Subject: FBI documents from the 3/19/96 meeting, corrected.

I made a mistake in this email yesterday. Below is the corrected information. There are three documents with sustained postponements from the 3/19 meeting that the FBI has since decided can be released in full. We will make sure that the FBI processes them with the other documents from the 3/19 meeting, and notice them as consent releases. The RIF numbers for the three documents and their duplicate locations are: 124-10014-10056, 124-10027-10077, 124-10035-10060, 124-10037-10196, 124-10081-10196, 124-10108-10021, 124-10125-10168, 124-10143-10078, 124-10167-10433, 124-10234-10053, 124-10266-10029.
