following story, which now seems possibly relevant inasmuchsince two of the doctors have been deposed:that her father (an Israeli), last year, was on a Metroliner, going from DC toNYC; and sitting next to him was a PhD (consulting psychologist) type; and thetwo got involved in passinger-to-passenger conversation. Anyway, her fatherrelated to this man how his daughter was out in California helping an author whohad done a book on the JFK assassination, at which point this person thenreveals, "Oh, well I knew Pierre Finck quite well, and he told me. . ." and whatfollowed was some sort of spiel about how Finck knew things he hadn't revealed,and wasn't allowed to say all that he knew, etc etc. All this coming from aperson who claimed to be a personal acquaintance of Finck.Of course, I'm now working on Oswald (and really have very much avoided gettingdrawn back into the medical evidence) so I made no follow-up, but simply enteredthis in a misc. file. But I just now typed in the the father's name, and upcomes my note, made back in December 1995. The fellow (who was on themetroliner) lives in Washington DC. I'm going to call him, because theimpression I got (from Nathalie) was that he knew Finck, certainly well enoughto have a conversation like this.As I say, the original metroliner conversation was over a year ago, but if hehas any information, including Finck's present whereabouts, I'd be more thanhappy to pass it on.David
