(fwd)Dear Mr. Marwell and Ms. Sullivan --I'm forwarding an article below on the recent disposition of the law suit of Judge Minier against the CIA to reveal whether or not one Claude Capehart was an employee, and perhaps involved in the assassination of JFK. The short article below was forwarded by Lisa Pease, of the CTKA. As you can see, Judge Minier's suit was unsuccessful. Have you made any efforts to obtain the information Judge Minier was seeking? Will you?Isn't this just the kind of US Government documentation -- relevant to the assassination -- which your mandate requires that you seek out?I would appreciate some response to the above questions, and to the article below. Several times in the past I have forwarded information to you from published sources, without even an acknowledgment. What happens to this information which is submitted to you? Is it ever considered, or is the ARRB simply a shield of government secrecy, perhaps with a friendlier face? I await your response.

Sincerely,Garby Leon, PhD-----FROM LISA PEASE - CTKA: This was forwarded to me.-----
