Subject: Re: Questions
Hi Tom,I heard about Jeremy Gunn not attending. It seems people were upset that he wastaking selective testimony and was unavailable to the general public. They arestill upset that the Board had a closed meeting with some selected individuals.>>>>Third, we are very much interested in the files from the Dade County Policethat you indicated were about to be thrown away. If you have any suggestions onwho to contact about the possible existence and location of other assassinationrecords in their files, as well as preventing the destruction of such records,please advise me.<<<I am the one. The OCB (Crim Intelligence. SIU today) did not even have thisfile in their indices. All records for destruction go through my hands beforethey are tossed. Many times County Employees call to ask if the Clerk'sArchives wants a certain record. I am always asking cops from differentagencies to check their files. Everyone seems to be a closet historian thesedays. I reviewed the file today (2 pages) and it seems to be the same one I saw twoyears ago. It concerns a man coming to Miami to kill JFK and he was to contactArmando Lopez-Estrada (former 2506). It was in 1962. There are some othernames but nothing more.Do you want me to send you a photocopy? I could fax the pages too.Who is Terry Capehart? Someone said they heard the ARRB fingered him in a plotto kill Kennedy. It was on the DC area news today (Monday).Boston is muggy too. Better you move your office to Nantucket in the Summer andNassau in the Winter.Gordon
